**PROPOSAL 2 - AMENDMENT TO THE RESTATED CERTIFICATE
OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK
FROM 20,000,000 SHARES TO 40,000,000 SHARES**

The Board of Directors unanimously recommends that the stockholders approve an amendment to the Company's Restated Certificate of Incorporation increasing the authorized Common Stock, without par value, from 20,000,000 shares to 40,000,000 shares. The text of the proposed amendment is attached hereto as Exhibit B.

As of March 15, 2007, 13,184,376 shares of the 20,000,000 shares of Common Stock presently authorized were outstanding.

The Board of Directors believes that it would be in the best interests of the Company to have additional shares available for issuance at its discretion for acquisitions, financings, stock dividends or splits, and other corporate purposes. The Company has no specific plans and there are no commitments, understandings or negotiations at this time with respect to the issuance of additional shares of Common Stock. The proposed amendment would not change the terms of the Common Stock, which does not have preemptive rights. No further stockholder authorization for the issuance of the additional shares will be solicited prior to issuance.

Vote Required for Proposal 2:

The amendment of Article 7A of the Restated Certificate of Incorporation, which constitutes Proposal 2, will require the affirmative vote of the holders of two-thirds of the shares of the Company's Common Stock voting at the 2007 Annual Meeting (assuming the presence of a quorum).

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR
THE AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION.**

COMPENSATION DISCUSSION & ANALYSIS

The Compensation Discussion & Analysis (CD&A) describes the Company's compensation objectives, policies and basis for determinations of Compensation for the Named Executive Officers.

The Company's compensation objectives and policies applicable to the Named Executive Officers seek to incent the advancement of three corporate priorities which are desirable and necessary for the Company to achieve its expressed vision and strategy in the creation of long-term shareholder value. Those corporate priorities are (1) profitable growth; (2) operational excellence; and (3) developing the technical and management skills of the Company employees. In order to achieve the vision of the Company, and execute the strategies needed to achieve that vision, the Company's compensation and benefits programs are designed to (a) attract and retain qualified executives; (b) support short and long-term goals and objectives of the Company and; (c) appropriately reward individuals for their contribution to the Company's success. These programs are directly related to the creation of value for shareholders through progress in the three corporate priorities listed above.

In order to achieve progress in the three priorities above, the Company, through the Named Executive Officers, sets goals each year for incentive compensation purposes which are consistent with those priorities. Each goal is designed to be specific, measurable, achievable, relevant and time-bound.

Consistent with the Company's corporate priorities, expectations are established for the Named Executive Officers in the following three areas:

- A. Financial** – Executives are expected to continuously improve total shareholder returns to ensure competitive performance in relation to the Company's peer group of publicly-traded companies.
- B. Operational** – The Named Executive Officers continue to diligently implement and manage the Company's policies, procedures and programs for compliance with regulatory requirements. The executives are expected to attract and retain qualified employees and keep appropriate focus on training and development. The executives fully develop, implement and manage succession plans. They are expected to maintain open, honest and frequent communications with employees at all levels regarding their professional development, career paths, performance and other areas of opportunity for both themselves and, for the Company. The executives develop and execute plans to grow the business, in terms of both customers and profits. The Company, through its executives, continues to manage to high standards for water quality, service delivery, asset management, and other disciplines. At the same time, the executives seek to control operating costs to the extent possible, to maximize shareholder returns and to maintain reasonable customer rates.
- C. Leadership** – Named Executive Officers are expected to instill a Company culture based on ethical behavior, mutual respect, open and honest communications and a commitment to learning and continued improvement and accountability for performance. By setting an example and "tone at the top" these values and behaviors are diligently instilled throughout the Company.

ELEMENTS OF COMPENSATION

The elements of compensation relevant to the Named Executive Officers consist of base salary, eligibility for incentive compensation through participation in the Company's Restricted Stock Plan and participation in a Supplemental Executive Retirement Plan (SERP). In addition, the Named Executive Officers participate under the same terms and conditions in retirement, health and welfare plans that are generally available to all eligible employees. All elements of compensation are further detailed in the tables contained herein.

Base salary levels are reviewed annually and are benchmarked against other companies, both utilities and non-utilities, at the State and national levels. Independent salary studies are periodically conducted with the assistance of an outside consultant retained by the Compensation Committee. Salaries for satisfactory performance are targeted at the

median of the competitive market. Individual performance of the executive is given appropriate consideration when setting salaries against the competitive market data.

