PROXY STATEMENT

The Board of Directors of Primo Water Corporation (“Primo” or the “Company”) is providing these materials to you in connection with Primo’s annual meeting of stockholders. The annual meeting will take place on Thursday, May 3, 2018, at 1:00 p.m. Eastern Time. The annual meeting will be held at our corporate headquarters at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101. The annual meeting notice, proxy statement and form of proxy are expected to be first sent to stockholders on or about March 29, 2018.

General Information

Why am I receiving these materials?

You are receiving these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. The proxy statement includes information that we are required to provide you under Securities and Exchange Commission (“SEC”) rules and is designed to assist you in voting your shares.

What is a proxy?

Our Board of Directors is asking for your proxy. This means you authorize persons selected by us to vote your shares at the annual meeting in the way that you instruct. All shares represented by valid proxies received before the annual meeting will be voted in accordance with the stockholder’s specific voting instructions.

What is included in these materials?

These materials include:

the Proxy Statement for the annual meeting;

a proxy card for the annual meeting; and

our Annual Report on Form 10-K for the year ended December 31, 2017.

What items will be voted on at the annual meeting?

There are two proposals scheduled to be voted on at the annual meeting:

the election of the three directors nominated by our Board of Directors as Class II directors to serve until the 2021 annual meeting of stockholders; and

the ratification of the Audit Committee's appointment of BDO USA, LLP ("BDO") as our independent registered public accounting firm for 2018.

Our Board of Directors is not aware of any other matters to be brought before the meeting. If other matters are properly raised at the meeting, the proxy holders may vote any shares represented by proxy in their discretion.

Table of Contents

What are the board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

“FOR” the three directors nominated by our Board of Directors as Class II directors to serve until the 2021 annual meeting of stockholders; and

“FOR” the ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2018.

Who can attend the annual meeting?

Admission to the annual meeting is limited to:

stockholders as of the close of business on March 13, 2018;

holders of valid proxies for the annual meeting; and

our invited guests.

Each stockholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the record date.

When is the record date and who is entitled to vote?

Our Board of Directors set March 13, 2018 as the record date. All record holders of Primo common stock as of the close of business on that date are entitled to vote. Each share of common stock is entitled to one vote. As of the record date, there were 30,964,013 shares of common stock outstanding.

What is a stockholder of record?

A stockholder of record or registered stockholder is a stockholder whose ownership of Primo stock is reflected directly on the books and records of our transfer agent, Broadridge Financial Solutions, Inc. If you hold stock through an account with a bank, broker or similar organization, you are considered the beneficial owner of shares held in “street name” and are not a stockholder of record. For shares held in street name, the stockholder of record is your bank, broker or similar organization. We only have access to ownership records for the registered shares. If you are not a stockholder of record, we will require additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement, a letter from your broker, bank or other nominee or a copy of your notice or voting instruction card. As described below, if you are not a stockholder of record, you will not be able to vote your shares unless you have a proxy from the stockholder of record authorizing you to vote your shares.

Table of Contents

How do I vote?

You may vote by any of the following methods:

In person. You may vote in person at the meeting. If you hold shares in street name, you must also obtain a proxy from the stockholder of record authorizing you to vote your shares.

By mail. You may vote by signing and returning the proxy card or voting instruction card provided.

Via the Internet. You may vote via the Internet by following the instructions provided in the accompanying proxy card or the voting instruction card provided.

Beneficial owners of shares held in "street name." You may vote by following the instructions provided by your bank or broker.

How can I change or revoke my vote?

You may change or revoke your vote as follows:

Stockholders of record. You may change or revoke your vote by submitting a written notice of revocation to Primo Water Corporation, Attention: Corporate Secretary at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101 or by submitting another vote on or before May 2, 2018. For all methods of voting, the last vote cast will supersede all previous votes.

Beneficial owners of shares held in "street name." You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

What happens if I do not give specific voting instructions?

Stockholders of record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion

for any other matters properly presented for a vote at the meeting.

Beneficial owners of shares held in "street name." If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is referred to as a "broker non-vote."

Which ballot measures are considered "routine" or "non-routine"?

The election of directors ("Proposal 1") is considered to be a non-routine matter under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1.

The ratification of the appointment of BDO as our independent registered public accounting firm for 2018 ("Proposal 2") is considered to be a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and we do not expect there to be any broker non-votes with respect to Proposal 2.

Table of Contents

What is the quorum for the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for the transaction of business at the annual meeting. This is called a quorum.

What is the voting requirement to approve each of the proposals?

The following are the voting requirements for each proposal:

Proposal 1, Election of Directors. The three nominees receiving the highest number of votes will be elected as the Class II directors to serve until the 2021 annual meeting of stockholders.

Proposal 2, Ratification of Independent Registered Public Accounting Firm. The ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2018 will be approved if a majority of the votes of stockholders present in person or by proxy with respect to this matter are cast in favor of the proposal.

How are abstentions and broker non-votes treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Broker non-votes and abstentions are not counted as votes cast on any proposal considered at the annual meeting and, therefore, will have no effect on the proposal regarding the election of directors. We expect no broker non-votes on the proposal regarding the ratification of the appointment of BDO as our independent registered public accounting firm for 2018, and abstentions will have no effect on this proposal.

Who pays for solicitation of proxies?

We are paying the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email.

Where can I find the voting results of the annual meeting?

Primo will announce preliminary or final voting results at the annual meeting and publish final results in a Form 8-K filed with the SEC within four business days of the completion of the meeting.

Proposal 1 – Election of Directors

Our Board of Directors consists of three classes of directors, each serving a staggered three-year term. Malcolm McQuilkin, Matthew T. Sheehan and David L. Warnock are each nominated as a Class II director to serve three-year terms until the annual meeting of stockholders in 2021 and until their successors are elected and qualified. Messrs. McQuilkin, Sheehan and Warnock each currently serves as a director and has agreed to be named in this proxy statement and serve if elected.

Although we know of no reason why any nominee would not be able to serve, if any such nominee is unavailable for election, the proxies intend to vote your shares for any substitute nominee proposed by our Board of Directors.

The three nominees receiving the highest number of affirmative votes will be elected as directors to serve until the 2021 annual meeting of stockholders. Votes withheld by stockholders, broker non-votes and abstentions will have no effect on the outcome of the director elections.

Our Board of Directors recommends a vote “FOR” the election of Malcolm McQuilkin, Matthew T. Sheehan and David L. Warnock to our Board of Directors.

Corporate Governance

Our Board of Directors

Primo is governed by a Board of Directors and various committees of the board that meet throughout the year. Our Board of Directors and its committees have general oversight responsibility for the affairs of Primo.

Our certificate of incorporation provides that our Board of Directors will consist of between three and 12 members with the precise number to be determined by our Board of Directors. Our Board of Directors currently consists of eight directors. Our certificate of incorporation also provides that any vacancies or newly-created directorships may be filled only by the remaining members of our Board of Directors.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each committee is currently comprised entirely of non-employee directors. Our Board of Directors may establish other committees from time to time to facilitate our corporate governance.

