BANTA CORPORATION AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 29, 2002
(UNAUDITED)

1) Basis of Presentation

The unaudited condensed consolidated financial statements of Banta Corporation (the Corporation) included herein have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations, although the Corporation believes that the disclosures are adequate to make the information presented not misleading. It is suggested that these condensed consolidated financial statements be read in conjunction with the financial statements and the notes thereto included in the Corporation's latest Annual Report on Form 10-K.

In the opinion of management, the aforementioned financial statements include all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the results for the interim periods. Results for the three and six months ended June 29, 2002 are not necessarily indicative of results that may be expected for the year ending December 28, 2002.

2) Inventories

Inventories consist of the following (dollars in thousands):

	June 29, 2002	December 29, 2001
	-----	-----
Raw materials and supplies	\$ 32,502	\$ 38,432
Work-in-process and finished goods	39,882	32,647

Edgar Filing: BANTA CORP - Form 10-Q

-----	-----
\$ 72,384	\$ 71,079
=====	=====

3) Earnings Per Share of Common Stock

Basic earnings per share of common stock is computed by dividing net earnings by the weighted average number of common shares outstanding during the period. Diluted earnings per share of common stock is computed by dividing net earnings by the weighted average number of common shares and common equivalent shares outstanding during the period. The common equivalent shares relate entirely to the assumed exercise of stock options.

6

The weighted average shares used in the computation of earnings per share consist of the following (in millions of shares):

	Three Months Ended		Six Months Ended	
	June 29, 2002	June 30, 2001	June 29, 2002	June 30, 2001
Basic	25.2	24.6	25.1	24.6
Diluted	25.6	24.8	25.5	24.8

4) Comprehensive Earnings

Comprehensive earnings consist of the following (dollars in thousands):

	Three Months Ended		Six Months Ended	
	June 29, 2002	June 30, 2001	June 29, 2002	June 30, 2001
Net earnings	\$ 13,380	\$ 12,471	\$ 23,868	\$ 15,301
Other comprehensive earnings (loss):				
Foreign currency translation adjustments	6,347	(1,357)	5,704	(3,805)
Comprehensive earnings	\$ 19,727	\$ 11,114	\$ 29,572	\$ 11,496

5) Goodwill

The Corporation adopted Statement of Financial Accounting Standards ("SFAS") No. 142, Goodwill and Other Intangible Assets, effective December 30, 2001. Under SFAS No. 142, goodwill and certain other intangible assets are no longer amortized but are reviewed annually for impairment. In connection with the adoption of SFAS No. 142, the Corporation has completed the first step of the transitional goodwill impairment test, which required the Corporation to compare the fair value of its reporting units to the carrying value of the net assets of the respective reporting units as of December 30, 2001. Based on this analysis, the Corporation has concluded that no impairment existed at the time of adoption, and, accordingly, the Corporation has not recognized any transitional impairment loss.

Changes in the carrying amount of goodwill of \$576,000 and \$926,000 for the

Edgar Filing: BANTA CORP - Form 10-Q

three and six months periods ended June 29, 2002, respectively, consist solely of translation adjustments for goodwill denominated in foreign currencies.

As required by SFAS No. 142, the results of operations for periods prior to its adoption have not been restated. The following table reconciles reported net earnings and earnings per share to pro-forma net earnings and earnings per share that would have resulted for the three and six months ended June 29, 2002 if SFAS No. 142 had been adopted on December 31, 2000 (dollars in thousands, except per share amounts):

7

	Three Months Ended		Six Months Ended	
	June 29, 2002	June 30, 2001	June 29, 2002	June 30, 2001
Reported net earnings	\$ 13,380	\$ 12,471	\$ 23,868	\$ 15,103
Goodwill amortization	-	456	-	918
Adjusted net earnings	\$ 13,380	\$ 12,927	\$ 23,868	\$ 16,021
Basic earnings per share:				
Reported net earnings	\$0.53	\$0.51	\$0.95	\$0.61
Goodwill amortization	-	.02	-	.04
Adjusted basic earnings per share	\$0.53	\$0.53	\$0.95	\$0.65
Diluted earnings per share:				
Reported net earnings	\$0.52	\$0.50	\$0.93	\$0.61
Goodwill amortization	-	.02	-	.04
Adjusted diluted earnings per share	\$0.52	\$0.52	\$0.93	\$0.65

