pressrelease

PLDT to pursue legal remedies despite Supreme Court Decision on

Davao Franchise Tax

MANILA, Philippines, March 27, 2003 Philippine Long Distance Telephone Company (PLDT) today said that, although it has not yet received a copy of the Supreme Court decision on the Davao local franchise tax issue, PLDT continues to believe in the merits of its case and will pursue all legal remedies with regard to all pending cases. The company notes that in a number of other cases, the courts, including the Court of Appeals, have ruled in favor of PLDT. In addition, the Bureau of Local Government Finance under the Department of Finance has issued a ruling in 1998 supporting the Company's position.

Initial reports indicated that the Supreme Court has decided by a 9 to 5 vote to deny PLDT's motion for reconsideration and affirm the franchise tax assessment of Davao City in the amount of P3.7 million. PLDT noted that, although such a decision would constitute a precedent, it is non-binding on other pending local franchise tax cases. The company further said that the decision by the Court will seriously undermine the public policy of creating a level playing field as mandated by Congress when it passed the Public Telecommunications Policy Act (R.A. 7925) in 1995.

R.A. 7925 has succeeded in increasing competition and spurring the development of the telecommunications industry in the Philippines and thereby made a significant contribution to national economic development. By undermining a

critical element of R.A. 7925, the level playing field policy, this decision will negatively impact the investment decisions of all telecommunications carriers to the detriment of national development. It is particularly concerning that such a decision should be reached now when PLDT, as the largest fixed line carrier in the Philippines, is going through a difficult period of business readjustment like all fixed line carriers worldwide; this will further reduce the limited funds available for fixed line infrastructure investment, especially in provincial areas where development is most important.

xxx

About PLDT

PLDT is the leading telecommunications provider in the Philippines. Through its three principal business groups fixed line, wireless and information communications technology PLDT offers a wide range of telecommunications services across the Philippines most extensive fiber optic backbone and fixed line, cellular and satellite network.

PLDT is listed on the Philippine Stock Exchange (PSE:TEL) and its American depository shares are listed on the New York Stock Exchange (NYSE:PHI) and the Pacific Exchange. PLDT has one of the largest market capitalizations among Philippine listed companies.
