Message From Our Chairman and  
Our Chief Executive Officer

Dear Fellow Stockholders:

In 2017, Hanesbrands achieved net sales growth of seven percent and record operating cash flow of \$656 million. Our strong balance sheet and cash flow continue to support our value-creating business model of innovation, supply chain leverage and strategic acquisitions. Over the past three years, we have generated nearly \$1.5 billion in operating cash flow, invested in our brands, made numerous acquisitions and returned nearly \$1.7 billion to our stockholders through dividends and share repurchases. We remain in a solid position to create further value for our stockholders in 2018 and beyond.

At Hanesbrands, we strive to work hard and compete aggressively, but always do the right thing. We are protective of our strong reputation for corporate citizenship and social responsibility, and proud of our significant achievements in the areas of environmental stewardship, workplace quality and community building around the world. We call our corporate social responsibility program *Hanes for Good* – that’s because adhering to responsible and sustainable business practices is good for our company, good for our employees, good for our communities and good for our stockholders. We invite you to learn more about our *Hanes for Good* corporate responsibility initiatives at [www.HanesforGood.com](http://www.HanesforGood.com).

We also take pride in our commitment to responsible corporate governance. Our Board is composed of a group of industry leading experts with diverse ethnicities, genders, experiences and backgrounds who work with management to drive long-term, sustainable performance and create value for our stockholders. Our directors engage in the Company’s strategic planning and provide independent guidance and oversight on the economic, operational and legal risks that we face.

Our 2018 Annual Meeting of Stockholders will be held on Tuesday, April 24, 2018, at 2:15 p.m., at the Company’s headquarters, located at 1000 East Hanes Mill Road, Winston-Salem, NC 27105. This proxy statement will serve as your guide to the business to be conducted at the annual meeting. We invite you to attend, and ask you to please vote at your earliest convenience whether or not you plan to attend. Your vote is important.

We appreciate your confidence and continued support of Hanesbrands.

Sincerely yours,

RICHARD A. NOLL  
Chairman of the Board of Directors

**COMPENSATION HIGHLIGHTS**

**Business Strategies and Priorities**

Hanesbrands is a socially responsible leading marketer of everyday basic innerwear and activewear apparel in the Americas, Europe, Australia and Asia-Pacific under some of the world's strongest apparel brands, including *Hanes*, *Champion*, *Bonds*, *Maidenform*, *DIM*, *Bali*, *Playtex*, *JMS/Just My Size*, *Nur Die/Nur Der*, *L'eggs*, *Lovable*, *Wonderbra*, *Berlei*, *Gear for Sports* and *Alternative*. We have a long history of innovation, product excellence and brand recognition, and we take great pride in our reputation for ethical business practices and the success of our Hanes for Good corporate responsibility program for community and environmental improvement.

Over the past decade, we have refined and strengthened our multi-faceted business model by implementing various strategies based on the underlying premise of Sell More, Spend Less and Generate Cash. These strategies include the globalization of our supply chain, our revenue and margin-enhancing Innovate-to-Elevate strategy and the implementation of a disciplined acquisition and capital allocation strategy.

These strategies have been extremely successful in driving solid financial results and setting the stage for future growth. Our strong cash flow will allow us to continue to pursue strategic acquisitions and investment that we believe will drive long-term stockholder returns. Our disciplined acquisition strategy is delivering incremental benefits to our stockholders not only through cost-saving synergies, but also through revenue diversification and organic growth opportunities. We are preparing for future growth through a number of strategic initiatives, including: (1) increased investment in our global portfolio of leading brands, including brand building and marketing support; (2) accelerated development of our global omnichannel capabilities, including online in the U.S. as well as online and retail in our international markets; (3) continued focus on strategic acquisitions that complement our current brands and provide revenue diversification both by channel and internationally; (4) further leveraging of our supply chain capabilities; and (5) expansion of our *Champion* brand globally.

**2017 Performance Highlights**

During 2017, we continued to deliver on our key strategic priorities in a challenging and highly competitive global environment. Key financial and strategic highlights included:

- Record net sales of \$6.47 billion, with sales in the global online channel increasing by 22 percent;
- Greater geographic diversity with record International segment sales of \$2.1 billion, or 32 percent of total sales;
- The acquisition of Alternative Apparel and its Alternative lifestyle brand known for its social responsibility and better basic T-shirts and fleece; and
- Expansion across brands and geographies of our FreshIQ, X-Temp and ComfortFlex Fit innovation platforms.

**Executive Compensation Philosophy and Framework**

At Hanesbrands, we emphasize a "pay-for-performance" culture, linking a substantial percentage of an executive's compensation to our performance and stockholders' value growth. Specifically:

To motivate our executive officers and align their interests with those of our stockholders, we provide annual incentives designed to reward our executive officers for the attainment of short-term goals and long-term incentives designed to reward them for increasing stockholder value over time.

Performance-based and at-risk compensation represents nearly 75% of our named executive officers' total target direct compensation.

In keeping with our pay for performance philosophy, we expect our executive officers to deliver overall results that exceed the target level of performance in order to receive above median market compensation. Performance below the target level of performance may result in below median market compensation.

Our compensation program is designed to reward exceptional and sustained performance. By combining a three-year vesting period for equity awards with a mandatory one-year holding period following vesting (and policies prohibiting hedging or pledging of such shares), a substantial portion of the value of our executives' compensation package is tied to changes in our stock price, and therefore at-risk, for a significant period of time. The Compensation Committee believes this design provides an effective way to link executive compensation to long-term stockholder returns.

**Table of Contents**

Elements of 2017 Compensation

Our named executive officers' compensation for 2017 consisted principally of the following elements:

	Fixed compensation component	
<b>Base Salary</b>	Reflects the individual responsibilities, performance and experience of each named executive officer	Provides a fixed base of cash compensation for fulfillment of fundamental job responsibilities
	Performance-based cash compensation	Motivates performance by linking compensation to the achievement of
<b>Annual Incentive Plan ("AIP") Awards</b>	Payout determined based on Company performance against pre-established metrics	key objectives that contribute to accomplishing consistent and strategic annual results
	Performance-based and at-risk, time-vested compensation	
	Performance Share Awards ("PSAs") (50% of LTIP opportunity)	
	<i>Vesting on third anniversary of grant date</i>	
	<i>Number of shares received will range from 0% to 200% of the number of units granted based on 2017 Company performance against pre-established metrics</i>	
	Restricted Stock Unit Awards ("RSUs") (50% of LTIP opportunity)	
<b>Long-Term Incentive Program ("LTIP") Awards</b>	<i>Ratable vesting over a three-year service period</i>	Encourages behavior that enhances the long-term growth, profitability and financial success of the Company, aligns executives' interests with LTIP awardsour stockholders and supports retention objectives
	Mandatory one-year holding period following vesting for	

Executive Compensation Mix

Our emphasis on performance-based and at-risk pay is reflected in the following chart, which illustrates the 2017 total target direct compensation mix for our Chief Executive Officer and our other named executive officers ("NEOs").

Performance-Based and At-Risk Compensation: 87.00%

Performance-Based and At-Risk Compensation: 74.90%

**Table of Contents****2017 Performance Criteria**

The Compensation Committee chose to use net sales growth, diluted earnings per share from continuing operations, excluding actions (“EPS-XA”) growth, and cash flow from operations as performance criteria for our named executive officers’ 2017 performance-based pay opportunities, as follows:

**Corporate Governance at Hanesbrands**

Our Board of Directors currently has ten members. Each of our directors is elected to serve until the next annual meeting of stockholders and until his or her successor is duly elected and qualified. If a nominee is unavailable for election, proxy holders may vote for another nominee proposed by the Board or, as an alternative, the Board may reduce the number of directors to be elected at the Annual Meeting. Each nominee has agreed to serve on the Board if elected. Following is information regarding each of the nominees for election, which has been confirmed by the applicable nominee for inclusion in this proxy statement.

The ten nominees for election at the Annual Meeting possess experience and qualifications that our Governance and Nominating Committee believes will allow them to make substantial contributions to the Board. In selecting nominees to the Board, we seek to ensure that our Board collectively has a balance of experience and expertise, including chief executive officer experience, chief financial officer experience, international expertise, deep experience in the consumer products industry, corporate governance expertise and expertise in other functional areas that are relevant to our business. For more information about the process by which the Governance and Nominating Committee identifies candidates for election to the Board, please see “Process for Nominating Potential Director Candidates” on page 17. Following, please find a more detailed discussion of the business experience of each of the nominees to the Board.

Our Board of Directors unanimously recommends a vote **FOR** election of these ten nominees.

### How We Select our Directors

#### Process for Nominating Potential Director Candidates

The Governance and Nominating Committee is responsible for screening potential director candidates and recommending qualified candidates to the full Board of Directors for nomination. The Governance and Nominating Committee will consider director candidates proposed by the Chief Executive Officer, by any director or by any stockholder. From time to time, the Governance and Nominating Committee also retains search firms to assist it in identifying and evaluating director nominees. In evaluating potential director candidates, the Governance and Nominating Committee seeks to present candidates to the Board of Directors who have distinguished records of leadership and success in their arena of activity and who will make substantial contributions to the Board of Directors. The Governance and Nominating Committee considers the qualifications listed in our Corporate Governance Guidelines, which include:

personal and professional ethics and integrity;

diversity among the existing Board members, including racial and ethnic background and gender;

specific business experience and competence, including whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of a large publicly-traded company and whether the candidate has served in policy-making roles in business, government, education or other areas that are relevant to our global activities;

financial acumen, including whether the candidate, through education or experience, has an understanding of financial matters and the preparation and analysis of financial statements;

the ability to represent our stockholders as a whole;

professional and personal accomplishments, including involvement in civic and charitable activities;

experience with enterprise level risk management;

educational background; and

whether the candidate has expressed a willingness to devote sufficient time to carrying out his or her duties and responsibilities effectively and is committed to service on the Board of Directors.

Any recommendation submitted by a stockholder to the Governance and Nominating Committee should include information relating to each of the qualifications outlined above concerning the potential candidate along with the other information required by our bylaws for stockholder nominations. The Governance and Nominating Committee applies the same standards in evaluating candidates submitted by stockholders as it does in evaluating candidates submitted by other sources. Suggestions regarding potential director candidates, together with the required information described above, should be submitted in writing to Hanesbrands Inc., 1000 East Hanes Mill Road, Winston-Salem, North Carolina 27105, Attention: Corporate Secretary. Stockholders who want to directly nominate a director for consideration at next year's Annual Meeting should refer to the procedures described under Stockholder Proposals and Director Nominations for Next Annual Meeting on page 64.

Although we do not have a standalone policy regarding diversity in the nomination process, as noted above, diversity is one of the criteria that our Corporate Governance Guidelines require that our Governance and Nominating Committee consider in identifying and evaluating director nominees. In applying this criteria, the Governance and Nominating Committee and the Board consider diversity to also include differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that contribute to an active, effective Board. The Governance and Nominating Committee evaluates the effectiveness of its activities under this policy through its annual review of Board composition, which considers whether the current composition of the Board adequately reflects the balance of qualifications discussed above, including diversity, prior to recommending nominees for election. In this regard, the Board believes that its efforts have been effective based on the current composition of the Board.

Our Corporate Governance Guidelines provide that no director may stand for re-election to the Board of Directors after he or she has reached the age of 72. However, our Governance and Nominating Committee has the authority to extend the retirement age of an individual director for up to two periods of one year each.

