Chairman of the Board

Chairman's
LETTER TO SHAREHOLDERS

Once again, I am pleased to report that over the 12-month period covered by this report your Fund continued to provide you with monthly tax-free income and an attractive total return. For more details about the management strategy and performance of your Fund, please see the Portfolio Manager's Comments and Performance Overview sections of this report.

As I noted in my last letter to you, many market observers are wondering whether longer-term interest rates will soon begin to rise substantially, mirroring the rise that has taken place over the past year in shorter-term rates. If longer-term rates do begin to rise significantly, some have suggested that this would be a signal to begin adjusting your holdings of fixed-income investments.

Nobody knows what the market will do in the future. But from our experience, we do know that a well-balanced portfolio, structured and carefully monitored with the help of a trusted investment professional, can be an important component in helping you achieve your long-term financial goals. In fact, a well-diversified portfolio may actually help to reduce your overall investment risk over the long term. That is one reason why we believe that a municipal bond investment like your Nuveen Fund can be an important building block in a comprehensive investment program designed to perform well in a variety of market conditions.

"IN FACT, A WELL-DIVERSIFIED PORTFOLIO MAY ACTUALLY HELP TO REDUCE YOUR OVERALL INVESTMENT RISK OVER THE LONG TERM."

As in past reports, I urge you to consider receiving future Fund reports and other Fund information by e-mail and the Internet. Not only will you be able to

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

receive the information faster, but this also may help lower your Fund's expenses. Sign up is quick and easy - see the inside front cover of this report for instructions.

Earlier in 2005, The St. Paul Travelers Companies, Inc., which owned 79% of Nuveen Investments, Inc. (the parent of your Fund's investment adviser), sold a substantial portion of its stake in Nuveen. More recently, St. Paul sold the balance of its Nuveen shares to Nuveen Investments or to others. Please be assured that these transactions only affect Nuveen's corporate structure, and they do not have any impact on the investment objectives or management of your Fund.

At Nuveen Investments, our mission continues to be to assist you and your financial advisor by offering investment services and products that can help you to secure your financial objectives. We are grateful that you have chosen us as a partner as you pursue your financial goals, and we look forward to continuing to earn your trust in the months and years ahead.

Sincerely,

/s/ Timothy R. Schwertfeger

Timothy R. Schwertfeger
Chairman of the Board

Nuveen Municipal Closed-End Exchange-Traded Funds
(NUM, NMP, NZW, NUO, NXI, NBJ, NVJ)

Portfolio Manager's COMMENTS

Portfolio manager Cathryn Steeves discusses the economic and municipal market environments, key investment strategies and the performance of these Funds. Cathryn, who joined Nuveen in 1996, assumed portfolio management responsibility for the Ohio Funds in August 2004 and for the Michigan Funds in January 2005.

WHAT FACTORS AFFECTED THE U.S. ECONOMY AND MUNICIPAL MARKET DURING THE 12-MONTH REPORTING PERIOD ENDED JULY 31, 2005?

Between August 1, 2004, and July 31, 2005, the Federal Reserve implemented eight 0.25% increases in the fed funds rate. These increases, which were aimed at controlling economic growth and keeping the rate of inflation at acceptable levels, raised this short-term target to 3.25% from 1.25%. (On August 9, 2005, following the close of this reporting period, the fed funds rate was increased by another 0.25% to 3.50%.) As the fed funds rate rose over the reporting period, there was a corresponding increase in many shorter-term municipal market rates. At the same time, longer-term yields declined and bond prices rose. The yield on the benchmark 10-year U.S. Treasury note stood at 4.31% on July 31, 2005, compared with 4.45% one year earlier. Longer-term yields in the municipal market followed a similar pattern. The yield of the Bond Buyer 25 Revenue Bond Index, a widely-followed measure of longer-term municipal market rates, declined by approximately 45 basis points during this 12-month reporting period.

This rise in shorter-term rates and decline in longer-term rates produced an overall flattening of the yield curve, and generally helped the performance of bonds with longer effective maturities while tending to hurt the performance of

securities with shorter maturities or short call dates.

Despite the increases in shorter-term rates and an upsurge in energy costs, the economic expansion continued through the reporting period. The U.S. gross domestic product (GDP) grew in every calendar quarter, expanding at an annualized rate of 4.0% in the third quarter of 2004, by 3.3% (annualized) in the fourth quarter of 2004, 3.8% (annualized) in the first three months of 2005 and 3.4% (annualized) in the second quarter of 2005.

4

As of July 31, 2005, the year-over-year increase in the Consumer Price Index (CPI) was 3.2%, and the national unemployment rate stood at 5.0%, its lowest level since September 2001. On the whole, job reports over the 12-month period presented a picture of relatively solid growth.

Over this 12-month period, municipal bond new issue supply nationwide remained strong, with \$389.1 billion in new securities coming to market. One major factor behind the large new issue supply was the flattening yield curve, which in many situations made advance refundings economically more attractive for municipal issuers. Advance refunding means issuing new bonds at current lower rates and using the proceeds to effectively pay off existing, higher-yielding bonds. Between January and July 2005 such refundings were 67% higher than during the same period in 2004.

HOW ABOUT ECONOMIC AND MARKET CONDITIONS IN MICHIGAN AND OHIO?

During this reporting period, Michigan's manufacturing-based economy remained among the weakest in the country. The state's relatively highly unionized work force, combined with high energy and shipping costs, continued to prompt outsourcing to states and countries where costs were lower. While jobs in the business and services industries expanded, this was not enough to offset losses among auto manufacturers and suppliers. As of July 2005, Michigan's unemployment rate stood at 7.0%, the highest among the 50 states and well above the July 2005 national average of 5.0%. The continued weakness of the state's economy caused Fitch to downgrade Michigan's general obligation debt to AA from AA+ in December 2004. Moody's followed suit in January 2005, lowering the state's rating to Aa2 from Aa1. Standard & Poor's downgraded Michigan's general obligation debt to AA from AA+ in March 2005. During this reporting period, municipal issuance in Michigan totaled \$14.1 billion, an increase of 60% over the previous 12 months.

Ohio's economic growth also continued to be constrained by the state's heavy reliance on the weakened manufacturing sector. However, the massive job losses in manufacturing - with 235,000 jobs lost over the past three years - appear to have eased in recent months, and the state has become a hub for healthcare services. The state's outlook for business and professional services jobs also has improved recently, providing diversity to the Ohio economy. While relatively high when compared with the national average, the

5

jobless rate in Ohio fell to 5.7% in July 2005, down from 6.2% in July 2004. Recent state legislation that limits judgments against small and medium-sized companies, combined with Ohio's below-average overall cost of doing business, was expected to help strengthen Ohio's competitiveness and encourage businesses to relocate to or remain in the state. As of July 31, 2005, Ohio's general

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

obligation bonds were rated Aa1/AA+/AA+ by Moody's, Standard & Poor's and Fitch, respectively. In November 2004, Moody's revised its outlook for the state to stable from negative, citing recent improvements in Ohio's economic conditions. For the 12 months ended July 31, 2005, Ohio issuers offered \$11.4 billion in new municipal debt, an increase of 7% from the previous 12-month period.

WHAT KEY STRATEGIES WERE USED TO MANAGE THE MICHIGAN AND OHIO FUNDS DURING THE 12 MONTHS ENDED JULY 31, 2005?

With many market participants anticipating higher long-term interest rates, our focus in the Michigan and Ohio Funds throughout this period centered on finding bonds that we believed would add immediate value to the Funds' portfolios and that, in our judgment, also had the potential to perform well under a variety of future market scenarios, regardless of economic or interest rate trends.

In general, our purchase activity emphasized bonds in the long-intermediate part of the yield curve - specifically, bonds that mature in 15 to 25 years. In our opinion, bonds in the intermediate part of the curve offered more attractive opportunities and the best values during this period.

We also focused on purchasing bonds with premium coupons - those with prices above par and coupons above current market rates. Historically, these bonds often have held their value better than current coupon bonds when interest rates rise. Since premium bonds are sometimes vulnerable to early calls, we sought to balance some of these holdings by also purchasing bonds with eight to ten years of call protection.

