**PROXY STATEMENT
For
ANNUAL MEETING OF SHAREHOLDERS
To Be Held May 4, 2004**

This proxy statement is being furnished to shareholders by the Board of Directors (the Board) of LaCrosse Footwear, Inc. (the Company) beginning on or about April 1, 2004, in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Tuesday, May 4, 2004, at 11:00 A.M., Pacific Time, at LaCrosse Footwear, Inc., 18550 NE Riverside Parkway, Portland, Oregon and all adjournments or postponements thereof (the Annual Meeting) for the purposes set forth in the attached Notice of Annual Meeting of Shareholders.

Execution of a proxy given in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a shareholder who has signed a proxy does not in itself revoke a proxy. Any shareholder giving a proxy may revoke it at any time before it is exercised by giving notice thereof to the Company in writing or in open meeting.

Edgar Filing: LACROSSE FOOTWEAR INC - Form DEF 14A

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted FOR the three persons nominated for election as directors referred to herein, FOR the proposed amendments to the LaCrosse Footwear, Inc. 2001 Non-Employee Director Stock Option Plan (the Director Plan), and on such other business or matters that may properly come before the Annual Meeting in accordance with the best judgment of the persons named as proxies in the enclosed form of proxy. Other than the election of directors and the proposed amendments to the Director Plan, the Board has no knowledge of any matters to be presented for action by the shareholders at the Annual Meeting.

Only holders of record of the Company's common stock (the Common Stock) at the close of business on March 3, 2004, are entitled to vote at the Annual Meeting. On that date, the Company had outstanding and entitled to vote 5,880,392 shares of Common Stock, each of which is entitled to one vote per share.

1

ELECTION OF DIRECTORS

The Company's By-Laws provide that the directors shall be divided into three classes, with staggered terms of three years each. At the Annual Meeting, the shareholders will elect three directors to hold office until the 2007 annual meeting of shareholders and until their successors are duly elected and qualified. Unless shareholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election as directors of the three persons named as nominees herein. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee should be unable to serve or for good cause will not serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Directors will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of directors. Votes will be tabulated by an inspector of election appointed by the Board.

The following sets forth certain information, as of March 3, 2004, about the Board's nominees for election at the Annual Meeting and each director of the Company whose term will continue after the Annual Meeting.

BOARD OF DIRECTORS

Independent Directors

Of the seven directors currently serving on the Board of Directors, the Board has determined that Messrs. Loughlin, Rosenthal, Smith and Whitcombe are independent directors as defined in the listing standards of the Nasdaq National Market and that Messrs. Rosenthal, Loughlin and Whitcombe also meet the additional independence standards for Audit Committee members.

Committees

The Board has standing Audit, Compensation, and Nominating and Governance Committees. The Board has adopted, and may amend from time to time, a written charter for each of the Audit, Compensation, and Nominating and Governance Committees. The Company makes available on its website at www.lacrossefootwearinc.com, free of charge, copies of each of these charters. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Audit Committee presently consists of Messrs. Rosenthal (Chairman), Loughlin and Whitcombe. The Board has determined that Mr. Loughlin qualifies as an audit committee financial expert, as defined by the Securities and Exchange Commission. The principal functions performed by the Audit Committee are to assist the Board in monitoring: the integrity of the Company's financial statements; the independent auditor's qualifications and independence; the performance of the Company's internal audit function and independent auditors; and the Company's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint, retain, compensate and terminate the Company's independent auditors and to approve the compensation paid to the independent auditors. The Audit Committee held six meetings in 2003.

The Compensation Committee reviews and recommends to the Board the compensation structure for the Company's directors, officers and other managerial personnel, including salary rates, participation in incentive compensation and benefit plans, fringe benefits, non-cash

perquisites and other forms of compensation, and administers the Company's 1993 Employee Stock Incentive Plan (the 1993 Plan), 1997 Employee Stock Incentive Plan (the 1997 Plan) and 2001 Stock Incentive Plan (the 2001 Plan, and together with the 1993 Plan and 1997 Plan, the Plans). Messrs. Loughlin (Chairman), Whitcombe, Rosenthal and Sims are members of the Compensation Committee. The Compensation Committee held one meeting in 2003.

4

The Board established the Nominating and Governance Committee in 2004. The principal functions performed by the Nominating and Governance Committee are: identifying individuals qualified to become directors and recommending to the Board candidates for all directorships to be filled by the Board of Directors or by the shareholders of the Company; identifying directors qualified to serve on the committees established by the Board and recommending to the Board members for each committee to be filled by the Board; and developing and recommending to the Board a set of corporate governance principles applicable to the Company. Since the Nominating and Governance Committee was established in 2004, it did not hold any meetings in 2003. Following the Annual Meeting, the Board will appoint three directors to serve on the Nominating and Governance Committee.

