INDEPENDENT AUDITORS' REPORT

To the Trustee and Participants of the
Thrift Plan of The East Ohio Gas Company for Employees
Represented by the Natural Gas Workers Union, Local 555, SEIU, AFL-CIO

We have audited the accompanying statements of net assets available for benefits of the Thrift Plan of The East Ohio Gas Company for Employees Represented by the Natural Gas Workers Union, Local 555, SEIU, AFL-CIO (the Plan) as of December 31, 2001 and June 30, 2001, and the related statement of changes in net assets available for benefits for the six-month period ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and June 30, 2001, and the changes in net assets available for benefits for the six-month period ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

THRIFT PLAN OF THE EAST OHIO GAS COMPANY
FOR EMPLOYEES REPRESENTED BY THE NATURAL GAS
WORKERS UNION, LOCAL 555, SEIU, AFL-CIO
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Thrift Plan of The East Ohio Gas Company for Employees Represented by the Natural Gas Workers Union, Local 555, SEIU, AFL-CIO (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. GENERAL - The Plan is a defined contribution plan covering union-eligible employees of The East Ohio Gas Company (the Employer). The East Ohio Gas Company is a wholly-owned subsidiary of Consolidated Natural Gas Company (the Company or CNG). CNG is a wholly-owned subsidiary of Dominion Resources, Inc. (Dominion). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee and employer contributions are made pursuant to the terms of the Plan and are held in funds administered by the Trustees under two declarations of trust; i.e., the Long-Term Thrift Trust and the Short-Term Thrift Trust (the Trusts).

The Trusts are maintained in accordance with the Plan's provision to provide for the custody and investment of employee and employer contributions. They are administered by individual trustees (the Trustees) who are appointed by and serve at the pleasure of the Company for a term of three years. The Trustees are employed by and are officers of various subsidiaries of the Company and serve without compensation from the Plan or Trusts. Custody of Plan assets resides with Mellon Bank, N.A. who also serves as the Plan's Trustee.

b. CONTRIBUTIONS - Under the Plan, participants may contribute not less than 2% and not more than 16% (15% for participants with thirty or more years of service) of their earnings each pay period, in increments of 1%. If the participant elects that his employer make pretax contributions on his behalf, such contributions cannot exceed 10%, in increments of 1%, of his earnings each pay period subject to applicable Internal Revenue Code (IRC) limitations.

c. PARTICIPANT ACCOUNTS - Each participant's account includes the effect of the participant's contributions and withdrawals, as applicable, and allocations of the Employer's contributions, Plan earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Retired participants may elect to receive an amount equal to their vested Long-Term Thrift Trust account balance either in a lump sum or in installments. For terminations other than retirements, participants can only receive their vested Long-Term Thrift Trust account balance as a lump sum distribution. Upon termination and retirement, participants can only receive their Short-Term Thrift Trust account balance as a lump sum distribution.

5

d. PARTICIPANTS - Each employee is eligible to participate in the Plan on an entirely voluntary basis. Participation by an employee becomes effective immediately upon enrollment in the Plan.

e. VESTING - Participants immediately vest in their contributions and earnings thereon. Participants vest in the Employer's matching contribution and related earnings based upon years of continuous service and are fully vested after five years of credited service. The Employer's matching contribution is based upon the participant's contribution rate and length of service. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions.

f. INVESTMENT OPTIONS - Upon enrollment in the Plan, a participant may direct contributions in any option (except the loan fund) in 1% increments totaling to 100%. Investment options are valued daily. Changes in investment options may be made at any time

and become effective with the subsequent pay period. Participants can make unlimited transfers among existing funds. The Plan provides for employee and employer contributions to be invested in the following based on information contained in the funds' prospectus:

Short-Term Thrift Trust

(1) Interest in Master Trust:

Money Market Fund

- The prospectus states that the Money Market Fund invests primarily in U.S. Treasury Bills, U.S. Treasury Notes, corporate notes, commercial paper, floating rate notes and repurchase agreements.

Long-Term Thrift Trust

(1) Common Stock:

Dominion Stock Fund (Dominion Common Stock) -

All investments are in Dominion common stock or cash equivalent investments for partial shares.

