Item 9.01 Financial Statements and Exhibits

(b) *Pro Forma Financial Information.*

The unaudited pro forma condensed consolidated financial statements presented below are based on the historical financial statements of International Microcomputer Software, Inc. (the “Company” or “IMSI”) and give effect to the disposition of Allume Systems, Inc. (“Allume”) The pro forma condensed consolidated balance sheet gives effect to the sale to Smith Micro Software, Inc. as if it occurred on June 30, 2004. The unaudited pro forma condensed consolidated statements of operations eliminate the Allume operations of the business sold in order to reflect the operations of the Company, as if the business had been sold as of the date of original purchase of Allume by IMSI (April 19, 2004) for the year ended June 30, 2004 and the nine months ended March 31, 2005.

The unaudited pro forma condensed consolidated statements of operations for the year ended June 30, 2004 reflect the pro forma adjustments necessary to eliminate the results of the Allume operations, including revenue, cost of services and other costs and expenses related to Allume. The pro-forma financial information purports to represent what the Company’s results of operations would have been had the sale of Allume to Smith Micro Software, Inc. occurred on April 19, 2004.

The unaudited pro forma condensed consolidated balance sheet is presented for illustrative purposes only and is not necessarily indicative of the financial position that would have been achieved had the pro forma events described in the notes to the pro forma condensed consolidated balance sheet described below been completed as of April 19, 2004.

The following pro forma condensed consolidated financial statements should be read in conjunction with the Company’s consolidated financial statements and the accompanying notes thereto included in the Company’s Annual Report on Form 10-KSB for the year ended June 30, 2004, and Quarterly Reports on Form 10-QSB for the nine months ended March 31, 2005.

Notes to Pro Forma Information

Unaudited Pro Forma Condensed Consolidated Statement of Operations

(A) The pro forma loss on sale of Allume Systems, Inc. of \$260,000 is calculated as: the total consideration received of \$10.7 million less: (x) the Company's net investment in Allume Systems, Inc. of \$10.4 million and (y) estimated liabilities for sales expenses of \$581,000. Within this consideration received is \$126,000 of escrowed funds and currently excluded from this calculation is \$1.9 million in escrowed cash and Smith Micro Software, Inc. common stock consideration. Release of the \$1.9 million in cash and stock would change the calculated gain (loss) on sale. Changes to the estimated preliminary working capital guarantee adjustment would change the calculated gain (loss) on sale.

Unaudited Pro Forma Condensed Consolidated Balance Sheet

(B) The pro forma activity proceeds of the sale of Allume Systems, Inc. At the closing on July 1, 2005, the Company received cash proceeds of \$9.7 million and marketable securities of \$1.0 million.
