**Petrobras Among the Best According to Standard & Poor's
Management and Governance Score**

Rio de Janeiro, May 13th, 2013 – Petróleo Brasileiro S.A. Petrobras informs that Standard & Poor's Ratings Services (S&P) published today a report (*Management and Governance Credit Factors*) where it assigns management and governance evaluations to more than 300 nonfinancial Latin American corporations. Standard & Poor's uses the management and governance (M&G) score to modify its evaluation of an enterprise's business risk profile, a key component of its credit rating.

Of the 310 evaluated seven were designated as "strong", 106 as "satisfactory", 195 as "fair", and two as "weak". Petrobras is among the companies that were classified as "strong", the best rate of the ranking.

Worldwide, Standard & Poor's assigned M&G scores to 3,868 companies of which only 8% are designated as "strong".

S&P affirms that the scores are highly correlated with the overall credit ratings and investment-grade companies tend to have "strong" or "satisfactory" M&G scores.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
