PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

to be held
August 19, 2008

This proxy statement is submitted by the Board of Directors of Giga-tronics Incorporated (“Giga-tronics” or the “Company”), a California corporation, in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at 9:30a.m. on Tuesday, August 19, 2008, at the Giga-tronics executive offices, 4650 Norris Canyon Road, San Ramon, California, in accordance with the notice to shareholders, and at any adjournment thereof.

Our Board of Directors has fixed June 23, 2008 as the record date for the Annual Meeting. Only shareholders of record at the close of business on the record date are entitled to notice of and to vote at this meeting. A majority of the shares of common stock will constitute a quorum for the transaction of business at the Annual Meeting. On the record date, there were 4,824,021 shares of Giga-tronics common stock issued and outstanding. Each share outstanding on the record date is entitled to one vote as to each matter to be acted on at this meeting. However, each shareholder will be entitled to cumulate his votes in the election of directors provided that notice of an intention to cumulate votes is given at this meeting by at least one shareholder before voting for the election of directors. Under cumulative voting, a shareholder is allowed one vote per share multiplied by the number of directors to be elected and may cast the total number of votes for one nominee or may distribute the total number of votes among as many nominees as the shareholder chooses. Six directors will be elected at this meeting.

Shares represented by properly executed proxies received by Giga-tronics will be voted at the Annual Meeting according to the instructions on the proxies. It is intended that shares represented by proxies received by Giga-tronics which are not marked to the contrary will be voted FOR all proposals included in the notice of this meeting.

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. A shareholder giving a proxy may revoke it before its exercise by filing with the Secretary of Giga-tronics either an instrument revoking the proxy or a duly executed proxy bearing a later date. A proxy will be revoked automatically if the shareholder who executed it is present at the Annual Meeting and votes in person. Attendance at this meeting will not, in and of itself, constitute the revocation of a proxy. The granting of a proxy will give the proxy holder authority to cumulate votes if cumulative voting is elected.

The approximate date on which this Proxy Statement and the accompanying form of proxy will be sent to Giga-tronics shareholders is July 16, 2008.

The Altman Group (Altman Group) will be using an automated system for the tabulation of shareholder votes for Giga-tronics. Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. We believe that nominees have discretionary voting power with respect to all of the ballot items described below and elsewhere in this proxy statement. In the election of directors, the candidates receiving the highest number of affirmative votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected. Abstentions and broker “non-votes” will have no effect on the voting outcome with respect to the election of directors. The affirmative vote of the holders of a majority of shares of common stock, present in person or represented by proxy and entitled to vote, is required with respect to the ratification of our independent registered public accounting firm. An abstention is treated as present and entitled to vote and therefore has the effect of a vote against ratification of the selection of the independent registered public accounting firm.

The Annual Report of Giga-tronics for its fiscal year ended March 29, 2008 is being mailed with this mailing of the Notice of Annual Meeting and Proxy Statement to all shareholders entitled to notice of and to vote at the Annual Meeting.

The costs of solicitation of proxies, including the printing, handling and mailing of the proxy material, will be paid by Giga-tronics. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to beneficial owners of shares held in their names, and Giga-tronics will reimburse them for their expenses. The solicitation of proxies through this proxy statement may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of Giga-tronics and by The Altman Group. Giga-tronics has retained The Altman Group to solicit proxies for a fee of approximately \$7,000, which includes the estimated fees for related services to be rendered by Broadridge Financial Solutions, Inc. No additional compensation will be paid to directors, officers or other employees for such services.

The executive offices of Giga-tronics are located at 4650 Norris Canyon Road, San Ramon, California 94583, and the telephone number at that location is (925) 328-4650.

INFORMATION ABOUT THE BOARD OF DIRECTORS
AND COMMITTEES OF THE BOARD

Meetings

There were six meetings of the Board of Directors during the last fiscal year. All six of the directors attended all the regularly scheduled meetings of the Board of Directors and all the committees on which they sat. Directors are expected to attend the Annual Meeting except for good cause. All six of the six directors attended the Annual Meeting in 2007.

