GRUPO RADIO CENTRO REPORTS FOURTH QUARTER AND YEAR-END RESULTS FOR THE PERIOD
ENDED DECEMBER 31, 2004

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

MEXICO CITY, Feb. 25 /PRNewswire-FirstCall/ -- Grupo Radio Centro, S.A. de C.V. (NYSE: RC) (BMV: RCENTRO-A) (the "Company"), Mexico's leading radio broadcasting company, announced today its results of operations for the fourth quarter and year ended December 31, 2004. All figures were prepared in accordance with generally accepted accounting principles in Mexico and have been restated in constant pesos as of December 31, 2004.

For the fourth quarter of 2004, broadcasting revenue was Ps. 185,035,000, representing a decrease of 15.0% compared to Ps. 217,589,000 reported for the same period of 2003. This decrease was mainly due to the loss of revenue that had been generated in 2003 by broadcasting news programs provided by a third party, revenue the Company ceased receiving after news broadcasts ended in the first quarter of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the fourth quarter of 2004 were Ps. 90,827,000, representing a decrease of 30.7% compared to Ps. 131,069,000 reported for the same period of 2003. This decrease was mainly attributable to lower production costs resulting from the cancellation at the end of the first quarter of 2004 of news programming produced by a third party.

For the fourth quarter ended December 31, 2004, the Company reported broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 94,208,000, representing an increase of 8.9% compared to broadcasting income of Ps. 86,520,000 reported for the same period in 2003. This increase was mainly attributable to the decrease in the Company's broadcasting expenses as a result of the cancellation of news programs that a third party formerly produced for the Company.

Depreciation and amortization for the fourth quarter of 2004 amounted to Ps. 27,025,000, a 15.1% decrease compared to Ps. 31,837,000 reported for the same period of 2003. This reduction was mainly due to the goodwill write-off in connection with a Company subsidiary during the fourth quarter of 2003.

For the fourth quarter of 2004, the Company's corporate, general and administrative expenses were Ps. 6,752,000, compared to Ps. 22,339,000 reported for the same period of 2003. This 69.8% decrease was due to the discontinuance of expenses previously related to a news production contract that the Company formerly had with a third party.

As a result of the decrease in expenses, which more than offset the decrease in broadcasting revenues, the Company reported operating income of Ps. 60,431,000 for the fourth quarter of 2004, representing an 86.8% increase compared to operating income of Ps. 32,344,000 reported for the same period of 2003.

In the fourth quarter of 2004, the Company reported comprehensive financing income of Ps. 5,000, compared with a comprehensive financing cost of Ps. 7,822,000 reported for the fourth quarter of 2003. This result was primarily attributable to (i) a gain in net monetary position of Ps. 8,497,000 for the fourth quarter of 2004 compared to a loss of Ps. 1,882,000 for the same period in 2003 and (ii) an increase in foreign currency exchange gain, net, to Ps. 2,929,000 for the fourth quarter of 2004 from Ps. 254,000 for the same period in 2003. The change with respect to net monetary position was due to higher net monetary liabilities for the fourth quarter of 2004 that resulted from the recording of a provision at the end of 2003 related to the Company's arbitration proceeding. The increase in foreign currency exchange gain, net, was due

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

principally to the appreciation of the peso relative to the dollar. The factors leading to the decrease in the Company's comprehensive financing cost were partially offset by an increase in interest expense for the fourth quarter of 2004 due to the fact that the Company began recording interest relating to its contingent liability provision in 2004.

For the fourth quarter of 2004, other expenses, net, were Ps. 10,249,000, compared to Ps. 15,360,000 reported for the same period in 2003. This 33.3% decrease was attributable to the recognition of income that resulted from the reappraisal of certain real estate assets of the Company.

The Company reported income before extraordinary item and provisions for income tax and employee profit sharing of Ps. 50,187,000 for the fourth quarter of 2004, compared to Ps. 9,162,000 reported for the same period of 2003. The Company reported income before provisions for income tax and employee profit sharing of Ps. 50,187,000 for the fourth quarter of 2004, in contrast to a loss of Ps. 349,228,000 for the same period of 2003. The loss in the fourth quarter of 2003 was attributable to the Ps. 358,390,000 extraordinary item charge related to the arbitration.

For the fourth quarter of 2004, the Company recorded provisions for income tax and employee profit sharing of Ps. 19,529,000, compared to a reduction in provisions of Ps. 40,071,000 for the same period of 2003.

