NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

TO THE SHAREHOLDERS OF FRONTIER AIRLINES, INC.:

You are invited to attend the 2004 Annual Meeting of Shareholders of Frontier Airlines, Inc., a Colorado corporation, which will be held on Thursday, September 9, 2004 at 9:30 a.m. local time at the Doubletree Hotel, 3203 Quebec Street, Denver, Colorado for the following purposes:

1. To elect nine directors to the Frontier Airlines, Inc. Board of Directors.
2. To consider and vote upon a proposal to approve the Frontier Airlines, Inc. 2004 Equity Incentive Plan.
3. To transact any other business which is properly presented at the Annual Meeting or any adjournment of that meeting.

All shareholders of record on July 8, 2004 are invited to attend and vote at the meeting. A complete list of shareholders entitled to vote at the Annual Meeting will be available for examination by any Frontier Airlines shareholder at our principal offices located at Frontier Center One, 7001 Tower Road, Denver, Colorado for purposes germane to the Annual Meeting, during normal business hours from July 23, 2004 until the Annual Meeting.

We invite you to attend the meeting and look forward to seeing you there. Representation of at least a majority of all outstanding shares is required to conduct the meeting. Accordingly, it is important that your shares be represented at the meeting. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING PLEASE READ THE ATTACHED PROXY STATEMENT CAREFULLY AND FOLLOW THE INSTRUCTIONS ON THE ENCLOSED PROXY CARD TO VOTE BY INTERNET, TELEPHONE, OR BY SIGNING, DATING AND RETURNING PROMPTLY THE ENCLOSED PROXY CARD. Even if you have given your proxy, you may still attend the meeting, revoke your proxy, and vote in person. Your vote is important and we appreciate your cooperation in considering and acting upon these matters.

By order of the Board of Directors
July 23, 2004

FRONTIER AIRLINES, INC.

Secretary

SHAREHOLDER COMMUNICATIONS

Our Proxy Statement and Annual Report on Form 10-K are available electronically. You can elect to receive and access these materials and other shareholder communications electronically instead of by mail. With electronic delivery, you can receive shareholder communications as soon as they are available without waiting for them to arrive in the mail. Electronic delivery of these materials also allows Frontier to conserve natural resources, significantly reduce its printing and mailing costs, eliminates duplicate mailings, and reduces the number of bulky documents in your personal files. If you would like electronic delivery in the future, please vote online at www.eproxy.com and when prompted, indicate that you agree to receive future shareholder communications electronically.

The Securities and Exchange Commission allows companies, brokers, and other intermediaries to satisfy the proxy statement delivery requirements by delivering only one copy of the proxy statement materials other than the proxy card, to two or more shareholders sharing the same address. This is commonly referred to as "householding" and potentially results in extra convenience for you and cost savings for us. Through householding, shareholders of record with the same address and same last name will receive only one copy of Frontier's Proxy Statement and Annual Report unless you notify us that you want to continue receiving individual copies.

If you participate in householding, you will continue to receive separate proxy cards. If you are

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

eligible for householding, but you and other shareholders of record sharing an address receive multiple copies of the Proxy Statement and Annual Report, or if you hold stock in more than one account, you want to receive only one copy of the Proxy Statement and Annual Report for your household, please contact Mellon Investor Services, 85 Challenger Road, Ridgefield Park, NJ 07660, or Mellon Investor Information at 800-851-9677. Beneficial owners of Frontier common stock can request information on householding from their banks, brokers, or other holders of record. If at any time you do not want to participate in householding and want to receive separate copies of the Proxy Statement and Annual Report, please contact Mellon Investor Services or your broker if you hold your shares through a brokerage account.

WEBCAST OF ANNUAL MEETING

Frontier is pleased to offer a webcast of its 2004 Annual Meeting. You can access the webcast through the "Investor Relations" section of Frontier's website at www.frontierairlines.com. Please access the website prior to the meeting and allow time to register for the webcast and download any necessary software. The webcast replay and the accompanying PowerPoint slide presentation will be available on the website for seven days following the meeting. You will not be able to vote your shares via the webcast. If you plan to listen to the webcast, please submit your vote before the meeting using one of the methods described in the Proxy Statement materials.

2004 Annual Meeting of Shareholders

GENERAL

This Proxy Statement and form of proxy are furnished in connection with the solicitation of proxies by Frontier Airlines, Inc. ("Frontier") on behalf of its Board of Directors, for the 2004 Annual Meeting of Shareholders, which will be held on Thursday, September 9, 2004 at 9:30 a.m. local time at the Doubletree Hotel, 3203 Quebec Street, Denver, Colorado, and any adjournment of that meeting. This Proxy Statement and form of proxy, together with Frontier's Annual Report on Form 10-K, are being sent to shareholders on or about July 29, 2004.

Frontier will pay the costs of soliciting proxies. In addition to solicitation by mail, Frontier's regular employees may solicit proxies by personal interview, telephone, facsimile, e-mail, or other electronic means. These employees will not receive any additional compensation for soliciting activities. Frontier will reimburse brokers and other nominees their reasonable expenses for soliciting proxies or authorizations from beneficial owners or forwarding proxy material to beneficial owners.

SHARES OUTSTANDING, VOTING RIGHTS AND REVOCABILITY OF PROXY

Shareholders of record at the close of business on July 8, 2004 may vote at the Annual Meeting. July 8, 2004, 35,609,942 shares of Frontier's common stock were outstanding and entitled to vote at the Annual Meeting. Shareholders of record will have one vote for each share they hold on the matter to be voted on.

You may vote either in person at the Annual Meeting or by proxy using one of the following methods:

Vote through the Internet at www.eproxy.com/frnt.

Vote by telephone using the toll free number listed on the proxy card.

Complete and return the written proxy card by mail.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

Internet and telephone voting are available 24 hours a day, and if you use one of these methods, do not need to return a proxy card. The deadline for voting through the Internet or by telephone 11:59 p.m., Eastern Time, on September 8, 2004. The Internet voting procedures are designed to authenticate your identity, allow you to vote your shares, and confirm your instructions were properly recorded. If you have Internet access, Frontier encourages you to vote by Internet. It is convenient and saves Frontier significant postage and processing costs. For additional instructions on voting please see your enclosed proxy card.

The presence of a majority of the total outstanding shares of common stock entitled to vote, in person or by proxy, constitutes a quorum and is necessary to conduct business at the Annual Meeting. Abstentions and broker-dealer non-votes will be counted as "shares present" in determining whether a quorum has been reached. Assuming a quorum exists, the affirmative vote of a majority of the shares represented and entitled to vote at the meeting is necessary to elect directors, approve the 2004 Incentive Plan, and to approve other matters subject to vote at the Annual Meeting.

