Prospectus Supplement No. 1 to Prospectus

Freeport-McMoRan Copper & Gold Inc.

1,100,000 Shares

5½% Convertible Perpetual Preferred Stock and the  
Class B Common Stock Issuable Upon Conversion of the  
5½% Convertible Perpetual Preferred Stock

---

This prospectus supplement relates to the resale by the selling securityholders listed below of 5½% Convertible Perpetual Preferred Stock of Freeport-McMoRan Copper & Gold Inc., and the shares of class B common stock of Freeport-McMoRan Copper & Gold Inc. issuable upon the conversion of the stock. You should read this prospectus supplement together with the prospectus dated May 3, 2004, which is to be delivered with this prospectus supplement.

The table below (1) sets forth additional and updated information with respect to the number of shares of the preferred stock owned by each selling securityholder, and the shares of common stock into which such stock is convertible, that may be offered under the prospectus by the selling securityholders, and (2) supplements and, to the extent inconsistent with, amends the table appearing in the section entitled "Selling Securityholders" beginning on page 35 of the prospectus. To the extent a selling securityholder is listed both in the table below and in the table appearing in the

prospectus, the information set forth below regarding that selling securityholder supercedes the information set forth in the prospectus.

The number of shares of our class B common stock shown in the table below assumes conversion of all of the shares of the preferred stock held by such holder at the initial conversion rate of 18.8019 shares of common stock per share of the preferred stock. This conversion rate is subject to certain adjustments as described under Description of the Preferred Stock Conversion Rights in the prospectus. Accordingly, the shares of class B common stock issuable upon conversion of the preferred stock may increase or decrease from time to time. Under the terms of the certificate of designations, fractional shares will not be issued upon conversion of the preferred stock. Cash will be paid in lieu of fractional shares, if any. As of May 31, 2004, we had 173,762,153 shares of our class B common stock outstanding.

The information in the table below is based on information provided by or on behalf of the selling securityholders.

The selling securityholders identified below may have sold, transferred or otherwise disposed of all or a portion of their stock or class B common stock since the date on which they provided the information regarding their stock or class B common stock in transactions exempt from the registration requirements of the Securities Act of 1933.

Because the selling securityholders may offer all or some portion of the preferred stock or the class B common stock to be offered by them, we cannot estimate the amount of any sales.
