REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

(Unaudited)

1. Organization

Rexford Industrial Realty, Inc. is a self-administered and self-managed full-service real estate investment trust (“REIT”) focused on owning and operating industrial properties in Southern California infill markets. We were formed as a Maryland corporation on January 18, 2013 and Rexford Industrial Realty, L.P. (the “Operating Partnership”), of which we are the sole general partner, was formed as a Maryland limited partnership on January 18, 2013. Through our controlling interest in our Operating Partnership and its subsidiaries, we own, manage, lease, acquire and develop industrial real estate primarily located in Southern California infill markets. As of September 30, 2014, our consolidated portfolio consisted of 86 properties with approximately 8.6 million rentable square feet. We also own a 15% interest in a joint venture that owns three properties with approximately 1.2 million square feet, which we also manage. In addition, we currently manage an additional 20 properties with approximately 1.2 million rentable square feet.

We did not have any meaningful operating activity until the consummation of our initial public offering (“IPO”) and the related acquisition of certain assets of our predecessor as part of our formation transactions on July 24, 2013. The historical financial results in these financial statements for periods prior to July 24, 2013 relate to our accounting predecessor. Our Predecessor is comprised of Rexford Industrial, LLC (“RILLC”), Rexford Sponsor V, LLC (“Sponsor”), Rexford Industrial Fund V REIT, LLC (“RIF V REIT”) and their consolidated subsidiaries, which consist of Rexford Industrial Fund I, LLC (“RIF I”), Rexford Industrial Fund II, LLC (“RIF II”), Rexford Industrial Fund III, LLC (“RIF III”), Rexford Industrial Fund IV, LLC (“RIF IV”), Rexford Industrial Fund V, LP (“RIF V”) and their subsidiaries (collectively the “Predecessor Funds”). The entities comprising Rexford Industrial Realty, Inc. Predecessor are combined on the basis of common management and common ownership.

The terms “us,” “we,” “our,” and the “Company” as used in these financial statements refer to Rexford Industrial Realty, Inc. and its subsidiaries (including our Operating Partnership) subsequent to our IPO on July 24, 2013 and our predecessor prior to that date (“Predecessor” or “Rexford Industrial Realty, Inc. Predecessor”).

Basis of Presentation

As of September 30, 2014 and December 31, 2013 and for the three and nine months ended September 30, 2014 and the period from July 24, 2013 to September 30, 2013, the financial statements presented are the consolidated financial statements of Rexford Industrial Realty, Inc. and its subsidiaries, including our Operating Partnership. The financial statements presented for the periods prior to July 24, 2013 are the combined financial statements of our Predecessor. All of the outside ownership interests in entities that our Predecessor consolidates are included in non-controlling interests. All significant intercompany balances and transactions have been eliminated in the consolidated and combined financial statements.

The accompanying unaudited interim financial statements have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States

("GAAP") may have been condensed or omitted pursuant to SEC rules and regulations, although we believe that the disclosures are adequate to make their presentation not misleading. The accompanying unaudited financial statements include, in our opinion, all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial information set forth therein. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the year ending December 31, 2014. The interim financial statements should be read in conjunction with the combined and consolidated financial statements in our 2013 Annual Report on Form 10-K and the notes thereto. Any references to the number of properties and square footage are unaudited and outside the scope of our independent registered public accounting firm's review of our financial statements in accordance with the standards of the United States Public Company Accounting Oversight Board.

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts in the consolidated and combined financial statements and accompanying notes. Actual results could differ from those estimates.

We consolidate all entities that are wholly owned and those in which we own less than 100% but control, as well as any variable interest entities in which we are the primary beneficiary. We evaluate our ability to control an entity and whether the entity is a variable interest entity and we are the primary beneficiary through consideration of the substantive terms of the

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

arrangement to identify which enterprise has the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance and the obligation to absorb losses of the entity or the right to receive benefits from the entity. Investments in entities in which we do not control but over which we have the ability to exercise significant influence over operating and financial policies are presented under the equity method. Investments in entities that we do not control and over which we do not exercise significant influence are carried at the lower of cost or fair value, as appropriate. Our ability to correctly assess our influence and/or control over an entity affects the presentation of these investments in our consolidated and combined financial statements.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents include all cash and liquid investments with an initial maturity of three months or less. The carrying amount approximates fair value due to the short term maturity of these investments.

Discontinued Operations

On April 14, 2014, the FASB issued ASU 2014-08: Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity ("ASU 2014-08"). Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity's results and operations would qualify as discontinued operations. ASU 2014-08 further expands the disclosure requirements for disposals that meet the definition of a discontinued operation, and requires entities to disclose information about disposals of individually significant components. ASU 2014-08 will be applied prospectively and is effective for annual periods and interim periods within those years, beginning after December 15, 2014 with early adoption permitted. We elected to adopt ASU 2014-08 early, beginning in the fiscal quarter ended September 30, 2014. The adoption of ASU 2014-08 will likely result in fewer property sales being classified as discontinued operations.

For assets held for sale or sold prior to the adoption of ASU 2014-08, the revenue, expenses, impairment and/or gain on sale of operating properties that meet the applicable criteria are reported as discontinued operations in the consolidated and combined statements of operations for all periods presented. A gain on sale, if any, is recognized in the period during which the property is disposed. In addition, all amounts for all prior periods presented are reclassified from continuing operations to discontinued operations.

In determining whether to report the results of operations, impairment and/or gain on sale of operating properties as discontinued operations, we evaluate whether we have any significant continuing involvement in the operations, leasing or management of the property after disposition. If we determine that we have significant continuing involvement after disposition, we report the revenue, expenses, impairment and/or gain on sale as part of continuing operations. See Note 13.

Held for Sale Assets

We classify properties as held for sale when certain criteria set forth in the Long-Lived Assets Classified as Held for Sale Subsections of ASC Topic 360: Property, Plant, and Equipment, are met. At that time, the assets and liabilities of the property held for sale are presented separately in the consolidated balance sheets, which includes the reclassification of the assets and liabilities for all comparative periods. In addition, we cease recording depreciation and amortization expense at the time a property is classified as held for sale. Properties held for sale are reported at the lower of their carrying value or their estimated fair value, less estimated costs to sell. See Note 13.

Investment in Real Estate

Acquisitions

When we acquire operating properties, with the intention to hold the investment for the long-term, we allocate the purchase price to the various components of the acquisition based upon the fair value of each component. The components typically include land, building and improvements, intangible assets related to above and below market leases, intangible assets related to in-place leases, debt and other assumed assets and liabilities. The initial allocation of the purchase price is based on

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

management's preliminary assessment, which may differ when final information becomes available. Subsequent adjustments made to the initial purchase price allocation are made within the allocation period, which typically does not exceed one year.

We allocate the purchase price to the fair value of the tangible assets by valuing the property as if it were vacant. We consider Level 3 inputs, which are unobservable inputs based on the Company's assumptions about the assumptions a market participant would use, such as the replacement cost of such assets, appraisals, property condition reports, comparable market rental data and other related information.

In determining the fair value of intangible lease assets or liabilities, we also consider Level 3 inputs. Acquired above and below market leases are valued based on the present value of the difference between prevailing market rates and the in-place rates measured over a period equal to the remaining term of the lease for above market leases and the initial term plus the term of any below market fixed rate renewal options for below market leases, if applicable. The estimated fair value of acquired in-place at-market tenant leases are the costs that would have been incurred to lease the property to the occupancy level of the property at the date of acquisition. Such estimates include the value associated with leasing commissions, legal and other costs, as well as the estimated period necessary to lease such property, that would be incurred to lease the property to its occupancy level at the time of its acquisition. Acquisition costs associated with the business combination are expensed in the period they are incurred.

The difference between the fair value and the face value of debt assumed in connection with an acquisition is recorded as a premium or discount and amortized to "interest expense" over the life of the debt assumed. The valuation of assumed liabilities is based on our estimate of the current market rates for similar liabilities in effect at the acquisition date.

For acquisitions that do not meet the accounting criteria to be accounted for as a business combination, we record to land and building the purchase price paid and capitalize the associated acquisition costs.

Capitalization of Costs

We capitalize costs incurred in developing, renovating, rehabilitating, and improving real estate assets as part of the investment basis. Costs incurred in making repairs and maintaining real estate assets are expensed as incurred. During the land development and construction periods, we capitalize insurance, real estate taxes and certain general and administrative costs of the personnel performing development, renovations, and rehabilitation if such costs are incremental and identifiable to a specific activity to get the asset ready for its intended use. Capitalized costs are included in the investment basis of real estate assets.

