**DUPONT REPORTS THIRD QUARTER 2006 EARNINGS OF \$.52 PER SHARE;
REVENUES GROW 7 PERCENT, OPERATING MARGINS INCREASE**

Highlights

The company reported third quarter 2006 earnings of \$.52 per share versus a prior-year loss of \$.09 per share.

Excluding significant items, earnings per share were \$.49, up 48 percent from the \$.33 per share earned in the prior year.

Revenues grew 7 percent reflecting 3 percent higher local prices, 3 percent higher volume, and a 1 percent currency effect. Asia Pacific volume grew 11 percent.

Raw material costs were \$180 million higher than third quarter last year despite lower market prices for U.S. natural gas, but were fully offset by selling price increases.

Fixed costs were lower than last year and continued the company's trend of decreasing fixed costs as a percentage of sales.

Segment pretax operating margin, excluding significant items, increased 1.6 percentage points versus last year, principally reflecting the benefits of higher average prices and lower fixed costs.

We delivered strong results by executing our growth strategies and productivity initiatives, said Charles O. Holliday, Jr., DuPont chairman and chief executive officer. Continued pricing momentum, customer-driven product innovations, and cost control generated revenue gains, profit growth and margin expansion. We are on track for a strong second half.

Global Consolidated Net Income and Sales

Consolidated net income for the third quarter 2006 was \$485 million, or \$0.52 per share including a \$.03 benefit from initial insurance recoveries for prior-year hurricane damage. Net income for the third quarter 2005 was a loss of \$82 million, or \$.09 per share, largely due to a tax charge of \$320 million, or \$.32 per share, and a \$95 million after-tax charge or \$.10 per share for hurricane damage. Excluding significant items, earnings per share were \$.49 in the third quarter 2006 compared to \$.33 in the prior year.

Table of Contents

The increase in third quarter 2006 net income principally can be attributed to higher sales volume and local selling prices, and lower fixed costs. These benefits were partly offset by the impact of higher ingredient costs.

Consolidated net sales for the third quarter were \$6.3 billion versus \$5.9 billion last year, up 7 percent, with double-digit increases in Asia Pacific and Europe. Local selling prices were higher in every region, increasing worldwide sales 3 percent. Sales volume increased 3 percent, reflecting higher sales of titanium dioxide, engineering and packaging polymers, industrial chemicals and electronic materials. The company estimates that about 1 percentage point of worldwide volume growth can be attributed to recovery from prior year business interruptions due to hurricanes Katrina and Rita.

(Dollars in billions)	Three Months Ended September 30, 2006		Percentage Change Due to:		
	\$	% Change	Local Price	Currency Effect	Volume
U.S.	\$ 2.5	4%	3		1
Europe	1.7	11	3	4	4

EPS 2006

5

\$ 0.52

Table of Contents

Improved local pricing fully offset higher raw material costs. Fixed cost productivity, measured as a percent of sales, improved 4.2 percentage points versus last year, reflecting a \$50 million year-over-year reduction in total fixed costs and a 7 percent increase in sales. After adjusting for currency and volume effects, after-tax fixed costs were \$.07 per share lower than last year.

Business Segment Performance

Segment pretax operating income (PTOI) for third quarter 2006 was \$900 million versus \$545 million in the prior year. Excluding a current quarter benefit of \$50 million for initial insurance recoveries and prior-year charges of \$146 million for hurricane damages, PTOI was \$850 million versus \$691 million, up 23 percent. PTOI including significant items, sales, and percentage changes versus third quarter 2005 are shown in the tables below.

PRETAX OPERATING INCOME* (Dollars in millions)	Three Months Ended September 30		
	2006	2005	\$ Change vs. 2005

Other	(27)	(13)	(14)
Total	\$ 900	\$ 545	\$ 355

* See Schedule B for significant items.