Submitting your proxy will not affect your right to attend the meeting and vote in person. You may revoke all your eligible shares in person at the meeting, and your vote will revoke any proxy you previously granted. You may also revoke your proxy by sending written notice to Frontier's Corporate Secretary by submitting a subsequent proxy before the Annual Meeting.

Your proxy authorizes the persons named to vote your shares in the manner you direct. You may vote for all, some, or none of the director nominees and you may choose to vote for the approval of the 2004 Incentive Plan or choose to withhold your vote. If you return your proxy without specifying how the persons named as proxies will vote your shares for the election of directors as described in Section 1 - Election of Directors and for the approval of the 2004 Equity Incentive Plan as described in Section 2 - Approval of the 2004 Equity Incentive Plan. The proxies will use their best judgment regarding matters that properly come before the meeting. Frontier is not aware of any matters, other than those discussed in this Proxy Statement, which will be presented at the meeting.

PROPOSAL 1 ELECTION OF DIRECTORS

Nine directors are standing for election or re-election to Frontier's Board of Directors (the "Board"). The nominees for the Board are Samuel D. Addoms, Hank Brown, D. Dale Browning, Paul S. Dempsey, Paul A. Engels, William B. McNamara, B. LaRae Orullian, Jeff S. Potter, and James B. Upchurch. Each of the nominees is currently a member of the Board of Directors and, with the exception of Ms. Engels, was elected to the Board of Directors at Frontier's 2003 Annual Meeting of Shareholders. Frontier's Articles of Incorporation and Bylaws authorize the Board to increase or decrease its size. In April 2004, the Board increased its size to nine members and appointed Ms. Engels to fill the new position.

Each of these nominees, if elected, will serve a one-year term from the date of election until the next annual meeting of shareholders and thereafter until his or her successor is elected and qualified to serve. If there is a vacancy or addition of members to the Board, Frontier's Bylaws allow the Board to appoint additional members to fill the positions.

The Board of Directors recommends a vote "FOR" all nominees. As of the date of this Proxy Statement, the Board is not aware that any nominee is unable or will decline to serve as a director. If a nominee is unable to or declines to serve as a director, the Board will designate a substitute nominee. If you have submitted a proxy and a substitute nominee is designated, the proxy holders will vote for the election of the substitute nominee.

Under Frontier's Bylaws, the election of directors requires the affirmative vote of a majority of the shares represented and entitled to vote at the meeting.

Nominees to Board of Directors

The following is biographical and other information as of July 8, 2004, about the current and proposed members of the Board.

Samuel D. Addoms

Mr. Potter has been the President and Chief Executive Officer of Frontier since April 2002. Mr. Potter served as Executive Vice President and Chief Operating Officer in May 2001 and was appointed President of Frontier in August 2001. Before re-joining Frontier in May 2001, he served as Chief Executive Officer of Vanguard Airlines from May 2000 to April 2001. Prior to working for Vanguard Airlines, he was Vice President of Marketing at Frontier from 1995 to April 2000. He has over 18 years of airline and airline related experience, including regional director of commercial marketing for McDonnell Douglas Corporation and various positions at Southwest Airlines, Continental Airlines, Northwest Airlines, and the former Frontier Airlines.

James B. Upchurch

Age 45

Director since October 1998

Mr. James B. Upchurch has been a member of Frontier's Board since October 1998. Mr. Upchurch is also President and Chief Executive Officer of Caltius Capital Management, LP. He actively manages the investing of approximately \$500 million of capital committed to several mezzanine debt and private equity partnerships. Mr. Upchurch is also a member of the Boards of several Caltius portfolio companies, none of which are subsidiaries or affiliates of Frontier.

Board Meetings, Committees, and Corporate Governance

During the fiscal year ended March 31, 2004, the Board of Directors held a total of 10 meetings and took additional actions by written consent in lieu of meeting. All incumbent directors attended at least one meeting of the full board and the meetings of the committees on which they served.

It is Frontier's policy that each director is expected to attend the annual meeting of shareholders. All directors attended last year's annual shareholders meeting. Ms. Engels was named a director in August 2003.

Independence

Each of the directors other than Mr. Addoms, Chairman of the Board, and Mr. Potter, President and

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

Officer, qualify as "independent" under the NASDAQ rules. The NASDAQ independence definition includes measures that disqualify a director from being independent, including whether the director is an officer of the company or has engaged in various types of business dealings with the company. These objective measures are used by the Board in making determinations of director independence under the NASDAQ rules. The Board makes an annual determination regarding the independence of each director annually based on all relevant facts and circumstances. Although a director who is not disqualified under the NASDAQ rules will be presumed to be independent for purposes of serving as a member of the Audit Committee, the Board may make an affirmative determination if the director is not independent based on its review of other factors.

Applying these standards and the NASDAQ independence criteria, the Board has made a subjective determination for each independent director that no relationships exist that in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and management to each director's business and personal activities as they may relate to Frontier and its management.

Committees

Frontier's Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee.

Audit Committee. During the fiscal year ended March 31, 2004, the members of the Audit Committee were Hank Browning, Paul S. Dempsey, William B. McNamara, B. LaRae Orullian, and James B. Upchurch, each of whom is an "independent director" as currently defined by applicable law and NASDAQ rules. The Audit Committee is responsible for appointing the independent auditors of Frontier, reviewing all recommendations of Frontier's independent auditors and Frontier's internal auditors, reviewing and approving non-audit services performed by other consultants retained by Frontier, reviewing Frontier's periodic reports filed with the Securities and Exchange Commission ("SEC") and otherwise overseeing Frontier's financial reporting. The Audit Committee also reviews whether management has established a system to promote the accuracy and completeness of Frontier's financial statements and other publicly disclosed information. Additionally, the Audit Committee selects, compensates, and oversees Frontier's independent auditors and pre-approves all services to be performed by them. The roles and responsibilities of the Audit Committee are described in detail in an amended Audit Committee Charter that the Board of Directors adopted in May 2004. The Audit Committee Charter is attached to this Proxy Statement as Exhibit A.

The Board of Directors has determined that each member of the Audit Committee meets the experience and independence standards required under the NASDAQ rules and Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, as amended (the "Act"). No member of the Audit Committee serves on the audit committee of more than one public company. The Board of Directors has determined that James B. Upchurch qualifies as an "audit committee financial expert," serves on the Audit Committee, and is an independent director. The designation of this financial expert is a SEC disclosure requirement related to his experience and understanding of complex financial and auditing matters. The designation does not impose any greater duties, obligations, or liabilities on a member than are generally imposed on Audit Committee members.

