PROXY STATEMENT

The 2010 Annual Meeting of Shareowners of ArvinMeritor, Inc. (the ☐Company☐ or ☐ArvinMeritor☐) will be held on January 28, 2010, for the purposes set forth in the accompanying Notice of 2010 Annual Meeting of Shareowners. The Board of Directors of ArvinMeritor is soliciting proxies to be used at the Annual Meeting and any adjournment, and is furnishing this proxy statement in connection with its solicitation.

As permitted by Securities and Exchange Commission ($\square SEC \square$) rules, ArvinMeritor is making this proxy statement, the proxy card and the annual report to shareowners (the \square proxy materials \square) available to you electronically via the Internet. On December 11, 2009, we mailed to our shareowners a notice (the \square Notice \square) containing instructions on how to access and review the proxy materials and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. If you would like a printed copy of the proxy materials, follow the instructions for requesting them that are included in the Notice.

Shareowners of record may vote in any of three ways: (a) via the Internet; (b) by calling a toll-free telephone number; or (c) if you received your proxy materials by mail, by executing and returning a proxy card. Instructions for Internet voting are included on the Notice, and instructions for telephone and Internet voting are included on the proxy card. If you vote by telephone or Internet, it is not necessary to return a proxy card. If you properly give a proxy (including a written proxy or a proxy via telephone or Internet), your shares will be voted as you specify in the proxy. If no specification is made, the shares will be voted in accordance with the recommendations of the Board of Directors. You may revoke your proxy prior to its exercise by delivering written notice of revocation to the Secretary of the Company, by giving a valid, later dated proxy, by voting via telephone or Internet at a later date than the date of the proxy, or by attending the meeting and voting in person.

If your shares are held in \square street name \square by a bank, broker or other nominee holder on your behalf, you must follow the directions that you receive from your bank, broker or other nominee holder in order to direct the vote or change the vote of your shares. If you wish to vote in person at the meeting, you must obtain a legal proxy from the nominee holding your ArvinMeritor shares.

Our policy is to keep confidential proxy cards, ballots and voting tabulations that identify individual shareowners. However, exceptions to this policy may be necessary in some instances to comply with legal requirements and, in the case of any contested proxy solicitation, to verify the validity of proxies presented by any person and the results of the voting. Inspectors of election and any employees associated with processing proxy cards or ballots and tabulating the vote must acknowledge their responsibility to comply with this policy of confidentiality.

VOTING SECURITIES

ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the Board of Directors consists of three classes of directors with overlapping three-year terms, and that the three classes should be as nearly equal in number as possible. One class of directors is elected each year with terms extending to the Annual Meeting of Shareowners held three years later.

The Company Board of Directors currently consists of nine members three directors in Class I, with terms expiring at the Annual Meeting of Shareowners in 2010; three directors in Class II, with terms expiring at the Annual Meeting of Shareowners in 2011; and three directors in Class III, with terms expiring at the 2012 Annual Meeting;

Three directors are standing for re-election at the 2010 Annual Meeting as Class I directors, for terms expiring at the Annual Meeting of Shareowners in 2013. The three directors in Class II and the three directors in Class III continue to serve terms expiring at the Annual Meeting of Shareowners in 2011 and 2012, respectively.

Proxies will be voted at the meeting (unless authority to do so is withheld) for the election as directors of the nominees specified in $Class\ I\ \square\ Nominees\ for\ Director\ with\ Terms\ Expiring\ in\ 2013$, under the heading in as to Nominees for Director and Continuing Directors below. If for any reason any of the nominees is not a candidate (which is not expected) when the election occurs, it is likely that either (a) proxies would be voted for the election of the other nominees and a substitute nominee, or (b) the Board of Directors would reduce the number of directors.

No director of ArvinMeritor was selected pursuant to any arrangement or understanding between him or her and any person other than ArvinMeritor. There are no family relationships, as defined in Item 401 of Regulation S-K, between any executive officer, director or person nominated to become a director or executive officer of ArvinMeritor. No person who has served as a director or executive officer of ArvinMeritor at any time since

October 1, 2008 has any substantial interest, direct or indirect, in any matter to be acted on at the 2010 Annual Meeting, other than election of directors to office.

BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors manages or directs the management of the business of ArvinMeritor. In fiscal year 2009, the Board of Directors held five regularly scheduled meetings and five special meetings (two of which were held by teleconference). Each director attended at least 75% of the aggregate number of meetings of the Board and the standing and special committees on which he or she served in fiscal year 2009. ArvinMeritor encourages each director to attend the Annual Meeting of Shareowners. All of the directors attended the 2009 Annual Meeting.

The Board of Directors has established independence standards for directors, which are set forth in the Company suddelines on Corporate Governance and are identical to the standards prescribed in the corporate governance rules of the New York Stock Exchange. The Board determined that Ms. Brooks, Ms. Jackson, and Messrs. Anderson, Devonshire, Evans, Marley, Newlin, and Rothmeier have no material relationship with ArvinMeritor, either directly or as a partner, shareholder or officer of an organization that has a relationship with ArvinMeritor, and are therefore independent within the meaning of the Guidelines on Corporate Governance and the New York Stock Exchange listing standards. In addition, although Mr. Devonshire serves on the audit committee of more than three publicly traded companies, the Board of Directors determined that such simultaneous service does not impair his ability to serve on ArvinMeritors Audit Committee. There were no transactions, relationships or arrangements involving the Company and any director in fiscal year 2009 that were considered by the Board in determining the independence of these directors under the Guidelines on Corporate Governance and the New York Stock Exchange listing standards.

The Board has established four standing committees (Audit; Compensation and Management Development; Corporate Governance and Nominating; and Environmental and Social Responsibility), the principal functions of which are briefly described below. The charters of these committees are posted on our website, www.arvinmeritor.com, in the section headed [Investors [] Corporate Governance, [] and paper copies will be provided upon request to the Office of the Secretary, ArvinMeritor, Inc., 2135 West Maple Road, Troy, MI 48084. The Board also establishes special committees from time to time for specific limited purposes or duration.

5

Audit Committee. ArvinMeritor has a separately designated standing audit committee established in compliance with applicable provisions of the Securities Exchange Act of 1934, as amended ([Exchange Act]). The Audit Committee is currently composed of four non-employee directors, Steven G. Rothmeier (chair), David W. Devonshire, Ivor J. Evans and Victoria B. Jackson, each of whom meets the criteria for independence specified in the listing standards of the New York Stock Exchange. The Board of Directors has determined that the Company has at least two individuals who qualify as an [audit committee financial expert] (as defined by the SEC), David W. Devonshire and Steven G. Rothmeier, serving on the Audit Committee. The Board of Directors has adopted a written charter for the Audit Committee, which is reviewed and reassessed annually for compliance with rules of the New York Stock Exchange. The Audit Committee held five regularly scheduled meetings and one telephonic meeting in fiscal year 2009.

The Audit Committee is charged with monitoring the integrity of the Company s financial statements, compliance with legal and regulatory requirements, and the independence, qualifications and performance of the Company internal audit function and independent accountants. The Audit Committee has sole authority to select and employ (subject to approval of the shareowners), and to terminate and replace where appropriate, the independent public accountants for the Company and also has authority to:

- approve and cause the Company to pay all audit engagement fees;
- review the scope of and procedures used in audits and reviews of the Company\(\structure{\struct
- review the Company annual and quarterly financial statements before their release;
- review any significant issues related to the audit activities of the independent public accountants and oversee the resolution of any disagreements between them and management;
- review at least annually a report from the independent public accountants describing the firm sinternal quality control procedures;
- review and approve in advance the scope and extent of any non-audit services performed by the independent public accountants and the fees charged for these services, and receive and evaluate at least annually a report by the independent public accountants as to their independence;
- review significant internal control matters, the adequacy of the Company system of internal controls and recommendations of the independent public accountants with respect to internal controls;
- review the internal audit charter, the scope of the annual internal audit plan and the results of internal audits;
- consult with management as to the appointment and removal of the internal auditor charged with auditing and evaluating the Company\(\begin{align*}\)s system of internal controls;
- review in advance the type and presentation of financial information and earnings guidance provided to analysts and rating agencies;

- monitor matters related to compliance by employees with the Company
 ☐s standards of business conduct policies;
- monitor policies with respect to risk assessment and risk management and initiatives to control risk exposures;
- review any disclosure made in connection with annual and quarterly certifications by the chief executive officer and chief financial officer in filed documents;
- consult with the Company\(\sigma\) general counsel regarding significant contingencies that could impact the financial statements and regarding legal compliance matters;
- review any findings by regulatory agencies with respect to the Company activities;
- investigate matters brought to its attention within the scope of its duties;
- engage outside consultants, independent counsel or other advisors;

6

- establish procedures for the receipt, retention and handling of complaints regarding accounting, internal controls or auditing matters, including procedures for the confidential and anonymous submission by employees of concerns regarding accounting or auditing matters;
- establish the Company\(\sigma\) s policies with respect to hiring former employees of the independent public accountants:
- consult with management on the structure and composition of the finance organization; and
- review annually the Committee s performance.

