PNM Moves to Dismiss Western Resources Lawsuit

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form 8-K

ALBUQUERQUE, N.M. December 20, 2001 - PNM, Public Service Company of New Mexico (NYSE:PNM) today asked a New York court to dismiss a lawsuit filed against PNM by Western Resources on November 20.

In a motion filed with the New York Supreme Court, PNM argues that the Western Resources action is in reality nothing more than a response to a suit PNM filed against Western Resources October 12.

Because both lawsuits deal with the alleged breach of an agreement that would have resulted in the combination of the utility operations of PNM and Western Resources, in today's filing PNM asks the court to either dismiss the Western Resources suit, stay the action until completion of PNM's own lawsuit, or consolidate the two actions.

PNM's lawsuit against Western claims that rulings from the Kansas Corporation Commission prohibit WRI from completing the transaction with PNM as originally structured; and that Western Resources breached its agreement with PNM by misrepresenting the regulatory approvals needed to complete the transaction.

PNM is a combined electric and gas utility serving approximately 1.3 million people in New Mexico. The company also sells power on the wholesale market in the Western U.S. PNM stock is traded primarily on the NYSE under the symbol PNM.
