Section 5—Corporate Governance and Management

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) Compensatory Arrangements of Certain Officers

On February 22, 2010, the Compensation Committee of the Board of Directors of Silgan Holdings Inc., or the Company, (i) set the performance goal and performance goal target for 2010 under the Company's Senior Executive Performance Plan, as amended, or the Performance Plan, for Mr. Anthony J. Allott, the President and Chief Executive Officer of the Company and the only participant under the Performance Plan, (ii) set financial targets and organizational goals for bonuses for 2010 for other executive officers of the Company and (iii) established performance criteria for 2010 for potential performance awards to be granted in 2011 under the Company's 2004 Stock Incentive Plan, as amended, or the Stock Incentive Plan.

The Compensation Committee set the performance goal for 2010 for Mr. Allott under the Performance Plan as the Company's earnings before interest, taxes, depreciation and amortization and rationalization charges and the impact from the remeasurement of net assets in Venezuela ("Adjusted EBITDA") and the performance goal target for 2010 as the achievement of the Adjusted EBITDA level of the Company from 2009. The Compensation Committee also determined that the maximum amount that could be awarded to Mr. Allott under the Performance Plan for 2010 would be 100% of his annual base salary for 2010, with the actual amount being determined pursuant to a formula based on the Company's Adjusted EBITDA for 2010 as compared to the Company's Adjusted EBITDA for 2009.

The Compensation Committee approved annual bonuses for 2010 for Messrs. Robert B. Lewis, Executive Vice President and Chief Financial Officer of the Company, Adam J. Greenlee, Executive Vice President and Chief Operating Officer of the Company, and Frank W. Hogan, III, Senior Vice President, General Counsel and Secretary of the Company, in an amount up to a maximum amount of 40% of their annual salary received in 2010, with the amount of such annual bonus being calculated on the same basis that an annual bonus is calculated for the Chief Executive Officer of the Company for 2010 under the Performance Plan.

The Compensation Committee set a target level of earnings before interest and taxes and rationalization charges and organizational goals (management development, market leadership, operational leadership, working capital management, selling, general and administrative cost management and financial reporting and controls) for Silgan Containers LLC for the payment of annual bonuses for 2010 to officers of Silgan Containers LLC, including Mr. Thomas J. Snyder, President of Silgan Containers LLC. Following the end of the year, the Compensation Committee will confirm the level of earnings before interest and taxes and rationalization charges and organizational goals attained by Silgan Containers LLC, and bonuses will be awarded to officers of Silgan Containers LLC on a sliding scale (from zero to two times "norm") on such basis. If the

targeted level of earnings before interest and taxes and rationalization charges and organizational goals for Silgan Containers LLC are attained, Mr. Snyder would receive a bonus for 2010 at “norm,” or at 30% of his salary for 2010.

The Compensation Committee set a target level of earnings before interest and taxes and rationalization charges and organizational goals (management development, safety, working capital management, market leadership, operational leadership and financial reporting and controls) for Silgan Plastics LLC for the payment of annual bonuses for 2010 to officers of Silgan Plastics LLC, including Mr. Alan H. Koblin, President of Silgan Plastics LLC. Following the end of the year, the Compensation Committee will confirm the level of earnings before interest and taxes and rationalization charges and organizational goals attained by Silgan Plastics LLC, and bonuses will be awarded to officers of Silgan Plastics LLC on a sliding scale (from zero to two times “norm”) on such basis. If the targeted level of earnings before interest and taxes and rationalization charges and organizational goals for Silgan Plastics LLC are attained, Mr. Koblin would receive a bonus for 2010 at “norm,” or at 35% of his salary for 2010.

The Compensation Committee set a target level of earnings before interest and taxes and rationalization charges and the impact from the remeasurement of net assets in Venezuela and organizational goals (market leadership, operational leadership, working capital management, selling, general and administrative cost management and financial reporting and controls) for the North America, Europe, Asia and South America operations of Silgan White Cap for the payment of annual bonuses for 2010 to officers of Silgan White Cap. Following the end of the year, the Compensation Committee will confirm the level of earnings before interest and taxes and rationalization charges and the impact from the remeasurement of net assets in Venezuela and organizational goals attained by the North America, Europe, Asia and South America operations of Silgan White Cap, and bonuses will be awarded to officers of Silgan White Cap on a sliding scale (from zero to two times “norm”) on such basis as applicable.

The Compensation Committee approved annual bonus calculations for 2010 for each of Messrs. Anthony P. Andreatchi, Malcolm E. Miller and B. Fredrick Prinzen and Ms. Kimberly I. Ulmer, executive officers of the Company, based upon a weighted average of actual bonus payouts as a percentage of “norm” to the officers of the Company’s businesses under the respective bonus plans of Silgan Containers LLC, Silgan Plastics LLC and the North America, Europe, Asia and South America operations of Silgan White Cap, using each business’ percentage of the overall earnings before interest and taxes and rationalization charges and the impact from the remeasurement of net assets in Venezuela of all such businesses as the basis for weighting. Such executive officers are eligible to receive a bonus for 2010 on a sliding scale (from zero to two times “norm”), with “norm” for such executive officers being 30% of their salary for 2010.

Additionally, the Compensation Committee approved potential performance awards of restricted stock units for an aggregate of up to 119,400 shares of Common Stock of the Company to a total of 34 officers and other key employees of the Company and its subsidiaries, and fixed and established the performance criteria for the Company’s 2010 fiscal year for the granting of such performance awards under the Stock Incentive Plan. Messrs. Allott, Lewis and Greenlee, each of whom is a person named in the Summary

Compensation Table in the Company's most recent proxy statement, are included in such group of officers and other key employees. The performance criteria for the 2010 fiscal year selected by the Compensation Committee is the Company's earnings before interest, taxes, depreciation and amortization and rationalization charges and the impact from the remeasurement of net assets in Venezuela for 2010, and the minimum level of performance that must be attained for 2010 for the performance awards to be granted is 75% of the level of the Company's earnings before interest, taxes, depreciation and amortization and rationalization charges and the impact from the remeasurement of net assets in Venezuela in 2009. If the minimum level of performance for 2010 is attained as confirmed by the Compensation Committee following the end of 2010, then the Compensation Committee may grant performance awards for an aggregate of up to 119,400 restricted stock units to such 34 officers and other key employees of the Company and its subsidiaries. In determining the amount of a performance award to grant to a particular officer or other key employee, the Compensation Committee targets a multiple of such individual's annual base salary as the level of the nominal value of unvested stock awards for such individual. The multiple for each individual is determined on the basis of the individual's anticipated long-term contribution to the Company. In determining the 2010 performance award to be granted to any individual, the Compensation Committee will review the nominal value of unvested stock awards previously granted to such individual compared to such individual's target multiple of salary, and may grant a performance award to such individual in an amount up to the maximum amount approved by the Compensation Committee for such individual on February 22, 2010. Generally, in making grants the Compensation Committee will consider performance awards for individuals whose aggregate nominal value of unvested stock awards is less than their target multiple of salary so that their total nominal value of unvested stock awards approximates their target multiple of salary. Such restricted stock units will be granted at the earliest upon the date on which the Compensation Committee confirms that the minimum level of performance was attained, will vest in five equal installments annually beginning one year from the date of grant, and will carry with them the right to receive dividend equivalents in an amount equal to all cash dividends paid on one share of Common Stock of the Company for each restricted stock unit while such restricted stock unit is outstanding and until such restricted stock unit vests.
