AVIAT NETWORKS, INC.
PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 13, 2012

This proxy statement ("Proxy Statement") applies to the solicitation of proxies by the Board of Directors ("Board") of Aviat Networks, Inc. (which we refer to as "Aviat," the "Company," "we," "our," and "ours") for use at the 2012 Annual Meeting of Stockholders, to be held at 2:00 p.m., local time, November 13, 2012, and any adjournments or postponements thereof. The annual meeting will be held at our facilities located at 5200 Great America Parkway, Santa Clara, California 95054. The telephone number at that location is (408) 567-7000. These proxy materials will be available over the Internet, and for those that have requested to receive the materials in hard copy, the proxy materials are being mailed on or about October 1, 2012 to our stockholders entitled to notice of and to vote at the annual meeting.

ABOUT THE MEETING

What is the purpose of the meeting?

The purpose of the 2012 Annual Meeting of Stockholders is to obtain stockholder action on the matters outlined in the notice of meeting included with this Proxy Statement. All holders of shares of common stock of record at the close of business on September 20, 2012 are entitled to notice of and to vote at the Annual Meeting and all adjournments or postponements thereof. At the meeting, our stockholders will vote to elect eight directors, vote on the ratification of the appointment by our Audit Committee of KPMG LLP as our independent registered public accounting firm for fiscal year 2013, and hold an advisory vote on the approval of executive compensation. In addition, management will report on its 2012 performance and respond to stockholders' questions at the annual meeting.

What is the record date, and who is entitled to vote at the meeting?

The record date for the stockholders entitled to vote at the annual meeting is September 20, 2012. The record date was established by the Board as required by the Delaware General Corporation Law, or DGCL, and our Bylaws. Owners of record of shares of our common stock at the close of business on the record date are entitled to receive notice of the annual meeting and to vote at the annual meeting, and at any adjournments or postponements thereof. You may vote all shares that you owned as of the record date.

What are the voting rights of the holders of Aviat common stock at the meeting?

Each outstanding share of our common stock is entitled to one vote on each matter considered at the annual meeting. As of the record date of September 20, 2012, the number of outstanding shares of common stock was 61,432,077.

Who can attend the Annual Meeting?

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis.

If your shares are held in "street name" (that is, through a bank, broker or other holder of record) and you wish to attend the annual meeting, you must bring a copy of a bank or brokerage statement reflecting your stock ownership as of the record date to the annual meeting.

How do I vote?

Stockholders of record can direct their votes by proxy as follows:

• Via the Internet: Stockholders may submit voting instructions to the proxy holders through the Internet by following the instructions included with the proxy card.

• By Telephone: Stockholders may submit voting instructions to the proxy holders by telephone by following the instructions included with the proxy card.

• By Mail: Stockholders may sign, date and return proxy cards in the pre-addressed, postage-paid envelope that will be provided if a printed proxy statement is requested.

• At the Meeting: If you attend the annual meeting, you may vote in person by ballot, even if you have previously returned a proxy card.

If you are the beneficial owner of shares held in street name, the nominee holding your shares will send you separate instructions describing the procedure for voting your shares. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to SEC rules, we have provided access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request delivery of annual meeting proxy materials in printed form by mail or electronically by email on an ongoing basis.

How can I access the proxy materials and annual report on the Internet?

This Proxy Statement, the form of proxy card, the Notice and our annual report on SEC Form 10-K for the fiscal year ended June 29, 2012 are available at www.proxydocs.com/AVNW.

Why are we soliciting proxies?

In lieu of personally attending and voting at the annual meeting, you can appoint a proxy to vote on your behalf. We are soliciting your vote so all shares of our common stock may be voted at the annual meeting and have designated proxy holders to whom you may submit your voting instructions. The proxy holders for the annual meeting are Charles Kissner, Chairman of the Board, Michael Pangia, President and Chief Executive Officer and Meena L. Elliott, Senior Vice President, General Counsel and Secretary.

How do I revoke my proxy?

If the shares of common stock are held in your name, you may revoke your proxy given pursuant to this solicitation at any time before your shares are voted by:

• delivering a written notice of revocation to the Company's Secretary, Meena L. Elliott, at 5200 Great America Parkway, Santa Clara, CA 95054;

• executing and delivering a proxy card bearing a later date to the Company's Secretary at the same address;

• submitting another proxy by Internet or telephone (the latest dated proxy will control); or

attending the annual meeting and voting in person.

If your shares are held in street name, you should follow the directions provided by the nominee institution that holds your shares regarding proxy revocation. Your attendance at the annual meeting after having executed and delivered a valid proxy card will not in and of itself constitute revocation of your proxy.

What vote is required to approve each item?

Proposal No. 1 (election of directors): The director nominees will be elected by a plurality of the votes cast.

Our stockholders may not cumulate votes in the election of the director nominees. The director nominees

receiving the highest number of affirmative votes of the shares present in person or by proxy at the annual meeting and entitled to vote will be elected. The Board recommends a vote "FOR" all nominees.

Proposals No. 2 (ratification of KPMG LLC as our independent registered public accounting firm) and No. 3

(advisory vote on executive compensation): An affirmative vote of the majority of the stockholders present in person or by proxy at the annual meeting and entitled to vote is necessary for approval of Proposals No. 2 and No. 3. The Board recommends a vote "FOR" each of the Proposals No. 2 and No. 3.

What constitutes a quorum, abstention, and broker "non-votes"?

The presence at the annual meeting either in person or by proxy of a majority of the outstanding shares of our common stock will constitute a quorum for the transaction of business at the annual meeting.