#### Director Independence

In order to assist our Board of Directors in making the independence determinations required by New York Stock Exchange ( NYSE ) listing standards, the Board of Directors has adopted categorical standards of independence. These standards, which are contained in our Corporate Governance Guidelines, are available on our corporate website, [www.Hanes.com/investors](http://www.Hanes.com/investors) (in the Investors section). Eight of the ten current members of our Board of Directors, Mr. Griffin, Mr. Johnson, Ms. Mathews, Mr. Moison, Mr. Moran, Mr. Nelson, Mr. Singer and Ms. Ziegler, are independent under NYSE listing standards and under our Corporate Governance Guidelines. In determining director independence, the Board of Directors did not discuss, and was not aware of, any related person transactions, relationships or arrangements that existed with respect to any of these directors.

**Table of Contents**

Our Audit Committee’s charter requires that all of the members of the Audit Committee be independent under NYSE listing standards and the rules of the Securities Exchange Commission ( SEC ). The Board has determined that each of the members of our Audit Committee is an independent director under NYSE listing standards and meets the standards of independence applicable to audit committee members under applicable SEC rules. The Board has also determined that each of Messrs. Moran and Singer qualifies as an audit committee financial expert under applicable SEC rules.

Our Compensation Committee’s charter requires that all of the members of the Compensation Committee be independent under NYSE listing standards, including the enhanced independence requirements applicable to Compensation Committee members, non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act ), and outside directors within the meaning of Section 162(m) of the Internal Revenue Code and the regulations thereunder. The Board has determined that each of the members of our Compensation Committee is an independent director under NYSE listing standards, a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code.

Our Governance and Nominating Committee’s charter requires that all of the members of the Governance and Nominating Committee be independent under NYSE listing standards. The Board has determined that each of the members of our Governance and Nominating Committee is an independent director under NYSE listing standards.

**The Board’s Role and Responsibilities**

**Overview**

The Board of Directors is elected by our stockholders to oversee their interests in the long-term health and the overall success of the Company’s business. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with our stockholders. The Board oversees the business of the Company, as conducted by the members of Hanesbrands’ senior management. In carrying out its responsibilities, the Board reviews and assesses Hanesbrands’ long-term strategy and its strategic, competitive and financial performance.

In 2017, our Board of Directors met six times and also held regularly scheduled executive sessions without management, presided over by our Lead Director. In addition, during 2017 our Audit Committee met five times, our Compensation Committee met four times and our Governance and Nominating Committee met four times. Directors are expected to make every effort to attend the Annual Meeting, all Board meetings and the meetings of the Committees on which they serve. All of our directors at the time of our 2017 Annual Meeting of Stockholders attended that Annual Meeting. In 2017, each director also attended over 75% of the meetings of the Board and the Committees of which he or she was a member.

**Risk Oversight**

The Board as a whole is ultimately responsible for the oversight of our risk management function. The Board uses its committees to assist in its risk oversight function as follows:

**The Board** has delegated primary responsibility for the oversight of Hanesbrands’ risk management function to the Audit Committee.

**The Audit Committee** discusses policies with respect to risk assessment and risk management, including significant financial risk exposures and the steps our management has taken to monitor, control and report such exposures. Management of Hanesbrands undertakes, and the Audit Committee reviews and discusses, an annual assessment of Hanesbrands’ risks on an

enterprise-wide basis.

Our Board of Directors maintains overall responsibility for oversight regarding the work of its various committees by receiving regular reports from the committee Chairs of the work performed by their respective committees. In addition, discussions with the Board about the Company's strategic plan, consolidated business results, capital structure, acquisition-related activities and other business include consideration of the risks associated with the particular item under consideration.

### **Talent Management and Succession Planning**

On an annual basis, our Board plans for succession to the position of Chief Executive Officer, as well as to certain other senior management positions. To assist the Board, our Chief Executive Officer annually provides the Board with an assessment of executives holding those senior management positions and of their potential to succeed him. Our Chief Executive Officer also provides the Board with an assessment of persons considered potential successors to those senior managers. The Board considers that information and their own impressions of senior management performance in planning for succession in key positions.

### **Communicating with our Board of Directors**

Any stockholders or interested parties who wish to communicate directly with our Board, with our non-management directors as a group or with our Lead Director, may do so by writing to Hanesbrands Inc., 1000 East Hanes Mill Road, Winston-Salem, North Carolina 27105, Attention: Corporate Secretary. Stockholders and other interested parties also may communicate with members of the Board by sending an e-mail to our Corporate Secretary at corporate.secretary@hanes.com. To ensure proper handling, any mailing envelope or e-mail containing the communication intended for the Board must contain a clear notation indicating that the communication is a Stockholder/Board Communication or an Interested Party/Board Communication.

The Governance and Nominating Committee has approved a process for handling letters received by the Company and addressed to the Board, the Lead Director or to independent members of the Board. Under that process, our Corporate Secretary reviews all such correspondence and regularly forwards to the Board copies of all correspondence that, in her opinion, deals with the functions of the Board or its Committees or that she otherwise determines requires their attention. Advertisements, solicitations for business, requests for employment, requests for contributions, matters that may be better addressed by management or other inappropriate material will not be forwarded to our directors.

## **Board Structure and Processes**

### **Board Leadership Structure**

Our current Board leadership structure consists of:

Chairman of the Board: Richard A. Noll;

Chief Executive Officer: Gerald W. Evans, Jr.;

Lead Independent Director: Ronald L. Nelson; and

Fully independent Audit, Compensation and Governance and Nominating Committees.

Our Corporate Governance Guidelines provide that the Governance and Nominating Committee will from time to time consider whether the positions of Chairman of the Board and Chief Executive Officer should be held by the same person or by different persons. The Board determined to split the roles of Chief Executive Officer and Chairman when Mr. Noll stepped down from the role of Chief Executive Officer in October 2016. However, the Board does not currently have a requirement that the roles of Chief Executive Officer and Chairman of the Board be separated, because the Board believes it is in the best interests of our Company to make this determination based on the position and direction of our Company and the constitution of the Board and management team from time to time.

The Board believes that the 2016 implementation of a carefully considered executive leadership succession plan demonstrates that the Board takes seriously its responsibility to determine who should serve as Chairman at any point in time in light of the specific circumstances facing our Company. After careful consideration, the Board determined that having Mr. Noll serve as Chairman is in the best interest of the Company and its stockholders at this time. Mr. Noll, who served as the Company's Chairman and Chief Executive Officer until October 1, 2016, served as our Executive Chairman from 2016 to 2017 and transitioned to non-executive Chairman effective January 1, 2018. Mr. Noll's knowledge of our Company's operations and strategy provide a valuable resource to both the Board and Mr. Evans. In addition, Mr. Noll has significant knowledge of the people, information and resources necessary to facilitate effective communication between management and the Board, which contributes to an efficient and effective Board.

## **Table of Contents**

Mr. Nelson has served as our Lead Director since 2015. The Lead Director and other independent directors actively oversee Mr. Evans management of our operations and execution of strategies set by the Board. They also take an active role in overseeing Hanesbrands management and key issues related to strategy, risk, integrity, compensation and governance. For example, only independent directors serve on the Audit Committee, Compensation Committee and Governance and Nominating Committee. Non-management and independent directors regularly hold executive sessions outside the presence of our Chief Executive Officer and other Hanesbrands employees. Finally, as detailed in the following summary, the Lead Director has many important duties and responsibilities that enhance the independent oversight of management.

The Lead Director chairs all meetings of the non-management and independent directors in executive session and also has other authority and responsibilities, including:

- presiding at all meetings of the Board of Directors in the absence of, or upon the request of, the Chairman of the Board;
- advising the Chairman of the Board and/or the Corporate Secretary regarding the agendas for meetings of the Board of Directors;
- calling meetings of the non-management and/or independent directors, with appropriate notice;
- advising the Governance and Nominating Committee and the Chairman of the Board on the membership of the various Board committees and the selection of committee chairs;
- advising the Chairman of the Board on the retention of advisors and consultants who report directly to the Board of Directors;
- advising the Chairman of the Board and Chief Executive Officer, as appropriate, on issues discussed at executive sessions of non-management and/or independent directors;
- with the Chairman of the Compensation Committee, reviewing with the Chief Executive Officer the non-management directors' annual evaluation of his performance;
- serving as principal liaison between the non-management and/or independent directors, as a group, and the Chairman of the Board, as necessary;
- serving as principal liaison between the Board of Directors and Hanesbrands' stockholders, as appropriate, after consultation with the Chief Executive Officer; and
- selecting an interim lead independent director to preside over meetings at which he cannot be present.

We believe our Board's current leadership structure is best suited to the needs of the Company at this time.

### **Board and Committee Evaluation Process**

The Board has established a robust self-evaluation process for the Board and its committees. Our Corporate Governance Guidelines require the Board to annually evaluate its own performance. In addition, the charters of each of the Audit Committee, Compensation Committee and Governance and Nominating Committee require the committee to conduct an annual performance evaluation. The Governance and Nominating Committee oversees the annual self-assessment process on behalf of the Board and the implementation of the annual self-assessments by the committees.

Each year, all Board members and all members of the Audit, Compensation and Governance and Nominating Committees complete a detailed confidential questionnaire. The questionnaire provides for quantitative ratings in key areas and also seeks comments from the directors. The Chair of the Governance and Nominating Committee reviews the responses with the chairs of the Audit and Compensation Committees. The Chair of the Governance and Nominating Committee also discusses the Board self-evaluation with the full Board. Matters requiring follow-up are addressed by the Chair of the Governance and Nominating Committee or the chairs of the Audit or Compensation Committee, as appropriate.

COMPENSATION COMMITTEE

The Compensation Committee is responsible for assisting the Board of Directors in discharging its responsibilities relating to the compensation of our executive officers and the Chief Executive Officer performance evaluation process and for preparing a report on executive compensation that is to be included in our proxy statement relating to our annual meeting of stockholders. This report is provided under Compensation Committee Report on page 34.

The Compensation Committee is also responsible for:

- reviewing and approving the total compensation philosophy covering our executive officers and other key executives and periodically reviewing an analysis of the competitiveness of our total compensation practices in relation to those of our peer group;
  - with respect to our executive officers other than the Chief Executive Officer, reviewing and approving the base salaries, salary ranges and the salary increase program pursuant to our executive salary administration program, the applicable standards of performance to be used in incentive compensation plans and the grant of equity incentives;
  - recommending changes in non-employee director compensation to the Board of Directors;
  - reviewing proposed stock incentive plans, other long-term incentive plans, stock purchase plans and other similar plans, and all proposed changes to such plans;
  - reviewing the results of any stockholder advisory votes regarding our executive compensation and recommending to the Board how to respond to such votes; and
  - recommending to the Board whether to have an annual, biannual or triennial advisory stockholder vote regarding executive compensation.
- The Chief Executive Officer's compensation is approved by the independent members of the Board of Directors, upon the Compensation Committee's recommendation.

**Director Compensation**

**Annual Compensation**

We compensated each non-employee director for service on our Board of Directors during 2017 as follows:

- an annual cash retainer of \$95,000, paid in quarterly installments;
- an additional annual cash retainer of \$20,000 for the chair of the Audit Committee (Mr. Moran), \$20,000 for the chair of the Compensation Committee (Ms. Ziegler) and \$20,000 for the chair of the Governance and Nominating Committee (Mr. Johnson);
- an additional annual cash retainer of \$5,000 for each member of the Audit Committee other than the chair (Ms. Mathews, Mr. Moison and Mr. Singer);
- an additional annual cash retainer of \$25,000 for the Lead Director (Mr. Nelson);
- an annual grant of restricted stock units with a grant date fair value of approximately \$130,000 that vest on the one-year anniversary of the grant date and are payable upon vesting in shares of Hanesbrands common stock; and
- reimbursement of customary expenses for attending Board, committee and stockholder meetings.

