**Item 1.01 Entry into a Material Definitive Agreement.**

On October 31, 2008, Ferro Corporation ("Ferro") closed the U.S. portion of the sale of its fine chemicals business to Novolyte Technologies LP ("Novolyte"), an affiliate of Arsenal Capital Management LP. The fine chemicals business develops and produces certain fine chemical products, including electrolytes, glymes, and phosphines that are marketed to manufacturers in a broad range of applications (the "Business"). The Business was sold for \$60 million in cash. A portion of the proceeds will be held in escrow until the completion of an equity transfer related to the Business' manufacturing facilities in Suzhou, China. The equity transfer is expected to be completed by the end of 2008.

In connection with the closing, Ferro entered into a first amendment (the "Amendment") to the asset purchase agreement, dated September 29, 2008 (the "Agreement"), with Novolyte. In addition, Ferro entered into an equity transfer agreement (the "Equity Transfer Agreement") with Novolyte Technologies Limited and Novolyte Technologies LP for the sale of the equity of Ferro (Suzhou) Energy Storage Materials Co. Ltd., a wholly-owned subsidiary of Ferro ("Ferro Suzhou").

The primary effect of the Amendment is to reduce the purchase price from \$66 million to \$60 million in cash, which represents \$52 million in cash for the U.S. portion of the sale and \$8 million that will be released from escrow upon the closing of the equity transfer of Ferro Suzhou. The purchase price is subject to a post-closing working capital adjustment and may also be reduced by up to \$4.5 million if the sale of the equity of Ferro Suzhou does not close by June 30, 2009. Novolyte's obligation to complete the purchase of Ferro Suzhou is subject to certain conditions, including government approval of the equity transfer in China and the receipt of certain permits or licenses. Further, Ferro entered into transition services agreements and tolling agreements with Novolyte with respect to certain Business operations.

The foregoing summary is qualified in its entirety by reference to the text of the Amendment, the Agreement and the Equity Transfer Agreement, which are attached hereto as Exhibits 10.1, 10.2 and 10.3, respectively, and are hereby incorporated by reference.
