**Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.**

On August 26, 2005, Centennial Energy Holdings, Inc. (Centennial), a wholly-owned subsidiary of MDU Resources Group, Inc., entered into a new five-year revolving credit agreement with various banks (New Credit Agreement) providing for a committed line of credit of \$400 million (with provision for an increase, at the option of Centennial on stated conditions, up to a maximum of \$450 million). The New Credit Agreement replaced a similar \$300 million revolving credit agreement that had an expiration date of August 17, 2007. Centennial plans to use the New Credit Agreement to provide liquidity back-up for its ongoing commercial paper program (\$250.5 million of which was outstanding as of August 26, 2005), for payment of other indebtedness outstanding from time to time and for working capital and other general corporate purposes (including funding negotiated acquisitions and other investments permitted under the New Credit Agreement). As of August 26, 2005, there were no outstanding borrowings under the New Credit Agreement.

The New Credit Agreement contains customary covenants and default provisions, including (A) a covenant by Centennial not to permit, as of the end of any fiscal quarter, the ratio of total debt to total capitalization (determined on a consolidated basis) to be greater than 65 percent, and (B) a covenant that does not permit the ratio of Centennial's earnings before interest, taxes, depreciation and amortization to interest expense (determined on a consolidated basis), for the twelve-month period ended each fiscal quarter, to be less than 2.5 to 1, all as computed in accordance with the terms of the New Credit Agreement.
