PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
GENERAL INFORMATION

Introduction

This proxy statement and the accompanying Notice of Annual Meeting of Stockholders are being furnished to the holders of common stock, \$0.001 par value ("Common Stock"), of LPL Financial Holdings Inc., a Delaware corporation (the "Company") in connection with the solicitation of proxies on behalf of our Board of Directors (the "Board" or the "Board of Directors") for use at the 2013 Annual Meeting of Stockholders (the "Annual Meeting") and any adjournment or postponement thereof. The Annual Meeting will be held on Wednesday, May 8, 2013, at the offices of LPL Financial, 75 State Street, Boston, Massachusetts 02109 at 4:00 p.m., local time. Stockholders who wish to attend the Annual Meeting in person must follow the instructions under the section below entitled "Attending the Annual Meeting."

The Board has made this proxy statement and the Company's 2012 Annual Report on Form 10-K (the "annual report") available to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies for use at the Annual Meeting. As a stockholder of the Company as of March 15, 2013 (the "record date"), you are invited to attend the Annual Meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Record Date, Shares Outstanding, and Quorum

On the record date, there were 106,441,277 outstanding shares of Common Stock. Only stockholders of record at the close of business on the record date will be entitled to vote at the Annual Meeting. A list of stockholders of record entitled to vote will be available at the meeting. In addition, you may contact our corporate secretary, at our address as set forth above, to make arrangements to review a copy of the stockholder list at our offices, for any purpose germane to the meeting, between the hours of 9:00 a.m. and 5:00 p.m., local time, on any business day from April 24, 2013 up to the time of the Annual Meeting.

The presence in person or by proxy of a majority of shares of Common Stock outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Both abstentions and broker non-votes will be counted as present in determining the presence of a quorum. A "broker non-vote" is a proxy from a broker or other nominee indicating that such person has not received instructions from the beneficial owner on a particular matter with respect to which the broker or other nominee does not have discretionary voting power. Brokers have the discretion to vote their clients' proxies only on routine matters. At our Annual Meeting, only the ratification of our auditors is a routine matter. Each share of Common Stock is entitled to one vote.

Notice of Electronic Availability of Proxy Statement and Annual Report

As permitted by Securities and Exchange Commission rules, we are making this proxy statement and our annual report available to our stockholders electronically via the Internet. On or about March 27, 2013, a Notice of Internet Availability of Proxy Materials (the "Notice") was mailed to stockholders of record at the close of business on the record date. We are furnishing our proxy materials to our stockholders on the Internet in lieu of mailing a printed copy of our proxy materials to each record holder of Common Stock. You will not receive a printed copy of our proxy materials unless you request one. The Notice instructs you as to how you may access and review on the Internet all of the important information contained in these proxy materials or request a printed copy of those materials. The Notice also instructs you as to how you may vote your proxy.

Attending the Annual Meeting

We invite all stockholders to attend the Annual Meeting. If you are a record holder of our Common Stock, which means that your shares are represented by ledger entries in your own name directly registered with our transfer agent, Computershare Shareowner Services, you must bring valid picture identification with you to the Annual Meeting to allow us to verify your ownership. If your Common Stock is held in "street name," which means that the shares are held for your benefit in the name of a broker, bank, or other intermediary, you must bring a brokerage account statement or letter from your broker, bank, or other intermediary reflecting stock ownership in order to be admitted to the Annual Meeting. Please note that if you hold your Common Stock in street name, you may not vote your shares in

person unless you obtain a legal proxy from your broker, giving you the right to vote the shares at the Annual Meeting.

If you do not have both proof of ownership of Common Stock and valid picture identification, you may not be admitted to the Annual Meeting.

If you plan to attend the Annual Meeting, please be sure to RSVP via email to lpfinancialannualmeeting@lpl.com. Please include your name, phone number, and email address in your response. A confirmation, including driving directions and additional meeting information, will be emailed to registered participants.

Items of Business to be Voted upon at Annual Meeting

The items of business scheduled to be voted on at the Annual Meeting are:

- To elect nine directors to the Board of Directors of LPL Financial Holdings Inc. or, subject to the approval of Proposal Two, to elect ten directors to the Board of Directors of LPL Financial Holdings Inc.;

- To consider and act upon any other business properly coming before the Annual Meeting and at any adjournment or postponement thereof.

Manner of Voting

If you are a record holder of our Common Stock, you may vote in one of the following ways:

• **By Internet:** by following the Internet voting instructions included in the proxy card at any time up until 11:59 p.m., Eastern Time, on May 7, 2013.

• **By Telephone:** by following the telephone voting instructions included in the proxy card at any time up until 11:59 p.m., Eastern Time, on May 7, 2013.

• **By Mail:** by marking, dating, and signing your printed proxy card (if received by mail) in accordance with the instructions on it and returning it by mail in the pre-addressed reply envelope provided with the proxy materials for receipt prior to the Annual Meeting.

• **In Person:** by voting your shares in person at the Annual Meeting (if you satisfy the admission requirements, as described above). Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone, or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting.

If you are a beneficial owner of our Common Stock, you can vote in the following way:

If your shares are held in street name through a broker, bank, or other intermediary, your broker, bank, or other intermediary should give you instructions for voting your shares. In these cases, you may vote by Internet, telephone, or mail, as instructed by your broker, bank, or other intermediary. You may also vote in person if you obtain a legal proxy from your broker, giving you the right to vote the shares at the Annual Meeting.

Shares of Common Stock represented by properly executed proxy cards received by the Company in time for the meeting will be voted in accordance with the instructions specified in the proxies. If you submit a proxy but do not indicate any voting instructions, your shares will be voted "FOR" the election as directors of the nominees named in this proxy statement; "FOR" the approval of the increase in the size of our Board from nine to 11 seats; "FOR" the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm; and "FOR" the approval of our 2012 Employee Stock Purchase Plan.

Our management and Board of Directors know of no other matters to be brought before the Annual Meeting. If other matters are properly presented to the stockholders for action at the Annual Meeting or any adjournments or postponements thereof, it is the intention of the proxy holders named in the proxy card to vote in their discretion on all matters on which the shares of Common Stock represented by such proxy are entitled to vote.

Voting Requirements

Proposal One—Election of Directors

Directors are elected by a plurality of the votes cast. A vote to abstain or a broker non-vote will have no direct effect on the outcome of the election of directors.

Proposal Two—Approval of Increase in Board Size

The proposal to approve an increase in the size of the Board requires the affirmative vote on the matter of 60% of our outstanding shares of Common Stock. A vote to abstain or a broker non-vote will have the same effect as a vote against the proposal.

Proposal Three—Ratification of Appointment of Deloitte & Touche LLP

The proposal to ratify the appointment of Deloitte & Touche LLP requires the affirmative vote of a majority of the shares cast on the matter affirmatively or negatively in person or by proxy at the Annual Meeting. A vote to abstain or a broker non-vote will have no direct effect on the outcome of the proposal.

Proposal Four—Approval of LPL Financial Holdings Inc. 2012 Employee Stock Purchase Plan

The proposal to approve the LPL Financial Holdings Inc. 2012 Employee Stock Purchase Plan requires the affirmative vote of a majority of the shares cast on the matter affirmatively or negatively in person or by proxy at the Annual Meeting. A vote to abstain or a broker non-vote will have no direct effect on the outcome of the proposal.

Revocation of Proxies

If you submit a proxy, you are entitled to revoke your proxy at any time before it is exercised in one of the following ways: by attending the Annual Meeting and voting in person, by submitting a duly executed proxy bearing a later date, or by sending written notice of revocation to our corporate secretary at LPL Financial Holdings Inc., 75 State Street, Boston, MA 02109. A stockholder of record who voted by the Internet or by telephone may also change his or her vote with a timely and valid later Internet or telephone vote, as the case may be. Any stockholder of record as of the record date attending the Annual Meeting may vote in person whether or not a proxy has previously been given, but the presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy. If you hold your shares in street name and would like to change your voting instructions, please follow the instructions provided to you by your broker, bank or other intermediary.

Solicitation of Proxies

The Board of Directors of LPL Financial Holdings Inc. is soliciting proxies. We have hired Computershare Shareholder Services to assist in the solicitation of proxies at a cost of approximately \$15,000 plus out-of-pocket expenses. We will bear the entire cost of proxy solicitation. Stockholders who elect to vote over the Internet or telephone may incur costs such as telecommunication and Internet access charges for which the stockholder is solely responsible. The telephone and Internet voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time on May 7, 2013.

Householding

Only one copy of the Notice is being delivered to multiple stockholders sharing an address, unless we have received contrary instructions from one or more of the stockholders. We will undertake to deliver promptly, upon written or oral request, a separate copy of the Notice to a stockholder at a shared address to which a single copy of the Notice was delivered. You may make a written or oral request by sending a written notification to our corporate secretary at LPL Financial Holdings Inc., 75 State Street, Boston, Massachusetts 02109, or by calling our offices at (617) 423-3644, extension 0, and providing your name, your shared address, and the address to which we should direct the additional copy of the Notice. Multiple stockholders sharing an address who have received one copy of the Notice and would prefer us to mail each stockholder a separate copy of future mailings should contact us at our principal executive offices. Additionally, if current stockholders with a shared address received multiple copies of the Notice and would prefer us to mail one copy of future mailings to stockholders at the shared address, notification of that request may also be made through our principal executive offices.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors currently consists of eight independent directors and one affiliated director. Our independent directors have nominated each of the current nine directors to stand for re-election and, subject to stockholder approval of Proposal Two, has nominated one new director for election, all to hold office until the Annual Meeting of Stockholders in 2014 and until their respective successors shall have been elected. The nominees who currently serve as directors are as follows: Richard W. Boyce; John J. Brennan; Mark S. Casady; Jeffrey A. Goldstein; James S. Putnam; James S. Riepe; Richard P. Schifter; Jeffrey E. Stiefler; and Allen R. Thorpe. Anne M. Mulcahy is a nominee who does not currently serve as a director. If stockholders approve Proposal Two and if all nominees are elected, our Board will consist of 10 directors. If Proposal Two is not approved by stockholders, our Board will continue to consist of nine directors, and Ms. Mulcahy's nomination and election will be disregarded.

Nominations to our Board of Directors are governed by our bylaws and our Stockholders Agreement, dated November 23, 2010 ("Stockholders Agreement"), by and among the Company, Hellman & Friedman Capital Partners V, L.P., Hellman & Friedman Capital Partners V (Parallel), L.P., Hellman & Friedman Capital Associates V, L.P., TPG Partners IV, L.P. and the other signatories party thereto. Hellman & Friedman Capital Partners V, L.P., Hellman & Friedman Capital Partners V (Parallel), L.P. and Hellman & Friedman Capital Associates V, L.P. shall together be referred to as "H&F." TPG Partners IV, L.P. shall be referred to (collectively with its affiliates) as "TPG." TPG and H&F shall be collectively referred to as the "Sponsors."

The Stockholders Agreement provided that concurrent with its effectiveness at the closing of our initial public offering, the Company and the Sponsors would cause our Board of Directors to initially consist of nine directors, including the following: (i) two individuals designated by H&F, (ii) two individuals designated by TPG, (iii) Mark Casady, (iv) James Putnam, and (v) three independent directors who meet the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The Stockholders Agreement further provides that so long as certain ownership thresholds have been maintained by the Sponsors, the stockholders who are party to the Stockholders Agreement shall vote to cause the Board of Directors to consist at least of (i) two individuals designated by H&F and (ii) two individuals designated by TPG.

