Item 7.01 Regulation FD Disclosure.

On September 26, 2018, WellCare Health Plans, Inc. (NYSE: WCG) entered into an asset purchase agreement and related agreements (the “agreements”) with Aetna Inc. (“Aetna”) to acquire Aetna’s entire standalone Medicare Part D prescription drug plan business (the “Aetna Part D business”), effective 11:59 p.m. on December 31, 2018. The Aetna Part D business had an aggregate of approximately 2.2 million members as of June 30, 2018. Per the terms of the agreements, Aetna will provide administrative services to, and retain the financial risk of, the Aetna Part D business through 2019. As a result, under generally accepted accounting principles, WellCare does not expect to recognize any revenue from the Aetna Part D business or it to affect its results of operations until 2020. WellCare expects to fund the full purchase price from a portion of available cash on hand.

Aetna is divesting the Aetna Part D business as part of CVS Health Corporation’s (“CVS Health’s”) proposed acquisition of Aetna (the “CVS Health Transaction”). As a result, closing of the acquisition of the Aetna Part D business is subject to the closing of the CVS Health Transaction, regulatory approvals and other customary closing conditions.

Completion of the CVS Health Transaction remains subject to federal and certain state regulatory approvals required in connection with that acquisition, including by the United States Department of Justice (the “DOJ”) and approvals from certain state departments of insurance and similar regulators, and the satisfaction of all closing conditions.

Cautionary Statement Regarding Forward-Looking Statements

This Current Report on Form 8-K contain "forward-looking" statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “estimates,” “will,” and similar expressions are forward-looking statements. For example, statements regarding the timing, closing, manner of payment and financial impact of WellCare’s acquisition of the Aetna Part D business, as well as the CVS Health Transaction (the “transactions”) contain forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties that may cause the Company’s actual future results to differ materially from those projected or contemplated in the forward-looking statements. These risks and uncertainties include, but are not limited to, the ability to complete the transactions in a timely manner or at all, the failure to satisfy the conditions to the consummation of the transactions (including the receipt of approvals by federal and certain state regulatory approvals required in connection with the acquisition, including by the DOJ, and certain state departments of insurance and similar regulators), any requirements that may be imposed by such regulatory authorities as a condition to approving the transactions, adjustments to the purchase price, WellCare's progress on top priorities such as improving health care quality and access, ensuring a competitive cost position, and delivering prudent, profitable growth, WellCare's ability to effectively estimate and manage growth, WellCare's ability to effectively execute and integrate acquisitions, potential reductions in Medicaid and Medicare revenue, WellCare's ability to estimate and manage medical benefits expense effectively, including through its vendors, its ability to negotiate actuarially sound rates, especially in new programs with limited

experience, the appropriation and payment by state governments of Medicaid premiums receivable, the outcome of any protests and litigation related to Medicaid awards, the approval of Medicaid contracts by CMS, any changes to the programs or contracts, WellCare's ability to address operational challenges related to new business, and WellCare's ability to meet the requirements of readiness reviews. Given the risks and uncertainties inherent in forward-looking statements, any of WellCare's forward-looking statements could be incorrect and investors are cautioned not to place undue reliance on any of our forward-looking statements.

Additional information concerning these and other important risks and uncertainties can be found in WellCare's filings with the U.S. Securities and Exchange Commission, included under the captions "Forward-Looking Statements" and "Risk Factors" in WellCare's Annual Report on Form 10-K for the year ended December 31, 2017, and in WellCare's Quarterly Report on Form 10-Q for the quarter ended June 30, 2018, which contain discussions of WellCare's business and the various factors that may affect it. Subsequent events and developments may cause actual results to differ, perhaps materially, from WellCare's forward-looking statements. WellCare's forward-looking statements speak only as of the date on which the statements are made. WellCare undertakes no duty, and expressly disclaims any obligation, to update these forward-looking statements to reflect any future events, developments or otherwise.

The information furnished pursuant to Item 7.01 of this Current Report on Form 8-K shall not be deemed to be "filed" for the purpose of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference into any registration statement or other document under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing. The furnishing of this information is not intended to constitute a determination by WellCare that the information is material or that the dissemination of the information is required by Regulation FD.