SEGMENT SALES* (Dollars in billions)	Three Months Ended September 30		Percentage Change Due to:	
	\$	% Change	U. S. \$ Price	Volume
Agriculture & Nutrition	\$1.0	(3)		(3)
Coatings & Color Technologies	1.6	8	3	5
Electronic & Communication Technologies	1.0	4	2	2
Performance Materials	1.7	13	7	6
Safety & Protection	1.4	11	8	3

* Segment sales include inter-segment transfers and a pro rata share of affiliates sales.

The following are summaries of third quarter 2006 performance for the business segments. Additional information on segment performance is available on the DuPont Investor Center website at www.dupont.com.

Table of Contents

Agriculture & Nutrition

Third quarter seasonal losses increased versus the prior year by \$24 million, reflecting \$30 million lower sales and higher cost of goods sold, partly offset by a gain on an asset sale.

Third quarter sales of \$1.0 billion were down 3 percent. Higher sales for sulfonylurea products in cereals markets and share gains in corn and soybeans in Brazil were offset by southern hemisphere order timing and lower sales of soy protein products in the United States.

Coatings & Color Technologies

PTOI was \$276 million including a \$43 million initial insurance recovery, versus prior year PTOI of \$26 million which included a \$113 million hurricane charge. Excluding these items, earnings improvement reflects increases in titanium dioxide sales and margin improvement in all coatings product lines.

Third quarter sales were \$1.6 billion, up 8 percent, reflecting 5 percent higher volume and 3 percent higher USD selling prices. Higher titanium dioxide and refinishes volume more than offset lower OEM coatings volume.

Electronic & Communication Technologies

PTOI was \$135 million versus \$145 million in the prior year, reflecting lower results for fluorochemicals and analog proofing product lines.

Third quarter sales were \$1.0 billion, up 4 percent on 2 percent higher volume and 2 percent higher USD selling prices. Growth was primarily driven by increased demand in Asia for electronic materials.

Performance Materials

PTOI was \$172 million versus \$68 million in 2005 as higher prices and volume, and lower fixed costs in the engineering polymers, elastomers and packaging product lines more than offset higher raw material costs.

Third quarter sales of \$1.7 billion increased 13 percent, reflecting 6 percent higher volume and 7 percent higher USD selling prices. Sales increased in all regions.

Safety & Protection

PTOI was \$292 million, including \$7 million from an initial insurance recovery, versus \$256 million in the prior year, which included a \$31 million gain on an asset sale and a \$22 million hurricane charge. Excluding these items, earnings increased 15 percent due to higher sales and disciplined fixed cost control.

Third quarter sales of \$1.4 billion were up 11 percent, reflecting 8 percent higher USD prices and 3 percent higher volume.

Share Repurchase Program Update

In the third quarter 2006, the company repurchased \$100 million of its stock as part of its \$5 billion share repurchase program announced in October 2005, bringing the total amount repurchased to \$3.3 billion. The company anticipates completing the remaining \$1.7 billion of the program, consistent with its financial discipline principles, by the end of 2007. The company will continue to report its progress against this program.

Table of Contents

Outlook

The company expects 2006 reported earnings to be about \$2.86 per share, including the net benefit of \$.01 per share from year-to-date significant items. Excluding significant items, the company reaffirms its full-year 2006 outlook of about \$2.85 per share, which represents a 22 percent increase from the \$2.34 per share earned in the prior year on the same basis.

We are confident we will deliver significantly higher year-over-year earnings in the fourth quarter, even after adjusting for the hurricanes in 2005, Holliday said. We are taking the right actions and continuing to invest in our exciting pipeline of new customer-driven products and technologies. Our momentum will continue into 2007 and we expect to meet our long-term financial goal of 10 percent annual growth in earnings per share.

Use of Non-GAAP Measures

Management believes that measures of income excluding significant items (non-GAAP information) are meaningful to investors because they provide insight with respect to ongoing operating results of the company. Such measurements are not recognized in accordance with generally accepted accounting principles (GAAP) and should not be viewed as an alternative to GAAP measures of performance. Reconciliations of non-GAAP measures to GAAP are provided in Schedule E.