Our certificate of incorporation provides that immediately after the date on which the Sponsors cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, the Board shall be divided into three classes with staggered three-year terms. In any such event, our Board would determine the class composition in its discretion.

Each of our nominees to the Board of Directors has consented to serve if elected. If any nominee should be unable to serve or will not serve for any reason, the persons designated on the accompanying form of proxy will vote in accordance with their judgment, but in no event will proxies be voted for more than ten nominees for director. We know of no reason why the nominees would not be able to serve if elected.

Director Qualifications and Experience

We seek a Board that, as a whole, possesses the experiences, skills, backgrounds, and qualifications appropriate to function effectively in light of the Company's current and evolving business circumstances. The Company seeks directors with established records of significant accomplishment in business and areas relevant to our strategies. We seek individuals with integrity, independence of thought and judgment, energy, forthrightness, analytical skills, and a commitment to the Company and the interests of all stockholders. We believe that all of our director nominees possess these characteristics.

Although we do not have a formal policy regarding diversity, our goal is a balanced and diverse Board, with members whose skills, background and experience are complementary and, together, cover the spectrum of areas that impact our business. The Board believes that the current composition of the Board reflects a group of highly talented individuals with diverse skills, backgrounds, and professional and industry experience. We believe that the addition of Ms. Mulcahy to our Board would further contribute to this diversity.

Policy with Respect to the Consideration of Director Candidates Recommended or Nominated by Stockholders

Our Nominating and Governance Committee will consider director candidates recommended by stockholders. For a stockholder to make any nomination for election to the Board of Directors at an annual meeting, the stockholder must

provide notice and certain information about the recommending stockholder and the nominee to the Company, which notice must be delivered to, or mailed and received at, the Company's principal executive offices (i) no later than the close of business on the 90th calendar day nor earlier than the close of business on the 120th calendar day, prior to the anniversary date of the prior year's

4

annual meeting; or (ii) if there was no annual meeting in the prior year or if the date of the current year's annual meeting is more than 30 days before or after the anniversary date of the prior year's annual meeting, on or before 10 days after the day on which the date of the current year's annual meeting is first disclosed in a public announcement. PROPOSAL 2: APPROVAL OF INCREASE IN BOARD SIZE

The Board of Directors regularly reviews the Company's corporate governance policies and procedures. Through this review, the Board determined that it would be in the best interest of the Company and its stockholders to increase the size of our Board of Directors from nine (9) members to eleven (11) members, with such precise number of directors to be fixed exclusively pursuant to a resolution of the Board adopted from time to time. If stockholders approve this proposal and if all director nominees are elected, our Board will consist of 10 directors. At this time, the Board does not have definitive plans to appoint an eleventh director, but this increase would give the Board flexibility to add one additional director in the future without the need for a special meeting of stockholders. Under our certificate of incorporation, until the Sponsors cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, the number of directors may not be increased without, in addition to any vote otherwise required by law, the affirmative vote or written consent of at least 60% of the outstanding shares of Common Stock. By increasing the size of the Board to 11, our Board would have the flexibility to add one additional director without the delay and expense associated with convening a special meeting of stockholders. We believe that this flexibility is desirable to enable us to move quickly to secure the service of a qualified director candidate that may become known to us in the future, as a result of an active search that we may subsequently initiate or otherwise.

The Board recommends stockholder approval of this increase in Board size pursuant to Article V(a) of the Company's Amended and Restated Certificate of Incorporation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

INFORMATION REGARDING BOARD AND COMMITTEE STRUCTURE

During 2012, the Board of Directors held 17 meetings, of which 13 were held by conference call. Except for Mr. Boyce, each of our current directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors during 2012 and (ii) the total number of meetings held by all committees of the Board on which the director served during 2012.

Our Corporate Governance Guidelines provide that each director who is nominated for election is expected to attend the Annual Meeting. It is our expectation that each of our directors will be in attendance.

Corporate Governance, Committee Charters, and Code of Conduct

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our Board of Directors has adopted a set of Corporate Governance Guidelines to set clear parameters for the operation of our Board functions. Our Board of Directors has also adopted charters for its audit committee, nominating and governance committee, and compensation and human resources committee. We have adopted a Code of Conduct that applies to, among others, our principal executive officer, principal financial officer, and principal accounting officer or controller, or persons performing similar functions. Copies of our committee charters, our Corporate Governance Guidelines, and our Code of Conduct are available, free of charge, by writing to us at the following address:

LPL Financial Holdings Inc.
75 State Street
Boston, MA 02109

Our committee charters, our Corporate Governance Guidelines, and our Code of Conduct are also available on our website at www.lpl.com. If we make substantive amendments to, or grant waivers from, the Code of Conduct for certain of our executive officers, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Director Independence

The listing standards of The NASDAQ Global Select Market require that, subject to specified exceptions, each member of a listed company's audit, compensation and human resources and nominating and governance committees be independent, and that audit committee members also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. In addition to complying with all of the independence criteria set forth in Rule 10A-3 under the Exchange Act, Rule 5605(a)(2) of the listing rules of The NASDAQ Global Select Market further provide that a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

After its evaluation of director independence, the Board of Directors has affirmatively determined that Messrs. Boyce, Brennan, Goldstein, Putnam, Riepe, Schifter, Stiefler and Thorpe are independent directors under the applicable rules of The NASDAQ Global Select Market. Messrs. Riepe, Stiefler and Brennan are also independent directors as such term is defined in Rule 10A-3(b)(1) under the Exchange Act. In accordance with listing standards of The NASDAQ Global Select Market, a majority of our directors are independent.

The Board of Directors has also affirmatively determined that Ms. Mulcahy is independent under the applicable rules of The NASDAQ Global Select Market. Assuming her election to the Board by stockholders, Ms. Mulcahy would also be an independent director as such term is defined in Rule 10A-3(b)(1) under the Exchange Act.

Board Composition and Leadership Structure of the Board of Directors

Our business and affairs are managed under the direction of the Board of Directors. Our Board of Directors is currently composed of nine directors. Under our certificate of incorporation, the number of directors shall be not fewer than three and not more than 15. The authorized number of directors may be changed only by resolution of the Board of Directors, provided that until the Sponsors cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, the number of directors shall not be increased without, in addition to any other vote otherwise required by law, the affirmative vote or written consent of at least 60% of the outstanding shares of Common Stock. If our stockholders approve Proposal Two, our stockholders will vote to elect ten directors at the Annual Meeting, including Ms. Mulcahy, and our Board would have the flexibility to add one additional director

without further stockholder approval.

At each annual meeting of stockholders, the directors will be elected to serve until the earlier of their death, resignation or removal, or until their successors have been elected and qualified. Vacancies and newly-created directorships on the Board may be filled by the remaining directors, and until the Sponsors cease collectively to beneficially own at least 40% of the

outstanding shares of Common Stock, vacancies on the Board may also be filled by holders of a majority of the outstanding shares of Common Stock.

Our certificate of incorporation provides that immediately after the first date on which the Sponsors cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, the Board shall be divided into three classes with staggered three-year terms. In any such event, our Board will determine the class composition in its discretion.

For as long as the Sponsors continue to collectively own beneficially 40% or more of the outstanding shares of Common Stock, directors may be removed with or without cause by holders of a majority of the outstanding shares of Common Stock. Following the classification of our Board into three classes as described above, our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of the voting power of our outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

The Board does not have a fixed policy regarding the separation of the offices of chairman of the Board and chief executive officer and believes that it should maintain the flexibility to select the chairman of the Board and its Board leadership structure, from time to time, based on the criteria that it deems to be in the best interests of the Company and its stockholders. At this time, the offices of the chairman of the Board and the chief executive officer are combined, with Mr. Casady serving as chairman and chief executive officer. He has served in this role since December 2005. With 31 years of experience in the financial services industry, including 11 years with us, Mr. Casady has the knowledge, expertise, and experience to understand the opportunities and challenges facing us, as well as the leadership and management skills to promote and execute our values and strategy.

In connection with our initial public offering in November 2010, in accordance with best practices, the Board established the position of lead director. Mr. Schifter currently serves in that role, performing many of the functions that an independent chairman would perform for the Company. His principal responsibilities include serving as a key source of communication between the independent directors and the chief executive officer, and coordinating the agenda for and leading meetings of the independent directors, as needed.

The Company believes that having the same person serve as chief executive officer and chairman focuses leadership, responsibility and accountability in a single person and that having a lead director provides for effective checks and balances and the ability of the independent directors to work effectively in the board setting.

Board Committees

The current standing committees of the Board of Directors are the audit committee (the "Audit Committee"), the nominating and governance committee (the "Nominating and Governance Committee"), the compensation and human resources committee (the "Compensation Committee"), and a special committee (the "NestWise Special Committee") that assists in overseeing the operations of NestWise LLC, a subsidiary of the Company ("NestWise"), each with the composition and responsibilities described below. The members of each committee are appointed by the Board of Directors and serve until their successors are elected and qualified, unless they are removed earlier or resign. In addition, from time to time, special committees may be established under the direction of the Board of Directors when necessary to address specific issues. Each of the committees of our Board, other than the NestWise Special Committee, is chaired by an independent director.

Audit Committee

Our Audit Committee is composed of the following members: John J. Brennan, James S. Riepe, and Jeffrey E. Stiefler. Mr. Brennan serves as the Chairperson of the Audit Committee. If Ms. Mulcahy is elected as a director, we expect her to serve on our Audit Committee as well. Ms. Mulcahy, together with our current Audit Committee members, shall constitute our "Proposed Audit Committee Members."

Each of our Proposed Audit Committee Members is independent under the listing standards of The NASDAQ Global Select Market and under Rule 10A-3 of the Exchange Act. None of our Proposed Audit Committee Members is or has been an employee of ours or any of our subsidiaries. None of our Proposed Audit Committee Members simultaneously serves on the audit committees of more than three public companies, including ours. All of our Proposed Audit Committee Members meet the requirements for financial literacy and are able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement.

Our Board has affirmatively determined Mr. Brennan qualifies as an audit committee financial expert under the applicable rules and regulations of the SEC.

Our Audit Committee is responsible for, among other things, appointing, overseeing and replacing, if necessary, the independent auditor and assisting the Board in overseeing:

the integrity of the Company's financial statements;

- the integrity of the accounting and financial reporting processes of the Company;
- the Company's compliance with legal and regulatory requirements;
- the independent auditor's qualifications and independence; and
- the performance of the Company's independent auditor and internal audit function.

In addition, the Audit Committee prepares the Audit Committee report required by the SEC to be included in our annual report on Form 10-K or our proxy statement.

Our Audit Committee met eight times during 2012.

The Audit Committee has authority under its charter to obtain advice and assistance from outside legal counsel, accounting, or other outside advisors as deemed appropriate to perform its duties and responsibilities.

Nominating and Governance Committee

The Nominating and Governance Committee consists of James S. Riepe, Richard P. Schifter, and Allen R. Thorpe. Mr. Schifter serves as Chairperson of the Nominating and Governance Committee. Each member of our Nominating and Governance Committee is independent under the listing standards of The NASDAQ Global Select Market. Members of our Nominating and Governance Committee discussed with the Board the recommendation of individuals for election as directors of the Company at our 2013 Annual Meeting.

The Nominating and Governance Committee is responsible for and oversees:

- recruiting and retention of qualified persons to serve on our Board of Directors;
- proposing such individuals to the Board of Directors for nomination for election as directors; and
- evaluating the performance, size and composition of our Board of Directors.

Our Board of Directors has adopted a written charter under which the Nominating and Governance Committee operates.