Mr. Noll, who served as Executive Chairman during 2017, was paid a base salary of \$1,200,000 and received an annual grant of restricted stock units with a grant date fair value of approximately \$2,500,000 that vest 33%, 33% and 34% on the first anniversary, second anniversary and third anniversary, respectively, of the date of grant and are payable upon vesting in shares of Hanesbrands common stock. In his capacity as Executive Chairman, Mr. Noll was also eligible to participate in our other employee benefit plans and arrangements on the same terms as our named executive officers. See “Post Employment Compensation” on page 42 and “Benefit Plans and Arrangements” on page 43 for a discussion of these programs.

Mr. Evans, our Chief Executive Officer, receives no additional compensation for serving as a director.

In December 2017, after reviewing information about the compensation paid to non-employee directors at our peer group companies (our peer group companies are discussed in “How the Compensation Committee uses Peer Groups” on page 36), the Compensation Committee recommended, and the Board of Directors approved: (i) an increase in the annual cash retainer from \$95,000 to \$100,000; (ii) an increase in the grant date fair value of the annual grant of restricted stock units from \$130,000 to \$140,000; (iii) an increase in the additional cash retainer for the Lead Director from \$25,000 to \$30,000; (iv) an increase in the additional cash retainer for the chair of the Audit Committee from \$20,000 to \$25,000; and (v) an additional annual cash retainer of \$200,000 for the non-executive Chairman of the Board. The annual grant of restricted stock units for 2018 was made on December 12, 2017 and is reflected in the non-employee directors’ compensation for 2017.

**Table of Contents**

The following table summarizes the compensation paid to Mr. Noll and our non-employee directors during the fiscal year ended December 30, 2017.

(1) Amounts shown include deferrals to the Hanesbrands Inc. Non-Employee Director Deferred Compensation Plan.

The dollar values shown reflect the aggregate grant date fair value of awards during 2017, computed in accordance with Topic 718 of the FASB Accounting

(2) Standards Codification. The assumptions we used in valuing these awards are described in Note 6, “Stock-Based Compensation,” to our consolidated financial statements included in our annual report on Form 10-K for the fiscal year ended December 30, 2017.

Amounts shown represent the grant date fair value of the annual grant of restricted stock units which was made on December 12, 2017 to Mr. Noll and each

(3) non-employee director serving on that date in consideration of his or her service on the Board of Directors in 2018. Equity awards are approved as a dollar amount, which on the grant date is converted into a specific whole number of restricted stock units. The restricted stock units vest on the one-year anniversary of the grant date and are payable immediately upon vesting in shares of our common stock on a one-for-one basis. As of December 30, 2017, Mr. Noll held 124,552 restricted stock units and 175,896 performance stock units. The number of restricted stock units held by each then-current non-employee director as of December 30, 2017 was 6,683. Mr. Schindler did not hold any restricted stock units as of December 30, 2017.

(4) As of December 30, 2017, (i) Mr. Noll held stock options to purchase 276,276 shares of common stock and (ii) Ms. Ziegler held stock options to purchase 22,572 shares of common stock. No other non-employee director holds stock options.

In his capacity as Executive Chairman, Mr. Noll was eligible to participate in our employee benefit plans and arrangements on the same terms as our named executive officers. See “Post Employment Compensation” on page 42 and “Benefit Plans and Arrangements” on page 43 for a discussion of these programs.

(5) Increases in pension values are determined for the periods presented; because the defined benefit arrangements are frozen, the amounts shown in this column represent solely the increase in the actuarial value of pension benefits previously accrued as of December 31, 2005.

(6) Andrew J. Schindler reached the mandatory retirement age under our Corporate Governance Guidelines and did not stand for re-election at the 2017 Annual Meeting of Stockholders. Consequently, Mr. Schindler ceased serving as a director on April 25, 2017.

**Director Deferred Compensation Plan**

Under the Hanesbrands Inc. Non-Employee Director Deferred Compensation Plan (the “Director Deferred Compensation Plan”), a nonqualified, unfunded deferred compensation plan, our non-employee directors may defer receipt of all (but not less than all) of their cash retainers and/or awards of restricted stock units. None of the investment options available in the Director Deferred Compensation Plan provide for “above-market” or preferential earnings as defined in applicable SEC rules. The amount payable to a participant will be payable either on the distribution date elected by the participant or upon the occurrence of certain events as provided under the Director Deferred Compensation Plan.

**Director Stock Ownership and Retention Guidelines**

We believe that all of our directors should have a significant ownership position in Hanesbrands. To this end, our non-employee directors receive a substantial portion of their compensation in the form of restricted stock units. In addition, to promote equity ownership and further align the interests of these directors with our stockholders, we have adopted stock ownership and retention guidelines for our non-employee directors. A non-employee director may not dispose of any shares of our common stock until such director holds shares of common stock with a value equal to at least five times the current annual equity retainer, and may then only

## **Table of Contents**

dispose of shares in excess of those with that value. In addition to vested shares directly held by a non-employee director, shares held for such director in the Director Deferred Compensation Plan (including hypothetical share equivalents held in that plan) will be counted for purposes of determining whether the ownership requirements are met. All of our directors are in compliance with these stock ownership and retention guidelines.

## **Other Governance Information**

### **Related Person Transactions**

Our Board of Directors has adopted a written policy setting forth procedures to be followed in connection with the review, approval or ratification of “related person transactions.” For purposes of this policy, the phrase “related person transaction” refers to any financial transaction, arrangement or relationship where: (i) Hanesbrands or any of its subsidiaries is a participant; (ii) any greater than five percent stockholder, director, nominee for director or executive officer, or any of their immediate family members or affiliated entities, has a direct or indirect material interest; (iii) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year; and (iv) disclosure would be required under Item 404 of Regulation S-K and related SEC rules.

Each director, director nominee and executive officer must promptly notify our Chief Executive Officer and our Corporate Secretary in writing of any material interest that such person or an immediate family member or affiliated entity of such person had, has or will have in a related person transaction. The Governance and Nominating Committee is responsible for the review and approval or ratification of all related person transactions involving a director, director nominee or executive officer. At the discretion of the Governance and Nominating Committee, the consideration of a related person transaction may be delegated to the full Board of Directors, another standing committee or to an ad hoc committee of the Board of Directors comprised of at least three members, none of whom has an interest in the transaction.

The Governance and Nominating Committee, or other governing body to which approval or ratification is delegated, may approve or ratify a transaction if it determines, in its business judgment, based on its review of the available information, that the transaction is fair and reasonable to us and consistent with our best interests. Factors to be taken into account in making a determination of fairness and reasonableness may include:

- the business purpose of the transaction;
- whether the transaction is entered into on an arm’s-length basis on terms fair to us; and
- whether such a transaction would violate any provisions of our Global Code of Conduct.

If the Governance and Nominating Committee decides not to approve or ratify a transaction, the transaction may be referred to legal counsel for review and consultation regarding possible further action, including, but not limited to, termination of the transaction on a prospective basis, rescission of such transaction or modification of the transaction in a manner that would permit it to be ratified and approved by the Governance and Nominating Committee.

During 2017, there were no related person transactions requiring reporting under SEC rules.

### **Code of Ethics**

Our Global Code of Conduct, which serves as our code of ethics, applies to all directors and officers and other employees of the Company and its subsidiaries. Any waiver of applicable requirements in the Global Code of Conduct that is granted to any of our directors, to our principal executive officer, to any of our senior financial officers (including our principal financial officer, principal accounting officer or controller) or to any other person who is an executive officer of Hanesbrands requires the approval of the Audit Committee. Any such waiver of or amendment to the Global Code of Conduct will be disclosed on our corporate website, [www.Hanes.com/investors](http://www.Hanes.com/investors) (in the “Investors” section) or in a current report on Form 8-K.

### **Corporate Governance Documents**

Copies of the written charters for the Audit Committee, Compensation Committee and Governance and Nominating Committee, as well as our Corporate Governance Guidelines, Global Code of Conduct and other corporate governance information are available on our corporate website, [www.Hanes.com/investors](http://www.Hanes.com/investors) (in the “Investors” section).

**Audit Information**

The Audit Committee is directly responsible for the appointment (subject to ratification by the Company's stockholders), retention, compensation, evaluation, oversight and termination the Company's independent auditor. The Audit Committee has appointed PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as our independent registered public accounting firm for our 2018 fiscal year. While not required by law, the Board of Directors is asking our stockholders to ratify the selection of PricewaterhouseCoopers as a matter of good corporate practice.

If the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for our 2018 fiscal year is not ratified by our stockholders, the adverse vote will be considered a direction to the Audit Committee to consider another independent registered public accounting firm for next year. However, because of the difficulty in making any substitution of our independent registered public accounting firm so long after the beginning of the current year, the appointment for our 2018 fiscal year will stand, unless the Audit Committee finds other good reason for making a change.

PricewaterhouseCoopers has served as the Company's independent registered public accounting firm since July 1, 2006. In order to ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of our independent registered public accounting firm. In addition, in conjunction with the mandated rotation of PricewaterhouseCoopers' lead engagement partner, the Audit Committee oversees and confirms the selection of PricewaterhouseCoopers' new lead engagement partner. The members of the Audit Committee and the Board believe that the continued retention of PricewaterhouseCoopers as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders.

Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. For additional information regarding our relationship with PricewaterhouseCoopers, please refer to "Relationship with Independent Registered Public Accounting Firm" on page 28.

**Our Board of Directors unanimously recommends a vote **FOR** ratification of the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for our 2018 fiscal year.**

**Audit Committee Report**

Hanesbrands' Audit Committee is composed solely of independent directors meeting the requirements of applicable SEC and NYSE rules. Each of the members of the Audit Committee is independent and financially literate as required under applicable SEC rules and NYSE listing standards. In addition, the Board of Directors has determined that Mr. Moran and Mr. Singer possess the experience and qualifications required of an "audit committee financial expert" as defined by the rules of the SEC. No member of the Audit Committee serves on the audit committees of more than three public companies.

The key responsibilities of the Audit Committee are set forth in its charter, a copy of which is available on our corporate website, [www.Hanes.com/investors](http://www.Hanes.com/investors) (in the "Investors" section). The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight of:

- the integrity of the Company's financial statements, financial reporting process and systems of internal accounting and financial controls;
- the Company's compliance with legal and regulatory requirements;
- the independent auditor's qualifications and independence; and
- the performance of the Company's internal audit function and independent auditor.

Management is primarily responsible for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. PricewaterhouseCoopers, the Audit Committee-appointed independent registered public accounting firm for the fiscal year ended December 30, 2017, is responsible for expressing an opinion on the conformity of Hanesbrands' audited financial statements with accounting principles generally accepted in the United States of America. In addition, PricewaterhouseCoopers expresses its opinion on the effectiveness of Hanesbrands' internal control over financial reporting.

In this context, the Audit Committee:

- Reviewed and discussed with management and PricewaterhouseCoopers the audited financial statements for the fiscal year ended December 30, 2017 (the "2017 Financial Statements") and audit of internal control over financial reporting;
- Discussed with PricewaterhouseCoopers the matters required to be discussed by the Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended by the AICPA professional standards, vol. 1 AU section 380, as adopted by the Public Company Oversight Board in Rule 3200T, which include, among other items, matters related to the conduct of the audit of the 2017 Financial Statements; and
- Received the written disclosures and the letter from PricewaterhouseCoopers required by applicable requirements of the Public Company Accounting Oversight Board regarding their communications with the Audit Committee concerning independence and discussed with PricewaterhouseCoopers their independence from Hanesbrands.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the 2017 Financial Statements as audited by PricewaterhouseCoopers be included in Hanesbrands' Annual Report on Form 10-K for the fiscal year ended December 30, 2017.