Depreciation and Amortization

Real estate, including land, building and land improvements, tenant improvements, and furniture, fixtures and equipment, leasing costs and intangible lease assets and liabilities are stated at historical cost less accumulated depreciation and amortization, unless circumstances indicate that the cost cannot be recovered, in which case, the

carrying value of the property is reduced to estimated fair value as discussed below in our policy with regards to impairment of long-lived assets. We estimate the depreciable portion of our real estate assets and related useful lives in order to record depreciation expense. Our ability to estimate the depreciable portions of our real estate assets and useful lives is critical to the determination of the appropriate amount of depreciation and amortization expense recorded and the carrying value of the underlying assets. Any change to the assets to be depreciated and the estimated depreciable lives of these assets would have an impact on the depreciation expense recognized.

The values allocated to buildings, site improvements, in-place leases, tenant improvements and leasing costs are depreciated on a straight-line basis using an estimated remaining life of 10-30 years for buildings, 20 years for site improvements, and the shorter of the estimated useful life or respective lease term for tenant improvements.

As discussed above, in connection with property acquisitions, we may acquire leases with rental rates above or below the market rental rates. Such differences are recorded as an intangible lease asset or liability and amortized to “rental revenues” over the reasonably assured term of the related leases. The unamortized balances of these assets and liabilities associated with the early termination of leases are fully amortized to their respective revenue line items in our consolidated financial statements over the shorter of the expected life of such assets and liabilities or the remaining lease term.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

Our estimate of the useful life of our assets is evaluated upon acquisition and when circumstances indicate a change in the useful life, which requires significant judgment regarding the economic obsolescence of tangible and intangible assets.

Impairment of Long-Lived Assets

In accordance with the provisions of the Impairment or Disposal of Long-Lived Assets Subsections of ASC Topic 360: Property, Plant, and Equipment, we assess the carrying values of our respective long-lived assets, including goodwill, whenever events or changes in circumstances indicate that the carrying amounts of these assets may not be fully recoverable.

Recoverability of real estate assets is measured by comparison of the carrying amount of the asset to the estimated future undiscounted cash flows. In order to review real estate assets for recoverability, we consider current market conditions as well as our intent with respect to holding or disposing of the asset. The intent with regards to the underlying assets might change as market conditions and other factors change. Fair value is determined through various valuation techniques; including discounted cash flow models, applying a capitalization rate to estimated net operating income of a property, quoted market values and third party appraisals, where considered necessary. The use of projected future cash flows is based on assumptions that are consistent with estimates of future expectations and the strategic plan used to manage our underlying business. If our analysis indicates that the carrying value of the real estate asset is not recoverable on an undiscounted cash flow basis, we will recognize an impairment charge for the amount by which the carrying value exceeds the current estimated fair value of the real estate property.

Assumptions and estimates used in the recoverability analyses for future cash flows, discount rates and capitalization rates are complex and subjective. Changes in economic and operating conditions or our intent with respect to our investment that occur subsequent to our impairment analyses could impact these assumptions and result in future impairment of our real estate properties.

At September 30, 2014 and December 31, 2013, our investment in real estate has been recorded net of a cumulative impairment of \$18.6 million as of the end of both periods.

Acquired Indefinite-Lived Intangibles

Acquired indefinite-lived intangibles represent the fair value of the management contracts in-place at the time of the contribution of Sponsor, RIF V REIT and their consolidated subsidiaries to the Operating Partnership as part of our formation transactions. The asset has an indefinite life, and, accordingly, is not amortized.

Income Taxes

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code") commencing with our initial taxable year ended December 31, 2013. To qualify as a REIT, we are required (among other things) to distribute at least 90% of our REIT taxable income to our stockholders and meet the various other requirements

imposed by the Code relating to matters such as operating results, asset holdings, distribution levels and diversity of stock ownership. Provided we qualify for taxation as a REIT, we are generally not subject to corporate-level income tax on the earnings distributed currently to our stockholders that we derive from our REIT qualifying activities. If we fail to qualify as a REIT in any taxable year, and were unable to avail ourselves of certain savings provisions set forth in the Code, all of our taxable income would be subject to federal income tax at regular corporate rates, including any applicable alternative minimum tax.

In addition, we are subject to taxation by various state and local jurisdictions, including those in which we transact business or reside. Our non-taxable REIT subsidiaries, including our Operating Partnership, are either partnerships or disregarded entities for federal income tax purposes. Under applicable federal and state income tax rules, the allocated share of net income or loss from disregarded entities (including limited partnerships and S-Corporations) is reportable in the income tax returns of the respective partners and stockholders. Accordingly, no income tax provision is included in the accompanying consolidated financial statements for the three and nine months ended September 30, 2014 and for the period from July 24, 2013 through September 30, 2013.

Each of RIF I, RIF II, RIF III and RIF IV are limited liability companies but have elected to be taxed as a partnership for tax purposes. As such, the allocated share of net income or loss from the limited liability companies is reportable in the income

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

tax returns of the respective partners and investors. Accordingly, no income tax provision is included in the accompanying combined financial statements.

RIF V REIT has elected to be taxed as a REIT under the Code, commencing with its tax period ended December 31, 2010. We believe that RIF V REIT met all of the REIT distribution and technical requirements for the period from July 1, 2013 to July 23, 2013 and the period from January 1, 2013 to July 23, 2013, and accordingly, has not recognized any provision for income taxes.

We periodically evaluate our tax positions to determine whether it is more likely than not that such positions would be sustained upon examination by a tax authority for all open tax years, as defined by the statute of limitations, based on their technical merits. As of September 30, 2014 and December 31, 2013, we have not established a liability for uncertain tax positions.

Derivative Instruments and Hedging Activities

FASB ASC Topic 815: Derivatives and Hedging (“ASC 815”), provides the disclosure requirements for derivatives and hedging activities with the intent to provide users of financial statements with an enhanced understanding of: (a) how and why an entity uses derivative instruments, (b) how the entity accounts for derivative instruments and related hedged items, and (c) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. Further, qualitative disclosures are required that explain the Company’s objectives and strategies for using derivatives, as well as quantitative disclosures about the fair value of and gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative instruments.

As required by ASC 815, we record all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, and whether we have elected to designate a derivative in a hedging relationship and apply hedge accounting and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. Derivatives designated and qualifying as a hedge of the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives designated and qualifying as a hedge of the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges. Hedge accounting generally provides for the matching of the timing of gain or loss recognition on the hedging instrument with the recognition of the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk in a fair value hedge or the earnings effect of the hedged forecasted transactions in a cash flow hedge. We may enter into derivative contracts that are intended to economically hedge certain risks, even though hedge accounting does not apply or we elect not to apply hedge accounting. See Note 8.

Revenue Recognition

We recognize revenue from rent, tenant reimbursements and other revenue sources once all of the following criteria are met: persuasive evidence of an arrangement exists, the delivery has occurred or services rendered, the fee is fixed and determinable and collectability is reasonably assured. Minimum annual rental revenues are recognized in rental revenues on a straight-line basis over the term of the related lease. Rental revenue recognition commences when the tenant takes possession or controls the physical use of the leased space.

Estimated reimbursements from tenants for real estate taxes, common area maintenance and other recoverable operating expenses are recognized as revenues in the period that the expenses are incurred. Subsequent to year-end, we perform final reconciliations on a lease-by-lease basis and bill or credit each tenant for any cumulative annual adjustments. Lease termination fees, which are included in rental revenues in the accompanying consolidated and combined statements of operations, are recognized when the related lease is canceled and we have no continuing obligation to provide services to such former tenant.

Revenues from management, leasing and development services are recognized when the related services have been provided and earned.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

The recognition of gains on sales of real estate requires us to measure the timing of a sale against various criteria related to the terms of the transaction, as well as any continuing involvement in the form of management or financial assistance associated with the property. If the sales criteria are not met, we defer gain recognition and account for the continued operations of the property by applying the finance, profit-sharing or leasing method. If the sales criteria have been met, we further analyze whether profit recognition is appropriate using the full accrual method. If the criteria to recognize profit using the full accrual method have not been met, we defer the gain and recognize it when the criteria are met or use the installment or cost recovery method as appropriate under the circumstances. See Note 13 for discussion of dispositions.

Valuation of Receivables

We are subject to tenant defaults and bankruptcies that could affect the collection of outstanding receivables. In order to mitigate these risks, we perform credit reviews and analyses on prospective tenants before significant leases are executed and on existing tenants before properties are acquired. We specifically analyze aged receivables, customer credit-worthiness, historical bad debts and current economic trends when evaluating the adequacy of the allowance for doubtful accounts. As a result of our periodic analysis, we maintain an allowance for estimated losses that may result from the inability of our tenants to make required payments. This estimate requires significant judgment related to the lessees' ability to fulfill their obligations under the leases. We believe our allowance for doubtful accounts is adequate for our outstanding receivables for the periods presented. If a tenant is insolvent or files for bankruptcy protection and fails to make contractual payments beyond any allowance, we may recognize additional bad debt expense in future periods equal to the net outstanding balances, which include amounts recognized as straight-line revenue not realizable until future periods. We had a \$0.9 million and \$0.5 million reserve for allowance for doubtful accounts as of September 30, 2014 and December 31, 2013, respectively.

