Table of Contents

CORPORATE GOVERNANCE

Our Board of Directors and management have committed themselves to establishing a strong corporate governance environment and to adopting the best practices to meet the needs and goals of the Company. As part of that commitment, we have adopted Corporate Governance Principles, which cover such topics as qualifications and independence of Board members, the selection, orientation and continuing education of Board members, as well as other topics designed to promote effective governance by the Board of Directors. We have also adopted a Code of Business Conduct and Ethics, which applies to all employees, officers and directors of the Company and sets forth guidance to help in recognizing and dealing with ethical issues, to provide mechanisms for reporting unethical conduct, and to promote a culture of honesty and accountability, and a Code of Ethics for Senior Financial Officers, which applies to our senior financial officers and sets forth guidance to deter wrongdoing, promote honest and ethical conduct and promote a culture of integrity and fairness. Copies of our Corporate Governance Principles, Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers are available on the Company's website at www.nwpipe.com under "Investor Relations" - "Corporate Governance", or by writing to the Company's Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661.

We have also adopted a Policy for Reporting Financial Irregularities ("Whistleblower Policy"), which is intended to create a workplace environment that encourages the highest standards of ethical, moral, and legal business conduct. The Whistleblower Policy establishes procedures for any person to confidentially and anonymously report violations by us or any of our personnel of our Code of Business Conduct and Ethics or any laws, rules or regulations without fear of retaliation. The Whistleblower Policy also contains procedures for submission of complaints involving our accounting practices and internal accounting controls.

Director Elections

While directors are elected by a plurality of votes cast, our Corporate Governance Principles include a director resignation policy, requiring a director who receives more votes "withheld" than in favor of election in an uncontested election to tender an offer of his or her resignation to the Board for consideration. The Nominating and Governance Committee shall recommend to the Board the action to be taken with respect to such offer of resignation, and the Board shall promptly determine whether to accept such resignation, and shall publicly disclose its decision and rationale.

Director Independence

The current Board of Directors consists of six directors, two of whom are currently employed by the Company (Messrs. Montross and Roman). The Board of Directors has affirmatively determined that all of the non-employee

directors (Ms. Applebaum and Messrs. Demorest, Franson and Larson) are “independent” in accordance with the standards of the Nasdaq Stock Market and as defined by the director independence guidelines included in our Corporate Governance Principles.

Board Leadership Structure and Risk Oversight

The Company’s Corporate Governance Principles provide that the independent members of the Board of Directors will select a lead director from among the independent directors if the positions of Chairperson of the Board and Chief Executive Officer (“CEO”) are held by the same person or if the Chairperson of the Board is not an independent director. The responsibilities of the Chairperson of the Board include the following: set Board meeting agendas in collaboration with the CEO; preside at Board meetings and the annual shareholders’ meeting; assign tasks to the appropriate committees; and ensure that information flows openly between management and the Board. The responsibilities of the lead director include the following: coordinate the activities of the independent directors; make recommendations to the CEO in setting Board meeting agendas on matters concerning the independent directors; prepare the agenda for executive sessions of the independent directors, chair those sessions and be primarily responsible for communications between the independent directors and the CEO. Richard Roman, the Chairperson of our Board of Directors, is not “independent” within the meaning of the applicable rules of the Nasdaq Stock Market. Accordingly, in August 2016, the remaining directors appointed Michael Franson as the Board’s Lead Director.

Table of Contents

The Board of Directors oversees management’s Company-wide risk management activities which include assessing and taking actions necessary to manage risks incurred in connection with the long-term strategic direction of the Company and the operation of our business. The Board of Directors uses its committees to assist in its risk oversight function. The Compensation Committee is responsible for oversight of risk associated with our compensation plans. The Nominating and Governance Committee is responsible for oversight of board processes and corporate governance-related risk. The Audit Committee is responsible for oversight of our financial reporting process, financial internal controls and compliance activities, the qualification, independence and performance of our independent auditors and compliance with applicable legal and regulatory compliance requirements. The Board of Directors maintains overall responsibility for oversight of the work of its various committees by having regular reports from the chairperson of each Committee with respect to the work performed by their respective Committee. In addition, discussions with the Board about the Company’s strategic plan, financial results, capital structure, merger and acquisition related activity and other business generally include discussion of the risks associated with the matters under consideration.

Board of Directors Meetings

Regular attendance at the Board meetings and the Annual Meeting is required of each director. The Board of Directors held five meetings during 2017. Each of the directors attended more than 75% of the total number of Board and applicable Committee meetings during his or her tenure in 2017. In addition, all of the directors attended the Company’s 2017 Annual Meeting of Shareholders.

Board of Directors Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of the Committees consists of independent directors and each of the Committees has adopted a written charter which is available on the Company’s website at *www.nwpipe.com* under “Investor Relations” - “Corporate Governance,” or by writing to the Company’s Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661.

Each member of the Compensation Committee is "independent" as defined by applicable Nasdaq Stock Market rules.

Nominating and Governance Committee. Communications with Directors

Any shareholder who wants to communicate with members of the Board of Directors, individually or as a group, may do so by writing to the intended member or members of the Board of Directors, c/o Chairperson of the Board, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver Washington 98661. Communications should be sent by overnight or certified mail, return receipt requested. All communications will be submitted to the Board of Directors in a timely manner.