Under the DGCL, an abstaining vote and a broker "non-vote" are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the annual meeting. An abstention occurs when a stockholder does not vote for or against a proposal but specifically abstains from voting. A broker "non-vote" occurs when a broker or other nominee holding shares in street name for a beneficial owner signs and submits a proxy or votes with respect to shares of common stock held in a fiduciary capacity, but does not vote on a particular matter because the nominee does not have the discretionary voting power with respect to that matter and has not received instructions from the beneficial owner or because the broker elects not to vote on a matter as to which it does have discretionary voting power. Under the rules governing brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, such as Proposal No. 2 (the ratification of KPMG LLP as the Company's independent registered public accounting firm), but not on non-routine matters, such as Proposals No. 1 (election of directors) and No. 3 (advisory vote on executive compensation). Broker "non-votes" and abstentions have no effect on the votes regarding proposal No. 1. Only "FOR" and "WITHHOLD" votes are counted for purposes of determining the votes received in connection with Proposal No. 1 relating to the election of directors. In the case of Proposals No. 2 and No. 3, which require the affirmative vote of a majority of the shares present at the meeting and entitled to vote, broker "non-votes" will have no effect on the number of votes cast or on whether the proposal has been passed because broker "non-votes" are excluded from the tabulation of votes cast, but abstentions will have the same effect as a negative vote because they will be counted as a vote cast with respect to the proposal but not counted as a vote for approval.

Who pays for the cost of solicitation?

We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy card, and any additional solicitation materials that may be furnished to our stockholders and the maintenance and operation of the website providing Internet access to these proxy materials. We will reimburse brokerage firms and other custodians, nominees, and fiduciaries for reasonable expenses incurred in sending proxy materials to beneficial owners of our common stock and maintaining the Internet access for such materials and the submission of proxies. We may supplement the original solicitation of proxies by mail, by solicitation by telephone, telegram, or other means by our directors, officers and employees. No additional compensation will be paid to these individuals for any such services.

In addition, the Company has retained Georgeson Inc. to assist in the solicitation of proxies. The Company has agreed that Georgeson will be paid a fee of \$11,000, plus reimbursement for their reasonable out-of-pocket expenses. The Company has also agreed to indemnify Georgeson against certain liabilities and expenses, including certain liabilities and expenses under the federal securities laws.

What is the deadline for submitting proposals and director nominations for the 2013 Annual Meeting?

In order for any stockholder nominations or proposals to be considered properly brought before our 2013 annual meeting, a stockholder of record must submit a written notice thereof which must be received by our Secretary at the address of our principal executive offices, not less than 60 days nor more than 90 days prior to the meeting. However, in the event that we give less than 70 days prior notice or public disclosure of the annual meeting date, the notice must be received by our Secretary at the address noted above no less than 10 days following the date of our notice or public disclosure of the meeting. The full requirements for the notice for nominations and proposals are in Article II, Sections 13 and 14, respectively, of our Bylaws, which are available for review at our website, www.aviatnetworks.com. In addition, if a stockholder wishes the proposal or nomination to be considered for inclusion in our proxy materials for the 2013 annual meeting under SEC Rule 14a-8, written notice thereof must be received by our Secretary at the address noted above by May 31, 2013.

The proxies to be solicited by the Board for the 2013 annual meeting will confer discretionary authority on the proxy holders to vote on any stockholder proposal presented at such annual meeting if the Company fails to receive notice of such stockholder's proposal for the meeting in accordance with the periods specified above.

Who will count the votes?

Georgeson Inc. will tabulate the votes cast by proxy. The Company has retained an independent inspector of elections in connection with Aviat's solicitation of proxies for the Annual Meeting. Aviat intends to notify shareholders of the results of the solicitation for the Annual Meeting by issuing a press release, which it will also file with the SEC as an exhibit to a Current Report on Form 8-K.

CORPORATE GOVERNANCE

We believe in and are committed to sound corporate governance principles. Consistent with our commitment to and continuing evolution of corporate governance principles, we adopted a Code of Business Ethics, Governance and Nominating Committee, Audit Committee and Compensation Committee charters and corporate governance guidelines. Each of our Board committees is required to conduct an annual review of its charter and applicable guidelines.

Board Members

The authorized size of our Board of Directors is currently eight. Directors are nominated by the Governance and Nominating Committee of the Board. Except for Mr. Rau, who was elected to the Board of Directors on November 9, 2010, and Mr. Pangia, who was elected to the Board of Directors on July 18, 2011, all current directors have held office as directors since January 26, 2007, the date of the contribution by Harris Corporation of the Microwave Communications Division of Harris, or MCD, and our merger with Stratex Networks, Inc., or Stratex. The Board is chaired by Mr. Kissner.

Name	Title and Positions
Charles D. Kissner	Director, Chairman of the Board
William A. Hasler	Director
Clifford H. Higgerson	Director
Michael A. Pangia	Director, President and CEO
Raghavendra Rau	Director
Dr. Mohsen Sohi	Director
Dr. James C. Stoffel	Lead Independent Director

The Board has determined that as of the date of this Proxy Statement, each of our current directors and director nominees except Mr. Kissner and Mr. Pangia has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is otherwise independent in accordance with listing rules of the NASDAQ stock market (the "NASDAQ Listing Rules").

All directors are requested to attend the annual meeting of stockholders. The majority of our current directors attended last year's annual meeting.

Board and Committee Meetings and Attendance

During fiscal year 2012, the Board held eight meetings. Each of the board members attended at least 75% percent of the total number of Board meetings and at least 85% percent of the total number of meetings of the committee or committees on which the member served during the fiscal year.

Board Member Qualifications

Our Board believes that its members should encompass a range of talent, skill and expertise enabling it to provide sound guidance with respect to the Company's operations and interest. Our Board prefers a variety of professional experiences and backgrounds among its members and in addition to considering a candidate's experiences and background, candidates are reviewed in the context of the current composition of the Board and evolving needs of our businesses. In particular, the Board has sought to include members that have experience in establishing, growing and leading communications companies in senior management positions and serving on the board of directors of other companies. In determining that each of the members of the Board is qualified to be a director, the Board has relied on the attributes listed below and, where applicable, on the direct personal knowledge of each of the members' prior service on the Board.

Board Leadership

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. When the CEO also serves as Chairman of the Board, our Corporate Governance Guidelines provide for the appointment of a lead independent director.

Accordingly, when our Chairman Charles Kissner was appointed CEO, the Board appointed James Stoffel, an independent director, as lead independent director, with certain duties and responsibilities.