Committees

Giga-tronics' Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee. During fiscal 2008, the Audit Committee consisted of directors James A. Cole, Kenneth A. Harvey (Chairman) and Robert C. Wilson, all of whom are independent under the director independence standards of The Nasdaq Stock Market, Inc. The Audit Committee serves to monitor the effectiveness of the independent audit, as well as the Company's accounting, financial controls and financial reports. The charter of the Audit Committee was included as Appendix A to the Company's Proxy Statement for its Annual Meeting in 2007. The Audit Committee must approve all non-audit services provided by the independent accountants. The Audit Committee has not adopted any standards for pre-approval of non-audit services and has not pre-approved any non-audit services. The Audit Committee held six meetings during the past fiscal year. The board has determined that Robert Wilson has:

- (i) an understanding of generally accepted accounting principles and financial statements;
- (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;
- (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities;
- (iv) an understanding of internal control over financial reporting; and
- (v) an understanding of audit committee functions.

Therefore the Board of Directors determined that Robert Wilson is the Audit Committee's financial expert for purposes of Nasdaq rules and requirements of the Sarbanes Oxley Act.

Compensation Committee. During fiscal 2008, the Compensation Committee consisted of directors Garrett A. Garrettson (Chairman), Kenneth A. Harvey and Robert C. Wilson, all of whom are independent under the director independence standards of The Nasdaq Stock Market, Inc. The committee formulates recommendations to the Board of Directors regarding levels of compensation for management. In addition, in order to recognize the expected future contributions of key employees and provide an additional incentive for them to remain with Giga-tronics over the long-term, the Committee awards options to purchase shares of our common stock. The Compensation Committee reviews and approves all stock options and executive compensation as part of the Board of Directors meetings.

The Compensation Committee did not engage any compensation consultants in determining or recommending executive officer compensation for fiscal 2008. The Compensation Committee met one time during the last fiscal year. The Compensation Committee does not have a formal charter.

Nominating Committee. The Board of Directors has a Nominating Committee, which is currently comprised of directors James A. Cole and Robert C. Wilson, both of whom are independent under the director independence standards of The Nasdaq Stock Market, Inc. The purposes of the Nominating Committee are to recommend persons for membership on the Board and to establish criteria and procedures for the selection of new directors. The Nominating Committee met one time during the last fiscal year.

The Nominating Committee has no formal process for identifying and evaluating candidates. Existing directors attempt to identify suitable candidates as the need arises. The Board's policy is to consider any director candidate nominated or recommended by a shareholder in the same manner that it would consider a candidate nominated by the Board or committee. In the past year the Company did not receive any recommendations for director candidates from any shareholders. Shareholder recommendations should be submitted in writing to the Company by mail at its main office at least 120 days in advance of the anniversary date of the mailing of notice of the previous year's annual meeting and should include sufficient biographical information (including all information that would be required to be disclosed in a proxy statement for a shareholder meeting at which directors are to be elected) for the committee to make an initial evaluation of the candidate's qualifications. The Company has never engaged or paid a fee to a third party search firm in connection with the nomination of a candidate for director.

The Nominating Committee considers the following criteria in proposing nominations for director to the full Board: independence; high personal and professional ethics and integrity; ability to devote sufficient time to fulfilling duties as a director; impact on diversity of the Board, including skills and other factors relevant to the Company's business; overall experience in business, education, and other factors relevant to the Company's business. At a minimum, the Nominating Committee must be satisfied that each nominee, both those recommended by the Nominating Committee and any recommended by shareholders, meets the following minimum qualifications:

- The nominee should have a reputation for integrity and honesty.
- The nominee should have demonstrated business experience and the ability to exercise sound judgment.
 - The nominee should have an understanding of the Company and its industry.
- The nominee should have the ability and willingness to act in the interests of the Company and its shareholders.
- The nominee should not have a conflict of interest that would impair the nominee's ability to fulfill the responsibilities of a director.

The Nominating Committee also serves as the Corporate Governance Committee. The Corporate Governance Committee has adopted a Code of Ethics applicable to all directors, officers and employees. The Company will provide to any person without charge, upon request, a copy of such Code of Ethics upon written request mailed to the Company at its main office, to the attention of the Corporate Secretary.

The charter of the Nominating Committee is not available on the Company's website but was included as Appendix B to the Company's Proxy Statement for its Annual Meeting in 2007.