**Table of Contents****Relationship with Independent Registered Public Accounting Firm**

The following table sets forth the fees billed to us by PricewaterhouseCoopers for services in the fiscal years ended December 30, 2017 and December 31, 2016:

	Fiscal Year Ended December 30, 2017	Fiscal Year Ended December 31, 2016
<b>Audit fees</b>	\$5,677,162	\$5,929,140
<b>Audit-related fees</b>	115,278	91,800
<b>Tax fees</b>	333,595	704,095
<b>All other fees</b>	—	—
<b>Total fees</b>	\$6,126,035	\$6,725,035

In the above table, in accordance with applicable SEC rules, “Audit fees” include fees billed for professional services for the audit of our consolidated financial statements included in our annual report on Form 10-K and review of our financial statements included in our quarterly reports on Form 10-Q, fees billed for services that are normally provided by the principal accountant in connection with statutory and regulatory filings or engagements, fees related to services rendered in connection with securities offerings and fees for the audit of our internal control over financial reporting and consultations concerning financial accounting and reporting standards.

“Audit-related fees” are fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under the caption “Audit fees.” For the fiscal years ended December 30, 2017 and December 31, 2016, these fees primarily relate to attestation services rendered in connection with regulatory filings in certain foreign jurisdictions and various other services.

“Tax fees” for the fiscal years ended December 30, 2017 and December 31, 2016 include consultation, preparation and compliance services for domestic and certain foreign jurisdictions and consulting related to research and development credits.

Our Audit Committee pre-approves all services, including both audit and non-audit services, provided by our independent registered public accounting firm. For audit services (including statutory audit engagements as required under local country laws), the independent registered public accounting firm provides the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the year. The independent registered public accounting firm also submits an audit services fee proposal, which is approved by the Audit Committee before the audit commences. The Audit Committee may delegate the authority to pre-approve audit and non-audit engagements and the related fees and terms with the independent auditors to one or more designated members of the Audit Committee, as long as any decision made pursuant to such delegation is presented to the Audit Committee at its next regularly scheduled meeting. All audit and permissible non-audit services provided by PricewaterhouseCoopers to us during the fiscal years ended December 30, 2017 and December 31, 2016 were pre-approved by the Audit Committee.

Hanesbrands' stockholders have the opportunity to cast a non-binding, advisory "say on pay" vote on our named executive officer compensation, as disclosed in this proxy statement. Based on the results of the stockholder advisory vote on the frequency of say on pay votes, which was held at the 2017 Annual Meeting of Stockholders, and based on the Board of Directors' recommendation, Hanesbrands currently intends to hold such votes on an annual basis.

At our 2017 Annual Meeting of Stockholders, our stockholders overwhelmingly approved the compensation of Hanesbrands' named executive officers with over 93% support. Our Board of Directors, and the Compensation Committee in particular, considered several factors in determining that the fundamental characteristics of Hanesbrands' executive compensation program should continue this year, including the strong support of our stockholders, the executive compensation programs of our peer group companies, our past operating performance and planned strategic initiatives.

We believe that our executive compensation philosophy, practices and policies have three essential characteristics. They are:

focused on aligning senior management and stockholder interests in a simple, quantifiable and unifying manner; necessary to attract, retain and motivate the executive team to support the attainment of our business strategy and operating imperatives; and reasonable in comparison to our peer group companies.

Stockholders are encouraged to review the "Compensation Discussion and Analysis" section beginning on page 30 for more information on our executive compensation program.

This advisory vote is not intended to address any specific element of compensation; rather, it relates to the overall compensation of our named executive officers, as well as the compensation philosophy, practices and policies described in this proxy statement. We are asking stockholders to approve the following advisory resolution:

*"RESOLVED, that the stockholders approve the compensation of Hanesbrands' named executive officers as disclosed in the proxy statement for Hanesbrands' 2018 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis and the executive compensation tables and related footnotes and narrative."*

Because this vote is advisory, it will not be binding on us or our Board of Directors, overrule any decision made by the Board of Directors or the Compensation Committee or create or imply any additional duty for the Board. We recognize, nonetheless, that our stockholders have a fundamental interest in Hanesbrands' executive compensation practices. Thus, the Compensation Committee may take into account the outcome of the vote when considering future executive compensation arrangements.

**Our Board of Directors unanimously recommends a vote **FOR** approval, on an advisory basis, of the compensation of Hanesbrands' named executive officers.**

### Compensation Discussion and Analysis

#### Compensation Highlights

##### Business Strategies and Priorities

Hanesbrands is a socially responsible leading marketer of everyday basic innerwear and activewear apparel in the Americas, Europe, Australia and Asia-Pacific under some of the world's strongest apparel brands, including *Hanes*, *Champion*, *Bonds*, *Maidenform*, *DIM*, *Bali*, *Playtex*, *JMS/Just My Size*, *Nur Die/Nur Der*, *L'eggs*, *Lovable*, *Wonderbra*, *Berlei*, *Gear for Sports* and *Alternative*. We have a long history of innovation, product excellence and brand recognition, and we take great pride in our reputation for ethical business practices and the success of our *Hanes for Good* corporate responsibility program for community and environmental improvement.

Over the past decade, we have refined and strengthened our multi-faceted business model by implementing various strategies based on the underlying premise of Sell More, Spend Less and Generate Cash. These strategies include the globalization of our supply chain, our revenue and margin-enhancing Innovate-to-Elevate strategy and the implementation of a disciplined acquisition and capital allocation strategy.

These strategies have been extremely successful in driving solid financial results and setting the stage for future growth. Our strong cash flow will allow us to continue to pursue strategic acquisitions and investment that we believe will drive long-term stockholder returns. Our disciplined acquisition strategy is delivering incremental benefits to our stockholders not only through cost-saving synergies, but also through revenue diversification and organic growth opportunities. We are preparing for future growth through a number of strategic initiatives, including: (1) increased investment in our global portfolio of leading brands, including brand building and marketing support; (2) accelerated development of our global omnichannel capabilities, including online in the U.S. as well as online and retail in our international markets; (3) continued focus on strategic acquisitions that complement our current brands and provide revenue diversification both by channel and internationally; (4) further leveraging of our supply chain capabilities; and (5) expansion of our *Champion* brand globally.

##### 2017 Performance Highlights

During 2017, we continued to deliver on our key strategic priorities in a challenging and highly competitive global environment. Key financial and strategic highlights included:

Record net sales of \$6.47 billion, with sales in the global online channel increasing 22 percent;

Greater geographic diversity with record International segment sales of \$2.1 billion, or 32 percent of total sales;

The acquisition of Alternative Apparel and its *Alternative* lifestyle brand known for its social responsibility and better basic T-shirts and fleece; and

Expansion across brands and geographies of our FreshIQ, X-Temp and ComfortFlex Fit innovation platforms.

##### Executive Compensation Philosophy and Framework

At Hanesbrands, we emphasize a "pay-for-performance" culture, linking a substantial percentage of an executive's compensation to our performance and stockholders' value growth. Specifically:

To motivate our executive officers and align their interests with those of our stockholders, we provide annual incentives designed to reward our executive officers for the attainment of short-term goals and long-term incentives designed to reward them for increasing stockholder value over time.

Performance-based and at-risk compensation represents nearly 75% of our named executive officers' total target direct compensation.

In keeping with our pay for performance philosophy, we expect our executive officers to deliver overall results that exceed the target level of performance in order to receive above median market compensation. Performance below the target level of performance may result in below median market compensation.

Our compensation program is designed to reward exceptional and sustained performance. By combining a three-year vesting period for equity awards with a mandatory one-year holding period following vesting (and policies prohibiting hedging or pledging of such shares), a substantial portion of the value of our executives' compensation package is tied to changes in our stock price, and therefore at-risk, for a significant period of time. The Compensation Committee believes this design provides an effective way to link executive compensation to long-term stockholder returns.

**Table of Contents**

Elements of 2017 Compensation

Our named executive officers' compensation for 2017 consisted principally of the following elements:

	Fixed compensation component	
<b>Base Salary</b>	Reflects the individual responsibilities, performance and experience of each named executive officer	Provides a fixed base of cash compensation for fulfillment of fundamental job responsibilities
	Performance-based cash compensation	
<b>Annual Incentive Plan ("AIP") Awards</b>	Payout determined based on Company performance against pre-established metrics	Motivates performance by linking compensation to the achievement of key objectives that contribute to accomplishing consistent and strategic annual results
	Performance-based and at-risk, time-vested compensation	
	Performance Share Awards ("PSAs") (50% of LTIP opportunity)	
	<i>Vesting on third anniversary of grant date</i>	
	<i>Number of shares received will range from 0% to 200% of the number of units granted based on 2017 Company performance against pre-established metrics</i>	
	Restricted Stock Unit Awards ("RSUs") (50% of LTIP opportunity)	
	<i>Ratable vesting over a three-year service period</i>	
<b>Long-Term Incentive Program ("LTIP") Awards</b>	Mandatory one-year holding period following vesting for all LTIP awards	Encourages behavior that enhances the long-term growth, profitability and financial success of the Company, aligns executives' interests with our stockholders and supports retention objectives

In addition, we provide health, welfare and retirement plans that promote employee health and support employees in attaining financial security. We also provide severance benefits under limited circumstances. These severance benefits, which provide our named executive officers with income protection in the event employment is terminated without cause or following a change in control, support our executive retention goals and encourage our named executive officers' independence and objectivity in considering potential change in control transactions. See "Post-Employment Compensation" on page 42 for additional details.

**Table of Contents**

**2017 Compensation Mix**

The mix of compensation elements that we offer is intended to further our goals of:

- achieving consistent and strategic annual results and long-term business objectives;
- using an appropriate mix of cash and equity;
- emphasizing a “pay-for-performance” culture;
- effectively managing the cost of pay programs; and
- providing a balanced total compensation program to ensure senior management is not encouraged to take unnecessary and excessive risks that may harm the Company.

Our emphasis on performance-based and at-risk pay is reflected in the following chart, which illustrates the average 2017 total target direct compensation mix for our Chief Executive Officer and our other named executive officers (“NEOs”).

Performance-Based and At-Risk  
Compensation: 87.00%

Performance-Based and At-Risk  
Compensation: 74.90%

The percentage of our Chief Executive Officer’s performance-based and at-risk compensation is the highest of our named executive officers, reflecting the position’s highest level of responsibility and accountability for results. Performance-based and at-risk compensation comprises nearly 75% of all of our named executive officers’ total target direct compensation. Because the value of such compensation depends on Hanesbrands’ achievement of key annual results and strategic long-term business objectives and/or is tied to changes in our stock price, our named executive officers’ actual compensation could be significantly less—or more—than the targeted levels.

**Table of Contents****2017 Performance Criteria**

The Compensation Committee chose to use net sales growth, diluted earnings per share from continuing operations, excluding actions (“EPS-XA”) growth, and cash flow from operations as performance criteria for our named executive officers’ 2017 performance-based pay opportunities, as follows:

**2017 Results**

*(Dollars in Thousands, except EPS-XA)*

	Fiscal Year Ended		
	December 30, 2017	December 31, 2016	% Change
<b>Net Sales</b>	\$6,471,410	\$6,028,199	7.4%
<b>EPS-XA*</b>	\$1.93	\$1.85	4.3%
<b>Cash flow from Operations</b>	\$655,718	\$605,607	8.3%

As in prior years and consistent with the terms of our Omnibus Incentive Plan, in measuring the attainment of EPS-XA growth for 2017, the Compensation Committee excluded the impact of charges for acquisition, integration and other actions, and the cumulative effects of tax or accounting charges, each as identified in our financial statements or other SEC filings. EPS-XA is a non-GAAP financial measure which is used as a performance measure in our executive compensation programs. EPS-XA is defined as diluted earnings per share from continuing operations (“EPS”), excluding actions and the tax effect on actions. On a GAAP basis, EPS was \$0.17 in 2017 and \$1.40 in 2016. We have chosen to provide this non-GAAP financial measure to investors to enable additional analyses of past, present and future performance and as a supplemental means of evaluating company operations absent the effect of tax reform,

\* acquisition-related expenses and other actions. For a reconciliation to GAAP EPS, see Appendix A.