The current members of the board’s committees are identified in the following table:

Director	Nominating		
	Audit	Compensation	and Governance
Richard A. Brenner	X	X	
Susan E. Cates	Chair		X
Jack C. Kilgore	X	Chair	
Malcolm McQuilkin		X	X
Charles A. Norris	X		X

David L. Warnock X Chair

Each committee operates under a written charter adopted by our Board of Directors. These charters are available on our corporate website (www.primowater.com) in the “Investor Relations” section under “Corporate Governance.”

Audit Committee. The principal responsibilities and functions of our Audit Committee are to assist our Board of Directors in fulfilling its oversight of (i) the integrity of our financial statements, (ii) the effectiveness of our internal controls over financial reporting, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications and independence of our registered public accounting firm, and (v) the performance of our registered public accounting firm. In carrying out its oversight responsibilities and functions, our Audit Committee, among other things, oversees and interacts with our independent auditors regarding the auditors’ engagement and/or dismissal, duties, compensation, qualifications and performance; reviews and discusses with our independent auditors the scope of audits and our accounting principles, policies and practices; reviews and discusses our audited annual financial statements with our independent auditors and management; and reviews and approves or ratifies (if appropriate) related party transactions. In addition, our Audit Committee oversees management’s efforts in managing our key financial and other risk exposures and developing our enterprise risk management policies and procedures. Our Audit Committee met five times in 2017.

Table of Contents

Our Board of Directors has determined that Ms. Cates is an audit committee financial expert, as defined under the applicable rules of the SEC, and that all members of our Audit Committee, including Ms. Cates, are “independent” within the meaning of the applicable listing standards of The NASDAQ Stock Market, LLC (“NASDAQ”) and the independence standards of rule 10A-3 of the Securities Exchange Act of 1934. Each of the members of our Audit Committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and The Nasdaq Stock Market.

Compensation Committee. The principal functions of our Compensation Committee include (i) reviewing our compensation practices and policies, (ii) reviewing and approving the compensation for our senior executives, (iii) evaluating the performance of our Chief Executive Officer (“CEO”), (iv) assisting in Primo’s compliance with the regulations of the SEC regarding executive compensation disclosure and (v) overseeing the administration of the Company’s equity compensation plans and programs. Our Board of Directors has determined that all members of our Compensation Committee are “independent” within the meaning of the applicable NASDAQ listing standards. Our Compensation Committee met four times in 2017.

Nominating and Governance Committee. The principal functions of our Nominating and Governance committee are to (i) establish membership criteria for our Board of Directors, (ii) establish and communicate to stockholders a method of recommending potential director nominees for the Nominating and Governance Committee’s consideration, (iii) identify individuals qualified to become directors consistent with such criteria and select the director nominees, (iv) plan for continuity on our Board of Directors, (v) recommend action to our Board of Directors upon any vacancies on our Board of Directors, (vi) facilitate the annual evaluation of the performance of our Board of Directors and its committees, (vii) periodically review management succession plans, and (viii) consider and recommend to our Board of Directors other actions relating to our Board of Directors, its members and its committees. Our Board of Directors has determined that all members of the Nominating and Governance Committee are “independent” within the meaning of the applicable NASDAQ listing standards. Our Nominating and Governance Committee met once in 2017.

Board Leadership Structure

In May 2017, Mr. Sheehan succeeded Mr. Prim as Chief Executive Officer of Primo. In connection with this leadership transition, our Board of Directors amended its amended and restated Bylaws to provide that our Board of Directors may, in its discretion, appoint one of its members as an Executive Chairman or Non-Executive Chairman. Upon his resignation as Chief Executive Officer of Primo, Mr. Prim was appointed Executive Chairman of the Board of Directors.

Our Board of Directors does not have a formal policy regarding the separation of the roles of Chairman and Chief Executive Officer. Our Board of Directors believes that it is in the best interests of Primo to retain flexibility in determining whether to separate or combine the roles of Chairman and Chief Executive Officer based on our circumstances. Similarly, our bylaws do not require our Board of Directors to appoint a lead independent director and

it has not otherwise determined to do so.

Table of Contents

Our Board of Directors believes that the current leadership structure, which separates the roles of Chairman and Chief Executive Officer, is appropriate in light of the recent leadership transition and Primo's current operating environment. In particular, our Board of Directors believes this structure clearly establishes the individual roles and responsibilities of the Chairman and Chief Executive Officer, streamlines decision-making, enhances accountability of the recently-transitioned senior management team to our Board of Directors and emphasizes the independence of our Board of Directors. Our Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide strong, independent oversight of senior management, a highly engaged Board of Directors, and the right balance among (i) effective independent oversight of the Company's business, (ii) our Board's activities and (iii) consistent corporate leadership. Our Board of Directors is open to different structures that provide such an optimal leadership structure, particularly given the dynamic and competitive environment in which the Company operates.

In his role as Executive Chairman of the Board of Directors, Mr. Prim chairs meetings of our Board of Directors, works closely with Mr. Sheehan and other members of Primo's senior management team and remains involved in key matters, such as major transactions, development of corporate strategy and broader business and customer relationships. Given Mr. Prim's extensive history as Chief Executive Officer of Primo, leadership abilities and knowledge of the bottled water industry and Primo's operating environment, our Board of Directors believes that Mr. Prim's service as Executive Chairman continues to ensure Primo's best position for success while emphasizing independence and accountability of Primo's management team to our Board of Directors.

Our Board of Directors – which consists entirely of independent directors other than Messrs. Prim and Sheehan – exercises a strong, independent oversight function. This oversight function is enhanced by the fact that our Audit, Compensation and Nominating & Governance Committees are comprised entirely of independent directors. Our Board of Directors can and will change its leadership structure if it determines that doing so is in the best interest of the Company and its stockholders.

Director Meeting Attendance

Our Board of Directors held four meetings during 2017. Except for Mr. Norris, each of our directors attended at least 75% in the aggregate of the total number of meetings of our Board of Directors and the committees on which he or she served during 2017. Each director is encouraged to attend the annual meeting of stockholders in person. Of our current directors then in office, only Mr. Norris was unable to attend our 2017 annual meeting of stockholders in person.

Director Independence

Our Board of Directors determines the independence of its members based on the standards specified by NASDAQ. Under the applicable NASDAQ listing standards, independent directors must comprise a majority of a listed company's board of directors. In addition, NASDAQ's rules require that, subject to specific exceptions, each member of a listed company's audit committee and those members of the board of directors determining executive compensation and director nominations be independent. Audit Committee members also must satisfy the independence criteria set forth in rule 10A-3 under the Securities Exchange Act of 1934. Under NASDAQ rules, a director will only qualify as an "independent director" if, in the opinion of the company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered independent for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Table of Contents

Our Board of Directors has reviewed the relationships between Primo and each director to determine compliance with the NASDAQ listing standards and has determined that none of Mr. Brenner, Ms. Cates, Mr. Kilgore, Mr. McQuilkin, Mr. Norris and Mr. Warnock has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under NASDAQ rules. Our Board of Directors also determined that Ms. Cates and Messrs. Brenner, Kilgore and Norris, who comprise our Audit Committee, Messrs. Kilgore, Brenner, McQuilkin and Warnock, who comprise our Compensation Committee, and Messrs. Norris, Warnock and McQuilkin and Ms. Cates, who comprise our Nominating and Governance Committee, satisfy the independence standards for those committees established by applicable SEC and NASDAQ rules. In making these determinations, our Board of Directors considered the relationships that each non-employee director has with Primo and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. There is no family relationship between any director, executive officer or person nominated to become a director or executive officer.

