PART I

Item 1. Description of Business

Business Development

We were incorporated in the State of Delaware under the name 51142 Inc. on February 2, 2005 as a blank check company to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. On July 8, 2005, pursuant to the terms of a Stock Purchase Agreement, Signet Entertainment Corporation, a Florida corporation, purchased all of our issued and outstanding common stock for cash consideration of \$36,000. Subsequently, we changed our name to Signet International Holdings, Inc.

On September 8, 2005, pursuant to a Stock Purchase Agreement and Share Exchange by and among us, Signet Entertainment Corporation, and the shareholders of Signet Entertainment Corporation ("Shareholders"), we acquired all of the then issued and outstanding preferred and common shares of Signet Entertainment Corporation for a total of 3,421,000 common shares and 5,000,000 preferred shares of our stock which was issued to the Signet Entertainment Corporation shareholders. Pursuant to the agreement Signet Entertainment Corporation became our wholly owned subsidiary.

Business of Issuer

Our wholly owned subsidiary, Signet Entertainment Corporation ("SIG"), was incorporated on October 17, 2003 for the purpose of launching a "gaming and entertainment" television network. We will purchase, lease, and employ the apparatus, equipment, and personnel necessary to establish the network. The network will cover major Poker and Blackjack tournaments as well as other major high stakes casino games. The network will also cover via satellite and cable other sports events such as horse racing and selected global events which have a sports and entertainment format. SIG's largest source of revenue will come from advertising, specifically from various resorts and casinos, and sporting sites in North and South America, Europe, Asia and Africa. SIG will realize income from infomercials and sports and entertainment programming that offer subject matter that are all-encompassing to the network's format. Signet International Holdings, Inc. does not have international operations.

It is our opinion that we are not a blank check company as defined in Rule 419 under the Securities Act of 1933 (as amended) since we have conducted operating activities and have taken affirmative steps in the operation of our business. Our primary business plan is that of a television broadcasting company. Part of our business plan includes the acquisition of other LPTV stations, however, any such acquisition would be contemplated only so far as such acquisition would further our business plan to launch a television broadcasting company. Please note that the only business acquisitions will be solely of LPTV stations or other broadcast properties and that we will not enter into any agreement that will result in a change of control. We will not enter into any acquisition that requires Mr. Letiziano, our sole officer and director, to give up voting control of our stock or requires his resignation as our officer or director.

In the event we acquire other entities in the future, Mr. Letiziano will maintain his ownership interest as well as his positions with us as full-time Chief Executive Officer and majority stockholder.

General

In order to implement its purpose of launching a gaming and entertainment television network, SIG entered into agreements with Triple Play Media Management, Inc. (“Triple Play”) and Big Vision, Inc. (“Big Vision”). Pursuant to the agreements, Triple Play will operate our facilities and provide programming content. Triple Play will produce television shows (programs) in the gaming and entertainment genre. Triple Play will also negotiate with rights-holders of old re-run television shows and provide these shows for additional programming. Big Vision will provide the equipment and technology to establish the facility.

Pursuant to our Management Agreement with Triple Play, Triple Play has agreed to manage and operate our facility in exchange for financial and administrative support of its ready-to-launch, new television network, “The Gaming & Entertainment Network.” In essence, we will provide the facilities, while Triple Play will provide the management of such facilities as well as programming content. We will pay Triple Play a management fee of 12% each year, provided we realize a minimum pre-tax net profit of 25%. In addition, we will provide an allowance for costs related to licensing, permits, and other fees related to broadcasting equal to one-half percent of total gross revenues. In exchange, we will receive 87.5% of Triple Play’s gross revenues less operating expenses.

Our Management Agreement with Big Vision provides for the use by us of Big Vision’s equipment and property for the staging of our facility. In exchange for use of the facilities, we will pay a service fee to Big Vision on a “most favored nation” basis for the first year of our operations. “Most favored nation” basis is a term used in the TV Production Industry to indicate that the rates charged by producers (in this case Big Vision) will be below fair-market rates, or at “wholesale” costs. In essence, in our first year, we will pay Big Vision a fee equal to its costs in providing the equipment and facilities. After the initial year, we will pay Big Vision industry standard rates plus an additional 15%.

