We are pleased to take advantage of the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of this Proxy Statement and our 2010 Annual Report. We believe that this process allows us to provide our stockholders with the necessary information while reducing our costs and lessening the environmental impact of the annual meeting. The Notice contains instructions on how to access the Proxy Statement and Annual Report over the Internet. The Notice also contains instructions on how to request a paper copy of the proxy materials.

The foregoing matters are described in more detail in the Proxy Statement that is available at <http://www.proxyvote.com>.

At the meeting, we will also report on the Company's business results for 2010 and the first quarter of 2011 as well as other matters of interest to stockholders.

Only holders of record, as of the close of business on March 15, 2011, of shares of common stock of the Company will be entitled to notice of and to vote at the meeting and any adjournments thereof.

PROXY STATEMENT

AIR TRANSPORT SERVICES GROUP, INC.

145 Hunter Drive, Wilmington, Ohio 45177

ANNUAL MEETING OF STOCKHOLDERS, MAY 10, 2011

This Proxy Statement is provided in connection with the solicitation of proxies by the Board of Directors (the "Board") of Air Transport Services Group, Inc., a Delaware corporation (the "Company" or "ATSG"), for use at the annual meeting of stockholders to be held at the Boyd Cultural Arts Center/Heiland Theatre, Wilmington College, 1870 Quaker Way, Wilmington, Ohio 45177, at 11:00 a.m., local time, on Tuesday, May 10, 2011, and at any adjournments thereof.

Proxies may be solicited in person, by telephone or mail, and the costs thereof will be borne by the Company.

The proxy materials, including this Proxy Statement, proxy card and the Company's 2010 Annual Report, are being distributed and made available on or about March 31, 2011. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the "SEC"), the Company has elected to provide stockholders access to proxy materials over the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the "Notice") will be mailed on or about March 31, 2011 to stockholders who owned common stock at the close of business on March 15, 2011. Stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request that a printed set of the proxy materials be sent to them by following the instructions in the Notice.

At the annual meeting, the holders of shares of common stock of the Company will (1) vote to elect three directors for terms of three years and until their successors have been elected and qualified, (2) consider and vote on a proposal to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for 2011, (3) consider and hold an advisory vote on executive compensation, (4) consider and hold an advisory vote on the frequency of future advisory votes on executive compensation, and (5) transact such other business as may properly come before the meeting and any adjournments thereof.

VOTING AT THE MEETING

Voting Rights and Outstanding Shares

Only holders of record of shares of common stock of the Company as of the close of business on March 15, 2011, will be entitled to notice of and to vote at the meeting and any adjournments thereof. The common stock is the only class of voting securities of the Company currently outstanding. Each share of common stock is entitled to one vote at the meeting on all matters properly presented at the meeting. On March 15, 2011, there were 64,314,571 shares of common stock outstanding. At the meeting, the presence in person or by proxy of a majority of the outstanding shares is required for a quorum.

Voting Procedures

Most stockholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card. Please refer to your proxy or voting instruction card to see which options are available to you and how to use them. The deadline for voting by telephone or over the Internet is 11:59 p.m. ET, on May 9, 2011. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Stockholders whose shares are held in the name of a broker or other nominee and wish to vote in person at the meeting will need to obtain a signed proxy form from the institution that holds their shares.

Vote Required

Proposal 1: Election of Directors. The three nominees for director who receive the most votes of all the votes cast for directors will be elected. This means that if you do not vote for a particular nominee, or if you withhold authority to vote for a particular nominee when voting your proxy, your vote will not count for or against the nominee. If a listed

Table of Contents

nominee becomes unavailable, the persons named in the proxy may vote for any substitute designated by the Nominating and Governance Committee; however, the Board has no reason at this time to anticipate that this will occur.

Proposal 2: Ratification of Selection of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes represented at the annual meeting, either in person or by proxy, and entitled to vote on this proposal, is required to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the 2011 fiscal year. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote against this proposal.

Proposal 3: Advisory Vote on Executive Compensation. The affirmative vote of a majority of the votes represented at the annual meeting, either in person or by proxy, and entitled to vote on this proposal, is required to ratify this proposal. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote against this proposal.

Proposal 4: Advisory Vote on Frequency of Future Advisory Votes on Executive Compensation. The affirmative vote of a majority of the votes represented at the annual meeting, either in person or by proxy, and entitled to vote on this proposal, is required to ratify this proposal. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote against this proposal.

If you properly sign and return your proxy card or complete your proxy via the telephone or Internet, your shares will be voted as you direct. Unless a stockholder provides specific instructions to withhold votes from a nominee for director, the persons named in the proxy will be authorized to vote the shares represented thereby FOR the election of the Board's nominees for director. To the extent specific instructions are not given with respect to Proposals 2 and 3, the shares represented by the proxy will be voted FOR the proposal. To the extent specific instructions are not given with respect to Proposal 4, the shares represented by the proxy will be voted for a frequency of every 3 YEARS.

Shares Registered in the Name of a Broker

Brokerage firms holding shares in street name for customers are required to vote such shares in the manner directed by their customers. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote these shares. A "broker non-vote" occurs when a stockholder of record, such as a broker or bank, does not vote on a proposal because it has not received voting instructions from the beneficial owner and does not have discretionary authority to vote on the proposal. The proposal for the election of directors and proposals 3 and 4 are not discretionary items, so you must provide instructions to your broker in order to cast a vote on those proposals. We do not expect broker non-votes on Proposal 2.

Revocability

You may revoke your proxy in one of the following ways: by voting in person at the annual meeting, by giving written notice of revocation to the Secretary of the Company prior to the voting, or by giving a later dated proxy (including by means of a telephone or Internet vote) at any time before the voting deadline, which is 11:59 PM ET, on May 9, 2011.

Confidentiality

It is the policy of the Company that all proxy cards, ballots and vote tabulations that identify the vote of a specific stockholder on any matter submitted for a vote of stockholders be kept secret from the Company and its directors, officers and employees, except when (a) disclosure is required by applicable law or regulation, (b) a stockholder expressly requests such disclosure, or (c) in a contested proxy solicitation.

Table of Contents

Proxy Solicitation

Proxies may be solicited by directors, executive officers and other employees of the Company in person or by telephone, telegraph or mail only for use at the annual meeting. All solicitation costs will be borne by the Company. The Company has retained Georgeson Shareholder Communications, Inc. (“Georgeson”) to assist with the solicitation of proxies for a project management fee of \$14,500, plus reimbursement for out-of-pocket expenses. The Company may also engage Georgeson to solicit proxies by telephone for a reasonable additional fee determined on a per-completed-call basis. All solicitation costs will be borne by the Company.

Proxy Tabulation

Proxies and ballots will be received and tabulated by, and the inspector of election will be from, an independent firm that is not affiliated with the Company. Subject to the above exceptions to the confidential voting policy, comments on written proxy cards will be provided to the Secretary of the Company without disclosing the vote unless the vote is necessary to understand the comment.