Nominations of Directors

The Nominating and Governance Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Nominating and Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee.

In identifying and evaluating nominees for director, the Nominating and Governance Committee of the Board seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who have broad and diverse backgrounds, possessing knowledge in areas that are of importance to the Company. The Nominating and Governance Committee looks at each nominee on a case-by-case basis regardless of who recommended the nominee. In looking at the qualifications of each candidate to determine if their election would further the goals described above, the Nominating and Governance Committee takes into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. However, the Board believes that, to be recommended as a director nominee, each candidate must:

display the highest personal and professional ethics, integrity and values;

have the ability to exercise sound business judgment;

must be highly accomplished in his or her respective field, with superior credentials and recognition and broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest;

have relevant expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience;

be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value.

have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

5

The Board also believes the following qualities or skills are necessary for one or more directors to possess:

At least one director should have the requisite experience and expertise to be designated as an audit committee financial expert as defined by applicable rules of the Securities and Exchange Commission.

One or more of the directors generally should be active or former chief executive officers of public companies or leaders of major complex organizations, including commercial, scientific, government, educational and other similar institutions.

Directors should be selected so that the Board is a diverse body.

Communications with the Board of Directors

Shareholders may communicate with the Board of Directors by writing to the Secretary of the Company at LaCrosse Footwear, Inc., c/o the Board of Directors (or, at the shareholder's option, c/o a specific director), 18550 NE Riverside Parkway, Portland, Oregon 97230. The Secretary will ensure that this communication (assuming it is properly marked c/o the Board of Directors or c/o a specific director) is delivered to the Board of Directors or the specified director, as the case may be.

Meeting and Attendance

The Board of Directors held five meetings in 2003. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the Board held in 2003 and (b) the total number of meetings held by all committees of the Board on which the director served during the period.

Directors are expected to attend the Company's annual meeting of shareholders each year. All of the current directors serving on the Board at the time of the Company's 2003 annual meeting of shareholders attended that meeting.

Director Compensation

Directors who are executive officers of the Company receive no compensation as such for service as members of either the Board or committees thereof. In 2003, directors who were not executive officers of the Company received an annual retainer of \$12,500 (assuming four quarterly Board meetings), a pro rata fee in the event of a major special Board meeting, and a fee of \$1,000 for each committee meeting attended if such meeting is held on a day other than a day on which a regular Board meeting was held (except that the fee payable for such a committee meeting was reduced to \$500 if the meeting was one hour or less). For 2004, directors who are not executive officers of the Company will receive an annual retainer of \$20,000 and a fee of \$1,500 for each committee meeting attended, payable quarterly. Each director will also receive an allowance of \$750 to purchase Company merchandise.

6

On January 1, 2004, Messrs. Rosenthal, Sims and Whitcombe were each automatically granted an option to purchase 3,000 shares of Common Stock pursuant to the Company's Director Plan, which options become exercisable in 20% increments over a five-year period from the date of grant. Currently under the Director Plan, each non-employee director automatically receives an option to purchase 3,000 shares of Common Stock on the first business day of January of each calendar year so long as the Director Plan remains in effect and a sufficient number of shares of Common Stock are available under the Director Plan.

If the proposed amendments to the Director Plan are approved by the shareholders at the Annual Meeting, then, commencing on January 1, 2005, each non-employee director will automatically receive an option to purchase 5,000 shares of Common Stock upon first becoming a director and on the first business day of January of each calendar year. Any person who first becomes a non-employee director between January 1, 2004 and January 1, 2005 will automatically receive an option to purchase 3,000 shares of Common Stock upon the latter of first becoming a director or the date of the Annual Meeting. If the proposed amendments to the Director Plan are approved by shareholders at the Annual Meeting, then, on the date of the Annual Meeting, Mr. Smith, who first became a director after January 1, 2004, will automatically receive an option to purchase 3,000 shares of Common Stock.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of three directors, each of whom is independent as defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers, Inc. The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee operates under a written charter, which is attached hereto as Appendix A.

The Company's management (management) is responsible for the Company's internal controls and the financial reporting process, including the system of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. The Audit Committee has discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards (SAS) No. 61 (Communication With Audit Committees), as amended by SAS 89 and SAS 90.

Edgar Filing: LACROSSE FOOTWEAR INC - Form DEF 14A

The Company's independent auditors have provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors their independence. The Committee considered whether the independent auditors provision of non-audit services is compatible with maintaining the independent auditors' independence.

7

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls and overall quality of the Company's financial reporting.