The Board of Directors has maintained the position of Lead Independent Director since our non-executive Chairman recently served as CEO. The Lead Independent Director presides over meetings of the independent directors due to specific subject matter, or in cases where the non-executive Chairman is absent for any other reason. The Board believes that appointing a lead independent director to serve along with a Chief Executive Officer and a non-executive Chairman of the Board has enhanced the Board's oversight of, and independence from, Company management, the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders and our overall corporate governance. Mr. Kissner's part-time employment with the Company expired on July 18, 2012 and he is now considered the non-executive Chairman of the Board. . Although, currently, the roles of the CEO and the Chairman remain separate, upon the recommendation of the Governance and Nominating Committee, the Board determined to continue the role of the lead independent director for the present.

The Board's Role in Risk Oversight

Assessing and managing risk is the responsibility of the management of the Company. The Board, through the Governance and Nominating Committee, oversees and reviews certain aspects of the Company's risk management efforts, focusing on the adequacy of the Company's risk management and risk mitigation processes. At the Board's request, management proposed a process for identifying, evaluating and monitoring material risks and such process has been approved by the Board and is currently in effect. This risk management program is overseen by senior management who, in connection with their regular review of the overall business, identify and prioritize a broad range of material risks (e.g., financial, strategic, compliance and operational). Senior management also discusses mitigation plans to address such material risks. Prioritized risks and management's plans for mitigating such risks are regularly presented to the full Board for discussion and in order to ensure monitoring. In addition to the risk management program, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations.

A discussion of risk factors in the Company's compensation design can be found below under the heading "Risk Considerations in Our Compensation Program".

Audit Committee

The Audit Committee is primarily responsible for selecting, and approving the services performed by, our independent registered public accounting firm, as well as reviewing our accounting practices, corporate financial reporting and system of internal controls over financial reporting. The Audit Committee currently consists of Messrs. Thompson (Chairman), Hasler and Rau. No material amendments to the Audit Committee Charter were made during fiscal year 2012. The Audit Committee is comprised of independent, non-employee members of our Board who are “financially sophisticated” under the NASDAQ Listing Rules.

The Board has determined that each of Messrs. Thompson and Hasler qualifies as an “audit committee financial expert,” as defined under Item 407(d)(5)(i) of Regulation S-K under the Securities Act of 1933 and the Securities Exchange Act of 1934, but that status does not impose on either of them duties, liabilities or obligations that are greater than the duties, liabilities or obligations otherwise imposed on them as members of our Audit Committee and the Board.

Compensation Committee

The Compensation Committee has the authority and responsibility to approve our overall executive compensation strategy, to administer our annual and long-term compensation plans and to review and make recommendations to the Board regarding executive compensation. The Compensation Committee is comprised of independent, non-employee members of the Board in accordance with NASDAQ Listing Rules. During fiscal year 2012, the Compensation Committee utilized Pearl Meyer & Partners as an independent, third-party consulting firm.

Compensation Committee Interlock and Insider Participation

The Compensation Committee currently consists of Messrs. Stoffel (Chairman), Higgerson and Sohi. None of these individuals is an officer or employee or former officer of the Company. None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Governance and Nominating Committee

The Governance and Nominating Committee currently consists of Messrs. Hasler (Chairman), Higgerson, and Stoffel. Each member of the committee meets the independence requirements of the NASDAQ Listing Rules.

The Governance and Nominating Committee develops and implements policies and practices related to corporate governance consistent with sound corporate governance principles. The committee also reviews the process by which management identifies and mitigates key areas of risk and reviews critical risk areas with the Board.

The Governance and Nominating Committee also recommends candidates to the Board and periodically reviews whether a more formal selection policy should be adopted. There is no difference in the manner in which the committee members evaluate nominees for director based on whether the nominee is recommended by a stockholder. We currently do not pay a third party to identify or assist in identifying or evaluating potential nominees, although we may in the future utilize the services of such third parties.

In reviewing potential candidates for the Board, the Governance and Nominating Committee considers the individual's experience and background. Candidates for the position of director should exhibit proven leadership capabilities, high integrity, exercise high level responsibilities within their chosen career, and possess an ability to quickly grasp complex principles of business, finance, international transactions and communications technologies. In general, candidates who have held an established executive level position in business, finance, law, education, research, government or civic activity will be preferred.

While the Governance and Nominating Committee has not adopted a formal diversity policy with regard to the selection of director nominees, diversity is one of the factors that the committee considers in identifying director nominees. When identifying and recommending director nominees, the committee views diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities or attributes that contribute to board diversity. As part of this process, the committee evaluates how a particular candidate would strengthen and increase the diversity of the Board in terms of how that candidate may contribute to the Board's overall balance of perspectives, backgrounds, knowledge, experience, skill sets and expertise in substantive matters pertaining to the Company's business.

In making its recommendations, the Governance and Nominating Committee bears in mind that the foremost responsibility of a director of a corporation is to represent the interests of the stockholders as a whole. The committee intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria.

Stockholder Communications with the Board

Stockholders who wish to communicate directly with the Board may do so by submitting a comment via the Company's website at <http://www.investors.aviatnetworks.com/contactBoard.cfm> or by sending a letter addressed to: Aviat Networks, Inc., c/o Corporate Secretary, 5200 Great America Parkway, Santa Clara, CA 95054. The Corporate Secretary monitors these communications and provides a summary of all received messages to the Board at its regularly scheduled meetings. When warranted by the nature of communications, the Corporate Secretary will request prompt attention by the appropriate committee or independent director of the Board, independent advisors, or management. The Corporate Secretary may decide in her judgment whether a response to any stockholder communication is appropriate.

Code of Conduct

We implemented our Code of Conduct effectively on January 26, 2007. All of our employees, including the Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, are required to abide by the Code of Conduct to help ensure that our business is conducted in a consistently ethical and legal manner. The Audit Committee has adopted a written policy, and management has implemented a reporting system, intended to encourage our employees to bring to the attention of management and the Audit Committee any complaints regarding the integrity of our internal system of controls over financial reporting, or the accuracy or completeness of financial or other information related to our financial statements.

TRANSACTIONS WITH RELATED PERSONS

During fiscal 2012, we believe there were no transactions, or series of similar transactions, to which we were or are to be a party in which the amount exceeded \$120,000, and in which any of our directors or executive officers, any holders of more than 5% of our common stock or any members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in the sections titled "Director Compensation and Benefits" and "Executive Compensation".