Our Nominating and Governance Committee did not formally meet during 2012, as our independent directors considered the recruitment and nomination of directors, including Ms. Mulcahy, as a group.

Compensation and Human Resources Committee

Our Compensation Committee is composed of the following members: John J. Brennan, Richard W. Boyce, James S. Riepe, and Allen R. Thorpe. Mr. Thorpe serves as the Chairperson of the Compensation Committee. Each member of our Compensation Committee is independent under the listing standards of The NASDAQ Global Select Market.

The Compensation Committee is responsible for:

- reviewing and approving goals and objectives relevant to executive officer compensation and evaluating the performance of executive officers in light of the goals and objectives;
- reviewing and approving executive officer compensation;
- reviewing and approving the chief executive officer's compensation based upon the Compensation Committee's evaluation of the chief executive officer's performance;
- making recommendations to the Board of Directors regarding the adoption of new incentive compensation and equity-based plans, and administering our existing incentive compensation and equity-based plans;
- making recommendations to the Board of Directors regarding compensation of the Board members and its committee members;
- reviewing and discussing with management the compensation discussion and analysis to be included in our proxy statement and preparing an annual Compensation Committee report for inclusion in our annual proxy statement;
- reviewing and approving generally any significant non-executive compensation and benefits plans;
- reviewing our significant policies, practices and procedures concerning human resource-related matters; and
- overseeing any other such matters as the Board of Directors shall deem appropriate from time to time.

The Compensation Committee has authority under its charter to access such internal and external resources, including retaining legal, financial, or other advisors, as the Compensation Committee deems necessary or appropriate to fulfill its responsibilities. In 2012, the Compensation Committee engaged Meridian Compensation Partners, LLC (the "Compensation Consultant") to advise on compensation matters and provide experiential guidance on what is considered fair and competitive

practice in the industry, primarily with respect to the compensation of the executive officers. The Compensation Committee also has the authority to delegate to subcommittees of the Compensation Committee any responsibilities of the full committee. The Compensation Committee may also delegate to one or more of our executive officers, subject to certain restrictions, the power to grant options or other equity awards, and amend the terms of such awards, pursuant to our equity plans. References to the Compensation Committee herein also refer to its subcommittee(s), where applicable.

Our Compensation Committee met six times during 2012.

NestWise Special Committee

The NestWise Special Committee was established on December 14, 2012 and consists of Mark Casady, James Putnam, and Jeffrey Stiefler. Under NestWise's operating agreement, members of the NestWise Special Committee serve as members of the board of directors of NestWise, along with Esther Stearns.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or has been an officer or employee of ours or any of our subsidiaries. None of our executive officers serves or has served as a member of the board of directors, compensation committee, or other board committee performing equivalent functions of any entity that has one or more executive officers serving as one of our directors or on our Compensation Committee.

Risk Management and Compensation Policies and Practices

We have established various committees of the Board of Directors to manage the risks associated with our business. Our Audit Committee was established for the primary purpose of overseeing (i) the integrity of our consolidated financial statements, (ii) our compliance with legal and regulatory requirements that may impact our consolidated financial statements or financial operations, (iii) the independent auditors' qualifications and independence, and (iv) the performance of our independent auditors and internal audit function. Our Compensation Committee was established for the primary purpose of (i) overseeing our efforts to attract, retain and motivate members of our senior management team in partnership with the chief executive officer, (ii) carrying out the Board's overall responsibility relating to the determination of compensation for all executive officers, (iii) overseeing all other aspects of our compensation and human resource policies, and (iv) overseeing our management resources, succession planning, and management development activities. We also have established a Risk Oversight Committee comprised of a group of senior executives to oversee the management of our business risks.

Our Compensation Committee has reviewed and evaluated the philosophy and standards on which our compensation practices have been developed and implemented across our Company. It is our belief that our compensation practices do not encourage inappropriate actions by our executive officers. Specifically, we believe that our compensation practices and process avoid:

- a compensation mix overly weighted toward annual bonus awards;
- an excessive focus on short-term equity incentive awards that would cause behavior to drive short-term stock price gains in lieu of long-term value creation; and
- unreasonable financial goals or thresholds that would encourage efforts to generate near-term revenue with an adverse impact on long-term success.

In addition to various committees, we have written policies and procedures that govern the conduct of business by our advisors and our employees and our relationship with our advisors' clients and the terms and conditions of our relationships with product manufacturers. Our policies governing our relationship with our advisors and their clients address the extension of credit for client accounts, data and physical security, compliance with industry regulation and codes of ethics to govern employee and advisor conduct among other matters.

We believe that our current business process and planning cycle fosters the following behaviors and controls that would mitigate the potential for adverse risk caused by the action of our executive officers:

- we have defined processes for developing strategic and annual operating plans, approval of capital investments, internal controls over financial reporting, and other financial, operational and compliance policies and practices;
- annual review of corporate objectives aligns these goals with our annual operating and strategic plans, achieves the proper risk reward balance, and does not encourage unnecessary or excessive risk taking;
-

annual incentive awards are based on a review of a variety of metrics, including both financial performance and strategic achievements, reducing the potential to concentrate on one metric as the basis of an annual incentive award;

13

the mixes between fixed and variable, annual and long-term, and cash and equity compensation are designed to encourage strategies and actions that are in our long-term best interests; discretionary authority is maintained by the Compensation Committee to adjust annual bonus funding and payments, which reduces business risk associated with our cash bonus program; and long term equity incentive awards vest over a period of time, and as a result of the longer time horizon to receive the value of an equity award, the prospect of short-term or risky behavior is mitigated.

Our Board of Directors has delegated to a committee, consisting solely of the chairman of the Board (the "Equity Committee"), the authority to grant to an eligible participant under our 2010 Omnibus Equity Incentive Plan (the "2010 Plan"), other than an executive officer:

An option to purchase up to such number of shares of Common Stock as determined by dividing \$300,000 by the estimated value per option on the date of grant based on the Black-Scholes model and related assumptions, provided that any such option shall have an exercise price equal to the closing price of the Common Stock on the grant date; and

Effective February 22, 2013, restricted stock units ("RSUs"), each representing the right to receive in the future one share of Common Stock, with any individual grant limited to the number of RSUs determined by dividing \$300,000 by the closing price of the Common Stock on the grant date.

The options and RSUs currently granted pursuant to this delegated authority vest, in the discretion of the Equity Committee, either (i) ratably over four years, or (ii) in full on the second anniversary of the grant date. Options granted pursuant to this delegated authority prior to February 22, 2013 vest either (i) ratably over five years or (ii) in full on the third anniversary of the grant date.

In addition, the Compensation Committee has delegated authority to our Chief Human Capital Officer the authority to grant to an employee of the Company, other than an executive officer:

An option to purchase up to such number of shares of Common Stock as determined by dividing \$300,000 by the estimated value per option on the date of grant based on the Black-Scholes model and related assumptions, provided that any such option shall have an exercise price equal to the closing price of the Common Stock on the grant date; and

RSUs, with any individual grant limited to the number of RSUs determined by dividing \$300,000 by the closing price of the Common Stock on the grant date.

The options and RSUs currently granted pursuant to this delegated authority vest ratably over four years, and, in addition to the individual limits described above, the total aggregate number of shares of Common Stock underlying stock options and RSUs granted by the Chief Human Capital Officer in any fiscal year may not exceed one million. Options granted pursuant to this delegated authority prior to February 22, 2013 vest ratably over five years.

Communicating with the Board of Directors

Any stockholder who wishes to contact a member of our Board of Directors may do so by writing to the following address: Board of Directors, c/o Secretary, LPL Financial Holdings Inc., 75 State Street, Boston, MA 02109.

Communications will be distributed to the chairman of the Board or the other members of the Board as appropriate depending on the facts and circumstances outlined in the communication received.

BOARD OF DIRECTOR COMPENSATION

Pursuant to our Board of Directors compensation policy, in 2012 all of our non-employee directors received a \$50,000 annual retainer, a \$1,500 attendance fee for each Board meeting attended, and a \$750 attendance fee for each committee meeting attended. The Audit Committee Chairperson received an additional \$15,000 as part of his annual retainer while the Compensation Committee Chairperson and the Nominating and Governance Committee Chairperson each received an additional \$10,000 as part of his annual retainer. Each other Audit Committee, Compensation Committee and Nominating and Governance Committee member received an additional \$3,000 as part of his annual retainer.

In February 2013, our Board of Directors adopted a revised Board of Directors compensation policy, effective immediately. Under the new policy, we eliminated all attendance fees. Each of our non-employee directors will receive a \$65,000 annual retainer. The Audit Committee Chairperson, the Compensation Committee Chairperson, and

the Nominating and Governance Committee Chairperson will receive an additional \$20,000, \$15,000, and \$10,000, respectively, as part of his annual retainer. Each other Audit Committee, Compensation Committee, and Nominating and Governance Committee member will receive an additional annual payment of \$10,000, \$7,500, and \$5,000, respectively, as compensation for his or her duties.

We will pay our lead director an additional annual fee of \$15,000 in connection with his duties. Mr. Casady does not receive any additional compensation for his service as director.

Mr. Putnam and Mr. Stiefler currently sit on the NestWise Special Committee. In connection with this service, these directors will receive an additional annual payment of \$7,500.

In the past, grants of stock options have supplemented the compensation paid to certain directors. In 2010, we began granting awards of restricted stock to our directors in lieu of stock options. We previously made grants of restricted stock to our directors under the LPL Financial Holdings Inc. Director Restricted Stock Plan. Under our 2010 Plan, we now grant annual awards of restricted stock valued at approximately \$100,000 (based on the stock price at the close of the market on the grant date) to each non-employee director, with vesting to occur on the second anniversary of the grant date. We believe these grants of equity serve to further align our directors' interests with the interests of our stockholders.

In February 2013, in connection with the revision of our Board of Directors compensation policy, the Board adopted stock ownership guidelines for our directors. These guidelines require that each director, following three years of service, hold a number of shares of Common Stock worth not less than \$200,000 in value.

The following table sets forth the compensation each of the non-employee directors received from us for service on the Board for the fiscal year ended December 31, 2012.

Name	Year	Fees Earned or Paid in Cash (\$)	Restricted Stock Awards \$(1)(2)	Total (\$)
Richard W. Boyce	2012	71,750	100,001	171,751
John J. Brennan	2012	104,750	100,001	204,751
Jeffrey Goldstein(3)	2012	72,500	100,001	172,501
James S. Putnam	2012	75,500	100,001	175,501
James S. Riepe	2012	86,750	100,001	186,751

Allen R. Thorpe(3)	2012	88,500	100,001	188,501

The amounts shown in this column represent the aggregate grant date fair value of restricted stock awards granted to our non-employee directors in 2012. The aggregate grant date fair value of these awards, as determined under FASB ASC Topic 718, was determined by multiplying the number of shares underlying the award by the closing price of our Common Stock on the grant date. The grant date weighted fair value per share of each share of (1) restricted stock granted to these directors in 2012 was \$29.99. For a description of the assumptions used in calculating the fair value of equity awards, see Note 15 to our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012. For information regarding the number of shares of restricted stock outstanding held by each non-employee director as of December 31, 2012, see the column "Restricted Stock Awards" in the table in footnote 2 below.

(2) The following table shows the aggregate number of outstanding stock options and restricted stock awards granted to the non-employee directors as of December 31, 2012:

Name	Stock Option Awards	Restricted Stock Awards (3)
Richard W. Boyce	—	6,515
John J. Brennan	—	6,515
Jeffrey Goldstein	—	3,335

(3) Pursuant to an arrangement between H&F and each of Messrs. Goldstein and Thorpe, the restricted stock awards granted to Messrs. Goldstein and Thorpe are immediately transferred to a fund affiliated with H&F.