Separate Voting Materials

If you share an address with another stockholder and we sent you a notice of an intent to send you a householded mailing, you may receive only one set of proxy materials (including our annual report to stockholders, 2010 Form 10-K, and proxy statement) unless you have provided contrary instructions. If you wish to receive a separate set of documents now or in the future, you may write or call to request a separate copy of these materials from:

Air Transport Services Group, Inc.

CORPORATE GOVERNANCE AND BOARD MATTERS

The Board of Directors held eight meetings during 2010 and each director participated in at least 75% of the board meetings and meetings of the committees of the Board on which he served during the year. Directors are expected to attend board meetings, meetings of the committees on which they serve and the annual meeting of stockholders. All of the directors then in office attended the Company's 2010 annual meeting, except for Mr. Carey, who was unable to travel for health reasons.

Independence

The Board has determined that each of the current directors, except Joseph C. Hete (by virtue of his employment as President and Chief Executive Officer of the Company), has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the independence standards of the SEC, NASDAQ and the Certificate of Incorporation, as currently in effect.

In considering the independence of Mr. Teets, the Board considered the fact that he is a Partner of Red Mountain Capital Partners, LLC, the beneficial owner of approximately 13.03% of the Company's outstanding shares, and concluded that his relationship with Red Mountain Capital Partners, LLC does not impact his independence as a director of the Company. In reaching this conclusion, the Board took into account the fact that the Company and Red Mountain are parties to a confidentiality and standstill agreement that will remain in effect during Mr. Teets' tenure as a board

Table of Contents

member of the Company. The agreement provides for the Company to disclose certain proprietary information to Red Mountain, and imposes confidentiality obligations on Red Mountain with respect to such information and restrictions on its ability to (i) acquire or agree to acquire, directly or indirectly, more than 14.9% of the issued and outstanding stock of the Company or any assets of the Company or subsidiary or division thereof; (ii) make, or in any way participate, directly or indirectly, in any "solicitation" of "proxies" to vote, as such terms are used in the rules of the SEC, or seek to advise or influence any person with respect to the voting of any securities of the Company; (iii) nominate or seek to nominate, directly or indirectly, any person to the Board of Directors; (iv) make any public announcement with respect to, or submit a proposal for, or offer of, any extraordinary transaction involving the Company or any of its securities or assets, (v) form, join or in any way participate in a "group" as defined in Section 13(d)(3) of the Exchange Act in connection with any of the foregoing; (vi) otherwise act or seek to control or influence the Board of Directors or the management or policies of the Company, (vii) take any action that could reasonably be expected to require the Company to make a public announcement regarding the possibility of any of the events described in (i) through (v) above; or (viii) request for the Company, directly or indirectly, to amend or waive any of the foregoing provisions.

Director Compensation

The Company uses a combination of cash and long-term incentive compensation to attract and retain qualified candidates to serve on the Board. The Compensation Committee recommends to the Board of Directors for its approval the form and amount of compensation paid to the non-employee directors. The Committee reviews the compensation arrangements of the directors on an annual basis, which review includes an evaluation prepared on an annual or bi-annual basis by Towers Watson, a national compensation consulting firm, retained by the Compensation Committee. The evaluation considers the compensation arrangements for the directors of similar companies. Like the executive officers, the directors are also subject to minimum stock ownership requirements. Each director is required to own stock and/or restricted stock units equal to a multiple of his annual retainer within a specified time period after his election to the Board.

Cash Compensation

During 2010, non-employee directors received an annual fee of \$30,000, plus \$1,500 for each board and committee meeting attended. The Chairman of the Board received an additional annual fee of \$60,000, the Chairman of the Audit Committee received an additional annual fee of \$15,000, and the respective Chairman of the Compensation Committee, Nominating and Governance Committee, and Executive Committee each received an additional annual fee of \$4,000. Directors also are reimbursed during the year for out-of-pocket expenses incurred in the performance of their duties as directors, such as travel expenses.

Long-Term Incentive Compensation

The long-term incentive compensation awards for the non-employee directors are comprised solely of restricted stock units. Since the approval of the Company's Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"), the Board has granted restricted stock unit awards to the Company's non-employee directors on an annual basis under the terms of the LTI Plan. The size of the grants are determined by the Board and are based on the Company's performance during the prior year and a periodic evaluation of the compensation arrangements of other companies prepared by Towers Watson.

The table below summarizes the compensation paid by the Company to non-employee directors for the fiscal year ended 2010.

On that date, which was March 8, 2011, the non-employee directors were each granted 9,091 restricted stock units. The closing market price of our common stock on that date was \$8.25 per share.

Consideration of Nominees for Director

Director Qualifications

The Nominating and Governance Committee is responsible for reviewing and developing the Board's criteria for evaluating and selecting new directors based on the needs of the Company from time to time. The criteria that will be used in connection with evaluating and selecting new directors will include the criteria set forth in the Company's Corporate Governance Guidelines and in the Certificate of Incorporation. While these materials do not contain a formal diversity policy, the Corporate Governance Guidelines seek to ensure that candidates can work constructively with people holding diverse viewpoints and can tolerate opposing views. The Corporate Governance Guidelines are available through our Internet website at <http://www.atsginc.com>.

In addition to the criteria set forth in the Corporate Governance Guidelines, the Committee will consider whether the director candidate meets the definition of independence set forth under NASDAQ Marketplace rules, applicable law and the Certificate of Incorporation, as well as the candidate's skills, occupation and experience in the context of the needs of the Board. The Board will nominate new directors only from candidates identified, screened and approved by the Nominating and Governance Committee. The Nominating and Governance Committee and the Board will take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and making its recommendation to the Company's stockholders. Service on boards of other organizations must be consistent with the Company's conflict of interest policies applicable to directors as set forth in the "Core Requirements" of the "Code of Conduct for Conducting Business."

Evaluation of Stockholder Nominees

The policy of the Nominating and Governance Committee is to consider for nomination by the Board, properly submitted stockholder recommendations of potential nominees for membership on the Board. In evaluating such nominees, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and

12

Table of Contents

capability on the Board and to address the membership criteria set forth above under “Director Qualifications.” There are no differences in the manner in which the Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder, except to the extent provided as follows: (1) such candidates must be able to meet with one or more members of the Committee and/or the Board upon request, and (2) the stockholder must provide: (a) all written materials that would be necessary for a stockholder to make a nomination pursuant to the Bylaws, which materials must be submitted no later than the time permitted for a stockholder to make a director nomination pursuant to the Bylaws; and (b) other information requested by the Company reasonably related to the recommended individual’s qualifications as a nominee.