Equity Based Compensation

We account for equity-based compensation, including shares of restricted stock, in accordance with ASC Topic 718 Compensation – Stock Compensation, which requires us to recognize an expense for the fair value of equity-based compensation awards. The estimated fair value of shares of restricted stock are amortized over their respective vesting periods. See Note 14.

Earnings Per Share

We calculate earnings per share (“EPS”) in accordance with ASC 260 – Earnings Per Share (“ASC 260”). Under ASC 260, shares of unrestricted stock that contain non-forfeitable rights to dividends are participating securities and, therefore, are included in computing basic EPS pursuant to the two-class method. The two-class method determines EPS for each class of common stock and participating securities according to dividends declared (or accumulated) and their respective participation rights in undistributed earnings.

Basic EPS is calculated by dividing the net income (loss) attributable to common stockholders by the weighted average shares of common stock outstanding for the period. Diluted EPS is computed using the weighted average

shares of common stock outstanding determined for the basic EPS computation plus the effect of any dilutive securities, including the dilutive effect of unvested restricted common stock using the treasury stock method. See Note 15.

Segment Reporting

Management views the Company as a single reportable segment based on its method of internal reporting in addition to its allocation of capital and resources.

Recently Issued Accounting Pronouncements

Changes to GAAP are established by the FASB in the form of ASUs to the FASB's Accounting Standards Codification. We consider the applicability and impact of all ASUs.

On May 28, 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"). ASU 2014-09 establishes principles for reporting the nature, amount, timing and uncertainty of revenues and cash flows arising from

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

an entity's contracts with customers. The core principle of the new standard is that an entity recognizes revenue to represent the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This standard is effective for us in the first quarter of 2017 and will replace most existing revenue recognition guidance within GAAP. Early adoption is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. We are currently evaluating ASU 2014-09 to determine its impact on our consolidated financial statements and related disclosures, as well as the transition method to apply the new standard.

3. Investments in Real Estate

Acquisitions

On January 15, 2014, we acquired the property located at 7110 Rosecrans Avenue located in Paramount, CA for a contract price of \$4.969 million using proceeds from our revolving credit facility. The property consists of one industrial building totaling 72,000 square foot situated on 3.25 acres of land.

On January 22, 2014, we acquired the property located at 14723-14825 Oxnard Street in Van Nuys, CA for a contract price of \$8.875 million using proceeds from our revolving credit facility. The property consists of a six-building multi-tenant industrial business park totaling 78,000 square feet situated on 3.25 acres of land.

On February 12, 2014, we acquired the property located at 845, 855, and 865 Milliken Avenue and 4317 and 4319 Santa Ana Street in Ontario, CA for a contract price of \$8.55 million as part of a 1031 exchange using proceeds from the disposition of our property located at 1335 Park Center Drive. The property consists of a five-building multi-tenant industrial business park totaling 113,612 square feet situated on 5.74 acres of land.

On February 25, 2014, we acquired the property located at 1500-1510 W. 228th Street in Los Angeles, CA for a contract price of \$6.6 million. A portion of the acquisition was funded with the remaining proceeds from the disposition of 1335 Park Center Drive, and the remainder of the funding was provided from availability under our revolving credit facility. The property consists of a six-building multi-tenant industrial complex totaling 88,330 square feet situated on 3.9 acres of land.

On March 20, 2014, we acquired the property located at 24105 and 24201 Frampton Avenue in Los Angeles, California for a contract price of \$3.93 million using proceeds from our revolving credit facility. The property consists of one single-tenant building totaling 47,903 square feet situated on 2.07 acres of land.

On April 17, 2014, we acquired the property located at 1700 Saturn Way in Seal Beach, California for a contract price of \$21.1 million using proceeds from our revolving credit facility. The property consists of one single-tenant building totaling 170,865 square feet situated on 9.25 acres of land.

On May 30, 2014, we acquired the property located at 2980 and 2990 N. San Fernando Boulevard in Burbank, California for a contract price of \$15.425 million. We funded the acquisition in part by assuming a \$10.3 million first mortgage loan secured by the property and used proceeds from our revolving credit facility to fund the remaining purchase price. The property consists of one single-tenant building totaling 130,800 square feet situated on 5.86 acres of land.

On May 30, 2014, we acquired the property located at 20531 Crescent Bay Drive in Lake Forest, California for a contract price of \$6.48 million using proceeds from our revolving credit facility. The property consists of one single-tenant building totaling 46,178 square feet situated on 2.47 acres of land.

On June 5, 2014, we acquired the property located at 2610 and 2701 S. Birch Street in Santa Ana, California for a contract price of \$11.0 million using funds from our revolving credit facility. The property consists of two single-tenant buildings totaling 98,105 square feet situated on 7.9 acres of land.

On June 24, 2014, we acquired the property located at 4051 Santa Ana Street and 701 Dupont Avenue in Ontario, California for a contract price of \$10.2 million using funds from our revolving credit facility. The property consists of a two-building multi-tenant industrial business park totaling 111,890 square feet situated on 5.66 acres of land.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

On June 27, 2014, we acquired an industrial portfolio consisting of nine properties located in the San Gabriel Valley, Orange County, and San Diego submarkets of California for a contract price of \$88.5 million. We partially funded the acquisition with a new \$48.5 million term loan secured by certain properties in the portfolio. The remaining purchase price was funded by using proceeds from our revolving credit facility. The portfolio consists of four single-tenant properties and five multi-tenant properties totaling 817,166 square feet situated on an aggregate 43.6 acres of land.

On July 8, 2014, we acquired the property located at 3116 W. Avenue 32 in Los Angeles, California for a contract price of \$11.0 million using funds from our revolving credit facility. The property consists of one two-tenant building totaling 100,500 square feet situated on 2.62 acres of land.

On July 23, 2014, we acquired the Chatsworth Industrial Park located at 21019-21051 Osborne St., 9035 Independence Ave. and 21026-21040 Nordhoff St. in Chatsworth, California for a contract price of \$16.8 million using funds from our revolving credit facility. The property consists of seven buildings totaling 153,212 square feet situated on 7.4 acres of land.

On July 25, 2014, we acquired the property located at 24935 and 24955 Avenue Kearney in Santa Clarita, California for a contract price of \$11.5 million using funds from our revolving credit facility. The property consists of two single-tenant building totaling 138,980 square feet situated on 6.0 acres of land.

On August 26, 2014, we acquired the property located at 605 8th Street located in San Fernando, California for a contract price of \$5.075 million using cash on hand. The property consists of one two-tenant building totaling 55,516 square feet situated on 2.75 acres of land.

On September 12, 2014, we acquired the property located at 9120 Mason Avenue in Chatsworth, California for a contract price of \$30.5 million using cash on hand. The property consists of one building totaling 319,348 square feet situated on 11.82 acres of land.

During the period from July 24, 2013 to September 30, 2013, we acquired two properties consisting of two buildings and approximately 124,000 square feet. The properties are located in Southern California. The total contract price for those acquisitions was \$14.0 million.

During the period from January 1, 2013 to July 23, 2013 our predecessor acquired four properties consisting of 17 buildings and approximately 741,000 square feet. The properties are located throughout Southern California. The total contract price for those acquisitions was \$73.8 million.

(1) The weighted average amortization period of acquired in-place lease intangibles for our 2014 acquisitions was 3.4 years as of September 30, 2014.

(2)

The weighted average amortization period of net above (below) market leases for our 2014 acquisitions was 3.5 years as of September 30, 2014.