6) Restructuring Charge

In the second quarter of 1999, the Corporation recorded a restructuring charge, including related asset writedowns, of \$55.0 million (\$38.5 million after tax). The restructuring primarily involved the Corporation's print segment and resulted in three facility closings and the elimination of certain under-performing business assets. The restructuring also resulted in workforce reductions of approximately 650 employees (350 employees at the three facilities closed) and the writedown of certain long-lived assets, including goodwill. With the exception of continued lease payments for certain of the closed facilities, all restructuring actions were substantially completed in 2000.

The restructuring charge consists of the following (dollars in thousands):

Original Restructuring Charge	Used in 1999	Used in 2000	Used in 2001	Used through June 29, 2002

Edgar Filing: BANTA CORP - Form 10-Q

Writedown of intangible assets, including goodwill	\$ 15,600	\$ (15,600)	\$ -	\$ -	\$ -

Total	\$ 55,000	\$ (43,051)	\$ (5,153)	\$ (1,318)	\$ (362)

8

7) Segment Information

The Corporation operates in two primary business segments, print and supply-chain management, with other business operations in healthcare products. Summarized segment data for the three and six months ended June 29, 2002 and June 30, 2001 are as follows (dollars in thousands):

	Three Months Ended		Six Months Ended	
	June 29, 2002	June 30, 2001	June 29, 2002	June 30, 2001
	-----	-----	-----	-----
Net sales				
Print	\$236,578	\$227,008	\$472,555	\$482,797
Supply-Chain Management	69,424	85,230	142,627	177,245
Healthcare	27,455	26,440	51,048	52,649
	-----	-----	-----	-----
Total	\$333,457	\$338,678	\$666,230	\$712,691
	=====	=====	=====	=====
Earnings from operations				
Print	\$ 20,847	\$ 19,813	\$ 39,513	\$ 37,237

	=====	=====	=====	=====

9

Item 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

SECOND QUARTER AND FIRST SIX MONTHS OF 2002 COMPARED TO 2001

Net Sales

Net sales of Banta Corporation (the Corporation) for the second quarter of 2002 were \$333 million, 2% less than the \$339 million for the second quarter of 2001. Revenue for the quarter by segment is shown below:

Segment	Quarter 2 2002	Quarter 2 2001	Increase (Decrease) %
-----	-----	-----	-----
Print	\$ 236,578	\$ 227,008	4%
Supply-chain management	69,424	85,230	(19%)
Healthcare	27,455	26,440	4%
Total	\$ 333,457	\$ 338,678	(2%)
-----	-----	-----	-----

Print sales in the second quarter of 2002 were 4% higher than the prior year period, with strong gains in the Catalog and the Book Groups. This gain in revenue was achieved despite the impact of 14% lower paper prices compared to the second quarter of 2001. The Corporation's revenues are directly impacted by paper prices since the Corporation generally passes the cost of paper on to its customers.

The primary factors affecting print segment sales in the second quarter of 2002 were:

- >> Book Group sales in the second quarter of 2002 were 10% above the prior year period. In the educational market, publishers have returned to a normal purchasing pattern, after depleting inventories early in 2001. In addition, several key states are purchasing state specific educational programs adopted in 2001.
- >> The Catalog Group had strong sales volume, with second quarter 2002 revenues up 17% from the prior year period and year-to-date

Edgar Filing: BANTA CORP - Form 10-Q

impressions (product produced on our press equipment) were 16% ahead of the same period in 2001. The increase in sales is the result of market share gains, the addition of several new niche catalogs, and a limited number of longer run publications.

- >> Publication Group sales in the 2002 second quarter are comparable to the same period in 2001. Page counts for the Corporation's special interest trade and business-to-business publications were down 15-20% from the prior year period.
- >> The Direct Marketing Group had a difficult second quarter in 2002, with revenues down 9% from the prior year period. Key customers in the retail, consumer products and financial services industries continued to cut back their mailing programs. In addition, increased industry capacity in the imaging business and commercial print markets led to pricing pressures.