As a result of our 2017 performance, each of our named executive officers earned, in the aggregate, 114.5% of the target amounts for their performance-based pay opportunities.

### Best Practices in Executive Compensation

Hanesbrands' executive compensation practices include a number of features we believe reflect responsible compensation and governance practices and promote the interests of stockholders.

#### **Our practices include:**

**Performance-based pay** - Approximately half of our named executive officers' total target direct compensation is performance-based and must be earned every year based on objective, challenging performance criteria and metrics.

**Challenging performance metrics** - The Compensation Committee sets growth performance metrics that require consistent year over year improvement in performance rather than performance based on negotiated targets relative to the Company's annual operating plan or public guidance.

**Significant vesting periods** - Equity awards made to our executive officers fully vest over a period of not less than three years.

**Holding requirement** - We require all Hanesbrands employees, including our named executive officers, to retain 100% of the net after-tax shares of Hanesbrands stock received through the exercise of options or the vesting of restricted stock units or other equity awards granted after December 1, 2010 for at least one year from the date of exercise or vesting.

**Robust stock ownership guidelines** - Our Chief Executive Officer's stock ownership guideline is six times his base salary, and the ownership guideline for our other named executive officers is three times his or her base salary. Until the guideline is met, an executive is required to retain 50% of any shares received (on a net after-tax basis) under our stock-based compensation plans.

**Clawback policy** - We have adopted a clawback policy that allows us to recover cash and equity-based incentive compensation in the event we are required to prepare an accounting restatement due to material noncompliance with any financial requirement under the securities laws.

**Prohibition on hedging and pledging** - Our insider trading policy prohibits all of our directors, officers and employees from pledging our securities or engaging in "short sales" or "sales against the box" or trading in puts, calls, warrants or other derivative instruments on our securities.

**Engagement of an independent compensation consultant** - Our Compensation Committee engages an independent compensation consultant, who provides no other services to us, to advise on executive and non-employee director compensation matters. The independent compensation consultant reports to the Compensation Committee, who has the exclusive authority to retain or terminate the consultant.

### Compensation Committee Report

The Compensation Committee reviews and approves Company compensation programs on behalf of the Board. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and Hanesbrands' Annual Report on Form 10-K.

**How We Make Executive Compensation Decisions**

The Compensation Committee, advised by its independent compensation consultant, is responsible for overseeing and approving the executive compensation program for the Company’s executive officers, including our named executive officers.

Frederic W. Cook & Co., or “FW Cook,” serves as the Compensation Committee’s executive compensation consultant. FW Cook reports directly to the Compensation Committee, and the committee has the sole authority to terminate or replace FW Cook at any time. FW Cook assists in the development of compensation programs for our executive officers and our non-employee directors by providing information about compensation by our peer group companies (which are described in “How the Compensation Committee uses Peer Groups” on page 36), relevant market trend data, information on current issues in the regulatory environment, recommendations for program design and best practices and corporate governance guidance.

The Compensation Committee realizes that it is essential to receive objective advice from its compensation advisors. Prior to the retention of a compensation consultant or any other external advisor, and from time to time as the Committee deems appropriate, the Compensation Committee assesses the independence of the advisor from management, taking into consideration all factors relevant to the advisor’s independence, including the factors specified in NYSE listing standards. The Compensation Committee has assessed the independence of FW Cook based on these criteria and concluded that FW Cook’s work for the committee does not raise any conflict of interest.

At the direction of the Compensation Committee, our management has worked with FW Cook to prepare information about the compensation competitiveness of our executive officers. Our Chief Executive Officer uses this information to make recommendations to the Compensation Committee regarding compensation of these officers, other than himself, and FW Cook provides guidance to the Compensation Committee about those recommendations. FW Cook also makes independent recommendations to the Compensation Committee regarding the compensation of our Chief Executive Officer without the foreknowledge of management. The Compensation Committee uses this information and considers these recommendations in making decisions about executive compensation for all of our executive officers. All decisions regarding compensation of executive officers (other than our Chief Executive Officer) are made solely by the Compensation Committee. The Chief Executive Officer’s compensation is approved by the independent members of the Board of Directors, after reviewing the Compensation Committee’s recommendation.

**Table of Contents**

*The Compensation Committee does not generally make regular annual adjustments in pay. Instead, the Compensation Committee uses judgment when making compensation decisions and reviews executive pay from a holistic perspective, including reference to compensation peer group pay practices and norms, general industry pay levels as gathered from publicly-available survey sources, individual performance, experience, strategic importance of the position to Hanesbrands and internal equity considerations.*

In making compensation decisions, the Compensation Committee:

Determines the competitive market for total target direct compensation for each named executive officer

Evaluates the allocation among the various elements of compensation, including base salary, AIP and LTIP compensation

Determines the appropriate balance of at-risk, time-based and performance-based equity compensation within each named executive officer's LTIP opportunity

**How the Compensation Committee uses Peer Groups**

To determine what constitutes a “competitive” compensation package, the Compensation Committee generally considers total target direct compensation, as well as the allocation among those elements of compensation, at our peer group companies. Because of significant differences in the pay practices of our peer group companies, the Compensation Committee does not view this market data as a prescriptive determinant of individual compensation. Rather, it is used by the Compensation Committee as a general guide in its decisions on the amount and mix of total target direct compensation. Ultimately, named executive officer compensation is based on the Compensation Committee’s judgment, taking into account factors further described in this Compensation Discussion and Analysis that are particular to Hanesbrands and our named executive officers, including, most importantly, actual performance.

The Compensation Committee, with assistance from FW Cook, establishes the Company’s peer group that is used for market comparison purposes.

We seek to identify peer group companies:

- that have comparable business models and strategy;
- with whom we compete for talent, capital and customers; and
- that are of a similar size and complexity.

In selecting new peer companies and evaluating the continued inclusion of current peers, the Compensation Committee also considers companies:

In apparel and/or other general consumer product (non-durable goods) industries	With multiple distribution channels, such as wholesale, retail and e-commerce	Of a similar revenue size, market capitalization and margins	That consider us to be a peer for compensation purposes, plus the peer companies identified by our apparel peer companies	Used by us for financial comparison purposes	Used in the most recent Institutional Shareholder Services (“ISS”) peer group for purposes of the chief executive officer pay-for-performance test
---	---	--	---	--	--

**Table of Contents**

In light of these parameters, the Compensation Committee determined to modify the peer group previously used for purposes of determining 2016 compensation by removing Edgewell Personal Care Company (formerly known as Energizer Holdings, Inc.) and Kate Spade & Company. The Committee felt that Edgewell’s relatively small size in terms of revenue and Kate Spade’s relatively small size in terms of revenue and market capitalization no longer made them appropriate peers. The Compensation Committee chose to add Foot Locker, Inc., Ralph Lauren Corporation and The Gap, Inc. to the 2017 peer group because of their good overall alignment with the Committee’s peer group selection criteria. Jarden Corporation was removed from the peer group due to its merger with Newell Brands Inc., which continues to be in the peer group. The peer group used by the Compensation Committee for purposes of determining 2017 compensation consisted of the following 17 companies:

Apparel Companies	Consumer Products Companies
American Eagle Outfitters, Inc.	The Clorox Company
Carter’s Inc.	Fortune Brands Home & Security, Inc.
Coach Inc.	Hasbro, Inc.
Foot Locker, Inc.	The Hershey Company
Gildan Activewear, Inc.	Mattel, Inc.
L Brands, Inc.	Newell Brands Inc.
PVH Corp.	Stanley Black & Decker, Inc.
Ralph Lauren Corporation	
The Gap, Inc.	
V.F. Corporation	

**Elements of 2017 Executive Compensation**

**Total Target Direct Compensation**

The following supplemental table shows base salary, AIP and LTIP compensation at the target level for each of our named executive officers for 2018, 2017 and 2016 as approved by our Compensation Committee. This table presents information that is supplemental to, and should not be considered a substitute for, the information contained in the Summary Compensation Table that appears under “Summary Compensation Table” on page 47. This supplemental table is not required by SEC rules. However, we have chosen to include it to help investors better understand the total target direct compensation levels of our named executive officers for the two most recent years reflected in our Summary Compensation Table and for the current year. No information is provided for Mr. Hytinen for 2016 because he first became a named executive officer in the fourth quarter of 2017. No information is provided for Mr. Moss for 2018 because he ceased being a named executive officer in the fourth quarter of 2017.

In December 2016, using the methodology discussed under “How We Make Executive Compensation Decisions” on page 35, the Compensation Committee determined the total target direct compensation levels of our named executive officers for 2017, as well as the relative mix of base salary, AIP opportunity and LTIP opportunity for those executives.

When setting Mr. Evans’ total target direct compensation level for 2017, the Compensation Committee considered the total compensation opportunity for chief executive officers at our peer group companies, as well as the October 2016 increase to Mr. Evans’ total target direct compensation as result of his election as Chief Executive Officer. Based on those factors, the Compensation Committee determined not to recommend any changes to Mr. Evans’ total target direct compensation for 2017.

Following a market review of pay practices at our peer group companies and considering changes to the scope of certain officers’ individual responsibilities, the Compensation Committee approved the following increases to the 2017 total target direct compensation levels for our other named executive officers:

Mr. Moss’ total target direct compensation for 2017 was increased by approximately 10%. His base salary and target AIP opportunity were each increased from \$575,000 to \$625,000 and his target LTIP opportunity was increased from \$1,450,000 to \$1,600,000.

Mr. Upchurch’s total target direct compensation for 2017 was increased by approximately 16%. His base salary was increased from \$525,000 to \$570,000, his target AIP opportunity was decreased from \$446,250 to \$427,500 and his target LTIP opportunity was increased from \$925,000 to \$1,202,000.

**Table of Contents**

Ms. Johnson's total target direct compensation for 2017 was increased by approximately 10%. Her base salary was increased from \$515,000 to \$550,000, her target AIP opportunity was increased from \$437,750 to \$467,500 and her target LTIP opportunity was increased from \$960,000 to \$1,082,000.

Mr. Faircloth's total target direct compensation for 2017 was increased by approximately 15%. His base salary was increased from \$510,000 to \$540,000, his target AIP opportunity was increased from \$382,500 to \$405,000 and his target LTIP opportunity was increased from \$895,000 to \$1,105,000.

In October 2017, in connection with Mr. Hytinen's appointment as Chief Financial Officer, the Compensation Committee considered the total target direct compensation opportunity for chief financial officers at our peer group companies, as well as Mr. Hytinen's breadth of experience and skillset. Based on those factors, the Compensation Committee determined to set Mr. Hytinen's base salary at \$600,000, set his target AIP opportunity at \$510,000 and set his target LTIP opportunity at \$1,200,000. In addition, the Compensation Committee approved the payment to Mr. Hytinen of: (i) a transition equity award consisting of restricted stock units having an aggregate value as of the grant date of approximately \$1,000,000, which will vest 33%, 33% and 34%, respectively, on the first, second and third anniversaries of the grant date; and (ii) a transition cash bonus of \$250,000 that must be repaid in the event Mr. Hytinen voluntarily terminates his employment with Hanesbrands prior to the second anniversary of his employment start date.

