### First National Lincoln Corporation Declares Dividend

DAMARISCOTTA, Maine--(MARKET WIRE)--June 19, 2003--The Board of Directors of First National Lincoln Corporation (NASDAQ NM: FNLC), today declared a quarterly dividend of \$0.28 per share. This second quarter dividend, which is payable July 31, 2003, to shareholders of record as of July 8, 2003, represents an increase of 16.7% or \$0.04 per share over the second quarter dividend declared in 2002.

"The Company has now raised its dividend for thirty-one consecutive quarters with this increase of \$0.01 to \$0.28 per share," noted Daniel R. Daigneault, FNLC's President & Chief Executive Officer. "This translates into an annual dividend of \$1.12 per share, and based on today's closing price of \$41.00 per share, our dividend yield is 2.7%.

"I feel that our excellent dividend yield has been a major factor in the strong performance of our stock this year," President Daigneault added, "with FNLC's shares trading up \$9.52 or 30.2% since December 31, 2002, based upon the year-end closing price of \$31.48 per share and today's closing price of \$41.00 per share. The recent legislation enacted by Congress which provides for more favorable tax-treatment of dividends is certainly positive for companies like ours with a healthy dividend yield, and this is especially true given the current record-low interest rate environment. When combined with our continued strong earnings performance, I view First National Lincoln Corporation as an extremely attractive investment alternative."