(2) Interest in Master Trust:

Fixed Investment Stable Value Fund and Certus Stable Value Fund (Certus Fund) -

The prospectus states that the funds invest in group annuity contracts with one or more insurance companies and other short term fixed income securities. Investments under the contracts mature at various intervals. The interest rates, credited daily to participants' accounts, represent a composite of the income earned under the contracts with the insurance companies and the revenue earned from short-term fixed income securities.

Diversified Equity Fund

- The prospectus states that the fund invest primarily in the common stocks of large U.S. companies.

(3) Mutual Funds:

Masterworks S&P 500 Stock Index Fund

- The prospectus states that the fund invest proportionately in all or nearly all of the stocks that are included in the Standard & Poor's 500 Stock Index.

6

One Group Small Stock Fund

- The prospectus states that the fund invest in stocks of small to mid-sized U.S. companies.

T. Rowe Price International Income Stock Fund

- The prospectus states that the fund invest in stocks of companies outside the U.S.

EB Mellon Total Return Fund

- The prospectus states that the fund invest primarily in fixed income securities of various maturities such as obligations of the U.S. Government, corporate debt securities, mortgage and other asset-backed securities and money market investments.

Small Cap Value Fund - The prospectus states that the fund invest primarily in common stocks of smaller companies that are traded principally in the markets of the United States.

(4) Common/Collective Trusts:

Conservative Balanced Fund, Moderate Balanced Fund and Growth Balanced Fund

- The prospectus states that the funds are common/collective trusts and each is designed to accomplish a specific investment objective. As such, each fund has a different diversified mix of stock, bond and short-term fixed income investments.

g. PARTICIPANT LOANS - Participants are eligible to secure loans against their plan account and repay the amount over a one to five-year period. The maximum loan amount is the lesser of:

- 3 months base pay or
- 50% of the vested account balance or
- \$50,000 (reduced by the maximum outstanding loan balance during the prior 12 months).

Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans bear fixed interest at a rate commensurate with local prevailing rates at the time the loan is issued as determined by the Trustees.

Participants make repayments to the Plan on a monthly basis. Loan repayments, including interest, are deposited in the participant's account and invested in accordance with the participants' then current investment elections. Defaults result in a reclassification of the remaining loan balances as taxable distributions to the participants.

h. PAYMENTS OF BENEFITS - Distributions from the Plan are recorded on the valuation date when a participant's valid withdrawal request is processed by the recordkeeper. On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or defer the payment to a future time no later than the year in which the participant attains age 70 1/2.

- i. CHANGE OF PLAN YEAR END - Effective July 16, 2001 the Plan has elected to change the year end from June 30 to December 31.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. BASIS OF ACCOUNTING - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

7

b. VALUATION OF INVESTMENTS:

(1) *Dominion Stock Fund* - Investments in Dominion common stock are stated at fair value based on the closing sales price reported on the New York Stock Exchange on the last business day of the plan year.

(2) *Investment in CNG Master Trust and the Dominion Master Trust* - The fair value of the Plan's interest in the Master Trusts is based on the beginning of the month value of the Plan's interest in the Master Trusts plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Quoted market prices are used to value investments in the Master Trusts, with the exception of investments in the Stable Value Fund.

Investments in the Stable Value Fund are stated at contract value, which approximates market value. Contract value represents contributions and income earned in the fund, less withdrawals.

(3) *Mutual Funds* - Investments in mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

(4) *Common/Collective Trusts* - Investments in common/collective trust funds (funds) are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the bank (or trust company) sponsoring such funds by dividing the fund's net assets by its units outstanding at the valuation dates.

- c. INVESTMENT INCOME - Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date. Dividends received on all shares of Dominion stock are reinvested in additional shares of Dominion common stock.

Diversified Equity Fund units of the Long-Term Thrift Trust are prorated to participants based on the unit value calculated at the end of each day.

Realized gains and losses on the sale of investments are determined using the average cost method.

Net investment income from mutual fund holdings includes dividend income and realized and unrealized appreciation/depreciation.

d. EXPENSES - The Plan's expenses are accrued as incurred and paid by the Plan or the Employer, as provided by the Plan document.

e. USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.

f. CONCENTRATION OF INVESTMENTS - Included in the Plan's net assets available for benefits at December 31, 2001 and June 30, 2001, are investments in Dominion common stock amounting to approximately \$60 million and \$59 million, respectively, whose value could be subject to change based upon market conditions.