- (3) As the purchase of 7110 Rosecrans Avenue was accounted for as an asset acquisition, the total purchase price allocation includes \$42,000 of capitalized acquisition costs.
- (4) As part of the acquisition of 1500-1510 West 228th Street, we recorded a contingent liability in the amount of \$1.2 million, related to the estimated cost to remediate potential environmental liabilities that existed at the acquisition date. Additionally, we recorded an indemnification asset for the same amount as the seller has placed \$1.3 million into an escrow account to be used by us toward the payment of these remediation costs. See Note 11.
- (5) In connection with the acquisition of 2980 and 2990 N. San Fernando Blvd. acquisition, we assumed debt with an outstanding principal balance of \$10.3 million and an initial fair value premium of \$308,000.
- (6) As the purchase of 2610 and 2701 S. Birch Street was accounted for as an asset acquisition, the total purchase price allocation includes \$121,000 of capitalized acquisition costs. Additionally, as part of the purchase price allocation, \$299,000 was allocated to deferred liabilities (located in Accounts payable, accrued expenses and other liabilities on the balance sheet), related to the six-months of free rent provided to the seller as part of the acquisition.
- (7) The purchase price allocation for the acquisition of 3116 West Avenue 32 includes \$54,000 in deferred liabilities (located in Accounts payable, accrued expenses and other liabilities on the balance sheet), related to the two months of free rent provided to the seller as part of the acquisition.
- (8) As part of the purchase price allocation of 605 8th St., \$60,000 was allocated to deferred liabilities (located in Accounts payable, accrued expenses and other liabilities on the balance sheet), related to the two months of free rent provided to the seller as part of the acquisition.

The preliminary allocation of the purchase price is based upon a preliminary valuation and our estimates and assumptions are subject to change within the purchase price allocation period (generally one year from the acquisition date).

The following table summarizes the combined results from operations of our 2014 acquisitions since the acquisition date, included in the consolidated income statement for the following period:

	Three Months Ended September 30, 2014	Nine Months Ended September 30, 2014
Revenues	\$4,310,000	\$6,004,000
Net Income	\$ 161,000	\$ 420,000

The following table presents unaudited pro-forma financial information as if the closing of our 2014 acquisitions had occurred on January 1, 2013. These unaudited pro-forma results have been prepared for comparative purposes only and include certain adjustments, such as increased depreciation and amortization expenses as a result of tangible and intangible assets

REXFORD INDUSTRIAL REALTY, INC. AND

- (1) The amortization of in-place lease intangibles is recorded to depreciation and amortization expense in the consolidated and combined statements of operations for the periods presented.
- (2) The amortization of above-market tenant leases is recorded as a decrease to rental revenues in the consolidated and combined statements of operations for the periods presented.
- (3) The accretion of below-market tenant leases is recorded as an increase to rental revenues in the consolidated and combined statements of operations for the periods presented.
- (4) The accretion of the above-market ground lease is recorded as a decrease to property expenses in the consolidated and combined statements of operations for the periods presented.

5. Notes Receivable

On February 8, 2013, the mortgage note borrower for the 2824 E. Foothill Blvd. loan repaid, ahead of schedule, the outstanding principal in full. Our Predecessor received gross proceeds from this payoff of \$5.4 million, including \$6,310 in per diem interest, of which \$2.5 million was used to repay the loan secured by this note. The remaining proceeds were paid as a distribution to investors in RIF V. Our Predecessor recorded a \$1.4 million gain on collection of notes receivable during the period from January 1, 2013 to July 23, 2013.

The following table summarizes the balance of our notes receivable:

	September 30, 2014	December 31, 2013
Face Amount	\$ 13,965,000	\$ 14,161,000
Unrecognized Accretable Yield	(827,000)	(1,022,000)
Note Receivable ⁽¹⁾	\$ 13,138,000	\$ 13,139,000

(1) This is a mortgage loan secured by 32401-32803 Calle Perfecto.

Total	\$269,811,000	\$192,491,000		

(1) Includes unamortized debt premium of \$12,000 at September 30, 2014 and \$50,000 at December 31, 2013.

(2) Monthly payments of interest and principal based on 30-year amortization table.

(3) Includes unamortized debt discount of \$115,000 at September 30, 2014 and \$118,000 at December 31, 2013.

(4) Monthly payments of interest and principal based on 20-year amortization table.

(5) Includes unamortized debt premium of \$215,000 at September 30, 2014.

(6) Two additional one year extensions available at the borrower's option.

(7) Loan is secured by six properties.

(8) Loan is secured by eight properties.

(9) One additional two-year extension available at the borrower's option.

(10) One additional one-year extension available at the borrower's option.

(11) The facility additionally bears interest at 0.30% or 0.20% of the daily undrawn amount of the revolver, if the balance is under \$100 million or over \$100 million, respectively.

On May 30, 2014, in connection with the acquisition of the property located at 2980 San Fernando, we assumed a first mortgage loan that is secured by the property. The assumed mortgage had a principal balance of \$10.3 million at the acquisition date and was recorded at fair value at the date of acquisition resulting in an initial debt premium of \$308,000. The loan, which was put in place in 2005 by the seller, bears interest at a fixed rate of 5.088% with amortization over 30 years, and has a maturity date of July 1, 2015.

On June 24, 2014, we entered into a \$48.5 million term loan which bears interest at LIBOR plus 1.55% that matures on June 24, 2017, with one additional two-year extension at our option. The loan proceeds were used to partially fund the acquisition of a portfolio of nine properties. The loan is secured by the first priority deed of trust on eight of these nine properties. Additionally, the loan includes a series of customary covenants that we must comply with, in addition to a performance covenant that is tested annually and requires the achievement of a minimum in-place debt yield of 9.25% by the properties securing the loan.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

The following table summarizes the stated debt maturities and scheduled amortization payments, excluding debt discounts and premiums, as of September 30, 2014 and does not consider extension options available to us as noted above:

October 1, 2014 - December 31, 2014	\$ 110,000
2015	15,294,000
2016	42,885,000
2017	48,642,000
2018	150,000
Thereafter	162,618,000
Total ⁽¹⁾	\$269,699,000

(1)Includes gross principal balance of outstanding debt before impact of the \$112,000 net debt premium. Amended Facility

On June 11, 2014, we amended our existing revolving credit facility by entering into an Amended and Restated Credit Agreement (the “Amended Facility”). The Amended Facility, among other matters, adds a five-year \$100.0 million term loan to the existing \$200.0 million revolving credit facility.

The Amended Facility has an initial principal amount of \$300.0 million comprised of a senior unsecured revolving credit facility (the “Revolver”) in an initial principal amount of \$200.0 million, and a senior unsecured term loan facility (the “Term Loan Facility”) in the principal amount of \$100.0 million. The maturity date of the Revolver was extended to June 11, 2018 (previously July 24, 2016), with one 12-month extension option available, subject to certain conditions, and the Term Loan Facility has a maturity date of June 11, 2019. The aggregate principal amount of the Amended Facility may be increased to a total of up to \$600.0 million, which may be comprised of additional revolving commitments under the Revolver or an increase to the Term Loan Facility, or any combination of the foregoing, subject to the satisfaction of specified conditions and the identification of lenders willing to make available such additional amounts.

Interest on the Amended Facility is generally to be paid based upon, at our option, either (i) LIBOR plus the applicable LIBOR margin or (ii) the applicable base rate which is the greater of (a) the federal funds rate plus 0.50%, (b) the administrative agent’s prime rate or (c) the thirty-day LIBOR plus 1.00%, plus the applicable base rate margin. Until we attain an investment grade rating, the applicable LIBOR margin will range from 1.30% to 1.90% (previously 1.35% to 2.05%), for the Revolver and 1.25% to 1.85% for the Term Loan Facility, depending on the our Leverage Ratio (as defined in the Amended Facility). The Amended Facility requires quarterly payments of an annual unused facility fee in an amount equal to 0.20% or 0.30% depending on the undrawn amount of the Revolver.

The Amended Facility is guaranteed by the Company and by substantially all of the current and future subsidiaries of the Operating Partnership that own an unencumbered property. The Amended Facility is not secured by the Company's properties or by equity interests in the subsidiaries that hold such properties.

The Amended Facility includes a series of financial and other covenants that we must comply with in order to borrow under the Amended Facility, including:

- Maintaining a ratio of total indebtedness to total asset value of not more than 60%;
- Maintaining a ratio of secured debt to total asset value of not more than 45%;
- Maintaining a ratio of total recourse debt to total asset value of not more than 15%;
- Maintaining a minimum tangible net worth of at least the sum of (i) \$283,622,250, and (ii) an amount equal to at least 75% of the net equity proceeds received by the Company after March 31, 2014;
- Maintaining a ratio of adjusted EBITDA to fixed charges of at least 1.50 to 1.0;
- Maintaining a ratio of total unsecured debt to total unencumbered asset value of not more than 60%;
- and

22

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

· Maintaining a ratio of unencumbered NOI to unsecured interest expense of at least 1.75 to 1.0.

The Revolver and the Term Loan Facility may be voluntarily prepaid in whole or in part at any time without premium or penalty. Amounts borrowed under the Term Loan Facility and repaid or prepaid may not be reborrowed.