In addition, to further the launch of our gaming and entertainment television network we purchased the exclusive rights to 20 titled half hour screen plays representing original programming from FreeHawk Productions, Inc. The Company's agreement with FreeHawk dated April 13, 2006 provides for the purchase by Signet of the exclusive rights to 20 half-hour TV screen plays each with an additional 13 episodes. FreeHawk was to receive \$450,000 in cash and 550,000 shares of Signet common stock over a minimum of 36 months payments to be made subject to delivery of the screen plays as scheduled by Signet. On August 19, 2006, by mutual agreement, Signet and FreeHawk rescinded this agreement because the agreement called for the payment of funds and stock which we can not pay until such time as our shares are trading and we can receive additional financing. Therefore, the parties mutually agreed that the agreement was premature and therefore the agreement was rescinded without the payment of any cash or stock to FreeHawk by us. We intend to enter into a restructured agreement, at such time as we are a public company and can raise the necessary capital. At this time, there are no discussions to restructure the agreement.

Furthermore, we intend to acquire Low-Powered Television (LPTV) stations as a means for distributing our programming to viewers. Currently, we do not own any LPTV stations or other broadcast properties, nor do we own or have control over an FCC licenses to operate any LPTV stations. We believe that LPTV affords an opportunity for entry into television broadcasting and has permitted fuller use of the broadcast spectrum. LPTV stations offer national advertisers highly defined audiences;. As advertisers search for ways to reach targeted demographic groups, we believe LPTV stations will become an increasingly important part of their advertising strategy. We plan on targeting LPTV stations that are sanctioned by the Federal Communication Commission with current and clear license to operate and feature: Class A rating, high-distribution (high number of TV households), favorable market location, up-to-date equipment, tower delivery systems, and studio properties.

Programming

Triple Play Media Management, Inc.

Triple Play's programming niche is "gaming." Presently, there are no channels formatted exclusively for the gaming customer whose interest is focused on the vast variety of gaming activities, domestically as well as internationally, including "sports and entertainment." This type of network is unique to the television industry

The Gaming & Entertainment Network will cover major poker and blackjack tournaments and high stakes major table games, especially those from Hong Kong, South America and the Outback of Australia. The activities in the Las Vegas, Reno and Laughlin, Nevada areas, and various Florida venues alone, host high stakes tournaments on a daily basis. Triple Play will produce domestic and international feeds covering thoroughbred and quarter-horse racing; coverage of fluctuation and trends within sports books from selected locations around the world; scheduled hourly updating of betting lines on sporting events; and a remote coverage of all betting sports, to delivering our personal insight and commentary, live from the sites of origination. Handicapping shows will feature the "how-to" of betting, who's betting, and why.

Along with, and part of, the gaming and sports coverage, Triple Play will offer shows exploring the insights of the hotel and casino business; offer original formatted airing of special events taking place in the hotels and casinos around the world, including profiles of the shows and headliners, their acts and silhouetting behind the scenes action. Triple Play will feature a newly developed format called "Dialing for Dollars, Satellite Pay Per View Bingo."

Our agreement with Triple Play provides that we will pay management fees in the amount of 12% provided that we realize a minimum pre tax net profit of 25%. We also will provide an allowance for costs of licenses and permits for international airwaves and feeds, duties and taxes, satellite transmission links, down links, including earth stations in the amount of ½ % (one-half of one percent) of the total gross revenues. In addition, as further consideration for Richard Grad's agreement for Triple Play's exclusive services, we paid Mr. Grad a signing bonus of \$50,000 upon funding of the our offering. We are also obligated to pay the following compensation each year during the entire term of the agreement, including extensions thereto: guaranteed payment of \$200,000 per year payable to Richard Grad. This amount will be payable at the beginning of each month at the rate of twelve equal installments. We will also provide Mr. Grad with an allowance of \$1,500 for moving and relocating expenses. In addition, we will provide Mr. Grad with personal life, health dental, vision and accident insurance. Mr. Grad owns approximately 401,000 shares (or 10%) of our common stock.

Other Programming

In addition to the programs produced by Triple Play, we intend to produce our own original programming and air infomercials during off-peak hours.

On April 13, 2006 we purchased the exclusive rights to 20 titled half hour screen plays representing original programming. This contract was later rescinded on August 19, 2006 by mutual agreement of the parties.

Big Vision, Inc.

In addition to the exclusive contract with Triple Play whose primary purpose is creating original programming, distribution and international sales and satellite delivery systems, we executed a long-term contract on July 22, 2005 with Big Vision, Inc. whose primary purpose is television production, transmitting and ground crew pick up.

Big Vision is a Las Vegas, Nevada based video production company with over 22,000 square feet in the heart of Las Vegas which offers all TV production amenities required of any variety of television programming. Big Visions also owns a 12,000 square feet facility in Burbank, CA serving clients nationwide and abroad.