Director Nomination Process

Our Board of Directors has a standing Nominating and Governance Committee comprised solely of independent directors. Our Board of Directors has delegated to its Nominating and Governance Committee the responsibility for establishing membership criteria for our Board of Directors, identifying individuals qualified to become directors consistent with such criteria and recommending the director nominees.

In identifying potential director candidates, the Nominating and Governance Committee seeks input from its Committee members, other directors and management. The Nominating and Governance Committee may engage the services of search firms and advisors to help identify and screen potential director nominees. The Nominating and Governance Committee will also consider director candidates appropriately recommended by stockholders.

In identifying and assessing director candidates, the Nominating and Governance Committee considers, among other things:

roles and contributions valuable to the business community;

personal qualities of leadership, character and judgment, and whether the candidate possesses and maintains throughout service on our Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards;

relevant knowledge and diversity of background, viewpoints and experience;

whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings; and

applicable listing standards of NASDAQ.

Diversity of background, viewpoints and experience is one of the various factors the Nominating and Governance Committee may consider in identifying director nominees, but the Nominating and Governance Committee does not have a formal policy regarding board diversity.

Table of Contents

All director candidates, including candidates appropriately recommended by stockholders, are evaluated in accordance with the process described above.

Stockholder Recommendations of Director Candidates

Stockholders who wish to recommend director candidates for consideration by the Nominating and Governance Committee may do so by submitting a written recommendation to our Corporate Secretary at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101. Such recommendation must include a detailed background of the suggested candidate that demonstrates how the individual meets the criteria set forth above. If a candidate proposed by a stockholder or other source meets such criteria, the individual will be considered on the same basis as other candidates.

Recommendations by stockholders for director candidates to be considered for the 2019 annual meeting of stockholders must be delivered to Primo's Corporate Secretary not earlier than the close of business on January 3, 2019 and not later than the close of business on February 2, 2019. Recommendations by stockholders for director candidates to be considered for inclusion in the proxy statement and form of proxy relating to the 2019 annual meeting of stockholders must be received no later than November 29, 2018. Notice of a director nomination must be submitted in accordance with the requirements set forth in our bylaws which include requirements to provide the name and address of the stockholder making the recommendation, a representation that the recommending stockholder is a record holder of our common stock, all information regarding the nominee that would be required to be set forth in a proxy statement and the consent of the nominee to serve as a director. Appropriate submission of a recommendation by a stockholder does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in our proxy statement; however, the Nominating and Governance Committee will consider any such candidate in accordance with the director nomination process described above.

Our Board's Role in Risk Oversight

Management is responsible for managing the risks that Primo faces. Our Board of Directors is responsible for overseeing management's approach to risk management. The involvement of the full Board of Directors in reviewing our strategic objectives and plans is a key part of the board's assessment of management's approach and tolerance to risk. While our Board of Directors has ultimate oversight responsibility for overseeing management's risk management process, various committees of the board assist it in fulfilling that responsibility.

In particular, our Audit Committee assists management in its review of the policies and procedures regarding identifying, monitoring, evaluating and managing Primo's key financial and other risk exposures. Our Audit Committee also oversees the development of our enterprise risk management policies and procedures and reports

regularly to our Board of Directors regarding Primo's risk management process.

In addition, our Compensation Committee reviews our compensation practices and policies to ensure they do not create inappropriate or unintended significant risks to Primo as a whole, and provides oversight and direction regarding these practices, policies and compensation-related risk management.

Code of Conduct

Our Board of Directors has adopted a Code of Business Conduct and Ethics. This code applies to all of the directors, officers and employees of Primo and its subsidiaries. This CD&A should be read together with the compensation tables and related disclosures following the CD&A. This CD&A includes statements regarding financial and operating performance targets in the limited context of our executive compensation programs, and investors should not evaluate these statements in any other context. This CD&A also contains forward-looking statements that are based on our current considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt in the future may differ materially from current or planned programs as summarized in this CD&A.

Compensation Philosophy and Objectives

Our compensation practices are designed to offer our executive officers compensation and benefits that are competitive and meet our goals of attracting, retaining and motivating high-performing management, which is necessary to achieve our financial and strategic objectives and create long-term value for our stockholders. We did not make any significant changes to our compensation programs in 2017 other than the adoption of the Primo Water Corporation Long-Term Performance Plan in February 2017 following the termination of our Amended and Restated Value Creation Plan in December 2016. As such, our 2017 compensation programs were generally consistent with our past practice.

Table of Contents

The principal elements of our executive compensation program have historically included:

base salary;

annual cash and equity incentive arrangements;

long-term equity compensation in the form of restricted stock, restricted stock units and stock options;

our Amended and Restated Value Creation Plan (“VCP”), a long-term performance-based incentive arrangement, which we terminated in 2017; and

our Long-Term Performance Plan (“LTPP”), a long-term performance-based incentive arrangement, which we adopted in 2017 after the termination of our VCP.

Accordingly, our executive officer compensation program is designed to link short- and long-term cash and stock incentives to the achievement of Company and individual performance goals and to align the interests of executive officers with those of our stockholders.

We believe compensation should be determined within a framework that is intended to reward individual contribution and the achievement of Company objectives. Within this overall philosophy, our objectives are to:

attract, retain, motivate and reward our executives by providing a total compensation program that takes into consideration competitive market requirements and strategic business needs;

align the interests of executive officers with the long-term value created for our stockholders;

provide incentives to motivate executives to achieve and exceed short- and long-term performance goals;

create a direct, meaningful link between business and team performance and individual accomplishment and rewards; and

ensure our compensation programs are appropriately competitive in the relevant labor markets.

Each of Messrs. Prim and Sheehan have entered into an employment agreement with the Company, and each of Messrs. Castaneda and McInerney were subject to the terms of an employment agreement with the Company while employed by the Company in the year ended December 31, 2017. The material terms of those employment agreements are described below under “Employment Agreements and Change of Control Agreements.” Mr. Hass has not yet entered into an employment agreement with the Company.

Determining Executive Compensation

Historically, when structuring and setting the compensation paid to our NEOs, our Compensation Committee has informally considered, reviewed and compared compensation paid to other individuals in positions similar to our NEOs at companies of similar size and stage of development. This consideration has been based on the general knowledge possessed by members of our Compensation Committee and Board of Directors’ and also has included consultations with our Chief Executive Officer along with other individuals possessing relevant experience and information. As we have gained and continue to gain experience, we expect that the specific direction, emphasis and components of our executive compensation program will continue to evolve.

