Signet International Holdings, Inc. and Subsidiary
(a development stage enterprise)
Notes to Consolidated Financial Statements
March 31, 2008 and 2007

Note A - Organization and Description of Business

Signet International Holdings, Inc. was incorporated on February 2, 2005 in accordance with the Laws of the State of Delaware as 51142, Inc.

On September 8, 2005, pursuant to a Stock Purchase Agreement and Share Exchange (Agreement) by and among Signet International Holdings, Inc. (Signet); Signet Entertainment Corporation (SIG) and the shareholders of SIG (Shareholders) (collectively SIG and the SIG shareholders shall be known as the "SIG Group"), Signet acquired 100.0% of the then issued and outstanding preferred and common stock of SIG for a total of 3,421,000 common shares and 5,000,000 preferred shares of Signet's stock issued to the SIG Group. Pursuant to the agreement, SIG became a wholly owned subsidiary of Signet.

Signet Entertainment Corporation was incorporated on October 17, 2003 in accordance with the Laws of the State of Florida. SIG was formed to establish a television network "The Gaming and Entertainment Network".

The Company is considered in the development stage and, as such, has generated no significant operating revenues and has incurred cumulative operating losses of approximately \$1,312,500.

Note B - Preparation of Financial Statements

The acquisition of Signet Entertainment Corporation by Signet International Holdings, Inc. effected a change in control of Signet International Holdings, Inc. and is accounted for as a "reverse acquisition" whereby Signet Entertainment Corporation is the accounting acquirer for financial statement purposes. Accordingly, for all periods subsequent to the "reverse merger" transaction, the financial statements of the Signet International Holdings, Inc. will reflect the historical financial statements of Signet Entertainment Corporation from its inception and the operations of Signet International Holdings, Inc. subsequent to the September 8, 2005 transaction date.

The Company follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and has a year-end of December 31.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

During interim periods, the Company follows the accounting policies set forth in its annual audited financial statements filed with the U. S. Securities and Exchange Commission on its Annual Report on Form 10-KSB for the year ended December 31, 2007. The information presented within these interim financial statements may not include all disclosures required by generally accepted accounting principles and the users of financial information provided for interim periods should refer to the annual financial information and footnotes when reviewing the interim financial results presented herein.

In the opinion of management, the accompanying interim financial statements, prepared in accordance with the U. S. Securities and Exchange Commission's amended instructions for Form 10-Q, issued on January 4, 2008, are unaudited and contain all material adjustments, consisting only of normal recurring adjustments necessary to present fairly the financial condition, results of operations and cash flows of the Company for the respective interim periods presented. The current period results of operations are not necessarily indicative of results which ultimately will be reported for the full fiscal year ending December 31, 2008.

Signet International Holdings, Inc. and Subsidiary
(a development stage enterprise)
Notes to Consolidated Financial Statements - Continued
March 31, 2008 and 2007

Note B - Preparation of Financial Statements - Continued

The accompanying consolidated financial statements contain the accounts of Signet International Holdings, Inc. and its wholly-owned subsidiary, Signet Entertainment Corporation. All significant intercompany transactions have been eliminated. The consolidated entities are collectively referred to as "Company".

Note C - Going Concern Uncertainty

The Company remains in the process of implementing its business plan, which will require the raising of additional capital. As such, the Company is considered to be a development stage company.

The Company's continued existence is dependent upon its ability to generate sufficient cash flows from operations to support its daily operations as well as provide sufficient resources to retire existing liabilities and obligations on a timely basis.

The Company anticipates that future sales of equity securities to fully implement its business plan or to raise working capital to support and preserve the integrity of the corporate entity may be necessary. There is no assurance that the Company will be able to obtain additional funding through the sales of additional equity securities or, that such funding, if available, will be obtained on terms favorable to or affordable by the Company.

If no additional capital is received to successfully implement the Company's business plan, the Company will be forced to rely on existing cash in the bank and upon additional funds which may or may not be loaned by management and/or significant stockholders to preserve the integrity of the corporate entity at this time. In the event, the Company is unable to acquire sufficient capital, the Company's ongoing operations would be negatively impacted.

It is the intent of management and significant stockholders to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, no formal commitments or arrangements to advance or loan funds to the Company or repay any such advances or loans exist. There is no legal obligation for either management or significant stockholders to provide additional future funding.