Our Compensation Committee typically approves, at its December meeting, LTIP awards that are intended to serve as equity incentive compensation for the following fiscal year. On December 12, 2017, the Compensation Committee approved the 2018 LTIP awards. The PSAs and RSUs that comprise the 2018 LTIP awards were granted to the named executive officers on that date. The supplemental table below includes the target value of the 2018 LTIP awards in the row for fiscal year 2018, as this corresponds to the analysis undertaken by the Compensation Committee in determining total target direct compensation. Under SEC rules, however, we are required to include the grant date fair value of equity awards in the fiscal year in which the award is granted. Therefore, in the Summary Compensation Table on page 47, the grant date fair value for the 2018 LTIP awards is included in the stock awards column for fiscal year 2017.

For a discussion of 2018 compensation information reflected in the supplemental table below, see "2018 Compensation Decisions" on page 43.

**Criteria and Metrics for our Compensation Program**

A significant portion of the compensation that our named executive officers may earn is subject to the achievement of Company-wide performance metrics. We believe that the performance of our executive officers is best viewed through their contributions to long-term stockholder value as reflected by achievement of annual performance metrics that our Compensation Committee believes to be drivers of our strategic business plans and stockholder returns. We use quantifiable performance criteria that are easily calculated and easily understood and that reinforce teamwork and internal alignment.

For 2017, the elements of our executive compensation program subject to the achievement of performance metrics consisted of:

the AIP; and  
the PSA portion of LTIP compensation.

Executive officers can earn incentive compensation equal to 10% of their targeted amount for performance at the threshold level, 100% of their targeted amount for performance at the target level and 200% of their targeted amount for performance at or above the maximum level. No incentive compensation is payable if performance is below the threshold level, and incentive compensation is capped at 200% of the target amount. Incentive compensation is payable on a straight line basis for performance between the threshold level and the target level, as well as between the target level and the maximum level.

***In keeping with our pay for performance philosophy, we expect our executive officers to deliver overall results that exceed the target level of performance in order to receive above median market compensation. Performance below the target level of performance may result in below median market compensation.***

**Table of Contents**

The amounts earned by our named executive officers under the performance-based elements of our compensation program are based solely on our performance against pre-established criteria and metrics. The Compensation Committee selects criteria and metrics that have generally remained constant from year to year and that it considers to be key performance drivers that are important to our stockholders and aligned with our long-term business strategy, supplementing those criteria and metrics from time to time as the Compensation Committee deems necessary.

*The Compensation Committee sets growth performance metrics that require consistent year over year improvement in performance rather than performance based on negotiated targets relative to the Company's annual operating plan or public guidance. The Committee believes that this approach to establishing performance metrics has been a significant factor in Hanesbrands' success over the past decade. De-linking performance metrics from public guidance reduces incentive-related risk by focusing our executives on long-term value creation rather than on short-term compensation maximization.*

The performance criteria and metrics approved by the Compensation Committee for 2017 were as follows:

**2017 Performance Criteria and Metrics**

Criteria	Weighting	Threshold	Target	Maximum	FY2017 Results
Net Sales (growth compared to prior year)	20%	0%	3%	6%	7.4%
EPS-XA (growth compared to prior year)*	40%	0%	8%	16%	4.3%
Cash Flow from Operations	40%	\$400 million	\$600 million	\$800 million	\$655.7 million

As in prior years and consistent with the terms of our Omnibus Incentive Plan, in measuring the attainment of EPS-XA growth for 2017, the Compensation Committee excluded the impact of charges for acquisition, integration and other actions, and the cumulative effects of tax or accounting charges, each as identified in our financial statements or other SEC filings. EPS-XA is a non-GAAP financial measure which is used as a performance measure in our executive compensation programs. EPS-XA is defined as EPS excluding actions and the tax effect on actions. On a GAAP basis, EPS was \$0.17 in 2017 and \$1.40 in 2016. We have chosen to provide this non-GAAP financial measure to investors to enable additional analyses of past, present and future performance and as a supplemental means of evaluating company operations absent the effect of acquisition-related expenses and other actions. For a reconciliation to GAAP EPS, see

\* Appendix A.

As a result of our 2017 performance, each of our named executive officers earned, in the aggregate, 114.5% of the target amounts for their performance-based pay opportunities.

**Base Salary**

We pay base salary to attract talented executives and to provide a fixed base of cash compensation for fulfillment of fundamental job responsibilities. The base salaries for our named executive officers are determined based on their experience and the scope of their responsibilities, both on an individual basis and in relation to the experience and scope of responsibilities of other executives. The Compensation Committee also considers the practices of the companies in our peer group. These factors result in different compensation levels among the named executive officers. Base salaries are adjusted periodically (but generally not every year) as part of the Compensation Committee's annual review of total target direct compensation to reflect individual responsibilities, performance and experience, as well as market compensation levels.

**Annual Incentive Plan (AIP)**

The AIP is designed to motivate performance by linking a portion of our named executive officers' compensation to the achievement of key annual results.

As discussed in "Criteria and Metrics for our Compensation Program" on page 39 the performance criteria for the AIP for 2017 were net sales growth, EPS-XA growth and cash flow from operations. As a result of our 2017 performance, each of our named executive officers earned AIP payments at 114.5% of their target amounts.

**Table of Contents**

**Long-Term Incentive Program (LTIP)**

The Compensation Committee currently uses equity grants as the primary means of providing long-term incentives to our named executive officers. These LTIP awards are designed to encourage behaviors that drive the long-term growth, profitability and financial success of the Company, align executives' interests with our stockholders and support retention objectives. As discussed in "Criteria and Metrics for our Compensation Program" on page 39, the performance criteria for the PSAs included in the LTIP awards for 2017 were net sales growth, EPS-XA growth and cash flow from operations.

For 2017, two types of LTIP grants were awarded to our named executive officers:

PSAs; and  
time-vested RSUs.

For 2017, 50% of the value of the LTIP opportunity consisted of PSAs and 50% of the value consisted of RSUs.\* The terms of these awards are described below:

The actual value realized by our named executive officers as result of their 2017 PSA and RSU grants will depend on our stock price on the respective vesting  
\* date of each award.

HANESBRANDS INC. 41

## **Table of Contents**

Our Compensation Committee typically approves, at its December meeting, LTIP awards that are intended to serve as equity incentive compensation for the following fiscal year. On December 13, 2016, the Compensation Committee approved the 2017 LTIP awards, and the PSAs and RSUs that comprise the 2017 LTIP awards were granted to the named executive officers on such date. Pursuant to SEC rules we are required to include the grant date fair value of equity awards in the fiscal year in which the award is granted. Therefore, in the Summary Compensation Table on page 47, the grant date fair value for the 2017 LTIP awards is included in the stock awards column for fiscal year 2016.

The Compensation Committee believes that setting performance criteria and metrics annually for performance-based equity awards, with a three-year vesting period, is the most effective approach for our LTIP. As a large multinational apparel company, Hanesbrands' operating results can be significantly impacted by changing macroeconomic and regional economic factors. These economic factors, as well as the rapidly evolving retail industry, make it difficult to forecast operating plans accurately over an extended period of time. By combining a three-year vesting period for LTIP awards with a mandatory one-year holding period following vesting (and policies prohibiting hedging or pledging of such shares), the value of our executives' LTIP awards are tied to changes in our stock price, and therefore at-risk, for a significant period of time. The Compensation Committee believes this design provides an effective way to link executive compensation to long-term stockholder returns.

### **Post-Employment Compensation**

Our named executive officers are eligible to receive post-employment compensation pursuant to the Hanesbrands Inc. Pension Plan (the "Pension Plan") and our defined contribution retirement program, which consists of the Hanesbrands Inc. Retirement Savings Plan (the "401(k) Plan") and the Hanesbrands Inc. Supplemental Employee Retirement Plan (the "SERP"), and pursuant to Severance/Change in Control Agreements, or "Severance Agreements." Each of these arrangements is discussed below.

### **Pension Plan**

The Pension Plan is a defined benefit pension plan under which benefits have been frozen since December 31, 2005, intended to be qualified under Section 401(a) of the Internal Revenue Code, that provides the benefits that had accrued for any of our employees, including our named executive officers, as of December 31, 2005 under a plan maintained by our former parent company prior to our becoming an independent public company. Because the Pension Plan is frozen, no additional employees became participants in the Pension Plan after December 31, 2005, and existing participants in the Pension Plan do not accrue any additional benefits after December 31, 2005.

### **Defined Contribution Retirement Program**

Our defined contribution retirement program consists of the 401(k) Plan and the SERP.

Under the 401(k) Plan, our named executive officers and generally all full-time domestic exempt and non-exempt salaried employees may contribute a portion of their compensation to the plan on a pre-tax basis and receive a matching employer contribution of up to a possible maximum of 4% of their eligible compensation not in excess of certain dollar limits mandated by the Internal Revenue Code. In addition, we may make a discretionary employer contribution to exempt and non-exempt salaried employees of up to an additional 4% of their eligible compensation.

The SERP is a nonqualified supplemental retirement plan that provides two types of benefits:

First, the "Defined Contribution Component" of the SERP provides for employer matching and discretionary contributions to employees whose compensation exceeds a threshold set by the Internal Revenue Code. Although, as described above, the 401(k) Plan provides for employer contributions to our named executive officers at the same percentage of their eligible compensation as provided for all employees who participate in the 401(k) Plan, compensation and benefit limitations imposed on the 401(k) Plan by the Internal Revenue Code generally prevent us from making the entire amount of the employer matching and discretionary contributions contemplated by the 401(k) Plan with respect to any employee whose compensation exceeds a threshold set by Internal Revenue Code provisions, which was \$270,000 for 2017. The SERP provides to those employees whose compensation exceeds this threshold, including our named executive officers, benefits that would be earned under the 401(k) Plan but for these limitations.

Second, the "Defined Benefit Component" of the SERP provides benefits consisting of those supplemental retirement benefits that had been accrued as of December 31, 2005 under a plan maintained by our former parent company prior to our becoming an independent public company.

## Table of Contents

### Severance Agreements

We have entered into Severance Agreements with all of our named executive officers. Severance Agreements help us attract and retain key talent and also provide important protections to us by discouraging our key executives from competing with us or soliciting our customers or employees for a specified period of time following termination. The Severance Agreements provide our named executive officers with benefits upon the involuntary termination of their employment other than for wrongful behavior or misconduct. The Severance Agreements also contain change in control benefits for these officers to help keep them focused on their work responsibilities during the uncertainty that accompanies a potential change in control and provide benefits for a period of time after a change in control transaction. We believe the levels of benefits offered by the Severance Agreements are appropriate and competitive. Compensation that could potentially be paid to our named executive officers pursuant to the Severance Agreements is described under “Potential Payments upon Termination or Change in Control” on page 55. Each agreement continues in effect unless we give at least 18 months’ prior written notice that the agreement will not be renewed. In addition, if a change in control occurs during the term of the agreement, the agreement will automatically continue for two years after the end of the month in which the change in control occurs.

### Benefit Plans and Arrangements

Our named executive officers are eligible to participate in certain of our other employee benefits plans and arrangements. These consist of the Hanesbrands Inc. Executive Deferred Compensation Plan (the “Executive Deferred Compensation Plan”), the Hanesbrands Inc. Executive Life Insurance Plan (the “Life Insurance Plan”), and the Hanesbrands Inc. Executive Disability Plan (the “Disability Plan”). In general, these benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death and to enable executives to save for future financial needs in a tax efficient manner.