As noted earlier, Michigan experienced significant growth in municipal issuance during this period, especially in the first part of 2005, while Ohio saw a more modest increase in municipal supply. In both markets, this increased our opportunities to utilize our specialized research expertise to find the types of bonds we sought. For example, for all

6

three of the Michigan Funds during this period we purchased BBB rated Chelsea Community Hospital bonds; BBB-rated Chandler Park Academy, a charter school; and non-rated bonds issued by Michigan State Hospital Financial Authority for Presbyterian Villages of Michigan, a long-term care facility. In the Ohio Funds, we added bonds rated AA issued by Montgomery County for Catholic Health Initiatives to all four Funds and bonds rated Baal issued for Wittenberg University to NUO, NXI and NVJ.

In addition to yield curve positioning and credit exposure, another priority during this period was careful duration management. Duration is a measure of a bond's price sensitivity as interest rates change, with higher duration bonds being more sensitive and thereby presenting greater interest rate risk. Duration management became increasingly important in the first half of 2005, as the flattening of the yield curve resulted in a dramatic rise in advance refundings. This had a generally positive impact on the Funds' performance, but also had a shortening effect on the Funds' durations. In order to maintain the Funds' durations within our preferred strategic range, we sold some of our older pre-refunded bonds and bonds with shorter maturities, which tended to underperform in the interest rate environment of the past 12 months, and reinvested the proceeds in longer duration bonds. Selling shorter duration bonds and reinvesting further out on the yield curve also enabled us to improve the Funds' overall call protection.

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

As discussed in the shareholder report dated January 31, 2005, we also began to use forward interest rate swaps, a type of derivative financial instrument, in late 2004 in an effort to reduce some of the interest rate risk in NZW. It is important to note that the hedge was not an attempt to profit from correctly predicting the timing and direction of interest rate movements. Instead, our sole objective was to reduce the duration of the Fund without having a negative impact on its income stream or common share dividends over the short term. The gain or loss from the hedging activity is reflected as an addition or subtraction to the Fund's net asset value (NAV) as the market value of the hedge fluctuates. Over the course of this reporting period, the hedge was effective in helping to reduce the NAV volatility of NZW. However, it had a negative impact on the Fund's total return for the period as declining long-term interest rates caused the value of the hedge to decline as the value of the Fund's portfolio rose.

7

HOW DID THE FUNDS PERFORM?

Individual results for these Michigan and Ohio Funds, as well as for comparative indexes and averages, are presented in the accompanying table.

TOTAL RETURNS ON NET ASSET VALUE*
For periods ended 7/31/05

MICHIGAN FUNDS	1-YEAR	5-YEAR	10-YEAR
NUM	9.28%	8.52%	7.16%
NMP	8.80%	8.37%	7.41%
NZW	10.41%	NA	NA
Lehman Brothers Municipal Bond Index ¹	6.35%	6.48%	6.23%
Lipper Michigan Municipal Debt Funds Average ²	9.53%	8.73%	7.81%
OHIO FUNDS			
NUO	8.70%	7.77%	7.11%
NXI	9.87%	NA	NA
NBJ	9.90%	NA	NA
NVJ	10.40%	NA	NA
Lehman Brothers Municipal Bond Index ¹	6.35%	6.48%	6.23%
Lipper Other States Municipal Debt Funds Average ³	9.78%	8.51%	7.28%

*Annualized

Past performance is not predictive of future results. Current performance may be higher or lower than the data shown. Returns do not reflect the deduction of taxes that shareholders may have to pay on Fund distributions or upon the sale of Fund shares.

For additional information, see the individual Performance Overview for your Fund in this report.

For the 12 months ended July 31, 2005, the total returns on NAV for all seven of the Funds in this report exceeded the return on the Lehman Brothers Municipal Bond Index. NZW also outperformed the average return for the Lipper Michigan peer group, while NUM and NMP trailed this measure. Among the Ohio Funds, NXI, NBJ and NVJ all outperformed the Lipper Other States peer group, while NUO lagged the group average. It should be noted that the performance of the Lipper Other States category represents the average returns of funds from 10 different states, representing a wide variety of economic and municipal market conditions. We believe this makes direct comparisons between this group average and a particular Ohio Fund less meaningful.

- 1 The Lehman Brothers Municipal Bond Index is an unleveraged, unmanaged national index comprising a broad range of investment-grade municipal bonds. Results for the Lehman index do not reflect any expenses.
- 2 The Lipper Michigan Municipal Debt Funds category average is calculated using the returns of all closed-end exchange-traded funds in this category for each period as follows: 1 year, 7 funds; 5 years, 5 funds; and 10 years, 4 funds. Fund and Lipper returns assume reinvestment of dividends.
- 3 The Lipper Other States Municipal Debt Funds category average is calculated using the returns of all closed-end exchange-traded funds in this category for each period as follows: 1 year, 44 funds; 5 years, 19 funds; and 10 years, 17 funds. Fund and Lipper returns assume reinvestment of dividends.

8

One of the primary factors benefiting the 12-month performance of these Funds relative to that of the unleveraged Lehman Brothers index was the Funds' use of financial leverage. While leveraging can add volatility to a Fund's NAV and share price, especially during periods when interest rates rise, this strategy can also provide opportunities for additional income and total return for common shareholders when short-term interest rates remain relatively low and long-term rates fall or remain constant.

As noted earlier, the municipal market yield curve flattened over the course of this reporting period as longer-term interest rates fell while short-term rates rose. Since falling bond yields mean rising bond prices, longer maturity bonds with falling yields generally performed better than securities with shorter maturities. Heavier exposure to the longer end of the yield curve helped the performances of NZW, NXI, NVJ, NBJ, and--to a lesser extent--NUM, while the performances of NMP and NUO were hampered by their relatively greater exposure to the short end of the curve. Part of the duration management strategy discussed earlier included efforts to more closely align the yield curve positioning of all these Funds.

All of the Funds in this report also benefited during this period from their allocations of lower-quality bonds during this period. Bonds rated BBB and lower

and non-rated bonds generally outperformed other higher-credit quality sectors as increased demand for lower-quality bonds offering higher yields drove up the value of these securities. For example, all of the Michigan Funds benefited from their holdings of lower-rated bonds issued for Detroit Medical Center, which posted a return of 35% for the 12-month reporting period. Strong performing bonds in the Ohio Funds included the BBB rated Hamilton County issue for Twin Towers (a long-term care facility bond held by all four Funds), Baa1 rated bonds for Summa Health Systems (held by NUO, NBJ and NVJ), and non-rated Ohio Water Development Authority solid waste disposal revenue bonds issued for Bay Shore Power (held by NUO, NXI and NBJ). The Ohio Funds also benefited from their holdings of BBB rated bonds issued by Puerto Rico and backed by the 1998 master tobacco settlement agreement, which produced solid performance during this period as the litigation environment improved and supply/demand dynamics drove tobacco bond prices higher.

9

In addition to leverage and credit and sector exposures, the Funds' performances during this period were impacted by actions that affected individual securities, including advance refundings, bond calls and upgrades or downgrades. NUM and NZW, in particular, benefited from advance refundings of 11% and 6%, respectively, of their portfolios during this reporting period. NXI, NBJ and NVJ also had portions of their portfolios pre-refunded during this period. These advance refundings resulted in price appreciation and enhanced credit quality. In contrast, NMP and NUO had fewer pre-refundings during this period than the other Funds in this report.

While bonds that were pre-refunded over this period tended to enhance Fund performance, holdings of older pre-refunded bonds tended to underperform the general municipal market during this period due to the shorter effective maturities of these bonds. This had an impact on the returns of NUM, NMP and NUO in particular. Housing was another sector that lagged the market during this period, largely as the result of the increased risk of prepayments and bond calls in the current interest rate environment. All of the Funds had exposures to housing bonds backed by the Government National Mortgage Association (GNMA), which did not perform well during this period and had slight negative impacts on the Funds' annual returns.

10

HOW WERE THE FUNDS POSITIONED IN TERMS OF CREDIT QUALITY AND BOND CALLS AS OF JULY 31, 2005?

The Funds continued to maintain strong credit quality. As of July 31, 2005, all of these Funds continued to offer excellent credit quality, with allocations of bonds rated AAA/U.S. guaranteed and AA ranging from 76% in NVJ to 79% in NXI, 80% in NBJ, 83% in NZW, 86% in NUO, and 90% in NUM and NMP.