While the Company is of the opinion that good faith estimates of the Company's ability to secure additional capital in the future to reach our goals have been made, there is no guarantee that the Company will receive sufficient funding to sustain operations or implement any future business plan steps.

Note D - Summary of Significant Accounting Policies

1. Cash and cash equivalents

For Statement of Cash Flows purposes, the Company considers all cash on hand and in banks, certificates of deposit and other highly-liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

2. Organization costs

The Company has adopted the provisions of AICPA Statement of Position 98-5, "Reporting on the Costs of Start-Up Activities" whereby all organizational and initial costs incurred with the incorporation and initial capitalization of the Company were charged to operations as incurred.

3. Research and development expenses

Research and development expenses are charged to operations as incurred.

Note D - Summary of Significant Accounting Policies - Continued

4. Advertising expenses

The Company does not utilize direct solicitation advertising. All other advertising and marketing expenses are charged to operations as incurred.

5. Income Taxes

The Company uses the asset and liability method of accounting for income taxes. At March 31, 2008 and 2007, respectively, the deferred tax asset and deferred tax liability accounts, as recorded when material to the financial statements, are entirely the result of temporary differences. Temporary differences represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization, allowance for doubtful accounts and vacation accruals.

As of March 31, 2008 and 2007, the deferred tax asset related to the Company's net operating loss carryforward is fully reserved. Due to the provisions of Internal Revenue Code Section 338, the Company may have no net operating loss carryforwards available to offset financial statement or tax return taxable income in future periods as a result of a change in control involving 50 percentage points or more of the issued and outstanding securities of the Company.

6. Earnings (loss) per share

Basic earnings (loss) per share is computed by dividing the net income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the respective period presented in our accompanying financial statements.

Fully diluted earnings (loss) per share is computed similar to basic income (loss) per share except that the denominator is increased to include the number of common stock equivalents (primarily outstanding options and warrants).

Common stock equivalents represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury stock method, at either the beginning of the respective period presented or the date of issuance, whichever is later, and only if the common stock equivalents are considered dilutive based upon the Company's net income (loss) position at the calculation date.

At March 31, 2008 and 2007, and subsequent thereto, the Company's issued and outstanding preferred stock is considered anti-dilutive due to the Company's net operating loss position.

Note E - Fair Value of Financial Instruments

The carrying amount of cash, accounts receivable, accounts payable and notes payable, as applicable, approximates fair value due to the short term nature of these items and/or the current interest rates payable in relation to current market conditions.

Interest rate risk is the risk that the Company's earnings are subject to fluctuations in interest rates on either investments or on debt and is fully dependent upon the volatility of these rates. The Company does not use derivative instruments to moderate its exposure to interest rate risk, if any.

Financial risk is the risk that the Company's earnings are subject to fluctuations in interest rates or foreign exchange rates and are fully dependent upon the volatility of these rates. The company does not use derivative instruments to moderate its exposure to financial risk, if any.

As of March 31, 2008, the Company has a net operating loss carryforward of approximately \$602,000 for Federal and State income tax purposes.. The amount and availability of any future net operating loss carryforwards may be subject to limitations set forth by the Internal Revenue Code. Factors such as the number of shares ultimately issued within a three year look-back period; whether there is a deemed more than 50 percent change in control; the applicable long-term tax exempt bond rate; continuity of historical business; and subsequent income of the Company all enter into the annual computation of allowable annual utilization of the carryforwards.

The Company's income tax expense (benefit) for each of the three month periods ended March 31, 2008 and 2007 and for the period from October 17, 2003 (date of inception) through March 31, 2008, respectively, differed from the statutory federal rate of 34 percent as follows:

Note G - Preferred Stock

On March 14, 2007, the Company formally designated a series of Super Preferred Stock of the Company's 50,000,000 authorized shares of the capital preferred stock of the Corporation. The designated Series A Convertible Super Preferred Stock (the "Series A Super Preferred Stock"), to consist of 5,000,00 shares, par value \$.001 per share, which shall have the following preferences, powers, designations and other special rights:

Voting: Holders of the Series A Super Preferred Stock shall have ten votes per share held on all matters submitted to the shareholders of the Company for a vote thereon. Each holder of these shares shall have the option to appoint two additional members to the Board of Directors. Each share shall be convertible into ten (10) shares of common stock.

