- (b) Securities valued at fair value by management and approved in good faith following procedures approved by the Directors, amounted to \$1,924,798 (0.2% of net assets at September 30, 2005). Their values have been estimated by management in the absence of readily ascertainable market values. However, because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the difference could be material. The cost of these securities at September 30, 2005 aggregated \$1,616,637. The securities may also have certain restrictions as to resale.
- (c) At September 30, 2005, 18.0% of the Fund's investment portfolio is invested in Samsung Electronics Co., Ltd.
- (d) Company in restructuring process, principal only subject to repayment.
- (e) Amount stated in Korean Won.
- (f) Scudder Cash Management QP Trust is managed by Deutsche Investment Management Americas Inc. The rate shown is the annualized seven-day yield at period end.
- (g) The Fund may purchase securities that are subject to legal or contractual restrictions on resale ("restricted securities"). Restricted securities are securities which have not been registered with the Securities and Exchange Commission under the Securities Act of 1933. The fund may be unable to sell a restricted security and it may be more difficult to determine a market value for a restricted security. Moreover, if adverse market conditions were to develop during the period between the Fund's decision to sell a restricted security and the point at which the Fund is permitted or able to sell such security, the Fund might obtain a price less favorable than the price that prevailed when it decided to sell. This investment practice, therefore, could have the effect of increasing the level of illiquidity of the Fund. The future value of these securities is uncertain and there may be changes in the estimated value of these securities.

A Shareholder of SE Co. Ltd. has given the Fund a put option at cost, payable on demand until it has an initial public offering. Information concerning the private placement security at September 30, 2005 is as follows:

Restricted Security	Acquisition Date	Cost (\$)	Value (\$)	As a % As
SE Co., Ltd.	12/22/2000	1,616,637	1,916,649	0