Based on the Audit Committee's reviews and discussions with management and the independent auditors referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

This report shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not be deemed filed under such Acts.

- (1) The dollar values are calculated by determining the difference between the fair market value of the underlying Common Stock and the exercise price of the options at exercise or fiscal year-end, respectively.

Retirement Plan

The Company's Retirement Plan (the Salaried Plan) covers a portion of the salaried employees of the Company. The table set forth below illustrates the estimated annual benefits payable as a single life annuity upon retirement pursuant to the current Salaried Plan formula for various levels of compensation and years of service, assuming retirement after attainment of age 65 during 2004.

Pension Plan Table

Average Annual Compensation	Years of Service				
	15	20	25	30	35

The Salaried Plan is a qualified noncontributory plan that provides for fixed benefits to participants and their survivors in the event of normal (age 65) or early (age 55) retirement.

Compensation covered by the Salaried Plan is a participant's total remuneration, including salary and bonus, as shown in the Summary Compensation Table, but excluding deferred compensation and fringe and welfare benefits. Benefits are based on a participant's average monthly compensation for the 60 consecutive calendar months of the 120 calendar months preceding termination of employment for which his or her compensation was the highest. Under the Salaried Plan, only compensation up to the limits imposed by the Internal Revenue Code is taken into account. Benefits are not subject to any deduction for Social Security or other offset amounts. The number of credited years of service under the Salaried Plan for each of the named executive officers as of December 31, 2003 are as follows: Mr. G. Schneider, 22 years and Mr. J. Schneider, 13 years. Pursuant to the terms of the Salaried Plan, Mr. G. Schneider began receiving benefits in 1994.

The Company froze the Salaried Plan, effective as of August 30, 2002, such that participants will not accrue any additional benefits regardless of any increases in their compensation or completion of additional years of credited service after such date. Participants are fully vested in their accrued benefits under the Salaried Plan as of August 30, 2002, which are based upon their then average monthly compensation and years of credited service.

Report on Executive Compensation

The Compensation Committee of the Board is responsible for all aspects of the Company's compensation package offered to its corporate officers, including the named executive officers. The Compensation Committee prepared the following report:

The Company's executive compensation program is designed to link to the corporate performance. To this end, the Company has developed an overall compensation strategy and specific compensation plans that tie a significant portion of executive compensation to the Company's success in meeting specified performance goals. The overall objectives of this strategy are to attract and retain outstanding executive talent and to motivate these executives to achieve aggressive goals linked to the Company's business strategy and provide a compensation package that recognizes individual contributions as well as overall business results.

During the last quarter of 2001, the Company completed a report with respect to compensation issues. A regional consulting group was retained to generate this report. This consultant group analyzed corporate compensation programs and assessed and compiled information that benchmarked compensation based on industry, organizational size, and geographic location. The result of this study has presented a structure and the framework towards providing market-competitive executive compensation for the Company, with the key elements of base salary, incentive compensation, and the issuance of grants of stock options.

13

Base Salaries. Base salaries are initially determined by evaluating the responsibilities of the position, the experience of the individual and the salaries for comparable positions in the competitive marketplace. Base salary levels for the Company's executive officers are generally positioned at market competitive levels for comparable positions in footwear and apparel companies of similar size. In determining annual salary adjustments for executive officers, the Compensation Committee considers various factors including the individual's performance and contribution, competitive salary increase levels provided by the marketplace, the relationship of an executive officer's salary to the market competitive levels for comparable positions, and the Company's performance. The Compensation Committee, where appropriate, also considers nonfinancial performance measures including improvements in product quality, relations with customers, suppliers and employees. Nonfinancial measures used for executive officers are determined on a case-by-case basis and the Compensation Committee does not assign any specific weight to any one of these factors.

Incentive Compensation. The Company's executive officers are eligible for annual incentive compensation. For 2003, executive officers were eligible for incentive compensation based on financial performance. Financial performance, for purposes of determining incentive compensation, was based 75% on operating profit and 25% on targeted inventory turns. For the 2003 incentive compensation plan year, executive officers received 77% of their eligible incentive compensation. A similar incentive compensation plan will be in place for 2004.

Stock Options. The Company's 1993 Plan, 1997 Plan and 2001 Plan are designed to encourage and create ownership of Common Stock by key executives, thereby promoting a close identity of interests between the Company's management and its shareholders. The Plans are designed to motivate and reward executives for long-term strategic management and the enhancement of shareholder value. The Compensation Committee determined that annual stock option grants to the Company's key employees, including key executive officers, is consistent with the Company's best interest and the Company's overall compensation program.