The Board will continue to monitor the standards for director independence established by applicable law and rules and will ensure Audit Committee members continue to meet those standards. Additional information regarding the composition and role of the Audit Committee is set forth under the caption "Audit Committee Report" which appears below in this Proxy Statement.

Compensation Committee. During the fiscal year ended March 31, 2004, the members of the Compensation Committee were Hank Brown, D. Dale Browning, Paul S. Dempsey, William B. McNamara, B. LaRae Orullian, and James B. Upchurch, of whom is an "independent director" as currently defined by applicable law and NASDAQ rules. The Compensation Committee is responsible for recommending to the Board of Directors the compensation to be provided to executive officers and the administration of Frontier's stock option plans, including reviewing and approving the exercise of options to eligible employees. The Compensation Committee did not separately meet during the fiscal year 2004; all of its functions were performed by action of the entire Board of Directors. However, Jeff Potter, an executive officer, is also a director, did not participate in discussions regarding his individual compensation. All other members of the Compensation Committee are independent directors and approved all decisions made by the Compensation Committee. Additional information regarding the composition and role of the Compensation Committee is set forth under the caption "Compensation Committee Report," which appears below in this Proxy Statement.

Nominating and Corporate Governance Committee. During the fiscal year ended March 31, 2004, the members of the Nominating and Corporate Governance Committee were Hank Brown, D. Dale Browning, Paul S. Dempsey, William B. McNamara, B.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

James B. Upchurch, each of whom is an "independent director" as currently defined by applicable rules. The Nominating Committee did not separately meet during the fiscal year, as its functions are an action of the entire Board of Directors. A majority of the independent directors approved all decisions of the Nominating Committee. In May 2004, the Nominating Committee was renamed the Nominating and Corporate Governance Committee. The duties of the Nominating and Corporate Governance Committee include identifying and recommending qualified individuals to serve as members of the Board, determining the size of the Board, recommending for appointment to Board committees, and evaluating the Board's performance. The roles and responsibilities of the Nominating and Corporate Governance Committee are described in detail in a written charter adopted in May 2004. A current copy of the Nominating and Corporate Governance Committee Charter is available on the company website at www.frontierairlines.com. During fiscal year 2005, the Nominating and Corporate Governance Committee will assist the Board of Directors and each of the Board committees in conducting a self-evaluation of the Board's effectiveness.

Consideration of Director Nominees

In making its recommendations regarding nominees to serve on the Board of Directors, the Nominating and Corporate Governance Committee reviews an individual's qualifications including a determination as to the independence of the candidate based on the independence requirements described above. If the nominee is being evaluated for re-nomination to the Board of Directors, the Committee will assess the prior performance of the director. The Committee will also periodically review the composition of the Board of Directors in light of its size and needs and determine whether it may be appropriate to add or remove individuals after considering the director's judgment, diversity, age, skills, background and experience.

Shareholder Recommendations. The Nominating and Corporate Governance Committee will consider any recommendation from the Board of Directors that a shareholder submits in writing. The Committee will consider candid recommendations in the same manner other candidates are considered. A shareholder wishing to recommend a candidate for election as a director at an annual or special meeting of the shareholders must provide the recommendation, including (a) the name and address of the shareholder making the recommendation; (b) information regarding the shareholder's recommended nominee(s) as would be required to be included in a proxy statement filed under the proxy rules of the SEC if the Board elects to nominate the nominee; (c) the representation of the shareholder as to the number of shares of stock of Frontier the shareholder owns and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; (d) the written consent of the nominee(s) to serve as a member of the Board if so nominated and elected; and (e) any additional information the Committee requests. The shareholder notice with appropriate supporting documentation should be submitted in writing to the Nominating and Corporate Governance Committee or to the Corporate Secretary, Frontier Airlines, Inc., 7001 Tower Road, Denver, Colorado 80249.

Each shareholder recommendation will be processed expeditiously upon receipt of the shareholder notice and appropriate supporting documentation and information. If the Nominating and Corporate Governance Committee determines that a shareholder-recommended candidate is suitable for Board membership, it will include the candidate in the pool of candidates to be considered for nomination upon the occurrence of the next Board meeting in connection with the next annual meeting of shareholders. Shareholders who are recommending candidates for election in connection with the next annual meeting of shareholders should submit their shareholder notice and supporting documentation and information no later than March 1st of the year of that meeting.

Shareholder Nominations. Shareholders who wish to nominate a person for election as a director (including making a recommendation to the Nominating and Corporate Governance Committee) must follow the procedures set forth under "Shareholder Proposals" below.

Corporate Governance

The Board of Directors adopted a Code of Business Conduct and Ethics that applies to all Frontier Airlines officers and employees, including the Chief Executive Officer, the Chief Financial Officer, and the Chief Accounting Officer. A current copy of the Code of Business Conduct and Ethics is available on Frontier's website at www.frontierairlines.com. Any amendments to, or waivers from, any provision of the Code of Ethics by the Chief Executive Officer, Chief Financial Officer, Controller or persons performing similar functions will be disclosed by posting the information on Frontier's internet website at www.frontierairlines.com.

five business days.

Communicating with Directors

Frontier shareholders may send communications to the Board as a whole or the independent director. Any shareholder who wishes to communicate with the Board may do so by writing Frontier's Corporate Secretary, 1700 Tower Road, Denver, Colorado 80249. The Corporate Secretary will review all correspondence, and forward to the Board a summary of all correspondence received and copies of correspondence the Board determines to be of significant importance to the functions of the Board or otherwise requires the Board to review. The Board may at any time review all correspondence received by the Corporate Secretary that is in the possession of the Corporate Secretary and request copies of any of the correspondence. Each communication must state the full name of the shareholder, and, if the shareholder is not a record holder of Frontier stock, should be accompanied by appropriate proof of stock ownership (such as an accounting statement showing ownership of Frontier stock).

Director Compensation

Mr. Potter is the only director who is also a Frontier employee. Mr. Potter does not receive any compensation for serving as a director. Mr. Addoms retired from Frontier in April 2002 and received compensation under the terms of his severance agreement as detailed below, but does not otherwise currently receive any additional compensation for serving as a director.