As part of each regularly scheduled meeting, the Audit Committee meets in separate executive sessions with the independent public accountants, the internal auditors and senior management, and as a Committee without members of management.

Compensation and Management Development Committee. The four members of the Compensation and Management Development Committee (the [Compensation Committee]), William R. Newlin (chair), David W. Devonshire, Ivor J. Evans and James E. Marley, are non-employee directors who meet the criteria for independence specified in the listing standards of the New York Stock Exchange and are not eligible to participate in any of the plans or programs that are administered by the Committee. The Compensation Committee held four regularly scheduled meetings in fiscal year 2009 and one telephonic meeting. Under the terms of its charter, the Compensation Committee has the authority to:

- review and approve the goals and objectives relevant to the Chief Executive Officer\subsetes compensation, evaluate his performance against these goals and objectives, and set his compensation accordingly;
- fix salaries of all of the Company\(\sigma\) other officers and review the salary plan for other Companyexecutives;
- evaluate the performance of the Company\(\sigma\) senior executives and plans for management succession and development;

- review the design and competitiveness of the Company\(\sigma\) compensation plans and medical benefitplans, and make recommendations to the Board of Directors;
- administer the Company incentive, deferred compensation, stock option and long-term incentive plans (except with respect to any equity grants to directors, which are administered by the Corporate Governance and Nominating Committee);
- review all material amendments to the Company\(\sigma\) s pension plans and make recommendations to the Board concerning these amendments;
- hire outside consultants and independent counsel; and
- review annually the Committee s performance.

See *Executive Compensation - Compensation Discussion and Analysis* below for further information on the scope of authority of the Compensation Committee and the role of management and compensation consultants in determining or recommending the amount or form of executive compensation.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is currently composed of four non-employee directors, Rhonda L. Brooks (chair), Joseph B. Anderson, Jr., William R. Newlin and Steven G. Rothmeier, all of whom meet the criteria for independence specified in the listing standards of the New York Stock Exchange. The Corporate Governance and Nominating Committee held four regularly scheduled meetings in fiscal year 2009. Under the terms of its charter, this Committee has the authority to:

- screen and recommend to the Board qualified candidates for election as directors of the Company;
- periodically prepare and submit to the Board for adoption the Committee selection criteria for director nominees;
- recommend to the Board and management a process for new Board member orientation;

7

- periodically assess the performance of the Board;
- consider matters of corporate governance and Board practices and recommend improvements to the Board;
- review periodically the Company\(\sigma\) charter and by-laws in light of statutory changes and current best practices;
- review periodically the charter, responsibilities, membership and chairmanship of each committee of the Board and recommend appropriate changes;
- review periodically outside directors compensation and make recommendations to the Board;
- review director independence, conflicts of interest, qualifications and conduct and recommend to the Board removal of a director when appropriate;
- engage search firms and other consultants and independent counsel; and
- review annually the Committee s performance.

See ||Nominating Procedures|| below for further information on the nominating process.

In discharging its duties with respect to review of director compensation, the Corporate Governance and Nominating Committee retains a compensation consultant, Hewitt Associates L.L.C., to provide information on current trends, develop market data and provide objective recommendations as to the amount and form of director compensation. Management has no role in determining or recommending the amount or form of director compensation.

Environmental and Social Responsibility Committee. The Environmental and Social Responsibility Committee is composed of four non-employee directors, Joseph B. Anderson, Jr. (chair), Rhonda L. Brooks, Victoria B. Jackson and James E. Marley. This Committee held one regularly scheduled meeting in fiscal year 2009. Under the terms of its charter, the Committee reviews and assesses the Company policies and practices in the following areas and recommends revisions as appropriate: employee relations, with emphasis on equal employment opportunity and advancement; the protection and enhancement of the environment and energy resources; product integrity and safety; employee health and safety; and community and civic relations, including programs for and contributions to health, educational, cultural and other social institutions. The Committee also reviews its performance annually.

NOMINATING PROCEDURES

As described above, ArvinMeritor has a standing nominating committee, the Corporate Governance and Nominating Committee, currently composed of four non-employee directors who meet the criteria for independence in the listing standards of the New York Stock Exchange. The Corporate Governance and Nominating Committee scharter is posted on our website, www.arvinmeritor.com, in the section headed Investors Corporate Governance.

The Board has adopted membership guidelines that outline the desired composition of the Board and the criteria to be used in selecting directors. These guidelines provide that the Board should be composed of directors with a variety of experience and backgrounds who have high-level managerial experience in a complex organization and who represent the balanced interests of shareowners as a whole rather than those of special interest groups. Other important factors in Board composition include diversity, age, international background and experience, and specialized expertise. A significant majority of the Board should be directors who are not past or present employees of the Company or of a significant shareowner, customer or supplier.

In considering candidates for the Board, the Corporate Governance and Nominating Committee considers the entirety of each candidate scredentials and does not have any specific minimum qualifications that must be met by a Board nominee. The Committee is guided by the membership guidelines set forth above, and by the following basic selection criteria: highest character and integrity; experience with and understanding of strategy and policy-setting; reputation for working constructively with others; sufficient time to devote to Board matters; and no conflict of interest that would interfere with performance as a director. With respect to nomination of continuing directors for re-election, the individual contributions to the Board, as reflected in results of the most recent peer review of individual director performance, are also considered.

8

The Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. In fiscal year 2009, the Committee did not pay any fees to any search firm to assist in locating Board candidates, nor did it reimburse any search firm for expenses incurred in consideration of possible Board candidates.

Shareowners may recommend candidates for consideration by the Committee by writing to the Secretary of the Company at its headquarters in Troy, Michigan, giving the candidate s name, biographical data and qualifications. A written statement from the candidate, consenting to be named as a candidate and, if nominated and elected, to serve as a director, should accompany any such recommendation. No candidates for Board membership have been put forward by large long-term security holders or groups of security holders for election at the 2010 Annual Meeting.

DIRECTOR COMPENSATION

The following table reflects compensation for the fiscal year ended September 30, 2009* awarded to, earned by or paid to each non-employee director who served during the fiscal year. Mr. McClure did not receive any compensation for his service as a director.

^{*} Please note that the Company siscal year ends on the Sunday nearest September 30. For example, fiscal year 2009 ended on September 27, 2009, fiscal year 2008 ended on September 28, 2008 and fiscal year 2007 ended on September 30, 2008. For ease of presentation, September 30 is utilized consistently throughout this Proxy Statement to represent the fiscal year end.

For fiscal 2009, there was a grant of 3,500 shares to each director, except for directors who elected to forego the stock grant as part of a 10% reduction in fees. The difference between the fair market value on the date of grant of the 3,500 shares and \$80,000 (the intended value of the equity award) was paid in cash, reduced as set forth below under *Narrative Description of Director Compensation -Reduction in Compensation*. The grant date fair value of each director[s grant, computed in accordance with the FASB[s compensation guidance, was \$6,125. Information on the assumptions used in valuation of the grants is included in Note 19 of the Notes to Consolidated Financial Statements in the Form 10-K, which is incorporated herein by reference.

- In accordance with the FASB\(\sigma\) compensation guidance, the Company recognizes compensation cost with respect to the unvested portion of stock options. All stock options issued by the Company under the 1997 Directors Stock Plan vested over a three year period. The Company has not granted stock options to non-employee directors since fiscal year 2003, and therefore no expense was recorded in fiscal year 2009.
- The non-employee directors held the following restricted shares of Common Stock, restricted share units and options to purchase Common Stock, granted under the 1997 Directors Stock Plan or the 2004 Directors Stock Plan, as applicable, at September 30, 2009. Some restricted share units and restricted shares reported in the table below (for Ms. Jackson and Messrs. Anderson, Devonshire, Marley and Newlin) were granted in

This column includes retainer fees, chairman fees, meeting fees and, for Mr. Newlin, the presiding director fee. This column does not include cash amounts paid in 2009 if such amounts were earned and reported in prior years, but deferred for future payment pursuant to the Deferred Compensation Policy for Non-Employee Directors.