In determining the number of stock options to be granted, the Compensation Committee considers a variety of factors, including the executive's level of responsibility, relative contributions to the Company and existing level of ownership of Common Stock. Consideration is also given to an executive's potential for future responsibility and contributions to the Company, as well as the aggregate number of stock options proposed to be granted with a view towards ensuring that aggregate compensation for Company executives is appropriate. Stock options are granted with an exercise price equal to the market value of the Common Stock on the date of grant. Stock options granted in 2003 vest and become exercisable in 20% increments over a five-year period from the date of grant. Vesting schedules are designed to encourage the creation of shareholder value over the long-term since the full benefit of the compensation package cannot be realized unless stock price appreciation occurs over a number of years and the executive remains in the employ of the Company.

The Board, acting on the recommendation of the Compensation Committee, granted stock options during 2003 to key employees under the Plans, which provides annual grants of stock options to key employees.

Edgar Filing: LACROSSE FOOTWEAR INC - Form DEF 14A

Section 162(m) Limitation. The Company anticipates that all 2003 and 2004 compensation to executives will be fully deductible under Section 162(m) of the Internal Revenue Code. Therefore, the Compensation Committee determined that a policy with respect to qualifying compensation paid to executive officers for deductibility is not necessary.

**PROPOSAL TO AMEND THE
2001 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN**

General

The LaCrosse Footwear, Inc. 2001 Non-Employee Director Stock Option Plan (the Director Plan) was initially adopted by the Board and approved by the shareholders in 2001. The Board has unanimously adopted amendments to the Director Plan contingent upon shareholder approval of the proposed amendments at the Annual Meeting. In the event that this proposal is not approved by the shareholders at the Annual Meeting, none of the proposed amendments to the Director Plan will be effected and the Director Plan (except for the proposed amendments recent adopted by the Board as described below) will remain in full force and effect.

As of the record date for the Annual Meeting, an aggregate of 39,000 shares of Common Stock were subject to outstanding awards under the Director Plan and 61,000 shares remained available for the granting of new awards under the Director Plan.

The following summary description of proposed amendments and the Director Plan, as proposed to be amended, is qualified in its entirety by reference to the full text of the Director Plan that is attached to this Proxy Statement as Appendix B including all changes that this proposal would effect if approved by the Company s shareholders at the Annual Meeting.

The proposed amendments to the Director Plan provide that on the first business day of January of each calendar year, beginning January 1, 2005, each non-employee director of the Company will automatically be granted an option to purchase 5,000 shares of Common Stock. Directors were previously granted an option to purchase 3,000 shares of Common Stock. In addition, the proposed amendments provide that any person who first becomes a new non-employee director after January 1, 2004, but prior to January 1, 2005, will automatically receive an option to purchase 3,000 shares of Common Stock upon the latter of first becoming a director or the date of the Annual Meeting, and any person who first becomes a new non-employee director after January 1, 2005 will automatically receive an option to purchase 5,000 shares of Common Stock upon first becoming a director.

These amendments are proposed to encourage greater stock ownership by non-employee directors, and to allow the Company to attract and retain persons of exceptional competence to serve on the Company s Board of Directors. The Board believes that the annual grant of an option to purchase Common Stock to non-employee directors is an effective way to provide the non-employee directors increased incentive and personal interest in the success of the Company.

Purpose

The purpose of the Director Plan is to promote the long-term growth and financial success of the Company. The Director Plan is intended to secure for the Company and its shareholders the benefits of the long-term incentives inherent in increased common stock ownership by members of the Board who are not employees of the Company or its subsidiaries. It is intended that the Director Plan will induce and encourage highly experienced and qualified individuals to serve on the Board and assist the Company in promoting a greater identity of interest between the non-employee directors and the shareholders of the Company.

Administration

The Director Plan is intended to meet the formula plan requirements of Rule 16b-3 (or any successor provision thereto) adopted under the Exchange Act and accordingly is intended to be self-governing.

The Director Plan will be administered by the Board. The Board may delegate part or all of its administrative powers with respect to the Director Plan. Subject to the express provisions of the Director Plan, the Board s determinations and interpretations with respect thereto shall be final and conclusive.

Awards under the Director Plan; Shares Available

The Director Plan provides for the grant to non-employee directors of the Company nonstatutory stock options, which do not qualify for special income tax treatment under the Internal Revenue Code. The maximum number of shares of Common Stock which may be acquired upon the exercise of options granted under the Director Plan is 100,000, subject to adjustment to prevent dilution in certain cases described below. If any options granted under the Director Plan terminate, expire or are canceled prior to the delivery of all of the shares issuable thereunder, then such shares shall again be available for the granting of additional options under the Director Plan. If the exercise price of any option granted under the Director Plan is satisfied by tendering shares, only the number of shares issued net of the shares tendered shall be deemed delivered for purposes of determining the maximum number of shares available for delivery under the Director Plan. Any shares delivered pursuant to the exercise of options granted under the Director Plan may be either authorized and unissued shares of Common Stock or treasury shares held by the Company.