During the fiscal year ending March 31, 2004, each director, other than Mr. Potter, Mr. Addoms, Mr. Brown, and Mr. Engels, received an annual fee of \$20,000 and an option for the purchase of 5,000 shares of Frontier common stock. Since Mr. Brown did not serve a full year on the Board, he received an annual fee of \$15,000 and an option for the purchase of 5,000 shares of Frontier's common stock. Frontier reimburses all of its directors' and out-of-pocket expenses in connection with their attendance at meetings of the Board and Committees. Frontier also serves, and permits them, their spouses, and dependent children to fly without charge on Frontier's aircraft on a stand-by basis.

Samuel D. Addoms Severance Agreement. On April 1, 2002, Frontier entered into a Director Compensation Agreement with Samuel D. Addoms, Chairman of the Board of Directors and former President and Chief Executive Officer of Frontier. The agreement provides that he is entitled to (a) compensation of \$75,000 per year for the remainder of his term as he remains a member of Frontier's Board of Directors, (b) an option to purchase 200,000 shares of Frontier common stock under the 1994 Stock Option Plan at an exercise price of \$17.00 set on April 1, 2002, which will be exercised in three equal installments on April 1, 2002, December 31, 2003, and April 1, 2004, (c) free life membership on Frontier's airline for Mr. Addoms and his spouse, (d) such group health, life insurance and other benefits as are provided to Addoms and his eligible dependents as are provided to, and for the same rates as, Frontier's other employees, and (e) continued employment by Frontier for five years at an annual salary of \$25,000. In connection with this agreement Mr. Addoms agreed not to become employed by or provide services to any air carrier that competes with Frontier for so long as he remains an employee or former employee of Frontier. This agreement superseded the termination agreement executed by Mr. Addoms and Frontier on March 31, 1999.

PROPOSAL 2 APPROVAL OF THE 2004 EQUITY INCENTIVE PLAN

The Board of Directors is proposing for shareholder approval the Frontier Airlines, Inc. 2004 Equity Incentive Plan (the "2004 Plan"). In July 2004, the Board unanimously approved and adopted the 2004 Plan that provides awards to directors, officers and other employees selected to participate in the 2004 Plan, and to replace Frontier's 1994 Stock Option Plan that expired in March 2004. The Compensation Committee and the Board believe that a broad-based equity incentive program is a necessary and powerful employee incentive tool that benefits all of Frontier's shareholders. The following summary of certain major features of the 2004 Plan is subject to the specific provisions contained in the full text of the 2004 Plan as set forth in the 2004 Plan.

Approval of the 2004 Plan requires the affirmative vote of the majority of the shares represented and voting at the meeting. **The Board of Directors recommends that you vote FOR the approval of the 2004 Plan.**

Approval of the 2004 Plan is intended to enable Frontier to achieve the following objectives:

1. **The continued ability to offer stock-based incentive compensation to eligible employees and directors.** Since the expiration of Frontier's 1994 Stock Option Plan, Frontier has not been able

incentives to its newly hired executives or internally promoted personnel. The ability to grant is an integral element of Frontier's overall compensation philosophy, which recognizes that Frontier and other personnel may not be paid base salaries commensurate with other companies competing for

2. The ability to use various equity compensation tools, including stock options, restricted stock, performance-based stock awards or stock appreciation rights, as deemed appropriate by the Compensation Committee, to maintain Frontier's competitive ability to attract, retain and motivate employees.

the right to purchase a certain number of shares of stock, at a certain exercise price, in the future. A stock unit is a share award conditioned upon continued employment, the passage of time or the achievement of performance objectives. A stock unit is the right to receive the market price of a share of stock, either in cash or in stock, in the future. A stock appreciation right is the right to receive the net of the market price of a share of stock and the exercise price of the right, either in cash or in stock, in the future. Frontier has historically used stock options as its sole form of equity compensation. Frontier intends to continue to use equity compensation on a limited basis as necessary for the attraction, retention and motivation of employees, and to align its compensation with executive management with those of Frontier's shareholders.

3. The furtherance of many compensation and governance best practices. The 2004 Plan prohibits repricing, as well as the use of discounted stock options and reload option grants, and contains other features (evergreen features provide for automatic replenishment of authorized shares available under the Plan). The shorter five-year duration of the 2004 Plan is intended to balance Frontier's objective of retaining its equity compensation plans to a shareholder vote with the need to continue to provide appropriate incentives for the achievement of company performance objectives. This shorter duration will also give Frontier greater flexibility to respond to market-competitive changes in equity compensation practices.

Background on Stock Compensation at Frontier

The use of stock options has been a vital component of Frontier's compensation philosophy, based on the belief that any long-term pay-for-performance incentive compensation should be closely aligned with shareholder interests. Frontier believes that it has been successful in achieving this objective through the use of stock options for the majority of its eligible employees. Fixed-price stock options align employee interests directly with those of other shareholders, because an increase in stock price after the exercise of the options is necessary for these employees to realize any value, thus rewarding these employees only upon improved performance.

Frontier believes that Stock options, the core of Frontier's long-term employee incentive and retention program in the past, have been effective in enabling Frontier to attract and retain the talent critical for the improvement and growth of its operations. Broad-based stock options focus eligible employees on performance improvement goals, and have embedded in Frontier's culture the necessity for these employees to meet the expectations of shareholders. Frontier's general compensation philosophy is that total cash compensation should be sufficient for achieving financial and non-financial objectives, and that any long-term incentive compensation should be aligned with shareholders' interests.

Frontier's compensation programs include base salary that is typically below that of its identified peer companies (both a cross-industry subset of companies as well as an airline industry subset of companies), considered to be comparable to Frontier), as well as a significant focus on pay-for-performance incentives. A combination of equity incentives and cash incentive compensation tied to company earnings goals. Frontier's compensation goal is to deliver lower total compensation than its competitor companies in periods of average performance, but provide a premium for superior company performance (see "Report of the Compensation Committee on Executive Compensation" for additional information on Frontier's pay-for-performance compensation program).

Without equity incentives, Frontier would be forced to consider cash replacement alternatives to its current market-competitive total compensation package necessary to attract, retain and motivate the employees critical to the future success of Frontier. These cash replacement alternatives would then reduce the amount available for investment in additional aircraft, other capital improvements, or other uses. In determining the type and number of equity incentives granted or issued under the 2004 Plan, Frontier will balance the various forms of equity incentives authorized under the Plan, the dilution effect of any grants, and the goal being sought through the award of the incentives.

The 2004 Plan also authorizes Frontier to award performance-based equity incentives and develop the performance criteria that would need to be met before vesting. Frontier has not historically used performance-vested stock options because stock options already require performance in terms of stock price appreciation for the employee to receive any benefit, and are therefore directly aligned with shareholder

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

interests. While fixed price options are inherently tied to the objective performance of Frontier, there may be circumstances in which certain non-stock performance criteria may be needed in order to motivate the achievement of critical financial or operational performance targets.

