INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Attached as Exhibit 1 is a copy of the press release of Star Bulk Carriers Corp. (the "Company"), dated March 25, 2010, announcing the Company's acquisition of a Capesize newbuilding and the employment of that vessel on a ten year time charter.

This report on Form 6-K, except for the section entitled "Akis Tsirigakis, President and CEO of Star Bulk, commented," is hereby incorporated by reference into the Company's registration statement on Form F-3 (File No. 333-153304) that was filed with the U.S. Securities and Exchange Commission ("Commission") with an effective date of November 3, 2008, and the Company's registration statement on Form F-3 (File No. 333-156843) that was filed with the Commission with an effective date of February 17, 2009.

STAR BULK SIGNS CAPESIZE NEWBUILDING CONTRACT,
AGREES TO TEN YEAR TIME CHARTER

ATHENS, GREECE, March 25, 2010 – Star Bulk Carriers Corp. (the “Company” or “Star Bulk”) (NASDAQ: SBLK), today announced that it has signed a contract with ship builder Hanjin to build a Capesize vessel of 180,000 deadweight tons, at a price of \$53.5 million with expected delivery in September 2011.

The Company has also entered into a ten year time charter agreement for the vessel with STX Panocean at a gross daily hire of \$24,750.

Star Bulk has also received offers for debt financing of up to 70% of the vessel’s price at favorable financing cost/terms and expects to complete the financing within the second quarter of 2010. The Company has not yet decided the ratio of Company cash to senior debt that it will utilize in this acquisition.

Akis Tsirigakis, President and CEO of Star Bulk, commented: "We are pleased to grow organically with the acquisition of a newbuilding Capesize vessel from a high quality ship builder. This deal involved the challenge of putting all required elements together simultaneously, namely, quality builder, competitive price, good contracted employment, quality counterparty and competitive financing. The vessel contract was achieved at a very favorable price considering recent similar newbuildings. We are also pleased that our senior debt lenders continue to support our acquisition plans via offers of favourable financing terms.

Currently, our fleet is contracted for 92% of 2010 and 58% of 2011 operating days, amongst the highest contract coverage in the industry, providing future earnings visibility. We continue to focus on enhancing shareholder value, supported by our strong balance sheet and liquidity."

About Star Bulk

Star Bulk is a global shipping company providing worldwide seaborne transportation solutions in the dry bulk sector. Star Bulk’s vessels transport major bulks, which include iron ore, coal and grain and minor bulks such as bauxite, fertilizers and steel products. Currently, Star Bulk has an operating fleet of eleven dry bulk carriers with definitive agreements to buy one and sell one Capesize vessel as well as to build one Capesize vessel. The total fleet consists of five Capesize, and eight Supramax dry bulk vessels with a combined cargo carrying capacity of 1,282,377 deadweight tons. The average age of our current operating fleet is 10.3 years.

Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements,

which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words “believe,” “anticipate,” “intends,” “estimate,” “forecast,” “project,” “plan,” “potential,” “may,” “should,” “expect,” “pending” and similar words identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, examination by the Company's management of historical operating trends, data contained in its records and other data available from third parties. Although the Company believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond the Company's control, the Company cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in the Company's view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charter rates and vessel values, changes in demand for dry bulk shipping capacity, changes in the Company's operating expenses, including bunker prices, drydocking and insurance costs, the market for the Company's vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessels breakdowns and instances of off-hires and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties. The information set forth herein speaks only as of the date hereof, and the Company disclaims any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this communication.