The factors and criteria upon which the Principal Executive Officer's (PEO) compensation is based generally include those discussed with respect to the other Named Executive Officers. In addition, the Compensation Committee examines the effectiveness with which the PEO is managing the performance of the executive team. Among the criteria to be used for evaluation are the following: (a) Financial – to review the establishment and achievement of appropriate short and long-term financial objectives. (b) Operational – to determine that appropriate policies, procedures, and processes have been established and implemented so that the Company is compliant under all relevant regulatory polices; to ensure the development of effective recruitment, training, retention and personnel communications plans; to ensure that the Company is both developing and executing initiatives on a timely basis; to promote efficiency and continuous improvement so that results are tied to the strategic plan and budget that are focused on increased shareholder value, the quality of service delivery and employee satisfaction; and

Table of Contents

(c) Leadership – to ensure that the PEO is leading the Company and setting strategies and philosophies that are well understood, widely supported, consistently applied and effectively implemented and which include setting standards for strong safety and ethical compliance. Overall, the Compensation Committee will review the PEO's performance in light of the corporate priorities mentioned above to determine how effectively the PEO is contributing to the delivery of the Company's strategy and how effectively the PEO is aligning the organization to execute the strategies in order to achieve the desired results.

The Named Executive Officers and other executive officers are eligible to participate in the deferred compensation plan known as the Supplemental Executive Retirement Plan (SERP) at the discretion of the Board of Directors. The participant who retires on the normal retirement date, as defined in the SERP, is entitled to an annual retirement benefit of up to 75% of compensation reduced by the primary social security benefit and further reduced by any benefit payable from the Company's qualified defined benefit pension plan. Further reductions are made for benefits from prior employment where such benefits have accrued. Generally, a participant is vested at ten (10) years of service in the event of retirement or death or in the event of a Change In Control as described further herein. Vesting does not occur with respect to separation from employment other than in the event of retirement, death or a Change In Control. Annual benefits are generally payable for fifteen (15) years either to the participant or the participant's beneficiary. Retirement benefits may also be in the form of single life annuity, joint and 50% survivor's annuity, joint and 100% survivor's annuity, single life annuity with a ten (10) year certain period or single life annuity with a fifteen (15) year certain period paid on an actuarial equivalent basis.

The Company is not obligated to set aside or earmark any monies or other assets specifically for the purpose of funding the SERP, except that upon a change of control, the Company would be obligated to make contributions to a trust anticipated to be sufficient to meet the obligations under the SERP. In any event, benefits are in the form of an unfunded obligation of the Company.

For the year 2006, the Company paid life insurance premiums for the Named Executive Officers which provides a pre-retirement net death benefit of 3 times base salary at date of death.

The Company has Change of Control Termination Agreements with the Named Executive Officers and other executive officers, and these Change in Control Agreements are discussed hereinafter.

The Company maintains an incentive compensation program in the form of a Restricted Stock Plan for the purpose of attracting and retaining key executives and other employees having managerial responsibility who have contributed, or are likely to contribute, significantly to the short and long-term performance of the Company. Awards under the Restricted Stock Plan are designed to enhance financial performance, quality service delivery and corporate efficiency through a performance-based stock award. Awards to the Named Executive Officers, other than the PEO, are suggested by the PEO and reviewed and approved by the Compensation Committee. After full review by the Compensation Committee, a report and recommendation is made to the full Board of Directors for final approval of the proposed stock awards. With respect to the PEO, the Compensation Committee makes its own evaluation and recommendation as to the amount of award to be received by the PEO under the Restricted Stock Plan. In determining the amount of the award for the PEO, the Compensation Committee will consider the correlation between the achievement of the Company's goals and the incentive compensation awards. The committee will ensure the PEO's achievement of incentive compensation goals is consistent with overall performance, that is, it will seek to ensure core functions are not inappropriately compromised for the direct purpose of obtaining incentive compensation awards. In addition, the Compensation Committee will seek to determine that all critical operational needs have been met before any consideration can be given to incentive compensation awards, regardless of any positive overall financial performance. These critical functions include regulatory compliance, water quality, employee safety, reliability of assets, maintaining a well-trained and motivated work force and other important aspects of operations and administration. All of these factors are incorporated into the determination of the Compensation Committee in terms

of the amount of an award to the PEO under the Restricted Stock Plan.

All awards of restricted stock to the Named Executive Officers are made in accordance with the provisions of the Restricted Stock Plan. Under such Plan, none of the awards of restricted stock vests until five (5) years from the date of grant. However, all unvested awards become fully vested in the event of a Change In Control of the Company as defined in the Change in Control Agreements. Under the provisions of the Restricted Stock Plan, dividends on unvested shares are paid to the awardees quarterly.