It is the policy and practice of our Board to review and assess information concerning transactions involving related persons. Related persons include our directors and executive officers and their immediate family members. If the determination is made that a related person has a material interest in a transaction involving us, then the disinterested members of our Board would review and approve or ratify it, and we would disclose the transaction in accordance with SEC rules and regulations. If the related person is a member of our Board, or a family member of a director, then that director would not participate in any discussion involving the transaction at issue.

Our Code of Conduct prohibits all employees, including our executive officers, from benefiting personally from any transactions with us other than approved compensation benefits.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee currently consists of three members of the Board, each of whom is independent of the Company and its management, as defined in the NASDAQ Listing Rules. The Board has adopted, and periodically reviews, the Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee reviews management's procedures for the design, implementation, and maintenance of a comprehensive system of internal controls over financial reporting and disclosure controls and procedures focused on the accuracy of our financial statements and the integrity of our financial reporting systems. The Audit Committee provides the Board with the results of its examinations and recommendations and reports to the Board as it may deem necessary to make the Board aware of significant financial matters requiring the attention of the Board.

The Audit Committee does not conduct auditing reviews or procedures. The Audit Committee monitors management's activities and discusses with management the appropriateness and sufficiency of our financial statements and system of internal control over financial reporting. Management has primary responsibility for the Company's financial statements, the overall reporting process and our system of internal control over financial reporting. Our independent registered public accounting firm audits the financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present our financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States, or U.S. GAAP, and discusses with the Audit Committee any issues they believe should be raised with us.

The Audit Committee reviews reports from our independent registered public accounting firm with respect to their annual audit and approves in advance all audit and non-audit services provided by our independent auditors in accordance with applicable regulatory requirements. The Audit Committee also considers, in advance of the provision of any non-audit services by our independent registered public accounting firm, whether the provision of such services is compatible with maintaining their independence.

In accordance with its responsibilities, the Audit Committee has reviewed and discussed with management the audited financial statements for the year ended June 29, 2012 and the process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has also discussed with our independent registered public accounting firm, Ernst & Young LLP, the matters required to be discussed by SAS No. 114, Communication with Audit Committees as adopted by the Public Company Accounting Oversight Board, or PCAOB, in Rule 3200T. The Audit Committee has received the written disclosures and letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees as adopted by the PCAOB in Rule 3600T, and has discussed with Ernst & Young LLP its independence, including whether Ernst & Young LLP's provision of non-audit services is compatible with its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements for the year ended June 29, 2012 be included in Company's Annual Report on Form 10-K.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

On September 6, 2012, Aviat Networks, Inc. (the “Company”) dismissed Ernst & Young LLP as its independent registered public accounting firm. The Audit Committee of the Company’s board of directors approved the decision to change the Company’s independent registered public accounting firm.

The reports of Ernst & Young LLP on the consolidated financial statements of the Company for the fiscal years ended July 1, 2011 and June 29, 2012 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years ended July 1, 2011 and June 29, 2012 and the subsequent interim period through September 6, 2012, there have been no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report on the consolidated financial statements of the Company.

No “reportable events”, as such term is defined in Item 304(a)(1)(v) of Regulation S-K, occurred within the two most recent fiscal years ended July 1, 2011 and June 29, 2012 and the subsequent interim period through September 6, 2012.

The Company filed a Report on Form 8-K on September 12, 2012, which includes as Exhibit 16.1 a letter from Ernst & Young LLP addressed to the Securities and Exchange Commission stating that it agrees with the statements made by the Company therein in response to Item 304(a) of Regulation S-K.

On September 6, 2012, the Audit Committee of the Company’s board of directors approved the engagement of KPMG LLP as its new independent registered public accounting firm for the year ending June 28, 2013. The engagement became effective on September 18, 2012, upon completion by KPMG LLP of its standard client evaluation procedures.

During the two most recent fiscal years ended July 1, 2011 and June 29, 2012 and the subsequent interim period preceding the appointment of KPMG LLP, neither the Company nor anyone on its behalf has consulted KPMG LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s financial statements; and as such, neither a written report nor oral advice was provided to the Company that KPMG LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (as defined in Regulation S-K, Item 304(a)(1)(iv) and the related instructions to this Item) or a “reportable event” (as defined in Regulation S-K, Item 304(a)(1)(v)).

Representatives of both Ernst & Young LLP and KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Summary

This Compensation Discussion and Analysis, which has been prepared by management, is intended to help our stockholders understand our executive compensation philosophy, objectives, elements, policies, practices, and decisions. It is also intended to provide context for the compensation information for our CEO, CFO and the three other most highly compensated executive officers (our “named executive officers”) detailed in the Summary Compensation Table below and in the other tables and narrative discussion that follow.

To understand our approach to executive compensation, you should read the entire Compensation Discussion and Analysis that follows. The following brief summary introduces the major topics covered:

the objectives of our executive compensation program are to reward superior performance, motivate our executives to achieve our goals and attract and retain a world-class management team.

our executive compensation program is overseen by the Compensation Committee of our Board of Directors, which makes recommendations on the program to the full Board. The Compensation Committee is composed solely of independent directors. In its work, the Compensation Committee is assisted by independent compensation consultants engaged by the Compensation Committee.

in reviewing the elements of our executive compensation program—base salary, annual incentives, long-term incentives and post-termination compensation—our Compensation Committee reviews market data relating to each element at similar companies.

our competitive positioning philosophy is to set compensation at the 50th percentile of compensation at peer group companies with allowances for internal factors such as tenure, individual performances and the specific importance of the job to the Company.

our annual incentive program is based on specific Company financial performance goals for the fiscal year, and includes provisions to “claw back” any excess amounts paid in the event of a later correction or restatement of our financial statements.

Compensation Philosophy and Objectives

The primary objectives of our total executive compensation program are to recruit, retain, and develop exceptional executives, incentivize those individuals to achieve strategic, operational, and financial goals, rewarding superior performance and aligning the interests of our executives with our stockholders. The following principles guide our overall compensation program:

- reward superior performance;
- motivate our executives to achieve strategic, operational, and financial goals; and
- enable us to attract and retain a world-class management team.