In addition to the payments disclosed in the table above, our directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with their attendance at Board and committee meetings.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms or written representations from certain reporting persons received by us with respect to 2012, except for Mr. Thomas Lux, our chief accounting officer, who filed a late Statement of Change in Beneficial Ownership on Form 4 on May 11, 2012 in connection with one transaction, we believe that our executive officers and directors and persons who own more than 10% of a registered class of our equity securities have complied with all applicable filing requirements.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This Compensation Discussion and Analysis ("CD&A") describes the actions taken by our Compensation Committee with respect to the 2012 compensation for our executive officers. The CD&A includes information regarding, among other things, the overall objectives and operation of our compensation program and each of its elements. Additionally, the CD&A discusses the role of the Compensation Committee in the decision making associated with our compensation program and policies.

As determined in accordance with SEC rules, we refer to the following individuals as our "named executive officers" or "NEOs" for fiscal year 2012:

- Mark S. Casady - Chairman of the Board, Chief Executive Officer
- Robert J. Moore - President (former Chief Financial Officer)
- Dan H. Arnold - Chief Financial Officer
- William E. Dwyer III - President, National Sales
- George B. White - Managing Director, Research and Chief Investment Officer
- Sallie R. Larsen - Managing Director, Chief Human Capital Officer
- Esther M. Stearns - Chief Executive Officer of NestWise (former President and Chief Operating Officer)

On February 27, 2013, the Company was notified by William E. Dwyer III of his decision to leave the Company, effective March 29, 2013. Effective March 1, 2013, Mr. Dwyer ceased serving as President, National Sales.

Compensation Philosophy

Under the oversight of our Compensation Committee, we maintain a compensation program for our executive officers, including our NEOs, that is focused on performance. We feel our compensation program provides the proper incentives for strong performance by linking compensation to the success of the Company and avoiding practices that may create unwarranted risk.

The design and operation of our program reflect the following objectives:

- to link our executive officers' compensation to the achievement of our short-term and long-term strategic and operational goals and the achievement of increased total shareholder value;
- to align the interests of our executive officers with the interests of our Company and its shareholders; and
- to attract, motivate and retain highly qualified executive officers who are passionate about the mission of our Company.

We seek to achieve these objectives through the following guiding compensation principles:

- paying compensation that is competitive with that offered for similar positions with our peer companies;

linking short-term and long-term incentive compensation largely to objective and, to the extent possible, quantifiable performance measures; and
• significant use of equity-based compensation.

As discussed in greater detail below, we have entered into employment agreements with certain of our NEOs. As the initial terms of these employment agreements are set to end in 2013 (2015, in the case of Mr. Casady), our Compensation Committee intends to consider whether the use of such agreements remains consistent with our overall compensation philosophy.

Recent Compensation Program Developments

In 2012, with the assistance of the Compensation Consultant, management and the Compensation Committee completed a comprehensive review of our executive compensation program. As a result of this review, management and the Compensation Committee re-affirmed the policy decisions and changes made in 2011, which had brought our compensation practices into greater alignment with our peer companies, provided greater transparency for our employees and investors, and created consistency in how compensation is determined across our organization. A key element of these changes was the alignment of total compensation for our executive officers so that their total compensation package is now targeted to fall between the 50th and 75th percentile of our peer company group. We believe this target range ensures that our executive compensation appropriately rewards performance and is competitive with the market.

In 2012, the Compensation Committee made three significant changes to our long-term equity incentive program, with such changes taking effect in February 2013. These changes were:

- a decision to add RSUs as a component of our long-term equity incentive program in addition to stock options;
- a decision to shorten the general five-year ratable vesting period for stock options to a four-year ratable vesting period for stock options and RSUs; and
- the adoption of a new approach whereby individual equity grants will be based primarily upon the executive's performance during the prior fiscal year with consideration of the executive's future potential.

These changes are intended to align our program more closely with market practices and promote greater executive engagement and retention.

Compensation Components

The core elements of our executive compensation program are: base salary, annual cash bonus, and a long-term equity incentive program. We believe that base salary provides a secure base of compensation that is competitive in the marketplace. We structure the annual cash and long-term incentives to link our NEOs' compensation with both the annual and long-term success of the Company, respectively. The annual cash incentives link compensation with annual Company financial and strategic targets and motivate our NEOs to meet short-term goals. The long-term equity incentives link compensation to the long-term growth and success of the Company. We believe this structure provides an effective balance between short- and long-term incentives.

In setting executive compensation levels, consideration is given to the totality of the compensation in addition to the individual elements. Total executive compensation, including equity-based compensation, is highly dependent on the executive's performance, experience, responsibility, and our financial results. A significant portion of each executive's compensation is variable and directly dependent upon performance against pre-determined corporate goals.

Pay Governance Practices

We believe that our compensation program encourages executive decision-making that is aligned with the long-term interests of our stockholders. For example, we do not provide extensive perquisites to our executives and we have no guaranteed salary increases. We also have stock ownership guidelines for our executive officers. See "Compensation Discussion and Analysis -- Stock Ownership Guidelines."

How Compensation Decisions Were Made

Role of Compensation Committee

Our Compensation Committee is composed entirely of independent directors under the listing rules of The NASDAQ Global Select Market and is responsible for establishing our compensation philosophy and overseeing our executive

compensation policies and program. Our Compensation Committee, or a subcommittee thereof, reviews and gives final approval of the total compensation payable to each of our named executive officers, as well as the structure and implementation of the Company's overall compensation program. In establishing total target compensation levels for our NEOs, the Compensation Committee, with input from our Compensation Consultant, determines the ranges of market compensation that it believes will enable us to effectively compete for and retain high-performing, qualified executives. The Compensation Committee's charter sets forth the Compensation Committee's responsibilities.

Role of Compensation Consultant

Our Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. The Compensation Committee has engaged the Compensation Consultant to advise on compensation matters and provide experiential guidance on what is considered fair and competitive practice in the industry, primarily with respect to the compensation of the executive officers. In 2012, the Compensation Consultant worked directly with the Compensation Committee and management to develop recommendations for compensation levels for our executive officers. In addition, the Compensation Consultant provided competitive compensation program and policy data as well as information concerning compensation plan design.

The Compensation Committee has assessed the independence of the Compensation Consultant pursuant to SEC rules and has determined that the work provided by the Compensation Consultant did not raise a conflict of interest.

Role of Executive Officers

Our chief executive officer annually reviews the individual performance of each of his direct reports, including the NEOs (but excluding himself), and provides the Compensation Committee with evaluations of each such direct report as well as recommendations regarding such person's base salary level, annual cash bonus, and long-term equity award. Our chief human capital officer also attends Compensation Committee meetings and assists the Compensation Committee and the chief executive officer in recommending the final compensation levels for our named executive officers. Both the chief executive officer and the chief human capital officer leave the meetings during discussions of compensation actions affecting them personally.

The Compensation Committee meets in executive session to independently determine the achievement of performance goals and decide the salary and incentive compensation for the chief executive officer, with input from the Compensation Consultant.

Benchmarking

We believe that a competitive pay package is a critical tool in our efforts to attract and retain qualified executives. As discussed above, during 2012 the Compensation Committee engaged the Compensation Consultant to prepare an analysis to benchmark and assess our overall compensation package against marketplace standards. The Compensation Committee's purpose in requesting this analysis was to ensure that the Company's executive compensation practices are competitive with its peers. Working with the Compensation Consultant, management reviewed the total compensation that each of our executive officers is eligible to receive against the compensation levels of comparable positions of a peer group of companies. The companies within our peer group consist of:

Alliance Data Systems, Corp.

Ameriprise Financial, Inc.

Broadridge Financial Solutions, Inc.

Charles Schwab & Co., Inc.

DST Systems, Inc.

E*Trade Financial Corp.

Fidelity National Information Systems

Fiserv, Inc.

GFI Group Inc.

Knight Capital Group, Inc.

National Financial Partners Corp.

Raymond James Financial, Inc.

SEI Investments Company

Stifel Financial Corp.

TD Ameritrade Inc.

Waddell & Reed Inc.

As companies comprising our peer group change due to merger, acquisition, market capitalization, or business model, the Compensation Committee will consider appropriate changes to the group. The peer group was revised from our 2011 peer group to eliminate five companies and add one new organization. Our goal is to ensure that we continue to measure our compensation practices against organizations that compete with us for key executives, that are considered important benchmarks in our industry, and that are comparable in size and scope to our business. The median revenue of companies within our peer group was \$2.37 billion in 2011, with median market capitalization of \$3.3 billion as of

September 30, 2012.

Goals, Objectives and Performance Evaluation

Our NEOs are primarily responsible for ensuring that the Company achieves our annual and long-term financial results. At the beginning of each year, our Compensation Committee determines, with the input of the chief executive officer and the management team, the corporate goals and objectives for the upcoming year. In evaluating incentive compensation at the end of the year, our Compensation Committee considers the Company's financial results as well as qualitative factors that will impact our ability to sustain results and create long-term value for stockholders. The performance of the Company against these goals is assessed each year by our chief executive officer and chief financial officer, together with our Compensation Committee.

Specific goals and objectives established for 2012, against which performance for our NEOs was judged at year-end, were the following:

- Delivering financial results, including an Adjusted EBITDA target of approximately \$513.5 million;
- Attracting new advisors and financial institutions as measured through business development efforts;
- Managing productivity and efficiency while maintaining alignment with our service standards and employee engagement;
- Sustaining and improving service levels, as measured by surveys of LPL Financial advisor satisfaction;
- Sustaining and improving employee engagement, as measured by annual employee engagement surveys, employee turnover, and employee sentiment;
- Managing our risk profile and promoting sound decision-making to maintain high standards of compliance with respect to regulatory and other applicable risk-related requirements;
- Maintaining appropriate external representation of the Company including to advisors, investors, and the public;
- Moving forward with respect to ongoing efforts to create future market and platform expansion through innovation and investment in new platforms, capabilities, and acquisitions that foster the long-term growth of the Company and maintain competitiveness; and
- Delivering on key technology investments.

In assessing the performance of our NEOs during 2012, the Compensation Committee considered their performance against these and other objectives and noted the following:

• The Company's full year results in 2012 were behind budgeted levels, generating Adjusted EBITDA of \$454.5 million;

In 2012, we had strong performance with respect to our recruiting, resulting in a strong increase over 2011 levels for institutions and exceeding our advisor recruiting goals with 505 net new advisors added during 2012. This success was achieved despite high competition in the independent advisor space and a slowing of advisor movement in the institution services area;

In 2012, we had strong performance with respect to our service levels. We implemented a process of continuous Net Promoter Score Measurements as well as a firm-wide management follow-up system to address issues highlighted in the process;

Employee engagement, as measured by favorable responses to our 2012 employee opinion survey, rose 2 percentage points. While 2012 management actions are taking hold, complex workplace dynamics continue to create challenges in certain areas. This feedback indicates that there is still work to be done to improve the employee experience, and management has committed to continuing this work in 2013;

2012 showed continued focus on improving key control areas and in Sarbanes-Oxley compliance. Our regulatory oversight has led to sustained low-levels of client complaints and fines. The firm continues to focus on enhancing our firm-wide risk assessment processes and supervisory platforms as we continue to provide proactive identification of key risk areas and mitigation procedures;

In 2012, we saw continued success in many of our longer-term expansion efforts, such as our investment in our RIA platform and our Clients First initiative. Our Model Wealth Portfolio platform showed strong growth in 2012, due to enhancements of the program in 2012. In addition, in 2012, we made progress in integrating three recent acquisitions (National Retirement Partners, Concord Wealth Management, and Fortigent), all of which have allowed us access to new markets. We also launched our new subsidiary, NestWise, to further broaden our market reach; and

In 2012, we continued to drive efficiency into our business through our Lean efforts and our Service Value Commitment. Through our expansion of the Service Value Commitment, we will continue to look for areas to improve our processes and efficiencies in 2013.