Frontier strongly believes that its stock option programs have been integral to its success in the past and its ability to grant awards from a broader menu of equity incentives will be important to its ability to achieve consistently superior performance in the years ahead. Frontier believes that consistently superior performance is achieved through the ability to attract, retain and motivate the employee talent critical to attaining improved company performance and shareholder returns. Therefore, Frontier considers approval of the 2004 Plan to its future success.

Key Terms

The following is a summary of the key provisions of the 2004 Plan.

2004 Plan Term: September 13, 2004 to September 12, 2009

Eligible Participants: All full-time director and officer level employees of Frontier, and such other employees as may be identified by the Compensation Committee from time to time where legally eligible to participate, and Frontier's non-employee directors.

Shares Authorized: 2,500,000, subject to adjustment only to reflect stock splits and similar events.

Dilution: Including the shares authorized under the 2004 Plan and the outstanding grants issued under the 1994 Stock Option Plan, dilution is 12.5% of the total outstanding common stock and shares reserved under the 1994 Stock Option Plan and 2004 Plan:

Award Types:

- (1) Non-qualified and incentive stock options
- (2) Restricted stock
- (3) Stock units
- (4) Stock appreciation rights

Award Terms: Shares may be used for long-term executive retention stock option grants having a term of up to 10 years.

162(m) Share Limits: The 2004 Plan requires that grants to any individual during any year be limited so that they qualify under Section 162(m) of the Tax Code, which permits performance-based compensation meeting the requirements established by the Internal Revenue Service to be excluded from the limitation on deductibility of compensation in excess of \$1 million paid to certain specified senior executives.

Shares Authorized for Restricted Stock or Restricted Stock Units: Maximum of 500,000 shares

Vesting: Determined by the Compensation Committee within the following limits (subject to exceptions for disability or retirement):

- (1) Restricted stock or stock units will not vest in less than pro rata installments over three years. Vesting is based on the achievement of performance criteria, in which case such awards will not vest in less than one year.
- (2) Stock options or stock appreciation rights, other than those granted to non-employee directors, will not become exercisable in less than one year.
- (3) Performance vesting criteria, if any, will be established by award at grant date.

Not Permitted:

- (1) Granting stock options or stock appreciation rights at a price below market price on the date of grant.
- (2) Repricing, or reducing the exercise price of a stock option or stock appreciation right without the approval of the Compensation Committee.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

(3) Reload grants or the granting of options conditional upon delivery of shares to satisfy the and/or tax withholding obligation under another employee stock option.

(4) Granting of stock options or stock appreciation rights first exercisable within one year of other than upon the death, disability or retirement of the participant, or grants to non-employee

(5) Granting equity incentives covering more than 10,000 shares of Frontier's stock to an outside

Awards

The 2004 Plan allows the Compensation Committee to grant stock options, stock appreciation rights, stock or stock units, any or all of which may be made contingent upon the achievement of performance. Subject to plan limits, the Compensation Committee has the discretionary authority to determine the timing of an award and the vesting requirements related to the award. The addition of performance requirements will be considered in light of Frontier's total compensation program and the significance of pay-for-performance requirements already incorporated into its compensation practices.

Non-Employee Director Awards

Non-employee directors may receive a grant of stock options, restricted stock, or stock units once a year for a number of shares established by the Board, but no more than 10,000 shares. If a non-employee director is elected to begin serving on a date other than the normal grant date, the grant for that director will be made at the first meeting of directors attended by that director, and the award will be for a prorated

Vesting and Exercise of Stock Options

The exercise price of stock options granted under the 2004 Plan may not be less than the market value (the high and low market price) of the common stock on the date of grant. The option term may not exceed 10 years in the case of stock options vesting in full in five or more years (long-term executive options). The Compensation Committee will determine at the time of grant when each stock option becomes exercisable, the establishment of required performance vesting criteria, if any, provided that no employee stock option is exercised less than one year from the date of grant (except upon the death, disability or retirement of the participant). Frontier may require, prior to issuing common stock under the 2004 Plan, that the participant pay an amount in cash or common stock sufficient to satisfy tax withholding requirements.

Vesting of Restricted Stock and Stock Unit Awards

The Compensation Committee may make the grant, issuance, retention and/or vesting of restricted stock and stock unit awards contingent upon continued employment with Frontier, the passage of time, or such performance criteria and the level of achievement versus such criteria as it deems appropriate. Except in the case of death, disability or retirement of the participant or stock issued upon exercise or settlement of options or stock appreciation rights, restricted stock and stock unit awards that are contingent upon the achievement of performance objectives will vest in less than one year from the date of grant unless being granted to non-employee directors, which awards are contingent upon continued employment or the passage of time will not fully vest in less than three installments over three years from the date of grant.

Eligibility Under Section 162(m)

Awards may, but need not, include performance criteria that satisfy Section 162(m) of the Internal Revenue Code. To the extent that awards are intended to qualify as "performance-based compensation" under Section 162(m), performance criteria will be imposed either individually, alternatively or in any combination, applied to the participant and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as determined by the Compensation Committee in the award. Examples of possible performance criteria that the Compensation Committee may identify are:

- o Cash flow
- o Earnings per share
- o Earnings before interest, taxes, depreciation, and amortization
- o Return on equity
- o Total shareholder return
- o Share price performance

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

- o Return on capital
- o Return on assets or net assets
- o Revenue
- o RASM or CASM
- o Income or net income
- o Operating income or net operating income
- o Operating profit or net operating profit
- o Operating margin or profit margin
- o Return on operating revenue
- o Return on invested capital
- o On-time, lost baggage, or other operational performance measures
- o Customer satisfaction

To the extent that an award under the 2004 Plan is designated as a "performance award," but is not qualified to qualify as performance-based compensation under Section 162(m), the performance criteria can include a mix of strategic objectives as determined by the Board. The Compensation Committee may appropriately evaluate performance under the performance criteria described above to exclude any of the factors that may occur during a performance period:

- o Asset write-downs;
- o Litigation or claim judgments or settlements;
- o The effect of changes in tax law, accounting principles or other such laws or provisions affecting financial results;
- o Accruals for reorganization and restructuring programs; and
- o Any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and management's discussion and analysis of financial condition and results of operations appearing in the annual report to shareholders for the applicable year.

Notwithstanding satisfaction of any completion of any performance criteria described above, to the extent that at the time of grant of an award, the number of shares of restricted stock, stock options or other securities issued, retainable and/or vested under an award on account of satisfaction of performance criteria is determined by the Compensation Committee on the basis of such further considerations as the Compensation Committee in its discretion determines.