The Bylaws permit stockholders to nominate directors for consideration at an annual stockholders’ meeting without the prior recommendation of the Nominating and Governance Committee or the nomination of the Board. Stockholder nominations to the Board of Directors for the Annual Stockholders’ Meeting for 2012 must be forwarded to the Chairman of the Nominating and Governance Committee c/o Secretary, Air Transport Services Group, Inc., 145 Hunter Drive, Wilmington, Ohio 45177, so as to be received not less than 90 days nor more than 120 days prior to the anniversary of the annual stockholders’ meeting for 2011 (May 10, 2011); provided, however, that in the event the date of the annual stockholders’ meeting for 2012 is advanced or delayed by more than 30 days from such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Any nominations received after such date will be considered untimely. The written notice must satisfy certain requirements specified in the Bylaws. A copy of the Bylaws will be sent to any stockholder upon written request to the Secretary of the Company.

Corporate Governance Guidelines

The Company adopted a set of Corporate Governance Guidelines in February 2005 to help the Board fulfill its responsibility to stockholders to oversee the work of management in the conduct of the Company’s business and to seek to serve the long-term interests of stockholders. The Guidelines are intended to ensure that the Board has the necessary authority and practices in place to review and evaluate the Company’s business operations as needed and to make decisions that are independent of the Company’s management. The Guidelines address such topics as the composition of the Board, the selection of Board members, Board independence, the procedures relating to, and the conduct of, Board and committee meetings, the compensation of directors and the Chief Executive Officer, periodic self-evaluations of the Board and committees, and other practices. The Corporate Governance Guidelines are available through our Internet website at <http://www.atsginc.com>.

The Company has adopted a Code of Ethics that sets forth the policies and business practices that apply to the Company’s Chief Executive Officer and Chief Financial Officer. Related Person Transactions

The Company does not have any related person transactions as defined by Regulation S-K Item 404(a). If any related person transactions arise, the Audit Committee will review and approve such transactions as it deems appropriate. This policy is set forth in the charter of the Audit Committee.

Executive Sessions

The independent directors of the Company meet in executive session (with no management directors or management present) on a regular basis and upon the request of one or more independent directors. The sessions are scheduled and chaired by the Chairman of the Board, who is an independent director. The executive sessions include whatever topics the independent directors deem appropriate.

Communications with the Board

Stockholders and other parties interested in communicating directly with the Company's directors or with the non-management directors as a group may do so by writing to the Secretary of the Company at Air Transport Services Group, Inc., 145 Hunter Drive, Wilmington, Ohio 45177. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Company's internal audit department and handled in accordance with procedures established by the Audit Committee with respect to such matters.

Board Leadership Structure

James H. Carey has served as Chairman of the Board of Directors since May 2004. The Board is aware that one of its responsibilities is to oversee Company management and make performance, risk and compensation related decisions regarding management. In order to appropriately balance the Board's focus on strategic development with its management oversight responsibilities, the Board of Directors requires that the Chairman of the Board be a non-management, independent director. The Chairman of the Board manages the Board's affairs, including organization, functional effectiveness, and fulfilling the Board's responsibilities. The Chief Executive Officer is involved in this process by updating the Chairman of the Board and the Board in its entirety regarding the day-to-day management of the Company. While the Company has established separate roles for the Chairman of the Board and Chief Executive Officer, they both play a vital role in the management of the Company and must work closely in order to maximize the Company's potential.

Our Corporate Governance Guidelines provide that (i) a majority of the directors of the Company shall be "independent directors" as that term is defined in the Corporate Governance Rules of the NASDAQ Global Market, Inc., (ii) the Chief Executive Officer will be the only employee of the Company who also serves as a director of the Company, and (iii) the Chairman of the Board should be a non-management, independent director.

As described above under "Independence," seven of our eight directors are independent. In addition, all of the directors on each of the Audit Committee, Compensation Committee, and Nominating and Governance Committee are independent directors and all of the committees, including the Executive Committee, is led by an independent chair. The independent directors meet in executive session (with no management directors or management present) on a regular basis (typically at the time of each quarterly board meeting) and upon the request of one or more independent directors.

We have employed this leadership structure since becoming publicly traded in August 2003. We believe that having a separate Chairman and Chief Executive Officer, a board with a majority of independent directors who regularly meet in executive session, and independent chairs for the Board's Audit, Compensation, Nominating and Governance and Executive committee, provides the Board with the best form of leadership for ensuring that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management.

Board Role in Risk Oversight

The Board's function of overseeing risk is handled primarily by the Audit Committee. The Audit Committee

Table of Contents

discusses risk assessment and risk management policies with management, internal auditors, and the independent auditors. This includes the oversight of the Company's corporate compliance program, as well as the internal audit function.

The Company's Senior Vice President, Corporate General Counsel and Secretary, reports directly to the Chief Executive Officer, providing him with visibility to the Company's risk profile. The Board of Directors believes that the work undertaken by the Audit Committee enables the Board of Directors to effectively oversee the Company's risk management function.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The Compensation Committee believes that the compensation paid to its executive officers should assist the Company in attracting and retaining talented leaders and encouraging a high level of effective and ethical management in the best interests of the Company and its stockholders. To this end, the Compensation Committee strives to ensure that the Company's executive compensation program is competitive with that of similarly situated companies and rewards the achievement of short and long-term goals that align the interests of its executives and stockholders in seeking to increase stockholder value.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal year 2010, as well as the other individuals included in the "Summary Compensation Table" below, are referred to as the "named executive officers."

Chief Executive Officer's Role in the Compensation Decision Process

The Compensation Committee considers recommendations from the Chief Executive Officer with respect to the executive officers', including the named executive officers', base salaries and the performance measures to be utilized under the Company's short-term incentive compensation plan. In making his recommendations, the Chief Executive Officer utilizes the peer group analysis described below and completes an objective and subjective review of each executive's responsibilities and performance over the prior year. The Chief Executive Officer plays no role in the compensation process with respect to his own compensation.

Establishing Compensation Levels

The Compensation Committee ordinarily meets during the first half of each year to establish the base salaries for each of the executive officers and to approve incentive awards for the previous year based upon previously established performance goals. All changes to base salaries are typically effective on July 1 for the year in which they are set. The Compensation Committee typically authorizes the grant of awards at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-end.

During its first quarter meeting, the Compensation Committee also typically establishes incentive goals for the current year based upon the Chief Executive Officer's recommendations.

Compensation Consultant

In 2010, the Compensation Committee engaged Towers Watson, a national compensation consulting firm, to conduct a competitive review of the positions held by the named executive officers. The Compensation Committee, in consultation with the Chief Executive Officer, utilized this assessment in evaluating the ongoing competitiveness of the Company's compensation arrangements for 2010.

The assessment prepared by Towers Watson included a proxy analysis of sixteen publicly-traded transportation industry competitors and regional airlines for the Company's named executive officers ("peer group analysis"). The companies utilized in the peer group analysis were:

- Pacer International, Inc.
- Park Ohio Holdings Corp.

- Republic Airways Holdings, Inc.
- Sky West, Inc.

- UTi Worldwide, Inc.

