<u>Risk Factors</u>	
Please see the Preli	iminary Offering Documents for a description of certain risks related to this investment, including,
but not limited to,	the following:
Depending on the performance of the Market Measure as measured shortly before the maturity date, your	
•	result in a loss; there is no guaranteed return of principal.
	ts on the notes are subject to the credit risk of BofA Finance and the credit risk of BAC, and actual
	eived changes in the creditworthiness of BofA Finance or BAC are expected to affect the value of
	es. If BofA Finance and BAC become insolvent or are unable to pay their respective obligations,
	y lose your entire investment.
	t return is limited to the return represented by the Capped Value and may be less than a comparable
	tly in crude oil, as measured by the Market Measure.
The initial estimated value of the notes on the pricing date will be less than their public offering price.	
If you attempt to sell the notes prior to maturity, their market value may be lower than both the public offering price	
and the initial estimated value of the notes on the pricing date.	
You will not be entitled to any rights with respect to the Market Measure or any related futures contracts.	
The notes will not be regulated by the U.S. Commodity Futures Trading Commission.	
The price movements in the futures contract represented by the Market Measure may not correlate with changes in the spot price of crude oil.	
the spot price of