Nominations by Shareholders. In identifying qualified candidates for the Board of Directors, the Nominating and Governance Committee will consider recommendations by shareholders. Shareholder recommendations as to candidates for election to the Board of Directors may be submitted to the Company's Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661. The Nominating and Governance Committee will evaluate potential nominees, including candidates recommended by shareholders, by reviewing qualifications, considering references and reviewing and considering such other information as the members of the Nominating and Governance Committee deem relevant. The Company's Corporate Governance Principles specify that the criteria used by the Nominating and Governance Committee in the selection, review and evaluation of possible candidates for vacancies on the Board should include factors relating to whether the candidate would meet the definition of "independent" as well as skills, occupation and experience in the context of the needs of the Board. All candidates for election to the Board of Directors must be individuals of character, integrity and honesty. The Company does not have a formal policy with respect to the consideration of diversity in identifying director candidates; however, the Nominating and Governance Committee Charter includes diversity as one of several criteria in recommending and reviewing a director nominee candidate. From time to time, the Nominating and Governance Committee has employed a third party to help identify or screen prospective directors, and may continue to do so at

their discretion.

The Company's Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made. A shareholder's notice of nomination must also set forth certain information specified in the Company's Bylaws concerning each person the shareholder proposes to nominate for election and the nominating shareholder.

Table of Contents**ELECTION OF DIRECTORS****(Proposal No. 1)**

At the Annual Meeting, two directors will be elected to serve for a three-year term. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of the nominees named below. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. However, if any of the persons nominated by the Board of Directors fail to stand for election or are unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend.

The Company's Articles of Incorporation provide that the Board of Directors shall be composed of not less than six and not more than nine directors. The size of the Board is currently fixed at six directors. The Company's directors are divided into three classes. The term of office of only one class of directors expires each year, and their successors are generally elected for terms of three years, and until their successors are elected and qualified. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides information about our compensation program for our 2017 Named Executive Officers:

Scott Montross, President and Chief Executive Officer;

Robin Gantt, Senior Vice President, Chief Financial Officer and Corporate Secretary;

Martin Dana, Executive Vice President, Business Development and Strategy;

William Smith, Executive Vice President, Water Transmission; and

Aaron Wilkins, Vice President of Finance and Corporate Controller.

Further information about each of our executive officers is available in Part III – Item 10. “Directors, Executive Officers and Corporate Governance” of our 2017 Annual Report on Form 10-K.

Compensation Philosophy and Objectives. The Board of Directors and executive management at the Company believe that the performance and contribution of our executive officers are critical to our overall success. To attract, retain and motivate the executives to accomplish our business strategy, the Compensation Committee establishes executive compensation policies and oversees executive compensation practices at the Company.

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of our specific annual and long-term goals, and which aligns executives’ interests with those of the shareholders by rewarding performance that exceeds established goals, with the ultimate objective of improving shareholder value.

The Compensation Committee also evaluates compensation programs to ensure that we maintain our ability to attract, retain and motivate superior employees in key positions and that compensation provided to key employees remains competitive when compared with other employment opportunities. The Compensation Committee believes our executive compensation packages should include both cash and share-based compensation that reward performance as measured against established goals and market performance.

Process for Setting Executive Compensation. The Compensation Committee annually reviews and approves compensation levels and pay mix for our executives.

The Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation; cash compensation is used to provide a base salary, and to incentivize and reward our executives based on their contributions to the Company, and equity-based compensation is used to tie the interests of the executives to the interests of our shareholders. There is no pre-established policy or target for the allocation between either cash and noncash or short-term and long-term incentive compensation, which enables the Compensation Committee the flexibility to adjust allocations dynamically as business conditions warrant.

The Compensation Committee uses qualitative individual performance objectives as a factor in making its decisions. The Compensation Committee and the CEO annually review the performance of each executive officer (other than the CEO whose performance is reviewed by the Compensation Committee after an evaluation from the Chairperson). Based on these reviews, the Compensation Committee makes compensation decisions, including salary adjustments and annual bonus awards, for the executive officers.

The Compensation Committee evaluates and considers the Company's annual performance within the context of its long-term strategic plan, identifying areas in which expectations were exceeded, achieved or fell below stated goals. The structure of all incentive compensation plans is reviewed periodically to assure their linkage to the current objectives, strategies and performance goals.

Table of Contents

The Compensation Committee evaluates and considers a variety of growth and profitability measures relative to historical performance and internal plans for awarding performance-based cash incentive compensation.

The Compensation Committee evaluates and considers performance criteria for awarding long-term equity incentive awards.

The Compensation Committee generally does not utilize specific benchmark levels. Rather, the Compensation Committee considers broad, market based survey data of comparable companies, such as that provided by Mercer LLC (“Mercer”), Equilar, CompAnalyst, Willis Towers Watson and *WorldatWork.org*, when assessing the competitiveness of compensation levels and pay mix for the CEO, Chief Financial Officer (“CFO”) and other executives.