The Amended Facility contains usual and customary events of default including defaults in the payment of principal, interest or fees, defaults in compliance with the covenants set forth in the Amended Facility and other loan documentation, cross-defaults to certain other indebtedness, and bankruptcy and other insolvency defaults. If an event of default occurs and is continuing under the Amended Facility, the unpaid principal amount of all outstanding loans, together with all accrued unpaid interest and other amounts owing in respect thereof, may be declared immediately due and payable. We believe we are currently in compliance with all of the financial covenants required by our loan agreements.

On August 22, 2014, we paid down the outstanding balance of \$137.5 million on our Revolver, leaving \$200.0 million available for additional borrowings as of September 30, 2014.

7. Operating Leases

We lease space to tenants primarily under non-cancelable operating leases that generally contain provisions for a base rent plus reimbursement for certain operating expenses. Operating expense reimbursements are reflected in the consolidated and combined statements of operations as tenant reimbursements.

Future minimum base rent under operating leases as of September 30, 2014 is summarized as follows:

Twelve months ending September 30:	
2015	\$57,703,000
2016	45,147,000
2017	30,232,000
2018	20,722,000
2019	15,429,000
Thereafter	25,722,000
Total	\$194,955,000

The future minimum base rent in the table above excludes tenant reimbursements, amortization of adjustments for deferred rent receivables and the amortization of above/below-market lease intangibles.

8. Interest Rate Contracts

Risk Management Objective of Using Derivatives

We are exposed to certain risk arising from both our business operations and economic conditions. We principally manage our exposures to a wide variety of business and operational risks through management of our core business activities. We manage economic risks, including interest rate, liquidity, and credit risk primarily by managing the amount, sources, and duration of our debt funding and the use of derivative financial instruments. Specifically, we enter into derivative financial instruments to manage exposures that arise from business activities that result in the payment of future known and uncertain cash amounts, the value of which are determined by interest rates. Our derivative financial instruments are used to manage differences in the amount, timing, and duration of our known or expected cash payments principally related to our borrowings.

Derivative Instruments

Our objectives in using interest rate derivatives are to add stability to interest expense and to manage exposure to interest rate movements. To accomplish this objective, we primarily use interest rate swaps as part of our interest rate risk management strategy. Interest rate swaps involve the receipt of variable amounts from a counterparty in exchange for us making fixed-rate

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

payments over the life of the agreements without exchange of the underlying notional amount. We do not use derivatives for trading or speculative purposes.

The accounting for changes in fair value (i.e., gains or losses) of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. Derivatives that are not designated as hedges must be adjusted to fair value through earnings. For a derivative that is designated and that qualifies as a cash flow hedge, the effective portion of the change in fair value of the derivative is initially recorded in accumulated other comprehensive income ("AOCI"). Amounts recorded in AOCI are subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings.

On February 4, 2014, we executed two forward-starting interest rate swap transactions to hedge the variable cash flows associated with our existing \$60.0 million variable-rate term loan. Each of the two swaps has a notional value of \$30.0 million, which will be in effect beginning in 2015. We are required to make certain monthly fixed rate payments calculated on notional amounts of \$30.0 million for each of the swaps, while the applicable counterparty is obligated to make certain monthly floating rate payments based on LIBOR to us referencing the same notional amount. The first forward swap will effectively fix the annual interest rate payable on \$30.0 million of debt at 3.726% for the period from January 15, 2015 to February 15, 2019. The second forward swap will effectively fix the annual interest rate payable on the other \$30.0 million of debt at 3.91% for the period from July 15, 2015 to February 15, 2019.

On August 19, 2014, we executed two forward-starting interest rate swap transactions to hedge the variable cash flows associated with our \$100.0 million Term Loan Facility. Each of the two swaps has a notional value of \$50.0 million. The first swap has an effective date of August 14, 2015 and a maturity date of December 14, 2018. The second swap has an effective date of February 16, 2016 and a maturity date of December 14, 2018. We are required to make certain monthly fixed rate payments calculated on notional amounts of \$50.0 million for each of the swaps, while the applicable counterparty is obligated to make certain monthly floating rate payments based on LIBOR to us referencing the same notional amount. The interest rate swaps will effectively fix the annual interest rate payable on our Term Loan Facility at 1.79% for the first swap and 2.005% for the second swap, plus an applicable margin under the terms of the Amended Facility.

Prior to our IPO, our predecessor was party to an interest rate swap that was not designated as a hedge, and as such, the changes in its fair value were recognized in earnings. This interest rate swap reached its natural termination on March 15, 2013. As of September 30, 2014 and December 31, 2013, we do not have any derivatives that are not designated as hedges.

The following table presents a summary of our derivative instruments designated as hedging instruments. We record all derivative instruments on a gross basis in the consolidated balance sheets, and accordingly, there are no offsetting amounts that net assets against liabilities.

Derivative Instrument	Effective Date	Maturity Date	Interest Strike Rate	Fair Value		Notional Amount in Effect as of		
				September 30, 2014	December 31, 2013	September 30, 2014	December 31, 2013	
Assets:								
Interest Rate Swap ⁽¹⁾	8/14/2015	12/14/2018	1.790 %	\$ 209,000	\$ -	\$ -	\$ -	
Interest Rate Swap ⁽¹⁾	2/16/2016	12/14/2018	2.005 %	\$ 187,000	\$ -	\$ -	\$ -	
Liabilities:								
Interest Rate Swap ⁽²⁾	1/15/2015	2/15/2019	1.826 %	\$ 132,000	\$ -	\$ -	\$ -	
Interest Rate Swap ⁽²⁾	7/15/2015	2/15/2019	2.010 %	\$ 97,000	\$ -	\$ -	\$ -	

(1) The fair value of this interest rate swap is included in the line item “Other assets” on the accompanying consolidated balance sheets.

(2) The fair value of this interest rate swap is included in the line item “Accounts payable, accrued expenses and other liabilities” on the accompanying consolidated balance sheets.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

The following table presents the impact of our derivative instruments on our consolidated and combined statement of operations for the periods presented:

	Rexford Industrial Realty, Inc.		Rexford Industrial Realty, Inc. Predecessor		Rexford Industrial Realty, Inc. Predecessor	
	Period	Period	Period	Period	Period	Period
	From July 24, 2013 to September 30, 2014	From July 1, 2013 to July 23, 2013	From July 1, 2013 to July 23, 2013	From July 1, 2013 to July 23, 2013	From July 24, 2013 to September 30, 2013	From January 1, 2013 to July 23, 2013
Interest Rate Swaps in Cash Flow Hedging Relationships:						
Amount of gain recognized in AOCI on derivatives (effective portion)	\$ 626,000	\$ -	\$ -	\$ 167,000	\$ -	\$ -
Amount of gain (loss) reclassified from AOCI into earnings under "Interest expense" (effective portion)	-	-	-	-	-	-
Amount of gain (loss) recognized in earnings under "Interest expense" (ineffective portion and amount excluded from effectiveness testing)	-	-	-	-	-	-
Interest Rate Swaps Not in Cash Flow Hedging Relationships:						
Amount of realized and unrealized gain recognized in earnings under "Gain on mark-to-market of interest rate swaps"	-	-	-	-	-	49,000

Amounts reported in AOCI related to derivatives will be reclassified to interest expense as interest payments and accruals are made on our variable-rate debt. During the next twelve months, we estimate that an additional \$504,000 will be reclassified as an increase to interest expense.

Credit-risk-related Contingent Features

Certain of our agreements with our derivative counterparties that contain a provision where if we default on any of our indebtedness, including default where repayment of the indebtedness has not been accelerated by the lender within a specified time period, then we could also be declared in default on its derivative obligations.

Certain of our agreements with our derivative counterparties contain provisions where if a merger or acquisition occurs that materially changes our creditworthiness in an adverse manner, we may be required to fully collateralize our obligations under the derivative instrument.

As of September 30, 2014, the fair value of derivatives in a net liability position, which excludes any adjustment for nonperformance risk, related to these agreements was \$245,000. As of September 30, 2014, we have not posted any collateral related to these agreements.

9. Fair Value Measurements

We have adopted FASB Accounting Standards Codification Topic 820: Fair Value Measurements and Disclosure (ASC 820). ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820 applies to reported balances that are required or permitted to be measured at fair value under existing accounting pronouncements; accordingly, the standard does not require any new fair value measurements of reported balances.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

Recurring Measurements – Interest Rate Swaps

Currently, we use interest rate swap agreements to manage our interest rate risk. The valuation of these instruments is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves.

To comply with the provisions of ASC 820, we incorporate credit valuation adjustments to appropriately reflect both our own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of our derivative contracts for the effect of nonperformance risk, we have considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Although we have determined that the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with our derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by ourselves and our counterparties. However, as of September 30, 2014, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our derivative positions and have determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, we have determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

Edgar Filing: Rexford Industrial Realty, Inc. - Form 10-Q

The table below sets forth the estimated fair value of our interest rate swaps as of September 30, 2014, which we measure on a recurring basis by level within the fair value hierarchy. There were no assets or liabilities that we measure at fair value on a recurring basis as of December 31, 2013.

