( Steel ) is filing materials contained in this Schedule 14A with the Securities and Exchange Commission relating to a definitive proxy statement and accompanying proxy card to be used in connection with the special meeting of shareholders of Novoste Corporation (the Company ) scheduled to be held on March 7, 2006 (the Special Meeting ) to solicit votes against a proposal by the Company to adopt a plan of dissolution pursuant to which the Company will be dissolved and liquidated and a related proposal to adjourn the Special Meeting to permit further solicitation of proxies with respect to the proposal to approve and adopt the plan of dissolution.

**FOR IMMEDIATE RELEASE:**

**ISS RECOMMENDS NOVOSTE CORP. SHAREHOLDERS VOTE**

**AGAINST MANAGEMENT S LIQUIDATION PROPOSALS**

**New York, N.Y., March 1, 2006** Steel Partners II, L.P. announced today that Institutional Shareholder Services ( ISS ), a leading proxy voting advisory service, has recommended that its clients vote against the liquidation proposals which will be put forth by Novoste Corporation s (NASDAQ: NOVT) management and Board of Directors at the Company s special meeting of shareholders scheduled for March 7, 2006. In its report ISS states that it believes the plan of dissolution and liquidation does not warrant shareholder support at this time.

Steel Partners, a holder of 19.6% of Novoste s common shares, is urging shareholders to vote against Novoste s liquidation proposals. Steel Partners believes that Novoste should sell its vascular brachytherapy business, retain its cash and net operating loss carryforward (NOLs) and continue as a going concern. Steel Partners believes that the proposed liquidation is not in the best interest of shareholders. Warren G. Lichtenstein, principal of Steel Partners, stated today, I am gratified with the analysis and recommendation of ISS. By remaining a going concern with cash, and significant NOLs, I am confident that if our new board is elected at the upcoming special meeting they will work diligently to create shareholder value for the Novoste shareholders.

## Edgar Filing: NOVOSTE CORP /FL/ - Form DFAN14A

Steel Partners noted that ISS recommends voting Steel Partners' GREEN proxy card against the liquidation proposals (proposals 3 and 6 on the Green proxy card). ISS recommends that shareholders do not vote using management's blue proxy card. In addition, both Steel Partners and ISS recommend that shareholders vote for the asset sale proposal, the name change proposal, the proposal to decrease the minimum size of the Board of Directors and the asset sale vote adjournment proposal (proposals 1, 2, 4 and 5 on the Green proxy card).
