-

**Item 1.01.**

**Entry into a Material Definitive Agreement.**

Effective July 1, 2006, the board of directors of Huron Consulting Group Inc. (the “Company”) adopted the Huron Consulting Group Deferred Compensation Plan (the “Plan”). Under the Plan, members of the board of directors and a select group of employees of the Company and its subsidiaries (the “Participants”) may elect to defer the receipt of their director retainers and meeting fees or base salary and bonus, as applicable. The Plan allows the Participants to delay federal and state income taxation on the compensation that they elect to defer.

The Plan permits the deferral of 5% to 75% of a Participant’s base salary, 10% to 100% of a Participant’s bonus (performance-based and non performance-based), and 0% to 100% of a Participant’s director fees. Generally, for each succeeding plan year, a Participant must elect his or her deferral of base salary, non performance-based bonus, or director fees before December 31<sup>st</sup> of the preceding year in which such compensation is earned. For deferrals of performance-based compensation, a Participant must elect his or her deferral no later than six months before the end of the performance service period. A bookkeeping account will be established for each Participant and his or her deferred compensation will earn a return based on measurement funds made available to and selected by the Participant. Participant deferrals and interest credited or debited to the Participant’s account are fully vested.

Additionally, the Company may credit amounts to a Participant’s deferred compensation account in accordance with employment or other agreements entered into between the Company and the Participant. The Company, at its sole discretion, may, but is not required to, credit any additional amount it desires to any Participant deferred compensation account. Amounts credited by the Company are subject to vesting schedules set forth in the Participant’s Plan agreement, employment agreement or any other agreement entered into between the Company and the Participant.

Distributions from a Participant’s account will automatically begin upon a Participant’s retirement, termination of employment, disability or death during employment, subject to a six-month waiting period for key employees. Additionally, a Participant may irrevocably elect to receive a scheduled in-service distribution, in the form of a lump sum payment, from the Plan with respect to all or a portion of his or her annual deferrals. Such scheduled distribution must be at least three years after the end of the plan year in which the deferrals were originally made.

A copy of the Plan is filed as Exhibit 10.1 to this Current Report and is incorporated in this report as if fully set forth herein.
