-

## Edgar Filing: SIGA TECHNOLOGIES INC - Form 8-K

### Item 1.01. Entry into a Material Definitive Agreement.

On May 13, 2011, SIGA Technologies, Inc., a Delaware corporation (“SIGA”), issued a press release announcing that it has signed a contract (the “Smallpox Bioshield Contract”) with the Biomedical Advanced Research and Development Authority (“BARDA”) of the United States Department of Health and Human Services (“HHS”) to deliver two million courses of its smallpox antiviral, ST-246®, to the Strategic National Stockpile. The 5-year base contract award is worth \$433 million and includes options that would raise the Smallpox Bioshield Contract’s total value to approximately \$2.8 billion, if these options are fully exercised. Contract options include the delivery of up to 12 million additional courses of ST-246. Under the Smallpox Bioshield Contract, SIGA will deliver 1.7 million courses of ST-246. Additionally, SIGA will contribute 300,000 courses manufactured using federal funds provided by HHS under prior development contracts. In addition to the option to purchase up to an additional 12 million courses, the Smallpox Bioshield Contract will also permit SIGA to continue its work on pediatric and geriatric versions of the drug as well as use of ST-246 for smallpox prophylaxis.

The \$433 million base contract includes the following sub-payment tranches:

- \$41.0 million of advance payments due when SIGA completes certain initial planning and preparatory activities;
- \$20.5 million milestone payment for the successful submission to the U.S. Food and Drug Administration (“FDA”) of a complete application for ST-246 regulatory approval;
- \$8.2 million milestone payment for completion of the current commercial validation program for ST-246;
- \$12.3 million milestone payment for completion of a product labeling strategy for ST-246;
- \$102.5 million due in respect of FDA approval of ST-246 for sale in the United States; and
- \$225.4 million due in stages as ST-246 is delivered to the Strategic National Stockpile.

### Item 8.01. Other Events.

On May 15, 2011, SIGA issued a press release announcing that BARDA has informed SIGA that Chimerix, Inc. has filed a post-award protest against HHS with respect to the Smallpox Bioshield Contract. Work under the Smallpox Bioshield Contract is suspended until further notice pursuant to the applicable protest rules.

### Item 9.01. Financial Statements and Exhibits.

#### (c) Exhibits

Exhibit No.	Description
10.1	Contract dated as of May 13, 2011, between SIGA and the Biomedical Advanced Research and Development Authority of the United States Department of Health and Human Services (portions of this exhibit have been omitted and separately filed with the Securities and Exchange Commission with a request for confidential treatment).
99.1	Press Release, dated May 13, 2011
99.2	Press Release, dated May 15, 2011