The assessment also more closely examined the industry pay practices for several of the Company's peers, including with respect to temporary and permanent changes to their compensation programs arising from the poor economic climate in 2009 and 2010. Based upon this assessment, compensation guidelines were established for the named executive officers, providing data on the 25th, 50th (median) and 75th percentile pay levels in the competitive market. The Compensation Committee has identified the 50th (median) percentile as the targeted pay level. The peer group analysis constituted a material component of the Compensation Committee's evaluation of the Company's compensation arrangements for 2010 with respect to the named executive officers.

Components of Executive Compensation for 2010

The Company's executive compensation and benefits package consists of direct compensation (base salary, short-term cash incentives and long-term equity-based incentives) and Company-sponsored retirement and benefit plans. The components of the named executive officers' compensation packages are designed to contribute to a total package that is competitive, appropriately performance-based, and valued by the Company's executive. The Compensation Committee strives to align the mix of executive officer compensation between cash and non-cash or short-term and long-term incentive compensation with the competitive benchmarking described above.

Base Salary

The Company provides the named executive officers with a base salary to compensate them for services rendered during the fiscal year. The Compensation Committee determines the base salary for the Chief Executive Officer and the other named executive officers, although the latter are determined in consultation with the Chief Executive Officer. The Compensation Committee typically reviews the base salaries of the named executive officers sometime during the first half of the year as part of the Company's performance review process, as well as in the event of a promotion or other change in job responsibilities. This review primarily takes into account a compensation analysis, like the Towers Watson analysis described above; an internal review of the executive's compensation, both on an individual basis and relative to other executives; and the individual performance of the executive, as evaluated by the Chief Executive Officer.

Notwithstanding the foregoing, the CEO of ATSG has declined a proposed increase in his base salary every year since 2006. Further, the base salaries for both the CEO of ATSG and the President of ABX Air, Inc., a wholly-owned subsidiary of the Company, were reduced at their request in December 2008. The Compensation Committee intends to review the base salaries of the Company's executive officers, including the named executive officers, during the first half of 2011.

The base salaries paid to the named executive officers in 2010 are set forth in the "Salary" column of the "Summary Compensation Table" below.

Short-Term Incentive Compensation

During 2010, the Company's officers, including the named executive officers, had the potential to earn incentive compensation under the Company's Executive Incentive Compensation Plan (the "EIC Plan"). The purpose of the EIC Plan is to incentivize executive management to achieve short-term corporate goals. Under the EIC Plan, which was amended by the Board, upon the recommendation of the Compensation Committee, in July 2010 in conjunction with

Table of Contents

a comprehensive review of the Company's compensation and benefits practices, participants are eligible to receive a cash bonus utilizing a non-discretionary formula that establishes a bonus amount, expressed as a percentage of base salary, based upon the extent of achievement of two or more performance measures that are prescribed under the EIC Plan. The performance measures selected, and the relevant weight given to each such performance measure, may vary by participant. The cash-incentive bonus opportunity for each participant varies depending upon the position held and ranges from 4% to 130% of the participants' base salary earned during the year. The minimum, target and maximum bonus potentials for the named executive officers included the following:

Named Executive Officer	Threshold	Target	Maximum
Joseph C. Hete	4% of base salary	78% of base salary	130% of base salary
Quint O. Turner	4% of base salary	60% of base salary	100% of base salary
John W. Graber	4% of base salary	60% of base salary	100% of base salary
Richard F. Corrado	4% of base salary	60% of base salary	100% of base salary
W. Joseph Payne	4% of base salary	60% of base salary	100% of base salary

The Compensation Committee determines the performance measures for the Chief Executive Officer and the other named executive officers, although the latter are determined in consultation with the Chief Executive Officer. The performance measures pertaining to Messrs. Hete, Turner, Corrado and Payne for 2010 were based upon the Company's earnings before interest and taxes and the achievement of personal goals more specifically described in the following table. The performance measures pertaining to Mr. Graber for 2010 were based upon the amount of ABX Air's earnings before interest and taxes and ABX Air's level of service performance under its primary commercial agreement with its largest customer, DHL Network Operations (USA). The following table shows for each of the named executive officers (i) the performance measures utilized; (ii) the relevant weight given to each performance measure; (iii) the potential bonus amounts for the achievement of each performance measure at minimum, target and maximum; and (iv) the actual cash incentive bonus achieved for each performance measure under the EIC Plan for 2010:

Long-Term Incentive Compensation

The Company's executive officers, including the named executive officers, and senior management are eligible

Table of Contents

to participate in the Company's omnibus long-term incentive plan entitled the Air Transport Services Group, Inc. Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"). The long-term incentive compensation awards for the named executive officers are comprised of restricted stock awards and performance-based stock unit awards. The purpose of the LTI Plan is to foster and promote the long-term financial success of the Company, to reward performance and to increase stockholder value by providing participants appropriate incentives and awards; to enable the Company to attract and retain the services of outstanding individuals; to encourage stock ownership in the Company; and to align the interests of management and directors with that of stockholders. The LTI Plan authorizes a wide range of equity awards, including stock options, restricted stock awards, restricted stock units, stock awards, stock appreciation rights and performance-based awards payable in shares or cash and other forms of equity compensation.

Since the approval of the LTI Plan, the Compensation Committee has granted restricted stock awards and performance-based stock unit awards to the Company's named executive officers and other executives and members of the senior management group on an annual basis under the terms of the LTI Plan. The amount of the total long-term incentive grants to be received by each named executive officer is typically determined by multiplying the officer's base salary by a percentage, the latter of which depends on the position held. The percentage is 100% in the case of the Chief Executive Officer (Mr. Hete) and 70% in the case of the Chief Financial Officer (Mr. Turner), Chief Commercial Officer (Mr. Corrado), Sr. Vice President, Corporate General Counsel & Secretary (Mr. Payne), and subsidiary presidents (Mr. Graber). The restricted stock awards and performance-based stock unit awards are divided evenly, so that half of the long-term incentive compensation value is delivered in restricted stock and half is delivered in performance-based stock units. The number of shares of restricted stock and performance-based stock units to be received is determined by dividing the value derived above by the stock price on the date of grant, provided, however, that in order to ensure that adequate share reserves are maintained under the LTI Plan, an assumed stock price of \$3.00 per share will be used whenever the stock price is trading below that amount as of the date of grant. The Compensation Committee typically authorizes the grant of awards at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-end.

Restricted Stock Awards

Under the restricted stock award agreements, shares of stock are issued in the names of the employees, but will be held in escrow until they fully vest. Ordinarily, the vesting period is approximately 34 months from the date of the grant. The employees may exercise any voting rights associated with the restricted stock while in escrow, and any dividends paid on the restricted stock will also be held in escrow and paid once they are fully vested. The restrictions will be removed and the stock distributed to the employees if they are actively employed at the end of the vesting period, but may be settled earlier or forfeited in certain limited circumstances under the terms of the award agreements.

The number of shares of restricted stock that were granted to each of the named executive officers during fiscal year 2010, all of which will vest at the end of the restriction period, are set forth in the "All Other Stock Awards: Number of Shares of Stock or Units" column of the "Grants of Plan-Based Awards Table" below.