Dividends: The holders of Series A Super Preferred Stock shall be entitled to receive dividends or distributions on a pro rata basis with the holders of common stock when and if declared by the Board of Directors of the Company. Dividends shall not be cumulative. No dividends or distributions shall be declared or paid or set apart for payment on the Common Stock in any calendar year unless dividends or distributions on the Series A Preferred Stock for such calendar year are likewise declared and paid or set apart for payment. No declared and unpaid dividends shall bear or accrue interest.

Liquidation

Preference Upon the liquidation, dissolution and winding up of the Company, whether voluntary or involuntary, the holders of the Series A Super Preferred Stock then outstanding shall be entitled to, on a pro-rata basis with the holders of common stock, distributions of the assets of the Corporation, whether from capital or from earnings available for distribution to its stockholders.

The Board of Directors has the authority, without further action by the shareholders, to issue, from time to time, preferred stock in one or more series for such consideration and with such relative rights, privileges, preferences and

restrictions that the Board may determine. The preferences, powers, rights and restrictions of different series of preferred stock may differ with respect to dividend rates, amounts payable on liquidation, voting rights, conversion rights, redemption provisions, sinking fund provisions and purchase funds and other matters. The issuance of preferred stock could adversely affect the voting power or other rights of the holders of common stock.

On October 20, 2003, in conjunction with the formation and incorporation of Signet Entertainment Corporation, SIG issued 4,000,000 shares of preferred stock to the incorporating persons. This transaction was valued at approximately \$40,000, which approximates the value of the services provided.

On July 19, 2005, the Company issued 1,000,000 shares of preferred stock to an existing shareholder and Company officer for services related to the organization and structuring of the Company and its proposed business plan. This transaction was valued at approximately \$10,000, which approximates the value of the services provided.

Note G - Preferred Stock - Continued

Concurrent with the reverse merger transaction, these shareholders exchanged their Signet Entertainment Corporation preferred stock for equivalent shares of Signet International Holdings, Inc. Series A Super Preferred stock, as described above.

Note H - Common Stock Transactions

On October 17, 2003 and November 1, 2003, in connection with the incorporation and formation of the Company, an aggregate of approximately 3,294,000 shares of restricted, unregistered shares of common stock and were issued to various founding individuals. This combined preferred stock and common stock issuances were collectively valued at approximately \$40,810, which approximated the fair value of the time provided by the individuals and the related out-of-pocket expenses.

On June 16, 2004 and December 3, 2004, the Company sold, in three separate transactions to three unrelated individuals, an aggregate 70,000 shares of restricted, unregistered common stock for \$35,000 cash. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used any of the three transactions.

Between July 20, 2005 and August 26, 2005, Signet Entertainment Corporation sold an aggregate 57,000 shares of common stock to existing and new shareholders at a price of \$0.01 per share for gross proceeds of approximately \$570. As this selling price was substantially below the "fair value" of comparable transactions, the Company recognized a charge to operations for consulting expense equivalent to the difference between the established "fair value" of \$1.00 per share (as determined by the pricing in the September 2005 Private Placement Memorandum) and the selling price of \$0.01 per share.

On September 9, 2005, the Company commenced the sale of common stock pursuant to a Private Placement Memorandum in a self-underwritten offering. This Memorandum is offering for sale to persons who qualify as accredited investors and to a limited number of sophisticated investors, on a best efforts basis, up to 2,000,000 of our common shares at \$1.00 per share, for anticipated gross proceeds of \$2,000,000. The common shares will be offered through the Company's officers and directors on a best-efforts basis. The minimum investment is \$1,000, however, the Company might, at its sole discretion, accept subscriptions for lesser amounts. Funds received from all subscribers will be released to the Company upon acceptance of the subscriptions by the Company's management. Through December 31, 2006, the Company has sold an aggregate 381,000 shares for gross proceeds of \$381,000 under this Memorandum.

On March 31, 2006, the Company repurchased 50,000 shares of common stock from the estate of a deceased shareholder which purchased said shares for \$50,000 cash pursuant to the aforementioned September 2005 Private Placement Memorandum for \$50,000 cash. In June 2006, the Company's Board of Directors cancelled these shares and returned them to unissued status.