Overall, the Company's 2012 financial performance did not meet our expectations. However, the Company's performance against other key strategic initiatives was positive and significant. Based on this mixed result, the Compensation Committee determined that the annual cash bonus awards paid to our NEOs (as well as to our other executives and employees) would be set at levels substantially below target. This is consistent with our philosophy of closely aligning executive compensation with our performance against strategic goals.

As we look forward to achieving our goals and objectives for 2013, the Compensation Committee has recommitted our management team to goals that are generally consistent with those adopted in 2012.

Components of Compensation

The components of our executive compensation program are:

• Base salary;

• Annual cash bonus awards;

• Long-term equity incentive awards; and

• Severance and change in control benefits.

Our Compensation Committee retains flexibility to determine what it believes to be the appropriate level and mix of the various compensation components consistent with our business needs. The mix of compensation elements is intended to reward recent results and drive long-term corporate performance.

Base Salary

The base salary element is designed to provide our NEOs with a stable income stream that is commensurate with their experience and responsibilities and reflects competitive market conditions. The base salaries of the NEOs are set based on the responsibilities of the individual, taking into account the individual's skills, experience, prior compensation levels, and market compensation for our peer group. We review base salary for the NEOs annually. In 2012, the Compensation Committee decided to provide a pay increase for Mr. Dwyer, increasing his base salary from \$512,500 in 2011 to \$557,500 in 2012. This increase was intended to better align Mr. Dwyer's salary with those of executives with similar levels of responsibility among the Company's peers. Also, during 2012, the Compensation Committee provided Mr. Arnold a pay increase from \$400,000 to \$440,000, in connection with his promotion to the position of chief financial officer. The 2012 salaries for all of our named executive officers appear in the Summary Compensation Table that follows this Compensation Discussion and Analysis.

Incentive Compensation

Our incentive compensation program consists of annual cash bonus awards and long-term equity incentive awards. The cash bonus program provides NEOs with cash incentive awards based primarily upon Company performance. Individual performance in achieving our corporate goals is also considered in determining an individual's bonus. We have also adopted a long-term equity incentive program designed to provide equity compensation primarily linked to longer-term Company performance.

Cash Bonus Awards. We establish annual discretionary cash bonus opportunities for our NEOs based on proposed goals, prior compensation levels, and market compensation for comparable positions within our peer group. We believe that these cash bonuses provide a significant incentive to our NEOs to work towards achieving our Company objectives as they are tied to certain of our key performance measures. For 2012, cash bonuses were issued to our NEOs pursuant to our LPL Financial Holdings Inc. Corporate Executive Bonus Plan (the "Executive Bonus Plan"). In 2013, subject to achievement of performance goals, we also expect to grant cash bonuses to our NEOs under the Executive Bonus Plan.

Our cash bonus awards tie a significant portion of the overall compensation of each named executive officer to key corporate objectives and stated financial goals of our Company, which are established annually. See "Goals, Objectives and Performance Evaluation." Our Compensation Committee, or a subcommittee thereof, after discussion with management and the Compensation Consultant, determines whether the target bonuses are paid, based on the Company's performance. Our Compensation Committee also has the discretion, subject to the terms of the various bonus awards and applicable employment agreements, to pay bonuses above and below the established targets.

For the year ended December 31, 2012, the target percentage and dollar amount for the annual cash bonus for each of our NEOs, to be awarded based on achievement of the performance goals and objectives discussed above, were as follows:

Name	Target as a Percentage of Base Salary	Target Award
Mark S. Casady, Chairman and Chief Executive Officer	279	% \$2,225,000
Robert J. Moore, President	176	% \$1,100,000
Dan H. Arnold, Chief Financial Officer	100	% \$440,000
William E. Dwyer III, President—National Sales	112	% \$625,000
George B. White, Managing Director, Research and Chief Investment Officer	90	% \$387,000
Sallie R. Larsen, Managing Director, Chief Human Capital Officer(1)	100	% \$234,290
Esther M. Stearns, Chief Executive Officer - NestWise(2)	176	% \$1,100,000

(1) Ms. Larsen joined our Company on May 1, 2012, and her target award is prorated to reflect her partial year of service to the Company.

Ms. Stearns' target as a percentage of base salary and target award for 2012 were based on Ms. Stearns' base salary (2) of \$625,000 at the beginning of 2012. Ms. Stearns' base salary was subsequently adjusted, effective December 27, 2012, upon the execution of her new employment agreement on December 20, 2012.

Our chief executive officer met with the Compensation Committee in December 2012 to discuss our actual performance compared to 2012 corporate objectives. The Compensation Committee determined that overall performance was below expectations in 2012, as further described above under "Goals, Objectives and Performance Evaluation." Therefore, the Compensation Committee determined not to fully fund the cash bonus pool for 2012, and our NEOs received cash bonuses in the following amounts:

Name	2012 Bonus	Percentage of Target Bonus
Mark S. Casady, Chairman and Chief Executive Officer	\$1,000,000	45 %
Robert J. Moore, President	\$360,000	33 %
Dan H. Arnold, Chief Financial Officer	\$292,000	66 %
William E. Dwyer III, President—National Sales	\$443,750	71 %
George B. White, Managing Director, Research and Chief Investment Officer	\$313,350	81 %
Sallie R. Larsen, Managing Director, Chief Human Capital Officer	\$128,859	55 %
Esther M. Stearns, Chief Executive Officer - NestWise	\$360,000	33 %

In determining these final bonus payments, the Compensation Committee reviewed overall corporate performance as well as each individual's contribution to and responsibility for the Company's 2012 results.

Long-Term Equity Incentive Program. The purpose of our long-term equity incentive program is to retain key executives and to promote achievement of goals that drive long-term stockholder value. We provide stock-based, long-term compensation for NEOs through our stockholder-approved equity plans. Stock options entitle the holder to purchase during a specified time period, a fixed number of shares of our Common Stock at a set price, and vest over a period determined by the Compensation Committee, or a subcommittee thereof. RSUs are unfunded and unsecured promises to deliver a fixed number of shares of our Common Stock upon vesting over a period determined by the Compensation Committee, or a subcommittee thereof. We believe that our long-term equity incentive program is critical to our efforts to hire and retain the best talent in the financial services industry.

Our 2010 Plan permits the granting of various types of awards to our key employees, directors, consultants, and financial advisors. Types of awards that may be granted are: stock options, stock appreciation rights, restricted stock, unrestricted stock, stock units, restricted stock units, performance awards, cash awards and other awards that are convertible into or otherwise based on stock.

The Compensation Committee establishes annual long-term equity incentive targets for all eligible executives after reviewing the recommendations of management and the information provided by the Compensation Consultant. The 2012 targets levels are based on the executive's seniority level and base salary, after consideration of our peer group targets. The Compensation Committee set the range of target levels to be within the 60th to 75th percentile of our peer group of public companies. For our NEOs, in 2012, these targets ranged from 100% of base salary to 350% of base salary as set forth below.

Executive	2012 Annual Base Salary	2012 LTI Target % of Base Salary	2012 LTI Target \$	2012 LTI \$ Granted(1)
Mark S. Casady	\$800,000	350%	\$2,800,000	\$2,800,000
Robert J. Moore	\$625,000	250%	\$1,562,500	\$1,362,500
Dan H. Arnold(2)	\$440,000	100%	\$440,000	\$575,000
William E. Dwyer III(3)	\$557,500	250%	\$1,393,750	\$1,393,750
George B. White	\$430,000	100%	\$430,000	\$430,000
Sallie R. Larsen	\$350,000	100%	\$350,000	\$350,000
Esther M. Stearns(4)	\$625,000	N/A	\$—	\$—

(1) These long term incentive awards were granted on February 22, 2013. Mr. Casady, Mr. Moore, Mr. Arnold, and Mr. Dwyer received 100% of their awards as stock option awards. Mr. White and Ms. Larsen received 70% of their awards as stock option awards and 30% of their awards as RSUs. The dollar amount allocated for stock option awards is based on the grant date fair value of the stock options, as represented by the total compensation expense that will be recognized for these awards. We use the Black-Scholes option pricing model to determine our compensation cost for stock option awards. The assumptions used in the Black-Scholes model for grants made on February 22, 2013, were: (i) an expected life of 6.25 years for each option; (ii) dividend yield of 1.71%; (iii) expected stock price volatility of 45.05%; and (iv) a risk-free rate of return of 1.36%. RSUs are valued at the grant date market price and the expense is recognized over the vesting period. The RSUs granted on February 22, 2013 will vest over a four year period.

(2) Mr. Arnold's annual base salary increased from \$400,000 to \$440,000, effective as of June 15, 2012, in connection with his promotion to the position of chief financial officer.

(3) Mr. Dwyer's annual base salary increased from \$512,500 to \$557,500, effective as of March 1, 2012, to better align his salary with those executives with similar levels of responsibility among the Company's peers.

(4) Ms. Stearns entered into a new employment agreement on December 20, 2012, and her long-term incentive arrangements are separately addressed therein. Please see "Stearns Employment Agreement and Equity Awards" below for additional discussion.

In accordance with SEC rules, the equity awards shown in our Summary Compensation table and Grants of Plan-Based Awards table appearing below were granted in February 2012 in respect of services performed in 2011. The long-term equity incentive program awards described in the table above, which were made in February 2013 in respect of services performed in 2012, are not reflected in our Summary Compensation table or Grants of Plan-Based Awards table appearing below.

For the 2011 long term incentive grants made in February 2012, management proposed, and the Compensation Committee determined, the final long-term incentive amounts granted to each NEO based on an analysis of three factors. The Compensation Committee applied a 40% weighting on the executive's performance over the prior year, a 40% weighting on the executive's growth potential, and a 20% weighting on the executive's length of sustained senior-level contribution to the Company. Beginning with the grants made in February 2013, this approach was modified so that individual performance is now the primary factor considered in determining an individual's annual award, with consideration of the executive's future potential. This may result in an actual long-term incentive grant that is greater or less than an executive's target.

In addition to the annual long-term equity grants disclosed above, Mr. Arnold and Ms. Larsen also received supplemental equity grants in February 2013 with aggregate values of \$150,000 and \$106,000, respectively. These grants were awarded in the form of RSUs, vesting on the second anniversary of the date of grant.

162(m) Policy

Pursuant to Section 162(m) of the Internal Revenue Code, compensation in excess of \$1 million that is paid to certain executive officers is not deductible unless it qualifies as "performance-based compensation." Our Compensation Committee believes that in establishing the cash and equity incentive compensation programs for the Company's executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration. From time to time, the Compensation Committee may, and reserves the right to, award or approve compensation that is not deductible under Section 162(m) in order to provide competitive levels of total compensation for our executive officers.

Employment Agreements

In connection with our initial public offering, we entered into employment agreements with Mr. Casady, Mr. Moore, and Mr. Dwyer (together, the "IPO Employment Agreements"). The IPO Employment Agreements have a three-year term (five years in the case of Mr. Casady), beginning on November 23, 2010, with automatic renewal for successive terms of one year each following the initial term, unless we provide notice of non-renewal within 90 days prior to the completion of the then-current term. In addition to the other terms of his IPO Employment Agreement set forth below, we have agreed in Mr. Casady's agreement to take steps to ensure that Mr. Casady is elected to and remains a member of the Board of Directors.