Terms of Awards

Under the Director Plan, as amended, on the first business day of January of each calendar year, beginning January 1, 2005, each non-employee director of the Company will automatically be granted an option to purchase 5,000 shares of Common Stock. Directors were previously granted an option to purchase 3,000 shares of Common Stock. In addition, the Director Plan, as amended, provides that any person who first becomes a new non-employee director after January 1, 2004, but prior to January 1, 2005, will automatically receive an option to purchase 3,000 shares of Common Stock upon the latter of first becoming a director or the date of the Annual Meeting, and any person who first becomes a new non-employee director after January 1, 2005 will automatically receive an option to purchase 5,000 shares of Common Stock upon first becoming a director. The option exercise price per share of Common Stock subject to the options granted under the Director Plan will be 100% of the fair market value of a share of Common Stock on the date the option is granted. The options granted under the Director Plan will be nonstatutory stock options, which do not qualify for special income tax treatment under the Internal Revenue Code. Options granted to a non-employee director will have a term of ten years from the date the option is granted.

18

Options granted under the Director Plan cannot be exercised prior to the first anniversary of the date of grant and thereafter may only be exercised with respect to twenty percent (20%) of the shares subject to such options on and after the first anniversary of the date of grant, with respect to forty percent (40%) of the shares on a cumulative basis on and after the second anniversary of the date of grant, with respect to sixty percent (60%) of the shares on a cumulative basis on and after the third anniversary of the date of grant, with respect to eighty percent (80%) of the shares on a cumulative basis on and after the fourth anniversary of the date of grant, and in full on and after the fifth anniversary of the date of grant.

The purchase price for shares of Common Stock acquired upon exercise of options under the Director Plan may be paid in cash, by delivery of securities of the Company having a fair market value on the date of exercise equal to the option exercise price or by delivery to the Company of an executed irrevocable option exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares and deliver the sale or margin loan proceeds directly to the Company to pay for the option exercise price. No shares of Common Stock will be issued under the Director Plan until full payment therefor has been made.

If a non-employee director ceases being a director of the Company for any reason other than his or her voluntary decision to resign or to not stand for reelection as director, then all rights to exercise options granted under the Director Plan will become immediately exercisable, and the non-employee director will have the right to exercise the options within 24 months after the date of termination; provided, however, that no option shall be exercisable after the expiration of the term of that option. If a non-employee director voluntarily resigns or decides to not stand for reelection as director (in either case, prior to reaching age 70), then the director may exercise options granted under the Director Plan, to the extent the options are exercisable at the time of termination, for a period of three months, but in no event after the expiration of the term of that option. Except as otherwise provided by the Board, options granted under the Director Plan are not transferable otherwise than by will or the laws of descent and distribution, and may be exercised during the life of the non-employee director only by him or her.

Capital Adjustments

In the event of a capital adjustment resulting from a dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares or other similar corporate transaction that affects shares of Common Stock, the Board may, in such manner as it deems equitable, adjust the aggregate number and type of shares available under the Director Plan and that thereafter may be made subject to options, the number and type of shares subject to outstanding options and/or the exercise price for shares subject to each outstanding option.

19

Amendment and Termination

The Director Plan will terminate on December 11, 2010, unless sooner terminated as provided thereunder. The Board may at any time amend, alter, suspend, discontinue or terminate the Director Plan. Termination of the Director Plan shall not affect the rights of non-employee directors with respect to options previously granted to them, and all unexpired options shall continue in force and effect after termination of the Director Plan, except as they may lapse or be terminated by their own terms and conditions. Any amendment to the Director Plan will become effective when adopted by the Board, unless specified otherwise. Rights and obligations under any option granted before any amendment of the Director Plan will not be materially and adversely affected by amendment of the Director Plan, except with the consent of the director who holds the option.

Certain Federal Income Tax Consequences

The grant of a stock option under the Director Plan will create no income tax consequences to the non-employee director or the Company. A non-employee director who is granted a nonstatutory stock option will generally recognize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the Common Stock acquired at such time over the exercise price. The Company will generally be entitled to a deduction in the same amount and at the same time as ordinary income is recognized by the non-employee director, the Company may lose all or a portion of such deduction if any of the options granted do not qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. A subsequent disposition of the Common Stock will give rise to capital gain or loss to the extent the amount realized from the sale differs from the tax basis, i.e., the fair market value of the Common Stock on the date of exercise. This capital gain or loss will be long-term capital gain or loss if the Common Stock has been held for more than one year from the date of exercise.