As of July 31, 2005, potential call exposure for the period August 2005 through the end of 2006 ranged from 2% in NUM and NVJ to 3% in NZW, 4% in NBJ, 6% in NXI, 9% in NMP and 11% in NUO. The number of actual bond calls in all of these Funds depends largely on future market interest rates.

11

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

Dividend and Share Price INFORMATION

Each of the Funds in this report uses leverage to enhance opportunities for additional income for common shareholders. The extent of this benefit is tied in part to the short-term rates the Funds pay their MuniPreferred(R) shareholders. During periods of low short-term rates, leveraged Funds generally pay lower dividends to their MuniPreferred shareholders, which can leave more earnings to support common share dividends. However, when short-term interest rates rise, as they did during this reporting period, the Funds' borrowing costs also rise. While leveraging continued to provide benefits for common shareholders, the extent of these benefits was reduced. In addition, older Funds such as NUM, NMP, and NUO had a greater number of older, higher-yielding bonds that matured or were called, and the proceeds from these bonds had to be reinvested in the lower-yielding bonds available in the current rate environment, thereby reducing the Funds' income streams. The decline in interest rates at the longer end of the yield curve during this period also had an impact on some of the newer Funds, which had fewer opportunities to build reserves. As a cumulative result of all these factors, NXI and NVJ experienced one dividend reduction over the 12-month period ended July 31, 2005, and the dividends of NUM, NMP, NUO, and NBJ were reduced twice. The dividend of NZW remained stable throughout this reporting period.

In addition, due to capital gains generated by normal portfolio activity, common shareholders of the following Funds received capital gains and net ordinary income distributions at the end of December 2004, as follows:

	LONG-TERM CAPITAL GAINS (PER SHARE)	ORDINARY INCOME (PER SHARE)
NUM	\$0.1109	\$0.0056
NMP	\$0.0454	\$0.0056
NUO	\$0.0295	\$0.0059
NBJ	\$0.0210	\$0.0015
NVJ	\$0.0183	--

All of the Funds in this report seek to pay stable dividends at rates that reflect each Fund's past results and projected future performance. During certain periods, each Fund may pay dividends at a rate that may be more or less than the amount of net investment income actually earned by the Fund during the period. If a Fund has cumulatively earned more than it has paid in dividends, it holds the excess in reserve as undistributed net investment income (UNII) as part of the Fund's NAV. Conversely, if a Fund has

cumulatively paid dividends in excess of its earnings, the excess constitutes negative UNII that is likewise reflected in the Fund's NAV. Each Fund will, over time, pay all of its net investment income as dividends to shareholders. As of July 31, 2005, all of the Funds in this report had positive UNII balances for

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

both financial statement and tax purposes.

At the end of the reporting period, the Funds' share prices were trading at premiums or discounts to their NAVs as shown in the accompanying chart:

	7/31/05 PREMIUM/DISCOUNT	12-MONTH AVERAGE PREMIUM/DISCOUNT
NUM	-1.32%	+0.44%
NMP	+0.84%	-1.35%
NZW	+8.74%	+1.49%
NUO	+2.29%	+4.21%
NXI	+9.32%	+4.30%
NBJ	+0.72%	+2.28%
NVJ	+2.12%	+0.96%

- 1 Taxable equivalent yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a combined federal and state income tax rate of 31%. When comparing this fund to investments that generate qualified dividend income, the taxable equivalent yield is lower.
- 2 The Fund also paid shareholders capital gains and net ordinary income distributions in December 2004 of \$0.1165 per share.

- 1 Taxable equivalent yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a combined federal and state income tax rate of 33%. When comparing this fund to investments that generate qualified dividend income, the taxable equivalent yield is lower.
- 2 The Fund also paid shareholders capital gains and net ordinary income distributions in December 2004 of \$0.0354 per share.

1 Taxable equivalent yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a combined federal and state income tax rate of 33%. When comparing this fund to investments that generate qualified dividend income, the taxable equivalent yield is lower.

2 The Fund also paid shareholders a capital gains distribution in December 2004 of \$0.0183 per share.

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Nuveen Michigan Quality Income Municipal Fund, Inc., Nuveen Michigan Premium Income Municipal Fund, Inc., Nuveen Michigan Dividend Advantage Municipal Fund, Nuveen Ohio Quality Income Municipal Fund, Inc., Nuveen Ohio Dividend Advantage Municipal Fund, Nuveen Ohio Dividend Advantage Municipal Fund 2 and Nuveen Ohio Dividend Advantage Municipal Fund 3 as of July 31, 2005, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for the periods indicated therein. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of July 31, 2005, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of Nuveen Michigan Quality Income Municipal Fund, Inc., Nuveen Michigan Premium Income Municipal Fund, Inc., Nuveen Michigan Dividend Advantage Municipal Fund, Nuveen Ohio Quality Income Municipal Fund, Inc., Nuveen Ohio Dividend Advantage Municipal Fund, Nuveen Ohio Dividend Advantage Municipal Fund 2 and Nuveen Ohio Dividend Advantage Municipal Fund 3 at July 31, 2005, and the results of their operations for the year then ended, changes in their net assets for each of the two years in the period then ended, and their financial highlights for the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Notes to
 FINANCIAL STATEMENTS

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

The funds (the "Funds") covered in this report and their corresponding Common share stock exchange symbols are Nuveen Michigan Quality Income Municipal Fund, Inc. (NUM), Nuveen Michigan Premium Income Municipal Fund, Inc. (NMP), Nuveen Michigan Dividend Advantage Municipal Fund (NZW), Nuveen Ohio Quality Income Municipal Fund, Inc. (NUO), Nuveen Ohio Dividend Advantage Municipal Fund (NXI), Nuveen Ohio Dividend Advantage Municipal Fund 2 (NBJ) and Nuveen Ohio Dividend Advantage Municipal Fund 3 (NVJ). Common shares of Michigan Quality Income (NUM), Michigan Premium Income (NMP), and Ohio Quality Income (NUO) are traded on the New York Stock Exchange while Common shares of Michigan Dividend Advantage (NZW), Ohio Dividend Advantage (NXI), Ohio Dividend Advantage 2 (NBJ) and Ohio Dividend Advantage 3 (NVJ) are traded on the American Stock Exchange. The Funds are registered under the Investment Company Act of 1940, as amended, as closed-end management investment companies.

Each Fund seeks to provide current income exempt from both regular federal and designated state income taxes by investing primarily in a diversified portfolio of municipal obligations issued by state and local government authorities within a single state.

Effective January 1, 2005, Nuveen Advisory Corp. ("NAC"), the Funds' previous Adviser, and its affiliate, Nuveen Institutional Advisory Corp. ("NIAC"), were merged into Nuveen Asset Management ("NAM"), each wholly owned subsidiaries of Nuveen Investments, Inc. ("Nuveen"). As a result of the merger, NAM is now the Adviser to all funds previously advised by either NAC or NIAC.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

The prices of municipal bonds in each Fund's investment portfolio are provided by a pricing service approved by the Fund's Board of Directors/Trustees. When price quotes are not readily available (which is usually the case for municipal securities), the pricing service establishes fair market value based on yields or prices of municipal bonds of comparable quality, type of issue, coupon, maturity and rating, indications of value from securities dealers, evaluations of anticipated cash flows or collateral and general market conditions. Prices of derivative investments are also provided by an independent pricing service approved by each Fund's Board of Directors/Trustees. If the pricing service is

unable to supply a price for a derivative investment each Fund may use a market quote provided by a major broker/dealer in such investments. If it is determined that market prices for an investment are unavailable or inappropriate, the Board of Directors/Trustees of the Funds, or its designee, may establish a fair value for the investment. Temporary investments in securities that have variable rate and demand features qualifying them as short-term securities are valued at amortized cost, which approximates market value.

Securities Transactions

Securities transactions are recorded on a trade date basis. Realized gains and losses from transactions are determined on the specific identification method. Securities purchased on a when-issued or delayed delivery basis may have extended settlement periods. Any securities so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued and delayed delivery purchase commitments. At July 31, 2005, Michigan Quality Income (NUM), Michigan Premium Income (NMP) and Michigan Dividend Advantage (NZW) had outstanding when-issued purchase commitments of \$838,878, \$642,435 and \$535,739, respectively. There were no such outstanding purchase commitments in any of the other Funds.