On December 26, 2012, we entered into an amended and restated employment agreement with Mr. Arnold setting forth the terms of his continued employment as our chief financial officer (the "Arnold Employment Agreement"). The Arnold Employment Agreement has an initial term ending on November 23, 2013, with automatic renewal for successive terms of one year following the initial term each unless we provide notice of non-renewal within 90 days prior to the completion of the then-current term. The Arnold Employment Agreement, together with the IPO Employment Agreements, are referred to below as the "Employment Agreements."

Base Salaries

Pursuant to the Employment Agreements, Mr. Casady, Mr. Moore, Mr. Dwyer, and Mr. Arnold will receive an annual base salary for the 2013 fiscal year at a rate of no less than \$800,000, \$625,000, \$557,500, and \$440,000, respectively. The Employment Agreements provide that each such executive is entitled to participate in the bonus plan that we may establish from time to time and in our equity incentive plans.

Intellectual Property, Confidentiality, and Non-Compete Clauses

The Employment Agreements with Mr. Casady, Mr. Moore and Mr. Dwyer require each of them to promptly disclose and assign any individual rights that he may have in any intellectual property to us. These executives, as well as Mr. Arnold, are also required to maintain confidentiality of all information that is confidential and proprietary to us, subject to customary exceptions.

Under a non-compete provision in his Employment Agreement, Mr. Moore may not engage in prohibited competitive conduct for a period of:

- twenty-four months in the event of termination without cause or for good reason during the initial term;
- eighteen months in the event of non-renewal of the employment agreement;
- eighteen months in the event of termination without cause or for good reason during renewal periods; and
- a maximum of twelve months in the event of voluntary termination without good reason, but only if the Company elects to pay severance.

Under his Employment Agreement, Mr. Dwyer may not engage in prohibited competitive conduct for a period of:

- twenty-four months in the event of termination without cause or for good reason during the initial term;
- twenty-four months in the event of termination for cause, retirement or disability;
- eighteen months in the event of non-renewal of the employment agreement;
- eighteen months in the event of termination without cause or for good reason during renewal periods; and
- twelve months in the event of voluntary termination without good reason, unless the Company elects to pay severance, in which case the applicable period is twenty-four months.

Under his Employment Agreement, Mr. Casady may not engage in prohibited competitive conduct for a period of: twelve months in the event of termination without cause, for good reason (including non-renewal), for cause, as a result of retirement, or as a result of disability and twelve months in the event of voluntary termination without good reason, unless the company elects to pay severance, in which case the applicable period is twenty-four months.

Under his Employment Agreement, Mr. Arnold may not engage in prohibited competitive conduct for a period of twenty-four months in the event of termination for any reason.

Severance and Change-in-Control Payments

Under the terms of the Employment Agreements, we may be obligated to make severance payments to Mr. Casady, Mr. Moore, Mr. Dwyer, and Mr. Arnold following the termination of the executive officer's employment. These benefits, along with severance benefits payable to Mr. White and Ms. Larsen under our Executive Severance Plan, are described below under "—Potential Payments upon Termination or Change-in-Control."

We, however, have no obligation to grant any of the executive officers any "gross-up" or other "make-whole" compensation for any tax imposed on severance or change-in-control payments made to the executive officer, including "parachute payments." Under the Employment Agreements with Mr. Casady, Mr. Moore, Mr. Dwyer and Mr. Arnold, severance payable following a change in control would be subject to a modified golden parachute cutback provision pursuant to which excess parachute payments would be reduced to the extent such reduction would result in greater after-tax benefits.

Stearns Employment Agreement and Equity Awards

On December 20, 2012, we entered into an employment agreement with Ms. Stearns (the "Stearns Employment Agreement") that replaced the amended and restated employment agreement, dated July 23, 2010, among the Company, Ms. Stearns and the other parties thereto (the "Prior Agreement"). The Stearns Employment Agreement sets forth the terms and conditions upon which Ms. Stearns will serve as the Chief Executive Officer of NestWise and includes a mutual release of claims. The terms of the Prior Agreement were substantially similar to the terms of Mr. Moore's Employment Agreement, as set forth above. Certain covenants survived the termination of the Prior Agreement.

Base Salary

Pursuant to the Stearns Employment Agreement, Ms. Stearns will receive an annual base salary of \$300,000 and has an annual discretionary bonus award target of \$200,000. For the year ended December 31, 2012, we awarded Ms. Stearns a discretionary bonus consistent with the Prior Agreement, rather than the Stearns Employment Agreement.

Other Terms

The Stearns Employment Agreement also provides for the following terms:

the removal, effective as of December 28, 2012, of Ms. Stearns as a party to the management stockholders' agreement, dated November 23, 2010, among the Company, Stephanie L. Brown, Mark S. Casady, William E. Dwyer III and Ms. Stearns (the "MSA");

a grant, on or about January 1, 2013, of an award under the 2010 Plan, payable in shares of Common Stock, where vesting is based on continued service and a revenue target (the "Revenue Target") for NestWise for the year ending December 31, 2015 (the "Revenue Award");

The value of the shares of Common Stock to be issued pursuant to the Revenue Award (the "Value") will be calculated by multiplying (a) \$3,000,000, by (b) the percentage of the Revenue Target achieved, by (c) 1.35. However, no shares of Common Stock will be issued if NestWise fails to achieve at least fifty percent (50%) of the Revenue Target, and the Value is capped at \$5,000,000. The number of shares of Common Stock to be issued pursuant to the Revenue Award will be calculated by dividing the Value by the closing price per share of the Common Stock on December 31, 2015.

To the extent earned, the Revenue Award will vest in December 2015, subject to Ms. Stearns remaining continuously employed by the Company or an affiliate.

a grant, on or about January 1, 2013, of an award under the 2010 Plan, payable in shares of Common Stock, where vesting is based on continued service and the adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA") of NestWise for the year ending December 31, 2017 (the "EBITDA Award");

The EBITDA Award provides Ms. Stearns with a conditional right to receive shares of Common Stock, in two tranches, equal in value to the EBITDA for the year ending December 31, 2017 multiplied by 0.08, but not to exceed \$10,000,000. The number of shares of Common Stock to be issued pursuant to the EBITDA Award will be calculated based on the closing price per share of the Common Stock on certain dates in December 2017.

To the extent earned, the EBITDA Award will vest in December 2017, subject to Ms. Stearns remaining continuously employed by the Company or an affiliate.

upon a Change in Control (as defined in the Stearns Employment Agreement) or IPO (as defined in the Stearns Employment Agreement) of NestWise occurring prior to the delivery of Common Stock under the EBITDA Award:

the termination of the Revenue Award and the EBITDA Award, without further payment or delivery of Common Stock;

in the case of a Change in Control, payment to Ms. Stearns of (a) three percent of the Sale Proceeds (as defined in the Stearns Employment Agreement), minus (b) the aggregate value of the shares of Common Stock, if any, delivered to Ms. Stearns pursuant to the Revenue Award, payable in the form of consideration received by the selling equity holders of NestWise; and

in the case of an IPO, delivery to Ms. Stearns of such number of IPO Shares (as defined in the Stearns Employment Agreement) as will equal (a) three percent of the IPO Proceeds (as defined in the Stearns Employment Agreement), minus the aggregate value of the shares, if any, delivered to Ms. Stearns pursuant to the Revenue Award, divided by (b) the Offering Price (as defined in the Stearns Employment Agreement);

term life insurance benefits equal to \$2,000,000 for the period January 1, 2013 to December 31, 2017, and a related tax gross-up, provided that Ms. Stearns remains continuously employed by NestWise.

Ms. Stearns' employment with NestWise is on an "at will" basis, and the Stearns Employment Agreement does not provide severance benefits to Ms. Stearns.

Executive Severance Plan

We have adopted an executive severance plan (the "Executive Severance Plan") to enable us to offer a form of protection to our executive officers in the event their employment with us terminates without cause or for good reason. We believe providing these benefits help us compete for executive talent and may help us retain current key employees. The Executive Severance Plan is available to each executive officer who has not entered into an employment or severance agreement with the Company. Mr. White and Ms. Larsen are eligible for severance benefits under the Executive Severance Plan, and these benefits are described below under "—Potential Payments upon Termination or Change-in-Control."

Nonqualified Deferred Compensation

2008 Nonqualified Deferred Compensation Plan

On November 19, 2008, we established a deferred compensation plan to permit holders of stock options issued under the 2005 ISO Option Plan and 2005 NQ Option Plan that were expiring in 2009 and 2010, respectively, to receive stock units under the 2008 Nonqualified Deferred Compensation Plan (the "Deferred Compensation Plan"). Stock units represented the right to receive one share of Common Stock upon certain distribution events.

Pursuant to the terms of the Deferred Compensation Plan, our Board of Directors approved a distribution date of February 22, 2012. On February 22, 2012, distributions to participants were made in the form of whole shares of Common Stock equal to the number of stock units allocated to each participant's account (fractional shares were paid

out in cash). Following the distributions, the Company no longer has any obligations to participants under the Deferred Compensation Plan.

UVEST Executive Nonqualified "Excess" Plan

Mr. Arnold, previously an executive of our wholly-owned indirect subsidiary, UVEST Financial Services Group, Inc. ("UVEST"), participates in the UVEST Executive Nonqualified "Excess" Plan (the "UVEST Plan"). The UVEST Plan allows certain highly compensated or management employees to defer up to 100% of their current compensation, which includes for this purpose base salary, service bonus, performance-based compensation and commissions. Distributions of deferred amounts may be made only upon a qualifying distribution event, which, depending on the individual's election, may be a separation from service, disability (as defined the UVEST Plan), death, a change in control event (as defined in the UVEST Plan), an unforeseeable emergency, or a specified date, or may be the earliest of one or more of these events. At the time an election is made to defer compensation under the UVEST Plan, participants may choose, with respect to each potential qualifying distribution event, to receive amounts in either a lump sum or in equal annual installments over a number of years (but not to exceed five years). Deferred amounts are credited with an investment return determined as if the amounts were invested in one or more investment funds made available by the UVEST Plan and selected by a participant. The UVEST Plan is intended to be a nonqualified deferred compensation plan operated in compliance with Section 409A of the Internal Revenue Code. The amounts of compensation Mr. Arnold elected to defer under the UVEST Plan in 2012 are described in the table below titled Non-Qualified Deferred Compensation for the Year Ended December 31, 2012.

401(k) Plan

We maintain a retirement savings plan, or a 401(k) Plan, for the benefit of all eligible employees, including our NEOs. Under the terms of the 401(k) Plan, employees may elect to make pre-tax 401(k) and Roth 401(k) contributions up to the statutorily prescribed limit. After one year of service, on a pay period basis, we match contributions in an amount equal to 30% of up to 10% of an employee's designated deferral of their eligible compensation, and for the 2012 401(k) Plan year we made an additional match equal to 10% of the first 10% of an employee's designated deferral of their eligible compensation. An employee's interests in his or her contributions are 100% vested when contributed. The 401(k) Plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As such, pre-tax 401(k) contributions to the 401(k) Plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) Plan. Roth 401(k) contributions to the 401(k) Plan are taxable to the employees in the year of deferral and, in most cases, earnings on those contributions are not taxable to the employees. All employer matching contributions are deductible by us when made. We provide this benefit to all of our eligible employees, and it is provided to our NEOs on the same basis as all other eligible employees.