Big Vision is best known for its production mobile facilities which will be used to support Triple Play. Big Vision's services range from original video production to providing the technical management, professional crewing and equipment for major broadcast series and events. It has recently added a sophisticated sound delivery system and a complete line of High Definition delivery techniques with new cameras, recorders, and monitors.

We expect a lot of our live programming will be originating from Las Vegas. Big Vision will assure continuous local programming from Las Vegas, with on site editing facilities and distribution capabilities. Our access to Big Vision's studio and portable television equipment enables us to deliver the news-worthy Las Vegas events soon after their occurrence. The affiliation assures uninterrupted local programming coverage by Big Vision and at the same time gives Triple Play the flexibility to initiate its broadcast and programming schedules in the European, Asian, North and South American markets.

Our agreement with Big Vision provides for the payment of a service fee to Big Vision on a "most favored nation basis" for the first year of our operations. "Most favored nation" basis is a term used in the TV Production Industry to indicate that the rates charged by producers (in this case Big Vision) will be below fair-market rates, or at "wholesale" costs. After the initial year, we will pay Big Vision service fees at the industry standard rates plus an additional 15% in consideration for Big Vision's concession in rates during the first year. We agree to continue paying the industry rates plus 15% for as long as this agreement is in place. It is understood that all fees will be paid as they become due and payable according to Big Vision's requirements.

The combination of contracting with Triple Play and Big Vision will provide us the unique opportunity to at once inaugurate not only the infomercial scheduled segments but also the on-going programming operations.

Distribution

We plan to distribute our programming via in-home satellite services, digital cable companies, and LPTV stations. Although we have not entered into any formal agreements with any such companies, we received a non-binding pricing proposal from a satellite delivery system.

Low Power Television Stations.

We intend to acquire Low-Powered Television (LPTV) stations as another means for distributing our programming to viewers. We intend acquiring LPTV stations initially on a stock swap basis. With additional funding from a secondary offering we will begin offering cash instead of or in addition to stock, for some of the stations we purchase. We believe that LPTV affords an opportunity for entry into television broadcasting and has permitted fuller use of the broadcast spectrum. LPTV stations transmit on one of the standard VHF or UHF television channels. The distance at which a station can be viewed depends on a variety of factors such as antenna height, transmitter powers, transmitting antenna and the nature of the terrain. Generally LPTV stations span approximately 20 miles from their tower in all directions.

The LPTV services were established by the Federal Communications Commission (FCC) in 1992. It was primarily intended to provide opportunities for locally oriented television service in small communities within larger urban areas.

We have taken preliminary steps in the acquisition process. These steps include: learning more about the LPTV industry, researching the fit of a number of opportunities with the Signet business plan, retaining counsel, developing and getting approvals for a suitable stock swap agreement and ascertaining the value of potential LPTV stations for sale. However, we have not entered into any negotiations with any specific LPTV stations.

Digital Terrestrial Broadcasting Network

We believe that digital television is becoming an integral television broadcasting distribution channel. Digital television can deliver a large amount of information at low cost to a high number of viewers. Digital television can also deliver more programs than traditional analog television over any transmission mediums.

Through our management agreement with Triple Play, we intend to operate a 36 MHz C-band North American and Eutelsat DTH digital platform information system.

Hi-Definition Television

We have received a confidential, non-binding proposal from a major satellite provider for a long term lease without change in costs for the next twelve months. The proposal offers features that we could make available as a new delivery system. Although we anticipate that this system will enable us to deliver HDTV (High Definition Television) to our viewers throughout the world, we have not entered into a definitive agreement or commitment to retain these services. Therefore we do not have viewers throughout the world at this stage. Please note that there is no guarantee that we will be able to enter into a definitive agreement and no guarantee that we will be able to offer HDTV.

Intellectual Properties

On April 13, 2006 we purchased the exclusive rights to 20 titled half hour screen plays representing original programming from FreeHawk Productions, Inc. On August 19, 2006, by mutual agreement, Signet and FreeHawk rescinded this agreement as set forth herein.

Employees

We currently have one employee, our sole officer Ernest W. Letiziano. Mr. Letiziano is Chief Executive Officer and in that role Mr. Letiziano will implement the business plan. This will involve all the Duties normally ascribed to a Chief Executive Officer for the day-to-day management of the business, including but not limited to: secure and manage revenues, manage costs and cash, safe-guard assets, ensure proper reporting and compliance with reporting bodies, ensure that the stockholder's interests are protected, manage risk and escalate issues as appropriate to the Board, conduct regular reviews of the business with the Board, and contribute, faithfully and diligently, to the strategic development of the business.

Currently, our monthly rent payments for base rent were approximately \$927.51 per month. There no are additional rent payments for common area maintenance.