As a result of the foregoing, the Company's net income for the fourth quarter of 2004 was Ps. 30,658,000, compared to a net loss of Ps. 309,157,000 reported for same period of 2003.

Twelve-Month Results

For the year ended December 31, 2004, broadcasting revenue was Ps. 551,608,000, a 36.4% decrease compared to Ps. 867,913,000 reported for 2003. This decrease was mainly attributable to a decline in political party advertising expenditures following the July 2003 congressional elections, as well as the termination of a former news program at the end of the first quarter of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for 2004 were Ps. 386,528,000, a 25.6% decrease compared to Ps. 519,216,000 reported for the year ended December 31, 2003. This decrease was primarily attributable to lower production costs for news programming, which a third party produced for the Company until the end of the first quarter of 2004.

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) for 2004 was Ps. 165,080,000, representing a decrease of 52.7% from the Ps. 348,697,000 reported for the year ended December 31, 2003. This decrease was primarily attributable to the decrease in broadcasting revenue resulting from the decrease in political advertising in 2004 compared to 2003.

Depreciation and amortization for 2004 was Ps. 97,873,000, a decrease of 18.0% compared to Ps. 119,291,000 reported for the year ended December 31, 2003. This decrease was mainly due to the goodwill write-off in connection with a Company subsidiary during 2003.

The Company's corporate, general and administrative expenses for 2004 were Ps. 21,406,000, a decrease of 66.2% compared to Ps. 63,307,000 reported for 2003. This decrease occurred primarily because the Company paid lower fees during 2004 to a third party after it ceased producing news programs for the Company.

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

For 2004, the Company reported operating income of Ps. 45,801,000 compared to operating income of Ps. 166,099,000 reported for 2003. Lower political revenues for 2004 contributed to this 72.4% decrease.

The Company's comprehensive financing cost for 2004 was Ps. 18,177,000, a decrease of 47.5% from the comprehensive financing cost of Ps. 34,606,000 reported for 2003. This result was primarily attributable to (i) a gain in net monetary position of Ps. 15,475,000 for 2004 compared to a loss of Ps. 326,000 for 2003 due to higher net monetary liabilities for 2004 and (ii) a decrease in foreign currency exchange loss, net, which fell to Ps. 2,533,000 for 2004 from Ps. 6,798,000 for 2003. The factors leading to the decrease in the Company's comprehensive financing cost were partially offset by an increase in interest expense for 2004.

Other expenses, net, for the year ended December 31, 2004 were Ps. 46,181,000, a 33.5% decrease compared to Ps. 69,407,000 reported for 2003. This decrease is attributable to (i) the recognition of income in 2004 following the reappraisal of certain real estate assets of the Company, (ii) severance payments made during the first quarter of 2003 in connection with personnel reductions and (iii) lower expenses in 2004 due to the termination of operations in 2003 of certain Internet-related subsidiaries of the Company.

The Company reported a loss before extraordinary item and provisions for income tax and employee profit sharing for 2004 of Ps. 18,557,000, in contrast to income of Ps. 62,086,000 reported for 2003.

For 2004, the Company recorded provisions for income tax and employee profit sharing of Ps. 19,727,000, compared to a reduction in provision for income tax and employee profit sharing of Ps. 37,750,000 for 2003.

As a result of the foregoing, the Company had a net loss of Ps. 38,284,000 for the year ended December 31, 2004, compared to net loss of Ps. 258,554,000 for 2003.

Other Matters:

From December 31, 2003 to December 31, 2004, the Company decreased its total bank debt from Ps. 238.2 million to Ps. 169.8 million as a result of scheduled payments.

On November 11, 2004, the Company announced that Civil Judge 63 of the Federal District Superior Tribunal of Justice set aside the arbitration award that was issued on January 30, 2004, against Grupo Radio Centro by an arbitration panel established under the rules of the International Chamber of Commerce. This decision is subject to review, and other legal procedures that have been or may be initiated by the parties under Mexican law.

Company Description:

Grupo Radio Centro owns and/or operates 14 radio stations, 11 of which are located in Mexico City. The Company's principal activities are the production and broadcasting of musical and entertainment programs, talk shows, news and special events programs. Revenue is primarily derived from the sale of commercial airtime. The Company also operates besides Grupo RED and Organizacion Radio Centro radio stations, Organizacion Impulsora de Radio (OIR), a radio network, which acts as the national sales representative for, and provides programming to, Grupo Radio Centro-affiliated radio stations.

Note on Forward-Looking Statements:

This release may contain projections or other forward-looking statements related to Grupo Radio Centro that involve risks and uncertainties. Readers are