Table of Contents

In December 2016, our Compensation Committee formally engaged The Korn Ferry Hay Group (“Korn Ferry”) as a compensation consultant to provide strategic advice in setting and structuring our compensation programs and policies for 2017 as well as going forward. Our Compensation Committee considered the advice and recommendations of Korn Ferry in certain of its 2017 compensation determinations. Going forward, our Compensation Committee will consider the advice and recommendations of compensation consultants we may engage in setting and structuring our compensation programs.

Our Compensation Committee typically considers, but is not required to accept, our Chief Executive Officer’s recommendations regarding proposed base salaries, annual cash and equity incentive awards, long-term equity awards and other long-term equity performance-based awards for our other NEOs.

Our Compensation Committee may also request the assistance of our Chief Financial Officer in evaluating the financial, accounting and tax implications of the various compensation elements paid to our NEOs. However, our Chief Financial Officer does not recommend or determine the amounts or types of compensation paid to our NEOs. Our Chief Executive Officer and our other NEOs may attend Compensation Committee meetings, as requested by the Chair of our Compensation Committee. However, our NEOs, including our Chief Executive Officer, do not deliberate or vote on their own compensation.

Historically, our Compensation Committee and our Chief Executive Officer have applied discretion to make compensation decisions and have not used a specific formula or matrix to set compensation in relation to the compensation elements paid, but have continually monitored market competitiveness. Our approach has been to consider competitive compensation practices and other factors such as the level of compensation necessary to recruit and retain high performing executives and individual performance, rather than establishing compensation at specific benchmark percentiles. This approach has enabled us to respond to market dynamics and provided us with flexibility in maintaining and enhancing our NEOs’ engagement, focus, motivation and enthusiasm for our future. Our engagement of Korn Ferry has not caused us to change this approach, but it has enhanced our access to useful information in our application of this approach.

The amount of past compensation, including annual bonus and incentive awards and amounts realized or realizable from prior restricted stock, restricted stock unit and stock option awards, is generally not a significant factor in our Compensation Committee’s considerations because these awards would have been earned based on performance in prior years. Our Compensation Committee does, however, consider prior awards when considering the retention aspects of our compensation program.

Our NEOs are not subject to mandated stock ownership or stock retention guidelines. Our Compensation Committee believes that the equity component of our executive compensation program ensures that our NEOs are also stockholders and those components work to align the NEOs’ goals with the long-term best interests of our stockholders.

Elements of Our Executive Compensation Program

The principal elements of our executive compensation program have to date been (a) base salary, (b) annual cash and equity incentive arrangements, (c) long-term equity compensation in the form of restricted stock, restricted stock units and stock options and (d) our LTPP, a long-term, performance-based incentive arrangement established in February 2017 as a replacement of our VCP, a long-term, performance-based incentive arrangement which was terminated in December 2016. Each of those compensation elements satisfies one or more of our compensation objectives.

Table of Contents

We have not adopted any policies with respect to long-term versus short-term paid compensation, but feel that both elements are necessary for achieving our compensation objectives. Compensation in the form of a base salary provides financial stability for each of our NEOs, and annual increases in base salary provide a reward for short-term Company and individual performance. Annual incentive awards likewise provide a reward for short-term Company and individual performance. Long-term equity compensation and our LTPP reward achievement of strategic long-term objectives and contributions toward overall stockholder value.

While we have not adopted any policies with respect to cash versus non-cash compensation (or among different forms of non-cash compensation), we feel that it is important to encourage or provide for a meaningful amount of equity ownership by our NEOs to help align their interests with those of our stockholders. We have also in the past used equity compensation in order to preserve the Company's cash to the extent practicable in order to facilitate our growth and development. We combine the compensation elements for each NEO in a manner that our Compensation Committee believes is consistent with the executive's contributions to our Company and our overall goals with respect to executive compensation.

On December 22, 2016, our Compensation Committee approved the termination of the VCP, effective December 31, 2016. Our Compensation Committee determined that the VCP had met its intended purpose of incentivizing the Company's officers to improve the Company's adjusted EBITDA and to align the interests of our officers with those of our stockholders generally, including by increasing stockholder value.

Our Board of Directors and Compensation Committee continually evaluate the need for additional long-term incentive compensation arrangements in order to meet the Company's goals of attracting, retaining and motivating highly skilled management, and in February 2017, our Compensation Committee, following thorough consultation with, and the recommendation of, Korn Ferry, adopted and approved our LTPP, a new long-term performance-based incentive compensation plan administered under our Omnibus Plan. Our LTPP is designed to align the interests of our officers with those of the Company by providing for equity awards with vesting tied to performance-based goals related to the Company's adjusted EBITDA and free cash flow, as the Company seeks to maximize its earnings and generate sufficient cash to repay indebtedness. Our LTPP is more fully described under the heading "*Long-Term Performance Plan*" below.

Base Salary

We believe that a competitive base salary is an important component of compensation as it provides a degree of financial stability for our NEOs and is critical to recruiting and retaining our executives. Base salary is also designed to recognize the scope of responsibilities assigned to each NEO and reward each executive for his or her unique leadership skills, management experience and contributions. We make a subjective determination of base salary after considering such factors collectively. Our Board of Directors established base salaries for each of our NEOs at the amounts set forth below for 2017.

Table of Contents

Name	Base Salary (\$)
Billy D. Prim	446,861
Matthew T. Sheehan	450,000
Mark Castaneda	325,000
David W. Hass	191,227*
Brian H. McInerney	412,000

* Mr. Hass' base salary was increased to \$250,000 in May 2017 in connection with his appointment as Chief Strategy Officer.

Annual Cash and Equity Incentive Arrangements

We established an annual incentive plan for 2017, which created an annual bonus pool and set payout bands for our officers, including our NEOs, based on the Company's achievement of certain adjusted EBITDA goals. Our Compensation Committee structured and implemented this plan to motivate our executive officers to achieve our annual strategic and financial goals. Our Compensation Committee approved the following 2017 annual incentive plan bonus pool with a Target Adjusted EBITDA level of \$57.4 million:

Percentage of Target Adjusted EBITDA achieved:	Size of Annual Bonus Pool
95%	\$1,435,000
100%	\$2,870,000
105%	\$3,160,000
110%	\$3,430,000
115%	\$3,740,000
120%	\$4,030,000

Adjusted EBITDA under our 2017 annual incentive plan is calculated in the same manner as set forth in our Credit and Guaranty Agreement entered into in December 2016 with Goldman Sachs Bank USA, and generally includes income (loss) from continuing operations before depreciation and amortization, interest expense, net, income tax benefit, non-cash change in fair value of warrant liability, non-cash stock-based compensation expense, non-recurring

and acquisition-related costs, and loss on disposal and impairment of property and equipment and other. Our actual pre-bonus, adjusted EBITDA for 2017 was \$54.9 million, or 95.7% of the \$57.4 million adjusted EBITDA goal for 2017, which resulted in an annual bonus pool for 2017 of approximately \$1.6 million.