From time to time, the Compensation Committee has retained Mercer to advise the Committee on executive or director compensation matters, to assess total compensation program levels and program elements for executive officers or directors, and to evaluate marketplace trends in executive or director compensation. The last time the Compensation Committee retained Mercer was in 2015. In so doing, the Compensation Committee had considered all relevant factors that could give rise to a potential conflict of interest with Mercer, and had determined that none existed.

Advisory Vote on Executive Compensation. Each year the Compensation Committee submits to shareholders an advisory resolution on executive compensation, and carefully considers the voting results of this proposal, though the final vote is advisory in nature and therefore not binding on the Company. Our shareholders expressed strong support for our executive compensation program in the advisory vote at our 2017 Annual Meeting of Shareholders. Based upon these results, the Compensation Committee has determined to follow the shareholders’ recommendation by continuing our present compensation policies and practices.

Elements of Compensation. For the year ended December 31, 2017, the principal targeted components of compensation for executive officers were:

base salary;

discretionary cash incentive compensation;

retirement benefits; and

perquisites and other personal benefits.

Table of Contents

The target weighting of each of the components of compensation for the CEO and other Named Executive Officers was as follows for the year ended December 31, 2017:

Table of Contents

Realized Pay vs. Reported Pay. In the following table, Reported Pay is compensation reflected in the Summary of Cash and Certain Other Compensation table on page 14. Realized Pay is compensation actually received by the Named Executive Officer during the year, including salary, performance-based and discretionary cash incentive compensation, market values at vesting of previously granted restricted stock units (“RSUs”) and performance share awards (“PSAs”) and All Other Compensation amounts received during the year. Realized Pay was greater than Reported Pay in 2017 for all Named Executive Officers due to the fact that no long-term equity incentive awards were granted in 2017, yet RSUs granted in prior years vested in 2017.

	2017		2016		2015	
	Realized Pay	Reported Pay	Realized Pay	Reported Pay	Realized Pay	Reported Pay
Scott Montross	\$650,908	\$621,327	\$676,066	\$1,137,944	\$925,636	\$630,134
Robin Gantt	369,648	359,850	382,604	605,328	494,318	355,306
Martin Dana	366,340	356,014	380,745	603,418	438,744	364,817
William Smith	366,154	355,828	382,563	604,965	452,073	377,706
Aaron Wilkins	259,680	258,572	237,679	337,098	171,075	169,577

Base Salary. We provide executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries are determined for each executive based on his or her experience, position and responsibilities, and take in to consideration market data and conditions. In addition, we consider the individual performance of each executive, and conduct internal reviews of each executive’s compensation to ensure equity among executive officers. Salary levels are typically reviewed annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries are based on the Compensation Committee’s assessment of the individual executive’s performance in conjunction with recommendations provided by the CEO.

Base salary is reflected in the ‘Salary’ column in the Summary of Cash and Certain Other Compensation table on page 14.

Performance-Based Cash Incentive Compensation. We provide executive officers and other employees with incentive compensation to retain, incentivize and reward them for high performance and achievement of corporate goals. The incentive compensation program provides for an award of cash incentive compensation to executive officers and others as a reward for our growth and profitability, and places a significant percentage of each executive officer’s compensation at risk. Awards are based on our achievement of certain financial performance measures each year.

For 2017, no performance-based incentive compensation was awarded to the executive officers, as a result of the prolonged market challenges we have faced.

Performance-based cash incentive compensation, if awarded, would be reflected in the 'Non-Equity Incentive Plan Compensation' column in the Summary of Cash and Certain Other Compensation table on page 14.

Discretionary Incentive Compensation. We provide, from time to time, additional discretionary incentive compensation in recognition of an executive officer's or other employee's success in attaining results that delivered value to the Company, but were not captured in the performance-based cash incentive compensation, or for other reasons as determined appropriate by the Compensation Committee.

In 2016, we entered into Long Term Incentive Plan agreements with Mr. Montross, Ms. Gantt, Mr. Dana and Mr. Smith providing for cash payments payable in two equal installments in 2016 and 2017, subject to continued employment through the applicable payment date and satisfactory performance. Also in 2016, we entered into a Retention Agreement with Mr. Wilkins providing for cash payments payable in installments in 2016 and 2017, subject to eligibility requirements. There was no discretionary incentive compensation awarded in 2015.

Discretionary incentive compensation is reflected in the 'Bonus' column in the Summary of Cash and Certain Other Compensation table on page 14.

Table of Contents

Long-Term Equity Incentive Awards. We provide long-term equity incentive awards to executive officers and certain designated key employees. The long-term equity incentive awards are designed to ensure that our executive officers and key employees have a continuing stake in our long-term success. In addition, the awards emphasize pay-for-performance. Terms and conditions of the awards are determined on an annual basis by the Compensation Committee.

When granted, RSUs are service-based and entitle the holder to receive Common Stock at the end of the vesting period (generally over periods ranging from one and a half to three years), subject to continued employment. RSUs are designed to attract and retain executive officers and others by providing them with the benefits associated with the increase in the value of the Common Stock during the vesting period, while incentivizing them to remain with us long-term.