Future Awards

Currently under the Director Plan, each non-employee director automatically receives an option to purchase 3,000 shares of Common Stock on the first business day of January of each calendar year. If the proposed amendments to the Director Plan are approved by the shareholders, commencing on January 1, 2005, each non-employee director will automatically receive an option to purchase 5,000 shares of Common Stock upon first becoming a director and then on the first business day of January of each calendar year thereafter so long as the Director Plan remains in effect and a sufficient number of shares of Common Stock are available under the Director Plan. Any person who first becomes a new non-employee director after January 1, 2004, but prior to January 1, 2005, will automatically receive an option to purchase 3,000 shares of Common Stock upon the latter of first becoming a director or the date of the Annual Meeting.

On March 9, 2004, the last reported sale price per share of the Common Stock on The Nasdaq National Market was \$8.03.

Vote Required

Assuming a quorum is present, the proposed amendments to the Director Plan will be approved if the number of votes cast in favor of the proposed amendments exceed the number of votes cast opposing the proposed amendments. Any shares of Common Stock not voted at the Annual Meeting with respect to the Director Plan (whether as a result of broker non-votes, abstentions or otherwise) will have no impact on the vote. In the Event the Director Plan, as amended, is not approved by the shareholders at the Annual Meeting, the Director Plan (except for the proposed amendments recently adopted by the Board as described above) will remain in full force and effect.

21

THE BOARD RECOMMENDS A VOTE FOR THE PROPOSED AMENDMENTS TO THE DIRECTOR PLAN AND URGES EACH SHAREHOLDER TO VOTE FOR THE PROPOSED AMENDMENTS TO THE DIRECTOR PLAN. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR THE PROPOSED AMENDMENTS TO THE DIRECTOR PLAN.

APPENDIX B

LACROSSE FOOTWEAR, INC.
2001 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN

Section 1. Establishment

LACROSSE FOOTWEAR, INC. (the Company) hereby establishes a stock option plan for non-employee directors, as described herein, which shall be known as the LACROSSE FOOTWEAR, INC. 2001 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN (the Plan). It is intended that only nonstatutory stock options may be granted under the Plan.

Section 2. Purpose

The purpose of the Plan is to promote the long-term growth and financial success of the Company. The Plan is intended to secure for the Company and its shareholders the benefits of the long-term incentives inherent in increased common stock ownership by members of the Board who are not employees of the Company or its Affiliates. It is intended that the Plan will induce and encourage highly experienced and qualified individuals to serve on the Board and assist the Company in promoting a greater identity of interest between the Non-employee Directors and the shareholders of the Company.

Section 3. Definitions

The following terms shall have the respective meanings set forth below, unless the context otherwise requires:

- (a) **Affiliate** shall mean any corporation, partnership, joint venture, or other entity in which the Company holds an equity, profit, or voting interest of more than fifty percent (50%).
- (b) **Board** shall mean the Board of Directors of the Company.
- (c) **Code** shall mean the Internal Revenue Code of 1986, as amended.
- (d) **Exchange Act** shall mean the Securities Exchange Act of 1934, as amended from time to time.
- (e) **Fair Market Value per Share** shall mean for any day the average of the high and low sales prices for a Share in the over-the-counter market, as reported by the Nasdaq Stock Market on the business day immediately preceding such day, or, if there were no trades of Shares on such business day, on the most recent preceding business day on which there were trades. If Shares are not listed or admitted to trading on the Nasdaq Stock Market when the determination of fair market value is to be made, Fair Market Value per Share shall be the mean between the highest and lowest reported sales prices of Shares on that date on the principal exchange on which the Shares are then listed. If the Shares are not listed on any national exchange, Fair Market Value per Share shall be the amount determined in good faith by the Board to be the fair market value of a Share at the relevant time.

B-1

-
- (f) **Non-employee Director** shall mean a member of the Board who is not an employee of the Company or any Affiliate.
 - (g) **Shares** shall mean shares of common stock of the Company, \$.01 par value per share, and such other securities or property as may become subject to Options pursuant to an adjustment made under Section 11 of the Plan.

Section 4. Effective Date of the Plan

The effective date of the Plan is the date of its adoption by the Board, December 11, 2000, subject to the approval and ratification of the Plan by the shareholders of the Company, and any and all awards made under the Plan prior to such approval shall be subject to such approval.