Table of Contents

Our Compensation Committee targeted annual payouts under the 2017 annual incentive plan for Messrs. Prim, Sheehan, Castaneda, Hass and McInerney at 100%, 100%, 50%, 50% and 50% of their base salaries, respectively, and adjusted such amounts downward based on the size of the annual bonus pool and the number of other employees that participated in the 2017 annual incentive plan. Additionally, our Compensation Committee adjusts the payouts to officers under the Company's annual incentive plans up or down based on the achievement of individual and team performance metrics. Our Compensation Committee has the discretion to make awards under the annual incentive plan in cash, stock or a combination of both. With respect to our NEOs, our Compensation Committee determined to pay the 2017 annual incentive awards 100% in stock. The following table shows our NEOs' target annual incentive awards and the actual payout amounts made under the 2017 annual incentive plan:

Named Executive Officer	Target Annual Incentive	Actual 2017 Annual
	Payout	Incentive Payout
Billy D. Prim	\$438,132	\$196,590
Matthew T. Sheehan	\$441,346	\$198,032
Mark Castaneda	\$159,375	\$71,528
David W. Hass	\$110,996	\$51,160
Brian H. McInerney	\$206,000	\$—*

* Mr. McInerney resigned as Executive Vice President and President of Refill Operations in May 2017. Because he was not employed by the Company at the time of payments under the 2017 annual incentive plan, he was not eligible to receive any such payments.

Long-Term Equity Compensation

Historically, we have provided long-term equity compensation primarily through grants of restricted stock, restricted stock units and stock options. We have in the past granted restricted stock, restricted stock units and stock options through annually-adopted executive incentive plans, initial grants to new or recently promoted employees and through annual grants approved by our Board of Directors or our Compensation Committee. We intend to continue these practices in the future as we believe such grants further our compensation objectives of aligning the interests of our NEOs with those of our stockholders, encouraging long-term performance, and providing a simple and easy-to-understand form of equity compensation that promotes executive retention. We view such grants both as incentives for future performance and as compensation for past accomplishments.

Table of Contents

On March 20, 2017, our Compensation Committee approved grants of restricted stock unit awards to certain of our executive officers and key employees. The following table shows the number of restricted stock units granted to our NEOs as a result of this action:

Named Executive Officer	Restricted Stock Units
	(#)
Billy D. Prim	9,000
Matthew T. Sheehan	9,000
Mark Castaneda	6,000
Brian H. McInerney	6,000
David W. Hass	4,000

The restricted stock units granted to each of our executive officers vest in three substantially equal annual installments on March 20 of each of 2018, 2019, and 2020.

In addition, in May 2017, in connection with his appointment as Chief Strategy Officer of the Company, we granted Mr. Hass restricted stock units covering an additional 8,000 shares of our Common Stock which will vest in four equal annual installments on May 31 of each of 2018, 2019, 2020 and 2021.

It is our current intention to issue all foreseeable equity compensation plan awards under our Amended and Restated 2010 Omnibus Long-Term Incentive Plan.

Amended and Restated Value Creation Plan

We originally established our VCP in May 2012. The VCP was amended and restated in May 2013, and further amended and restated in March 2016. In December 2016, the VCP was terminated by our Compensation Committee.

Prior to the March 2016 amendment and restatement, the VCP provided for up to three separate awards to be issued to participants based upon the Company's achieving adjusted EBITDA targets of \$15 million, \$20 million and \$25 million for any fiscal year through the end of 2018. Our Compensation Committee set these targets at very aspirational levels as the Company's adjusted EBITDA for 2011 was \$3.4 million. In March 2016, our Compensation Committee (a) increased the second adjusted EBITDA target from \$20 million to \$24 million, (b) increased the third adjusted EBITDA target from \$25 million to \$28 million, and (c) extended the performance period under the plan from the end

of 2018 through the end of 2019.

In December 2016, our Compensation Committee approved the termination of the VCP. All awards granted under the VCP that were outstanding as of December 31, 2016 were still governed by the VCP and subject to the achievement of the adjusted EBITDA performance targets for the year ended December 31, 2016.

Overview

The award pool payable to our officers upon achievement of the adjusted EBITDA targets was tied to the increase in the Company's market capitalization and was calculated as follows:

upon the Company's achievement of \$15 million in adjusted EBITDA, the award pool was equal to 15% of the appreciation in the market capitalization of the Company's common stock from May 11, 2012 to the closing price on the third trading day after public announcement of financial results for the year in which the \$15 million target was obtained (the "date of first issuance");

Table of Contents

upon the Company's achievement of \$24 million in adjusted EBITDA, the award pool was equal to 17.5% of the appreciation in the market capitalization of the Company's common stock from the date of first issuance to the closing price on the third trading day after public announcement of financial results for the year in which the \$24 million target was obtained (the "date of second issuance"); and

upon the Company's achievement of \$28 million in adjusted EBITDA, the award pool would have been equal to 20% of the appreciation of the market capitalization of the Company's common stock from the date of second issuance to the closing price on the third trading day after public announcement of financial results for the year in which the \$28 million target was obtained.

Payment of 2015 Awards

The Company achieved the \$15 million adjusted EBITDA target under the VCP for the year ended December 31, 2015, and an award pool of approximately \$28.5 million was established. All of our NEOs deferred their VCP awards with respect to the achievement of the \$15 million adjusted EBITDA target into our Deferred Compensation Plan (as described below under the heading "*Amended and Restated Executive Deferred Compensation Plan*"). In 2016, after withholding shares with respect to Medicare and FICA taxes, Messrs. Prim, Sheehan, Castaneda and Hass were awarded 872,642, 725,740, 580,699 and 145,476 deferred stock units, respectively, under our Deferred Compensation Plan. On January 25, 2017, Messrs. Sheehan, Castaneda and Hass received 79,741, 65,873 and 16,089 shares of common stock, respectively, upon the release of deferred stock units from their respective "in-service accounts" (after giving effect to tax withholding requirements). On January 10, 2018, Messrs. Prim, Sheehan, Castaneda and Hass received 93,674, 79,606, 70,197 and 16,065 shares of common stock under our Deferred Compensation Plan, respectively, upon the release of deferred stock units from their respective "in-service accounts" (after giving effect to tax withholding requirements). In connection with his resignation as our Chief Financial Officer in January 2018, pursuant to the terms of our Deferred Compensation Plan, Mr. Castaneda will receive 348,420 shares of common stock in August 2018 upon the release of remaining deferred stock units from his "in-service account" (prior to giving effect to tax withholding requirements, if applicable).

Payment of 2016 Awards

The Company achieved the \$24 million adjusted EBITDA target under the VCP for the year ended December 31, 2016, and an award pool of approximately \$19.3 million was established. All of our NEOs who received VCP awards with respect to the achievement of the \$24 million adjusted EBITDA target deferred those awards into our Deferred Compensation Plan. In 2017, after withholding shares with respect to Medicare and FICA taxes, Messrs. Prim, Sheehan, Castaneda and Hass were awarded 397,599, 331,138, 265,277 and 66,480 deferred stock units, respectively, under our Deferred Compensation Plan. On January 10, 2018, Messrs. Prim, Sheehan, Castaneda and Hass received 42,680, 181,610, 160,337 and 9,178 shares of common stock under our Deferred Compensation Plan, respectively, upon the release of deferred stock units from their respective "in-service accounts" (after giving effect to tax withholding requirements).