Recent Sales of Unregistered Securities

On February 5, 2005, we issued 100,000 shares to Scott Raleigh for services rendered as our founder. Such shares were issued in reliance on an exemption from registration under Section 4(2) of the Securities Act of 1933. These shares of our common stock qualified for exemption under Section 4(2) of the Securities Act of 1933 since the issuance shares by us did not involve a public offering. The offering was not a "public offering" as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the offering, and manner of the offering and number of shares offered. We did not undertake an offering in which we sold a high number of shares to a high number of investors. In addition, Scott Raleigh had the necessary investment intent as required by Section 4(2) since he agreed to and received a share certificate bearing a legend stating that such shares are restricted pursuant to Rule 144 of the 1933 Securities Act. This restriction ensures that these shares would not be immediately redistributed into the market and therefore not be part of a "public offering." Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act of 1933 for this transaction. On July 8, 2005, Scott Raleigh transferred the 100,000 shares to Signet Entertainment Corporation pursuant to a stock purchase agreement and pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933.

On September 8, 2005, we issued a total of 3,421,000 common shares to sixty-three (63) shareholders and 5,000,000 preferred shares to three (3) shareholders pursuant to the Stock Purchase Agreement and Share Exchange between us and Signet Entertainment Corporation. Such shares were issued in reliance on an exemption from registration under Section 4(2) of the Securities Act of 1933. The following sets forth the identity of the class of persons to whom we issued shares pursuant to the share exchange and the amount of shares for each shareholder:

These shares of our common stock qualified for exemption under Section 4(2) of the Securities Act of 1933 since the issuance shares by us did not involve a public offering. No general solicitation or general advertising were used in connection with this offering. The offering was not a “public offering” as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the offering, manner of the offering and number of shares offered. We did not undertake an offering in which we sold a high number of shares to a high number of investors. Each investor completed a questionnaire confirming that such investor was sophisticated and has such knowledge and experience in financial and business matters that he/she is capable of evaluating the merits and risks of the prospective investment or we reasonably believed immediately prior to making the sale that the purchasers met this description. In addition, each of these investors were friends or colleagues of Ernie Letiziano, our sole officer and director, and therefore Mr. Letiziano was aware that each of these investors were sophisticated. These shareholders had the necessary investment intent as required by Section 4(2) since they agreed to and received a share certificate bearing a legend stating that such shares are restricted pursuant to Rule 144 of the 1933 Securities Act. This restriction ensures that these shares would not be immediately redistributed into the market and therefore not be part of a “public offering.” Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act of 1933 for this transaction.

On September 9, 2005, we commenced the sale of common stock pursuant to a Regulation D, Rule 506 Offering (the “Offering”). The Offering is for 2,000,000 of our common shares at \$1.00 for anticipated gross proceeds of \$2,000,000 and is being conducted by our officers and directors on a best efforts basis. The shares are being offered for sale to persons who qualify as accredited investors and to a limited number of sophisticated investors. The minimum investment is \$1,000, however, we may, at our sole discretion, accept subscriptions for lesser amounts. Funds received from all subscribers will be released to us upon acceptance of the subscriptions by our management.

Through January 1, 2006, we have sold an aggregate of 366,000 shares for gross proceeds of approximately \$366,000 under this Offering.

Overview

We are a developmental stage company that is currently implementing its business plan which upon funding will begin to establish a new television network and acquire and /or merge with other like commerce going concerns who may enhance our product and presence in the media communications industry.

No revenues have been generated to date and we expect limited revenues until we raise additional funds and therefore we will continue to operate on a reduced budget until such time. If we are unable to raise additional funds by calendar year end 2006 we may have to limit our operations. Mr. Ernest W. Letiziano, our sole officer, director and principal

shareholder, has agreed that he will continue to cover the costs for our operations until additional funds become available. Although we have no commitments for capital, other than verbal assurances from Mr. Letiziano, we may raise additional funds through public offerings of equity, securities convertible into equity or debt, private offerings of securities or debt, or other sources.

To date we have been able to raise additional funds through either debt or equity offerings. However, we anticipate that we may need to raise additional cash. Without this additional cash we may be unable to pursue our plan of operations and commence generating revenue. We believe that we will be able to raise the necessary funds to continue to pursue our business operations. If we can not raise funds in the within the present year, we intend to cease the pursuit of our business plan and actively seek out and investigate possible business opportunities with the intent to acquire or merge with one or more business ventures.