Section 5. Shares Available for Options

Subject to adjustment in accordance with the provisions of Section 11, the number of Shares which may be issued pursuant to the Plan shall not exceed 100,000. Such Shares may be authorized and unissued Shares or treasury shares. If, after the effective date of the Plan, any Options terminate, expire or are canceled prior to the delivery of all of the Shares issuable thereunder, then the number of Shares counted against the number of Shares available under the Plan in connection with the grant of such Option, to the extent of any such termination, expiration or cancellation, shall again be available for the granting of additional Options under the Plan. If the exercise price of any Option granted under the Plan is satisfied by tendering Shares (by either actual delivery or by attestation), only the number of Shares issued net of the Shares tendered shall be deemed delivered for purposes of determining the maximum number of Shares available for delivery under the Plan.

Section 6. Plan Operation

- (a) **Formula Plan.** The Plan is intended to meet the formula plan requirements of Rule 16b-3 (or any successor provision thereto), as interpreted, adopted under the Exchange Act and accordingly is intended to be self-governing.
- (b) **Administration.** The Plan shall be administered by the Board. The Board may, by resolution, delegate part or all of its administrative powers with respect to the Plan. The Board shall have all of the powers vested in it by the terms of the Plan, such powers to include the

authority, within the limits prescribed herein, to establish the form of the agreement embodying grants of Options made under the Plan. The Board shall, subject to the provisions of the Plan, have the power to construe the Plan, to determine all questions arising thereunder and to adopt and amend such rules and regulations for the administration of the Plan as it may deem desirable, such administrative decisions of the Board to be final and conclusive. Except to the extent prohibited by applicable law, the Board may authorize any one or more of their number or the Secretary or any other officer of the Company to execute and deliver documents on behalf of the Board.

Section 7. Nonstatutory Stock Option Awards to Non-employee Directors

(a) **Eligibility.** Non-employee Directors shall automatically be granted Options under the Plan in the manner set forth in this Section 7 for no cash consideration. A Non-employee Director may hold more than one Option under the Plan in his or her capacity as a Non-employee Director of the Company, but only on the terms and subject to the conditions set forth herein. All options granted to Non-employee Directors pursuant to the Plan shall be nonstatutory stock options which do not qualify for special tax treatment under Code Sections 421 or 422.

(b) **Grants.**

(i) **Initial Grant.** Any person who first becomes a new Non-Employee Director after January 1, 2004, but prior to January 1, 2005, shall be granted an option (an Option) to purchase three thousand (3,000) Shares under the Plan upon the latter of first becoming a Non-Employee Director or May 4, 2004. Any person who first becomes a new Non-Employee Director on or after January 1, 2005 shall be granted an Option to purchase five thousand (5,000) Shares under the Plan upon first becoming a Non-Employee Director.

(ii) **Annual Grants.** On the first business day of January in each of 2001, 2002, 2003 and 2004, each Non Employee Director at such time shall be granted an Option to purchase three thousand (3,000) Shares under the Plan. On the first business day of January 2005 and on the first business day of January in each calendar year thereafter so long as the Plan remains in effect and a sufficient number of Shares are available under the Plan, each Non employee Director at such time shall be granted an Option to purchase five thousand (5,000) Shares under the Plan.

(iii) **Terms.** The price per Share of the Company's common stock which may be purchased upon exercise of an Option shall be one hundred percent (100%) of the Fair Market Value per Share on the date the Option is granted. Such exercise price shall be subject to adjustment as provided in Section 11 hereof. The term of each Option granted to a Non employee Director shall be for ten (10) years from the date of grant, unless terminated earlier pursuant to the provisions of Section 9 hereof.

B-3

(c) **Option Agreement.** Each Option granted under the Plan shall be evidenced by a written agreement in such form as the Board shall from time to time adopt. Each agreement shall be subject to, and incorporate, by reference or otherwise, the applicable terms of the Plan.

(d) **Option Period.** No Option shall be granted under the Plan after the tenth anniversary of the effective date of the Plan. However, the term of any Option theretofore granted may extend beyond such date. Options shall automatically be granted to Non-employee Directors under the Plan only for so long as the Plan remains in effect and a sufficient number of Shares are available hereunder for the granting of such Options.

(e) **Vesting.** Except as otherwise provided in Section 9 hereof, an Option cannot be exercised prior to the first anniversary of the date of grant and thereafter may only be exercised with respect to twenty percent (20%) of the Option Shares on and after the first anniversary of the date of grant, with respect to forty percent (40%) of the Option Shares on a cumulative basis on and after the second anniversary of the date of grant, with respect to sixty percent (60%) of the Option Shares on a cumulative basis on and after the third anniversary of the date of grant, with respect to eighty percent (80%) of the Option Shares on a cumulative basis on and after the fourth anniversary of the date of grant and in full on and after the fifth anniversary of the date of grant.