Softness within the technology sector, especially telecommunications and communications infrastructure companies, continued to put downward pressure on revenues in the supply-chain management segment. Second quarter 2002 revenues in this segment were down 19% from the second quarter of 2001.

Healthcare revenues were up 4% in the second quarter of 2002 as compared to the prior year period. Primary products for this segment are one-time use disposable paper and film based products.

Net sales for the Corporation for the first half of 2002 were \$666 million, a decrease of 6.5% from the first half of 2001. Print segment sales for the six-month period were \$472.5 million compared to \$482.8 million in the first half of 2001, a decrease of 2%. Print sales for the first half of 2002 were

10

below the prior year period as the result of paper prices that were 15% below the prior year first half and reduced advertising spending. Sales for the supply-chain management segment in the first six months of 2002 were \$142.6 million, down 20% from the prior year first half sales of \$177.2 million. Factors primarily affecting operating activity levels for the supply-chain management segment for the first two quarters were similar to those described above for the second quarter. Healthcare sales in the first half of 2002 were slightly lower than the prior year, at \$51.0 million compared to \$52.6 million in the first half of 2001.

Earnings from operations

Earnings from operations for the second quarter of 2002 were \$24.7 million, an increase of 7% compared to \$23.2 million for the second quarter of 2001. Margins strengthened to 7.4% for the second quarter of 2002 compared to 6.8% for the same period last year. Operating margins for the second quarters of 2002 and 2001 were as follows:

Segment	Quarter 2 2002	Quarter 2 2001
-----	-----	-----
Print	8.8%	8.7%
Supply-Chain Management	8.2%	6.3%
Healthcare	9.2%	9.6%

Despite reduced revenue in the Corporation's supply-chain management segment, operating performance, cost controls and product mix generated improved margins in the second quarter of 2002. Margins exceeded what the Corporation believes are sustainable for the supply-chain management business over the long term. The

Edgar Filing: BANTA CORP - Form 10-Q

Corporation generally expects operating margins for this business to be in the range of 5.5% to 6.5%. The reduction in Healthcare margins in the 2002 second quarter resulted from manufacturing realignment costs of approximately \$450,000 at the Corporation's Rialto and Neenah facilities recorded in the second quarter of 2002. The elimination of goodwill amortization effective December 30, 2001 with the adoption of SFAS No. 142 will benefit the Corporation by approximately \$3.0 million annually. This amount will be spread evenly over the four quarters. Amortization for the second quarter of 2001 was approximately \$750,000, which reduced diluted earnings per share by two cents.

Earnings from operations for the first half of 2002 increased to \$45.2 million, 3% higher than the \$43.7 million for the prior year period. Operating margins of 6.8% for the first half of 2002 were higher than the 6.1% for the same period in 2001. Print segment earnings from operations for the first six-months of 2002 were 6% higher than the prior year period, the result of cost controls, utilization and favorable product mix. Earnings from operations for the supply-chain management segment were 7% lower for the current six-month period compared to the prior year period primarily due to reduced sales volumes. However, earnings from operations as a percentage of sales for this segment increased to 7.3% in the first half of 2002 from 6.3% in the prior year period. Healthcare earnings from operations as a percentage of sales were consistent at approximately 10% for both the first half of 2002 and 2001.

Interest Expense

Interest expense for the second quarter of 2002 was \$2.9 million, a reduction of 16% compared to interest expense of \$3.5 million in the prior year second quarter. Interest expense for the first half of 2002 was \$6.1 million, a reduction of 19% compared to the first half of 2001. The Corporation's improved balance sheet has resulted in no short-term debt outstanding at the end of the second quarter of 2002, compared to \$22.1 million in short-term debt outstanding at the end of second quarter 2001. The reduction in interest expense is the result of the reduction in long-term and short-term debt.

11

Income Taxes

As indicated below, the Corporation's effective second quarter tax rates for 2002 were slightly lower than the second quarter 2001 rates. Tax rates for the first half of 2002 were slightly higher than those of the prior year.

