Item 2.02. Results of Operation and Financial Condition.

On March 17, 2009, Lifetime Brands, Inc. (the “Company”) issued a press release announcing the Company’s preliminary, unaudited financial results for the quarter and full year ended December 31, 2008. A copy of the Company’s press release is attached as Exhibit 99.1.

The press release attached as Exhibit 99.1 contains non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company’s performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles. To supplement the Company’s results of operations presented in accordance with GAAP, it is presenting non-GAAP information regarding the effect on its results of “special items” that the Company recorded during the periods.

These non-GAAP measures are provided to enhance the user’s overall understanding of the Company’s current financial performance. Specifically, the Company believes the non-GAAP results provide useful information to both management and investors by excluding certain items that may not be indicative of the Company’s core operating results. These measures should be considered in addition to results prepared in accordance with GAAP, but are not a substitute for or superior to GAAP results. The non-GAAP measures included in the attached press release have been reconciled to the equivalent GAAP measure.