	Fair Value Measurement Using			
	Quoted Price in Active	Markets for Identical		Significant Other Significant
	Assets and Liabilities	Observable Inputs	Unobservable Inputs	
At September 30, 2014	Total Fair Value	(Level 1)	(Level 2)	(Level 3)
Interest Rate Swap Assets	\$ 396,000	\$ -	\$ 396,000	\$ -
Interest Rate Swap Liabilities	\$(229,000)	\$ -	\$(229,000)	\$ -

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

Financial Instruments Disclosed at Fair Value

The carrying amounts of cash and cash equivalents, restricted cash, rents and other receivables, other assets, accounts payable, accrued expenses and other liabilities, and tenant security deposits approximate fair value because of their short-term nature. Additionally, we believe the carrying value of notes receivable approximates fair value.

The fair value of our secured notes payable was estimated by calculating the present value of principal and interest payments, using currently available market rates, adjusted with a credit spread, and assuming the loans are outstanding through maturity.

The table below sets forth the carrying value and the estimated fair value of our notes payable as of September 30, 2014 and December 31, 2013:

Liabilities	Total Fair Value	Fair Value Measurement Using			Carrying Value
		Quoted Price in Active Markets for Identical Assets and Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Notes Payable at:					
September 30, 2014	\$269,754,000	\$ -	\$ -	\$269,754,000	\$269,811,000
December 31, 2013	\$192,492,000	\$ -	\$ -	\$192,492,000	\$192,491,000

10. Related Party Transactions

Howard Schwimmer

We engage in transactions with Howard Schwimmer, our Co-Chief Executive Officer, earning management and development fees and leasing commissions from entities controlled individually by Mr. Schwimmer. Fees and

commissions earned from these entities are included in “Management, leasing and development services” in the consolidated and combined statements of operations. We recorded \$46,000 for the three months ended September 30, 2014, \$30,000 for the period from July 24, 2013 to September 30, 2013, \$8,000 for the period from July 1, 2013 to July 23, 2013, \$162,000 for the nine months ended September 30, 2014 and \$87,000 for the period from January 1, 2013 to July 23, 2013, in management, leasing and development services revenue.

11. Commitments and Contingencies

Legal

From time to time, we are subject to various legal proceedings that arise in the ordinary course of business.

On October 3, 2013, two pre-IPO investors filed a putative class action purportedly brought on behalf of the investors in RIF III in the Los Angeles County Superior Court. On February 14, 2014, a First Amended Complaint was filed adding an additional individual pre-IPO investor and putative class claims on behalf of investors in RIF IV. This complaint also alleged that the communication of the proposed accommodation (in which Messrs. Schwimmer, Frankel and Ziman, together with certain other pre-IPO owners of the pre-IPO management companies agreed to return up to \$32.1 million that they received in connection with our IPO and formation transactions) was materially misleading by not including disclosures regarding the lawsuit and claims asserted by plaintiffs. On July 15, 2014, a Second Amended Complaint was filed withdrawing the class action allegations and the allegations concerning communication of the accommodation, and adding four additional plaintiff investors. During the third quarter of 2014, the Company entered into settlement agreements with three of these four additional

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

plaintiffs. The aggregate amounts paid by the Company in these settlements was not material. Plaintiffs assert claims against the Company, RIF III, RIF IV, RILLC and Messrs. Schwimmer, Frankel and Ziman for breach of fiduciary duty, violation of certain California securities laws, negligent misrepresentation, and fraud. Plaintiffs allege, among other things, that the terms of the Company's formation transactions were unfair to investors in RIF III and RIF IV, that the consideration received by investors in RIF III and RIF IV in the formation transactions was inadequate, that the pre-IPO management companies were allocated unfair value in the formation transactions and that the disclosure documents related to the formation transactions were materially misleading. Plaintiffs also request to inspect the books and records of RIF III and RIF IV, which entities no longer exist, and further seek declaratory relief, unspecified recessionary damages, disgorgement, compensatory, punitive and exemplary damages, an accounting for unjust enrichment, and an award of costs including pre-judgment interest, attorneys' and experts' fees, and other unspecified relief. Defendants have answered the Second Amended Complaint denying all allegations and asserting affirmative defenses. While we believe that the action is without merit and intend to defend the litigation vigorously, we expect to incur costs associated with defending the action. At this early stage of the litigation, the ultimate outcome of the action is uncertain and we cannot reasonably assess the timing or outcome, or estimate the amount of loss, if any, or its effect, if any, on our financial condition.

Environmental

We generally will perform environmental site assessments at properties we are considering acquiring. After the acquisition of such properties, we continue to monitor the properties for the presence of hazardous or toxic substances. From time to time, we acquire properties with known adverse environmental conditions. If at the time of acquisition, losses associated with environmental remediation obligations are probable and can be reasonably estimable, we record a liability.

On February 25, 2014, we acquired the property located at West 228th Street. Before purchasing the property, during the due diligence phase, we engaged with a third party environmental consultant to perform various environmental site assessments to determine the presence of any environmental contaminants that might warrant remediation efforts. Based on their investigation, they determined that hazardous substances existed at the property and that additional assessment and remediation work would likely be required to satisfy regulatory requirements. The total remediation costs were estimated to be \$1.3 million.

To address the estimated costs associated with the environmental issues at the West 228th Street property, we entered into an Environmental Holdback Escrow Agreement (the "Holdback Agreement") with the seller, whereby \$1.3 million of the purchase price, which would have otherwise been paid to the seller, was to be placed into an escrow account to be used to pay remediation costs. In addition, we have also funded \$100,000 into the escrow account. According to the Holdback Agreement, the seller has no liability or responsibility to pay for remediation costs in excess of \$1.3 million.

As part of the purchase price allocation, we have recorded a contingent liability in the amount of \$1.2 million in the line item Accounts payable, accrued expenses and other liabilities on the balance sheet, related to the estimated cost to remediate potential environmental liabilities that existed prior to the acquisition date. Based on the Holdback

Agreement, we have recorded a corresponding \$1.2 million indemnification asset in the line item Other assets on the balance sheet. We expect that resolution of the environmental matters relating to the above will not have a material impact on our consolidated financial condition, results of operations or cash flows.

Rent Expense

As of September 30, 2014, we lease a parcel of land that is currently being sub-leased to a tenant for a parking lot. The ground lease is scheduled to expire on June 1, 2062.

28

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

The future minimum commitment under our ground lease and corporate office lease as of September 30, 2014 is as follows:

	Office Lease	Ground Rent
October 1, 2014 - December 31, 2014	\$100,000	\$36,000
2015	434,000	144,000
2016	520,000	144,000
2017	542,000	144,000
2018	559,000	144,000
Thereafter	337,000	6,252,000
Total	\$2,492,000	\$6,864,000

Tenant Related

As of September 30, 2014, we had commitments of \$1.0 million for tenant improvement and construction work under the terms of leases with certain of our tenants.

12. Investment in Unconsolidated Real Estate

We currently manage and hold a 15% equity interest in a joint venture (“the JV”) that indirectly owns three properties located at 3001-3233 Mission Oaks Boulevard in Ventura County. We account for this investment under the equity method of accounting (i.e., at cost, increased or decreased by our share of earnings or losses, less distributions, plus contributions and other adjustments required by equity method accounting, such as basis differences from other-than-temporary impairments, if applicable). The carrying value of our JV investment includes a gross \$2.8 million basis adjustment resulting from the contribution of our equity interest as part of the formation transactions that occurred on July 24, 2013. The basis adjustment is being amortized over the estimated useful life of the underlying assets.

Our Predecessor owned a 70% interest in a property located at 10439-10477 Roselle Street. This was a tenancy-in-common interest in which control was shared equally with the other 30% tenant-in-common partner. As part of the formation transactions, on July 24, 2013, we acquired the 30% interest not previously owned by us in exchange for 2,828 common units in our Operating Partnership. Before this transaction, this investment was accounted for under the equity method of accounting.