When granted, PSAs are service-based awards with a performance-based and/or market-based vesting condition. PSAs serve several purposes. They have value to the holder only if the goals are achieved during their performance measurement period, and they serve as a retention tool because the performance measurement periods generally extend over approximately three years. Additionally, the holders benefit further if they are successful in increasing the value of our Common Stock. When PSAs are granted, they typically include performance-based and/or market-based vesting conditions that entitle the holder to receive between zero and two hundred percent of the target award. Payouts for performance between the rankings will be interpolated on a straight-line basis. The last PSAs awarded vested during 2017; the actual number of common shares that were issued was determined by multiplying the PSAs by a payout percentage of 0%, as the market-based conditions were not achieved.

For 2017, no long-term equity incentive awards were granted to the executive officers, as a result of the prolonged market challenges we have faced.

Long-term equity incentive awards are reflected in the 'Stock Awards' column in the Summary of Cash and Certain Other Compensation table on page 14. These amounts represent the target value of the award issued, but not what was actually received by the Named Executive Officer.

Retirement Benefits. Until the plan was frozen in 2016, we offered our executive officers and certain designated key employees a nonqualified retirement savings plan (the "Deferred Compensation Plan"), which provided executive officers and others with the opportunity to defer salary and bonus compensation for a period of years or until termination of employment. Discretionary matching contributions were made based on deferrals made by each participant. In addition, we made a contribution based on a target benefit projected for each participant. The target benefit projected was 1% of base salary in the year before attaining normal retirement age per year of employment (up to 35 years) with us. Executive officers who deferred salary or bonus under the Deferred Compensation Plan are credited with market-based returns.

We also offer a qualified 401(k) defined contribution plan. The ability of executive officers to participate fully in this plan is limited under IRS and ERISA requirements. The 401(k) plan encourages employees to save for retirement by investing on a regular basis through payroll deductions.

Retirement benefits are reflected in the 'All Other Compensation' column in the Summary of Cash and Certain Other Compensation table on page 14.

Perquisites and Other Personal Benefits. We provide executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract, retain and motivate employees for key positions. We are selective in our use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers. The primary perquisites are contributions to a qualified 401(k) defined contribution plan, life insurance premiums and, in 2016 and 2015, automobile allowances.

Perquisites and other personal benefits are reflected in the 'All Other Compensation' column in the Summary of Cash and Certain Other Compensation table on page 14.

Table of Contents

Executive Compensation and Risk. We believe our executive compensation programs do not encourage excessive and unnecessary risk-taking by our executive officers because our programs are designed to encourage our executive officers to remain focused on both the short-term and long-term operational and financial goals of the Company. We achieve this balance through a combination of elements in our overall compensation plans, including: elements that reward different aspects of short-term and long-term performance; incentive compensation that rewards performance on a variety of different measures; awards that are paid based on results averaged out over several years; and awards paid in cash and awards paid in shares of the Company's stock, to encourage better alignment with the interests of shareholders. Additionally, annual compensation decisions for executive officers are influenced by the review of the performance of each executive officer by the Compensation Committee, including an evaluation of the officers' commitment to promoting effective internal controls and legal and regulatory compliance. We believe this helps to ensure "the tone at the top" deters unnecessary risk-taking.

Clawback Provisions. Our performance-based long-term equity incentive awards contain a provision that allows the Company to recapture amounts paid to the Named Executive Officers under certain circumstances. If the Company's financial statements are the subject of a restatement due to misconduct, to the extent permitted by governing law, in all appropriate cases, the Company will seek reimbursement of excess incentive cash compensation paid under the program for the relevant years. For purposes of this provision, excess incentive cash compensation means the positive difference, if any, between (i) the award paid to the Named Executive Officer and (ii) the award that would have been made to the Named Executive Officer, not including the effect of any discretionary reductions made by the Committee, had the target award been calculated based on the Company's financial statements as restated.

Stock Ownership and Anti-Hedging/Pledging Policy. The Nominating and Governance Committee of the Board of Directors has adopted a stock ownership policy because it believes it is in the best interests of the Company and its shareholders to align the financial interests of our executive officers and directors with those of the Company's shareholders. Under the policy, the directors are expected to accumulate and own shares having a market value equal to three times their annual cash retainer; the CEO is expected to accumulate and own shares having a market value equal to three times his base salary; and each of the other Named Executive Officers is expected to accumulate and own shares having a market value equal to either one or two times his or her base salary, depending on his or her position with the Company. Each executive officer or director has five years to accumulate the expected ownership level beginning from the later of September 2011 or their date of hire or promotion. Until such ownership is achieved, each executive officer or director is required to retain 100% of net after-tax shares issued upon vesting of long-term equity incentive awards. In addition, executive officers and directors are expressly prohibited from engaging in hedging transactions related to the Company's stock, including trading in publicly-traded options, puts, calls or other derivative instruments related to the Company's stock, and from pledging the Company's stock as collateral for a loan.

Employment Agreements

We have not entered into any employment agreements with our Named Executive Officers.