Performance-Based Stock Unit Awards

Under the performance-based stock unit award agreements, the performance units will be converted to an equal number of common stock of the Company and paid out or forfeited, depending upon whether and the extent to which certain performance criteria are met during the performance period. The performance period is ordinarily 36 months. The performance-based stock units consist of two types—stock performance units and return-on-invested-capital ("ROIC") units (prior to 2009, the Committee authorized the grant of return-on-equity units in lieu of ROIC units.). The agreements contain an equal number of stock performance units and ROIC units. The performance criteria for the stock performance units are based upon the extent to which the appreciation in the Company's stock during the performance period equals or exceeds the total stockholder return performance of the NASDAQ Transportation Index during the same period. Each award agreement contains the following chart, setting forth when the awards are earned or forfeited:

Table of Contents

<p>If, on December 31, 2012, the Company's stock performance is . . .</p> <p>Below the 40th percentile of the NASDAQ Transportation Index</p> <p>At the 40th percentile of the NASDAQ Transportation Index (threshold Stock Performance Unit level) . . .</p> <p>At the 50th percentile of the NASDAQ Transportation Index (target Stock Performance Unit level) . . .</p> <p>At the 75th or higher percentile of the NASDAQ Transportation Index (maximum Stock Performance Unit Level) . . .</p>	<p>You will receive the following number of shares of Company stock . . .</p> <p>—</p> <p>#</p> <p>#</p> <p>#</p>

For performance outcomes between the 40th percentile and the 75th percentile levels, actual awards will be interpolated.

The ROIC units are based upon how the Company's average return on invested capital during the performance period compares to the levels specified under the award agreements. Each award agreement contains the following chart, setting forth when the awards are earned or forfeited:

<p>If, over the Performance Period, the Company's Average Return on Invested Capital is . . .</p> <p>Less than 8%</p> <p>8% ("threshold ROIC Unit level")...</p> <p>10% ("target ROIC Unit level")...</p> <p>12% or higher ("maximum ROIC Unit level")...</p>	<p>You will receive the following number of shares of Company stock . . .</p> <p>—</p> <p>#</p> <p>#</p> <p>#</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------

For performance outcomes between the 8% ROIC and 12% ROIC levels, actual awards will be interpolated.

The performance-based stock units (both stock performance units and ROIC units) may be settled earlier or forfeited in certain limited circumstances under the terms of the award agreements.

Long-Term Incentive Compensation Grants for 2011

The Compensation Committee authorized the grant of awards under the Company's Amended and Restated 2005 Long-Term Incentive Plan for 2011 at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-ended December 31, 2010. On that date, which was March 8, 2011, the named executive officers were granted the following awards:

Richard F. Corrado	10,200	5,100	7,650	80,580	40,290	60,435

The amounts shown reflect the number of shares of restricted stock and performance-based stock units that were granted to each of the named executive officers for fiscal year 2011 under the Company's Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"). The Compensation Committee awarded additional shares of restricted stock to Messrs. Hete, Turner and Payne over and above the amount that would otherwise have ordinarily been awarded under the LTI Plan, in recognition of their significant contributions to the Company. Mr. Hete was awarded an additional 35,000 shares and Messrs. Turner and Payne were each awarded an additional 20,000 shares. The additional shares were awarded under the same terms as other restricted stock awards, except that the shares will vest in 18 months. The LTI Plan is described in further detail above under the heading "Long-Term Incentive Compensation." The grants will vest on December 31, 2013, except for the additional grants of restricted stock which will vest on September 8, 2012.

The amounts in this column were calculated using a per share value of \$7.90, the closing market price of our common stock on December 31, 2010, the last business day of the year. In addition, the amounts in this column assume that the stock performance units will be paid out at the maximum level and the ROIC units will be paid out at the target level, based on the Company's performance under the respective awards as of December 31, 2010.

Stock Ownership Guidelines

To better align the interests of the executive officers, including the named executive officers, with the interests of stockholders, the Committee requires that certain executive officers, including the named executive officers, maintain a minimum ownership interest in the Company. The amount of stock required to be owned and retained is based on the minimum number of shares totaling in value as of the date of grant or purchase (including restricted stock granted under the Company's Amended and Restated 2005 Long-Term Incentive Plan) and a multiple of the executive officer's base salary, which multiple depends upon the position held.

Company-Sponsored Retirement and Benefit Plans

Retirement Plans

ATSG and its subsidiaries maintain several retirement plans for their executive officers, including the named executive officers, and other employees that are not covered by a collective bargaining agreement. These plans are designed to help the Company retain and attract employees for key positions. Among these, the named executive officers participate in one or more of the following plans: (i) the ABX Air Capital Accumulation Plan, which is both a defined contribution 401(k) plan (the "CAP 401(k) 5%") and a voluntary 401(k) salary deferral plan (the "CAP 401(k)"), (ii) the ABX Air Retirement Income Plan (the "ABX RIP"), which is a defined benefit pension plan, (iii) the ABX Air Profit Sharing Plan (the "ABX PSP"), which is a defined contribution plan (no contributions to this plan have been made for non-union employees since January 1, 2000), and (iv) the ABX Supplemental Executive Retirement Plan (the "SERP"), a non-qualified and unfunded plan that provides for benefits in excess of statutory limits.

All eligible full and part-time non-union employees of ATSG and ABX Air, including the named executive officers, who complete one year of service and work at least 1,000 hours during the year receive a company contribution to the CAP 401(k) 5%, which is a defined contribution plan. Under the CAP 401(k) 5%, employees that have completed three continuous years of employment with the company and worked at least 1,000 hours each year earn the right to receive benefits upon termination. Contributions are calculated as the product of 5% of eligible annual pay for each year of service, and the contributions are deposited in the CAP 401(k) 5%.

Similarly, all full and part-time non-union employees of ATSG and ABX Air, including the named executive officers, are also eligible to participate in the CAP 401(k), which is a 401(k) plan that allows voluntary deferrals of up to 75% of an employee's pay, subject to IRS income limits. Prior to April 1, 2010, the CAP 401(k) provided matching funds to participants based on the participant's rate of deferral. The match was 35% of the first 6% of deferred pay (up to the IRS compensation limits). In addition, there was an opportunity for an incentive match of up to 25% of the first 6% of deferred pay (up to the IRS compensation limits). On April 1, 2010, the matching contributions were discontinued for all groups.

Messrs. Hete, Turner and Payne are eligible to receive benefits under the ABX RIP. The ABX RIP is a floor offset pension plan that works in step with the ABX PSP. Under the ABX RIP, all eligible full and part-time non-union employees of ATSG and ABX Air that have completed five continuous years of employment with the Company earn the right to receive benefits upon termination at the normal retirement age of 65 or reduced benefits upon early retirement, on or after age 55, with 10 or more years of service. Retirement benefits are calculated as the product of 2% times the final average annual eligible pay for the first 25 years of service and 0.5% times the final average annual eligible pay for each year after the first 25 years of service, less the actuarial equivalent of the ABX PSP balance. The ABX RIP was frozen on January 14, 2010, and, as such, no years of service or average monthly compensation has been credited to the participants since that date in determining the benefit available under the ABX RIP.