Table of Contents***Primo Water Corporation Long-Term Performance Plan***

After the termination of the VCP in December 2016, our Board and Compensation Committee, following thorough consultation with, and upon the recommendation of, Korn Ferry, established our LTPP on February 28, 2017 in order to attract and retain highly qualified executive officers, officers and key employees and to motivate such executive officers, officers and key employees to serve the Company and expend maximum effort to improve the long-term business results of the Company. Our LTPP is administered under the Omnibus Plan as a sub-plan of the Omnibus Plan.

The period in which performance is measured, and to which the achievement of the performance-based metrics described below is tied, begins on January 1 of the grant year and ends on December 31 of the third year following the grant year (the “Performance Period”).

Of the LTPP awards, 60% are subject to the achievement of certain Adjusted EBITDA targets during the Performance Period (the “AE LTPP Units”), with Adjusted EBITDA measured in accordance with the Company’s then-current credit agreement, and 40% are subject to the achievement of certain Free Cash Flow targets during the Performance Period (the “FCF LTPP Units” and, with the AE LTPP Units, the “LTPP Units”). Free Cash Flow is defined as net cash provided by operating activities plus non-recurring and acquisition-related costs minus net cash used in investing activities excluding acquisitions and intangibles.

The LTPP Units are generally earned upon the achievement of at least 80% of target Adjusted EBITDA and target Free Cash Flow during the Performance Period, as applicable, at which time 50% of the AE LTPP Units and/or FCF LTPP Units, respectively, are earned. The LTPP Units are capped at achievement of 120% of target Adjusted EBITDA and target Free Cash Flow during the Performance Period, as applicable, at which time 140% of the AE LTPP Units and/or FCF LTPP Units, respectively, are earned. The number of LTPP Units earned between 80% of the applicable target and 120% of the applicable target are subject to a linear interpolation of the applicable target.

On February 28, 2017, we granted our NEOs LTPP Units covering the following number of shares of our Common Stock, in the aggregate, at the following target and maximum levels:

Named Executive Officer	Target LTPP Units (#)	Maximum LTPP Units (#)
Matthew T. Sheehan	48,214	67,500
Billy D. Prim	47,878	67,029
Mark Castaneda*	23,214	32,500
David W. Hass	10,927	15,298
Brian H. McInerney*	29,429	41,200

* Mr. Castaneda resigned as Chief Financial Officer in January 2018, and Mr. McInerney resigned as Executive Vice President and President of Refill Operations in May 2017. As a result of separating from service prior to the completion of the Performance Period, each of Mr. Castaneda and Mr. McInerney forfeited all awards granted to each of them under our LTTP.

The Performance Period for the February 2017 awards under our LTTP is January 1, 2017 to December 31, 2019. LTTP Units earned pursuant to our LTTP are payable with one share of our Common Stock for each LTTP Unit.

Amended and Restated Executive Deferred Compensation Plan

On June 29, 2015, our Board and our Compensation Committee approved the Primo Water Corporation Executive Deferred Compensation Plan. Our Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan designed to allow our officers to defer the payment of awards under the VCP. On February 28, 2017, our Board and our Compensation Committee approved an amended and restated Executive Deferred Compensation Plan in order to allow our officers to defer payment of awards under our LTPP. The Amended and Restated Primo Water Corporation Executive Deferred Compensation Plan as in effect on February 28, 2017 is referred to as the “Deferred Compensation Plan.”

Our Deferred Compensation Plan permits a participating employee to elect to defer up to 100% of his or her award that may become payable under the VCP and/or LTPP for a performance year, as applicable. The Company establishes an account for each participant in our Deferred Compensation Plan, and a participant’s account is then credited with a number of deferred stock units equal to the number of shares of Company common stock that would have been payable to the participant under the VCP and/or our LTPP, as applicable, but for the deferral election.

A participant’s account will be distributed based on the participant’s payment election made at the time of deferral. A participant can elect to have deferrals credited to a “post-service account,” to be paid in a lump sum or installments (of up to 10 years) commencing the seventh month after a separation from service. Alternatively, a participant can elect to have deferrals credited to an “in-service account,” to be paid in a lump sum or installments (of up to 10 years) commencing in a year specified by the participant at the time of the deferral election. With respect to a deferral to an “in-service account,” a participant can also elect to have payment commence the seventh month after a separation from service that occurs prior to the specified payment year.

When due, payments under our Deferred Compensation Plan will be made in the form of a number of shares of the Company’s common stock equal to the number of stock units payable to the participant, in the manner elected by the participant and provided for in our Deferred Compensation Plan, such that the value of the participant’s account under our Deferred Compensation Plan will rise and fall with the value of our common stock, creating further alignment between the long-term interests of participants and our stockholders.

Restrictions on Hedging and Pledging of Company Securities

Our Securities Trading Compliance Policy prohibits short sales of our securities by our directors and executives. Our Securities Trading Compliance Policy also prohibits directors and executives from trading in derivatives of our securities and from holding our securities in a margin account or pledging such securities as collateral for a loan. An exception to the prohibition on pledging our securities may be permitted in certain limited circumstances with the

advance written approval of the Chief Financial Officer.

Perquisites and Other Benefits

As a general matter, we do not offer perquisites or other benefits to any executive officer, including our NEOs, with an aggregate value in excess of \$10,000 annually, because we believe we can provide better incentives for desired performance with compensation in the forms described above. We recognize that, from time to time, it may be appropriate to provide some perquisites or other benefits in order to attract, motivate and retain our executives, with any such decision to be reviewed and approved by our Compensation Committee.

Table of Contents

Our executive officers are eligible to participate in our customary employee benefit plans, including medical, dental, vision, life and other employee benefit and insurance plans made available to our employees generally. We maintain a 401(k) plan, which is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended, or the Code. In general, all of our employees are eligible to participate in this plan.

Employment and Severance and Change of Control Benefits

A detailed description of our employment agreements with our NEOs is available under the section captioned "Employment Agreements and Change of Control Agreements" below, and the benefits are quantified in the section captioned "Potential Payments Upon Termination or Change of Control."

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast an advisory vote on executive compensation (a "say-on-pay proposal") every three years. At the Company's annual meeting of stockholders held in May 2017, a majority of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. While our Compensation Committee believes that this vote affirms our stockholders' support of the Company's approach to executive compensation, our Compensation Committee gave meaningful consideration to the concerns expressed by our stockholders in our discussions with them in advance of the vote on our say-on-pay proposal last year and considered the outcome of such vote in making compensation decisions for our NEOs. Our Compensation Committee will continue to review and refine the design and administration of our executive pay practices and to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

At our 2017 annual meeting, a majority of the stockholders voting on an advisory vote regarding the frequency of future advisory votes on executive compensation recommended holding such "say-on-pay" votes every three years. After considering the preference of the Company's stockholders and other factors, our Board of Directors determined on May 9, 2017, that we will hold a non-binding, advisory vote on our compensation of its named executive officers every three years until the next advisory vote is submitted to stockholders regarding the frequency of such advisory votes on named executive officer compensation.