Table of Contents

Change in Control Agreements

We have entered into change in control agreements (the “Agreements”) with certain of our executive officers. The Agreements for each of the Named Executive Officers is for a term ending as indicated below, provided that on each respective date and each anniversary thereafter, the term of the Agreement will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. If a “Change in Control” (as defined in the Agreements and described below) occurs during the term of the Agreements, the Agreements will continue in effect until two years after the Change in Control.

Term Ending:

Scott Montross	July 31, 2018
Robin Gantt	July 31, 2018
Martin Dana	July 31, 2018
William Smith	July 31, 2018
Aaron Wilkins	July 31, 2018

If an executive officer’s employment is terminated within two years after a Change in Control either by us without “Cause” (as defined in the Agreements and described below) or by the executive officer for “Good Reason” (as defined in the Agreements and described below), the executive officer will be entitled to receive his or her full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two years’ base salary (three years’ base salary in the case of Mr. Montross and one year’s base salary in the case of Mr. Wilkins) and (ii) an amount equal to two times the average cash bonuses paid to the executive officer during the previous three years (three times the average cash bonuses during the previous three years in the case of Mr. Montross and one times the average cash bonuses during the previous three years in the case of Mr. Wilkins). In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding equity compensation awards would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a “parachute payment” under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a “parachute payment.” If the payment made to an executive officer is deemed to be a “parachute payment”, the executive officer is responsible for the payment of any resulting taxes.

If an executive officer’s employment is terminated within two years after a Change in Control either by us for Cause or as a result of the executive officer’s disability or death, the executive officer will be entitled to receive his or her full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the Agreements, a “Change in Control” includes (i) any merger or consolidation transaction involving the Company, unless our shareholders immediately before such transaction have more than 50% of the combined

voting power of the outstanding voting securities of the surviving corporation immediately after the transaction, (ii) the acquisition by any person of 20 percent or more of our total combined voting power, (iii) the liquidation or the sale or other transfer of substantially all of our assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board of Directors. For purposes of the Agreements, "Good Reason" includes, but is not limited to, (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 25 miles of his or her job location before the Change in Control, (iv) our failure to continue any compensation or employee benefit plan or program in effect before the Change in Control or any act or omission that would adversely affect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, (v) our failure to require any of our successors to assume our obligations under the Agreements within 30 days after a Change in Control and (vi) any material breach of the Agreement by the Company. For purposes of the Agreements, "Cause" means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

Table of Contents**Potential Payments Upon Termination or Change in Control**

The following table shows estimates of the potential payments to Named Executive Officers if employment is terminated after a change in control either by us without cause or by the executive officer for Good Reason. The amounts shown assume that the employment of each executive was terminated effective as of December 31, 2017. The table does not quantify benefits under plans that are generally available to salaried employees and do not discriminate in favor of Named Executive Officers, including the payment of accrued but unpaid salary, accrued but unused vacation pay, and benefits accrued under the qualified 401(k) defined contribution plan payable upon termination.

Name	Base Salary	Bonus	Equity Incentive Plan Awards	Health and Insurance Benefits
Scott Montross	\$1,590,000	\$165,626	\$1,013,884	\$93,000
Robin Gantt	624,000	52,000	477,486	26,000
Martin Dana ⁽¹⁾	616,080	51,333	471,361	62,000
William Smith	616,080	51,333	471,361	28,000
Aaron Wilkins	200,000	33,600	162,747	31,000

(1) Mr. Dana resigned his position as Executive Vice President, Business Development and Strategy in January 2018.

Pay Ratio Disclosure

In August 2015, pursuant to a mandate from the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a final rule that requires a public company to disclose the median of the annual total compensation of all employees of a registrant (excluding the CEO), the annual total compensation of that registrant's CEO, and the ratio of the median of the annual total compensation of all employees to the annual total compensation of the CEO.

In determining the median employee, a listing was prepared of the total annual cash compensation of each individual who was employed by us on December 31, 2017, the last day of our payroll year (whether employed on a full-time, part-time, or seasonal basis). We did not make any assumptions, adjustments, or estimates with respect to total cash compensation, and we did not annualize the compensation for any full-time employees that were not employed by us for all of 2017. After identifying the median employee, we calculated annual total compensation for such employee using the same methodology we use for our Named Executive Officers as set forth in the Summary of Cash and Certain Other Compensation table on page 14.

The annual total compensation for 2017 for our CEO was \$621,327, and for the median employee was \$56,311. The resulting ratio of our CEO's annual total compensation to the median employee's annual total compensation was 11 to 1.

The SEC rules for identifying the median employee and calculating the pay ratio allow companies to apply various methodologies and various assumptions and, as a result, the pay ratio reported by us may not be comparable to the pay ratio reported by other companies.

Compensation Committee Interlocks and Insider Participation

Messrs. Demorest, Franson and Larson served on the Compensation Committee in 2017. All members of the Committee were independent directors, and no member has ever been an officer or employee of the Company. During 2017, none of our executive officers served on the compensation committee (or its equivalent) or board of directors of another entity whose executive officer served on our Compensation Committee.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Proposal No. 2)

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Board of Directors is asking shareholders to approve an advisory resolution on executive compensation. The advisory vote is a non-binding vote on the compensation of our Named Executive Officers. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. The text of the resolution is as follows:

“RESOLVED, that the shareholders of Northwest Pipe Company approve, on an advisory basis, the compensation paid to the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the executive compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure.”