This column includes the amount of compensation cost that was recognized for financial reporting purposes for fiscal year 2009 for restricted share units, restricted shares and shares of common stock, in accordance with the FASB compensation guidance. These amounts include costs recognized with respect to awards made in fiscal year 2009 and earlier, adjusted to eliminate estimates of forfeitures related to service-based vesting conditions. None of the restricted shares or restricted share units reported in this column have been forfeited. Information on the assumptions used in valuation of the grants is included in Note 19 of the Notes to Consolidated Financial Statements in the Company Annual Report on Form 10-K for the fiscal year ended September 30, 2009 (Form 10-K), which is incorporated herein by reference. These amounts may not reflect the actual value realized upon settlement or vesting.

This column includes: (a) the cash amount paid in fiscal 2009 in lieu of the balance of the annual equity award as further described below under *Narrative Description of Director Compensation-Equity based Awards* in the amount of \$32,250 for Messrs. Anderson and Evans and \$29,188 for the each of the other directors; (b) dividends paid on outstanding restricted shares of Common Stock and (c) dividend equivalents accrued with respect to outstanding restricted share units. Perquisites did not exceed a value of \$10,000 for any director in fiscal year 2009 and therefore are not included in this column.

Narrative Description of Director Compensation

Only non-employee directors receive compensation for Board service. Directors who are also employees of ArvinMeritor or a subsidiary do not receive compensation for serving as a director. The following types of compensation were earned by or paid to non-employee directors in fiscal year 2009.

Retainer Fees. Non-employee directors of ArvinMeritor receive a cash retainer at the rate of \$75,000 per year for Board service. The chairs of the four standing Board committees receive additional cash retainers in the following amounts per year: Audit Committee - \$10,000; Compensation Committee - \$7,000; and Corporate Governance and Nominating Committee and Environmental and Social Responsibility Committee - \$5,000. The Presiding Director receives an additional annual retainer in the amount of \$20,000.

Committee Meeting Fees. Non-employee directors receive fees of \$1,500 for attendance at each standing and special committee meeting (\$750 for each telephone meeting).

Equity-Based Awards. As part of our director compensation, each non-employee director is entitled to receive, immediately after the Annual Meeting of Shareowners, an equity grant equal to a value of approximately \$80,000, in the form of shares of common stock, restricted stock or restricted share units, at the director significant. The restricted share units vest upon the earliest of (a) six years from the date of grant, (b) ten days after the director retires after reaching age 72 and having served at least three years as a director, or (c) the date the director resigns or ceases to be a director under circumstances the Board determines not to be adverse to the best interests of the Company. Upon vesting, the holder is entitled to one share of Common Stock for each unit. Upon vesting of restricted share units, non-employee directors generally are entitled to receive a cash payment for dividend equivalents plus interest accrued during the vesting period. There were not sufficient shares remaining available under the 2004 Directors Plan, however, for a 2009 annual grant equal to \$80,000. Accordingly, for fiscal 2009, there was a grant of 3,500 shares per director (subject to the reduction discussed below). The difference between the fair market value on the date of grant of the 3,500 shares and \$80,000 (the intended value of the equity award) was paid quarterly in cash, reduced as set forth below.

10

Reduction in Compensation. In January 2009, in response to worsening economic conditions, the Board of Directors of ArvinMeritor reduced the amount of their annual compensation by 10% until further notice. As set forth above, their annual compensation consists of (i) a cash retainer of \$75,000 plus (ii) an annual grant valued at \$80,000 (to be comprised in the current year of cash and 3,500 shares of stock). The 10% reduction was achieved, at the director selection, either through foregoing the stock grant and deducting the balance of the

\$15,500 from the cash payment or through deducting the entire \$15,500 from the cash payment. At a meeting held on November 6, 2009, the Board of Directors voted to reinstate their pay. The 2010 Long-term Incentive Plan, if approved by the shareowners at the 2010 Annual Meeting, is expected to have sufficient shares of common stock available to make the annual equity grants to directors for 2010.

Deferrals. A director may elect to defer payment of all or part of the cash retainer and meeting fees to a later date, with interest on deferred amounts accruing quarterly at a rate equal to 120% of the Federal long-term rate set each month by the Secretary of the Treasury. Each director also has the option each year (provided sufficient shares are available under a plan covering director equity grants to accommodate this deferral option at the time of its election) to defer all or any portion of the cash retainer and meeting fees by electing to receive restricted shares of Common Stock or restricted share units that could be forfeited if certain conditions are not satisfied. The restricted shares or restricted share units in lieu of the cash retainer and meeting fees are valued at the closing price of ArvinMeritor Common Stock on the New York Stock Exchange \[\] Composite Transactions reporting system (the \[\] NYSE Closing Price\[\]) on the date the fee payment would otherwise be made in cash. In fiscal year 2009, no director deferred cash payments to a later date (although one director received cash payments due to prior deferrals), and no directors elected to receive restricted shares or restricted share units in lieu of cash payments.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since October 1, 2008 (the beginning of fiscal year 2009), there have been no transactions or currently proposed transactions, in which the Company was or is to be a participant and the amount involved exceeds \$120,000, and in which any director, officer or member of their immediate family had or will have a direct or indirect material interest.

Various means are employed to solicit information about relationships or transactions involving officers and directors that could raise questions of conflict of interest. Annual questionnaires solicit information from directors and officers regarding transactions and relationships that could trigger SEC rules on disclosure of related person transactions, as well as relationships and transactions that could impair a director independence under the rules of the New York Stock Exchange. Directors and officers have a continuing duty to update the information should any changes occur during the year. In addition, all salaried employees, including officers and directors, have a duty to report any known conflicts of interest that would violate the Company code of ethics (including policies regarding standards of business conduct and conflicts of interest; see *Code of Ethics* below). A toll-free employee Helpline is available for that purpose. Salaried employees, including officers, are also required to complete an annual certification that they are unaware of, or have reported, any such conflict of interest.

We have no written policy regarding review, approval or ratification of related person transactions. The Business Standards Compliance Committee (which is made up of management personnel) and the Audit Committee have responsibility for review of compliance by officers and other employees with the code of ethics, including conflict of interest provisions, and the Corporate Governance and Nominating Committee has similar responsibility with respect to compliance by directors. If a transaction or relationship involving an officer or director were to be reported through the employee Helpline, annual compliance certifications, questionnaires or otherwise, the appropriate Committee would investigate and consider all relevant facts and circumstances, including the nature, amount and terms of the transaction; the nature and amount of the related person is interest in the transaction; the importance of the transaction to the related person and to the Company; whether the transaction would impair the judgment of a director or officer to act in the Company best interest; and any other facts involving the transaction that the Committee deems significant, and would then take appropriate action. Transactions will not be approved under the code of ethics if they are not in the Company best interests. Any Committee member who is a related person in connection with a transaction would not participate in the Committee sconsideration.

CORPORATE GOVERNANCE AT ARVINMERITOR

ArvinMeritor is committed to good corporate governance. The foundation of our corporate governance principles and practices is the independent nature of our Board of Directors and its primary responsibility to ArvinMeritor\[\] s shareowners. Our corporate governance guidelines have been in place since the Company\[\] s creation in 1997. The guidelines are reviewed periodically by the Corporate Governance and Nominating

Committee and changes are recommended to the Board for approval as appropriate. We will continue to monitor developments and review our guidelines periodically, and will modify or supplement them when and as appropriate. Our current Guidelines on Corporate Governance are posted on our website, www.arvinmeritor.com, in the section headed [Investors [] Corporate Governance, [] and paper copies will be provided upon request to the Office of the Secretary, ArvinMeritor, Inc., 2135 West Maple Road, Troy, MI 48084. Our policies and practices are summarized below.

Board Independence

- Independent directors must comprise at least a majority of the Board and, as a matter of policy, a substantial majority of the Board should be independent directors. The Board has adopted criteria for independence based on the definition used in the listing requirements of the New York Stock Exchange.
- The Corporate Governance and Nominating Committee reviews the independence of each director annually.
- Only independent directors serve on the Board[]s standing committees.