The following tables present combined summarized financial information of our equity method investment properties. Amounts provided are the total amounts attributable to the entities and do not represent our proportionate share:

	September 30, 2014	December 31, 2013
Assets	\$63,054,000	\$61,422,000
Liabilities	(42,834,000)	(42,475,000)
Partners'/members' equity	\$20,220,000	\$18,947,000

	Three Months Ended September 30, 2014 ⁽¹⁾	Period From July 24, 2013 to September 30, 2013 ⁽¹⁾	Period From July 1, 2013 to July 23, 2013 ⁽²⁾	Nine Months Ended September 30, 2014 ⁽¹⁾	Period From July 24, 2013 to September 30, 2013 ⁽¹⁾	Period From January 1, 2013 to July 23, 2013 ⁽²⁾
Revenues	\$ 2,123,000	\$ 5,946,000	\$2,270,000	\$ 5,856,000	\$ 5,946,000	\$6,516,000
Expenses	(1,920,000)	(5,001,000)	(1,928,000)	(5,283,000)	(5,001,000)	(7,296,000)
Net income (loss)	\$ 203,000	\$ 945,000	\$342,000	\$ 573,000	\$ 945,000	\$(780,000)

(1) Amount represents the principal paid back to the lender to release the property from a larger pool of properties serving as collateral for the respective portfolio loan.

On August 29, 2014, we sold our property located at 500-560 Zenith Drive (37,992 square feet) for \$1,822,000 and recognized a loss on sale of \$150,000. The results of operations and loss on sale for the property sold during the period are reported as part of Net Income (Loss) from Continuing Operations in the Consolidated and Combined Statements of Operations.

Discontinued Operations

Income from discontinued operations includes the results of operations (prior to disposition) and the gain on sale of real estate attributable to the seven properties in the table above. Their consolidated results of operations for the three and nine months ended September 30, 2014, and the period from July 24, 2013 to September 30, 2013, and combined results of operations for the period from July 1, 2013 to July 23, 2013, and the period from January 1, 2013 to July 23, 2013, are summarized in the table below.

Properties Held for Sale

As of September 30, 2014, we did not have any properties classified as held for sale. Our properties located at 1335 Park Center Drive, 2900 N. Madera Road and 500-560 Zenith Drive were sold during 2014 and classified as held for sale at December 31, 2013.

The major classes of assets and liabilities associated with real estate classified as held for sale are summarized in the table below:

	December 31, 2013
Investment in real estate, net	\$12,861,000
Other	1,091,000
Assets associated with real estate held for sale	\$13,952,000

Mortgage loan	\$-
Accounts payable and other liabilities	596,000
Liabilities associated with real estate held for sale	\$596,000

14. Equity

Common Stock

On August 19, 2014, we completed a public follow-on offering of 17,250,000 shares of our common stock at a price of \$13.50 per share. The net proceeds of the follow-on offering were approximately \$221.8 million, after deducting the underwriting discount and offering costs of approximately \$11.1 million. On August 19, 2014, we contributed the net proceeds of the offering to our Operating Partnership in exchange for 17,250,000 common units of partnership interests in the Operating Partnership (“OP Units”).

Noncontrolling Interests

Noncontrolling interests in our Operating Partnership relate to interests in the partnership that are not owned by us. Noncontrolling interests consisted of 2,646,027 OP Units and represented approximately 5.8% of our Operating Partnership as of September 30, 2014. OP Units and shares of our common stock have essentially the same economic characteristics, as they

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

share equally in the total net income or loss distributions of our Operating Partnership. Investors who own OP Units have the right to cause our Operating Partnership to redeem any or all of their units in our Operating Partnership for an amount of cash per unit equal to the then current market value of one share of common stock, or, at our election, shares of our common stock on a one-for-one basis.

During the three and nine months ended September 30, 2014, 363,232 OP Units were converted into an equivalent number of shares of common stock, resulting in the reclassification of \$4.1 million of noncontrolling interest to Rexford Industrial Realty, Inc.'s stockholders equity.

2013 Incentive Award Plan

In July 2013, we established the Rexford Industrial Realty, Inc. and Rexford Industrial Realty, L.P. 2013 Incentive Award Plan (the "Plan"), pursuant to which we may make grants of stock options, restricted stock, long term incentive plan units in our Operating Partnership and other stock based and cash awards to our non-employee directors, employees and consultants. The maximum number of shares of our common stock that may be issued or transferred pursuant to the Plan is 2,272,689 shares (of which 2,040,528 shares of common stock remain available for issuance as of September 30, 2014).

Shares of our restricted common stock generally may not be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent or the administrator of the Plan, a domestic relations order, unless and until all restrictions applicable to such shares have lapsed. Such restrictions generally expire upon vesting. Shares of our restricted common stock have full voting rights and rights to dividends. During the three and nine months ended September 30, 2014 and the period from July 24, 2013 to September 30, 2013, we recognized net equity compensation expense of \$340,000, \$791,000 and \$382,000, respectively, related to the restricted common stock grants ultimately expected to vest. Equity compensation expense is included in general and administrative and property expenses in the accompanying consolidated statements of operations. Certain amounts of equity compensation expense are capitalized for employees who provide leasing and construction services. During the three and nine months ended September 30, 2014, and the period from July 24, 2013 to September 30, 2013, we capitalized \$36,000, \$106,000 and \$14,000 respectively, related to these employees.

The following is a table summarizing our unvested restricted stock activity for the three months ended September 30, 2014:

	Number of Unvested Shares of Restricted Common Stock
Balance at January 1, 2014	140,468
Granted	121,357

Edgar Filing: Rexford Industrial Realty, Inc. - Form 10-Q

Forfeited	(29,664)
Vested ⁽¹⁾	(34,020)
Balance at September 30, 2014	198,141

(1) 6,928 shares of the Company's common stock were tendered in accordance with the terms of the Plan to satisfy minimum tax withholding requirements related to the shares of restricted common stock that have vested. We accept the return of shares at the current quoted closing share price of the Company's common stock on the NYSE to satisfy tax obligations.

The following is a vesting schedule of the total unvested shares of restricted stock outstanding as of September 30, 2014:

	Shares
October 1, 2014 - December 31, 2014	-
2015	72,640
2016	56,542
2017	53,713
2018	15,246
	198,141

REXFORD INDUSTRIAL REALTY, INC. AND

(Unaudited)

ASC Topic 718: Compensation - Stock Compensation, requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. We have estimated a forfeiture rate of 5.3% for unvested restricted stock as of September 30, 2014. As of September 30, 2014, there was \$1.8 million of total unrecognized compensation expense related to the unvested shares of our restricted common stock assuming the forfeiture rate noted above, of which \$0.2 million will be capitalized for employees who provide leasing and construction services. As of September 30, 2014, this expense is expected to be recognized over a weighted average remaining period of 23 months.

Changes in Accumulated Other Comprehensive Income

The following table summarizes the changes in our Accumulated Other Comprehensive Income balance for the nine months ended September 30, 2014, which consists solely of adjustments related to our cash flow hedges:

	Accumulated Other Comprehensive Income
Balance at January 1, 2014	\$ -
Other comprehensive income before reclassifications	167,000
Amounts reclassified from accumulated other comprehensive income to interest expense	-
Net current period other comprehensive income	167,000
Less other comprehensive income attributable to noncontrolling interests	(9,000)
Other comprehensive income attributable to common stockholders	158,000
Balance at September 30, 2014	\$ 158,000

15. Earnings Per Share

Net income (loss) from continuing operations available to common stockholders	\$(0.02)	\$(0.04)	\$0.01
Net income from discontinued operations available to common stockholders	\$-	\$0.07	\$-
Net income (loss) available to common stockholders	\$(0.02)	\$0.02	\$0.01

Participating securities include 198,141 and 920,734 shares of unvested restricted stock outstanding at September 30, 2014 and 2013, respectively, which participate in non-forfeitable dividends of the Company. As participating security holders are not obligated to share in losses of the Company, participating securities have been allocated earnings, in proportion to total weighted average shares outstanding, based upon the greater of net income or common dividends declared.

The effect of including unvested restricted common stock using the treasury stock method was excluded from our calculation of weighted average shares of common stock outstanding – diluted, as its inclusion would have been antidilutive. As such, the number of weighted average shares of common stock outstanding, both basic and diluted, are the same for the three and nine months ended September 30, 2014 and for the period from July 24, 2013 to September 30, 2013.

16. Predecessor Equity

Controlling interests in our Predecessor include the interests owned by partners of RILLC, and Rexford Sponsor V LLC, and any interests held by their spouses and children (“RILLC and Affiliates”). Noncontrolling interests relate to all other interests not held by RILLC and Affiliates. Noncontrolling interests also includes the 27.76% interest of 10 investors in RIF I—Walnut, LLC, and the 3.23% interest of one investor in RIF IV—Burbank, LLC, both consolidated subsidiaries in our Predecessor’s financial statements during the period from January 1, 2013 to July 23, 2013.