DuPont is a science-based products and services company. Founded in 1802, DuPont puts science to work by creating sustainable solutions essential to a better, safer, healthier life for people everywhere. Operating in more than 70 countries, DuPont offers a wide range of innovative products and services for markets including agriculture and food; building and construction; communications; and transportation.

Forward-Looking Statements: This news release contains forward-looking statements based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about the company's strategy for growth, product development, market position, expected expenditures and financial results are forward-looking statements. Some of the forward-looking statements may be identified by words like expects, anticipates, plans, intends, projects, indicates, and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents filed with the Securities and Exchange Commission by DuPont, particularly its latest annual report on Form 10-K and quarterly report on Form 10-Q, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which the company does business; competitive pressures; successful integration of structural changes, including restructuring plans, acquisitions, divestitures and alliances; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; seasonality of sales of agricultural products; and severe weather events that cause business interruptions, including plant and power outages, or disruptions in supplier and customer operations.

E.I. du Pont de Nemours and Company
Notes to Consolidated Income Statement
(Dollars in millions, except per share amounts)

- (a) Year-to-date 2006 includes a reversal of accrued interest of \$7 associated with the favorable settlement of certain prior year tax contingencies which had been previously reserved.

Third quarter 2005 includes a gain of \$31 from sale of certain North American assets in the Safety & Protection segment. Year-to-date 2005 also includes a gain of \$23 resulting from the disposition of certain assets of DuPont Dow Elastomers LLC (DDE) to the Dow Chemical Company, a \$28 benefit related to interest on certain prior year tax contingencies, and a gain of \$48 resulting from the sale of the company's equity interest in DuPont Photomasks, Inc.

- (b) Third quarter 2006 includes a benefit of \$50 resulting from initial insurance recoveries relating to the damage suffered from hurricane Katrina in 2005. Pretax amounts by segment were: \$43 Coatings & Color Technologies and \$7 Safety & Protection. Year-to-date 2006 also includes a restructuring charge of \$135 in the Coatings & Color Technologies segment in connection with the Company's plans to close and consolidate certain manufacturing and laboratory sites. The charge consists of employee separation costs, primarily in Europe, for approximately 1,300 employees and other exit costs.

During the third quarter 2005, the company recorded charges of approximately \$146 for damaged facilities, inventory write-offs and clean-up costs related to the hurricanes. Pretax hurricane charges by segment were: \$113 Coatings & Color Technologies, \$11 Performance Materials and \$22 Safety & Protection. Year-to-date 2005 also includes a charge of \$34 related to the shutdown of an Elastomers manufacturing facility in the United States.

- (c) During the third quarter 2005, the company recorded a \$23 benefit, primarily reflecting a gain on the sale of an equity affiliate associated with the separation of Textiles & Interiors. Year-to-date 2005 includes a net gain of \$39 relating to the disposition of three equity affiliates, partly offset by other separation costs.
- (d) Year-to-date 2005 includes \$14 of operating income related to certain DDE assets that were disposed of on June 30, 2005.
- (e) Year-to-date 2006 includes a tax benefit of \$31 associated with an increase in the deferred tax assets of a European subsidiary for a tax basis investment loss recognized on the local tax return and the reversal of \$44 of income taxes associated with favorable settlement of certain prior-year tax contingencies which had been previously reserved.

Third quarter 2005 includes charges of \$320 for income taxes associated with the repatriation of \$9.1 billion under the American Jobs Creation Act (AJCA). Year-to-date 2005 includes a net tax benefit of \$24 related to certain prior year tax contingencies previously reserved.

- (f) Earnings per share are calculated on the basis of the following average number of common shares outstanding:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	Basic	Diluted	Basic	Diluted
2006	922,023,399	927,231,880	921,620,506	928,809,510
