Petrobras proves potential of Sergipe-Alagoas Basin's Moita Bonita area

Rio de Janeiro, August 21, 2014 – Petróleo Brasileiro S.A. – Petrobras announces that the third well drilled in the Sergipe-Alagoas Basin's Moita Bonita area, in Concession BM-SEAL-10, has proved the extension of the gas and light oil discovery made in that area, as released to the market on August 24, 2012.

This well, informally known as Moita Bonita 3 (3-BRSA-1244-SES / 3-SES-182), is the second extension well drilled in the area. It is 82 km off the coast of Sergipe, approximately 5 km from discovery well Moita Bonita 1-BRSA-1088-SES (1-SES-168) and at a water depth of 2,790 meters.

Drilling confirmed the existence of 40-meter thick reservoirs with good permeability and porosity conditions, consistent with the project's expectations. After completing drilling a formation test was conducted, which proved the presence of 41º API oil and good reservoir productivity.

The Moita Bonita accumulation is part of the Sergipe-Alagoas Basin deep-water development program.

Petrobras, the operator of BM-SEAL-10 with a 100% interest, will proceed with the activities planned for this area.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