Investment Income

Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis. Investment income also includes paydown gains and losses, if any.

Income Taxes

Each Fund is a separate taxpayer for federal income tax purposes. Each Fund intends to distribute substantially all net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required. Furthermore, each Fund intends to satisfy conditions which will enable interest from municipal securities, which is exempt from regular federal and designated state income taxes, to retain such tax-exempt status when distributed to shareholders of the Funds. All monthly tax-exempt income dividends paid during the fiscal year ended July 31, 2005, have been designated Exempt Interest Dividends. Net realized capital gains and ordinary income distributions paid by the Funds are subject to federal taxation.

Dividends and Distributions to Common Shareholders

Dividends from tax-exempt net investment income are declared monthly. Net realized capital gains and/or market discount from investment transactions, if any, are distributed to shareholders not less frequently than annually. Furthermore, capital gains are distributed only to the extent they exceed available capital loss carryforwards.

Distributions to Common shareholders of tax-exempt net investment income, net realized capital gains and/or market discount, if any, are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles.

Preferred Shares

The Funds have issued and outstanding Preferred shares, \$25,000 stated value per share, as a means of effecting financial leverage. Each Fund's Preferred shares are issued in one or more Series. The dividend rate on each Series is determined

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

every seven days, pursuant to a dutch auction process overseen by the auction agent, and is payable weekly at the end of each rate period. The number of Preferred shares outstanding, by Series and in total, for each Fund is as follows:

	MICHIGAN QUALITY INCOME (NUM)	MICHIGAN PREMIUM INCOME (NMP)	A

Number of shares:			
Series M	--	840	
Series W	--	--	
Series TH	3,200	1,400	
Series F	560	--	

Total	3,760	2,240	
=====			

	OHIO QUALITY INCOME (NUO)	OHIO DIVIDEND ADVANTAGE (NXI)	OHIO DIVIDEND ADVANTAGE 2 (NBJ)	ADV

Number of shares:

Series TH2	1,000	--	--	
Series F	--	--	960	

Total	3,080	1,240	960	
=====				

Forward Swap Transactions

The Funds may invest in certain derivative financial instruments. The Funds' use of forward interest rate swap transactions is intended to mitigate the negative impact that an increase in long-term interest rates could have on Common share net asset value. Forward interest rate swap transactions involve each Fund's agreement with the counterparty to pay, in the future, a fixed rate payment in exchange for the counterparty paying the Fund a variable rate payment. The amount of the payment obligation is based on the notional amount of the forward swap contract, and would increase or decrease in value based primarily on the extent to which long-term interest rates for bonds having a maturity of the swap's termination date were to increase or decrease. The Funds may close out a contract prior to the effective date at which point a realized gain or loss would be recognized. When a forward swap is terminated, it does not involve the delivery of securities or other underlying assets or principal, but rather is settled in cash on a net basis. Each Fund intends, but is not obligated to, terminate its forward swaps before the effective date. Accordingly, the risk of loss with respect to the swap counterparty on such transactions is limited to the credit risk associated with a counterparty failing to honor its commitment to pay any realized gain to the Fund upon termination. To minimize such credit risk, all counterparties are required to pledge collateral daily (based on the daily valuation of each swap) on behalf of each Fund with a value approximately equal to the amount of any unrealized gain above a pre-determined threshold. Reciprocally, when any of the Funds have an unrealized loss on a swap contract,

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

the Funds have instructed the custodian to pledge assets of the Funds as collateral with a value approximately equal to the amount of the unrealized loss above a pre-determined threshold. Collateral pledges are monitored and subsequently adjusted if and when the swap valuations fluctuate, either up or down, by at least the pre-determined threshold amount.

Custodian Fee Credit

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments.

Notes to
FINANCIAL STATEMENTS (continued)

Indemnifications

Under the Funds' organizational documents, their Officers and Directors/Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets applicable to Common shares from operations during the reporting period. Actual results may differ from those estimates.

3. SECURITIES TRANSACTIONS

Purchases and sales (including maturities) of investments in long-term municipal securities during the fiscal year ended July 31, 2005, were as follows:

	MICHIGAN QUALITY INCOME (NUM)	MICHIGAN PREMIUM INCOME (NMP)	A
--	--	--	---

Purchases	\$20,837,440	\$19,893,639	\$4
Sales and maturities	22,848,623	19,464,093	3

	OHIO QUALITY INCOME (NUO)	OHIO DIVIDEND ADVANTAGE (NXI)	OHIO DIVIDEND ADVANTAGE 2 (NBJ)	ADV
--	------------------------------------	--	--	-----

Purchases	\$34,793,099	\$13,025,753	\$10,795,413	\$1
Sales and maturities	33,816,192	13,032,906	9,987,710	1

4. INCOME TAX INFORMATION

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to the treatment of paydown gains and losses on investments, timing differences in recognizing income on taxable market discount securities and timing differences in recognizing certain gains and losses on security transactions.

At July 31, 2005, the cost of investments was as follows:

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

	MICHIGAN QUALITY INCOME (NUM)	MICHIGAN PREMIUM INCOME (NMP)	A
--	--	--	---

 Cost of investments \$255,890,739 \$164,426,945 \$45
 =====

Distributions from net long-term capital gains	2,185,303	75,417	--	

** Net ordinary income consists of taxable market discount income and net short-term capital gains, if any.

At July 31, 2005, the following Funds had unused capital loss carryforwards available for federal income tax purposes to be applied against future capital gains, if any. If not applied, the carryforwards will expire as follows:

Expiration Year	MICHIGAN DIVIDEND ADVANTAGE (NZW)	ADV
2011	\$35,129	
2012	--	
2013	--	
Total	\$35,129	

Ohio Dividend Advantage 3 elected to defer net realized losses from investments incurred from November 1, 2004 through July 31, 2005 ("post-October losses") in accordance with Federal income tax regulations. The post-October losses of \$3,332 were treated as having arisen on the first day of the following fiscal year.

5. MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Each Fund's management fee is separated into two components - a complex-level component, based on the aggregate amount of all fund assets managed by the Adviser, and a specific fund-level component, based only on the amount of assets within each individual fund. This pricing structure enables Nuveen fund

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser. As of August 31, 2005, the complex-level fee rate was .1896%.

The annual fund-level fee, payable monthly, for each Fund is based upon the average daily net assets (including net assets attributable to Preferred shares) of each Fund as follows:

AVERAGE DAILY NET ASSETS (INCLUDING NET ASSETS ATTRIBUTABLE TO PREFERRED SHARES)	MICHIGAN QUALITY INCOME (NUM) MICHIGAN PREMIUM INCOME (NMP) OHIO QUALITY INCOME (NUO) FUND-LEVEL FEE RATE
For the first \$125 million	.4500%
For the next \$125 million	.4375
For the next \$250 million	.4250
For the next \$500 million	.4125
For the next \$1 billion	.4000
For the next \$3 billion	.3875
For net assets over \$5 billion	.3750

AVERAGE DAILY NET ASSETS (INCLUDING NET ASSETS ATTRIBUTABLE TO PREFERRED SHARES)	MICHIGAN DIVIDEND ADVANTAGE (NZW) OHIO DIVIDEND ADVANTAGE (NXI) OHIO DIVIDEND ADVANTAGE 2 (NBJ) OHIO DIVIDEND ADVANTAGE 3 (NVJ) FUND-LEVEL FEE RATE
For the first \$125 million	.4500%
For the next \$125 million	.4375
For the next \$250 million	.4250
For the next \$500 million	.4125
For the next \$1 billion	.4000
For net assets over \$2 billion	.3750

Notes to
FINANCIAL STATEMENTS (continued)

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as follows:

COMPLEX-LEVEL ASSETS(1)	COMPLEX-LEVEL FEE RATE
For the first \$55 billion	.2000%
For the next \$1 billion	.1800
For the next \$1 billion	.1600
For the next \$3 billion	.1425
For the next \$3 billion	.1325
For the next \$3 billion	.1250
For the next \$5 billion	.1200
For the next \$5 billion	.1175
For the next \$15 billion	.1150

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

For Managed Assets over \$91 billion (2) .1400
 =====

- (1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to all types of leverage used by the Nuveen funds) of Nuveen-sponsored funds in the U.S.
- (2) With respect to the complex-wide Managed Assets over \$91 billion, the fee rate or rates that will apply to such assets will be determined at a later date. In the unlikely event that complex-wide Managed Assets reach \$91 billion prior to a determination of the complex-level fee rate or rates to be applied to Managed Assets in excess of \$91 billion, the complex-level fee rate for such complex-wide Managed Assets shall be .1400% until such time as a different rate or rates is determined.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Funds pay no compensation directly to those of its Directors/Trustees who are affiliated with the Adviser or to their officers, all of whom receive remuneration for their services to the Funds from the Adviser or its affiliates. The Board of Directors/Trustees has adopted a deferred compensation plan for independent Directors/Trustees that enables Directors/Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised Funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised Funds.