The Company believes each element of compensation and the Company's decisions regarding such elements are consistent with the Company's overall compensation objectives as expressed above. The Company believes each element of compensation for the Named Executive Officers is fair and reasonable. Such elements of compensation will help enable the Company to maintain a competitive compensation program among comparably sized utilities and other firms in general.

All employees, including the Named Executive Officers, who receive pay for 1,000 hours during the year, are included in the Company's Qualified Defined Benefit Pension Plan (Qualified Plan). Under the noncontributory Qualified Plan, current service costs are funded annually as allowed under Internal Revenue Service guidelines. The Company's annual contribution is determined on an actuarial basis. Benefits are measured from the member's entry date and accrue to normal retirement date or date of early retirement. Benefits are calculated, at normal retirement, at

1.25% of pay up to the employee's benefit integration level, plus 1.9% of such excess pay, multiplied by service to normal retirement date, capped at 35 years of such excess pay, multiplied by service to normal retirement date of age 65. Average pay is the highest annual average of total pay during any 5 consecutive years within the 10 calendar-year period prior to normal retirement date. The benefit amounts are not subject to any deduction for Social Security benefits or other offset amounts.

Ronald F. Williams is currently eligible to receive early retirement benefits under the Retirement Plan in the event he retires. No other Named Executive Officer has reached the minimum age and service requirements to receive early retirement benefits under the Retirement Plan. No lump sum payment of accumulated retirement benefits is provided under the plan.

CHANGE IN CONTROL AGREEMENTS

The Company has Change in Control Agreements with the Named Executive Officers and other Executive Officers. These agreements generally provide that if the executive is terminated by the Company, other than for death, disability, retirement, cause (as defined in the agreement), or if the executive resigns for Good Reason (as defined in the agreement) within three (3) years after a Change in Control of the Company as defined in the agreement, the executive is entitled to receive, (a) a lump sum severance payment equal to three (3) times the executive's average total compensation for the five (5) years prior to the termination; (b) continued coverage for three (3) years under any health or welfare plan in which the executive and the executive's dependent's were participating; and (c) an additional amount equal to the amount of federal Excise Tax, if any, that is due or determined to be due resulting from the severance payments or any other payments under the agreement. The benefits under any health or welfare benefit plan could end earlier than three (3) years from the date of termination and would end on the earlier to occur of (i) the date the executive becomes covered by a new employer's health and welfare benefit plan, or (ii) the date the executive becomes covered by Medicare. Also, coverage for the executive's dependents could end earlier than any of these dates if required by the health or welfare benefit plan due to age eligibility.

After the third anniversary of a Change in Control, if the executive's employment by the Company shall be terminated by the Company other than for cause, retirement or disability, or by the executive for Good Reason, then the executive is entitled to receive a lump sum severance payment equal to one and one half times the executive's average total compensation for the five (5) years prior to the occurrence of the circumstance giving rise to the termination.

In addition to the benefits to be paid to the executive as noted above on or before the third anniversary of the Change in Control, the Company shall pay the executive any deferred compensation, including, but not limited to, deferred bonuses allocated or credited to the executive as of the date of termination. Also, any outstanding restricted stock grants awarded to the executive under the Company's stock plans, which are not vested on termination, shall immediately vest.

A Change in Control may also lead to the payment of benefits to the Named Executive Officers, as well as other executive officers, who are participants under the Company's Supplemental Executive Retirement Plan ("SERP"). Under the SERP, if an executive leaves the Company's employ as a direct or indirect result of a Change in Control within five years of the Change in Control under any of the following circumstances: (a) the executive's employment with the Company is terminated by the Company other than for cause; (b) the nature and scope of the executive's duties or activities with the Company or its successor are reduced to a level significantly below that which the executive had enjoyed immediately prior to the Change in Control; or (c) the executive's base salary is reduced; or (d) if the Change in Control is preceded by the Company terminating the executive's employment with the Company without cause during the six month period prior to the occurrence of the Change in Control, the executive shall be entitled to receive an annual retirement benefit equal to 75% of the executive's Compensation (and in some cases, 50% of Compensation) reduced by certain other benefits as more particularly set forth in the SERP. Such annual retirement benefits shall commence within sixty days after the later of (a) the executive's Normal Retirement Date, or (b) the executive's retirement or termination of employment with the Company or its successor. Unless the executive elects and receives approval of an alternative form of payment under the SERP, the executive shall receive the annual retirement benefit each year for fifteen years payable in monthly installments.