Rule 10b5-1 Plan Policy

The Company has adopted a policy (the "10b5-1 Policy") for all executive officers and directors of the Company who adopt Rule 10b5-1 plans for trading in Company securities. The 10b5-1 Policy is designed to prevent inadvertent violations of the federal securities laws when implementing Rule 10b5-1 plans.

Stock Ownership Guidelines

We have adopted stock ownership guidelines that are intended to better align the interests of our executive officers with our stockholders. Under the guidelines, our executive officers are required to achieve and maintain ownership of Common Stock at a threshold equal to 75% of the average annual options granted to the executive in 2008 and thereafter. Unless and until this threshold is achieved, the guidelines limit the executive's ability to transfer shares underlying these option grants, except for transfers that (i) are below a specified annual limit, (ii) are for estate-planning purposes, or (iii) are approved by the Compensation Committee. Our stock ownership guidelines may be found on our website at www.lpl.com. Our executive officers are in compliance with our stock ownership guidelines.

In connection with our initial public offering, Mr. Casady, Ms. Stearns, Mr. Moore, and Mr. Dwyer also entered into the MSA, pursuant to which these individuals each agreed to certain limitations on the transfer of their Common Stock (including Common Stock issued upon exercise of options) for the four years following the initial public offering in November 2010. Details of these restrictions may be found below under "Certain Relationships and Related Transactions—Stockholders' and Management Stockholders' Agreements."

The MSA was amended on May 31, 2012 to remove Mr. Moore, and on December 28, 2012 to remove Ms. Stearns.

Definitions under Employment Agreement for Mr. Arnold:

Executive Severance Plan for Mr. White and Ms. Larsen:

Under the terms of the Executive Severance Plan, if either of Mr. White or Ms. Larsen (each, a "Participant") is terminated without cause or for good reason then we have agreed to pay, subject to certain terms and conditions, the following amounts:

• Base salary through the Participant's separation date, reimbursements for reasonable business expenses and any other employee benefit entitlements;

• An amount equal to the bonus paid (or payable) to the Participant for the most recently completed calendar year;

• Continued payment of base salary for one year after termination; and

• An amount equal to 100% of the premium (including administrative charges, if any) for COBRA participation for one year following termination (the "COBRA Payment").

Certain of the amounts described above are subject to the Participant's execution of a release of claims and continued compliance with post-termination restrictive covenants.

"Cause" under the Executive Severance Plan means the Participant's: (1) failure to substantially perform usual duties of employment with the Company (other than as a result of an illness or injury) for a period of 10 days following notice by the Company to the employee of such failure; (2) fraud, embezzlement, dishonesty or theft related to employment; (3) an act or acts constituting a felony, a violation of any federal or state securities or banking laws or a misdemeanor involving moral turpitude; (4) willful malfeasance, willful misconduct or gross negligence in connection with employment duties or any act or omission that is injurious to the financial condition or business reputation of the Company and its affiliates; or (5) breach of the restrictive covenants in the Executive Severance Plan.

"Good Reason" under the Executive Severance Plan, means the occurrence, without the Participant's written consent, of: (1) a material reduction in base salary unless such reduction is consistent with reductions made in the applicable annual base salaries of other similarly situated employees of the Company; or (2) a material adverse change in the Participant's title from managing director (but not changes in functional titles). The Participant must provide notice within 90 days following the event (and the Company has 30 days following such notice to cure). "Good Reason" shall cease to exist for an event on the 90th day following the date on which the Participant knew or reasonably should have known of such event and failed to give notice as described above or the Participant fails to terminate employment within fourteen (14) days following the expiration of the cure period.

Termination Other than For Good Reason

Upon termination by the executive other than for good reason, each of Mr. Casady, Mr. Moore and Mr. Dwyer would be entitled to receive only the Accrued Compensation. However, at the Board's election and subject to the executive's execution of a release of claims, each of Mr. Casady and Mr. Dwyer will be entitled to receive the same benefits as if the executive were terminated without cause (except that in Mr. Dwyer's case, the relevant severance multiplier would be 1), conditioned on compliance with all post-termination restrictive covenants (see "—Employment Agreements—Intellectual Property, Confidentiality and Non-Compete Clauses") for two years. At the Board's election, Mr. Moore will be subject to a non-competition covenant for a period of no less than one month and no more than 12 months, as designated by the Company (the "Restricted Period"), and will receive a covenant payment equal to the sum of Mr. Moore's base salary and target bonus multiplied by a fraction, the numerator of which will equal the number of months in the Restricted Period and the denominator of which will equal 12.

Upon termination for cause or without good reason, Mr. Arnold will be entitled to the Accrued Rights.

Death, Disability and Retirement

For Mr. Casady, Mr. Moore and Mr. Dwyer, upon termination due to death, such NEO's estate will be entitled to (1) Accrued Compensation, (2) the COBRA Payment and (3) a pro-rated target bonus. For Mr. Casady, Mr. Moore, or Mr. Dwyer, upon termination for disability, the named executive officer will receive (1) Accrued Compensation, (2) the COBRA Payment and (3) a pro-rated target bonus. Upon termination of employment resulting from retirement at minimum age of 65, the NEO will be entitled to (1) Accrued Compensation and (2) the COBRA Payment. The foregoing payments would be conditioned on the delivery by the executive or his estate of a release of claims.

For Mr. Arnold, upon termination due to death, his estate will be entitled to (1) the Accrued Rights and (2) a pro rata portion of his bonus for the year in which death occurs, provided the estate provides a release of claims. Upon termination due to disability, Mr. Arnold (or his legal representative) will be entitled to receive both (1) and (2) above, as well as one-year of salary continuance (less any amounts paid to him under any applicable short- or long-term disability plan), provided Mr. Arnold provides a release of claims.

Stock Options

In accordance with the NEOs' option agreements, unless otherwise agreed to by the Company, unvested stock options are canceled upon termination of employment. Unless the NEO is terminated for cause, vested options will be exercisable for (1) two years following termination of employment by reason of retirement, but not later than the option expiration date, (2) 12 months following death or disability, in each case, not later than the option expiration date, and (3) 90 days following termination in other cases, but not later than the option expiration date.

Under our 2008 Stock Option Plan (the "2008 Plan"), in the event of a change-in-control, if the NEO's stock options will not be assumed, substituted or cashed out, all outstanding unvested options will vest and become exercisable prior to the change-in-control. Upon consummation of the change-in-control event, all outstanding but unexercised options will be terminated.

All outstanding unvested options granted under the 2010 Plan to our NEOs will vest upon death, pursuant to their award agreements. All outstanding unvested options granted under the 2010 Plan to Mr. Casady, Mr. Moore, and Mr. Dwyer will vest upon the occurrence of a change-in-control, pursuant to their award agreements. All outstanding unvested options granted under the 2010 Plan as of December 31, 2012 to Ms. Stearns will vest upon a change-in-control, other than the Revenue Award and the EBITDA Award.

All stock options held by our NEOs as of December 31, 2012 were originally granted under our 2008 Plan and our 2010 Plan.

"Change in control" under the 2008 Plan means the consummation of: (1) any consolidation or merger of the Company with or into any other person, or any other similar transaction, whether or not the Company is a party thereto, in which our stockholders immediately prior to such transaction own directly or indirectly capital stock either (a) representing less than 50% of the equity interests or voting power of the Company or the surviving entity or (b) that does not directly or indirectly have the power to elect a majority of the entire board or other similar governing body; (2) any transaction or series of related transactions, whether or not the Company is party thereto, which result in over 50% of the Company's voting power being owned directly or indirectly by any person and its "affiliates" or "associates" or any "group" other than the Company or an affiliate; or (3) a sale or disposition of all of our assets. Notwithstanding the foregoing, a "change-in-control" does not include (a) an event described in (1)-(3) above if the stockholders entitled to vote immediately prior to the event own, directly or indirectly, 50% or more of the voting stock of the resulting, surviving, or acquiring corporation or (b) an initial public offering.

"Change in control" under the named executive officers' 2010 Plan awards means the consummation of an event described in (2) or (3) above.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

In accordance with the charter of our Audit Committee and our policy with respect to related person transactions, our Audit Committee is responsible for reviewing and approving related person transactions.

The policy with respect to related person transactions applies to transactions, arrangements, and relationships (or any series of similar transactions, arrangements or relationships) that are reportable by the Company under paragraph (a) of Item 404 of Regulation S-K in which the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, and where we (or our subsidiaries) are a participant and in which a related person has or will have a direct or indirect material interest. A related person is: (1) any person who is, or at any time since the beginning of our fiscal year was a director or executive officer of the Company, or a nominee for director or executive officer of the Company; (2) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities; and (3) any immediate family member of the foregoing persons.

In the course of its review and approval of related party transactions, our Audit Committee considers the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy with respect to related party transactions requires our Audit Committee to consider, among other factors it deems appropriate:

- the related person's relationship to us and interest in the transaction;
- the material facts of the proposed transaction, including the proposed aggregate value of the transaction;
- the impact on a director's independence in the event the related person is a director or an immediate family member of the director;
- the benefits to us of the proposed transaction;
- if applicable, the availability of other sources of comparable products or services; and
- an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our stockholders, as the Audit Committee determines in good faith.

Agreements with Management

We and certain members of senior management have entered into employment agreements. Certain of these terms and conditions are more fully described in "Compensation Discussion and Analysis—Employment Agreements" and "—Stearns Employment Agreement and Equity Awards."

Stockholders' and Management Stockholders' Agreements

We are currently party to a Stockholders' Agreement dated December 28, 2005, as amended, among the Company, certain investment funds affiliated with the Sponsors, our founders, the executives who had entered into employment agreements as of the date of that agreement, and certain other holders of Common Stock. In connection with our initial public offering, we amended this Stockholders' Agreement and terminated a majority of the rights and obligations that would otherwise survive the offering, including the registration rights, the right to require us to purchase shares upon an employee holder's termination, the ability of the Sponsors to "drag along" other holders of Common Stock in certain circumstances, and the obligations of the holders of Common Stock relating thereto.

In connection with our initial public offering, we entered into an agreement with certain of our stockholders including the Sponsors that provides them with certain rights, including a right to designate a certain number of directors to our Board of Directors and registration rights, including the right to require us to effect a shelf registration pursuant to which the Sponsors can sell shares. Pursuant to this agreement, we agree to indemnify the Sponsors and their affiliates from any losses arising directly or indirectly out of the Sponsors' or their affiliates' actual, alleged, or deemed control or ability to influence us or the actual or alleged act or omission of any Sponsors' nominees.

In connection with our initial public offering in November 2010, we also entered into an agreement with Mr. Casady, Ms. Stearns, Mr. Moore, Mr. Dwyer, and Ms. Brown (together, the "Management Stockholders"), pursuant to which these individuals each agreed to certain limitations on the transfer of their Common Stock (including Common Stock issued upon exercise of options) for the four years following the initial public offering. Pursuant to this agreement, each Management Stockholder has agreed not to sell shares of Common Stock exceeding 8% in any year of the aggregate amount of Common

Stock (including Common Stock issuable upon exercise of vested options) and restricted stock units, if any, that were held by such individual immediately prior to the initial public offering, subject to certain exceptions (including exceptions for transfers to family members, transfers pursuant to settlement agreements or domestic relations orders, transfers for estate planning purposes and transfers for charitable gifts). If the Management Stockholder does not sell the total number of permitted shares in a year, any remaining percentage will be carried over into the following year. The agreement terminates upon the earliest of the fourth anniversary of our initial public offering or, with respect to any Management Stockholder, the death or disability of the Management Stockholder, the termination of such Management Stockholder's employment with us or a change in title and duties such that the executive no longer qualifies as an executive officer. The agreement may be amended or waived in an agreement signed by the Company and the Management Stockholder.

