Safeguard's consolidated financial statements include the accounts of its majority-owned subsidiary, Clariant, Inc. (Clariant). Clariant is itself a public company. The preparation of Clariant's financial statements has been delayed principally due to an analysis relating to billing information provided to Clariant by a third-party billing vendor and Clariant's processes for reviewing and interpreting that information in connection with the preparation of Clariant's consolidated financial statements. The analysis has affected the timetable for completion of Clariant's financial statements and the related audit. The billing vendor issue and the delays in the completion of Clariant's financial statements have also contributed to delays in the completion of potential financing arrangements being negotiated by Clariant with several parties, including Safeguard. These delays will prevent the Company from completing the consolidating procedures and preparing the financial and other disclosures necessary to enable the Company to file its Annual Report on Form 10-K for the year ended December 31, 2007 (the Form 10-K) by the March 17, 2008 due date. As a result of its ongoing analysis of the billing issues described above, Clariant's management has preliminarily concluded that certain credit balances (relating to refunds owed to customers), totaling approximately \$950,000 over a period of multiple quarters, had not been properly recorded in Clariant's consolidated financial statements and that an adjustment to reduce Clariant's revenue and record a liability relating to the impact of these credits was necessary. However, Clariant management's analysis of this matter and its impact on specific reporting periods is still ongoing and subject to change. Clariant's management has determined as a result of this analysis that a material weakness exists in Clariant's internal control over financial reporting. Safeguard has not finalized its determination regarding the impact on management's assessment of internal control over financial reporting at Safeguard in regard to this matter. Financing arrangements have now been finalized as described in Safeguard's Current Report on Form 8-K of even date herewith.

If answer is no, identify report(s). Yes  No
- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

In its Annual Report on Form 10-K for the year ended December 31, 2006, the Company reported net income of \$71.3 million and \$46.0 million for the fourth quarter and year ended December 31, 2006, respectively. Included in the above results was a net gain of \$83.9 million reported in discontinued operations in connection with the Company's sale of its holdings in Mantas, Inc. in October 2006. The Company does not anticipate reporting significant income or loss from discontinued operations in the fourth quarter ended December 31, 2007. In addition, during 2007 the Company acquired interests in five companies accounted for under the equity method. New holdings in growth-stage companies have resulted in equity losses of \$4.8 million and \$14.1 million in the fourth quarter and year ended December 31, 2007, respectively, compared to \$1.1 million and \$3.3 million in the corresponding periods of 2006. These items represent the most significant anticipated changes in results of operations for the fourth quarter and year ended December 31, 2007 from the corresponding periods in 2006.

The information provided in this notice includes forward-looking statements, including statements regarding the timing of the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2007. The factors that could cause actual results to differ materially from those indicated by such forward-looking statements include: longer than expected delays in Clariant's completion of its financial statements and Annual Report on Form 10-K, which could result in longer than expected delays in the filing of the Company's Annual Report on Form 10-K. In addition, the statements in this notice represent the Company's expectations and beliefs as of the date of this notice. The Company anticipates that subsequent events and developments may cause these expectations and beliefs to change. These forward-looking statements should not be relied upon as representing the Company's expectations or beliefs as of any date subsequent to the date of this notice.