On June 22, 2006, the Company issued 250,000 shares of unregistered, restricted common stock, valued at \$0.50 per share or \$125,000, in payment of consulting fees. As the agreed-upon value of the services provided was less than the "fair value" of comparable transactions, the Company has recognized an additional charge to Consulting Fees equivalent to the difference between the established "fair value" of \$1.00 per share (as determined by the pricing in the September 2005 Private Placement Memorandum) and the agreed-upon value of \$0.50 per share in the corresponding line item in the Company's Statement of Operations.

Note H - Common Stock Transactions - Continued

On April 16, 2007, the Company issued 270,000 shares of unregistered, restricted common stock for the acquisition of certain broadcast and other production rights. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used in this transaction.

On May 2, 2007, the Company sold, in a private transaction, 6,800 shares of unregistered, restricted common stock at a price of \$1.00 per share for cash. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used in this transaction.

On May 22, 2007, the Company issued 113,662 shares of unregistered, restricted common stock for the acquisition of intellectual properties related to literary works. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used in this transaction.

On August 30, 2007, the Company sold, in a private transaction, 12,500 shares of unregistered, restricted common stock at a price of \$1.00 per share for cash. These shares were sold pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and no underwriter was used in this transaction.

Note I - Commitments

Leased office space

The Company operates from leased office facilities at 205 Worth Avenue, Suite 316 Palm Beach, FL 33480 under an operating lease. The lease agreement was originally expired to expire in July 2009 and has been subsequently amended to a month-to-month basis. The lease currently requires monthly payments of approximately \$1,000. The Company is not responsible for any additional charges for common area maintenance.

The Company also reimburses two non-executive personnel for the use of their personal home offices, which are not exclusive to the Company's business, at approximately \$250 per month. These agreements are on a month-to-month basis.

For the respective three month periods ended March 31, 2008 and 2007, respectively, the Company paid or accrued an aggregate of approximately \$6,760 and \$5,100 for rent under these agreements.

Triple Play Management Agreement

On October 23, 2003, Signet Entertainment entered into a Management Agreement with Triple Play Media Management (Triple Play) of Peoria, Arizona. Triple Play is engaged to be the management company to manage and operate any acquired Signet facility (facilities) on a permanent basis for Signet for a period of ten years (the initial period) with an automatic extension of an additional ten years unless the dissenting party gives proper notice.

To facilitate this Management Agreement, Signet will endeavor to raise capital contributions through a Private Placement Offering, Regulation 506 and /or a Public Offering and show evidence of the total capital funds required for the establishment of the Network including providing funds for the budgeted operations of the business for the term of this agreement plus extensions. Signet will also provide a minimum of 17,500 square feet of permanent structure (connector facility), fully equipped to accommodate full- service television studios, sound stages and various production equipment within completely air-conditioned and heated work places and mobile modular production unit (s) fully equipped and a Eutelsat satellite Hot Bird and delivery system. Triple Play will, in turn, perform the following actions: a) acquire and maintain various licenses; b) compliance with local ordinances and state laws; c) maintain complete books of account, which shall comply with requirements of any governmental agency including all Federal Communications commission (FCC) regulations; d),provide an annual budget to Signet, addressing all operating activities, including a reserve for repairs, refurbishment, and replacements to maintain the premises and equipment in good condition; e) make no expenditures other than those items provided in an annual budget; f) maintain books and records to be made available to Signet representatives; g) have complete creative control and authority to determine all matters concerning decor, design, arrangement, format and all production presentations including creative design, absolute control and discretion

with respect to the operation of the premises; and h) be responsible for all necessary and proper insurances safeguarding against all reasonably foreseeable risks on a replacement cost basis of coverage to both parties , the business and its assets.

Upon Signet's raising the necessary required funding through a secondary offering, Signet will begin funding the working capital requirements of Triple Play for a share of Triple Play's profit. The working capital commitment is based on mutually agreed budgets and is projected to amount approximately \$15 million, inclusive of management fees. This advance of management fees would be drawn down by Triple Play over approximately the first 12 months of its operations which would begin once Signet has access to the secondary offering funding. This advance will be recovered by Signet from Triple Play's future cash flows. In return, Signet will receive 87.5 % of Triple Play's monthly gross revenues less Triple Play's monthly operating expenses.