The Compensation Committee conducts an annual review of the executive compensation program in an effort to ensure our executive compensation policies and programs remain appropriately aligned with evolving business needs, and to consider best compensation practices.

Executive Compensation Process

The Compensation Committee has oversight responsibility for the establishment and implementation of compensation policies and programs for our executive officers in a manner consistent with our compensation objectives and principles. The Compensation Committee, which is comprised solely of independent directors, reviews and approves the features and design of our executive compensation program, and approves the compensation levels, individual objectives and financial targets for our executive officers

other than our CEO. The Board of Directors approves the compensation level, individual objectives, and financial targets for our CEO. The Compensation Committee also monitors executive succession planning and monitors our performance as it relates to overall compensation policies for employees, including benefit and savings plans.

In carrying out its responsibilities, the Compensation Committee may engage outside consultants and consult with our Human Resources Department as well as internal and external legal or accounting advisors, as the Compensation Committee determines to be appropriate. The Compensation Committee considers recommendations from our CEO and senior management when making decisions regarding our executive compensation program and compensation of our executive officers. Following each fiscal year end, our CEO, assisted by our Human Resources Department, assesses the performance of all named executive officers and other officers. Following this annual performance review process, our CEO recommends base salary and incentive and equity awards for our named executive officers and other officers to the Compensation Committee. Based on input from our CEO and management, as well as from independent consultants, if any are used, and, in the case of the CEO's compensation, the Compensation Committee's evaluation of the CEO's performance, the Compensation Committee determines what changes, if any, should be made to the executive compensation program and either sets or recommends to the full Board the level of each compensation element for all of our officers.

We conducted our first advisory vote on executive compensation last year at our 2011 Annual Meeting of Stockholders. While this vote was not binding on the Board or us, we believe that it is important for our stockholders to have an opportunity to express their views regarding our executive compensation philosophy, program and practices as disclosed in our proxy statement on an annual basis. The Board and our Compensation Committee value stockholders' opinions and, to the extent there is any significant vote against the compensation of our named executive officers, the Compensation Committee will evaluate whether any actions are warranted or appropriate.

At our 2011 Annual Meeting of Stockholders, 83.3% of the votes cast on the advisory vote on executive compensation supported our named executive officers' compensation as disclosed in the proxy statement. Our Compensation Committee reviewed the favorable results of this advisory vote, noting the widespread support from our stockholders. Although none of our Compensation Committee's subsequent actions or decisions with respect to the compensation of our executive officers were directly attributable to the results of the vote, our Compensation Committee took the vote outcome into consideration in the course of its deliberations. Our Compensation Committee believes that stockholder feedback and concerns on executive compensation matters should be considered as part of its deliberations and intends to consider the results of future advisory votes in its compensation review process.

Independent Compensation Consultant for Compensation Committee

The Compensation Committee has hired Pearl Meyer & Partners ("Pearl Meyer") as an independent consultant. All services Pearl Meyer provided Aviat Networks in fiscal year 2012 were approved by the Committee and related to executive or Board compensation. Pearl Meyer provides an annual review of the Company's compensation practices, reviews and makes recommendations regarding the compensation peer groups, and provides independent input to the Compensation Committee on programs and practices.

Competitive Benchmarking

Our compensation program for all of our officers is addressed in the context of competitive compensation practices. Our management and Compensation Committee consider external data to assist in benchmarking total target compensation. For fiscal 2012, targets for total cash and cash based compensation (base salary and short-term incentive), long-term incentives and total direct compensation (base salary and short-term and long-term incentives) for all officers were set based on data collected from our peer group companies and from two published survey sources, the Pearl Meyer & Partners Executive and Senior Management Total Compensation Survey and the Radford Global Technology Survey. In considering data from the two published survey sources, we focused on results for

technology companies with revenues between approximately half and approximately twice our revenue. The peer group companies selected for benchmarking possessed the following attributes: business operations in the industries and businesses in which we participate with revenues between approximately half and approximately twice our revenue, which compete for the same executive talent.

For fiscal 2012, these peer group companies included:

ADTRAN Inc.	Black Box Corp.
Ciena Group	Comtech Telecommunications Corp.
EMS Technologies, Inc.	F5 Networks, Inc.
Finisar Corp.	Harmonic Inc.
Hughes Communications Inc.	Loral Space & Communications Inc.
NETGEAR, Inc.	Opnext Inc.
Plantronics Inc.	Polycom, Inc.
Powerwave Technologies Inc.	Riverbed Technology, Inc.
Sonus Networks, Inc.	Symmetricom, Inc.
Tekelec	ViaSat, Inc.

Data for our peer group companies was collected directly from these companies' proxy statements. Data from the published survey source was combined with the peer group data to develop a "market composite" perspective.

The Compensation Committee annually reviews the appropriateness of the comparison group used for assessing the compensation of our CEO and other named executive officers.

Total Compensation Elements

Our executive compensation program includes four major elements:

- base salary
- annual cash incentive
- long-term compensation — equity incentives
- post-termination compensation

Each named executive officer's performance is measured against factors such as long and short-term strategic goals and financial measures of our performance, including factors such as revenue, operating income, cash flow from operations and earnings per share.

Our compensation policy and practice is to target total compensation levels for all officers, including our named executive officers, nominally at the 50th percentile for similar positions as derived from the market composite data, assuming experience in the position and competent performance. The Compensation Committee may decide to target total compensation above or below the 50th percentile for similar positions in unique circumstances based on an individual's background, experience, or position. Though compensation levels may differ among our named executive officers based upon competitive factors and the role, responsibilities and performance of each named executive officer, there are no material differences in our compensation policies or in the manner in which total direct compensation opportunity is determined for any of our named executive officers. Because our CEO has significantly greater duties, responsibilities and accountabilities than our other named executive officers, the total compensation opportunity for the CEO is higher than for our other named executive officers. In determining CEO and other named executive officer compensation, the Board also considers the ratio between our CEO's compensation and the average compensation of our other named executive officers as compared with similar ratios for peer group companies. For fiscal 2012, that ratio was 2.42, compared to a median ratio of 2.70 in the peer group companies.