Compensation of Directors

Each of the directors who is not employed by Giga-tronics receives an annual director's fee of \$10,000 and, in addition, a fee of \$1,000 for attendance at each Board of Directors meeting. Outside directors serving on committees of the Board of Directors receive \$500 for attendance at each committee meeting held on a day other than a Board meeting date. From time to time, Giga-tronics makes discretionary grants of options to purchase shares of its common stock to directors in consideration for services they provide to Giga-tronics as members of the Board.

The following table summarizes compensation paid to directors (other than Mr. Regazzi, whose compensation in all capacities is included in the Summary Compensation Table below) in fiscal year 2008.

(1) The value for Stock Option Awards in the table above represents the dollar amount recognized for financial reporting purposes for fiscal year 2008 in accordance with Statement of Financial Accounting Standards No. 123R, "Accounting for Stock-Based Compensation", (FAS 123R). For Option Awards, the dollar amount for each individual varies depending on the number of options held, the fair value of such options, and the vesting terms of such options. See Note 1 of the audited consolidated financial statements for the fiscal year ended March 29, 2008 for information on the assumptions used to calculate the grant date fair value of Option Awards and the expense recognized under FAS 123R. At March 29, 2008, Mr. Bruns held options to purchase 108,000 shares of common stock while the remaining directors listed above held options to purchase 25,000 shares of common stock.

Giga-tronics has entered into indemnification agreements with all of its officers and directors.

Communications with Directors

The Company does not have a formal process for shareholders to send communications to the Board of Directors or to specific individual directors. Shareholders may send communications to the full board or to individual directors at the Company's main office at 4650 Norris Canyon Road, San Ramon, California 94583. Communications will be forwarded unopened to the director to whom it is addressed or to the lead independent director if addressed to the Board of Directors. The Board of Directors believes that this informal process is adequate to ensure that shareholder communications are received by the intended recipients.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and holders of more than 10% of Giga-tronics' common stock to file reports of ownership and

changes in ownership with the Securities and Exchange Commission, or SEC. Officers, directors, and greater than 10% shareholders are required by SEC regulations to furnish Giga-tronics with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by Giga-tronics, or written representations from certain reporting persons, we believe that during the fiscal year ended March 29, 2008 its officers, directors and greater than 10% shareholders complied with all applicable filing requirements.

Employment Contracts and Termination of Employment and Change-In-Control Arrangements

Change-In-Control Arrangements

All outstanding options will automatically accelerate and become exercisable for fully vested shares upon a change in control of Giga-tronics, whether effected through merger, sale of substantially all of Giga-tronics' assets, the successful completion of a hostile tender offer for 30% or more of Giga-tronics' outstanding common stock, or a change in the majority of the Board of Directors as a result of one or more contested elections for Board of Directors membership.

Compensation Committee Interlocks and Insider Participation

For the 2008 fiscal year, the Compensation Committee was comprised of Messrs. Garrett A. Garrettson, Kenneth A. Harvey and Robert C. Wilson.

No executive officer of Giga-tronics serves as a member of the Board of Directors or compensation committee of any entity which has one or more executive officers serving as a member of Giga-tronics Board of Directors or Compensation Committee.

Audit Committee
Report of the Audit Committee

The Audit Committee of the Board is responsible for providing independent, objective oversight of Giga-tronics' accounting functions and internal controls. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management to review and discuss the March 29, 2008 consolidated financial statements. The Audit Committee also discussed, with the independent accountants, the matters required by Statement on Auditing Standards No. 61, "Communication with Audit Committees". The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", and the Audit Committee discussed with the independent accountants that firm's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 29, 2008 for filing with the Securities and Exchange Commission. The Committee has approved the engagement of Perry-Smith LLP to continue as the Company's auditors for the current year.

Respectfully submitted,

AUDIT COMMITTEE

Kenneth A. Harvey, Chairman
Robert C. Wilson

Report on Executive Compensation

General Compensation Policy

Giga-tronics' executive compensation philosophy rests on two fundamental principles. First, the program is intended to provide fully competitive levels of compensation - at expected levels of performance - in order to attract, motivate and retain talented executives. Secondly, the program is intended to create an alignment of interest between Giga-tronics' executives and its shareholders such that a significant portion of each executive's compensation is linked directly to the creation of shareholder value.