In addition, all ABX Air executives, including Mr. Graber, and certain ATSG executives, including Messrs. Hete, Turner and Payne, are eligible to participate in the SERP. The SERP provides an age 62 targeted benefit of 50% of a participant's Final Average Earnings (FAEs) for 25 or more years of service, which benefit is reduced by 4% a year for each year of service less than 25 years. In addition, a participant may elect early retirement as early as age 55 provided he or she has at least 10 years of service with the Company. The benefit is reduced by 6% a year for early retirement before age 62. Participants become vested in the SERP after completing 5 years of service with the Company. Benefits earned through the formula are offset by benefits from Social Security, the ABX RIP and the ABX PSP, as well as benefits from the CAP 401(k) 5% prior to the date upon which SERP was frozen. On March 12, 2009, the Board of Directors approved freezing the SERP, effective April 14, 2009. Accordingly, years of service used to calculate the targeted benefit as well as FAEs were frozen as of that date.

Benefit Plans

The core benefit package for the named executive officers and all other employees of the Company includes health, dental, vision, short and long-term disability, group term life insurance, AD&D, a voluntary 401(k) salary deferral plan and certain post-retirement benefits. The core benefit package is designed to assist the Company in retaining and

attracting employees for key positions. The core benefit package for all of the employees of ATSG and ABX Air,

Table of Contents

including the named executive officers, also includes business travel accident insurance. The named executive officers participate in the Company's benefit plans on the same basis as all other Company employees, except to the extent described under the heading "Retirement Plans" and "Potential Payments upon Termination or Change in Control."

Change-in-Control Agreements

The Company has entered into change-in-control agreements with certain of its executive officers, including the named executive officers. Information regarding applicable payments under such agreements for the named executive officers is set forth under "Potential Payments Upon Termination or Change in Control" below.

Financial Restatements

Certain bonuses and equity compensation received by the Chief Executive Officer and Chief Financial Officer must be forfeited as required by applicable law if the Company is required to prepare an accounting restatement due to material non-compliance by the Company, as a result of misconduct, with any financial reporting requirements under the securities laws.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its evaluation, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under its incentive compensation plans are generally fully deductible for federal income tax purposes. However, in certain situations, the Compensation Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers. The Compensation Committee believes that all of the compensation earned in 2010 by the Company's executive officers, including the named executive officers, will be deductible.

Accounting for Stock-Based Compensation

The Company began accounting for stock-based payments in accordance with the requirements of FASB ASC Topic 718, beginning with the initial grant of awards under the Company's Amended and Restated 2005 Long-Term Incentive Plan.

Table of Contents

(1) The amounts shown reflect the award of cash bonuses on March 15, 2010, from a discretionary awards bonus pool approved by the Compensation Committee, from which additional bonus amounts were paid to certain executive officers participating in the Company's Executive Incentive Compensation Plan, including certain named executive officers, for their significant contributions to the Company during 2009. The Compensation Committee took into account the extraordinary efforts of the named executive officers in managing the business through the implementation by DHL of its U.S. restructuring plan and in securing a new business arrangement with DHL.

(2) The amounts shown reflect the aggregate grant date fair value, in accordance with FASB ASC Topic 718, of restricted stock and performance-based stock units under the Company's Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"). This amount assumes the performance-based stock units were computed based on the probable outcome of the performance conditions as of the grant date. Assuming the highest level of outcome, the maximum value of the performance-based stock units in 2010 would have been: Hete (\$588,000), Turner (\$249,760), Graber (\$284,480), Payne (\$216,160) and Corrado (\$134,400). Assuming the highest level of outcome, the maximum value of the performance-based stock units in 2008 would have been: Hete (\$694,548), Turner (\$265,606), Graber (\$352,424) and Payne (\$197,181). There were no performance-based stock units granted in 2009. Assumptions used in the calculation of these amounts are included in Note N to the Company's audited financial statements for the fiscal year ended December 31, 2010, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 8, 2011. The LTI Plan is described in further detail above under the heading "Long-Term Incentive Compensation."

(3) The amounts shown reflect the award of cash incentive compensation on March 15, 2011, March 15, 2010 and March 14, 2009, under the Company's Executive Incentive Compensation Plan (the "EIC Plan"). The EIC Plan is described in further detail above under the heading "Short-Term Incentive Compensation."

(4) The amounts shown reflect the respective actuarial increases in the present value of the named executive officers' benefits under the ABX Air Retirement Income Plan (the "ABX RIP") and the ABX Air Supplemental Executive Retirement Plan (the "SERP"), determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. The SERP provides an age 62 targeted benefit of 50% of a participant's Final Average Earnings (FAEs) at 25 years of service. For each year of service below 25 years, a 4% per year reduction factor is applied. If a participant retires between ages 55 and 62, an additional 6% per year reduction factor is applied. As under the prior benefit formula, the new targeted 50% benefit is offset by the ABX RIP (before the ABX Air Profit Sharing Plan offset) or the actuarial equivalent of the ABX Air Capital Accumulation Plan (the "CAP 401(k) 5%") employer contribution and an estimated Social Security benefit based on the maximum amount. If a participant terminates prior to age 55, the SERP benefit will be payable at age 55. If a participant does not have 5 years of service at termination, they are not eligible for a SERP benefit. The SERP benefit will be paid as a lump sum based on RP 2000 annuitant mortality projected to 2018 and 5.55% interest.

(5) The amounts shown reflect the value of matching contributions allocated by the Company to each of the named executive officers pursuant to the ABX Air Capital Accumulation Plan (the "CAP 401(k) 5%"), the dollar value of life insurance premiums paid by the Company for the benefit of each of the named executive officers, relocation assistance paid by the Company, and commuting and temporary living expenses paid by the Company for each named executive officer, as follows:

(a) The amounts for Mr. Hete include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$21,070, \$8,244 and \$4,830 for 2010, 2009 and 2008, respectively) and the dollar value of life insurance premiums paid by the Company (\$2,722, \$8,951 and \$6,825 for 2010, 2009 and 2008, respectively).

(b) The amounts for Mr. Turner include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$21,070, \$7,905 and \$4,830 for 2010, 2009 and 2008, respectively) and the value of life insurance premiums paid by the Company (\$1,659, \$2,819 and \$3,612 for 2010, 2009 and 2008, respectively).