Under the Executive Deferred Compensation Plan, a group of approximately 235 U.S.-based employees, generally at the director level and above, including our named executive officers, may defer receipt of cash and equity compensation. This benefit offers tax advantages to eligible employees, permitting them to defer payment of their compensation and defer taxation on that compensation until a future date.

The Life Insurance Plan provides life insurance benefits to a group of approximately 75 U.S.-based employees, generally at the level of vice president or above, including our named executive officers, who contribute materially to our continued growth, development and future business success. The Life Insurance Plan, which includes both a death benefit and a cash value, provides life insurance coverage during active employment in an amount equal to three times annual base salary, and, depending on the performance of investments in the plan, may offer continuing coverage following retirement. The Life Insurance Plan also provides executives with the opportunity to make voluntary, after-tax contributions that may be allocated by the executive into a range of investment options.

The Disability Plan provides long-term disability benefits for a group of approximately 75 U.S.-based employees, generally at the level of vice president and above, including our named executive officers. If an eligible employee becomes totally disabled, the program will provide a monthly disability benefit equal to 1/12 of the sum of (i) 75% of the employee’s annual base salary up to an amount not in excess of \$500,000 and (ii) 50% of the three-year average of the employee’s annual short-term incentive payments up to an amount not in excess of \$250,000. The maximum monthly disability benefit is \$41,667 and is reduced by any disability benefits that an employee is entitled to receive under Social Security, workers’ compensation, a state compulsory disability law or another plan of Hanesbrands providing benefits for disability.

### 2018 Compensation Decisions

In December 2017, using the methodology discussed under “How We Make Executive Compensation Decisions” on page 35, the Compensation Committee determined the total target direct compensation levels of our executive officers for 2018, as well as the relative mix of base salary, AIP opportunity and LTIP opportunity for those executives.

***In selecting the performance criteria and metrics for 2018, the Committee decided to (i) add organic sales growth as a new performance metric and (ii) increase the threshold, target and maximum levels for the Company’s cash flow from operations metric.***

**Table of Contents**

When setting Mr. Evans' total target direct compensation level for 2018, the Compensation Committee considered the total compensation opportunity for chief executive officers at our peer group companies, as well as our operating performance and returns to stockholders. Based on those factors, the Compensation Committee determined to increase Mr. Evans' total target direct compensation for 2018 by approximately 6%. No changes were made to his base salary or target AIP opportunity, but his target LTIP opportunity was increased from \$5,725,000 to \$6,250,000.

Following a market review of pay practices at our peer group companies and considering changes to the scope of certain officers' individual responsibilities, the Compensation Committee approved the following increases to the total target direct compensation levels for our other named executive officers:

Mr. Upchurch's total target direct compensation for 2018 was increased by approximately 5%. No changes were made to his base salary or target AIP opportunity, but his target LTIP opportunity was increased from \$1,202,000 to \$1,302,000.

Ms. Johnson's total target direct compensation for 2018 was increased by approximately 5%. No changes were made to her base salary or target AIP opportunity, but her target LTIP opportunity was increased from \$1,082,000 to \$1,182,000.

Mr. Faircloth's total target direct compensation for 2018 was increased by approximately 7%. His base salary was increased from \$540,000 to \$560,000, his target AIP opportunity was increased from \$405,000 to \$420,000 and his target LTIP opportunity was increased from \$1,105,000 to \$1,205,000.

No changes were made to Mr. Hytinen's total target direct compensation for 2018.

With respect to the named executive officers' 2018 LTIP opportunity, the Compensation Committee again determined that 50% of the LTIP opportunity will consist of PSAs and 50% of the LTIP opportunity will consist of RSUs.

The Compensation Committee determined to continue the overall structure of the AIP and LTIP for 2018. The PSAs and RSUs for 2018 were granted on December 12, 2017. As a result, these awards are reflected in the Grants of Plan-Based Awards table on page 49 and the full grant date value of these awards is included for 2017 in the Summary Compensation Table on page 47, even though the Compensation Committee views these as the 2018 LTIP award.

The Compensation Committee also approved performance criteria and metrics for 2018 that will be used to determine the amounts earned by our named executive officers under their performance-based pay opportunities. Our named executive officers can earn performance-based compensation equal to 10% of their targeted amount for performance at the threshold level, 100% of their targeted amount for performance at the target level and 200% of their targeted amount for performance at or above the maximum level. No performance-based compensation is payable if performance is below the threshold level, and incentive compensation is capped at 200% of the target amount. Performance-based compensation is payable on a straight-line basis for performance between the threshold level and the target level, as well as between the target level and the maximum level.

**Table of Contents**

The Compensation Committee again selected performance criteria and metrics that are key drivers of the Company's long-term business strategy and that require consistent year over year improvement in Company performance rather than performance based on negotiated targets relative to the Company's annual operating plan or public guidance. The performance criteria and metrics for 2018 are as follows:

Criteria	Weighting	Threshold	Target	Maximum
Net Sales (growth compared to prior year)	10%	0%	3%	6%
Organic sales (growth compared to prior year)*	10%	0%	1%	2%
EPS-XA (growth compared to prior year)	40%	0%	8%	16%
Cash flow from operations	40%	\$500 million	\$700 million	\$900 million

\* Organic sales is defined as net sales excluding contributions from acquisitions.

In selecting the performance criteria and metrics for 2018, the Committee decided to (i) add organic sales growth as a new performance metric and (ii) increase the threshold, target and maximum levels for the Company's cash flow from the operations metric. The Compensation Committee decided to retain net sales growth and EPS-XA growth as performance metrics for 2018 because the Committee believes that these measures remain effective tools for increasing stockholder value by incorporating aspects of growth, profitability and capital efficiency.

**Additional Information****Consideration of Prior Stockholder Advisory Vote on Executive Compensation**

At our 2017 Annual Meeting of Stockholders, our stockholders had the opportunity to cast an advisory "say on pay" vote on our executive compensation. Our stockholders overwhelmingly approved the compensation of our named executive officers as disclosed in the proxy statement for that meeting with over 93% support. Our Board of Directors, and the Compensation Committee in particular, considered this strong level of support, as well as the executive compensation programs of our peer group of companies, our past operating performance and planned strategic initiatives, in making the determination that the fundamental characteristics of our executive compensation program should continue this year.

**No Tax Gross-Ups**

We do not increase payments to any executive officer to cover non business-related personal income taxes, other than the personal income taxes due on relocation reimbursements, which is provided under a broad-based program. Beginning December 1, 2010, we eliminated excise tax gross-ups with respect to new or amended severance or change-in-control agreements.

**Clawbacks and Recoupment**

The Compensation Committee has adopted a clawback policy in order to further align the interests of employees with the interests of our stockholders and strengthen the link between total compensation and the Company's performance. Under this policy, in the event we are required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, we may, in the discretion of the Compensation Committee (as it applies to current or former executive officers) or the Chief Executive Officer (as it applies to any other employee), seek to recover, from any employee who received cash-based or equity-based incentive compensation during the three-year period preceding the date on which we are required to prepare an accounting restatement, the amount by which such person's cash-based or equity-based incentive compensation for the relevant period exceeded the lower payment that would have been made based on the restated financial results.

**Stock Ownership and Retention Guidelines**

We believe that our executives should have a significant ownership position in Hanesbrands. To promote such equity ownership and further align the economic interests of our executives with our stockholders, we have adopted stock ownership guidelines for our key executives, including our named executive officers.

Our Chief Executive Officer is required to own Hanesbrands stock valued at six times his annual base salary; all other named executive officers are required to own Hanesbrands stock valued at three times his or her base salary. Until the requirements of the stock ownership guidelines are met, an executive is required to retain 50% of any shares received (on a net after-tax basis) under our stock-based compensation plans. Our named executive officers and other key executives have a substantial portion of their incentive

## **Table of Contents**

compensation paid in the form of our common stock. In addition to shares directly held by a key executive, shares held for such executive in the 401(k) Plan, the Executive Deferred Compensation Plan and the SERP, including hypothetical share equivalents held in the latter two plans, are counted for purposes of determining whether the ownership requirements are met. All of our named executive officers are in compliance with these stock ownership and retention guidelines.

The Compensation Committee has also implemented a policy that requires all Hanesbrands employees, including our named executive officers, to hold any net shares of Hanesbrands stock that they receive through the exercise of stock options (in the case of options granted after December 1, 2010) or the vesting or lapse of restrictions on restricted stock units or other equity awards for at least one year from the date of exercising, vesting or lapse, as applicable; provided, however, that this requirement does not apply to any employee of the Company whose employment terminates or who becomes totally disabled. For purposes of this policy, “net shares” means the number of shares obtained by the executive less any shares sold by the executive to cover the exercise price and brokerage costs of exercising an option or withheld by the Company to cover applicable income tax and employment tax withholding requirements.

### **Prohibitions on Pledging, Hedging and Other Derivative Transactions**

Under our insider trading policy, directors and executive officers, including our named executive officers, are required to clear in advance all transactions in our securities with Hanesbrands’ law department. Further, no director, executive officer or other employee is permitted to (i) pledge or margin our securities as collateral for a loan obligation, (ii) engage in “short sales” or “sales against the box” or trade in puts, calls or other options on our securities or (iii) purchase any financial instrument or contract that is designed to hedge or offset any risk of decrease in the market value of our securities. These provisions are part of our overall program to prevent any of our directors, officers or employees from trading on material non-public information.

### **Compensation Risk Assessment**

The Compensation Committee, in consultation with FW Cook, annually reviews our current compensation policies and practices and believes that, in light of their overall structure, the risks arising from such compensation policies and practices are not reasonably likely to have a material adverse effect on us.

Some of the key factors supporting the Compensation Committee’s conclusion include: (i) a reasonable degree of balance with respect to the mix of cash and equity compensation and short- and longer-term performance focus; (ii) the use of multiple performance criteria in our AIP and LTIP awards; (iii) multiple year vesting for equity awards; (iv) robust executive and non-employee director stock ownership guidelines; (v) an insider trading policy that includes prohibitions on hedging and pledging of our stock; (vi) holding period requirements on earned equity awards; and (vii) an incentive compensation clawback policy.

### **Tax Treatment of Certain Compensation**

Previously, Section 162(m) of the Internal Revenue Code limited the tax deductibility of certain compensation paid to our Chief Executive Officer and our three other named executive officers, other than our Chief Financial Officer, with the highest total compensation. That provision disallowed the deductibility of certain compensation in excess of \$1 million per year unless it was considered performance-based compensation under the Internal Revenue Code. As a result, we historically adopted policies and practices that were intended to qualify our AIP payments and PSAs as performance-based compensation under Section 162(m) and ensure the maximum possible tax deduction.

However, on December 22, 2017, the U.S. federal government enacted the Tax Cuts and Jobs Act, which substantially modifies the Internal Revenue Code and, among other things, does away with the performance-based compensation exception under Section 162(m). As a result, we expect that, in 2018 and beyond, we will no longer be able to deduct any compensation amounts over \$1 million paid to any of our current or former named executive officers unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

In making decisions about executive compensation, we continue to consider the impact of other regulatory provisions, including the provisions of Section 409A regarding non-qualified deferred compensation and the “golden parachute” provisions of Section 280G of the Internal Revenue Code. For example, we have attempted to structure the Severance Agreements so that they will not result in adverse tax consequences under Section 409A. We also consider how various elements of compensation will impact our financial results. In this regard, we consider the impact of applicable stock compensation accounting rules, which determine how we recognize the cost of employee services received in exchange for awards of equity instruments.