The agreement was amended on May 31, 2012 to remove Mr. Moore and on December 28, 2012 to remove Ms. Stearns.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT BY THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2013, and the Board has directed that management submit the appointment of the independent registered public accounting firm for ratification by stockholders at the Annual Meeting. Deloitte has served as our independent registered public accounting firm since 2001.

Although stockholder ratification of the selection of Deloitte is not required by our bylaws or otherwise, the Audit Committee of the Board recommended, and the Board is, submitting the appointment of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider the matter. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of Deloitte are expected to be present at the Annual Meeting and will have the opportunity to make a statement and respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors (the "Audit Committee") is comprised of the three directors named below. Each member of the Audit Committee is an independent director (as independence is defined in the listing standards of the Nasdaq Global Select Market and Rule 10A-3 with respect to membership on audit committees). The Audit Committee has adopted a written charter, which has been approved by the Board of Directors. The Audit Committee has reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and with the Company's independent registered public accounting firm. The Company's independent registered public accounting firm is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on the Company's internal controls over financial reporting. The Audit Committee has discussed with the Company's independent registered public accounting firm, which was Deloitte & Touche LLP and the member firms of Deloitte Touche Tohmatsu (collectively referred to as "Deloitte") for 2012 and 2011, the matters that are required to be discussed by applicable standards of the Public Company Accounting Oversight Board ("PCAOB"), including AU section 380, "Communication with Audit Committees", as adopted by the PCAOB, as well as Rule 2-07 of Regulation S-X of the SEC—"Communication with Audit Committees." Deloitte has also provided to the Audit Committee their communication required by PCAOB Ethics and Independence Rule 3526, "Communications with Audit Committees Concerning Independence," and the Audit Committee discussed with Deloitte the firm's independence. The Audit Committee also considered and determined the provision by Deloitte of non-audit related services, which for 2012 and 2011 consisted primarily of tax services, is compatible with the independence standard. The Audit Committee recommended to the Board of Directors that the financial statements audited by Deloitte for 2012 and 2011 be included in the Company's Annual Report on Form 10-K for 2012, and the Committee has appointed Deloitte as the Company's independent registered public accounting firm for 2013.

PROPOSAL 4: APPROVAL OF LPL FINANCIAL HOLDINGS INC. 2012 EMPLOYEE STOCK PURCHASE PLAN

The Board requests stockholder approval of the Company's 2012 Employee Stock Purchase Plan (the "ESPP") so the Company can continue to offer its employees the ability to invest in the Company's Common Stock at an attractive price.

Overview

Subject to stockholder approval, our Board adopted the ESPP on July 30, 2012. The ESPP became effective on July 30, 2012. If stockholder approval is not obtained prior to July 30, 2013, all options to purchase shares under the ESPP will be canceled. A copy of the ESPP has been filed with the SEC on August 24, 2012, as Exhibit 4.1 to the Company's Registration Statement on Form S-8 (File No. 333-183541) and we urge stockholders to read it in its entirety.

The purpose of the ESPP is to provide employees who wish to become shareholders an opportunity to buy shares of our common stock at a discount.

The maximum aggregate number of shares that may be purchased under the ESPP or that are available for dividend reinvestment with respect to shares purchased under the ESPP will be 1,000,000, increased annually (beginning in 2013 and ending in 2021) by the lesser of (a) 200,000 shares and (b) some number of shares approved by the Board of Directors. The number of shares is subject to adjustment for stock dividends, split-ups, recapitalizations, mergers, consolidations, reorganizations, or other capital changes.

Administration

The ESPP will be administered by the Compensation Committee of our Board or its delegates (the "Administrator"), which will have the right to determine questions that may arise regarding the interpretation and application of plan provisions and to make, administer and interpret such rules as it deems necessary or advisable. The Administrator may delegate certain administrative responsibilities to a sub-committee comprised of one or more of its members, members of the Board, or officers or employees of the Company.

General Terms of Participation

The ESPP will operate on the basis of successive offering periods, each of three months' duration, which will generally begin on the first day of the payroll period on or near February 10, May 19, August 11, and November 3 of each year. Prior to each offering period there will be an enrollment period specified by the Administrator, during which eligible employees (determined as of the first day of the enrollment period) may elect to participate in the ESPP by filing a payroll deduction authorization as prescribed by the Administrator. During an offering period, participants will be granted an option to purchase stock after the end of the offering period. For each offering period, the first day of the offering period is the "option grant date" and the first payroll date following the last day of the offering period is the "purchase date."

The Administrator has the discretion to change the offering periods, purchase dates, purchase price and enrollment periods, and may change the duration of any offering periods or enrollment periods without stockholder approval. The purchase price will be at a specified discount to the fair market value of our stock, determined based on the lower of the fair market value of our stock on the option grant date or on the purchase date. The specified discount for the first offering period was 15%. The Administrator may change this percentage in its sole discretion as to future offering periods, provided that the discount may never be greater than 15%. This means that, unless the specified discount is changed by the Administrator, the purchase price of shares issued will be 85% of the lower of: (i) our stock's fair market value on the option grant date or (ii) our stock's fair market value on the purchase date. The fair market value of our stock on a given date will be its closing price reported on The NASDAQ Stock Market.

Participants in the ESPP will pay for the stock through payroll deductions. Participants may elect to authorize payroll deductions from a minimum of \$15.00 per payroll period (ending during the offering period) to a maximum of \$150.00 per payroll period (ending during the offering period), in \$1.00 increments. The Administrator has the authority to change the minimum and maximum payroll deductions within a range of \$15.00 to \$300.00 per payroll period. All payroll deductions will be made after the participant's employer has deducted taxes and other withholdings. The Administrator will apply the balance of the employee's withholding account at the end of the offering period to the purchase of shares. To determine the number of shares receivable upon exercise, the

Administrator will divide the aggregate payroll deductions accumulated at the end of the offering period (without interest) by the purchase price per share, as described above. No employee may purchase more than 100 shares on any single purchase date.

Participants may increase or decrease the level of payroll deductions for a subsequent offering period by filing a new payroll deduction authorization as prescribed by the Administrator during the enrollment period for the offering period for which the change is to be effective.

Participants may decrease or suspend payroll deductions for subsequent payroll periods during an ongoing offering period by submitting a request to the Administrator at any time up to 15 days prior to a purchase date. The reduced rate or suspension will become effective for the next payroll period beginning as soon as administratively possible after the change or suspension request is received and will continue for the rest of the offering period, unless the participant withdraws from the ESPP.

A participant may at any time up to 15 days prior to a purchase date withdraw his or her participation with respect to an option by written notice to the Administrator and receive the balance of his or her withholding account, without interest.

Upon termination of employment prior to a purchase date for an offering period, a participant's option will be canceled automatically, and the balance of his or her withholding account will be returned, without interest.

For employees who receive a hardship distribution from their 401(k) plan account, payroll deductions will be suspended automatically and renewed participation in the ESPP will not be permitted until the first offering period that begins at least six months after the date of the hardship withdrawal.

Eligibility

Employees of the Company and any subsidiaries designated by our Board of Directors are eligible to participate in the ESPP as long as they meet certain eligibility requirements described in the ESPP. Certain employees, such as Section 16 officers and employees whose base salary from the Company exceeded \$200,000 in the previous year, will not be eligible to participate. No employee may be granted a right to purchase shares under the ESPP if it would result in him or her owning 5% or more of the voting power or value of the Company's Common Stock or purchasing more than \$25,000 worth of stock (based on the fair market value of our Common Stock on the option grant date) in any calendar year. Subject to these restrictions, eligible employees may purchase up to 100 shares of Common Stock per offering period. This 100-share limit may be adjusted by the Administrator in its sole discretion. Participation in the ESPP is voluntary. As of January 1, 2013, approximately 2,800 employees are eligible to participate in the ESPP.

Shares Subject to the ESPP

To determine the number of shares needed to fund the ESPP, the Company considered a number of factors, including (i) the number of employees that we estimate will participate in the ESPP over the life of the ESPP, (ii) the number of shares we expect to award annually under our 2010 Plan and the employees eligible for awards under that plan, (iii) the structure of employee stock purchase plans of similar companies, and (iv) the number of shares of Common Stock currently issued and outstanding and the number of shares of Common Stock currently authorized for issuance under our certificate of incorporation. Shares delivered under the ESPP may consist of authorized but unissued shares, Treasury shares or shares acquired in an open-market transaction, all as the Board of Directors may determine. The aggregate number of shares that may be issued under the ESPP as of January 1, 2013 is 1,000,000 shares. The maximum number of shares that may be issued under the ESPP represents less than 1% of our outstanding shares of Common Stock as of January 1, 2013.

Transfer Restrictions on Stock Acquired under the ESPP

For active employees who have acquired shares under the ESPP, there is a required minimum six-month holding period, during which the employee may not sell or transfer the shares. By imposing a six-month holding period for active employees, the Company seeks to encourage long-term investment in the shares. After the expiration of the six-month holding period, shares may be sold directly in the public market. Employees who terminate their employment with the Company or a participating subsidiary would be released from the six-month holding period requirement and shares may be sold directly in the public market as soon as administratively possible.

In addition, shares acquired under the ESPP cannot be transferred from the account where shares are held (other than by a sale directly in the public market). This restriction will remain in effect following the termination of a participant's employment with the Company or a participating subsidiary.

Shares purchased under the ESPP will also be subject to any restrictions that may apply under the Company's insider trading policy and applicable securities laws.

Dividend Reinvestment Feature

Any cash dividends paid to ESPP participants with respect to shares acquired under the ESPP will be automatically reinvested in additional shares that will be credited to the participant's account. Shares purchased through this dividend reinvestment feature will be purchased at the fair market value on the date of the reinvestment (i.e., not at a discount price) and will not be subject to the restrictions on sale or transfer described above.

Federal Income Tax Consequences Relating to the ESPP

The following discussion summarizes certain federal income tax consequences of awards made to a U.S. employee under the ESPP under the law as in effect on the date of this proxy statement. The summary does not purport to cover federal employment tax or other federal tax consequences that may be associated with the ESPP, nor does it cover state, local or non-U.S. taxes. Participants should consult their tax advisors about the potential tax consequences of participating in the ESPP.

The ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986, as amended. Assuming that the ESPP is and remains so qualified, no taxable income will be recognized by a participant until the sale or other disposition of the shares purchased under the ESPP.

If the shares are disposed of more than two years after the option grant date and more than one year after the purchase date, or if the participant dies while holding the shares, the participant (or his or her estate) will recognize ordinary income in amount equal to 15% (or such other percentage equal to the applicable purchase price discount) of the value of the stock on the option grant date, or, if less, the excess of the fair market value of the shares at the time of disposition (or death) over the purchase price. Any additional gain, or any loss, recognized in the disposition will be treated as a long-term capital gain or loss.

If the shares are disposed of within the two years following the applicable option grant date (a "disqualifying disposition"), the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the Common Stock on the date that it was purchased over the purchase price. Any additional gain, or any loss, recognized in the disposition will be treated as a capital gain or loss and, depending on how long the participant had held the stock, as long-term or short-term.

The Company is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized upon a sale or disposition of shares prior to the expiration of the holding periods described above. The Company is required to report the amount of ordinary income resulting from such a disposition on the participant's W-2 wage statement for the year of such disposition.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.