Base Salary

Base salaries are provided as compensation for day-to-day responsibilities and services to us. Executive salaries are reviewed annually. To determine compensation for fiscal year 2012, our CEO made recommendations to the Compensation Committee in August 2011 regarding the base pay of each named executive officer (other than himself). The Compensation Committee considered each executive officer's responsibilities, as well as the Company's performance and recommended increases in base salary for select named executive officers and other officers. The process and recommendations for fiscal year 2013 as compared to fiscal year 2012 was the same. The base salaries for fiscal 2012 for our named executive officers are set forth in the Summary Compensation Table.

Annual Incentive

The short-term incentive element of our executive compensation program consists of a cash and equity-based Annual Incentive Plan, or AIP. The CEO reviews his recommendations for each named executive officer with the Compensation Committee, taking into account benchmarked market data obtained from Pearl Meyer, the Compensation Committee's independent consultant. Based on recommendations by the CEO, and as specified in any applicable employment agreement, the Compensation Committee recommends to the Board an annual incentive compensation target, expressed as a percentage of base salary, for each executive officer in August. Each named executive officer's target annual incentive percentage is benchmarked against the 50th percentile within the market composite for his or her specific role. The Compensation Committee also recommends to the Board specific Company financial performance measures and targets including the relative weighting and payout thresholds. The financial targets are aligned with our Board-approved annual operating plan, and during the year periodic reports are made to the Board about our performance compared with the targets. Under the AIP, a significant portion of the executive's annual compensation is tied directly to our financial performance. The target amount of annual incentive compensation under our AIP, expressed as a percentage of base salary, generally increases with an executive's level of management responsibility. AIP target incentive can represent up to 100% of the base cash compensation for our named executive officers and paid in the form of cash, stock or a combination of the two. If performance results meet target levels, our executives can earn up to a maximum of 100% of their target incentive. No incentive can be earned for performance below the minimum threshold. Equity awards under the AIP are granted under the 2007 Stock Equity Plan, as amended and restated.

For fiscal year 2012, the AIP provided for cash and stock incentives, and contained minimum thresholds and payout ratios for performance measures consisting of revenue and operating income. Revenue had an assigned weight of 50%, and operating income an assigned weight of 50%. The target amounts were established in August 2011, and the plan provided for zero payout unless Company performance met at least one target threshold percentage. The revenue target for fiscal year 2012, \$440 million, was computed in accordance with generally accepted accounting principles, or GAAP. The operating income target for fiscal year 2012, \$3.8 million, was computed based on GAAP results with certain non-GAAP adjustments approved by the Compensation Committee, such as charges incurred for restructurings, impairments, and stock based compensation. Applying non-GAAP adjustments to the operating income focuses this part of the AIP incentive on more controllable aspects of the income statement.

Table 1

Fiscal 2012 Annual Incentive Plan		Results-Driven Entitlement	
		Performance (As % of Financial Target)	Payout ** (As % of Award Target)
Metric	Tiers	(%)	(%)
Revenue (50%)	Minimum Threshold	50%	50%
	Target	100%	100%

Edgar Filing: AVIAT NETWORKS, INC. - Form DEF 14A

	Maximum Threshold	100%	100%
Operating Income* (50%)	Minimum Threshold	50%	50%
	Target	100%	100%
	Maximum Threshold	100%	100%

* Non-GAAP, with adjustments as stated in the AIP and approved by the Compensation Committee.

** Performance share portion of the AIP (constitutes 50% of the AIP) vests upon achievement of the minimum threshold.

The 2012 AIP did not guarantee payout of the target amounts, and the Compensation Committee considered the revenue and operating income targets to be challenging. During the 2012 fiscal year, we achieved both of the maximum thresholds for AIP awards and upon approval by the Compensation Committee, all named executive officers received 100% of the payout under the AIP. Payouts to named executive officers were 50% in the form of restricted stock issued subject to vesting based on achievement of the AIP targets and 50% in the form of cash.

For fiscal year 2013, the Compensation Committee recommended to the Board and the Board approved, that the metric for the AIP will be 100% based on earnings per share. Payout to named executive officers will be represented 100% by performance based restricted stock. Payouts (as a percentage of the award target) are capped at 100%.

Long-Term Compensation — Equity Incentives

The Compensation Committee uses the Long Term Incentive Plan (“LTIP”) as a means for determining awards of stock options, stock appreciation rights, restricted shares, restricted stock units, performance shares, and other stock-based awards to our officers and other executives based on multi-year performance. All of the awards are granted under the 2007 Stock Equity Plan, as amended and restated (the “Plan”).

Our LTIP is designed to motivate our executives to focus on achievement of our long-term financial goals. Equity awards motivate our executives to achieve our long-term goals and to the extent our results affect our stock price, link such results with the performance of our stock over a three to four -year period. Using equity awards helps us to retain executives, encourage share ownership and maintain a direct link between our executive compensation program and the value and appreciation in the value of our stock. For fiscal year 2012, the Compensation Committee has authorized LTIP awards that will provide incentives for performance through fiscal year 2014.

The LTIP awards made in fiscal 2012 were made at a reduced level, in relation to base salary, in light of the challenging business situation. Previous LTIP awards had been composed of 50 % stock options, 25 % service-based restricted stock awards and 25% performance-based restricted stock awards. (In all cases, the proportions are measured by the estimated GAAP expense associated with the awards.) Management and the Board agreed to reduce the total target incentive amount for each named executive officer for fiscal year 2012 by eliminating the performance based stock awards, with no increase in the other components. The stock options vest over a three-year period with 50% vesting on the first anniversary of grant and 25% on each of the following two anniversaries. The service-based restricted stock vests 33 1/3 % on each of the three following anniversaries of the award. The Committee believes that each type of equity component addresses different compensation objectives. Stock options provide a leverage opportunity and alignment with shareholder interests. Service-based restricted stock encourages retention of key executives.