For the first ten years of Ohio Dividend Advantage's (NXI) operations, the Adviser has agreed to reimburse the Fund, as a percentage of average daily net assets (including net assets attributable to Preferred shares), for fees and expenses in the amounts and for the time periods set forth below:

YEAR ENDING MARCH 31,		YEAR ENDING MARCH 31,	
2001*	.30%	2007	.25%
2002	.30	2008	.20

* From the commencement of operations.

The Adviser has not agreed to reimburse Ohio Dividend Advantage 3 (NVJ) for any portion of its fees and expenses beyond March 31, 2012.

6. ANNOUNCEMENT REGARDING PARENT COMPANY OF ADVISER

In early April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers"), which owned 79% of Nuveen, (A) completed a public offering of a substantial portion of its equity stake in Nuveen, (B) sold Nuveen \$200 million of its Nuveen shares, (C) entered into an agreement with Nuveen to sell an additional \$400 million of its Nuveen shares on a "forward" basis with payment for and settlement of these shares delayed for several months, and (D) entered into agreements with two unaffiliated investment banking firms to sell an amount equal to most or all of its remaining Nuveen shares for current payment but for future settlement. Transactions (C) and (D) above were settled in late July, which effectively reduced St. Paul Travelers' controlling stake in Nuveen and was deemed an "assignment" (as defined in the 1940 Act) of the investment management agreements between the Funds and the Adviser, which resulted in the automatic termination of each agreement under the 1940 Act. In anticipation of such deemed assignment, the Board of Directors/Trustees had approved new ongoing investment management agreements for each Fund and the submission of those agreements for approval by each respective Fund's shareholders, which shareholder approval was received prior to the settlement of transactions (C) and (D). The new ongoing management agreements took effect upon such settlement.

7. SUBSEQUENT EVENTS - DISTRIBUTIONS TO COMMON SHAREHOLDERS

The Funds declared Common share dividend distributions from their tax-exempt net investment income which were paid on September 1, 2005, to shareholders of record on August 15, 2005, as follows:

	MICHIGAN QUALITY INCOME (NUM)	MICHIGAN PREMIUM INCOME (NMP)	
Dividend per share	\$.0720	\$.0700	

	OHIO QUALITY INCOME (NUO)	OHIO DIVIDEND ADVANTAGE (NXI)	OHIO DIVIDEND ADVANTAGE 2 (NBJ)	
Dividend per share	\$.0765	\$.0780	\$.0700

Board Members
AND OFFICERS

The management of the Fund, including general supervision of the duties performed for the Fund by the Adviser, is the responsibility of the Board Members of the Fund. The number of board members of the Fund is currently set at nine. None of the board members who are not "interested" persons of the Fund has ever been a director or employee of, or consultant to, Nuveen or its affiliates. The names and business addresses of the board members and officers of the Fund, their principal occupations and other affiliations during the past five years, the number of portfolios each oversees and other directorships they hold are set forth below.

- (1) Mr. Schwertfeger is an "interested person" of the Fund, as defined in the Investment Company Act of 1940, because he is an officer and board member of the Adviser.
- (2) Board members serve an indefinite term until his/her successor is elected. The year first elected or appointed represents the year in which the board member was first elected or appointed to any fund in the Nuveen Complex.
- (3) Nuveen Advisory Corp. and Nuveen Institutional Advisory Corp. were reorganized into Nuveen Asset Management, effective January 1, 2005.
- (4) Officers serve one year terms through July of each year. The year first elected or appointed represents the year in which the Officer was first elected or appointed to any fund in the Nuveen Complex.

ANNUAL INVESTMENT
MANAGEMENT AGREEMENT
APPROVAL PROCESS

At a meeting held on May 10-12, 2005, the Board of Trustees of the Funds, including the independent Trustees, unanimously approved the Investment Management Agreement between each Fund and NAM.

THE APPROVAL PROCESS

To assist the Board in its evaluation of an advisory contract with NAM, the independent Trustees received a report in adequate time in advance of their meeting which outlined, among other things, the services provided by NAM; the organization of NAM, including the responsibilities of various departments and key personnel; the Fund's past performance as well as the Fund's performance compared to funds of similar investment objectives compiled by an independent third party (a "Peer Group") and if available, with recognized or, in certain cases, customized benchmarks; the profitability of NAM and certain industry profitability analyses for advisers to unaffiliated investment companies; the expenses of NAM in providing the various services; the advisory fees of NAM, including comparisons of such fees with the management fees of comparable funds in its Peer Group as well as comparisons of NAM's management fees with the fees NAM assesses to other types of investment products or accounts, if any; the soft

dollar practices of NAM; and the expenses of each Fund, including comparisons of the Fund's expense ratios (after any fee waivers) with the expense ratios of its Peer Group. This information supplements that received by the Board throughout the year regarding Fund performance, expense ratios, portfolio composition, trade execution and sales activity.

In addition to the foregoing materials, independent legal counsel to the independent Trustees provided, in advance of the meeting, a legal memorandum outlining, among other things, the duties of the Trustees under the 1940 Act as well as the general principles of relevant state law in reviewing and approving advisory contracts; the requirements of the 1940 Act in such matters; an adviser's fiduciary duty with respect to advisory agreements and compensation; the standards used by courts in determining whether investment company boards of directors have fulfilled their duties and factors to be considered by the board in voting on advisory agreements.

At the Board meeting, NAM made a presentation to and responded to questions from the Board. After the presentations and after reviewing the written materials, the independent Trustees met privately with their legal counsel to review the Board's duties in reviewing advisory contracts and consider the renewal of the advisory contract. It is with this background that the Trustees considered each Investment Management Agreement with NAM. The independent Trustees, in consultation with independent counsel, reviewed the factors set out in judicial decisions and SEC directives relating to the renewal of advisory contracts. As outlined in more detail below, the Trustees considered all factors they believed relevant with respect to each Fund, including the following: (a) the nature, extent and quality of the services to be provided by NAM; (b) the investment performance of the Fund and NAM; (c) the costs of the services to be provided and profits to be realized by NAM and its affiliates from the relationship with the Fund; (d) the extent to which economies of scale would be realized as the Fund grows; and (e) whether fee levels reflect these economies of scale for the benefit of Fund investors.

A. NATURE, EXTENT AND QUALITY OF SERVICES

In evaluating the nature, extent and quality of NAM's services, the Trustees reviewed information concerning the types of services that NAM or its affiliates provide and are expected to provide to the Nuveen Funds; narrative and statistical information concerning the Fund's performance record and how such performance compares to the Fund's Peer Group and, if available, recognized benchmarks or, in certain cases, customized benchmarks (as described in further detail in Section B below); information describing NAM's organization and its various departments, the experience and responsibilities of key personnel, and available resources. In the discussion of key personnel, the Trustees received materials regarding the changes or additions in personnel of NAM. The Trustees further noted the willingness of the personnel of NAM to engage in open, candid discussions with the Board. The Trustees further considered the quality of NAM's investment process in making portfolio management decisions, including any refinements or improvements to the portfolio management processes, enhancements to technology and systems that are available to portfolio managers, and any additions of new personnel which may strengthen or expand the research and investment capabilities of NAM. In their review of advisory contracts for the fixed income funds, the Trustees also noted that Nuveen won the Lipper Award for Best Fund Family: Fixed Income-Large Asset Class, for 2004. Given the Trustees' experience with the Funds, other Nuveen funds and NAM, the Trustees noted that they were familiar with and continue to have a good understanding of the organization, operations and personnel of NAM.