	Effective Tax Rate	
	2002	2001
	-----	-----
Second Quarter	39.0%	39.1%
First Half	39.2%	38.9%

Liquidity and Capital Resources

The Corporation's net working capital (current assets less current liabilities) increased by approximately \$38 million at the end of the first half of 2002 compared to the end of fiscal 2001. Cash balances increased by approximately \$65 million, which is primarily the result of reduced capital expenditures and reductions in accounts receivable. The Corporation intends to utilize excess cash to continue investing in the business through capital expenditures and acquisitions. This increase in working capital was offset by decreases in accounts receivable, as measured by days sales outstanding, which resulted in a \$33 million reduction from the end of fiscal 2001. Inventories on June 29, 2002 were comparable to the balance at the end of 2001.

Edgar Filing: BANTA CORP - Form 10-Q

Capital expenditures were \$15 million during the first half of 2002; a decrease of \$16 million from the amount expended during the first half of 2001. Capital requirements for the full year are expected to be approximately \$50 - \$55 million and will be funded by a combination of cash provided from operations and borrowings. During the first half of 2002, the Corporation repurchased no shares of common stock.

Total debt as a percentage of total capitalization at June 29, 2002 was 24%, compared to 28% at December 29, 2001.

Given cash and cash equivalents on hand as well as borrowing capacity currently in place, the Corporation believes it has sufficient liquidity to fund its operations for the foreseeable future.

Proposed Acquisition of Mentor Media

On June 20, 2002, the Corporation announced that it had reached an agreement to purchase Mentor Media Ltd., a supply-chain management leader in Asia for a purchase price of US \$70 million. The acquisition of Mentor Media Ltd. is intended to strengthen the Corporation's global position as well as support the Corporation's customers as they migrate their manufacturing activities to Asia. On August 13, 2002, Mentor Media Ltd. announced that the results of its first fiscal quarter ended June 30, 2002 are expected to be materially lower than for the previous quarter and the corresponding first quarter in 2001. In light of Mentor's expected financial performance for its first fiscal quarter of 2002, the Corporation has entered into discussions regarding, among other things, the manner and the terms under which the consideration to be paid to Mentor's principal shareholder will be paid to him as well as the minimum net tangible asset value Mentor Media Ltd. must have in connection with the closing of the transaction. Assuming that terms acceptable to the Corporation can be negotiated, the Corporation believes the transaction will close in the fourth quarter of 2002. Mentor Media Ltd. currently has operations in Singapore, Taiwan, South Korea and China.

FUTURE OUTLOOK

Given Banta's solid first half performance, management continues to expect the corporation to achieve mid-single digit growth in 2002 diluted EPS. Full-year earnings per share are projected to be in the range of \$2.40 to \$2.45 versus 2001's \$2.31, before last year's investment write-off. However, given the continuing sluggish economy, lower paper prices, competitive pricing and ad spending reductions, Banta now expects 2002 revenues will be flat to slightly down compared to last year.

CRITICAL ACCOUNTING POLICIES

The Corporation's accounting policies are more fully described in Note 1 to the consolidated financial statements included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 29, 2001. As disclosed in Note 1, the preparation of financial statements in conformity with

12

accounting principles generally accepted in the United States requires management to make estimates and assumptions about future events that affect the amounts reported in the financial statements and footnotes. Future events and their effects cannot be determined with absolute certainty. Therefore, the determination of estimates requires the exercise of judgment. Actual results inevitably will differ from those estimates, and such differences may be material to the financial statements.

The most significant accounting estimates inherent in the preparation of the

Edgar Filing: BANTA CORP - Form 10-Q

Corporation's consolidated financial statements include estimates as to the recovery of receivables and the realization of inventories, plant and equipment, capitalized software development costs and goodwill. Significant assumptions are also used in the determination of liabilities related to pension and post-retirement benefits. The process of determining significant estimates is fact specific and takes into account factors such as historical experience, current and expected economic conditions, product mix, and in some cases, actuarial assumptions. The Corporation re-evaluates these significant factors as facts and circumstances dictate. Historically, actual results have not differed significantly from those determined using the estimates described above.

