Eltek Announces the Appointment of a New CEO For Its German Subsidiary

First significant order from this strategically important market has been awarded

PETACH-TIKVA, Israel--(BUSINESS WIRE)--Dec. 2, 2003-- Eltek Ltd. (Nasdaq:ELTK - News), the leading Israeli manufacturer of advanced circuitry solutions, today announced its financial results for the three and nine month periods ended September 30, 2003.

Eltek reported revenues for the three months ended September 30, 2003 of NIS 27.2 million (\$6.1 million), compared to NIS 25.5 million (\$5.7 million) during the third quarter of 2002. Net loss for the quarter totaled NIS 3.2 million (\$709,000), or NIS 0.75 per share (\$0.17), compared to a net loss of NIS 6.7 million (\$1.5 million), or NIS 2.28 per share (\$0.51), for the third quarter of 2002.

"The results of the third quarter of 2003 reflect our ongoing marketing efforts and our actions to improve our operational results," said Arie Reichart, President and Chief Executive Officer of Eltek.

"Our revenues were on the same level as in the first quarter of 2003, although we reduced our manpower by 50 positions. Gross profit is improving and we are reducing our operating loss in each quarter. Our disappointment is with the pace of the improvement which was adversely impacted by the re-valuation of the NIS against the US\$ beginning in the second quarter. Our financing expenses in the third quarter were unusually high due to the decrease in the CPI during the quarter."

"On July 1, 2003, Mr. Earnst Winkler joined Eltek as CEO of our German subsidiary, Kubatronik. Mr. Winkler brings more than 20 years of extensive marketing and technological experience in the fields of flex rigid and other complex PCBs. He has already played a significant role in our efforts to further penetrate the German market as well as to expand our European activities. We see great potential in these areas."

Mr. Reichart continued: "I am particularly encouraged by the increased contribution of Eltek's international operations to our quarterly revenues as well as to our pipeline for 2004. Our international sales accounted for more than 36% of our overall quarterly revenues in the third quarter. We were recently awarded an initial order of \$220,000 from a new customer in Germany for a complex flex-rigid PCB to be delivered during 2004."

Mr. Reichart concluded: "Our ongoing efforts to further strengthen Eltek's global market position has begun to yield tangible results. We intend to continue to aggressively explore opportunities in the international markets."