Plan of Operations

Through our wholly owned subsidiary, Signet Entertainment Corporation (“SIG”) which was incorporated on October 17, 2003, we plan to launch a Gaming and Entertainment Television Network (Network). The Network will cover major Poker and Blackjack tournaments as well as other major high stakes casino games. The Network will also cover via satellite and cable other major sports events such as horse racing and selected global events which have a sports and entertainment format. SIG’s largest source of revenue will come from advertising, specifically from various resorts and casinos, liquor and tobacco companies and sporting sites in North and South America, Europe, Asia and Africa. SIG will realize income from infomercials and sports and entertainment programming that offer subject matter that are all-encompassing to the network’s format. SIG has been creating future programming which includes “The Television Charity Channel” which will feature regularly scheduled weekly programming.

SIG has executed a long-term contract with Mr. Richard Grad, President and CEO of Triple Play Media Management, Inc. and with Mr. C Haifley, President and Chief Operating officer of Big Vision, Incorporated. SIG’s primary endeavor is to financially and administratively support Triple Play’s ready-to-launch, new television network. The Triple Play enterprise is exclusively contracted to SIG. Mr. Grad has organized his associates who have logged years of collaborative creating, hosting, producing and directing TV shows, which have afforded them the contacts necessary to contract and retain the professional services of the nation’s foremost experts in specialized methodologies such as digital satellite technology systems. The Triple Play team has designed and coordinated the format for its ready to launch TV Network, “The Gaming & Entertainment Network.”

Triple Play’s programming niche is “gaming.” Presently, there are no channels specifically formatted for the gaming customer whose interest is focused on the vast variety of gaming activities, domestically as well as internationally, including “sports and entertainment.”

The Gaming & Entertainment Network will cover major tournaments, such as the World Series of Poker, the championship Blackjack play-offs, and coverage of the high stakes major table games, especially those from Hong Kong, South America and the Outback of Australia. The activities in the Las Vegas, Reno and Laughlin, Nevada areas, and various Florida venues alone, host high stakes tournaments on a daily basis. Triple Play will produce domestic and international feeds covering thoroughbred and quarter-horse racing; coverage of fluctuation and trends within sports books from selected locations around the world; scheduled hourly updating of betting lines on sporting events; and a remote coverage of all betting sports, to delivering our personal insight and commentary, live from the sites of origination. Handicapping shows will feature the “how-to” of betting, who’s betting, and why.

Triple Play has developed original clinic workshop formats on every type of betting skill in sports and racing events. Program development has been underway to deliver featured stories in the entertainment scene in all of the major gaming communities as well as the gaming industry itself. Triple Play will offer viewer participation through contests, whereby viewers may bet with each other through participating sports books. Through its international downlinks, Triple Play will produce live Simulcast coverage, whereby a viewer in Scotland may secure odds on a game in Spain, while both can watch the action and the results simultaneously in their native language. Updates at the top and bottom of the hour, twenty-four hours a day will provide the viewer with all the information available.

This type of network is unique to the television industry. The Gaming & Entertainment Network is one of a kind. SIG believes that this is truly an untapped market - the only market left in the broadcasting industry to name only a few, capable of producing a tremendous profit generating source of revenues, thanks to the enormous commercial advertising revenue potential realized from just the hotel/casino/travel industry. SIG has estimated that the sales revenues from these industries alone, after the first year, will not only cover operating costs and expenses thereafter, but also, within the next eighteen months, return sufficient revenue to pay for all the initial capital expenditures of the modular trucks and studios, including equipment and the cost of our own satellite.

The sales efforts of the Triple Play marketing team has been approached by two of the largest syndicators who have expressed their eagerness to cooperate in our airing all their college sports events, including the major conference playoffs. These games will be aired in North America to a minimum of twenty million households and to the ninety-eight million households in Europe.

Along with and part of the gaming and sports coverage, Triple Play will offer shows exploring the insights of the hotel and casino business; offer original formatted airing of special events taking place in the hotels and casinos around the world, including profiles of the shows and headliners, their acts and silhouetting behind the scenes action. Triple Play will feature a newly developed format called Dialing for Dollars, Satellite Pay Per View Bingo, (Approved and substantiated with legal opinion by the Federal Communications Commission). Triple Play will also exclusively produce the internationally popular, swimwear pageants

The demand for infomercials airtime is constantly growing along with the telecasting revenues realized. In 2003, the infomercial industry reported a \$64.0 Billion business and 2004 is expected to surpass the earlier years' accomplishments. Infomercial time is currently being sold for an average in excess of \$110,000 per taped half hour unit. Triple Play has selected and accepted three hours (6 units) reserved for each 24-hour period on a basis of a minimum of 50 airings (300) each per year. These infomercials will be viewed in five continents and most uniquely-in their native language. Triple Play has set aside approximately four hours a day for this format. Infomercials will be critically selected upon quality of production and quality of product and international acceptance. Triple Play has been approached by cigarette and liquor advertisers' requests as well, for the Company's consideration to sell commercial time to be aired in the foreign markets.