Notwithstanding the foregoing, if an executive leaves the Company's employ in the event of a Change in Control and within the time frame and for the reasons discussed above, then, at the executive's sole option, the executive may elect to receive a benefit equal to 75% of the executive's Compensation (and in some cases, 50% of Compensation) reduced by certain other benefits as set forth in the SERP. Such benefit shall commence within sixty days after the executive terminates employment with the Company or its successor.

The following table indicates the potential value the Named Executives would receive under the various employment scenarios listed, including those relating to a Change in Control. All scenarios use December 29, 2006, the last business day of the Company's last completed fiscal year, as the date for the triggering event set forth in the schedule. Additionally, the potential values to each of the Named Executives also include the present value of accumulated benefits under the SERP assuming that each Named Executive made an election to receive such benefits within sixty days after the executive terminates employment with the Company or its successor.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors administers the compensation program for the named executive officers and the other executive officers of the Company (hereinafter, collectively referred to as the “executive officers”). The Committee for the year 2006 was composed of three independent Directors: Annette Catino, John R. Middleton, M.D., and Jeffries Shein. The Committee is responsible for setting and administering the policies that govern annual base compensation and incentive compensation. The full Board of Directors approves policies and recommendations developed by the Committee. The Compensation Committee annually reviews and adopts its Charter which it then recommends for adoption by the Board of Directors. The Board of Directors has adopted a written Charter for the Compensation Committee, which is available on the Company’s website at www.middlesexwater.com.

The Company’s compensation objectives and policies applicable to the executive officers seek to incent the advancement of three corporate priorities which are desirable and necessary for the Company to achieve its expressed vision and strategy in the creation of long-term shareholder value. Those corporate priorities are (1) profitable growth; (2) operational excellence; and (3) developing the technical and management skills of the Company employees. In order to achieve the vision of the Company, and execute the strategies needed to achieve that vision, the Company’s compensation and benefits programs are designed to (a) attract and retain qualified executives; (b) support short and long-term goals and objectives of the Company; and (c) appropriately reward individuals for their contribution to the Company’s success. These programs are directly related to the creation of value for shareholders through progress in the three corporate priorities listed above.

The Committee meets with the Chief Executive Officer to review his evaluation of the performance of the other executive officers and meets with the Chief Executive Officer to evaluate his performance. The Committee reports on all executive evaluations to the full Board of Directors.

Base salary levels are reviewed annually and are benchmarked against other companies, both utilities and non-utilities, at the State and national levels. Independent salary studies are periodically conducted with the assistance of an outside consultant retained by the Committee. Salaries for satisfactory performance are targeted at the median of the competitive market. Individual performance of each executive is given appropriate consideration when setting salaries against the competitive market data.

The factors and criteria upon which the Chief Executive Officer’s compensation is based generally include those discussed with respect to the other executive officers. In addition, the Compensation Committee examines the effectiveness with which the CEO is managing the performance of the executive team. Among the criteria to be used for evaluation are the following: (a) Financial – to review the establishment and achievement of appropriate short and long-term financial objectives for the Company. (b) Operational – to determine that appropriate policies, procedures, and processes have been established and implemented so that the Company is compliant under all relevant regulatory polices and that opportunities and vulnerabilities are appropriately managed; to ensure the development of effective recruitment, training, retention and succession plans; to ensure that the Company is both developing and executing initiatives on a timely basis; to promote efficiency and continuous improvement so that results are tied to the strategic plan and budget that are focused on increased shareholder value, the quality of service delivery and employee satisfaction; and (c) Leadership – to ensure that the CEO is leading the Company and setting strategies and philosophies that are well understood, widely supported, consistently applied and effectively implemented and which include setting standards for strong safety and ethical compliance.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management of the Company. Based on the review and discussions, the Compensation Committee has recommended

to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy and incorporated by reference into the Company's annual report on Form 10-K.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of four independent directors, one of whom is designated by the Board as the “Audit Committee Financial Expert,” as defined by the Securities and Exchange Commission. The Committee for the year 2006 was composed of: Annette Catino, John C. Cutting, John R. Middleton, M.D. and John P. Mulkerin. The Audit Committee operates under a written Charter adopted by the Board of Directors and reviewed and adopted annually by the Committee and the Board of Directors. The Charter is set forth herein as Exhibit A in this Proxy and is available on the Company’s website at www.middlesexwater.com.