(c) The amounts for Mr. Graber include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$19,600, \$6,588 and \$4,025 for 2010, 2009 and 2008, respectively) and the value of life

- insurance premiums paid by the Company (\$1,892, \$3,257 and \$4,750 for 2010, 2009 and 2008, respectively). The amounts for Mr. Payne include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$21,070, \$9,128 and \$4,830 for 2010, 2009 and 2008, respectively) and the value of life insurance premiums paid by the Company (\$1,555, \$2,483 and \$2,730 for 2010, 2009 and 2008, respectively).
- (d) The amounts for Mr. Corrado include the value of life insurance premiums paid by the Company (\$907 for 2010), relocation assistance (\$170,655 for 2010), commuting expenses (\$24,615 for 2010) and housing and other living expenses (\$10,541 for 2010).

- (1)
- (2) The amounts in this column were calculated using a per share value of \$7.90, the closing market price of our common stock on December 31, 2010, the last business day of the year. In addition, the amounts in this column assume that the stock performance units granted in the fiscal year 2010 will be paid out at the maximum level while the return-on-invested capital units granted in fiscal year 2010 will be paid out at the target level, based on the Company's performance under the respective awards as of December 31, 2010. There were no grants of performance-based awards in 2009.

Potential Payments Upon Termination or Change in Control

Payments Made Upon Retirement

Certain executive officers of ATSG and ABX Air, including certain of the named executive officers, participated in the ABX Air Retirement Income Plan (the "ABX RIP") and the ABX Air Supplemental Executive Retirement Plan (the "SERP") in 2010. These plans are discussed above under the heading "Retirement Plans" and the present value of accumulated benefits payable to each of the named executive officers under these plans is described above under the heading "Pension Benefits Table."

In addition, the restriction on any shares of restricted stock would be removed automatically and the stock distributed to the executive in conjunction with his retirement. Further, a pro-rata portion of the award of any

Table of Contents

performance-based stock units would be paid out to the executive at the end of the performance period.

Payments Made Upon Disability

Under the terms of ATSG's and ABX Air's short-term disability plan, each of the named executive officers would be entitled to receive 50% of his annual base salary (up to a maximum of \$1,000 per week) for a six-month period beginning fifteen days from the date he first became disabled. In the event the named executive officer continued to be disabled for a period longer than six months, he would be entitled to participate under the company's long-term disability plan. Under ATSG's and ABX Air's long-term disability plan, the named executive officer would be entitled to receive 66 2/3 % of his annual base salary (up to a maximum of \$15,000 per month) during the period of disability. The payments would continue until the named executive officer died, ceased to have a disability or reached his normal retirement age for purposes of receiving Social Security benefits. The definition of disability is the same as that used for the disability plans covering all full-time non-union employees of such companies. Namely, the named executive officer must be unable to perform the material and substantial duties of his occupation. Further, after 24 months, the named executive officer must be unable to perform the duties of any gainful occupation for which he is reasonably fitted by education, training or experience. The disability benefits would be reduced by any benefits payable under the company's pension plans, social security, workers compensation or via subrogation against a third party. In addition, the restriction on any shares of restricted stock would be removed automatically and the stock distributed to the named executive officer in the event that he were to become disabled. Further, a pro-rata portion of the award of any performance-based stock units would be paid out to the named executive officer at the end of the performance period.

Payments Made Upon Death

In the event of the death of a named executive officer, his surviving spouse would receive those amounts that have accrued and vested under the ABX RIP and the SERP in the form of a 50% joint and survivor benefit and his beneficiaries would receive those amounts that have accrued and vested under the ABX Air Profit Sharing Plan, which benefit plans are discussed above in this proxy statement, including under the headings "Summary Compensation Table" and "Pension Benefits." In addition, the named executive officer's beneficiaries would receive life insurance proceeds in the amount of 2 1/2 times his annual base salary, rounded up to the next \$10,000, up to a maximum of \$1.5 million. Further, in the event the cause of death was attributable to an accident, the beneficiaries would receive an additional 2 1/2 times the named executive officer's annual base salary, rounded up to the next \$10,000, up to a maximum of \$1.5 million over and above the life insurance benefit. Further, in the event the cause of death was attributable to an accident while traveling on company business, the beneficiaries would receive an additional 2 times annual base salary, rounded up to the next \$1,000, up to a maximum of \$500,000 over and above the life insurance benefit and accidental death benefit. In addition, the restriction on any shares of restricted stock would be removed automatically and the stock distributed to the name executive officer's beneficiaries in the event of his death. Further, a pro-rata portion of the award of any performance-based stock units would be paid out to the executive's beneficiaries at the end of the performance period.

Payments Upon Change In Control

The Company has entered into change-in-control agreements with certain of its executive officers, including the named executive officers, as described below under the heading "Potential Payments Upon Termination or Change in Control Table." The agreements provide that, in the event of a change in control of the Company or the subsidiary that employs the executive, the executive will have the right to remain employed, at not less than his respective rate of compensation in effect as of the date of the change in control, for at least four years thereafter. A change in control is generally defined in the agreements as (i) the direct or indirect acquisition by any person of a greater than fifty percent (50%) ownership interest in or voting power over the Company or the subsidiary of the Company that employs the executive, (ii) the direct or indirect acquisition by any person, within any twelve (12) month period, of a thirty percent (30%) or more ownership interest in or voting power over the Company or the subsidiary of

Table of Contents

the Company that employs the executive, (iii) a majority of the members of the Board are replaced during any twelve (12) month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election, or (iv) the acquisition by any person, within any twelve (12) month period, of assets from the Company or the subsidiary of the Company that employs the executive that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all of the assets of the Company or the subsidiary, as applicable.

The agreements generally provide that, if an executive is terminated without "cause" (defined as willful and continued failure to perform duties after demand from the Board, or willful or gross misconduct) within four years after a change in control, the Company must pay the executive, in addition to all accrued compensation, the equivalent of two years' (three years' in the case of the Chief Executive Officer) salary and bonus. In addition, the executive is entitled to the continuation of his group health insurance coverage and certain other benefits for the remainder of the term of the agreement, reimbursement for outplacement services and, if a participant, increased benefits under the ABX Air Supplemental Executive Retirement Plan (the "SERP"). The Company or subsidiary that employs the executive is required to provide the same additional compensation and benefits described above in the event an executive officer resigns due to a material reduction by his employer in his salary, authority, duties or responsibilities or a material change in the geographic location of his employment.

In the event of a change in control, the restrictions on any shares of restricted stock will lapse and the stock will be distributed. In addition, the performance objectives imposed on any performance-based stock units will be deemed to have been met at the threshold level or any higher level actually achieved as of the date of the change in control ("Accelerated Units") and the executive will receive cash or stock (depending on the nature of the change in control) as if the performance period ended on the date of the change in control. The amount awarded with respect to performance-based stock units will be determined by multiplying the Accelerated Units by the number of whole months between the beginning of the performance period and the date of the change in control divided by the number of whole months in the performance period.