The Company urges you to read the disclosure under “Compensation Discussion and Analysis,” which begins on page 8 and discusses how our compensation policies and procedures implement our compensation philosophy. You should also read the Summary Compensation Table and other related compensation tables and narrative disclosure which provide additional details about the compensation of our CEO, our CFO and our three other most highly-compensated executive officers for 2017. We have designed our executive compensation structure to attract, retain and motivate executives who can accomplish our business strategy, and whose interests are aligned with those of our shareholders. We believe that our executive compensation program does not encourage excessive and unnecessary risk-taking by our executives but, rather, encourages our executives to remain focused on both the short-term and long-term operational and financial goals of the Company.

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on the Company, our Board or the Compensation Committee.

We currently hold our advisory vote on executive compensation annually. Accordingly, the next advisory vote on executive compensation will be held at our 2019 Annual Meeting of Shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” the approval of the compensation of the Named Executive Officers as disclosed in this proxy statement and as described above pursuant to the compensation disclosure rules of the Exchange Act.

Table of Contents**Director Compensation**

The Compensation Committee is responsible for recommending to the Board the level and form of compensation and benefits for directors. Members of the Board of Directors who are also our employees do not receive additional compensation for serving as directors. Each nonemployee director receives a \$30,000 annual retainer, \$2,000 for each Board meeting attended and \$500 for each meeting of a committee of the Board attended. The Lead Director receives an additional retainer of \$18,000. The Audit Committee Chairperson receives an additional annual retainer of \$7,500, and the Compensation Committee Chairperson and Nominating and Governance Committee Chairperson each receive an additional annual retainer of \$5,000. In addition, each nonemployee director receives an annual award of \$55,000, which has historically been payable in cash, shares of the Company's Common Stock or a combination thereof, at each director's election. In 2017, the award was payable solely in shares of the Company's Common Stock. The members of our Board of Directors are also reimbursed for travel expenses incurred in attending board meetings.

Mr. Roman serves as the Company's Chairperson of the Board of Directors pursuant to an Executive Employment Agreement, dated effective as of January 1, 2013 (the "Roman Executive Employment Agreement"). Audit Committee Report

The Audit Committee reports to and acts on behalf of the Board of Directors and is comprised solely of directors who satisfy the independence, financial literacy and other requirements set forth in the listing rules of the Nasdaq Stock Market and applicable securities laws. In addition, each of the three current members of the Audit Committee is an “audit committee financial expert” as defined by the rules of the SEC.

The Audit Committee operates under a written charter, approved and adopted by the Board of Directors, which sets forth its duties and responsibilities. This charter, which is available in full on the Company’s website at www.nwpipe.com under “Investor Relations” - “Corporate Governance”, is reviewed annually and updated, as appropriate, to address changes in regulatory requirements, authoritative guidance, evolving oversight practices and investor feedback.

The Audit Committee's primary duties and responsibilities are the oversight and monitoring of:

the integrity of the Company's financial reporting process, financial internal control systems, accounting and legal compliance and financial reporting of the Company;

the qualifications, independence and performance of the Company's independent auditors;

the compliance by the Company with applicable legal and regulatory requirements; and

the maintenance of an open and private, if necessary, communication among the independent auditors, management, legal counsel and the Board.

Management is responsible for preparing the Company’s financial statements and maintaining effective internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of the Company’s financial statements in accordance with generally accepted auditing standards and issuing a report thereon, and for performing an independent audit of the effectiveness of the Company’s internal controls over financial reporting. In this context, the Audit Committee performed the following:

met with Moss Adams LLP (“Moss Adams”), who has served as our independent registered public accountants since 2016, with and without management present, to review and discuss the Company’s audited financial statements and

assessment of the Company's internal control over financial reporting;

asked management and Moss Adams questions relating to such matters and discussed with Moss Adams the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB"), including Statement on Auditing Standard No. 1301, "Communications with Audit Committees";

reviewed the terms of the audit engagement, the overall audit strategy, timing of the audit and significant risks identified; and

reviewed the critical accounting policies and practices applied by the Company in preparation of its financial statements, and critical accounting estimates and significant unusual transactions affecting the Company's financial statements.

Based on the reviews and discussions described in this report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

Table of Contents

The Audit Committee's responsibilities also include monitoring the qualifications, independence and performance of the Company's independent auditors. In reviewing the auditor's performance, the Audit Committee considers the quality and efficiency of the services provided by the audit team, and reviews and discusses the auditor's most recent PCAOB inspection report and its system of quality control. The Committee also reviews and discusses proposed staffing levels and the selection of the lead engagement partner from the independent registered public accounting firm. Further, the Audit Committee recognizes the importance of maintaining the independence of the Company's auditor, both in fact and in appearance. For 2017, the Audit Committee received and reviewed the written disclosures and letter provided by Moss Adams as required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discussed with the independent accountants that firm's independence. The Audit Committee concurs with Moss Adams' conclusion that they are independent from the Company and its management.

Respectfully submitted by the Audit Committee of the Board of Directors.