Performance Shares. In past fiscal years, the Compensation Committee recommended performance share awards that are earned, if the performance criteria are met, at the end of a 3-year plan cycle. The maximum possible entitlement to performance shares will occur if 100% of the target is achieved. In addition, irrespective of Company performance versus target, there is no entitlement to performance shares unless the award recipient continues to be employed throughout the multi-year period. Performance shares are subject to repurchase by the Company at \$0.01 per share if eligible employment ends during the performance measurement period and to the extent the maximum performance is not achieved during the performance measurement period. For fiscal year 2011, upon the recommendation of the Compensation Committee, the performance shares under the 2009-2011 LTIP, were repurchased by the Company since the Committee determined that the threshold targets had not been met. For fiscal year 2012, upon recommendation of the Compensation Committee, approximately 107,300 of the performance based restricted shares under the fiscal year 2010 LTIP, were repurchased by the Company since the Compensation Committee determined that the threshold targets had not been met. For compensation planning purposes, awards of performance-based restricted stock are valued at the fair market value of the shares on the date of award, which is the closing price on the

NASDAQ Global Market on that date, without reduction to reflect vesting or other conditions.

Stock Options. The Compensation Committee believes that stock options directly align the interests of executives and shareholders as the options only result in gain to the recipient if our stock price increases above the exercise price of the options. In addition, options are intended to help retain key employees because they vest over a period of time, and to assist in the hiring of new executives by replacing the value of stock options that may have been forfeited as a result of leaving a former employer. Generally, options are granted with an exercise price equal to the fair market value of the common stock on the grant date, which is the closing price on the NASDAQ Global Market on that date.

Typically, the Compensation Committee awards stock options that vest and become exercisable solely on the basis of continued employment, or other service, over three or four years, with 50 or 25 percent

vesting on the first anniversary of the date of the grant and an additional 25 percent vesting on the remaining anniversaries of the date of the grant. Duration of stock options (subject to the terms of the Plan) is seven years from grant date. For compensation planning purposes, awards of stock options are valued using the Black-Scholes valuation method, without reduction to reflect vesting or other conditions. In fiscal 2012, the Black-Scholes valuations were approximately 50% of the grant-date value of the shares subject to the option.

Service-Based Restricted Stock. Service-based restricted stock awards are awards of stock at the start of a vesting period which is subject to repurchase for nominal consideration if the specified vesting conditions are not satisfied. In addition to their use as a component of the LTIP, awards of service-based restricted stock may be made on a selective basis to individual executives primarily to facilitate retention and succession planning or to replace the value of equity awards that may have been forfeited as a result of the executive's leaving a former employer. For compensation planning purposes, awards of service-based restricted stock are valued at the fair market value of the shares on the date of award, which is the closing price on the NASDAQ Global Market on that date, without reduction to reflect vesting or other conditions. Typically, the Compensation Committee awards restricted stock that vests and becomes exercisable solely on the basis of continued employment, or other service, usually over three years, with 33 1/3 % vesting on the first anniversary of the date of the grant and an additional 33 1/3 % vesting on the second and third anniversaries of the date of the grant. Unvested shares are subject to repurchase by the Company at \$0.01 per share if employment ends before the third anniversary of the grant date.

There were no significant changes in the LTIP compensation for any individual in fiscal year 2012 as compared to fiscal year 2011 other than the elimination of the performance share component as described above.

The LTIP continues to be an important element of our executive compensation program. For fiscal 2013, the Compensation Committee recommended, and the Board authorized, long-term incentive awards structured 100% as stock options vesting 50% on the first, and 25% on the second and third anniversaries of the grant.

Recovery of Executive Compensation

Our executive compensation program permits us to recover or "clawback" all or a portion of any performance-based compensation if our financial statements are restated as a result of errors, omissions, or fraud. The amount which may be recovered will be the amount by which the affected compensation exceeded the amount that would have been payable had the financial statements been initially filed as restated, or any greater or lesser amount that the Compensation Committee or our Board shall determine. In no case will the amount to be recovered by us be less than the amount required to be repaid or recovered as a matter of law. Recovery of such amounts by us would be in addition to any actions imposed by law, enforcement agencies, regulators, or other authorities.

Stock Ownership Guidelines

While we do not have a minimum stock ownership requirement for members of the Board and our named executive officers, the corporate governance guidelines adopted by the Board encourage the ownership of our common stock.

Tax and Accounting Considerations

Tax Considerations. The Compensation Committee generally considers the federal income tax and financial accounting consequences of the various components of the executive compensation program in making decisions about executive compensation. The Compensation Committee believes that achieving the compensation objectives discussed above is more important than the benefit of tax deductibility and the executive compensation programs may, from time to time, limit the tax deductibility of compensation. Nevertheless, when not inconsistent with these objectives, the Compensation Committee endeavors to award compensation that will be deductible for income tax purposes. Internal Revenue Code Section 162(m) may limit the tax deductions that a public company can claim for

compensation to some of its named executive officers. The Compensation Committee believes that performance-based compensation authorized and earned under our employee stock option plan including performance shares and option awards, qualify as performance-based compensation that would not be subject to deduction limitations under Section 162(m) and the applicable Treasury Regulations and therefore was or will be fully tax-deductible by the Company. Accordingly the Compensation Committee believes that no expense must be accrued on account of non-deductibility under Section 162(m). Section 409A of the Internal Revenue Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of the deferral elections, timing of payments and certain other matters. As a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees so that they are either exempt from, or satisfy the requirements of, Section

27

409A. We believe that currently we are operating such plans in compliance with Section 409A.

Accounting Considerations. The Compensation Committee also considers the accounting implications of various forms of executive compensation. In its financial statements, the Company records salaries and performance-based compensation such as bonuses as expenses in the amount paid or to be paid to the named executive officers. Accounting rules also require the Company to record an expense in its financial statements for equity awards, even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with GAAP. The Compensation Committee believes that the many advantages of equity compensation, as discussed above, more than compensate for the non-cash accounting expense associated with them.

Benefits under the 401(k) Plan, Executive Perquisites, and Generally Available Benefit Programs

In fiscal year 2012, our named executive officers were eligible to participate in the health and welfare programs that are generally available to all full-time U.S.-based employees, including medical, dental, vision, life, short-term and long-term disability, employee assistance, flexible spending and accidental death and dismemberment. Except for relocation expense reimbursement and allowances provided to former Stratex officers, such as a housing allowance, we do not provide perquisites to our named executive officers.