Board Composition

- Board nominees are screened and recommended by the Corporate Governance and Nominating Committee and approved by the full Board (see *Nominating Procedures* above for information on Board selection criteria).
- Committee membership is reviewed periodically to assure that each committee has the benefit of both experience and fresh perspectives.
- Committee chairs and the Presiding Director are normally rotated at least once every four years. A director usually serves on a committee at least 12 months before becoming its chair, and a former chair normally serves on a committee for at least 12 months after retiring as chair. Exceptions are made in appropriate circumstances.
- The Board has established term limits that provide that each director shall serve no more than 12 consecutive years, beginning the later of his initial election to the Board or the date of adoption of the provision (November 12, 2003). The Board, by affirmative vote of at least 2/3 of the directors, may make exceptions to this provision in appropriate cases.
- Directors should not serve on the boards of more than three other public companies, unless the Board has determined that such service does not impair the ability of the director to serve effectively.
- The Guidelines on Corporate Governance establish the following expectations regarding director tenure:
- Non-employee directors are required to offer not to stand for re-election if they are age 70 at the time of re-election or will reach age 70 during their new term. The Corporate Governance and Nominating Committee decides whether continued Board service is appropriate and, if so, the length of the next term.
- Directors whose job responsibilities change significantly during their Board service, or who retire from the position they held when elected to the Board, are required to offer to resign. The Corporate Governance and Nominating Committee reviews the appropriateness of continued Board membership.
- When the Chief Executive Officer retires or resigns from that position, he is expected to offer his resignation from the Board. The Board and the successor Chief Executive Officer determine whether continued Board service is desirable and appropriate.

12

• Under the Company s majority vote policy, any nominee for director who receives a greater number of swithheld votes than for votes in an uncontested election is required to tender his resignation after the

certification of the shareowner vote. The Corporate Governance and Nominating Committee considers the resignation and recommends to the Board what action should be taken. The Board is required to take action and publicly disclose the decision and its underlying rationale within 90 days of certification of the shareowner vote.

Key Responsibilities of the Board

- The Company slong-term strategic goals and plans are discussed in depth by the Board at least annually.
- The non-management directors select the Chief Executive Officer of the Company and meet at least annually to evaluate the Chief Executive Officer performance against long-term goals and objectives established by the Compensation Committee.
- Management development and succession plans are reviewed annually, including CEO succession plans.

Board and Committee Meetings

- The Board has appointed a Presiding Director to chair executive sessions, serve as liaison with the chief executive officer and participate in development of meeting agenda.
- Board and committee meeting agendas are developed through discussions with management and the Presiding Director, and are focused on business performance and strategic issues, leadership, and recent developments.
- Presentation materials are generally made available to Board and committee members for review in advance of each meeting.
- Directors are expected to attend, prepare for and participate in meetings. The Corporate Governance and Nominating Committee monitors each director attendance and addresses issues when appropriate.
- Non-management directors meet in private executive sessions during each regular Board meeting. The Presiding Director chairs these meetings and communicates the results of the sessions to the Chief Executive Officer.
- Minutes of each committee meeting are provided to each board member, and the chair of each committee reports at Board meetings on significant committee matters.
- Information and data important to understanding of the business, including financial and operating information, are distributed regularly to the Board.

Board Performance and Operations

- The Corporate Governance and Nominating Committee, which is composed solely of independent directors, is responsible for corporate governance and Board practices, and formally evaluates these areas periodically.
- Each Board committee has a detailed charter outlining its responsibilities, as described above under the heading *Board of Directors and Committees*.
- The Board and its committees have the authority to hire such outside counsel, advisors and consultants as they choose with respect to any issue related to Board activities. Directors also have full access to Company officers and employees and the Company soutside counsel and auditors.
- To enhance Board effectiveness, the Corporate Governance and Nominating Committee conducts annual self-evaluations of the Board\[\] s performance. In addition, informal reviews of individual performance are conducted periodically. Results are shared with the Board, and action plans are formulated to address any areas for improvement.

Director Education

- Each new director is provided a program of orientation to the Company business, which includes discussions with each business and functional head, background materials on the Company financial condition and business, and a facility tour.
- The continuing education process for Board members includes extensive informational materials, meetings with key management and visits to Company facilities.
- Meeting agenda regularly include discussions of business environment, outlook, performance and action plans for the various business segments.
- Board members may request presentations on particular topics and specific facility visits to educate them
 and update their knowledge as to the Company, its industry and markets, the responsibilities of
 directorship, and other topics of interest.
- Each director is encouraged to attend educational seminars and conferences to enhance his or her knowledge of the role and responsibilities of directors.
- In each fiscal year, at least one director is required to attend a director education seminar accredited by Institutional Shareholder Services. In fiscal year 2009, three directors attended such accredited seminars.

Alignment with Shareowner Interests

- A portion of director compensation is equity-based and therefore tied to the Company\[]s stock performance. Directors can also elect to receive their cash retainer fees in the form of restricted shares of Common Stock or restricted share units.
- The Compensation Committee and the Board oversee employee compensation programs to assure that they are linked to performance and increasing shareowner value. The Compensation Committee also monitors compliance by Company executives with stock ownership guidelines. (See *Compensation Discussion and Analysis* below.)
- Senior management meets regularly with major institutional investors and shareowners and reports to the Board on analyst and shareowner views of the Company.
- The Board has adopted stock ownership guidelines for non-employee directors to further the direct correlation of directors[] and shareowners[] economic interests. Each non-employee director is required to own 18,500 shares of common stock, restricted stock or restricted share units effective the later of (i) five years from the date of his or her initial election to the Board and (ii) five years from the date of adoption of this provision in the Corporate Governance Guidelines (January 30, 2009). All of the directors are currently in compliance with this guideline.

CODE OF ETHICS

All ArvinMeritor employees, including our chief executive officer, chief financial officer, controller and other executive officers, are required to comply with our corporate policies regarding Standards of Business Conduct and Conflicts of Interest. These policies have been in place since the Company was formed in a spin-off from Rockwell International Corporation (now Rockwell Automation, Inc. and referred to in this proxy statement as <code>|Rockwell||</code>) in 1997. The purpose of these corporate policies is to ensure to the greatest possible extent that our business is conducted in a consistently legal and ethical manner. The Audit Committee has oversight responsibility with respect to compliance by employees. The Board of Directors is also required to comply with these policies, and the Corporate Governance and Nominating Committee is responsible for monitoring compliance by directors.

Employees may submit concerns or complaints regarding ethical issues on a confidential basis to our Helpline, by means of a toll-free telephone call or e-mail. The Office of the General Counsel investigates all concerns and

complaints. Employees may also contact the Board of Directors directly on these issues. See *Communications with the Board of Directors* below.

14

ArvinMeritor\s ethics manual, including the text of the policies on Standards of Business Conduct and Conflicts of Interest, is posted in the section headed \sum Investors\subseteq Corporate Governance\subseteq on our website, www.arvinmeritor.com, and paper copies will be provided upon request to the Office of the Secretary, ArvinMeritor, Inc., 2135 West Maple Road, Troy, MI 48084. We will post on our website any amendment to, or waiver from, a provision of our policies that applies to our chief executive officer, chief financial officer or controller, and that relates to any of the following elements of these policies: honest and ethical conduct; disclosure in reports or documents filed by the Company with the SEC; compliance with applicable laws, rules and regulations; prompt internal reporting of code violations; and accountability for adherence to the policies.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT

The Compensation and Management Development Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and based on such review and discussions, recommended to the Board of Directors that such Compensation Discussion and Analysis be included in this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this section of the proxy statement is to provide the information you need to understand our compensation policies and how they relate to the compensation of the Named Executive Officers. The Named Executive Officers are the senior members of management listed or discussed in the detailed compensation tables and other data included in this proxy statement. You should read this section in conjunction with those tables and other data.

Administration of Executive Compensation Program

The Compensation Committee has overall responsibility for executive compensation, including administration of equity compensation plans. (See *Board of Directors and Committees* above for information on the Compensation Committee s members, charter and meetings in fiscal year 2009.) As part of this responsibility, the Compensation Committee evaluates the performance of the Chief Executive Officer and determines his compensation in light of the goals and objectives of the Company and the executive compensation program.

In discharging its duties, the Compensation Committee retains a compensation consultant (the <code>[consultant[]</code>), Hewitt Associates L.L.C. The consultant provides information on current compensation trends, develops competitive market data and provides objective recommendations as to design of the compensation program, including the form and mix of award vehicles and the nature and level of performance criteria and targets. The Compensation Committee directly engages the consultant. Management also retains Hewitt Associates L.L.C. to provide actuarial and administrative services with respect to pensions and retiree medical benefits.