For the services, Triple Play shall render to Signet, Signet shall pay management fees to Triple Play based upon Triple Play's gross revenues, as follows: a) 12% of Triple Play's gross revenues, provided that Triple Play realizes a minimum pre tax net profit of 25%, plus b) ½% (one half percent) of Triple Play's gross revenues for Triple Play's costs of licenses and permits for international air waves and feeds duties and taxes, satellite transmission links, down links, including earth stations. The fees in a) and b), noted above, shall become due from Signet within 90 days after the close of each calendar year based on a determination by independently prepared Certified Public Accountants' reports. These reports will account for advances Signet has made.

Triple Play's Chief Executive Officer, Richard Grad, one of Signet's founding shareholders, will be paid by Signet, a signing bonus of \$50,000 upon the funding of a future Signet offering. Signet will also pay to Mr. Grad the following annual compensation during the entire term of this agreement, including extensions thereto: 1) a guaranteed annual salary of \$200,000.(Two Hundred Thousand), per year payable at the beginning of each month at the rate of twelve equal installments and will be subsequently deducted from each annual management fee settlement noted above; 2) an allowance of \$1,500 for moving and relocation expenses and 3) ordinary and reasonable employee benefits related to health insurance. It is specifically noted that Mr. Grad will function solely as an independent contractor representing Triple Play and will not be construed as a Signet employee.

Big Vision Management Contract

On July 22, 2005, Signet Entertainment entered into a Management Agreement with Big Vision Studios, a Nevada Limited Liability Company (Big Vision) located in both Las Vegas, Nevada and Burbank, California whereby Big Vision will be the exclusive supplier of High Definition Equipment and Studio rental for Signet. This agreement is for a period of one (1) year, commencing with the submission by Signet's of evidence of the total capital funds required for the establishment of Signet's Network including providing funds for the budgeted operations of the business for the term of this agreement plus extensions to Big Vision, with an automatic extension of an additional five years unless the dissenting party gives proper notice. Signet has agreed to pay a reduced fee to Big Vision, at a

discount negotiated off of Big Vision's published standard rate card, for the first year of Signer's operations. After the initial year, Signet has agreed to pay Big Vision based on Big Vision's published standard rate card at that point in time plus an additional 15% in consideration of Big Vision's concession in rates for the first year. Signet has agreed to continue paying pursuant to Big Vision's published standard rate card plus 15% for as long as this agreement is in place. All fees will be paid as they become due and payable according to Big Vision's requirements.

Management's Discussion and Analysis of Financial Condition and Results of Operations

(1) Caution Regarding Forward-Looking Information

Certain statements contained in this quarterly filing, including, without limitation, statements containing the words "believes", "anticipates", "expects" and words of similar import, constitute forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

Such factors include, among others, the following: international, national and local general economic and market conditions; demographic changes; the ability of the Company to sustain, manage or forecast its growth; the ability of the Company to successfully make and integrate acquisitions; raw material costs and availability; new product development and introduction; existing government regulations and changes in, or the failure to comply with, government regulations; adverse publicity; competition; the loss of significant customers or suppliers; fluctuations and difficulty in forecasting operating results; changes in business strategy or development plans; business disruptions; the ability to attract and retain qualified personnel; the ability to protect technology; and other factors referenced in this and previous filings.

Given these uncertainties, readers of this Form 10-Q and investors are cautioned not to place undue reliance on such forward-looking statements. The Company disclaims any obligation to update any such factors or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

(2) Results of Operations and Plan of Operation

Period ended March 31, 2008 and 2007

We had no revenue for either of the respective three months ended March 31, 2008 and 2007, respectively.

General and administrative expenses for the three months ended March 31, 2008 and 2007 were approximately \$31,500 and \$25,300, respectively. These costs relate principally to the maintenance of our corporate offices and the implementation of our business plan.

For the three months ended March 31, 2008 and 2007, we accrued compensation to our chief executive officer, Ernie Letiziano of \$17,500 for each respective three month period. Effective January 1, 2007, we engaged the services of and commenced the accrual of executive compensation of \$17,500 per quarter to Thomas Donaldson for his role in implementing the Company's business plan for future growth and/or acquisitions in the broadcast marketplace.

Our net loss for the three months ended March 31, 2008 and 2007, respectively, was approximately \$(81,500) and \$(65,000). Our earnings per share for the respective quarters ended March 31, 2008 and 2007 were approximately \$(0.02) and \$(0.02) based on the respective weighted-average shares issued and outstanding at the end of each quarter.