The Corporation believes the following critical accounting policies affect its more significant judgments and estimates used in the preparation of its consolidated financial statements:

- o Revenue Recognition. Revenues are recognized on products shipped to unaffiliated customers when the risk of loss transfers or when services are performed. The Securities and Exchange Commission's Staff Accounting Bulletin (SAB) No. 101, "Revenue Recognition" provides guidance on the application of accounting principles generally accepted in the United States to selected revenue recognition issues. In addition, revenues in the supply-chain management segment are recognized in accordance with Emerging Issues Task Force (EITF) Issue No. 99-19, which provides guidance on whether revenue should be recorded gross as a principal or net as an agent. Each major contract is evaluated based on various criteria, with management judgment required to assess the importance of each criterion in reaching the final decision.
- o The Company adopted Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets," effective December 30, 2001. Under SFAS No. 142, goodwill and certain other intangible assets are no longer amortized but are reviewed for impairment. In connection with the adoption of SFAS No. 142, the Company has completed the first step of the transitional goodwill impairment test, which requires the Company to compare the fair value of its reporting units to the carrying value of the net assets of the respective reporting units as of December 30, 2001. Based on this analysis, the Company has concluded that no impairment existed at the time of adoption, and, accordingly, the Company has not recognized any transitional impairment loss. At December 29, 2001, the Corporation had \$63.8 million in goodwill and recognized \$3 million of amortization expense for the year ended December 29, 2001.
- o Inventories. The Corporation's inventories are stated at the lower of cost or market using the first-in, first-out (FIFO) method. Inventories include material, labor and manufacturing overhead.

CAUTIONARY STATEMENTS FOR FORWARD-LOOKING INFORMATION

This document includes forward-looking statements. Statements that describe future expectations, including revenue and earnings projections, plans, results, or strategies, are considered forward-looking. Such statements are subject to certain risks and uncertainties, which could cause actual results to differ materially from those currently anticipated. Factors that could affect actual results include, among others, changes in customers' order patterns or demand for the Corporation's products and services, changes in raw material costs and

Edgar Filing: BANTA CORP - Form 10-Q

availability (particularly paper), unanticipated changes in operation expenses, unanticipated production difficulties, changes in demand for products and services in the technology sector, the impact of increased competition resulting from industry consolidation, and any unanticipated delay in the economic recovery. These factors should be considered in evaluating the forward-looking statements, and undue reliance should not be placed on such statements. The forward-looking statements included herein are made as of the date hereof, and the Corporation undertakes no obligation to update publicly such statements to reflect subsequent events or circumstances.

Item 3. Qualitative and Quantitative Disclosures About Market Risk

The Corporation is exposed to market risk from changes in interest rates and foreign exchange rates. At June 29, 2002, the Corporation had no notes payable outstanding against lines of credit with banks. Since essentially all the Corporation's long-term debt is at fixed interest rates, exposure to interest rate fluctuations is minimal.

Exposure to adverse changes in foreign exchange rates is not considered material. Potential market risk associated with changes in foreign exchange is considered in contractual arrangements with customers.

14

PART II: OTHER INFORMATION

Item 4. Submission of Matters to a Vote of Security Holders

At the annual meeting of shareholders held on April 23, 2002, the only matters submitted to a vote of the Corporation's shareholders was the election of nine directors. All of the persons nominated as directors were elected for terms expiring at the 2003 annual meeting. The following table sets forth certain information with respect to such election:

Name	Shares Voted For	Shares Withholding Authority
----	-----	-----
Jameson A. Baxter	19,893,856	1,158,594
Donald D. Belcher	19,887,751	1,164,699
John F. Bergstrom	19,904,132	1,148,318
Ursula M. Burns	19,914,569	1,137,881
Henry T. DeNero	19,904,995	1,147,455
Richard L. Gunderson	19,625,187	1,427,263
Raymond C. Richelsen	19,632,283	1,420,167
Stephanie A. Streeter	19,917,915	1,134,535
Michael J. Winkler	18,382,790	2,669,660

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits -

- 3.1 - Amendment to By-laws
- 3.2 - By-laws as amended
- 99.1 - Written Statement of the Chief Executive Officer
- 99.2 - Written Statement of the Chief Financial Officer

Edgar Filing: BANTA CORP - Form 10-Q

(b) Reports on Form 8-K -

The Company filed a Current Report on Form 8-K, dated May 17, 2002, reporting (under Item 4) the dismissal of Arthur Andersen LLP as the Company's independent accountants and engagement of Ernst & Young LLP as the Company's independent accountants for 2002.