Management is responsible for the Company’s financial statements and internal controls. The independent accountants of Middlesex Water, Beard Miller Company, LLP, are responsible for performing an independent audit of the Company’s annual consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report thereon. The Committee’s responsibility is to oversee the quality and integrity of the Company’s accounting, auditing and financial reporting practices.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated audited financial statements with management and the independent accountants. The Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), which includes, among other things:

- Changes in significant accounting policies;
- The process used by management in formulating accounting estimates and the basis for the auditors’ conclusions regarding the reasonableness of these estimates;
 - Disagreements, if any, with management over the application of accounting principles;
 - Audit adjustments; and
 - Disclosures in the financial statements.

The independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants the firm’s independence with respect to Middlesex Water Company and its management. The Committee has the sole authority to preapprove permitted non-audit Company services performed by the independent accountants and has considered whether the independent accountants’ provision of non-audit services to the Company is compatible with maintaining their independence.

Based on the Committee’s discussions with management and the independent accountants, the Committee’s review of the audited financial statements, the representations of management regarding the audited financial statements and the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

The Committee also discussed with senior management the process used for the establishment and maintenance of disclosure controls and procedures in quarterly and annual reports which is required by the Securities and Exchange Commission (SEC) and the Sarbanes-Oxley Act of 2002 for certain of the Company’s filings with the SEC.

The Committee met privately with the independent auditors who have unrestricted access to the Audit Committee.

AUDIT COMMITTEE CHARTER

PREAMBLE

There shall be a standing committee of the Board of Directors (the “Board”) of Middlesex Water Company (the “Company”) to be known as the Audit Committee (the “Committee”).

The Committee shall be primarily responsible for oversight of the audit of the Company’s financial statements. It may be assigned additional responsibilities by the Board from time to time, which may include (i) oversight of the Company’s internal audit functions; (ii) oversight of audits or similar assessments of the Company’s information technology and compliance with public water utility regulations; (iii) review of related party transactions with the Company; (iv) determining whether to grant waivers with respect to the Company’s Code of Conduct; and (v) investigation of “whistleblower” complaints from Company personnel. In all its actions, the Committee shall comply with the requirements, rules and regulations of the Sarbanes-Oxley Act of 2002, Nasdaq Marketplace listing standards and all other applicable federal and state laws, rules and regulations.

The Committee shall provide assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders and the investment community relating to the corporate accounting and reporting practices of the Company. In doing so, the Committee shall maintain free and open means of communication between the Directors, the independent registered public accounting firm (the “Independent Auditors”), the internal auditors and the financial management of the Company.

COMPOSITION AND APPOINTMENT

There shall be a minimum of three (3) members of the Committee elected by the Board. Each shall be an independent Director of the Company as defined by applicable laws, regulations and listing requirements and as summarized herein. In any instance where this summary is inconsistent with applicable laws, regulations or listing requirements, the laws, regulations or listing requirements shall control. To be considered independent, a member of the Committee must not, other than in his or her capacity as a member of the Committee, the Board, or any other Board committee, accept any consulting advisory fee or other compensation from the Company, nor may a Family Member of a member (as that term is defined by applicable Nasdaq listing standards) accept any such fee or other compensation. Further, a member of the Committee must not, other than in his or her capacity as a member of the Committee, the Board, or any other Board committee, be affiliated with the Company or any of its subsidiaries (except as a Director of the Company and/or its subsidiaries) including, but not limited to, affiliation with any entity controlling, controlled by or under common control with the Company. Additionally, a member of the Committee may not be a beneficial owner of a controlling interest in the voting stock of the Company or any subsidiary. A member of the Committee shall not have participated in the preparation of the financial statements of the Company or any current Company subsidiary at any time during the three years prior to becoming a member of the Committee.

All Committee members must, as determined within the business judgment of the Board at the time such members are appointed to the Committee, be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement, and cash flow statement. Additionally, at least one (1) member of the Committee must either fall within the definition of “Audit Committee Financial Expert,” as that term is defined by the Securities and Exchange Commission (“SEC”), or, be capable of serving the functions expected of such an audit

committee expert, as determined by the Board within its business judgment. In determining a member's financial expertise, the Board may consider one's past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background resulting in the member's financial sophistication. The Board may also take into consideration a member's status as, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Board must determine annually that the Committee members are able to read and understand fundamental financial statements as explained in this Charter. The duties and responsibilities of a member of the Committee are in addition to those duties set out for a member of the Board.

In carrying out these responsibilities, the Committee shall:

- Review the adequacy of the Audit Committee Charter (the “Charter”) annually and submit Charter revisions to the Board for consideration and approval.