In addition to advisory services, the independent Trustees considered the quality of the administrative or non-advisory services provided. In this regard, NAM provides the Fund with such administrative and other services (exclusive of, and in addition to, any such services provided by others for the Funds) and

officers and other personnel as are necessary for the operations of the respective Fund. In addition to investment management services, NAM and its affiliates provide each Fund with a wide range of services, including: preparing shareholder reports; providing daily accounting; providing quarterly financial statements; overseeing and coordinating the

74

activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal support (such as helping to prepare registration statements, amendments thereto and proxy statements and responding to regulatory inquiries); and performing other Fund administrative tasks necessary for the operation of the respective Fund (such as tax reporting and fulfilling regulatory filing requirements). In addition, in evaluating the administrative services, the Trustees considered, in particular, NAM's policies and procedures for assuring compliance with applicable laws and regulations in light of the new SEC regulations governing compliance. The Trustees noted NAM's focus on compliance and its compliance systems. In their review, the Trustees considered, among other things, the additions of experienced personnel to NAM's compliance group and modifications and other enhancements to NAM's computer systems. In addition to the foregoing, the Trustees also noted that NAM outsources certain services that cannot be replicated without significant costs or at the same level of expertise. Such outsourcing has been a beneficial and efficient use of resources by keeping expenses low while obtaining quality services.

In addition to the above, in reviewing the variety of additional services that NAM or its affiliates must provide to closed-end funds, such as the Funds, the independent Trustees determined that Nuveen's commitment to supporting the secondary market for the common shares of its closed-end funds is particularly noteworthy. In this regard, the Trustees noted Nuveen's efforts to sponsor numerous forums for analysts and specialists regarding the various Nuveen closed-end funds, its creation of a new senior position dedicated to providing secondary market support services and enhancing communications with investors and analysts, and its advertising and media relations efforts designed to raise investor and analyst awareness of the closed-end funds.

With respect to services provided to municipal funds, such as the Funds, the Trustees also noted, among other things, the enhancements NAM implemented to its municipal portfolio management processes (e.g., the increased use of benchmarks to guide and assess the performance of its portfolio managers); the implementation of a risk management program; and the various initiatives being undertaken to enhance or modify NAM's computer systems as necessary to support the innovations of the municipal investment team (such as, the ability to assess certain historical data in order to create customized benchmarks, perform attribution analysis and facilitate the use of derivatives as hedging instruments). With respect to certain of the Funds with a less seasoned portfolio, the Trustees also noted the hedging program implemented for such Funds and the team responsible for developing, implementing and monitoring the hedging procedures. The hedging program was designed to help maintain the applicable Fund's duration within certain benchmarks.

Based on their review, the Trustees found that, overall, the nature, extent and quality of services provided (and expected to be provided) to the Funds under the Investment Management Agreements were of a high level and were quite satisfactory.

B. THE INVESTMENT PERFORMANCE OF THE FUND AND ADVISER

As previously noted, the Board received a myriad of performance information regarding each Fund and its Peer Group, if available. Among other things, the Board received materials reflecting a Fund's historic performance, the Fund's performance compared to its Peer Group and, if available, its performance compared to recognized and, in certain cases, customized benchmarks. Further, in evaluating the performance information, in certain limited instances, the Trustees noted that the closest Peer Group for a Fund still would not adequately reflect such Fund's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such Fund's performance with that of the Peer Group.

For state municipal funds, such as the Funds, the performance data included, among other things, the respective Fund's performance relative to its peers. More specifically, a Fund's one-, three- and five-year total returns (as available) for the periods ending December 31, 2004 were evaluated relative to the unaffiliated funds in its respective Peer Group (including the returns of individual peers as well as the Peer Group average) as well as additional performance information with respect to all the funds in the Peer Group, subject to the following. Certain state municipal Funds do not have a corresponding Peer Group in which case their performance is measured against a state-specific municipal index compiled by an independent third party. Such indices measure bond performance rather than fund performance. The closed-end Funds that utilize such indices are from Connecticut, Georgia, Maryland, Missouri, North Carolina, Texas and Virginia. Based on their review, the Trustees determined that each Fund's absolute and relative investment performance over time had been satisfactory.

C. FEES, EXPENSES AND PROFITABILITY

1. FEES AND EXPENSES

In evaluating the management fees and expenses that a Fund is expected to bear, the Trustees considered the Fund's current management fee structure and the Fund's expected expense ratios in absolute terms as well as compared with the fees and expense ratios of the unaffiliated funds in its Peer Group. The Trustees reviewed the financial information of NAM, including its respective revenues, expenses and profitability. In reviewing fees, the Trustees, among other things, reviewed comparisons of the Fund's gross management fees (fees after fund-level and complex-wide level breakpoints but before reimbursements and fee waivers), net management fees (after breakpoints and reimbursements and fee waivers) and total expense ratios (before and after waivers) with those of the unaffiliated funds in the Peer Group and peer averages. In this regard, the Trustees noted that the relative ranking of the Nuveen Funds on fees and expenses was aided by the significant level of fee reductions provided by the fund-level and complex-wide breakpoint schedules, and the fee waivers and reimbursements provided by Nuveen for certain Funds launched since 1999. The complex-wide breakpoint schedule was instituted in 2004 and is described in further detail below in Section D entitled "Economies of Scale and Whether Fee Levels Reflect these Economies of Scale." In their review of the fee and expense information provided, including, in particular, the expense ratios of the unaffiliated funds in the respective Peer Group, the Trustees determined that each Fund's net total expense ratio was within an acceptable range compared to such peers.

2. COMPARISONS WITH THE FEES OF OTHER CLIENTS

The Trustees further compared the fees of NAM to the fees NAM assessed for other types of clients investing in municipal funds (such as municipal managed accounts). With respect to such separately managed accounts, the advisory fees for such accounts are generally lower than those charged to the comparable Fund. The Trustees noted, however, the additional services that are provided and the costs incurred by Nuveen in managing and operating registered investment companies, such as the Funds, compared to individually managed separate accounts. For instance, as described above, NAM and its affiliates provide numerous services to the Funds including, but not limited to, preparing shareholder reports; providing daily accounting; preparing quarterly financial statements; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal support; and administering all other aspects of the Fund's operations. Further, the Trustees noted the increased compliance requirements for funds in light of new SEC regulations and other legislation. These services are generally not required to the same extent, if at all, for separate accounts. In addition to the differences in services, the Trustees also considered, among other things, the differences in product distribution, investment policies, investor profiles and account sizes. Accordingly, the Trustees believe that the nature and number of services provided to operate a Fund merit the higher fees than those to separate managed accounts.

3. PROFITABILITY OF ADVISER

In conjunction with its review of fees, the Trustees also considered NAM's profitability. The Trustees reviewed NAM's revenues, expenses and profitability margins (on both a pre-tax and after-tax basis). In reviewing profitability, the Trustees recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. Accordingly, the Trustees reviewed NAM's assumptions and methodology of allocating expenses. In this regard, the methods of allocation used appeared reasonable but the Board noted the inherent limitations in allocating costs among various advisory products. The Trustees also recognized that individual fund or product line profitability of other advisers is generally not publicly available. Further, profitability may be affected by numerous factors including the types of funds managed, expense allocations, business mix, etc. and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Trustees considered NAM's profit margin compared to the profitability of various publicly-traded investment management companies and/or investment management companies that publicly disclose some or all of their financial results compiled by three independent third-party service providers. The Trustees also reviewed the revenues, expenses and profit margins of various unaffiliated advisory firms with similar amounts of assets under management for the last year prepared by NAM. Based on their review, the Trustees were satisfied that NAM's level of profitability from its relationship with each Fund was reasonable in light of the services provided.

In evaluating the reasonableness of the compensation, the Trustees also considered any other revenues paid to NAM as well as any indirect benefits (such as soft dollar arrangements, if any) NAM and its affiliates are expected to receive that are directly attributable to their management of the Funds, if any. See Section E below for additional information. Based on their review of the overall fee arrangements of the applicable Fund, the

Trustees determined that the advisory fees and expenses of the respective Fund were reasonable.