In addition to the exclusive contract with Triple Play whose primary purpose is creating original programming, distribution and international sales and satellite delivery systems, SIG has also executed a long-term contract with Mr. C. Haifley, Chief Operating Officer of Big Vision, Inc. whose primary purpose is Television production, transmitting and ground crew pick up. Big Vision presently occupies approximately 22,000 square feet in the heart of Las Vegas and offers all TV production amenities required of any variety of television programming. Big Vision is a Las Vegas based video production company with over 12 thousand square feet facility in Burbank, CA serving clients nation wide and abroad. They are best known for their state-of-the-art production mobile facilities that will compliment Triple Play. Their services range from original video production to providing the technical management, professional crewing and equipment for major broadcast series and events. They have recently added the new Avid Symphony Systems and a complete line of High Definition delivery techniques with new cameras, recorders, and monitors; an aggregate estimated cost value in excess of five million dollars.

Like Triple Play, Big Vision is supported by an award winning staff and associates who are considered the most talented and capable individuals in the industry. In turn, these individuals have attracted some of the biggest client names in the business thereby symbolizing Big Vision's 20 years plus presence. Big Vision's clientele includes the foremost major TV Networks. The high-profile Television producers are clients who rely on Big Vision to create the magic of Television with the assurance that Big Vision will be on time and on budget.

Advantageously located in heart of the Nation's entertainment center, Las Vegas, Big Vision enjoys the distinctive opportunity to produce, direct and televise most of the leading events in the sports and entertainment business. These

events take place in the Signet footprint set for major professional boxing championship specials via cable Pay Per View which can now include several of those Triple Play intellectual properties created to originate from Las Vegas including international distribution such as the major TV specials and live concert extravaganzas.

The practicality of having Big Vision affiliated with Triple Play assures uninterrupted local programming coverage by Big Vision and at the same time gives Triple Play the flexibility to initiate its broadcast and programming schedules in the European, Asian, North and South American markets. The fiscal advantage to SIG and its shareholders is that the production costs and related expenses incurred by Big Vision and Triple Play is that SIG will be paying on a cost only basis.

Results from Operations - Fiscal Year Ended December 30, 2005 and 2004

The Company had no revenue for either of the respective fiscal year periods ended December 31, 2005 and 2004, respectively.

General and administrative expenses for the fiscal year ended December 31, 2005 and 2004 were approximately \$121,782 and \$111,492, respectively. Net loss for the fiscal year ended December 31, 2005 and 2004, respectively, was approximately \$(231,767) and \$(111,492). Earnings per share for the respective fiscal year ended December 31, 2005 and 2004 was approximately \$(0.07) and \$(0.03) on the weighted-average shares issued and outstanding.

The Company does not expect to generate any meaningful revenue or incur operating expenses for purposes other than fulfilling the obligations of a reporting company under The Securities Exchange Act of 1934 unless and until such time that the Company's operating subsidiary begins meaningful operations.

At December 31, 2005 and 2004, respectively, the Company had working capital of approximately \$129,011 and \$(106,170).

Capital Resources and Liquidity

As of December 31, 2005, we had approximately \$ 401,370 in cash. Our general and administrative expenses presently average \$2,500 per month.

As reflected in the accompanying financial statements, we are in the development stage with no operations. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

We have no plans to pay no salaries per month to our sole officer and employee until we are properly funded. We intend to raise additional capital to continue our operations although there is no assurance we will be successful. Currently we have no material commitments to make capital expenditures.

It is the intent of management and significant stockholders, if necessary, to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, there is no legal obligation for either management or significant stockholders to provide additional future funding. Should this pledge fail to provide financing, we have not identified any alternative sources. Consequently, there is substantial doubt about our ability to continue as a going concern.

Our need for capital may change dramatically as a result of any business acquisition or combination transaction. There can be no assurance that we will identify any such business, product, technology or company suitable for acquisition in the future. Further, there can be no assurance that we would be successful in consummating any acquisition on favorable terms or that it will be able to profitably manage the business, product, technology or company it acquires.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for us to continue as a going concern.

The Company is still in the process of developing and implementing it's business plan and raising additional capital. As such, the Company is considered to be a development stage company.