The Committee shall review each such transaction and shall report to the Board whether the transaction is approved.
- Review the Company’s Form 10-K Annual Report and such other filings with the Securities and Exchange Commission as the Committee deems necessary or appropriate, and will recommend to the Board the inclusion of the audited financial statements in the Company’s Form 10-K Annual Report to the Securities and Exchange Commission.
- Ascertain that the Board and senior officers of the Company have annually submitted a compliance attestation confirming they have complied with the Company’s Code of Conduct. The Committee shall have the sole authority to approve waivers of the Company’s Code of Conduct and shall insure that such waiver be promptly disclosed to shareholders, along with the reasons for granting such waiver. Such disclosure shall be made in the Company’s regular public filings, not later than the next periodic report and may also be posted on the Company’s website.
- Ascertain that the Chief Executive Officer and the Chief Financial Officer are in full compliance with Section 404 of the Sarbanes-Oxley Act of 2002 regarding certain attestations of the financial statements of the Company.

- Issue an annual Audit Committee Report for inclusion in the Company's Proxy Statement.
- Investigate any matter brought to the Committee's attention, with the power to engage independent counsel, accountants and any other advisors or assistance it determines necessary to carry out its duties. - Establish and maintain procedures for (i) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters and (ii) the confidential, anonymous submission by Company employees, officers or directors of concerns regarding questionable accounting or auditing matters. As part of its responsibilities the Committee shall insure that the Company communicates such procedures to all employees, officers and directors at least annually.
- Review and approve the risk assessment and related methodology, audit plan/budget and organizational structure of the Audit Department at least annually. The Committee will also approve any changes made during the year to the risk assessment or audit plan/budget. - Review the performance and approve the appointment and, if necessary, replacement of the Internal Auditor at least annually.
- On at least a quarterly basis, review and approve significant reports prepared by the Internal Auditor together with management's response and the Internal Auditor's follow-up to these reports. The Internal Auditor, on a quarterly basis, will provide the Committee with a status of its audit plan/budget as well as a report on the current status of significant exceptions noted by the Internal Auditor.
- Perform such additional activities and consider such other matters within or beyond the scope of its responsibilities as required by the Company's Charter or By-laws, the Board, or applicable listing standards, rules, regulations or statutes.

INDEPENDENT AUDITOR OVERSIGHT RESPONSIBILITIES

In carrying out these responsibilities, the Committee shall:

- Have sole authority to engage, review (at least annually), dismiss and replace the Company's Independent Auditors. The Committee shall have sole authority to review and set the fees to be paid to the Company's Independent Auditors.
- Have the sole authority to preapprove each permitted non-audit service to be performed by the Independent Auditors. As part of the exercise of that authority, the Committee shall adopt a written policy governing the preapproval of non-audit services to be performed by the Independent Auditors. Any approval by the Committee of such services shall be disclosed to investors in periodic reports required. The Committee shall have authority to delegate preapproval authority of Independent Auditor non-audit services to one (1) or more of its members. The decisions of any member(s) to whom authority is delegated shall be presented to the full Committee at each of its scheduled meetings.
- Meet with the Independent Auditors and financial management of the Company to oversee and review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof, review such audit, including any comments or recommendations of the Independent Auditors.

- It is understood that the Independent Auditors are ultimately accountable to the Board and the Committee, and that the Committee has the ultimate power to appoint or remove the Independent Auditors.
- Review the financial statements contained in the annual shareholders report, as well as major accounting reserves, with management and the Independent Auditors to ascertain that management and the Independent Auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting principles will also be reviewed.

of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable.

- Obtain from the Independent Auditors a formal written statement regarding the Independent Auditors full compliance with all applicable provisions of the Sarbanes-Oxley Act of 2002, including, but not limited to, all “Auditor Independence” provisions.
- Provide opportunity for the Independent Auditors to meet with members of the Committee without members of management present. Among the items to be discussed in these meetings will be the Independent Auditors’ evaluation of the Company’s financial and accounting policies and the cooperation that the Independent Auditors received during the course of the audit.
- Issue a report to be included in the Company’s Proxy Statement indicating that it has reviewed the audited financial statements with management and the Independent Auditors (including a discussion of the quality of the accounting principles and significant judgments affecting the financial statements). The Committee shall state whether it has met privately to discuss the information obtained from management and the Independent Auditors, and, in reliance on that review, whether or not it has recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for filing with the Securities and Exchange Commission.