D. ECONOMIES OF SCALE AND WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

In reviewing the compensation, the Trustees have long understood the benefits of economies of scale as the assets of a fund grow and have sought to ensure that shareholders share in these benefits. One method for shareholders to share in economies of scale is to include breakpoints in the advisory fee schedules that reduce fees as fund assets grow. Accordingly, the Trustees received and reviewed the schedules of advisory fees for each Fund, including fund-level breakpoints thereto. In addition, after lengthy negotiations with management, the Board in May 2004 approved a complex-wide fee arrangement pursuant to which fees of the funds in the Nuveen complex, including the Funds, are reduced as the assets in the fund complex reach certain levels. The complex-wide fee arrangement was introduced on August 1, 2004 and the Trustees reviewed data regarding the reductions of fees for the Funds for the period of August 1, 2004 to December 31, 2004. In evaluating the complex-wide fee arrangement, the Trustees considered, among other things, the historic and expected fee savings to shareholders as assets grow, the amount of fee reductions at various asset levels, and that the arrangement would extend to all Funds in the Nuveen complex. The Trustees also considered the impact, if any, the complex-wide fee arrangement may have on the level of services provided. Based on their review, the Trustees concluded that the breakpoint schedule and complex-wide fee arrangement currently was acceptable and desirable in providing benefits from economies of scale to shareholders.

76

E. INDIRECT BENEFITS

In evaluating fees, the Trustees also considered any indirect benefits or profits NAM or its affiliates may receive as a result of its relationship with each Fund. In this regard, the Trustees considered any benefits from soft dollar arrangements. The Trustees noted that although NAM manages a large amount of assets, it has very little, if any, brokerage to allocate. This is due to the fact that NAM typically manages the portfolios of the municipal funds in the Nuveen complex and municipal bonds generally trade on a principal basis. Accordingly, NAM does not currently have any soft dollar arrangements and does not pay excess brokerage commissions (or spreads on principal transactions) in order to receive research services. In addition to soft dollar arrangements, the Trustees also considered any other revenues, if any, received by NAM or its affiliates. With respect to Funds with outstanding preferred shares and new Funds, the Trustees considered revenues received by Nuveen for serving as agent for broker-dealers at its preferred trading desk and for acting as co-manager in the initial public offering of new closed-end exchange-traded funds.

F. OTHER CONSIDERATIONS

Nuveen, until recently, was a majority-owned subsidiary of St. Paul Travelers Companies, Inc. ("St. Paul"). As noted, St. Paul earlier this year announced its intention to divest its equity stake in Nuveen. Nuveen is the parent of NAM. Pursuant to a series of transactions, St. Paul had begun to reduce its interest in Nuveen which would ultimately result in a change of control of Nuveen and therefore NAM. As mandated by the 1940 Act, such a change in control would result in an assignment of the advisory agreement with NAM and the automatic termination of such agreement. Accordingly, the Board also considered for each Fund the approval of a New Investment Management Agreement with each Fund in light of, and which would take effect upon, the anticipated change of control.

More specifically, the Board considered for each Fund a New Investment Management Agreement on substantially identical terms to the existing Investment Management Agreement, to take effect after the change of control has occurred and the contract has been approved by Fund shareholders. In its review, the Board considered whether the various transactions necessary to divest St. Paul's interest will have an impact on the various factors they considered in approving NAM, such as the scope and quality of services to be provided following the change of control. In reviewing the St. Paul transactions, the Board considered, among other things, the impact, if any, on the operations and organizational structure of NAM; the possible benefits and costs of the transactions to the respective Fund; the potential implications of any arrangements used by Nuveen to finance certain of the transactions; the ability of NAM to perform its duties after the transactions; whether a Fund's fee structure or expense ratio would change; any changes to the current practices of the respective Fund; any changes to the terms of the advisory agreement; and any anticipated changes to the operations of NAM. Based on its review, the Board determined that St. Paul's divestiture would not affect the nature and quality of services provided by NAM, the terms of the Investment Management Agreement, including the fees thereunder, and would not materially affect the organization or operations of NAM. Accordingly, the Board determined that their analysis of the various factors regarding their approval of NAM would continue to apply after the change of control.

G. APPROVAL

The Trustees did not identify any single factor discussed previously as all-important or controlling. The Trustees, including a majority of independent Trustees, concluded that the terms of the Investment Management Agreements were fair and reasonable, that the respective Fund Adviser's fees are reasonable in light of the services provided to each Fund, that the renewal of the NAM Investment Management Agreements should be approved, and that the new, post-change of control NAM Investment Management Agreements be approved and recommended to shareholders.

Reinvest Automatically
EASILY AND CONVENIENTLY

Sidebar text: NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

NUVEEN CLOSED-END EXCHANGE-TRADED FUNDS DIVIDEND REINVESTMENT PLAN

Your Nuveen Closed-End Exchange-Traded Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

CALL TODAY TO START REINVESTING DIVIDENDS AND/OR DISTRIBUTIONS

For more information on the Nuveen Automatic Reinvestment Plan or to enroll in or withdraw from the Plan, speak with your financial advisor or call us at (800) 257-8787.

Other Useful INFORMATION

In April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers") sold the majority of its controlling equity interest in Nuveen Investments, Inc. ("Nuveen") to the general public. Nuveen is the parent of Nuveen Asset Management ("NAM"), which is each Fund's investment manager. This sale was deemed to be an "assignment" of the investment management agreement between each

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

Fund and NAM and, if applicable, of the sub-advisory agreement between NAM and the Fund's sub-adviser. As required by law, the shareholders of each Fund were asked to approve a new investment management agreement and, if applicable, a new subadvisory agreement that reflected this change in ownership. The shareholders of each Fund voted this approval at a Shareholders' Meeting on July 26, 2005. There were no changes to the investment objectives or management of any Fund as a result of these actions.

QUARTERLY PORTFOLIO OF INVESTMENTS AND PROXY VOTING INFORMATION

Each Fund's (i) quarterly portfolio of investments, (ii) information regarding how the Funds voted proxies relating to portfolio securities held during the 12-month period ended June 30, 2005, and (iii) a description of the policies and procedures that the Funds used to determine how to vote proxies relating to portfolio securities are available without charge, upon request, by calling Nuveen Investments toll-free at (800) 257-8787 or on Nuveen's website at www.nuveen.com.

You may also obtain this and other Fund information directly from the Securities and Exchange Commission ("SEC"). The SEC may charge a copying fee for this information. Visit the SEC on-line at <http://www.sec.gov> or in person at the SEC's Public Reference Room in Washington, D.C. Call the SEC at 1-202-942-8090 for room hours and operation. You may also request Fund information by sending an e-mail request to publicinfo@sec.gov or by writing to the SEC's Public References Section at 450 Fifth Street NW, Washington, D.C. 20549.

CEO CERTIFICATION DISCLOSURE

Each Fund's Chief Executive Officer has submitted to the New York Stock Exchange the annual CEO certification as required by Section 303A.12(a) of the NYSE Listed Company Manual.

Each Fund has filed with the Securities and Exchange Commission the certification of its Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act.

GLOSSARY OF TERMS USED IN THIS REPORT

AVERAGE ANNUAL TOTAL RETURN: This is a commonly used method to express an investment's performance over a particular, usually multi-year time period. It expresses the return that would have been necessary each year to equal the investment's actual cumulative performance (including change in NAV or market price and reinvested dividends and capital gains distributions, if any) over the time period being considered.

AVERAGE EFFECTIVE MATURITY: The average of all the maturities of the bonds in a Fund's portfolio, computed by weighting each maturity date (the date the security comes due) by the market value of the security. This figure does not account for the likelihood of prepayments or the exercise of call provisions.

LEVERAGE-ADJUSTED DURATION: Duration is a measure of the expected period over which a bond's principal and interest will be paid, and consequently is a measure of the sensitivity of a bond's or bond Fund's value to changes when market interest rates change. Generally, the longer a bond's or Fund's duration, the more the price of the bond or Fund will change as interest rates change. Leverage-adjusted duration takes into account the leveraging process for a Fund and therefore is longer than the duration of the Fund's portfolio of bonds.

MARKET YIELD (ALSO KNOWN AS DIVIDEND YIELD OR CURRENT YIELD): An investment's current annualized dividend divided by its current market price.

NET ASSET VALUE (NAV): A Fund's common share NAV per share is calculated by

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

subtracting the liabilities of the Fund (including any MuniPreferred shares issued in order to leverage the Fund) from its total assets and then dividing the remainder by the number of shares outstanding. Fund NAVs are calculated at the end of each business day.