Transferability

Unless otherwise determined by the Compensation Committee, awards granted under the 2004 Plan are not transferable except by will or the laws of descent and distribution. The Compensation Committee will have sole authority to permit the transfer of an award.

Administration

The Compensation Committee, which is made up entirely of independent directors, will administer the 2004 Plan. The Compensation Committee will select the Frontier employees who receive awards, determine the number of shares to be awarded thereby, and, subject to the terms and limitations expressly set forth in the 2004 Plan, establish the conditions and other provisions of the grants. The Compensation Committee may interpret the 2004 Plan, establish, amend and rescind any rules relating to the 2004 Plan. The Compensation Committee may assign administrative or ministerial functions under the 2004 Plan to one or more officers of Frontier.

Amendments

The Board may terminate, amend or suspend the 2004 Plan, provided the Board may not take any action described in "Adjustments") without shareholder approval to:

- (1) Increase the number of shares that may be issued under the 2004 Plan;
- (2) Permit granting of stock options at less than the market price;
- (3) Permit the repricing of outstanding stock options;
- (4) Amend the maximum shares set forth that may be granted as stock options, stock appreciation

- stock or stock units to any participant or in total;
- (5) Extend the term of the 2004 Plan;
 - (6) Change the class of persons eligible to participate in the 2004 Plan; or
 - (7) Otherwise implement any amendment required to be approved by shareholders under NASDAQ or SE

Adjustments

In the event of a stock dividend, recapitalization, stock split, combination of shares, extraordinary cash or assets, reorganization, or exchange of Frontier's common stock, or any similar event affecting common stock, the Compensation Committee will adjust the number and kind of shares available for the 2004 Plan, and subject to the various limitations set forth in the 2004 Plan, the number and kind of shares available to outstanding awards under the 2004 Plan, and the exercise or settlement price (if applicable) of stock options and of other awards.

The impact of a merger or other reorganization of Frontier on outstanding stock options, stock appreciation rights, restricted stock and stock units granted under the 2004 Plan will be specified in the agreement relating to the merger or reorganization, subject to the limitations and restrictions set forth in the 2004 Plan. The agreement may provide for, among other things, assumption of outstanding awards, accelerated vesting or acceleration of outstanding awards, or settlement of outstanding awards in cash.

U.S. Tax Consequences

Stock option grants under the 2004 Plan may be intended to qualify as incentive stock options under Section 83 of the Tax Code or may be non-qualified stock options governed by Section 83 of the Tax Code. General income tax is payable by a participant upon the grant of a stock option and no deduction is taken. Under current tax laws, if a participant exercises a non-qualified stock option, he or she will have taxable income equal to the difference between the market price of the common stock on the exercise date and the exercise price. Frontier will be entitled to a corresponding deduction on its income tax return. A participant will have taxable income upon exercising an incentive stock option after the applicable holding periods have been met (except that alternative minimum tax may apply), and Frontier will receive no deduction when an incentive stock option is exercised. The treatment for a participant of a disposition of shares acquired through exercise of a stock option depends on how long the shares were held and on whether the shares were acquired by exercise of an incentive stock option or a non-qualified stock option. Frontier may be entitled to a deduction in the case of shares acquired under an incentive stock option before the applicable holding periods have been met.

The tax consequences of options granted under the 2004 Plan are complex and depend in large part, on the facts and circumstances. This section provides a brief summary of certain significant federal income tax consequences of the plan under existing U.S. law. This summary is not a complete statement of applicable law based upon the Tax Code, as well as administrative and judicial interpretations of the Tax Code as of the date of this description. If federal tax laws, or interpretations of such laws, change in the future, the information provided here may no longer be accurate. This section does not consider state, local, or foreign tax consequences nor does it discuss the effect of gift, estate, or inheritance taxes.

As described above, Frontier may structure awards of stock options granted under the 2004 Plan in part as "performance-based compensation" under Section 162(m) of the Tax Code. This allows Frontier to deduct federal income tax deductions with respect to annual compensation in excess of \$1 million paid to the five most highly compensated executive officers. To so qualify, options must be granted under the 2004 Plan by a committee consisting solely of two or more "outside directors" (as defined under Section 162(m) of the Tax Code) to satisfy the 2004 Plan's limit on the total number of shares that may be awarded to any one participant in any calendar year.

No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, a participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of Frontier common stock received. Any additional gain or loss recognized upon the disposition of the shares would be capital gain or loss.

Unless the participant files an election to be taxed under Section 83(b) of the Tax Code, (A) the participant will not realize income upon the grant of restricted stock, (B) the participant will realize ordinary income upon the removal of such ordinary income and deduction will be the fair market value of the restricted stock on the date the restrictions are removed or expire. If the recipient files an election to be taxed under Section 83(b), the tax consequences to the participant and Frontier will be determined as of the date of the grant.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

restricted stock rather than as of the date of the removal or expiration of the restrictions.

A participant holding restricted stock units will not be taxed until those units are actually paid (in the form of shares or cash), at which time the participant will realize ordinary income in an amount equal to the fair market value of the units and any cash received at the time of payout, and Frontier will be allowed a corresponding deduction for federal income tax purposes.

When the participant disposes of restricted stock, the difference between the amount received upon disposition and the fair market value of such shares on the date the recipient realizes ordinary income will be treated as capital gain or loss.

New Plan Benefits

The Compensation Committee, in its discretion, determines the awards that will be paid to participants under the 2004 Plan in any particular fiscal year. Accordingly, the awards under the 2004 Plan are not determined until the end of the year.

For a discussion of Frontier's executive compensation philosophy, see "Report of the Compensation Committee on Executive Compensation."

(1) Other annual compensation represents (i) the fair market value of shares contributed to officers' accounts in Frontier's Employee Stock Ownership Plan ("ESOP") as of December 31 of the fiscal years indicated; and (ii) Frontier's contributions to the executive officers' accounts as of December 31 in each of the fiscal years indicated.

For the calendar year ended December 31, 2003, the respective officers' ESOP accounts held the following number of shares of common stock with corresponding values based on the closing price of the stock on that date: Mr. Potter - 5,387 shares valued at \$76,980; Mr. Tate - 967 shares valued at \$10,000; Mr. Menke - 1,754 shares valued at \$25,060; Ms. Block - 1,718 shares valued at \$24,545; and Mr. McKinney - 1,050 shares valued at \$15,005. Mr. Potter, Mr. Menke, Ms. Block, and Mr. McKinney are 100% vested in their ESOP accounts, while Mr. Tate is 40% vested.