The Executive Compensation Program is intended to place heavy emphasis on variable pay, which is pay that varies with performance, and less focus on a fixed base salary. The incentive pay programs are intended to reward performance that is directly relevant to the Company's short term and long term success. The three primary components of the program include base salary, annual incentive, which is a performance-based bonus, and long-term incentives such as stock options.

Factors

The process involved and the factors considered in the executive compensation determination for fiscal year 2008 are summarized below. It is expected that this process will remain the same in fiscal year 2009. However, the Committee may, at its discretion, apply a different set of factors in setting executive compensation in the future in order to further enhance the basic concept of "pay-for-performance".

Base Salary

Base salaries are based primarily on individual performance, and each individual's role in Giga-tronics. Employees with higher levels of sustained performance over time and/or those assuming greater responsibilities will be paid correspondingly higher salaries.

On the basis of its knowledge of the industry, this Committee believes that the base salary levels in effect for Giga-tronics' executive officers are competitive with the companies within and outside its industry with which Giga-tronics competes for executive talent. However, the Committee did not, through one or more external salary surveys for the industry, independently confirm the specific percentiles at which the base salary levels in effect for Giga-tronics' executive officers stood in relation to other companies in its industry.

Salaries are reviewed annually based on individual performance, overall financial results and the general level of increases in the marketplace. Salary increases are granted within a pay-for-performance framework.

Annual Performance (Non-Stock) Based Incentive Compensation

Giga-tronics' annual incentive bonus plan is intended to:

- reward key employees based upon company and individual performance,
- motivate, and
- provide competitive cash compensation opportunities.

Incentive awards are paid annually in cash based upon achievement of individual performance objectives for the most recently completed fiscal year.

Bonus payments earned in fiscal 2008 were \$35,000.

Long-Term (Stock Based) Incentive Compensation

Giga-tronics has always believed that stock ownership or stock option participation was the most effective way of aligning its management and shareholder interests. Options are generally issued at 100% of market value, for five year terms, exercisable for 25% of the total grant per year after the first year. The right to exercise options expires 60 days after termination of employment, except in case of death when an optionee's estate would have six months to exercise.

CEO Compensation

The CEO compensation is based on the same considerations as any other senior executive. Other compensation factors, including salary increases, incentive bonus and option participation are performance-based.

The Compensation Committee established a \$140,000 annual salary for the CEO.

Deduction Limit for Executive Compensation

Effective January 1, 1994, Section 162(m) of the Internal Revenue Code limits federal income tax deductions for compensation paid to the chief executive officer and the four other most highly compensated officers of a public company to \$1 million per individual per year, but contains an exception for performance-based compensation that satisfies certain conditions.

The 1990 Stock Option Plan was amended in 1994 to restrict the maximum number of shares of common stock for which any one participant may be granted stock options and stock appreciation rights to 200,000 shares, and the stockholders approved this amendment at the 1994 Annual Meeting. As a result, stock options granted to Giga-tronics' executive officers with an exercise price not less than the fair market value of the underlying shares on the grant date will generally qualify as performance-based compensation which is not subject to the \$1 million limitation. The 2000 Stock Option Plan and the 2005 Employee Incentive Plan both reflect these same restrictions.

PROPOSAL 2

APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has re-appointed the firm of Perry-Smith LLP as Giga-tronics' independent accountants for the fiscal year ending March 28, 2009 and to perform other appropriate services. We are seeking ratification by the shareholders for this appointment. In case of a negative vote, the appointment will be reconsidered.

Representatives of Perry-Smith LLP are expected to be present at Giga-tronics' Annual Meeting with the opportunity to make a statement, if they desire to do so, and they are expected to be available to respond to appropriate questions.

The following table presents aggregate fees billed for professional services rendered by Perry-Smith LLP in fiscal year 2008 and in fiscal year 2007 in the following categories:

	2008	2007
Audit fees	\$ 160,000	\$ 153,000
Audit-related fees	—	—
Tax fees	—	—
All other fees	—	—

Independence of Perry-Smith LLP

Since Perry-Smith LLP did not perform any financial information systems design and implementation or any other professional services, the Audit Committee did not need to consider the independence issue which might arise from such services.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF PERRY-SMITH LLP.