REXFORD INDUSTRIAL REALTY, INC. AND

REXFORD INDUSTRIAL REALTY, INC. PREDECESSOR

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (continued)

(Unaudited)

Equity distributions by our Predecessor Funds are allocated between the general partner and limited partners (collectively “Partners”) in accordance with each fund’s operating agreements. Generally this provides for distributions to be allocated to Partners, *pari passu*, in accordance with their respective percentage interests. After Partners have exceeded certain cash distribution thresholds, as defined in each Predecessor Fund’s operating agreement, then the general partner may receive incentive promote cash distributions commensurate with the cash return performance hurdles also detailed in the Predecessor Fund’s operating agreement. Each fund’s operating agreement generally provides for income, expenses, gains and losses to be allocated in a manner consistent with cash distributions described above.

During November and December 2012, our predecessor granted to its employees a 9.0% equity interest in Rexford Fund V Manager, LLC’s (“Fund V Manager”) profits interest in RIF V. An additional 2.0% equity interest was granted in January 2013. Fund V Manager is the controlling member of RIF V and is a wholly-owned subsidiary of Sponsor. The fair value of these interests was estimated to be approximately \$1.0 million at the time they were granted. The equity interests are considered performance-based equity interests and are subject to graded vesting over the shorter of a 7-year period or the dissolution date of Fund V Manager. On July 24, 2013, the day we consummated our IPO, Fund V Manager was dissolved.

Our Predecessor expensed \$899,000 and \$985,000 during the period from July 1, 2013 to July 23, 2013 and the period from January 1, 2013 to July 23, 2013, respectively, related to these equity awards.

17. Subsequent Events

On October 1, 2014, we repaid the \$5.0 million outstanding balance on our loan secured by the property located at 10700 Jersey Boulevard. We repaid the balance using available cash on hand and did not incur any prepayment penalties for repaying in advance of the maturity date of January 1, 2015.

On October 23, 2014, 59,282 shares of restricted common stock were granted to each of our named executive officers (Messrs. Frankel and Schwimmer). These shares will vest 25%, 25% and 50% on each of the first, second and third anniversaries of the date of grant.

Subsequent to September 30, 2014, 141,198 OP Units were converted into an equivalent number of shares of common stock.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the consolidated financial statements of Rexford Industrial Realty, Inc. and the combined financial statements of Rexford Industrial Realty, Inc. Predecessor (the "Predecessor") and the related notes thereto that appear in Part I, Item 1 "Financial Statements" of this Quarterly Report on Form 10-Q. The terms "Company," "we," "us," and "our" refer to Rexford Industrial Realty, Inc. and its consolidated subsidiaries except where the context otherwise requires.

Forward-Looking Statements

We make statements in this quarterly report that are forward-looking statements, which are usually identified by the use of words such as "anticipates," "believes," "estimates," "expects," "intends," "may," "plans" "projects," "seeks," "should," variations of such words or similar expressions. Our forward-looking statements reflect our current views about our plans, intentions, expectations, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions, expectations, strategies and prospects as reflected in or suggested by our forward-looking statements are reasonable, we can give no assurance that our plans, intentions, expectations, strategies or prospects will be attained or achieved and you should not place undue reliance on these forward-looking statements. Furthermore, actual results may differ materially from those described in the forward-looking statements and may be affected by a variety of risks and factors including, without limitation:

- the competitive environment in which we operate;
- real estate risks, including fluctuations in real estate values and the general economic climate in local markets and competition for tenants in such markets;
- decreased rental rates or increasing vacancy rates;
- potential defaults on or non-renewal of leases by tenants;
- potential bankruptcy or insolvency of tenants;
- acquisition risks, including failure of such acquisitions to perform in accordance with projections;
- the timing of acquisitions and dispositions;
- potential natural disasters such as earthquakes, wildfires or floods;
- national, international, regional and local economic conditions;
- the general level of interest rates;
- potential changes in the law or governmental regulations that affect us and interpretations of those laws and regulations, including changes in real estate and zoning or real estate investment trust ("REIT") tax laws, and potential increases in real property tax rates;
- financing risks, including the risks that our cash flows from operations may be insufficient to meet required payments of principal and interest and we may be unable to refinance our existing debt upon maturity or obtain new financing on attractive terms or at all;
- lack of or insufficient amounts of insurance;
- our ability to qualify and maintain our qualification as a REIT;
- litigation, including costs associated with prosecuting or defending pending or threatened claims and any adverse outcomes; and
- possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently owned or previously owned by us.

Accordingly, there is no assurance that our expectations will be realized. Except as otherwise required by the federal securities laws, we disclaim any obligations or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based. The reader should review carefully our financial statements and the notes thereto, as well as the section entitled "Risk Factors" in our Annual Report on Form 10K for the year ended December 31, 2013.

Company Overview

Rexford Industrial Realty, Inc. is a self-administered and self-managed full-service REIT focused on owning and operating industrial properties in Southern California infill markets. We were formed as a Maryland corporation on January 18, 2013 and Rexford Industrial Realty, L.P. (the “Operating Partnership”), of which we are the sole general partner, was formed as a Maryland limited partnership on January 18, 2013. Through our controlling interest in our Operating Partnership and its subsidiaries, we own, manage, lease, acquire and develop industrial real estate primarily located in Southern California infill markets. As of September 30, 2014, our consolidated portfolio consisted of 86 properties with approximately 8.6 million rentable square feet. We also hold a 15% interest in a joint venture (the “JV”) that indirectly owns three properties located in Ventura County with approximately 1.2 million square feet, which we manage. In addition we currently manage an additional 20 properties with approximately 1.2 million rentable square feet.

We did not have any meaningful operating activity until the consummation of our initial public offering (“IPO”) and the related acquisition of certain assets of our Predecessor as part of our formation transactions on July 24, 2013. The historical financial results in these financial statements for the period from July 1, 2013 to July 23, 2013 and the period from January 1, 2013 to July 23, 2013 relate to our accounting predecessor. Our Predecessor is comprised of Rexford Industrial, LLC, Rexford Sponsor V, LLC, Rexford Industrial Fund V REIT, LLC (“RIF V REIT”) and their consolidated subsidiaries, which consist of Rexford Industrial Fund I, LLC, Rexford Industrial Fund II, LLC, Rexford Industrial Fund III, LLC, Rexford Industrial Fund IV, LLC, Rexford Industrial Fund V, LP and their subsidiaries (collectively the “Predecessor Funds”). The entities comprising Rexford Industrial Realty, Inc. Predecessor are combined on the basis of common management and common ownership.

We are organized and conduct our operations to qualify as a REIT under the Internal Revenue Code of 1986, as amended, and generally are not subject to federal taxes on our income to the extent we distribute our income to our shareholders and maintain our qualification as a REIT.

Factors That May Influence Future Results of Operations

Rental Revenue and Tenant Reimbursements

We receive income primarily from rental revenue from our properties. The amount of rental revenue generated by the properties in our portfolio depends principally on the occupancy levels and lease rates at our properties, our ability to lease currently available space and space that becomes available as a result of lease expirations and on the rental rates at our properties.

Occupancy Rates. As of September 30, 2014, our consolidated portfolio was approximately 91.8% occupied and 92.3% leased. The difference between our occupancy rate and leased rate is attributed to our uncommenced leases. Our occupancy rate is impacted by market conditions in the areas in which we operate. San Diego County, where our properties were 82.4% occupied as of September 30, 2014. By way of comparison, our Los Angeles County properties and Orange County properties were 95.4% and 90.3% occupied, respectively, as of September 30, 2014. In addition, a key component of our growth strategy is to acquire distressed, off-market and lightly marketed properties that are often operating at below-market occupancy at the time of acquisition. Through various redevelopment, repositioning and professional leasing and marketing strategies, we seek to increase the properties’ functionality and attractiveness to prospective tenants and, over time, stabilize the properties at occupancy rates that meet or exceed market rates. Consistent with this strategy, four of our properties, representing 290,181 square feet, are currently in various stages of redevelopment and repositioning. Excluding properties in redevelopment or repositioning, our remaining properties were approximately 93.3% occupied as of September 30, 2014. During the three months ended September 30, 2014, we entered into 11 leases (excluding renewals) that had not commenced as of September 30, 2014, representing

41,803 square feet, or an additional 0.5% of our total rentable square feet (net of renewals). We believe the opportunity to increase occupancy at our properties will be a significant driver of future revenue growth.

Leasing Activity and Rental Rates. The following table sets forth our leasing activity for the three and nine months ended September 30, 2014:

Gross Leasing Activity										
Quarter	New Leases		Renewals		Cash Rent Change	Renewal Retention %	Expiring Leases		Renewal Retention %	Expiring Leases
	Number	Rentable of Square Feet	Number	Rentable of Square Feet			Number	Rentable of Square Feet