The Company does not expect to generate any meaningful revenue or incur operating expenses for purposes other than fulfilling the obligations of a reporting company under The Securities Exchange Act of 1934 unless and until such time that the Company's operating subsidiary begins meaningful operations.

At March 31, 2008 and 2007, respectively, the Company had working capital of approximately \$(247,846) and \$9,200, exclusive of accrued officer compensation. Both Mr. Letiziano and Mr. Donaldson have both agreed to defer payment of their accrued compensation until such time that we have adequate cash flows to service these obligations without undue hardship to our operations and expansion plans.

It is the intent of management and significant stockholders, if necessary, to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, there is no legal obligation for either management or significant stockholders to provide additional future funding. Should this pledge fail to provide financing, the Company has not identified any alternative sources. Consequently, there is substantial doubt about the Company's ability to continue as a going concern.

The Company's need for capital may change dramatically as a result of any business acquisition or combination transaction. There can be no assurance that the Company will identify any such business, product, technology or company suitable for acquisition in the future. Further, there can be no assurance that the Company would be successful in consummating any acquisition on favorable terms or that it will be able to profitably manage the business, product, technology or company it acquires.

Plan of Business

In March 2007, we began implementation of that part of our business plan relating to the acquisition of LPTV stations by executing by executing Sale & Share Exchange Contracts with the LPTV Stations. Although we have had no revenues generated to date, we expect to realize revenues from operations of the LPTV stations once an agreement is finalized and executed and we take control of an LPTV Station. Ernie Letiziano, our sole officer, director will not relinquish control of the company to any of the acquired LPTV stations resulting from any of the agreement. In addition, since the acquisition of the LPTV stations will be based upon issuing our stock in exchange for the LPTV station's stock, we anticipate that we will not incur any cash expenditures other than incidental expenses such as telephone, travel and general and administrative expenses. The expenses that we will incur related to the LPTV acquisition have been anticipated and are part of our monthly budget of cash-based expenses of approximately \$10,500.00 per month as set forth below. The funds provided for the budgeted monthly expenses, including the expenses for acquisition of the LPTV stations, came from the issuance of shares raised by us in our private placement which commenced in September 2005 and was completed in January 2006. Our current cash budget requirements of \$10,500.00 per month will be accommodated by our current cash balance of \$22,000. Cash requirements in excess of this amount are anticipated to be met through the sale of additional equity securities, short-term loans from executive officers and/or the proceeds of additional equity offerings in conjunction with the acquisition of LPTV station(s).

We do not anticipate significant expenses for the negotiating and finalizing of the agreements since we will undertake the due diligence ourselves and do not have to incur travel expenses to visit the stations. In addition, we have already anticipated these expenses as part of monthly budget.

It is the intent of management and significant stockholders, if necessary, to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. Although we have verbal assurances from Mr. Letiziano that he will provide such interim working capital, there is no legal obligation for either management or significant stockholders to provide additional future funding. We may raise additional funds through public offerings of equity, securities convertible into equity or debt, private offerings of securities.

Concurrent with our activities to acquire LPTV stations for stock, which commenced in the first quarter of 2007, we intend to seek additional equity or debt financing. To date, we have been able to raise funds in two funding rounds through both debt and equity offerings. We anticipate that the funds we secure from our next round of financing will enable us to purchase additional LPTV stations, some with a cash consideration, and provide additional working capital to enable us to possibly acquire some stations making losses, purchase programming and initiate Triple Play Media operations. Cash costs for this phase of our plan will include approximately \$25,000 related to the funding round plus up to \$30 million to support the acquisitions of more LPTV stations, plus up to \$15 million to support Triple Play. This phase of our plan will continue throughout 2008. Currently, we have specific plans to raise

additional financing; however, we do not have any specifically identified source(s) of such potential financing.

We have already begun to identify the LPTV stations we would like to acquire by visiting the online site, www.LPTV.com, to identify stations that are for sale. To date, we have not identified any specific station that we plan to negotiate with but have visited the website to determine what is available. Based upon our review of the market, we believe that we will be able to take the following steps to effectuate the acquisition of LPTV stations in the time periods set forth below. However, the dates set forth below are only based upon our limited research of the market and may not be effectuated in the timely manner set forth below since our registration statement has not been deemed effective and since we have not commenced negotiations or due diligence on any station

We have already commenced the first step in the acquisition process of reviewing those markets of dominant influence (the ratings of TV households in each market.) and will continue doing so. We expect the expenses for our review of the markets to be limited to the time spent by Mr. Letiziano, our sole officer and director. We anticipate that any additional expenses will be under \$1,000 can be paid from our current cash in hand.