16

The Compensation Committee seeks and considers input from senior management in many of its decisions, and the consultant confers and collaborates with senior management in developing its compensation recommendations. Senior management regularly participates in the Committee sactivities in the following specific respects:

- The Chief Executive Officer reports to the Compensation Committee with respect to his evaluation of the performance of the Company senior executives, including the other Named Executive Officers. Together with the Senior Vice President and General Counsel, who has responsibility for overseeing the Human Resources department, the Chief Executive Officer makes recommendations as to compensation decisions for these individuals, including base salary levels and the amount and mix of incentive awards.
- The Senior Vice President and General Counsel participates in the development of the compensation program, including formulation of performance objectives and targets for incentive compensation, and oversees its implementation and interpretation, in each case carrying out the direction of the Compensation Committee and the recommendations of the consultant. He also assists the Chairman of the Compensation Committee in developing meeting agenda and oversees preparation and distribution of pre-meeting informational materials on the matters to be considered.
- The Chief Financial Officer is responsible for evaluating the tax, financial and accounting aspects of compensation decisions. He participates in developing financial objectives and targets for performance-based incentive compensation, and oversees calculation of payout and vesting levels, in accordance with plan design and the direction of the Compensation Committee.

Compensation Environment in 2009

As we entered fiscal year 2009, the global recession broadened dramatically and negatively impacted the Company, particularly since our business relies heavily on consumer discretionary spending. In response, the Company aggressively implemented necessary actions to align the business with external realities, including extensive cost reductions and the pay-cuts referenced below. While the Committee felt the Company performed well in view of the economic downturn, and responded aggressively and appropriately to the downturn, the Compensation Committee [s [pay for performance] philosophy (as discussed below) meant that compensation paid (or rather not paid) to the executive officers for 2009 had to reflect the challenging environment. So you will see in the remainder of this proxy statement that the [pay for performance] philosophy was demonstrated clearly in 2009 through the failure to pay out 2009 performance-based compensation and compensation for performance cycles ending in 2009.

The primary components of ArvinMeritor[s executive compensation program are base salary, annual incentives and long-term incentives ([direct compensation[]). The direct compensation paid in cash to the Named Executive Officers who are current executive officers decreased approximately 50-70% in 2009 from their direct cash compensation in 2008 as set forth below:

Executive Compensation Philosophy and Objectives

The Compensation Committee compensation philosophy is to pay for performance. The fundamental objectives of the Company sexecutive compensation program are: (1) to attract, retain and motivate the high caliber of executives necessary for ArvinMeritor sleadership and growth; (2) to recognize individual and team performance through evaluation of each executive seffectiveness in meeting strategic and operating plan goals; and (3) to foster the creation of shareowner value through close alignment of the financial interests of executives with those of ArvinMeritor shareowners.

The Compensation Committee uses several basic practices and policies to carry out its philosophy and to meet the objectives of ArvinMeritor\(\sigma \) executive compensation program:

- Competitive Compensation Packages. In order to attract and retain talented individuals, the Compensation Committee designs total compensation packages to be competitive with those of other companies with which ArvinMeritor competes for talent, using benchmarking studies to determine market levels of compensation, as described below.
- Performance-Based Compensation. A significant portion of each Named Executive Officer\stratal total potential compensation is at risk because it is contingent on achieving strategic and operating plan goals that are intended to improve shareowner return. These goals are established to recognize business group and company performance against specified targets. A significant portion of the target annual compensation of the Named Executive Officers is made up of performance-based compensation, with the remainder comprised of base salary and service-based restricted shares or restricted share units.
- Equity Awards and Stock Ownership Requirements. A significant portion of incentive compensation for executives is comprised of equity and equity-based awards, or is tied to metrics that reward creation of shareowner value, which is intended to align the interests of the Company□s executives with those of shareowners. In addition, senior executives are required under the Company□s stock ownership guidelines to own a specified number of shares of ArvinMeritor Common Stock.

Market Analysis and Benchmarking

The Compensation Committee assesses the competitiveness of ArvinMeritor□s compensation program, using data and studies compiled and provided by the consultant. The consultant provides a detailed competitive pay study periodically, with limited updates in the intervening years. As part of the assessment process, the

Committee compares the amount of each component and the total amount of direct compensation (defined below) for each executive officer with that of other companies in the durable goods manufacturing sector, including companies in the automotive sector, which have executive officer positions comparable to the Company\[\] s and with which the Company may compete for talented executives. The peer group for the competitive analysis in fiscal year 2009 included the following 35 companies (\[\] peer group\[\]):

See [Elements of the ArvinMeritor Compensation Program [] Overview and Analysis[] below for information on how the Compensation Committee uses this peer group data in setting compensation.

The Compensation Committee (or the Board of Directors, as appropriate) may also consider practices at other companies with respect to other elements of compensation, such as perquisites, retirement plans and health and welfare benefits, in assessing the competitiveness and cost effectiveness of the Company□s programs. Any such studies are done on a case-by-case basis, as needed, and may use a group of comparator companies identified at the time by the consultant or other advisors.

Elements of the ArvinMeritor Compensation Program

Overview and Analysis

As discussed above, the primary components of ArvinMeritor\s executive compensation program are base salary, annual incentives and long-term incentives, referred to herein as \sigma\text{direct compensation}\sigma\text{. Each of these components, and the relative levels of equity and non-equity compensation that comprise direct compensation, are generally set in relation to competitive market rates among peer group companies, as described above, with subsequent adjustments to take into account individual performance and characteristics and internal pay equity.

- The Compensation Committee approves variations from peer group revenue-adjusted median, or 50th percentile, base salary levels for some individuals based on their responsibilities, experience, expertise and performance. In addition, when recruiting new executives, base salary is often set at a premium above the median of the peer group, in order to attract outstanding candidates.
- The Compensation Committee believes that individuals should have an opportunity to earn above-market rewards for superior performance over the longer term. Therefore, while the Committee looks at the median of the peer group in terms of the target long-term incentive award for each position, it identifies a

maximum potential payout for each position that would be significantly above-market. The range of potential payouts on long-term incentives is described below, under the heading [Components [Long-Term Incentives.]] There is no particular target proportion among these components or between equity and non-equity awards. However, the program contemplates that a significant portion of each executive significant compensation is performance-based and therefore is at risk. Performance-based awards, whether in the form of equity or non-equity, are tied to achievement of goals that are intended to improve, or reflect improvements in, shareowner value (see the performance-based awards described under the heading [Components]] below).

• The Compensation Committee divides executive officers into four separate □bands□ for the purposes of establishing the levels of annual and long-term incentive awards. A □band□ consists of officers in one or more salary grades who are grouped together for incentive compensation purposes and receive the same target incentive awards. These target awards represent a blend of the market rates for the positions within the band. The chief executive officer (Mr. McClure) is in the first band; the business segment heads (Messrs. Reinhardt and, formerly, Mr. Martens) are in the second band; the chief financial officer and the executive vice president (Messrs. Craig and Donlon) are in the third band; and the general counsel (Mr. Baker) is in the fourth band. One purpose of the salary bands is to equalize incentive opportunities for individuals with similar levels of responsibility, regardless of their salary grades. This practice is intended to improve internal pay equity among the officer group. Considerations of internal pay equity among officers are also factored into the consultant□s studies and the market data with respect to direct compensation.

The Committee did not specifically discuss the effect of prior years compensation in conjunction with setting 2009 compensation. However, the Committee was aware of the potential value of outstanding long-term incentives, including the likelihood of their payout and vesting (based on achievement of performance objectives to date and on levels of payout and vesting of past awards), and this information was also implicit in the overall plan design used by the consultants in making recommendations for 2009 compensation.

19

In addition to direct compensation, special hiring or retention incentives have been put in place for certain executives, to motivate them to join the Company or to continue their employment. Executive officers also receive health and welfare benefits and are entitled to participate in the Company□s defined benefit pension plans and savings plans on substantially the same basis as other employees.

Each component of the executive compensation program is discussed below.

Components

Base Salary. The Compensation Committee generally reviews base salaries for executive officers (including the Named Executive Officers) at the beginning of each fiscal year. Annual salary increases, which are generally effective on February 1 of each year but may be effective later, are based on evaluation of each individual performance and on his level of pay compared to that for similar positions at peer group companies, as indicated by the consultant reports and survey data. In recognition of worsening economic conditions, the Compensation Committee did not award any increases in the base salary of Named Executive officers for fiscal year 2009. On the contrary, in January 2009, the salaries of all executive officers (including the Named Executive Officers) were reduced by 10% as part of the Company scost-cutting measures, and the Company match under the qualified savings plan was suspended in February 2009. Salaries were not be reinstated to their former level until November 1, 2009 and the match was not reinstated until November 16, 2009. The Compensation Committee also reviews and adjusts base salaries for executive officers at the time of any promotion or change in responsibilities.

Annual Incentives. The Incentive Compensation Plan, as amended ([ICP[]), was last approved by the Company[s shareowners in 2005. The performance goals of the ICP are being submitted to shareowners at the 2010 annual meeting for the purposes of 162(m) of the Internal Revenue Code of 1986, as amended ([IRC[]). Under the ICP, a copy of which is attached to this proxy statement as Appendix B, executives (including the Named Executive Officers) can earn annual bonuses based on Company and/or business segment performance against goals established by the Compensation Committee at the beginning of the fiscal year.