In addition, the named executive officers and all other eligible U.S.-based employees can participate in our tax-qualified 401(k) Plan. Under the 401(k) Plan, all eligible employees can receive matching contributions from the Company. Our company-matching contribution for the 401(k) Plan during fiscal year 2011 was 100 percent of the first five percent of contributions by the employee to the 401(k) Plan, to a maximum per participating employee of \$17,000 during each calendar year, as allowed by the IRS. We do not provide defined benefit pension plans or defined contribution retirement plans to the named executive officers or other employees other than the 401(k) Plan, or as required in certain countries other than the United States, for legal or competitive reasons.

We adopted an employee stock purchase plan effective November 19, 2009 and commencing on July 3, 2010, under which named executive officers and all other eligible U.S.-based employees can elect, on a quarterly basis, to apply a portion of their cash compensation to purchase shares of our common stock at a 5% discount. An employee's total purchases in any year cannot exceed \$25,000 in value or 15% of his or her salary, whichever is less. Furthermore, an employee may not purchase more than 608 shares of common stock annually under the employee stock purchase plan.

The 401(k) Plan, employee stock purchase plan and the other benefit programs allow us to remain competitive and enhance employee loyalty and productivity. These benefit programs are primarily intended to provide all eligible employees with competitive and quality healthcare, financial contributions for retirement and to enhance hiring and retention.

Post-Termination Compensation

Employment agreements have been established with each of our named executive officers. These agreements provide for certain payments and benefits to the employee if his or her employment with us is terminated. These arrangements are discussed in more detail on page 38. We have determined that such payments and benefits are an integral part of a competitive compensation package for our named executive officers. For additional information regarding our employment agreements with our named executive officers, see the discussion under "Potential Payments Upon Termination or Change of Control."

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 29, 2012.

Risk Considerations in Our Compensation Program

The Compensation Committee, pursuant to its charter, is responsible for reviewing and overseeing the compensation benefits structure applicable to our employees, generally. We do not believe that our compensation policies and practices for our employees give rise to risks that are reasonably likely to have a material adverse effect on our company. In reaching this conclusion, we considered the following factors:

Our compensation program is designed to provide a mix of both fixed and “at risk” incentive compensation. The incentive elements of our compensation program (annual incentives and multi-year equity LTIP awards) are designed to reward both annual performance (under the annual incentive plan) and longer-term performance (under the LTIP). We believe this design mitigates any incentive for short-term risk-taking that could be detrimental to our company’s long-term best interests.

Our incentive compensation programs for officers reward a mix of different performance measures such as, revenue, operating income, cash flow and earnings per share. We believe this mix of performance measures mitigates any incentive to seek to maximize performance under one measure to the detriment of performance under another measure. For example, if our management were to seek to increase sales by pursuing strategies that would negatively impact our profitability, any increase in the portion of annual incentive based on revenue would be offset by decreases in the portion of annual incentive based on operating profit and in the vesting of performance shares based on cash flow.

Maximum payouts under our annual incentive plan is currently capped at 100% of target payouts. We believe these limits mitigate excessive risk-taking, since the maximum amount that can be earned is limited.

Finally, our annual incentive plan and our long-term incentive plan both contain provisions under which awards may be recouped or forfeited if the recipient has not complied with our policies. In addition, our performance-based plans (cash incentive and performance shares) both contain provisions under which awards may be recouped or forfeited if the financial results for a period affecting the calculation of an award are later restated.

Summary Compensation Table

The following table summarizes the total compensation for each of our fiscal years ended June 29, 2012, July 1, 2011 and July 2, 2010 of our named executive officers, who consisted of our Chief Executive Officer, Chief Financial Officer, the next three other most highly compensated executive officers, and our former Chief Executive Officer and former Chief Financial Officer, who would have been included in such table had they served as an executive officer as of June 29, 2012.

The "Stock Awards" column shows the full grant date fair value of the performance shares (at target) and restricted stock granted in fiscal 2012 and 2010. For fiscal 2011, the grant date fair value of the performance shares was reduced to zero or no value since subsequent to the grant date we estimated that the minimum threshold performance will not be achieved. If we had estimated that the fiscal 2011 performance shares would be earned by exceeding the target metrics (the maximum pay-out under the Plan), the following amounts would have been included in the amount under this column and as part of the named executive officers total compensation:

Mr. Pangia	\$ 109,000
Mr. Kennard	\$ 119,900
Mr. Stumpe	\$ 119,900
Mr. McFall	\$ 119,900
Mr. Kissner	\$ 466,602
Mr. Cronan	\$ 130,800

The grant date fair value of the performance shares and restricted stock was determined under FASB ASC Topic 718 and represents the amount we would expense in our financial statements over the entire vesting schedule for the awards. The grant date fair value for performance awards and restricted stock was based on the closing market price of our common stock on the respective award dates, except for the performance shares granted during fiscal 2011 as discussed above. The assumptions used for determining values are set forth in Notes 1 and 10 to our audited consolidated financial statements in Part II, Item 8 of our Annual Report on Form 10-K for the fiscal year ended June 29, 2012. These amounts reflect our accounting for these grants and do not correspond to the actual values that may be recognized by the named executive officers.

The listed stock awards to Mr. Kissner during fiscal 2012 and 2010 were made to him as a member of our Board of Directors.

The "Option Awards" column shows the full grant date fair value of the stock options granted in fiscal 2012, 2011 and 2010. The grant date fair value of the stock option awards was determined under FASB ASC Topic 718 and represents the amount we would expense in our financial statements over the entire vesting schedule for the awards. The assumptions used for determining values are set forth in Notes 1 and 10 to our audited consolidated financial statements in Part II, Item 8 of our Annual Report on Form 10-K for the fiscal year ended June 29, 2012. These amounts reflect our accounting for these grants and do not correspond to the actual values that may be recognized by the named executive officers.

For fiscal 2012, represents amounts earned in respect of 2012 performance under the fiscal year 2012 AIP as though 100% of revenue and operating income (non-GAAP) targets had been achieved with actual achievement of 100% of both targets. For the fiscal years 2011 and 2010, no amounts were paid to named executive officers in respect of 2011 and 2010 performance under the respective fiscal year's AIP.