Our Board of Directors and Compensation Committee will continue to consider the outcome of these votes when making future compensation decisions for our NEOs and when establishing the frequency of such future votes.

Risk Assessment

As a publicly-traded company, we are subject to the SEC's rules regarding risk assessment. Those rules require a publicly-traded company to determine whether any of its existing incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on the company. We do not believe that our incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on the Company.

Accounting and Tax Implications

Our Compensation Committee considers the accounting and tax impact reflected in our financial statements when establishing the amount and forms of long-term and equity compensation. The forms of long-term compensation selected are intended to be cost-efficient. We account for all awards settled in equity in accordance with FASB ASC Topic 718, pursuant to which the fair value of the grant, net of estimated forfeitures, is expensed over the service/vesting period based on the number of options, shares or units, as applicable, that vest. The estimated payout amount of performance awards, along with any changes in that estimate, is recognized over the performance period under "liability" accounting. Our ultimate expense for performance awards will equal the value earned by/paid to the executives.

Table of Contents

Tax Deductibility of Compensation; Tax Cuts and Jobs Act

We seek to maximize long-term stockholder value when determining all elements of compensation. As a result, tax deductibility is not the only consideration in awarding compensation. Section 162(m) of the Internal Revenue Code (“Section 162(m)”) limits the deductibility of compensation in excess of \$1.0 million paid to any one covered employee in any calendar year. Under the tax rules in effect before 2018, compensation that qualified as “performance-based” under Section 162(m) was deductible without regard to this \$1.0 million limit. However, the Tax Cuts and Jobs Act, which was signed into law December 22, 2017, eliminated this performance-based compensation exception effective January 1, 2018, subject to a special rule that “grandfathers” certain awards and arrangements that were in effect on or before November 2, 2017. As a result, compensation that our Compensation Committee structured in 2017 and prior years with the intent of qualifying as performance-based compensation under Section 162(m) that is paid on or after January 1, 2018 may not be fully deductible, depending on the application of the special grandfather rules. Moreover, from and after January 1, 2018, compensation awarded in excess of \$1.0 million to our NEOs generally will not be deductible. While the Tax Cuts and Jobs Act will limit the deductibility of compensation paid to our covered employees, our Compensation Committee will—consistent with its past practice—continue to retain flexibility to design compensation programs that are in the best long-term interests of the Company and our stockholders, with deductibility of compensation being one of a variety of considerations taken into account.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and Primo’s Annual Report on Form 10-K for the year ended December 31, 2017.

Table of Contents

Stock Awards (Column (d))

The amounts shown in this column indicate the grant date fair value of stock awards computed in accordance with ASC 718. Generally, the grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For additional information regarding the assumptions made in calculating these amounts, see the Notes to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by our NEOs. The amounts set forth in this column also include the grant date fair value as of March 20, 2017 (\$14.07) of target award opportunities in connection with awards issued to our NEOs under our LTPP computed in accordance with ASC 718. Assuming the achievement of the maximum share target amount under each award, maximum amounts (calculated as of the grant date) issued to our NEOs with respect to such awards would be approximately \$943,100, \$949,725, \$457,725, \$215,245 and \$579,684 for Mr. Prim, Mr. Sheehan, Mr. Castaneda, Mr. Hass and Mr. McInerney, respectively.

Option Awards (Column (e))

The amounts shown in this column represent the aggregate grant date fair value of the option awards computed in accordance with ASC 718. Generally, the grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For additional information regarding the assumptions made in calculating these amounts, see the Notes to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by our NEOs.

Non-Equity Incentive Plan Compensation (Column (f))

Each of our NEOs was entitled in 2017 to a target annual incentive award equal to a specified percentage of his base salary, which was 100% for Mr. Prim, 100% for Mr. Sheehan and 50% for each of Mr. Castaneda, Mr. Hass and Mr. McInerney. The actual amounts of the annual incentive awards were determined by our Compensation Committee following the end of the calendar year based on the Company's achievement of certain adjusted EBITDA targets after our Compensation Committee made adjustments based on the achievement of individual and team performance metrics. In 2017, our Compensation Committee determined that each NEO was entitled to receive 44.9% of his target annual incentive award, and that such awards would be paid 100% in stock. Our 2017 annual incentive plan is described in greater detail in the "Compensation Discussion and Analysis" above under "Annual Cash and Equity Incentive Arrangements."

All Other Compensation (Column (g))

Amounts shown in this column relate to matching contributions to our NEOs' accounts under Primo's 401(k) plan. In addition, with respect to the amounts set forth in this column for Mr. McInerney, such amounts include certain payments paid to Mr. McInerney in connection with his separation from service in May 2017, as more fully described below in "Employment Agreements and Change of Control Arrangements".

Employment Agreements and Change of Control Arrangements

Billy D. Prim and Mark Castaneda

The following summaries of our employment agreements with Messrs. Prim and Castaneda describe the agreements with such individuals that were amended and restated in June 2013 and further amended in October 2016. In connection with Mr. Castaneda's retirement in January 2018, the Company terminated its employment agreement with Mr. Castaneda, and he is no longer entitled to the termination or change of control benefits summarized below.

General

Mr. Prim's employment agreement provides for a base annual salary of \$439,824, which may be adjusted up but not down by our Board of Directors. Mr. Prim is also eligible to receive bonuses and awards of equity and non-equity compensation as approved by our Board of Directors. The employment agreement entitles Mr. Prim to participate in all other benefits generally available to our other senior executives. Mr. Prim's employment agreement also provides that, upon termination of the VCP or the cessation of awards granted thereunder, if the Company adopts a new long-term incentive plan, Mr. Prim will be granted awards under the new plan commensurate with his position as Chairman and Chief Executive Officer. Mr. Prim's employment agreement also provides for: (i) an annual automatic cost of living increase to base salary based on the Consumer Price Index; (ii) long-term disability coverage at 100% of base annual salary; (iii) an annual physical paid for by Primo; (iv) a Section 4999 excise tax gross-up payment to cover certain taxes and penalties; and (v) Primo's payment of certain attorneys' fees incurred in the event Mr. Prim has to take action to enforce his rights under the employment agreement. We have agreed to maintain insurance coverage for and indemnify Mr. Prim in connection with his service as a director and officer of our Company.

Our employment agreement with Mr. Prim provided for an initial three-year employment term that originally commenced April 1, 2010 and that automatically extends for additional one-year periods unless terminated by Mr. Prim or us upon at least 90 days' prior written notice of intention not to renew. The agreement may also be terminated by us or Mr. Prim for other reasons and, subject to the conditions set forth in the employment agreement, provides for certain payments to Mr. Prim upon a termination of his employment or a change of control of Primo, as described below.