The annual incentive goals for fiscal year 2009 were based on the levels of EBITDA and free cash flow from continuing operations that are achieved for the year, measured against target levels specified in the Company[s annual operating plan ([AOP[]). These two components (EBITDA and free cash flow) are equally weighted for the purposes of potential annual incentives. EBITDA is defined as earnings before interest, taxes, depreciation and amortization, and free cash flow is defined as net cash provided by operating activities minus capital expenditures. The Compensation Committee chose these measures because they are commonly used by the investment community to analyze operating performance and entity valuation and, as such, they are factors in the value of shareowners[] investment in the Company. The EBITDA and free cash flow targets are tied to the AOP, rather than to prior periods[] results, to provide incentives that are primarily driven by actual performance and not by the effect of industry cycles. On a Company-wide basis, our 2009 annual operating performance target for EBITDA was \$304 million and target free cash flow was \$25 million (including for this purpose the Wheels business, but excluding the remainder of our Light Vehicle Systems business). The target EBITDA for the Light Vehicle Systems business segment (excluding the Wheels business) was \$79 million and target free cash flow was \$(9) million.

The Compensation Committee also established target awards, stated as a percentage of base salary, for key employees, including the Named Executive Officers. The percentage applicable to a Named Executive Officer, and other executive officers, is determined by his salary band (as discussed above under <code>[Overview</code> and Analysis[]). Based on these salary bands, target awards for fiscal year 2009 were 100% of base salary for Mr. McClure; 65% for Messrs. Craig, Donlon and Reinhardt; and 55% for Mr. Baker. See the table under the heading *Grants of Plan-Based Awards* for information on the target and maximum awards for each Named Executive Officer for fiscal year 2009.

To determine the amounts that are paid as bonuses, performance is measured against AOP goals for each of the applicable components of the award calculation. No payouts are made with respect to any part of the calculation in which performance is less than 70% of AOP goals. For each part of the calculation for which performance exceeds that threshold, the portion of an individual starget award that is paid out is dependent on, and increases with, the percentage of the AOP goal that is achieved. The calculated award for an individual cannot exceed 200% of his target award. The following chart summarizes payout calculations for each portion of the incentive payment:

20

	Performance as a Percentage of Annual Operating	Payout as a Percentage
Threshold for Payment	Plan 70%	of Target 25%
iniconord for rayment	80	50
	90	75
Target Payment	100	100
	110	150
Maximum Payment	120 or higher	200

The Committee also has discretion to adjust any award (either upward or downward +/- 50%), or to make an additional award, to reflect individual performance or special achievements. However, any discretionary increase in an award, or special award, to a Named Executive Officer could have tax consequences under Section 162(m) of the IRC, as described below. Under the terms of the Company Deferred Compensation Plan, an executive may elect to defer receipt of all or a portion of payouts of his annual incentive bonus. Deferred bonuses accrue interest during the deferral period and are paid out either in a lump sum or in not more than ten annual installments, as elected by the executive, beginning the January after termination of employment.

For fiscal year 2009, the Company achieved less than 70% of the performance targets discussed above. Accordingly, no annual incentive bonus payouts were made to the Named Executive Officers for fiscal year 2009.

Long-Term Incentives

Overview. The Compensation Committee provides long-term incentives to key employees, including the Named Executive Officers, which are tied to various performance or service objectives over three-year cycles. Each year, the Compensation Committee considers the types of award vehicles to be used and the performance or service objectives and targets on which payout of each type of award depends. The Company has used a number of long-term incentive plans for awards in the past, including the Company[s 1997 Long-Term Incentives Plan, as amended ([1997 LTIP]), the Stock Benefit Plan, as amended, and the 2007 Long-Term Incentive Plan (the [2007 LTIP]). The Company[s shareowners approved the 2007 LTIP in 2007 to govern awards going forward. As insufficient shares remain available under this plan, a new 2010 long-term incentive plan is being proposed for shareowner approval at this annual meeting and is attached to this proxy statement as Appendix A.

The Compensation Committee selects the types and mix of awards for long-term incentives each year after reviewing the consultant report and survey data on peer group compensation, market practices, shares available for grant under the Company long-term incentive plans, and goals to be achieved. The Compensation Committee has used a combination of three types of awards in the past three years, as described below. Each type of award is either equity-based or is tied to metrics that reward creation of shareowner value, which is intended to align management interests with those of shareowners.

• Performance Shares. Performance shares are units valued by reference to a designated number of shares of Common Stock. For years in which performance shares are granted, the Compensation Committee grants a target number of performance shares and establishes performance objectives that, for recent grants, have been based on the Company return on invested capital (ROIC) over a three-year performance period. ROIC is defined to mean the sum of the Company net income for the three fiscal years in the performance cycle (before cumulative effect of accounting changes, gains and losses on sale of businesses, minority interest, tax-effected interest expense and tax-effected restructuring expense) divided by the sum of the average invested capital (total debt, including preferred capital securities, minority interests and shareowners equity) for the three fiscal years in the performance period. The Compensation Committee selected this performance measure because ROIC improvement was a key corporate focus, which was communicated to investors and analysts on a regular basis. Improvements in ROIC are believed to help the Company achieve higher margins, stronger cash flow and debt reduction. Performance shares were part of the long-term incentive awards for the 2007-2009 three year performance period, but have not been part of the long-term incentive awards since then.

21

Participants may earn awards at the end of the three-year performance period based on actual performance against target levels of ROIC. Award payments can vary from 0% to 200% of the target award of shares, and no awards will be earned unless the Company sreturn on invested capital is at least a stated threshold percentage over the period. No dividends or dividend equivalents are paid or accrued prior to payout of the performance shares. The value of the earned award may be paid out in the form of Common Stock, cash or any combination thereof, in the discretion of the Compensation Committee.

The following chart summarizes the potential payouts at different levels of ROIC for grants made for the 2007 [] 2009 performance period:

	2009	% of Award Earned and Paid Out
Threshold for Payout	10%	50%
Target Payout	12.5%	100%
Maximum Payout	15% or higher	200%

The threshold for payout was not met for the 2007 - 2009 performance period and all performance shares were forfeited.

• Awards under Cash Performance Plans. When the Compensation Committee establishes a performance plan, it designates a three-year performance period and establishes performance objectives for the plan. Objectives for the 2007-2009 performance period were based on the Company stotal shareholder return ([TSR]) over the performance period compared to that of a selected group of other automotive suppliers.

TSR is defined to reflect cumulative stock price appreciation plus dividends and is intended to assess the Company \square s shareowner value creation relative to other companies in the same industry. Objectives for the 2008 -2010 performance period were based on ROIC. ROIC, as discussed above, is believed to help the Company achieve higher margins, stronger cash flow and debt reduction. For the 2009 \square 2011 cash performance plan, the Compensation Committee believed that the global economic recession and uncertainty at the time of setting targets made setting a three year performance target extremely difficult. Accordingly, for 2009 \square 2011, the Compensation Committee adopted a three year plan with separate one-year targets determined at the beginning of each fiscal year within the plan. For the 2009 fiscal year, this target was based on ROIC. For the 2010 fiscal year, this target will be based on EBITDA margins.

The Compensation Committee also establishes target awards, stated as dollar amounts, for each of the Named Executive Officers under each performance cycle. Participants can earn awards at the end of the three-year performance period, which may vary from 0% to 200% of target awards (300% for the 2007 \square 2009 period), based on actual performance against specified levels. No awards under this plan may be earned unless the threshold for payout over the period is met as set forth below. The award payments are further multiplied by the percentage change in the price of ArvinMeritor Common Stock over the three-year performance period, which may increase the payment finally awarded up to a maximum of 200% of the original amount or reduce it down to a minimum of 50% of the original amount. This further ties payments to stock price appreciation. No earnings are accrued or paid on these awards. At the discretion of the Compensation Committee, payments may be made wholly or partly by delivering shares of Common Stock valued at the fair market value on the last trading day of the week preceding the day the Compensation Committee determines to make payments in the form of shares.

2.2.