Section 8. Exercise of Option

An Option may be exercised, subject to limitations on its exercise and the provisions of Section 9, from time to time, only by (i) providing written notice of intent to exercise the Option with respect to a specified number of Shares; and (ii) payment in full to the Company of the exercise price at the time the Option is exercised (except that, in the case of an exercise under paragraph (iii) below, payment may be made as soon as practicable after the exercise). Payment of the exercise price may be made:

- (i) in cash or by certified check,

(ii) by delivery to the Company of Shares which shall have been owned for at least six (6) months and have a Fair Market Value per Share on the date of surrender equal to the exercise price, or

(iii) by delivery (including by fax) to the Company or its designated agent of a properly executed exercise notice together with irrevocable instructions to a broker to sell or margin a sufficient portion of the Option Shares and promptly deliver to the Company the sale or margin loan proceeds required to pay the exercise price.

Section 9. Effect of Termination of Membership on the Board

The right to exercise an Option granted to a Non-employee Director shall be limited as follows, provided the actual date of exercise is in no event after the expiration of the term of the Option:

B-4

(a) If a Non-employee Director ceases being a director of the Company for any reason other than the reason identified in subparagraph (b) of this Section 9, the Options become immediately exercisable upon such date of termination and the Non-employee Director shall have the right to exercise the Options within twenty-four (24) months after such termination without regard to the vesting restrictions of Section 7(e), subject to the condition that no Option shall be exercisable after the expiration of the term of the Option; and

(b) If a Non-employee Director ceases being a director of the Company due to the director's voluntary decision to resign or voluntary decision not to stand for reelection to the Board, in either case prior to reaching age 70, the Non-employee Director may exercise the Options, to the extent they were exercisable at the time of termination, for a period of three (3) months after such termination of service, but in no event beyond the expiration of the term of the Options.

Section 10. Transferability of Options

The Options and rights under the Options are not assignable, alienable, saleable or transferable by a Non-employee Director otherwise than by will or by the laws of descent and distribution, and may be exercised during the lifetime of the Non-employee Director only by such individual or, if permissible under applicable law, by such individual's guardian or legal representative, except that a Non-employee Director may, to the extent allowed by the Board and in a manner specified by the Board, (a) designate in writing a beneficiary to exercise the Option after the Non-employee Director's death; and (b) transfer any Option.

Section 11. Capital Adjustment Provisions

In the event that the Board shall determine that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event (individually referred to as "Event" and collectively referred to as "Events") affects the Shares such that an adjustment is determined by the Board to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Board may, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares subject to the Plan and which thereafter may be made the subject of Options under the Plan; (ii) the number and type of Shares subject to outstanding Options; and (iii) the exercise price with respect to any Option (collectively referred to as

Adjustments); *provided, however*, that Options subject to grant or previously granted to Non-employee Directors under the Plan at the time of any such Event shall be subject to only such Adjustments as shall be necessary to maintain the proportionate interest of the Non-employee Directors and preserve, without exceeding, the value of such Options

B-5

Section 12. Amendment and Termination of the Plan

The Plan shall terminate on December 11, 2010, unless sooner terminated as herein provided. The Board may at any time amend, alter, suspend, discontinue or terminate the Plan. Termination of the Plan shall not affect the rights of Non-employee Directors with respect to Options previously granted to them, and all unexpired Options shall continue in force and effect after termination of the Plan, except as they may lapse or be terminated by their own terms and conditions. Any amendment to the Plan shall become effective when adopted by the Board, unless specified otherwise. Rights and obligations under any Option granted before any amendment of this Plan shall not be materially and adversely affected by amendment of the Plan, except with the consent of the person who holds the Option, which consent may be obtained in any manner

that the Board deems appropriate.

Section 13. General Provisions

(a) **Other Compensation.** Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation arrangements for Non-employee Directors, and such arrangements may be either generally applicable or applicable only in specific cases.

(b) **Rights of Directors.** The grant of an Option to a Non-employee Director pursuant to the Plan shall confer no right on such Non-employee Director to continue as a director of the Company. Except for rights accorded under the Plan, Non-employee Directors shall have no rights as shareholders with respect to Shares covered by any Option until the date of issuance of the stock certificates to the Non-employee Director and only after such Shares are fully paid. No adjustment will be made for dividends or other rights for which the record date is prior to the date such stock is issued.

(c) **Securities Laws.** Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any Shares under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act of 1933), and the applicable requirements of any securities exchange or similar entity.

(d) **Governing Law.** The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the internal laws of the State of Wisconsin and applicable federal law.

(e) **Miscellaneous.** Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision hereof.