For the calendar year ended December 31, 2003, Frontier made cash contributions to the 401(k) accounts as follows: Mr. Potter - \$6,000; Mr. Tate - \$0; Mr. Menke - \$6,000; and Mr. McKinney - \$7,000.

(2) All Other Compensation includes one-time payments to executive officers, including airfare, relocation expenses and tuition reimbursement.

(3) Mr. Potter rejoined Frontier in May 2001.

(4) Mr. Tate joined Frontier in October 2001.

Option/SAR Grants in Last Fiscal Year

During the fiscal year ended March 31, 2004, Frontier granted options to purchase shares of its common stock to the Chief Executive Officer and the top four executives named above as shown in the following table:

<u>Name</u>	<u>Number of securities underlying option/SARs granted</u>	<u>Percent of Total Granted In Fiscal Year</u>	<u>Exercise or Base Price (\$/S)</u>	<u>Expiration Date</u>	<u>Grant Date Present Value</u>
Jeff S.Potter	50,000	9.57%	\$17.93	9/03/13	\$560,020
Ann E.Block	10,000	1.91%	\$10.45	2/28/14	\$62,027
Sean E. Menke	10,000	1.91%	\$10.45	2/28/14	\$62,027

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

Paul H. Tate	10,000	1.91%	\$6.15	5/21/13	\$46,593
	30,000	5.74%	\$16.97	10/01/13	\$293,046
William F. McKinney	30,000	5.74%	\$5.95	4/22/13	\$134,311

(1) Calculated using the Black-Scholes method with the following assumptions and adjustments: a rate ranging from 2.32% to 3.5% depending upon the grant date; a dividend rate of \$0; a volatility expected market price of Frontier's common stock ranging from 66.5% to 101.4% depending upon the expected life of 5 years. No downward adjustments were made to the resulting grant-date option value for potential forfeiture or non-transferability of the options in question. Because the Black-Scholes model developed for executive options and requires the use of assumptions primarily based on conditions at the time of grant (and not over the term of the option), it provides only a theoretical estimate of the value of the options. Frontier is not aware of any option pricing model that can provide a true assessment of the value of executive stock options. Over their lives, the options could have a greater or a lesser value than shown in the table, and under some circumstances they could have zero value.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year End Option Values

The following table sets forth certain information regarding options exercised during the fiscal year ended March 31, 2004 by the Chief Executive Officer and other executive officers of Frontier named in the table below.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended March 31, 2004, Frontier's Compensation Committee consisted of Ms. Orly Shulman, Messrs. Brown, Dempsey, McNamara, Browning, and Upchurch. There were no interlocking business relationships or other relationships between Frontier and any member of the Compensation Committee created during the fiscal year.

Report of the Compensation Committee on Executive Compensation

Overall Policy

The Compensation Committee is comprised entirely of independent directors. The Compensation Committee, in conjunction with Frontier's entire Board of Directors, determines the salary and total compensation of the Chief Executive Officer and other executive officers. The Committee's consideration of and decisions regarding executive compensation are guided by a number of factors described below. The objectives of Frontier's total executive compensation package are to attract and retain executive talent, to motivate Frontier's executives to achieve the best results consistent with Frontier's business strategy, to align executive and shareholder interests, and to provide a compensation package that recognizes an executive's individual results and contributions in addition to Frontier's overall business results. The key elements of Frontier's executive compensation consist of salary, equity awards, and bonuses.

Salaries

The Compensation Committee, in conjunction with Frontier's entire Board of Directors, determines the salaries of the Chief Executive Officer and other executive officers.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

of Frontier's executives. However, Jeff Potter, an executive officer who is also a director, does participate in discussions and decisions regarding his individual compensation. Because the Compensation Committee intends to target the base salary levels in effect for the executive officers at a designated percentage of the base salary levels in effect for other companies in the airline industry, there is no meaningful correlation between Frontier's salary levels and those in effect at companies taken into account in the Peer Group Index for the purposes of the stock price performance graph that follows this report.

Salaries for executive officers are determined by evaluating the responsibilities of the position, the experience of the individual, and by reference to the competitive marketplace for executive talent. The Compensation Committee also makes a comparison of salaries for comparable positions at other airlines.

The salary levels of the executive officers of Frontier for the next fiscal year are generally established by the Compensation Committee at fiscal year-end. Specific individual performance and overall corporate and segment performance are reviewed in determining the compensation level of each individual officer.

Equity Incentives

In the past the Compensation Committee, with concurrence of the Board of Directors, has used stock options as its primary tool for providing equity incentives to the executive officers.

Under Frontier's 1994 Stock Option Plan, executive officers were typically granted three tranches of stock options. The first tranche would be granted on the date of their hiring or promotion, and the second and third tranches were granted on the first and second anniversaries of such date. If an executive officer was granted a stock option grant prior to promotion, those options reduced the total number granted at the time of promotion to the executive officer. All stock options granted to executive officers were priced at market value on the date of grant, vested in five equal installments, and expired ten years from the date of grant.

In September 2003, the Compensation Committee and the Board of Directors modified the option plan to provide that all option grants to executive officers, other than their initial tranche, be made on the same terms to provide for common pricing among all executive officers. In addition, the President & Chief Executive Officer of Frontier was authorized to recommend to the Compensation Committee and the Board of Directors the number of 10,000 stock option grants per year to each executive officer in recognition of exceptional performance. The decision for the issuance of these options resides with the Compensation Committee.

Frontier's 1994 Stock Option Plan expired on March 10, 2004. Under the long term incentive plan described in this Proxy Statement, the Compensation Committee and the Board of Directors will be examining other options for meeting the compensation goals outlined above for executive officers and other employees.

Bonuses

In May 2003 and as amended in September 2003, the Compensation Committee and the Board of Directors adopted Frontier's fiscal year 2004 bonus plan for employees and executive officers. Under the plan, bonuses are based on Frontier's fiscal year pre-tax profits. Six percent of Frontier's pre-tax profits were set aside to pay bonuses to Frontier's eligible employees other than executive officers and director-level employees. One percent of pre-tax profits remaining after setting aside this six percent pool for employees, one percent was set aside to pay bonuses to Frontier's director-level employees. Finally, one percent of the then remaining pre-tax profits was set aside to pay bonuses to executive officers of Frontier. All bonuses were paid pro rata based on the number of employees. Under this plan, the executive officers as a group received \$274,000 in bonus payments for the fiscal year ended March 31, 2004.

Compensation of the Chief Executive Officer.