Our employment agreement with Mr. Castaneda was substantially similar to our employment agreement with Mr. Prim, except that the economic terms differed between the agreements and Mr. Castaneda's employment agreement did not provide for: (i) an annual automatic cost of living increase to base salary; (ii) additional long-term disability coverage; (iii) a Primo-paid annual physical; (iv) a Section 4999 excise tax gross-up payment to cover certain taxes and penalties; and (v) our payment of certain attorney fees.

Under our agreements with Messrs. Prim and Castaneda, these individuals are (or Mr. Castaneda would have been) entitled to certain benefits upon certain terminations or upon a Change of Control (as defined in the employment agreement).

Mr. Sheehan has a target bonus level under the Company's annual incentive plan of 100% of his base salary. Mr. Sheehan's employment agreement provides that, upon termination of the VCP or the cessation of awards thereunder, if the Company adopts a new long-term incentive plan, Mr. Sheehan will be granted awards under the new plan commensurate with his position as President and Chief Operating Officer. In October 2016, we entered into an amendment to Mr. Sheehan's employment agreement, which, in part, provided for an award to Mr. Sheehan of an option to purchase up to 100,000 shares of the Company's common stock, in recognition of services previously rendered. These options vest in four equal annual installments beginning on the first anniversary of the grant date. We have agreed to maintain insurance coverage for and indemnify Mr. Sheehan in connection with his service as an officer of our Company.

Payments upon Termination

Mr. Sheehan's employment agreement provides that, if he is terminated without Cause (as defined in Mr. Sheehan's employment agreement) or resigns for Good Reason (also as defined in Mr. Sheehan's employment agreement), Mr. Sheehan will receive (i) any applicable prorated annual bonus, based on actual performance for the year of termination as determined by our Board of Directors in its discretion, (ii) any accrued but unpaid annual bonus for the fiscal year immediately preceding the year of termination, and (iii) any other amounts Mr. Sheehan is entitled to under the Company's employee benefit plans.

If the Company does not renew Mr. Sheehan's employment agreement at the end of the initial term or any renewal term or Mr. Sheehan is terminated without Cause or resigns for Good Reason, Mr. Sheehan will receive an amount equal to the sum of (A) one year's base salary (which will be his highest annual base salary in effect during the 12 months immediately prior to his termination date) plus (B) the average annual bonus (including amounts paid under the VCP) earned by Mr. Sheehan for the most recent two fiscal years ending prior to the termination date. In addition, Mr. Sheehan also will receive continuation of health benefits or payment of COBRA health insurance premiums for up to 12 months following termination and any equity compensation awards granted by the Company (a) that were otherwise scheduled to vest within six months after the termination date for all options that have a monthly or quarterly vesting schedule and (b) that were otherwise scheduled to vest at the next vesting date for all options that

have an annual vesting schedule will vest immediately.

Brian H. McInerney

The following summary of the employment agreement of Mr. McInerney describes our employment agreement with Mr. McInerney that was entered into in October 2016, became effective in December 2016 upon the closing of the Glacier acquisition, and was terminated in May 2017 upon Mr. McInerney's resignation from the Company.

General

Our employment agreement with Mr. McInerney had an initial term commencing on the date of the closing of the Glacier acquisition and expiring on December 12, 2019 with automatic one-year renewals and provided for an annual base salary of \$412,000. Mr. McInerney had a target bonus level under the Company's annual incentive plan of 50% of his base salary. Mr. McInerney's employment agreement provided that, upon termination of the VCP or the cessation of awards thereunder, if the Company adopts a new long-term incentive plan, Mr. McInerney would have been granted awards under the new plan commensurate with his position as Executive Vice President and President of Refill Operations. Mr. McInerney received an award of an option to purchase up to 50,000 shares of the Company's common stock. We agreed to maintain insurance coverage for and indemnify Mr. McInerney in connection with his service as an officer of our Company.

In connection with Mr. McInerney's separation from service in May 2017, the Company entered into a Separation and General Release Agreement with Mr. McInerney (the "Separation Agreement"). Pursuant to the terms of the Separation Agreement, Mr. McInerney received (1) payments in connection with his separation from service equal to an amount just over 18 months of his then-current base salary, payable in three equal installments in July 2017, October 2017 and February 2018, (2) continuation of group health benefits through June 30, 2018 and (3) reimbursements of certain membership dues and automobile payments. Further, pursuant to the Separation Agreement, the vesting terms covering (A) an option to purchase 12,500 shares of common stock and (B) restricted stock units covering 2,000 shares of common stock, in each case, were extended through March 30, 2018, and the exercise periods of any equity awards that had vested prior to Mr. McInerney's separation from service were extended until the first anniversary of the date of the Separation Agreement.

CEO Pay Ratio

As required by SEC rules, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Matthew T. Sheehan, our CEO on December 31, 2017. The pay ratio included below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For 2017, the median of the annual total compensation for our employees (other than our CEO) was \$45,301, and the annual total compensation of our CEO, as reported in the Summary Compensation Table included above (adjusted as noted below), was \$1,459,576. Based on this information, for 2017 the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all of our employees was approximately 32 to 1.

We took the following steps to identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our CEO:

We determined that, as of December 31, 2017, our entire employee population consisted of approximately 625 individuals, with approximately 600 employees working in the U.S. and approximately 25 employees working in Canada. Under the *de minimis* exception permitted by the SEC rules, we excluded all of our Canadian employees 1. when identifying our “median employee.” To identify the median employee from our U.S. employee population, we used the amount of “gross wages” for the employees as reflected in our payroll records for 2017. For gross wages, we generally used the total amount of compensation the employees were paid before any taxes, deductions, insurance premiums, and other payroll withholding. We did not use any statistical sampling techniques.

For the annual total compensation of our median employee, we identified and calculated the elements of that 2. employee’s compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x), and then added the approximate value of the employee’s medical benefits, resulting in annual total compensation of \$45,301.

For the annual total compensation of our CEO, we used the amount reported in the “Total” column of our 2017 3. Summary Compensation Table, adjusted as follows:

As noted above, Mr. Sheehan began serving as our CEO effective May 31, 2017, upon the transition of Billy D. Prim, our former CEO, to the position of Executive Chairman of the Board of Directors. We identified Mr. Sheehan as our CEO for this pay ratio disclosure because he was serving in that position on December 31, 2017, the date a. that we selected to identify our median employee. Even though Mr. Sheehan served as our CEO for only half of 2017, we did not annualize the amount reported for him in the Summary Compensation Table because we determined that his actual compensation for 2017 was approximately equivalent to what it would have been had he served as our CEO for all of 2017.

To maintain consistency between the annual total compensation of our CEO and the median employee, we also added the estimated value of our CEO's medical benefits on an annualized basis (\$11,803) to the amount reported in b. the Summary Compensation Table. This resulted in annual total compensation for purposes of determining the ratio in the amount of \$1,459,576, which exceeds the amount reported for Mr. Sheehan in the Summary Compensation Table by \$11,803.
