ITEM 4.02(a). NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW

Management of National Bankshares, Inc. (the “Company”), and its wholly owned subsidiary National Bank (the “Bank”), on March 18, 2013 recommended to the Company’s Board of Directors and to the Bank’s Board of Directors, and the Company and Bank directors agreed on March 18, 2013, that the Company’s consolidated financial statements for the year ended December 31, 2012, included in the Company’s Annual Report on Form 10-K filed March 8, 2013, should not be relied upon as a correct statement of the Company’s financial condition as of December 31, 2012.

Management determined that the 2012 consolidated financial statements should be restated to reflect reclassification of certain loans into non-accrual status. The Company will revise its 2012 consolidated financial statements to show \$13,021,000 in its total nonperforming loans and \$14,456,000 in its total nonperforming assets categories as of December 31, 2012. These revisions compare to the previous statement of \$5,617,000 in total nonperforming loans and \$7,052,000 in total nonperforming assets. The revisions are primarily the result of reclassification of several loans involving two banking relationships which were placed in non-accrual status after the financial statements were issued, but the non-accrual status was made effective as of December 31, 2012. These are preliminary estimates based on management’s current assessment, subject to completion of management’s final review of the Company’s amended and restated consolidated financials and audit by the Company’s independent registered public accounting firm. Management has discussed with the Company’s independent registered public accounting firm the matters disclosed in this Item 4.02 of this Current Report on Form 8-K.

These revisions will be reflected in an amendment to the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2012 which will be filed on a subsequent date with the Securities and Exchange Commission. Management is currently working diligently to complete its restatement and to determine the precise effect on related calculations.
