Item 4. Purpose of Transaction.

The Reporting Persons acquired their Shares of the Issuer for investment purposes.

The Reporting Persons have no plans or proposals which, other than as expressly set forth below, would relate to or would result in: (a) the acquisition of additional securities of the Issuer or the disposition of presently-owned securities of the Issuer; (b) any extraordinary corporate transaction involving the Issuer; (c) a sale or transfer of a material amount of assets of the Issuer; (d) any change in the present Board of Directors or management of the Issuer; (e) any material change in the present capitalization or dividend policy of the Issuer; (f) any material change in the operating policies or corporate structure of the Issuer; (g) any change in the Issuer's charter or by-laws; (h) the Shares of the Issuer ceasing to be authorized to be quoted in the over-the-counter security markets; or (i) causing the Issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934. The Reporting Persons, however, reserve the right, at a later date, to effect one or more of such changes or transactions in the number of shares they may be deemed to beneficially own.

The Reporting Persons have been and may continue to be in contact with members of the Issuer's management, the Issuer's Board of Directors, other significant shareholders and others regarding alternatives that the Issuer could employ to improve shareholder value.

The Reporting Persons believe that the Issuer's improved management team is continuing to make progress in overcoming the Issuer's previous setbacks and is addressing some of the obstacles that have prevented the Issuer from realizing its substantial long-term growth opportunity. In light of this progress, and consistent with the Reporting Persons' longstanding belief in the Issuer's proprietary technology and substantial growth opportunity, the Reporting Persons recently increased their ownership of the Issuer's shares. The Reporting Persons also were pleased to learn of additional tangible evidence of the Issuer's business progress from its very recent disclosure that it has signed agreements with large customers and expects robust unit growth and gross margin improvement from its main product line in 2016.

The Reporting Persons are also encouraged by the Issuer's progress with respect to certain corporate governance matters, and recognizes the effort that has resulted in the progress that has been made so far. However, the Reporting Persons remain concerned that while the Issuer's management team and Board have improved somewhat, its Board of Directors' alignment with and representation of the Issuer's shareholders are still inadequate. The results of the Issuer's shareholders' votes at the Issuer's most recent annual meeting made clear that shareholders do not support certain members of the current Board. The Reporting Persons are encouraged that there have been three subsequent improvements to the Board, including most recently the appointment of Mr. Farrell, who has a long record of involvement in shareholder-oriented corporate governance and the creation of large amounts of shareholder value. However, these changes represent only slow and limited progress toward a board that is aligned with and represents the Issuer's shareholders. The Reporting Persons believe that additional progress is needed in order for shareholders to have confidence that the recent changes will lead to a Board that is aligned with and represents the Issuer's shareholders. The Reporting Persons intend to remain in dialogue with members of the Board and other shareholders about potential further improvements to the Board and the Issuer's corporate governance.