The following chart summarizes the potential payouts at different levels of performance of the applicable objective:

• Restricted Shares or Restricted Share Units. The Compensation Committee grants restricted shares of Common Stock or restricted share units that are subject to forfeiture if the grantee does not continue as an employee of ArvinMeritor or a subsidiary or affiliate for a restricted period of at least three years (subject to certain exceptions in the event of death, disability or retirement). The period under which an employee receives severance is included for the purposes of vesting. Restricted shares have all the attributes of outstanding shares during the restricted period, including voting and dividend rights, except that the shares are held by the Company and cannot be transferred by the grantee. Cash dividends during the restricted period are reinvested in additional restricted shares of Common Stock, which will vest or be forfeited at the same time as the underlying shares. Restricted share units represent the right to receive one share of common stock upon the vesting date, subject to terms and conditions. Dividends during the restricted period are not paid or accrued on restricted share units.

The amount of the target award under cash incentive plans, and the number of any performance and restricted shares awarded to each Named Executive Officer, is determined based on his salary band, as described above under \sqcap Overview and Analysis. \sqcap

Fiscal Year 2009 Payouts. The Compensation Committee provided long-term incentives to the Named Executive Officers under the 1997 LTIP in the form of grants of performance shares and restricted shares of Common Stock and target awards under a three-year cash performance plan for the period ended September 30, 2009. Each type of equity grant represented one-fourth and the cash performance plan represented one-half of the total value

23

of the long-term incentive opportunity awarded to the individual in that year, based on an assumed share price of \$15 per share. The allocation among the three types of grants was intended primarily to award achievement of performance objectives, but also to reward continued employment, without regard for performance levels, during a difficult period in the automotive industry.

In view of the economic downturn and global financial crisis, the Company failed to achieve key operational objectives for the three year period ending September 30, 2009 as follows:

- <u>Performance Shares</u>. The Compensation Committee reviewed the Company[]s ROIC over the performance period and determined that it did not meet the threshold level necessary for a payout of performance shares.
 - Accordingly, the target grant of performance shares was forfeited.
- <u>Cash Performance Plans</u>. The Compensation Committee reviewed the Company TSR for the performance period compared to those of the comparator group, and determined that it did not meet the threshold level necessary for a payout. Accordingly, no cash payout was made for this performance period.

While the Committee felt the Company performed well in view of the economic downturn, and responded aggressively and appropriately to the downturn, the Committee actions were consistent with our highly results-oriented compensation strategy. The component of the long-term incentive program rewarding continued employment was paid out as follows:

• <u>Restricted Shares</u>. The restricted shares of Common Stock awarded to the Named Executive Officers in fiscal year 2007 vested on December 1, 2009 for each of the Named Executive Officers who continued to

be employed on that date. Pursuant to the terms of the grant, cash dividends on these restricted shares during the restricted period which were reinvested in additional restricted shares of Common Stock vested at the same time as the underlying shares.

Fiscal Year 2009 Awards. In fiscal year 2009, long-term incentives were provided to the Named Executive Officers in the form of grants of restricted shares of Common Stock and target awards under cash performance plans, as described below. The equity grant represents one-half, and the cash performance plan represents one-half, of the total value of the long-term incentive opportunity for the individual in that year.

- Restricted Share Units. The Compensation Committee awarded restricted share units to the Named Executive Officers that will vest upon the grantee□s continued employment with ArvinMeritor through the end of the three year restricted period and be paid out on January 2, 2012. Pursuant to the terms of the grant, dividends are not paid or accrued on these restricted share units during the restricted period. The grant was made based on an assumed share price of \$3.88 per share, which was the closing price on the date of grant. The Compensation Committee endeavored to provide the executives with the same value for their long-term incentive equity component as in prior years, despite a dramatically reduced stock price at the time of award. This resulted in larger awards of shares than in past years in order to give comparable value.
- <u>Cash Performance Plans</u>. The Compensation Committee established a performance plan with a three-year performance period ending September 30, 2011, granted target awards, expressed as cash payments, to the Named Executive Officers and established performance objectives for the first year of the plan based on the Company□s ROIC, as described above. No earnings are accrued or paid on these awards.

See the table under the heading *Grants of Plan-Based Awards* for information on the specific grants of restricted shares and cash awards under performance plans to each of the Named Executive Officers in fiscal year 2009. See also the narrative under *Employment Agreements* thereafter for a description of agreements entered into in 2009 with Messrs. Martens and Donlon relating to their termination from the Company.

The Compensation Committee spractice in recent years with respect to timing of annual equity-based awards has been to establish December 1 as the standard grant date, whenever possible. In the two most recent fiscal years, however, long-term incentive grants for the three year cycles were not approved by the Compensation Committee until a special meeting in December. Accordingly, all equity-based long-term incentive awards for these cycles were granted at the Compensation Committee December meeting and effective on the following January 2. The timing of the grant date does not impact the terms of the grant of restricted shares or performance shares. However, under the FASB compensation guidance, the Company measures the fair value of stock-based awards, which is recognized in the Company financial statements, based on the market value of the Common Stock on the grant date. The purpose of establishing a standard grant date for the Company annual grant of equity-based

24

long-term incentive awards is to avoid any issue of whether a grant precedes or follows public disclosure of material information. The Company normally announces its fiscal year earnings in mid-November, and use of December 1, or January 2, as the case may be, as a standard grant date provides the market sufficient time to absorb and reflect the information, whether positive or negative, prior to measurement of fair value for accounting purposes.

Annual equity-based awards in the fiscal year 2010 were granted as of December 1, 2009 under the 2010 Long Term Incentive Plan, which is being proposed for shareowner approval at the Annual Meeting. These grants were made subject to shareholder approval and will be forfeited if the plan is not approved by the shareowners. See the New Plan Benefits table under theroposal to Approve 2010 Long-Term Incentive Plan below in this Proxy Statement for further information on these grants.

Pension and Retirement Plans. The Company maintains a tax-qualified defined contribution savings plan, as well as a supplemental savings plan that provides for contributions without regard to the limitations imposed by the IRC on qualified defined contribution plans. All of the Named Executive Officers may participate in the Company's qualified and supplemental savings plans on the same basis as other eligible employees.

Under the qualified savings plan, a participant can defer up to 20% of his eligible pay, on a before-tax or after-tax basis, subject to annual IRC limits, and the Company matches deferrals at the rate of 100% on the first 3% and 50% on the next 3% of eligible pay. This match was temporarily suspended from February 1, 2009 through November 16, 2009 due to worsening economic conditions. [Eligible pay] includes base salary and annual bonus under the ICP. If an executive elects to participate in the supplemental savings plan, he can continue to contribute on a before-tax basis, even though his qualified savings plan contributions or his eligible pay have reached the annual IRC limits. Both participant contributions and Company matching contributions to the qualified and supplemental savings plans are always 100% vested.

The Named Executive Officers participate in both the qualified and supplemental savings plans. Employee contributions made by Named Executive Officers to the savings plans in fiscal year 2009 are included in the column headed [Salary], and the Company[s] matching contributions are included in the column headed [All] Other Compensation, [s] in each case in the table under Summary Compensation Table below.

The Company maintains a tax-qualified, non-contributory defined benefit pension plan that covers eligible employees hired before October 1, 2005, and a supplemental pension plan that provides benefits to the participants without regard to the limitations imposed by the IRC on qualified pension plans. Messrs. McClure, Donlon and Baker participate in these plans on the same basis as other employees, except that, pursuant to the terms of his original employment agreement, Mr. McClure earned two years of pension service for each year he was employed through December 31, 2007 when his benefit under this defined benefit plan was frozen. The present value of accumulated pension benefits for these Named Executive Officers is reported in the table under the heading *Pension Benefits* below.

Employees hired on or after October 1, 2005, including Messrs. Craig and Reinhardt, are not eligible to participate in the defined benefit pension plans, and the Company instead makes additional contributions each year (ranging from 2% to 4% of base salary plus annual bonus, depending on age) to their accounts in the Company and supplemental savings plans. The amounts contributed by the Company to the savings plans on behalf of Messrs. Craig and Reinhardt as pension contributions are included in the column headed [All Other Compensation] in the table under Summary Compensation Table below.

Benefits under the Company selfined benefit pension plans were frozen, beginning January 1, 2008, and replaced with additional annual Company contributions (ranging from 2% to 4% of base salary plus annual bonus, depending on age) to the savings plans and supplemental savings plans for the accounts of eligible employees, including Messrs. McClure, Baker and Donlon. See *Pension Benefits* below for further information on this change. In order to compensate Mr. McClure for the elimination of the special service credit under the defined benefit program, the Compensation Committee approved additional defined contributions to the supplemental savings plan on his behalf in an amount equal to five times what he would otherwise be entitled to receive.