RATIFICATION OF THE APPOINTMENT OF

MOSS ADAMS LLP

(Proposal No. 3)

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit our financial statements. While we are not required by our bylaws or other governing documents or law to seek shareholder ratification of the appointment of Moss Adams LLP as our independent registered public accounting firm, we are doing so as a matter of good corporate governance. If the shareholders do not ratify the selection, the Audit Committee will take the vote into consideration when determining whether or not to retain Moss Adams LLP. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our shareholders.

The Audit Committee believes that the continued retention of Moss Adams LLP as our independent registered public accountants is in the best interests of our shareholders.

Representatives of Moss Adams LLP are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE RATIFICATION OF THE AUDIT COMMITTEE’S APPOINTMENT OF MOSS ADAMS LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2018.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2017, there has not been any transaction or series of transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or holder of more than 5% of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation arrangements with the Company's executive officers and directors, all on terms described under "Executive Compensation" above.

The Audit Committee is responsible for the review and approval of all related party transactions. Although the Audit Committee does not have written policies and procedures with respect to the review of related party transactions, we intend that any such transactions will be reviewed by the Audit Committee, which will consider all relevant facts and circumstances and will take in to account, among other factors:

whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any director or executive officer of the Company.

DATE FOR SUBMISSION OF SHAREHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, some shareholder proposals may be eligible for inclusion in the Company's 2018 proxy statement. Any such proposal must be received by the Company not later than December 28, 2018. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities law. The submission of a shareholder proposal does not guarantee that it will be included in the Company's proxy statement. Alternatively, under the Company's bylaws, a proposal or nomination that a shareholder does not seek to include in the Company's proxy statement pursuant to Rule 14a-8 may be delivered to the Secretary of the Company not less than 60 days nor more than 90 days prior to the date of an annual meeting, unless notice or public disclosure of the date of the meeting occurs less than 60 days prior to the date of such meeting, in which event, shareholders may deliver such notice not later than the 10th day following the day on which notice of the date of the meeting was mailed or public disclosure thereof was made. A shareholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of Common Stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at the annual meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Exchange Act, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2018 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Although we encourage you to read this Proxy Statement in its entirety, we include this question and answer section to provide some background information and brief answers to several questions you might have about the Annual Meeting.

Q: Why is the Company providing these materials?

A: The Company's Board of Directors is providing these proxy materials to you in connection with the Company's Annual Meeting of Shareholders, which will take place on June 6, 2018, at 8:00 a.m. (local time) at the Heathman Lodge located at 7801 NE Greenwood Drive, Vancouver, Washington. Shareholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

Q: What information is contained in these materials?

A: The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of directors and our most highly paid officers, and other required information.

Q: What proposals will be voted on at the Annual Meeting?

A: There are three proposals scheduled to be voted on at the Annual Meeting:

the election of three members of the Board of Directors (Proposal No. 1);

the advisory vote on executive compensation (Proposal No. 2); and

the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018 (Proposal No. 3).

We will also consider other business that properly comes before the Annual Meeting.

Q: How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares “FOR” the election of the Board’s nominees for A: election to the Board of Directors, “FOR” the advisory vote on executive compensation and “FOR” the ratification of the appointment of Moss Adams LLP.

Q: What shares owned by me can be voted?

A: All shares of the Company’s Common Stock owned by you as of the close of business on April 13, 2018 (the “Record Date”) may be voted by you. You may cast one vote per share of Common Stock that you held on the Record Date. These shares include shares that are: (i) held directly in your name as the shareholder of record, and (ii) held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Most of the Company’s shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with the Company’s transfer agent, Computershare, you are considered the shareholder of record of those shares and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the Annual Meeting. You may also vote your shares as described below under “How can I vote my shares without attending the Annual Meeting?”

Table of Contents

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting. Your broker or nominee has sent you instructions for how you can direct the broker or nominee to vote your shares.

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring your proxy card or proof of identification. Even if you plan to attend the Annual Meeting, the Company recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Shares held in street name may be voted in person by you only if you obtain a legal proxy from the record holder (your broker, bank or other nominee) giving you the right to vote the shares.

Q: How can I vote my shares without attending the Annual Meeting?

A: To vote shares held directly in your name as the shareholder of record, without attending the meeting, please sign, date and return the enclosed proxy card, or follow the instructions for Internet or telephone voting on the enclosed proxy card. This way your shares will be represented whether or not you are able to attend the meeting.

To vote shares held in street name, without attending the meeting, please follow the instructions provided by your broker.

Q: Can I change my vote?

A: You may change your proxy instructions at any time prior to the vote at the Annual Meeting. You may accomplish this by entering a new vote by Internet, by telephone, by delivering a written notice of revocation to the Company's Corporate Secretary, by granting a new proxy card or new voting instruction card bearing a later date (which

automatically revokes the earlier proxy instructions), or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request. If your shares are held in a stock brokerage account or by a bank or other nominee, you must obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting.

Q:How are votes counted?