Our current monthly cash requirement budget of approximately \$10,500 does not include any post-acquisition costs of operating the LPTV stations. We are unsure of the expenses to be required for operating the stations since we have not identified any specific station, their current operating status and expenditure levels. However, in the event that the stations do not generate the anticipated revenues, we may be unable to pay any shortfall from our current cash on hand. We may have to rely on shareholder loans to cover such costs until the station generates sufficient revenues or until we can obtain additional debt or equity financing. The fees and expenses for the due diligence, negotiations and expenses for the additional stations will be paid from current cash on hand, revenues or stockholder loans.

There will be no costs associated with Big Vision until services have been provided by Big Vision at which time we will be generating revenues to cover these costs. Until such time we are public, receive additional financing and proceed with our business we have no other contractually obligated expenses. We cannot assure investors that we will be able to raise sufficient capital. In the absence of additional funding, we may not be able to purchase some of the stations we have identified. Even without significant new funding later this year or early 2007, we still anticipate being able to acquire some profitable LPTV stations for stock and consolidate both their revenues and earnings.

The foregoing represents our best estimate of our cash needs based on current planning and business conditions. The exact allocation, purposes and timing of any monies raised in subsequent funding rounds may vary significantly depending upon the exact amount of funds raised and status of the implementation of our business plan when these funds are raised.

Apart from building the board of directors, and employees of LPTV stations we acquire as subsidiaries we do not expect any significant changes in the number of employees.

(3) Capital Resources and Liquidity

As of March 31, 2008, we had approximately \$22,500 in cash. Our monthly cash requirements presently average \$10,500 per month. Given our current circumstances, we will have to obtain additional sources of cash to preserve our plan of operation or terminate all activities.

It is the intent of management and significant stockholders, if necessary, to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, there is no legal obligation for either management or significant stockholders to provide additional future funding. Should this pledge fail to provide financing, the Company has not identified any alternative sources. Consequently, there is substantial doubt about the Company's ability to continue as a going concern.

As reflected in the accompanying financial statements, we are in the development stage with no operations. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern. We have no plans to pay no salaries per month to our sole officer and employee until we are properly funded. We intend to raise additional capital to continue our operations although there is no assurance we will be successful. Currently we have no material commitments to make capital expenditures.

Our need for capital may change dramatically as a result of any business acquisition or combination transaction. There can be no assurance that we will identify any such business, product, technology or company suitable for acquisition in the future. Further, there can be no assurance that we would be successful in consummating any acquisition on favorable terms or that it will be able to profitably manage the business, product, technology or company it acquires.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for us to continue as a going concern. The Company is still in the process of developing and implementing its business plan and raising additional capital. As such, the Company is considered to be a development stage company.

(4) Critical Accounting Policies

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (“GAAP”). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note D of our financial statements. While all these significant accounting policies impact our financial condition and results of operations, we view certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

(5) Quantitative and Qualitative Disclosures About Market Risk

The Company may be subject to certain market risks, including changes in interest rates and currency exchange rates. At the present time, the Company does not undertake any specific actions to limit those exposures.

Item 3 - Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the U. S. Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

The Company carried out an evaluation, under the supervision and with the participation of its management, including its Chief Executive Officer and Chief Financial Officer, on the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15 as of the end of the period covered by this report. Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to information relating to the Company required to be included in the Company's Exchange Act reports.

While the Company believes that its existing disclosure controls and procedures have been effective to accomplish their objectives, the Company intends to continue to examine, refine and document its disclosure controls and procedures and to monitor ongoing developments in this area.

(b) Changes in Internal Controls

During the quarter ended March 31, 2008, there were no changes (including corrective actions with regard to significant deficiencies or material weaknesses) in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II - Other Information

Item 1 - Legal Proceedings

From time to time, as we acquire operating properties, we may become subject to various legal proceedings that are incidental to the ordinary conduct of its business. Although, to date, there have been no such proceedings, we do not anticipate that any future proceedings, either individually or in the aggregate, will become material to our business or be likely to result in a material adverse effect on our future operating results, financial condition, or cash flows.

Item 2 - Recent Sales of Unregistered Securities and Use of Proceeds
