MATERIAL FACT

Companhia de Saneamento Básico do Estado de São Paulo Sabesp, pursuant to CVM Rule 358, as of January 3, 2002, and amendments, publicly announces to its shareholders and the market in general that on August 12, 2009, the São Paulo State Sanitation and Energy Regulatory Agency (ARSESP) approved the tariff readjustment index of four point forty-three percent (4.43%) to be applied over water and sewage tariffs as of September 11, 2009.

The aforementioned readjustment is not applicable to the municipalities of São Bernardo do Campo and Lins which are governed by different rules.

Upon the readjustment effectiveness, tariff charts will be available on Sabesp website, www.sabesp.com.br, and at all the Company s customer service offices.

São Paulo, August 19, 2009.

Rui de Britto Álvares Affonso
Chief Financial Officer and Investor Relations Officer

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