TAXABLE-EQUIVALENT YIELD: The yield necessary from a fully taxable investment to equal, on an after-tax basis, the yield of a municipal bond investment.

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, the registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. There were no amendments to or waivers from the Code during the period covered by this report. The registrant has posted the code of ethics on its website at www.nuveen.com/etf. (To view the code, click on the Investor Resources drop down menu box, click on Fund Governance and then click on Code of Conduct.)

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's Board of Directors or Trustees determined that the registrant has at least one "audit committee financial expert" (as defined in Item 3 of Form N-CSR) serving on its Audit Committee. The registrant's audit committee financial expert is Jack B. Evans, Chairman of the Audit Committee, who is "independent" for purposes of Item 3 of Form N-CSR.

Mr. Evans was formerly President and Chief Operating Officer of SCI Financial Group, Inc., a full service registered broker-dealer and registered investment adviser ("SCI"). As part of his role as President and Chief Operating Officer, Mr. Evans actively supervised the Chief Financial Officer (the "CFO") and actively supervised the CFO's preparation of financial statements and other filings with various regulatory authorities. In such capacity, Mr. Evans was actively involved in the preparation of SCI's financial statements and the resolution of issues raised in connection therewith. Mr. Evans has also served on the audit committee of various reporting companies. At such companies, Mr. Evans was involved in the oversight of audits, audit plans, and the preparation of financial statements. Mr. Evans also formerly chaired the audit committee of the Federal Reserve Bank of Chicago.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Nuveen Michigan Quality Income Municipal Fund, Inc.

The following tables show the amount of fees that Ernst & Young LLP, the Fund's auditor, billed to the Fund during the Fund's last two full fiscal years. For engagements with Ernst & Young LLP entered into on or after May 6, 2003, the Audit Committee approved in advance all audit services and non-audit services that Ernst & Young LLP provided to the Fund, except for those non-audit services that were subject to the pre-approval exception under Rule 2-01 of Regulation S-X (the "pre-approval exception"). The pre-approval exception for services provided directly to the Fund waives the pre-approval requirement for services other than audit, review or attest services if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid by the Fund to its accountant during the fiscal year in which the services are provided; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the audit is completed.

The Audit Committee has delegated certain pre-approval responsibilities to its Chairman (or, in his absence, any other member of the Audit Committee).

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE FUND

Fiscal Year Ended	Audit Fees Billed to Fund	Audit-Related Fees Billed to Fund
July 31, 2005	\$ 12,181	\$ 0
Percentage approved pursuant to pre-approval exception	0%	0%

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

July 31, 2004	\$ 11,608	\$ 0
---------------	-----------	------

Percentage approved pursuant to pre-approval exception	0%	0%
--	----	----

The above "All Other Fees" are fees paid to audit firms to perform agreed upon procedures required by the rating agencies to rate fund preferred shares. The above "Tax Fees" were billed for professional services for tax advice, tax compliance, and tax planning.

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE ADVISER AND AFFILIATED FUND SERVICE PROVIDERS

The following tables show the amount of fees billed by Ernst & Young LLP to Nuveen Asset Management ("NAM" or the "Adviser"), and any entity controlling, controlled by or under common control with NAM ("Control Affiliate") that provides ongoing services to the Fund ("Affiliated Fund Service Provider"), for engagements directly related to the Fund's operations and financial reporting, during the Fund's last two full fiscal years.

The tables also show the percentage of fees subject to the pre-approval exception. The pre-approval exception for services provided to the Adviser and any Affiliated Fund Service Provider (other than audit, review or attest services) waives the pre-approval requirement if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid to Ernst & Young LLP by the Fund, the Adviser and Affiliated Fund Service Providers during the fiscal year in which the services are provided that would have to be pre-approved by the Audit Committee; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the Fund's audit is completed.

Fiscal Year Ended	Audit-Related Fees Billed to Adviser and Affiliated Fund Service Providers	Tax Fees Billed to Adviser and Affiliated Fund Service Providers	Bi and Se
-------------------	--	--	-----------

July 31, 2005	\$ 0	\$ 282,575	
---------------	------	------------	--

Percentage approved pursuant to pre-approval exception	0%	0%
--	----	----

July 31, 2004	\$ 0	\$ 0
---------------	------	------

Percentage approved pursuant to	0%	0%
---------------------------------	----	----

pre-approval
exception

The above "Tax Fees" are primarily fees billed to the Adviser for Fund tax return preparation.

NON-AUDIT SERVICES

The following table shows the amount of fees that Ernst & Young LLP billed during the Fund's last two full fiscal years for non-audit services. For engagements entered into on or after May 6, 2003, the Audit Committee is required to pre-approve non-audit services that Ernst & Young LLP provides to the Adviser and any Affiliated Fund Services Provider, if the engagement related directly to the Fund's operations and financial reporting (except for those subject to the de minimis exception described above). The Audit Committee requested and received information from Ernst & Young LLP about any non-audit services that Ernst & Young LLP rendered during the Fund's last fiscal year to the Adviser and any Affiliated Fund Service Provider. The Committee considered this information in evaluating Ernst & Young LLP's independence.

Fiscal Year Ended	Total Non-Audit Fees Billed to Fund	Total Non-Audit Fees billed to Adviser and Affiliated Fund Service Providers (engagements related directly to the operations and financial reporting of the Fund)	Total billed to Affiliated Providers
July 31, 2005	\$ 3,131	\$ 282,575	
July 31, 2004	\$ 2,909	\$ 0	

The above "Non-Audit Fees billed to Adviser" for 2005 include "Tax-Fees" billed to Adviser in the amount of \$282,575 from previous table.

Audit Committee Pre-Approval Policies and Procedures. Generally, the audit committee must approve (i) all non-audit services to be performed for the Fund by the Fund's independent accountants and (ii) all audit and non-audit services to be performed by the Fund's independent accountants for the Affiliated Fund Service Providers with respect to operations and financial reporting of the Fund. Regarding tax and research projects conducted by the independent accountants for the Fund and Affiliated Fund Service Providers (with respect to operations and financial reports of the Fund) such engagements will be (i) pre-approved by the audit committee if they are expected to be for amounts greater than \$10,000; (ii) reported to the audit committee chairman for his verbal approval prior to engagement if they are expected to be for amounts under \$10,000 but greater than \$5,000; and (iii) reported to the audit committee at the next audit committee meeting if they are expected to be for an amount under \$5,000.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant's Board of Directors or Trustees has a separately designated audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78c(a)(58)(A)). The members of the audit committee are Robert P. Bremner, Lawrence H. Brown, Jack B. Evans, William J. Schneider and Eugene S. Sunshine.

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

ITEM 6. SCHEDULE OF INVESTMENTS.

See Portfolio of Investments in Item 1.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

In the rare event that a municipal issuer held by the Fund were to issue a proxy or that the Fund were to receive a proxy issued by a cash management security, the Adviser would either engage an independent third party to determine how the proxy should be voted or vote the proxy with the consent, or based on the instructions, of the Fund's Board of Directors or Trustees or its representative. In the case of a conflict of interest, the proxy would be submitted to the applicable Fund's Board to determine how the proxy should be voted. A member of the Adviser's legal department would oversee the administration of the voting, and ensure that records were maintained in accordance with Rule 204-2(c)(2) under the Investment Advisers Act of 1940 (17 CFR 275.204-2(c)(2)), reports were filed with the SEC on Form N-PX, and the results were provided to the Board of Directors or Trustees and made available to shareholders as required by applicable rules.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable at this time.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no material changes to the procedures by which shareholders may recommend nominees to the registrant's Board implemented after the registrant last provided disclosure in response to this Item.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

File the exhibits listed below as part of this Form. Letter or number the exhibits in the sequence indicated.

Edgar Filing: NUVEEN MICHIGAN QUALITY INCOME MUNICIPAL FUND INC - Form N-CSR

(a)(1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit: Not applicable because the code is posted on registrant's website at www.nuveen.com/etf and there were no amendments during the period covered by this report. (To view the code, click on the Investor Resources drop down menu box, click on Fund Governance and then Code of Conduct.)

(a)(2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: Ex-99.CERT Attached hereto.

(a)(3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons. Not applicable.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. Ex-99.906 CERT attached hereto.