Potential Payments Upon Termination or Change in Control Table

The table below shows potential payments to each of the named executive officers upon retirement, disability, death or termination upon a change in control of the Company. The amounts shown assume that a termination was effective as of December 31, 2010 and are estimates of the amounts that would be paid to the executives upon their termination in addition to the base salary and bonus earned by the executives during 2010 and any applicable pension amounts payable to the executive officers described above under the headings "Pension Benefits" and "Pension Benefits Table." The actual amounts that would be paid can only be determined at the actual time of an executive's termination.

Table of Contents

- (1) This amount represents the value of long-term disability payments for one year. However, the executive officer would receive short-term disability benefits for the first six months of any disability, which in the case of the named executive officers would constitute 50% of their base salary (up to a maximum of \$1,000 per week). This amount assumes the cause of death was not attributable to an accident. The following amounts would be paid to the executive officers' beneficiaries in the event the cause of death was attributable to an accident: Hete (\$2,100,000), Turner (\$1,280,000), Graber (\$1,460,000), Payne (\$1,200,000) and Corrado (\$1,200,000).
- (2) Further, the following amounts would be paid to the executive officers' beneficiaries in the event the cause of death was attributable to an accident while traveling on business: Hete (\$2,600,000), Turner (\$1,780,000), Graber (\$1,960,000), Payne (\$1,680,000) and Corrado (\$1,680,000). These amounts were calculated using a per share value of \$7.90, the closing market price of our common stock on December 31, 2010, the last business day of the year. Mr. Hete was eligible for early retirement as of December 31, 2010.
- (3) These amounts were calculated using a per share value of \$7.90, the closing market price of our common stock on December 31, 2010, the last business day of the year. In addition, the performance-based stock units awarded in 2008 were valued at the maximum amount for the stock performance units and the threshold amount for the return-on-equity units. The performance-based stock units awarded in 2010 were valued at the maximum amount for the stock performance units and the threshold amount for the return-on-invested capital units. Mr. Hete was eligible for early retirement as of December 31, 2010.
- (4) This amount constitutes the equivalent of two years' (three years' in the case of Mr. Hete) salary and bonus for the executive officer as well as the cash value of contributions that the Company would have made on his behalf for a 3-year period under the ABX Air Capital Accumulation Plan.
- (5) The amount contained in the "Retirement" column for Mr. Hete constitutes the cumulative value of the portion of his retiree medical coverage that the Company would have paid on his behalf until he reached age 65, and is merely intended as an estimate. Under the change-in-control agreement, the Company will pay the executive officer's health insurance premiums for the remaining term of the agreement, provided that the executive has elected COBRA continuation coverage, and at the end of such continuation coverage period shall arrange for the executive to receive health benefits substantially similar to those which the executive was receiving immediately prior to the termination of the coverage period.
- (6) This amount constitutes the value of life, accidental death and dismemberment, short-term disability and long-term disability insurance premiums that the Company would have paid on the executive officer's behalf for the 4-year term of the change-in-control agreement and is merely intended as an estimate.

Auditor Independence

In considering the nature of the services provided by Deloitte and Touche LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte and Touch LLP and the Company's management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission (the "SEC") to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this proxy statement. The Compensation Committee and the Board of Directors believes that the compensation policies and practices of the Company articulated in the "Compensation Discussion and Analysis" contained in this proxy statement are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has contributed to the Company's success.

A significant portion of the compensation of our named executive officers is tied closely to the performance of the Company, thus aligning our officers' interests with those of our stockholders. The annual cash bonus paid to our named executive officers under the Company's Executive Incentive Compensation Plan is based in part on the Company's earnings before interest and taxes, a key metric of Company performance and indicator of stockholder return, while the remainder is designed to incentivize and reward the achievement of short-term goals that are specifically targeted to the named executive officer. The restricted stock and performance-based stock unit awards made to the named executive officers under the Company's Amended and Restated 2005 Long-Term Incentive Plan, as described on page 18, further aligns our executives' interests with our stockholders' interests.

As disclosed under "Stock Ownership Requirements" and "Stock Ownership of Management", each of our named executive officers also owns shares of common stock of the Company, thus giving each of them a direct, vested interest in long-term Company performance and stockholder return. Further, with the exception of change of control agreements, the Company does not maintain employment or severance agreements with any of the named executive officers. Each of the named executive officers is employed at will and is expected to perform in order to continue serving as a member of the executive team.

We urge stockholders to read the "Compensation Discussion and Analysis" beginning on page 15 of this proxy statement, which describes in more detail how our executive compensation policies and practices operate and are designed to achieve our compensation objectives, as well the "Summary Compensation Table" and other related compensation tables and narrative, appearing on pages 24 through 32, which provide detailed information on the compensation of our named executive officers. In accordance with recently adopted amendments to the Securities Exchange Act of 1934 (the "Exchange Act"), we are asking stockholders to approve the following advisory resolution at the 2011 Annual Meeting of Stockholders:

RESOLVED, that the stockholders of Air Transport Services Group, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2011 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Compensation Committee and the Board of Directors will review and consider the voting results when making future decisions regarding our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

Pursuant to recently adopted changes to the Exchange Act, we are asking stockholders to vote on whether future advisory votes on executive compensation of the nature reflected in Proposal Number 3 above should occur every year, every two years or every three years.

The Board of Directors recommends that you vote to recommend an advisory vote on executive compensation every three years, as a three-year cycle is more closely aligned with the Company's long-term incentive program and will provide investors with sufficient time to evaluate the effectiveness of the Company's compensation policies and practices in relation to Company performance and, further, will provide the Compensation Committee and the Board of Directors with sufficient time to evaluate and respond to stockholder input and effectively implement any desired changes to the Company's executive compensation programs. In this regard, it should be noted that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, and because the different elements of our executive compensation programs (e.g. base salary, short-term and long-term incentive compensation plans) are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or possible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders.

In addition, the Compensation Committee and the Board of Directors believes that long-term continuity in the Company's executive compensation programs and the opportunity to observe the effectiveness of such programs over a longer time period will decrease the likelihood of any detrimental change in the Company's executive compensation programs made in response to short-term economic or market fluctuations.

This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the Board of Directors. Stockholders will be able to specify one of four choices for this proposal on the proxy card: three years, two years, one year or abstain. Stockholders are not voting to approve or disapprove the Board's recommendation.

Although non-binding, the Compensation Committee and the Board of Directors will carefully review the voting results. Notwithstanding the Board's recommendation and the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to the Company's compensation programs.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE TO CONDUCT FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION EVERY THREE YEARS.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that certain of the Company and its subsidiaries officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, file reports of ownership and changes of ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all such forms they file.

Based solely on its review of the copies of such forms received by the Company, and on written representations by the officers and directors of the Company and its subsidiaries regarding their compliance with the filing requirements, the Company believes that, in 2010, all filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with, except that Messrs. Hete filed four, Mr. Payne filed three and Mr. Turner filed two late Form 4 reporting transactions and Messrs. Carey, Golder, Graber, Hobson and Templeton each filed one late Form 4 reporting transaction.

Any proposals received after such date will be considered untimely. The written notice must satisfy certain requirements specified in the Company's Bylaws.