Critical Accounting Policies

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (“GAAP”). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note 2 of our financial statements. While all these significant accounting policies impact our financial condition and results of operations, Our views certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

Report of Independent Registered Certified Public Accounting Firm

Board of Directors and Stockholders
Signet International Holdings, Inc.

We have audited the accompanying consolidated balance sheets of Signet International Holdings, Inc. (a Delaware corporation and a development stage company) and Subsidiary (a Florida corporation) as of December 31, 2005 and 2004 and the related consolidated statements of operations and comprehensive loss, consolidated changes in shareholders' deficit and consolidated statements of cash flows for each of the years ended December 31, 2005 and 2004 and for the period from October 17, 2003 (date of inception) through December 31, 2005, respectively. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Signet International Holdings, Inc. and Subsidiary as of December 31, 2005 and 2004 and the results of its consolidated operations and its consolidated cash flows each of the years ended December 31, 2005 and 2004 and for the period from October 17, 2003 (date of inception) through December 31, 2005, respectively, in conformity with generally accepted accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note C to the financial statements, the Company has no viable operations or significant assets and is dependent upon significant shareholders to provide sufficient working capital to maintain the integrity of the corporate entity. These circumstances create substantial doubt about the Company's ability to continue as a going concern and are discussed in Note C. The financial statements do not contain any adjustments that might result from the outcome of these uncertainties.

Signet International Holdings, Inc. and Subsidiary
(a development stage company)
Notes to Consolidated Financial Statements
December 31, 2005 and 2004

Note A - Organization and Description of Business

Signet International Holdings, Inc. was incorporated on February 2, 2005 in accordance with the Laws of the State of Delaware as 51142, Inc.

On September 8, 2005, pursuant to a Stock Purchase Agreement and Share Exchange (Agreement) by and among Signet International Holdings, Inc. (Signet); Signet Entertainment Corporation (SIG) and the shareholders of SIG (Shareholders) (collectively SIG and the SIG shareholders shall be known as the "SIG Group"), Signet acquired 100.0% of the then issued and outstanding preferred and common stock of SIG for a total of 3,421,000 common shares and 5,000,000 preferred shares of Signet's stock issued to the SIG shareholders. Pursuant to the agreement, SIG became a wholly owned subsidiary of Signet.

Signet Entertainment Corporation was incorporated on October 17, 2003 in accordance with the Laws of the State of Florida. SIG was formed to establish a television network "The Gaming and Entertainment Network".

The combined/consolidated entity is referred to as Company.

The Company is considered in the development stage and, as such, has generated no significant operating revenues and has incurred cumulative operating losses of approximately \$403,000.

Note B - Preparation of Financial Statements

The acquisition of Signet Entertainment Corporation by Signet International Holdings, Inc. effected a change in control of Signet International Holdings, Inc. and is accounted for as a "reverse acquisition" whereby Signet Entertainment Corporation is the accounting acquiror for financial statement purposes. Accordingly, for all periods subsequent to the "reverse merger" transaction, the financial statements of the Signet International Holdings, Inc. will reflect the historical financial statements of Signet Entertainment Corporation from its inception and the operations of Signet International Holdings, Inc. subsequent to the September 8, 2005 transaction date.

The Company follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and has a year-end of December 31.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the

respective periods being presented.

Note C - Going Concern Uncertainty

The Company is still in the process of developing and implementing its business plan and raising additional capital. As such, the Company is considered to be a development stage company.

The Company's continued existence is dependent upon its ability to generate sufficient cash flows from operations to support its daily operations as well as provide sufficient resources to retire existing liabilities and obligations on a timely basis.

F-7

Signet International Holdings, Inc. and Subsidiary
(a development stage company)
Notes to Consolidated Financial Statements
December 31, 2005 and 2004

Note C - Going Concern Uncertainty - Continued

The Company anticipates that future sales of equity securities to fully implement its business plan or to raise working capital to support and preserve the integrity of the corporate entity may be necessary. There is no assurance that the Company will be able to obtain additional funding through the sales of additional equity securities or, that such funding, if available, will be obtained on terms favorable to or affordable by the Company.

If no additional capital is received to successfully implement the Company's business plan, the Company will be forced to rely on existing cash in the bank and upon additional funds which may or may not be loaned by management and/or significant stockholders to preserve the integrity of the corporate entity at this time. In the event, the Company is unable to acquire sufficient capital, the Company's ongoing operations would be negatively impacted.

It is the intent of management and significant stockholders to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, no formal commitments or arrangements to advance or loan funds to the Company or repay any such advances or loans exist. There is no legal obligation for either management or significant stockholders to provide additional future funding.

