## Item 8.01 Other Events.

As disclosed in its recent Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2010 (the "First Quarter 10-Q"), WellCare Health Plans, Inc. (the "Company") announced changes to its segment reporting structure that were effective January 1, 2010. During the first quarter of 2010, the Company reassessed its segment reporting practices and made revisions to reflect its current method of managing performance and determining resource allocation, which includes reviewing the results of its Medicare stand-alone prescription drug plans ("PDP") operations separately from other Medicare products. Accordingly, the Company now has three reportable segments within its two main business lines: Medicaid, Medicare Advantage ("MA") and PDP. The Medicare private-fee-for-service ("PFFS") product that the Company exited December 31, 2009 is reported within the MA segment. Presented below is certain historical income statement data of the Company for the years ended December 31, 2009, December 31, 2008 and December 31, 2007, revised to reflect the change in the Company's reportable segments. For additional information regarding the change in reporting segments and the Company's historical financial presentation, please see the First Quarter Form 10-Q and the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.