The philosophy of the Compensation Committee and the Board of Directors is to directly tie the compensation of the Chief Executive Officer to Frontier's success in enhancing shareholder value. Shareholders will benefit through the Chief Executive Officer's leadership in establishing and meeting short- and medium-term financial and operational goals and his initiative in developing and implementing strategies.

The above-described philosophy guided the Board of Directors in establishing Mr. Potter's compensation. Mr. Potter's compensation consists of base salary, bonus opportunity, and stock options. The Compensation Committee determined that Mr. Potter's base salary of \$250,000 for fiscal year 2004 is within the range of salaries of CEO's in the airline industry. Mr. Potter shared in the bonus pool for executive officers on the terms described above.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

2004, Mr. Potter received options for 50,000 shares of common stock with an exercise price of \$17.50 per share. Mr. Potter will vest in five equal installments beginning September 4, 2005 and on each anniversary thereof. The last installment will vest on September 3, 2014. The Compensation Committee believes that Mr. Potter's total compensation is at a reasonable level of comparable airlines with which Frontier competes for executive talent. The structure of Mr. Potter's compensation, in the view of the Board of Directors, aligns his interests with the total return to shareholders.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in reviewing Frontier's financial reporting process. In fulfilling its responsibilities, the Audit Committee (1) reviewed and discussed the interim financial statements contained in each quarterly earnings announcement with Frontier's Chief Financial Officer and independent auditors prior to public release; (2) reviewed and discussed the audited financial information contained in the Annual Report with Frontier's Chief Financial Officer and independent auditors prior to public release; (3) obtained from independent auditors a formal written statement describing all relationships between the auditors and Frontier that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact the auditors' independence, and satisfied itself as to the auditors' independence; (4) discussed with management and independent auditors the quality and adequacy of Frontier's internal controls and the audit function's organization, responsibilities, budget and staffing; and (5) reviewed with both the internal auditors their audit plans, audit scope, and identification of audit risks.

In addition, the Audit Committee discussed and reviewed with the independent auditors all communications regarding generally accepted accounting standards, including those described in Statement on Auditing Standards No. 85, amended, "Communication with Audit Committees" and, with and without management present, discussed the results of the independent auditors' examination of the financial statements. The Audit Committee also reviewed the results of the internal audit examinations.

The Audit Committee reviewed the audited financial statements of Frontier as of and for the fiscal year ended March 31, 2004, with management and the independent auditors. Management is responsible for the preparation of the financial statements and the independent auditors are responsible for the examination of those statements. As a result of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2004, for filing with the Securities and Exchange Commission. The Audit Committee also approved the reappointment of the independent auditors, and the Board of Directors concurred in such approval.

Equity Compensation Plan Information

The following table sets forth certain information regarding Frontier's 1994 Stock Option Plan, which was approved by Frontier's shareholders, as well as equity compensation plans not approved by Frontier's shareholders.

<u>Plan Category</u>	<u>Number of Shares to be Issued on Exercise of Outstanding Options</u>	<u>Weighted Average Exercise Price of Outstanding Options (\$)</u>	<u>Number of Shares Available for Future Issuance Under Equity Compensation Plans</u>
Plans approved by shareholders	2,578,565	\$11.06	-0-
Plans not approved by shareholders	N/A	N/A	N/A

(1) Figures reflect the total options outstanding and available for issuance under Frontier's 1994 Stock Option Plan. Of the outstanding options listed, 1,407,899 are immediately exercisable at a weighted average exercise price of \$10.43. These figures include the options for 200,000 shares granted to Samuel D. Addoms on August 1, 2002, pursuant to the Director Compensation Agreement that took effect upon his resignation as Chief Executive Officer of Frontier. The section above entitled "Samuel D. Addoms Severance Agreement." While the options for the 200,000 shares were granted to Mr. Addoms under the 1994 Stock Option Plan, the Director Compensation Agreement was not subject to shareholder approval.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Act requires Frontier's directors, officers and holders of more than 10% of Frontier's common stock to file with the SEC initial reports of ownership and reports of changes in ownership of Frontier's common stock and other equity securities of Frontier. Frontier believes that during and for the fiscal year ended March 31, 2004, all officers, directors and 10% shareholders timely complied with all Section 16(a) filing requirements.

SHAREHOLDER PROPOSALS

Shareholders are entitled to submit proposals on matters appropriate for shareholder action concerning the business of Frontier.

Edgar Filing: FRONTIER AIRLINES INC /CO/ - Form DEF 14A

regulations of the Securities and Exchange Commission and Frontier's bylaws. If a shareholder with a proposal appears in Frontier's proxy statement for next year's annual meeting, under the regulations of the Securities and Exchange Commission the proposal must be received by Frontier's corporate secretary at 1700 Wynkoop Road, Denver, Colorado 80249-7312 on or before March 18, 2005. Any proposals received after June 18, 2005 will not be considered at Frontier's 2005 annual meeting.

INDEPENDENT PUBLIC ACCOUNTANTS

KPMG LLP has acted as independent public accountants for Frontier continuously since 1994. A representative of KPMG LLP will be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

KPMG LLP was selected by the Board of Directors to perform the audit function for fiscal year 2004. Another public accountant has yet been selected to perform the audit function for fiscal year 2005. It is expected that the Audit Committee will approve the engagement of an auditor at a meeting to be held in September 2004, or thereafter.

Audit and Non-Audit Fees

The following table presents fees for audit services and other professional services provided by KPMG LLP for the years 2004 and 2003:

	2004 <u>Amount</u>	2003 <u>Amount</u>
Audit Fees	\$347,000	\$275,000
Audit-related Fees (1)	127,400	61,200
Audit and Audit-related Fees	474,400	336,200
Tax Fees (2)	133,600	47,400
Total Fees	\$608,000	\$383,600

(1) Audit-related Fees consisted of professional consultations with respect to accounting issues, review of Frontier's financial statements, review of registration statements and issuance of consent opinions, and audits for regulatory purposes.

(2) Tax Fees consisted of tax compliance and consultations regarding the tax implications of Frontier's operations.

The Audit Committee of the Board of Directors has considered whether the non-audit related services provided by KPMG LLP during fiscal 2004 are compatible with maintaining the independence of KPMG LLP.

OTHER BUSINESS

This Proxy Statement describes all items of business that management will bring before the Annual Meeting. Management knows of no other business to be presented. If other matters of business not presently described in this Proxy Statement are properly raised at the meeting, the proxies will vote on the matters in accordance with the instructions on the proxy and in accordance with the best interests of Frontier and its shareholders.