In the election of directors, you may vote “FOR” or “WITHHOLD AUTHORITY” from voting for each of the director nominees. If you vote your shares without providing specific instructions, your shares will be voted “FOR” the nominees for election to the Board of Directors. If you vote to “WITHHOLD AUTHORITY” to vote for a nominee **A:**for election as a director, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be counted and will have no effect in determining whether the nominee is elected (though it may influence whether such nominee is asked to resign in accordance with our Corporate Governance Principles).

Table of Contents

With respect to the proposals for the advisory vote on executive compensation and the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm, you may vote "FOR" or "AGAINST" or "ABSTAIN." If you vote your shares without providing specific instructions, your shares will be voted in accordance with the recommendations of the Board. If you vote to "ABSTAIN", the shares represented will be counted as present for the purpose of determining a quorum, but with respect to any proposal on which there was a vote to "ABSTAIN" they will not be counted and will have no effect in determining whether the proposal is approved.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote or votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, brokers have discretion to vote these shares on routine matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares "FOR" routine matters but expressly instructing that the broker is not voting on non-routine matters. A broker non-vote occurs when a broker expressly instructs on a proxy card that the broker is not voting on a matter, whether routine or non-routine. Proposal No. 3 (ratification of Moss Adams LLP) is considered a routine matter, so unless you have provided otherwise, your broker will have discretionary authority to vote your shares on this proposal. Proposals No. 1 (election of directors) and 2 (advisory vote on executive compensation) are considered non-routine matters, so unless you have provided instructions to your broker with respect to Proposals No. 1 and 2, your broker will not have authority to vote your shares on any of those proposals and your shares will constitute broker non-votes. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of shares entitled to vote or votes cast for or against a proposal.

Q: What is the quorum requirement for the Annual Meeting?

A: The quorum requirement for holding the Annual Meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve the proposals?

A: Proposal No. 1: The proposal for the election of the director nominees requires the affirmative "FOR" vote of a plurality of the votes cast in the election.

Proposal No. 2: The proposal for the advisory vote on executive compensation requires the affirmative “FOR” vote of a majority of the votes cast on the proposal.

Proposal No. 3: The proposal for the ratification of the appointment of Moss Adams LLP for the year ending December 31, 2018 requires the affirmative “FOR” vote of a majority of the votes cast on the proposal.

Q: Who are the proxyholders and what do they do?

A: The two persons named as proxyholders on the proxy card, Scott Montross, our President and CEO, and Richard Roman, our Chairperson of the Board, were designated by the Board of Directors. The proxyholders will vote all properly tendered proxies (except to the extent that authority to vote has been withheld) and where a choice has been specified by you as provided in the proxy card, it will be voted in accordance with the instructions you indicate on the proxy card. If you vote your shares without providing specific instructions regarding each of the proposals, your shares will be voted on each proposal as recommended by the Board of Directors.

Q: What does it mean if I receive more than one set of proxy materials?

A: You may receive more than one set of proxy materials. For example, if you hold your shares in more than one brokerage account, you may receive a separate set of proxy materials for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one set of proxy materials. Please vote your shares for each set of proxy materials that you receive by following the instructions on the enclosed proxy card.

Table of Contents

Q: How may I request multiple sets of proxy materials if two or more shareholders reside in my household?

To minimize our expenses, one proxy statement and one annual report to shareholders may be delivered to two or more shareholders who share an address unless we have received contrary instructions from one or more of the shareholders. We will deliver promptly upon written or oral request a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the proxy statement and annual report was delivered. Requests for additional copies of the proxy statement and annual report, and requests that in the future separate documents be sent to shareholders who share an address, should be directed by writing to the Company's Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661 or by phone at (360) 397-6250.

Q: How can I revoke my proxy?

A: You may revoke your proxy at any time before it is voted at the Annual Meeting. In order to do this, you may do any of the following:

sign and return another proxy card bearing a later date;

enter a new vote by Internet or by telephone following the instructions on the proxy card;

provide written notice of the revocation to the Company's Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661, prior to the vote at the Annual Meeting; or

attend the meeting and vote in person. If your shares are held in a stock brokerage account or by a bank or other nominee, you must obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and publish final results in the Company's Current Report on Form 8-K filed by the Company within four business days after the Annual Meeting.

Q: What happens if additional proposals are presented at the Annual Meeting?

A: Other than the proposals described in this Proxy Statement, the Company does not expect any additional matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Scott Montross, the Company's President and CEO, and Richard Roman, the Company's Chairperson of the Board, will

vote your shares on any additional matters properly presented for a vote at the Annual Meeting in a manner directed by a majority of the Board of Directors.

Q: Who will count the vote?

Computershare, the Company's transfer agent, has been appointed to act as the inspector of election and will
A: tabulate the votes. In the event Computershare is unable to do so, a representative of the Company's outside legal counsel, Ater Wynne LLP, will act in this role.

Q: Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except
A: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board of Directors. Occasionally, shareholders provide written comments on their proxy card, which are then forwarded to the Company's management.

Table of Contents

Q: Who will bear the cost of soliciting proxies for the Annual Meeting?

The Company will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by the Company's directors, officers, and employees, who will **A:** not receive any additional compensation for such solicitation activities. The Company may also engage a proxy solicitation firm or other professional advisors to assist in the solicitation of proxies and provide related advice and support. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.