## Management's Discussion and Analysis of Financial Condition and Results of Operations

### Non-Performing Assets

Non-performing assets (nonaccrual loans, real estate owned and repossessions) totaled approximately \$5.9 million at September 30, 2004, compared to \$7.4 million at December 31, 2003. These levels as a percentage of total assets represented 0.74% and 1.06% respectively.

Flag has a loan review function that continually monitors selected accruing loans for which general economic conditions or changes within a particular industry could cause the borrowers financial difficulties. The loan review function also identifies loans with high degrees of credit or other risks. The focus of loan review is to maintain a low level of non-performing assets and to return current non-performing assets to earning status.

Flag's credit quality has improved significantly over the past few years. This is due to several factors including a stricter credit culture that focuses more heavily on the quality of the borrower's financial condition and collateral values. In addition, Flag's expansion into lending in Metro Atlanta presents more credit opportunities than in the Company's past, allowing the company to be more selective in the credit approval process without hampering or slowing the growth in loans outstanding.

## Management's Discussion and Analysis of Financial Condition and Results of Operations

### Results of Operations for the Three Month Periods Ended September 30, 2004 and 2003

**Net income** - Net income for the quarter ended September 30, 2004 was \$1.7 million or \$0.19 per diluted share, compared to \$1.5 million or \$0.17 per diluted share for the quarter ended September 30, 2003. Flag's return on average assets was 0.87% and 0.98% for the third quarter of 2004 and 2003, respectively, while return on equity was 10.21% and 9.70% on average equity of \$65.0 million and \$63.8 million for the same quarters.

**Interest income** - Interest income for the quarter ended September 30, 2004 was \$10.8 million, an increase of \$1.5 million or 16.7% compared to the same quarter in 2003. Interest income and fees on loans in the current quarter increased \$1.8 million, or 22.7%, to \$9.5 million compared to the same quarter in 2003. Average loans for the period increased \$160.4 million or 39.5% while the average yield decreased to 6.66% from 7.07% during the third quarter of 2003. Fees on loans for the current quarter totaled \$1.3 million compared to \$1.1 million for the same quarter in 2003. Interest income on investment securities declined by \$206,000 during the third quarter of 2004 compared to the third quarter of 2003 as the average balance of investment securities decreased from \$127.4 million in 2003 to \$110.0 million in the current period. Interest on federal funds sold and interest bearing deposits in other banks decreased by 4.7% during the third quarter of 2004 to \$121,000 as Flag's strong loan demand allowed the Company to maintain lower levels of short term liquidity than in the same period in 2003. Average balances for federal funds sold and interest-bearing deposits as of September 30, 2004 and September 30, 2003 were \$27.8 million and \$28.6 million, respectively, reflecting a 2.8% decrease during the twelve-month period.

Yields on earning assets declined by 34 basis points or 5.3% during the quarter ended September 30, 2004 when compared to the third quarter of 2003. Yields on earning assets for the current quarter were 6.05% compared to 6.39% for the same period in 2003.

**Interest expense** - Interest expense for the third quarter of 2004 was \$3.2 million, an increase of \$675,000 over the same quarter in 2003. Interest expense has moved in a relative fashion with total funding, which increased 23.5% from \$584.3 million at September 30, 2003 to \$721.9 million at September 30, 2004. Higher rates on deposit accounts due to sales efforts and an increasing rate environment also contributed to the increase in interest expense for the period. Demand deposits (interest-bearing and non-interest bearing) comprised 50.3% of total funding at September 30, 2004 compared to 48.9% at September 30, 2003. In addition to higher levels of funding and higher rates of interest, the current quarter's level of interest expense includes interest on the Company's trust preferred debentures which were issued during the second quarter of 2004. Interest on the debentures during the third quarter was \$159,900, accounting for 23.7% of the increase in interest expense for the current quarter.

**Net interest income** - Net interest income for the quarter ended September 30, 2004 was \$7.6 million, an increase of 12.9% from the quarter ended September 30, 2003. Flag's net interest margin (net interest income divided by average earning assets) decreased from 4.67% to 4.28% on average earning assets of \$710.8 million and \$575.3 million for the quarters ended September 30, 2004 and September 30, 2003, respectively. Assets per employee at September 30, 2004 was \$3.14 million compared to \$2.68 million at September 30, 2003. Deposits per branch office have increased from \$33.6 million at September 30, 2003 to \$41.5 million at September 30, 2004.

**Provision for loan losses** - Flag's provision for loan losses for the third quarter of 2004 was \$375,000, the same as the third quarter a year ago. Although loans have increased substantially during the past year, Flag's overall credit quality has improved substantially as discussed in the credit quality sections titled "Provision and Allowance for Possible Loan and Lease Losses" and "Non-Performing Assets."

**Non-interest income** - Non-interest income for the quarter ended September 30, 2004 totaled \$2.3 million, a decrease of \$78,000 compared to the quarter ended September 30, 2003. Flag's income from mortgage banking activities declined from \$1.1 million in the third quarter of 2003 to \$744,000 in the third quarter of 2004 as mortgage interest rates in the current period were not as favorable as in 2003. Decreases in mortgage banking revenue were almost completely offset by increases in service charges of \$96,000, increases in insurance and brokerage commissions of \$113,000 and increases in other miscellaneous income of \$113,000.

**Non-interest expense** - Non-interest expense for the third quarter of 2004 totaled \$7.3 million compared to \$6.5 million in the same quarter of 2003. Most of the increase in non-interest expenses was in salaries and benefits, which increased 13.7% from \$3.9 million in 2003 to \$4.5 million in 2004. This increase in salaries and benefits relates mostly to Flag's continued recruiting efforts for lending and treasury sales staff in the Metro Atlanta region. Occupancy expense increased \$149,000 to \$974,000 for the third quarter of 2004 as compared to the third quarter of 2003. During the third quarter of 2004, Flag opened a branch office in Newnan, Georgia and purchased three loan production offices (mortgage and construction lending) in Duluth, Macon and Warner Robins, Georgia. Smaller increases during the quarter in professional fees and supplies expense were offset by savings in communications and data expenses.

---

**Income taxes** - Income tax expense for the quarter ended September 30, 2004 totaled \$571,000 compared to \$685,000 for the same quarter of 2003. Flag's effective tax rate was 25.6% and 30.7% for the third quarters of 2004 and 2003, respectively. Flag's lower effective tax rate during the current quarter relates to certain state income tax credits taken during the third quarter of 2004.

## Management's Discussion and Analysis of Financial Condition and Results of Operations

### Results of Operations for the Nine Month Periods Ended September 30, 2004 and 2003

**Net income** - Net income for the nine-month period ended September 30, 2004 was \$5.7 million or \$0.63 per diluted share compared to net income of \$4.6 million or \$0.51 per diluted share for the same period in 2003.

**Interest Income** - Total interest income for the nine-month period ending September 30, 2004 increased by 12.9% to \$30.6 million. Interest and fees on loans increased from \$22.2 million during the first nine months of 2004 to \$26.3 million for the same period in 2003, an increase of 18.5%. Average earning assets for the first nine months of 2004 were \$675.6 million compared to \$572.8 million for the first nine months of 2003. Loans (including loans held for sale) averaged 77.4% of average earnings assets for 2004 compared to 70.1% for 2003. The positive effect of the growth in earning assets was offset partially by decreasing yields on earning assets. Yields on earning assets decreased 28 basis points or 4.4% from 6.32% through September 30, 2003 to 6.04% through September 30, 2004.

**Interest Expense** - Interest expense increased \$480,000 from September 30, 2003 to \$8.4 million at September 30, 2004, an increase of 6.0%. Average total funding increased \$93.9 million to \$658.6 million at September 30, 2004. Flag's total cost of funding for the nine-month period ending September 30, 2004 was 1.82% compared to 1.88% for the same period in 2003. Flag's lower cost of funds during the first nine months of 2004 than for the same period in 2003 was due to lower wholesale funding costs as well as continued savings on customer CDs at renewal.

**Net interest income** - Net interest income for the nine-month period ended September 30, 2004 totaled \$22.1 million, an increase of 15.7% over the same period in 2003. Flag's net interest margin for the first nine months of 2004 was 4.38% compared to 4.47% for the same period in 2003.

**Provision for loan losses** - Flag's provision for loan losses in the first nine months of 2004 amounted to \$1,470,000, compared to \$946,000 for the same period in 2003. Flag's larger provision for the nine-month period is due mostly to a special charge for specific credits taken in the first quarter of 2004 of \$345,000. See **Critical Accounting Policies** and **Allowance for Possible Loan and Lease Losses**.

**Non-interest income** - Non-interest income totaled \$9.5 million for the nine-month period ending September 30, 2004. This increase of \$1.2 million or 14.6% relates primarily to the \$3.0 million gain recognized on the sale of Flag's Thomaston, Georgia branch during the first quarter of 2004. Service charges on deposit accounts improved to \$2.8 million in the first nine months of 2004, an increase of 8.7%. Revenues from mortgage banking activities during the quarter were \$1.9 million, a decrease from \$3.5 million during the same period in 2003. Flag anticipated a decline in this income as interest rates during most of 2003 were very favorable and provided many homeowners with refinance opportunities. Flag's other income decreased by \$1.1 million in the first nine months of 2004 as compared to the same period in 2003, due primarily to the sale and leaseback of Flag's Dunwoody, Georgia branch facility during the first half of 2003, which resulted in a one-time gain of \$922,000.

**Non-interest expense** - Non-interest expense for the nine-month period ending September 30, 2004 totaled \$22.0 million, an increase of \$2.1 million from the same period in 2003. Included in the \$22.0 million for 2004 are expenses totaling \$635,000 directly related to the sale of Flag's Thomaston, Georgia branch and \$376,000 of benefit plan expense that related to director and officer plans under a recent accounting interpretation by various regulatory agencies. On a recurring basis, Flag's operating expenses for the nine month period ended September 30, 2004 represent an increase of only 2.15% over the same period in 2003, despite continued success at improving the depth of bankers in Atlanta based lending, treasury and deposit sales functions.

**Provision for income taxes** - Flag's provision for income taxes during the first nine months of 2004 amounted to \$2.5 million for an effective tax rate of 30.7%. During the first nine months of 2003, Flag recorded an income tax expense of approximately \$2.1 million for an effective rate of 31.0%. The slight decrease in Flag's effective tax rate relates to the use of certain state tax credits in 2004 that were not available to the Company in 2003.

## **Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

As of September 30, 2004, there were no substantial changes in the composition of Flag's market-sensitive assets and liabilities or their related market values from that reported as of December 31, 2003. See, however, Management's Discussion and Analysis of Financial Condition and Results of Operations Market Rate Sensitivity for information regarding three cash flow hedges that the Company acquired in 2004. The foregoing disclosures related to the market risk of Flag should be read in conjunction with Flag's audited consolidated financial statements, related notes and management's discussion and analysis of financial condition and results of operations for the year ended December 31, 2003 included in Flag's 2003 Annual Report on Form 10-K.

### **Item 4. Controls and Procedures**

As of the end of the period covered by this report, Flag carried out an evaluation, under the supervision and with the participation of Flag's management, including Flag's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of Flag's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, Flag's Chief Executive Officer and Chief Financial Officer concluded that Flag's disclosure controls and procedures are effective in timely alerting them to material information relating to Flag (including its consolidated subsidiaries) that is required to be included in Flag's periodic filings with the Securities and Exchange Commission. There have been no significant changes in Flag's internal controls or, to Flag's knowledge, in other factors that could significantly affect those internal controls subsequent to the date Flag carried out its evaluation, and there have been no corrective actions with respect to significant deficiencies or material weaknesses.