While the Company is of the opinion that good faith estimates of the Company's ability to secure additional capital in the future to reach our goals have been made, there is no guarantee that the Company will receive sufficient funding to sustain operations or implement any future business plan steps.

Note D - Summary of Significant Accounting Policies

1. Cash and cash equivalents

For Statement of Cash Flows purposes, the Company considers all cash on hand and in banks, certificates of deposit and other highly-liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

2. Organization costs

The Company has adopted the provisions of AICPA Statement of Position 98-5, "Reporting on the Costs of Start-Up Activities" whereby all organizational and initial costs incurred with the incorporation and initial capitalization of the Company were charged to operations as incurred.

3. Research and development expenses

Research and development expenses are charged to operations as incurred.

4. Advertising expenses

The Company does not utilize direct solicitation advertising. All other advertising and marketing expenses are charged to operations as incurred.

5.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes. At December 31, 2005 and 2004, respectively, the deferred tax asset and deferred tax liability accounts, as recorded when material to the financial statements, are entirely the result of temporary differences. Temporary differences represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization, allowance for doubtful accounts and vacation accruals.

(a development stage company)
Notes to Consolidated Financial Statements
December 31, 2005 and 2004

Note D - Summary of Significant Accounting Policies - Continued

5. Income Taxes - continued

As of December 31, 2005 and 2004, the deferred tax asset related to the Company's net operating loss carryforward is fully reserved. Due to the provisions of Internal Revenue Code Section 338, the Company may have no net operating loss carryforwards available to offset financial statement or tax return taxable income in future periods as a result of a change in control involving 50 percentage points or more of the issued and outstanding securities of the Company.

6. Earnings (loss) per share

Basic earnings (loss) per share is computed by dividing the net income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the respective period presented in our accompanying financial statements.

Fully diluted earnings (loss) per share is computed similar to basic income (loss) per share except that the denominator is increased to include the number of common stock equivalents (primarily outstanding options and warrants).

Common stock equivalents represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury stock method, at either the beginning of the respective period presented or the date of issuance, whichever is later, and only if the common stock equivalents are considered dilutive based upon the Company's net income (loss) position at the calculation date.

At December 31, 2005 and 2004, and subsequent thereto, the Company's issued and outstanding preferred stock is considered anti-dilutive due to the Company's net operating loss position.

Note E - Fair Value of Financial Instruments

The carrying amount of cash, accounts receivable, accounts payable and notes payable, as applicable, approximates fair value due to the short term nature of these items and/or the current interest rates payable in relation to current market conditions.

Interest rate risk is the risk that the Company's earnings are subject to fluctuations in interest rates on either investments or on debt and is fully dependent upon the volatility of these rates. Note I - Common Stock Transactions - Continued

On February 2, 2005, in connection with the incorporation and formation of Signet International Holdings, Inc., 100,000 shares were issued to the founding shareholder for \$100 cash.

On June 16, 2004 and December 3, 2004, Signet Entertainment Corporation sold, in three separate transactions to three unrelated individuals, an aggregate 70,000 shares of restricted, unregistered common stock for \$35,000 cash. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used any of the three transactions.

Between July 20, 2005 and August 26, 2005, Signet Entertainment Corporation sold an aggregate 57,000 shares of common stock to existing and new shareholders at a price of \$0.01 per share for gross proceeds of approximately \$570. As this selling price was substantially below the "fair value" of comparable transactions, the Company recognized a charge to operations for consulting expense equivalent to the difference between the established "fair value" of \$1.00 per share (as determined by the pricing in the September 2005 Private Placement Memorandum) and the selling price of \$0.01 per share.

On September 8, 2005, all of the then issued and outstanding shares of Signet Entertainment Corporation were exchanged on a share-for-share basis for shares of Signet International Holdings, Inc. in connection with the aforementioned "reverse merger" transaction.

On September 9, 2005, the Company commenced the sale of common stock pursuant to a Private Placement Memorandum in a self-underwritten offering. This Memorandum is offering for sale to persons who qualify as accredited investors and to a limited number of sophisticated investors, on a best efforts basis, up to 2,000,000 of our common shares at \$1.00 per share, for anticipated gross proceeds of \$2,000,000. The common shares will be offered through the Company's officers and directors on a best-efforts basis. The minimum investment is \$1,000, however, the Company might, at its sole discretion, accept subscriptions for lesser amounts. Funds received from all subscribers will be released to the Company upon acceptance of the subscriptions by the Company's management. Through January 1, 2006, the Company sold an aggregate of 366,000 shares for gross proceeds of approximately \$366,000 under this Memorandum.
