Petrobras and PDVSA to incorporate mixed corporation in Brazil

(Rio de Janeiro, December 14, 2007). □ PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that Petrobras and PDVSA have decided to incorporate a corporation in Brazil aiming at building and operating the Abreu e Lima Refinery, in the state of Pernambuco, Northeastern Brazil. Interest in the company will be shared at the rate of 60% Petrobras and 40% PDVSA, and staff from both companies will operate the plant. The refinery will be capable of processing 200,000 barrels of oil per day, and a supply agreement for 100,000 barrels of oil per day will be set by the two companies, coming from the Carabobo 1 block, in the Orinoco oil range, will be signed to provision it.

PDVSA announced the development of the fields identified in the Carabobo 1 block is underway, keeping the participation option open for PETROBRAS in the oil production projects, until PETROBRAS concludes its pertinent technical and economic studies. As the result of the joint work carried out by Petrobras and PDVSA, it was possible to have 45.5 billion barrels of oil certified in situ in the Carabobo 1 block.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
