### **Listing on the Buenos Aires Stock Exchange**

---

(Rio de Janeiro, April 27, 2006). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, announces that it has received authorization from the Buenos Aires Stock Exchange - BCBA and from the National Securities Commission - CNV to begin today the trading of its common and preferred shares in the Argentinean market.

The Petrobras stock has been given the following trading tickers by the BCBA:

Common share: APBR

Preferred share: APBRA

The Banco Rio de La Plata S.A. of Santander group will act as the Market Maker for the Petrobras shares in this market.

Petrobras wishes to clarify that there is no issuance of new shares and that the shares that will be negotiated in Argentina are the same as currently in circulation.

With this listing on the Buenos Aires stock exchange, local investors will also have the opportunity to invest directly in Petrobras shares. This will allow the Company to diversify its shareholder base in the long term and increase the visibility of the Petrobras brand in Argentina.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