Perquisites. In fiscal year 2006, the Compensation Committee determined to phase out most perquisite programs (including company cars, club memberships, and reimbursement for financial services) and related gross-ups for payment of income taxes, and replace them with uniform cash payments (see the column headed [All] Other Compensation in the table under Summary Compensation Table below). As a result, the only perquisites that were received by the Named Executive Officers in fiscal year 2009 were: (a) Company-paid executive physicals

25

for Messrs. McClure, Baker and Martens; (b) Company-paid excess liability insurance policies for officers; and (c) very limited spousal travel (i.e. accompanying the Named Executive officer on business-related travel), each as reported under the column headed [All Other Compensation] and the related footnote in the table und Compensation Table below.

Health and Welfare Benefits. The Company maintains health and welfare benefits, including medical, dental, vision, disability and life insurance programs, and the Named Executive Officers are entitled to participate in these programs on the same basis as other employees. Providing these benefits is necessary for the Company to remain competitive with other employers.

Employment Agreements and Retention Awards. The Compensation Committee believes it is appropriate to enter into agreements with executive officers relating to certain terms of their employment (including the effects of termination without cause), and in some cases to make special retention awards of service-based restricted shares of Common Stock. The purpose of these agreements and awards is to provide incentives to attract candidates for officer positions and to motivate key individuals to continue their services. The current employment agreements with the Named Executive Officers are described below under the heading Employment Agreements. Special retention awards of restricted shares of Common Stock made to the Named Executive Officers are reported in the table under Outstanding Equity Awards at Fiscal Year-End 2009.

Stock Ownership Guidelines

As noted above, alignment of the financial interests of ArvinMeritor[]s key executives with those of its shareowners is a fundamental objective of the Compensation Committee[]s program and helps to carry out its []pay for performance[] philosophy. Accordingly, it has set minimum ownership guidelines that require each officer and other executive to own the following number of shares of ArvinMeritor Common Stock:

	Minimum Number of Shares Owned
Chief Executive Officer	250,000
Business Presidents and Executive Vice President	75,000
 Other Executive Officers in Salary Grades 25 and above 	
(including the Chief Financial Officer)	50,000
Other Executive Officers	25,000
 Other Executives subject to the guidelines 	10,000

Shares owned directly (including restricted shares of Common Stock) or through savings plans of ArvinMeritor and restricted share units are considered in determining whether an executive meets the ownership guidelines. Shares subject to unexercised stock options are not considered. The ownership guidelines provide a transition period during which executives may achieve compliance. In general, this period ends as of the date that is five years after the date the ownership guidelines become applicable to the executive. As of October 31, 2009, all of the Named Executive Officers have satisfied their ownership requirements, taking into account the transition period.

Tax Deductibility of Executive Compensation

Section 162(m) of the IRC generally limits the deductibility of compensation paid to each Named Executive Officer to \$1,000,000 per year. An exception to this rule exists for any compensation that is <code>[performance based,[]]</code> as defined in the IRC. Annual and long-term incentive awards are designed to be <code>[performance based,[]]</code> for purposes of Section 162(m) and would not be subject to the deductibility limit (provided, in the case of awards made under the annual incentive and long-term incentive plan being submitted at this meeting, are approved by the shareowners). However, salaries, service-based restricted shares or restricted share units, special employment and retention incentives, and special annual bonus payments do not qualify as <code>[performance based,[]]</code> compensation for this purpose.

Although the Compensation Committee spolicy is to structure compensation arrangements when possible in a manner that will avoid limits on deductibility, it is not a primary objective of the Company compensation program. In the view of the Committee, meeting the objectives stated above is more important than the ability to deduct the compensation for tax purposes.

The table reflects the positions held with ArvinMeritor at September 30, 2009. Prior to May 2008, Mr. Donlon served as Executive Vice President and Chief Financial Officer and Mr. Craig served as Senior Vice President and Controller. Mr. Craig was not a Named Executive Officer in fiscal year 2007. Accordingly, his compensation information for that year is not included.

This column includes amounts contributed by the Named Executive Officers to the Company stax-qualified 401(k) savings plan and the related nonqualified supplemental savings plan (see *Non-qualified Deferred Compensation* below).

This column includes special awards made to Mr. Reinhardt and Mr. Baker, respectively, in recognition of a special achievement during the fiscal year. See *Compensation Discussion and Analysis* above.

- This column includes the amount of compensation cost that was recognized for financial reporting purposes for fiscal year 2007, 2008 and 2009 for performance shares and restricted shares of Common Stock, in accordance with the FASB\[\]s compensation guidance. These amounts include costs with respect to awards made in the current and prior fiscal years, adjusted to eliminate estimates of forfeitures related to service-based vesting conditions. A portion of the performance shares granted in fiscal years 2005 and 2006, representing 22% and 43%, respectively, of each target award, was forfeited after the end of the three-year performance period. All of the performance shares granted in fiscal year 2007 (which would have been payable in 2009 had performance targets been met) were forfeited. These forfeitures are not reflected in the amount reported in this column. See *Grants of Plan-Based Awards* and *Outstanding Equity Awards at Fiscal Year-End 2009* below for further information. Information on the assumptions used in valuation of the grants is included in Note 19 of the Notes to Consolidated Financial Statements in the Form 10-K, which is incorporated herein by reference. These amounts may not reflect the actual value realized upon vesting or settlement.
- In accordance with the FASB[s compensation guidance, the Company recognizes compensation cost with respect to the unvested portion of stock options. All stock options issued by the Company vest over a three year period. Information on the assumptions used in valuation of the grants is included in Note 19 of the Notes to Consolidated Financial Statements in the Form 10-K, which is incorporated herein by reference. These amounts may not reflect the actual value realized upon exercise, if any.
- This column includes cash payouts under (a) a cash performance plan established pursuant to the 1997 LTIP with respect to three-year performance periods ended September 30, 2007 and 2008, and (b) the ICP with respect to annual bonuses for fiscal year 2007 and 2008, in the amounts set forth below. There were no cash payouts under any long term incentive plan with respect to the three-year performance period ended September 30, 2009 or under the ICP with respect to annual bonuses for fiscal year 2009.

No earnings were paid or accrued on outstanding awards during the fiscal year. All payouts were in the form of cash. (See *Compensation Discussion and Analysis* above and *Grants of Plan-Based Awards* below for information on long-term incentive target awards made in fiscal year 2009 for the three-year performance period ending in fiscal year 2011 and annual bonus targets for fiscal year 2009.)

This column includes the change in actuarial present value of accumulated pension benefits of the Named Executive Officers under all defined benefit pension plans accrued during the period between the pension plan measurement dates used for financial statement reporting purposes for the reported fiscal year and the prior year. The amounts used for 2008 and 2007 were based on a measurement date of June 30. Effective as of September 30, 2009, the Company changed its measurement date for accounting purposes from June 30 to September 30. As a result, the amounts for fiscal year 2009 were measured as of September 30, 2009, and the net increase in the present value of accrued benefits has been pro-rated by 12/15ths to account for 15

months of benefit growth from the prior fiscal year information. See the Pension Benefits table that follows for additional information. There were no above-market or preferential earnings on compensation that was deferred on a basis that is not tax-qualified during the fiscal year for the Named Executive Officers. See *Pension Benefits*

below for information on years of service and accumulated pension benefits for Messrs. McClure, Donlon and Baker under the Company\(\sigma\) tax-qualified and non-qualified defined benefit retirement plans. Messrs. Craig, Martens and Reinhardt are not eligible to participate in these plans.

This column includes the following amounts for 2009: (a) amounts contributed by the Company to the accounts of the Named Executive Officers under the employee savings plan and related supplemental savings plan, including additional amounts contributed in lieu of participation in the Company selfined benefit retirement plans (see Pension Benefits below); (b) cash allowances in lieu of perquisites (see Compensation Discussion and Analysis selfements of the ArvinMeritor Compensation Program Components Perquisites above); (c) the value of perquisites; (d) any amounts reimbursed to the Named Executive Officers for the payment of income taxes on the value of perquisites (gross-ups); (e) in the case of Mr. Martens, severance and (f) dividends on unvested restricted shares that were not factored into the grant date fair value reported in the table under the heading Grants of Plan-Based Awards; in each case, in the amounts disclosed in the table below:

^{*} Spousal travel involves spouses accompanying Named Executive Officers on business-related trips. If a commercial flight is used, then this is valued at the actual cost of the airfare. In the case of a charter aircraft already flying to the same destination for a business purpose, only the direct variable costs associated with the additional passenger (for example, catering) are included in determining the aggregate cost of the use to the Company. Each other perquisite is valued at its actual cost to the Company. The Compensation Committee has determined to phase out most perquisite programs and related gross-ups. See Compensation Discussion and Analysis above.
