**FORWARD-LOOKING STATEMENTS**

Certain statements made in this Quarterly Report on Form 10-QSB are "forward-looking statements" regarding the plans and objectives of management for future operations and market trends and expectations. Such statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. Our plans and objectives are based, in part, on assumptions involving the continued expansion of our business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that our assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance that the

forward-looking statements included in this report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by us or any other person that our objectives and plans will be achieved. We undertake no obligation to revise or update publicly any forward-looking statements for any reason. The terms "we", "our", "us", or any derivative thereof, as used herein refer to R&R Acquisition VI, Inc.

Edgar Filing: R&R ACQUISITION VI, INC - Form 10QSB

R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
December 31, 2007  
(unaudited)

**NOTE 1 □ Organization, Business and Operations**

R&R ACQUISITION VI, INC. (the "Company") was incorporated in Delaware with the objective to acquire, or merge with, an operating business. On June 2, 2006, the Company sold 2,500,000 shares of common stock for \$250. As of December 31, 2007, the Company had not yet commenced any operations.

The Company, based on proposed business activities, is a "blank check" company. The Securities and Exchange Commission defines such a Company as "a development stage company" that has no specific business plan or purpose, or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person; and is issued "penny stock," as defined in Rule 3a 51-1 under the Securities Exchange Act of 1934, as amended. Many states have enacted statutes, rules and regulations limiting the sale of securities of "blank check" companies in their respective jurisdictions. Management does not intend to undertake any efforts to cause a market to develop in its securities, either debt or equity, until the Company concludes a business combination.

The Company was organized as a vehicle to investigate and, if such investigation warrants, acquire a target company or business seeking the perceived advantages of being a publicly held corporation. The Company's principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with an operating business. The Company will not restrict its potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business. The analysis of new business opportunities will be undertaken by or under the supervision of the officers and directors of the Company.

**NOTE 2 - Basis of Presentation**

The condensed financial statements have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, the accompanying condensed financial statements include all adjustments (consisting of normal, recurring adjustments) necessary to make the Company's financial position, results of operations and cash flows not misleading as of December 31, 2007. The results of operations for the three and six months ended December 31, 2007, are not necessarily indicative of the results of operations for the full year or any other interim period. These financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2007.

**NOTE 3 □ Summary of Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments - Pursuant to SFAS No. 107, "Disclosures About Fair Value of Financial Instruments," we are required to estimate the fair value of all financial instruments included on our balance sheet as of December 31, 2007. We consider the carrying value of accrued expenses in the financial statements to approximate their face value.

Statements of Cash Flows - For purposes of the statements of cash flows we consider all highly liquid investments purchased with a remaining maturity of three months or less to be cash equivalents.

R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
December 31, 2007  
(unaudited)

**NOTE 4 □ Income Taxes**

Income taxes are accounted for in accordance with SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires the recognition of deferred tax assets and liabilities to reflect the future tax consequences of events that have been recognized in the Company's financial statements or tax returns. Measurement of the deferred items is based on enacted tax laws. In the event the future consequences of differences between financial reporting bases and tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such assets. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some or the entire deferred tax asset will not be realized.

At December 31, 2007, the Company has a net operating loss carry forward of approximately \$59,372 which will expire in 2026. Based on the fact that the Company has not generated revenues since inception, the deferred tax asset of approximately \$23,700 has been offset by a full valuation allowance.

	<b>Period From June 2, 2006 (inception) to December 31, 2007</b>
Statutory federal tax rate	34%
Tax benefit computed at statutory rate	\$ (20,600)
State income tax benefit, net of federal effect	(3,100)
Change in valuation allowance	22,900
Other temporary differences	800
Total	\$ -

**NOTE 5 □ New Accounting Pronouncements**

## FASB 141(revised 2007) □ Business Combinations

In December 2007, the FASB issued FASB Statement No. 141 (revised 2007), Business Combinations. This Statement replaces FASB Statement No. 141, Business Combinations. This Statement retains the fundamental requirements in Statement 141 that the acquisition method of accounting (which Statement 141 called the purchase method) be used for all business combinations and for an acquirer to be identified for each business combination. This Statement defines the acquirer as the entity that obtains control of one or more businesses in the business combination and establishes the acquisition date as the date that the acquirer achieves control. This Statement's scope is broader than that of Statement 141, which applied only to business combinations in which control was obtained by transferring consideration. By applying the same method of accounting—the acquisition method—to all transactions and other events in which one entity obtains control over one or more other businesses, this Statement improves the comparability of the information about business combinations provided in financial reports.

This Statement requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date, with limited exceptions specified in the Statement. That replaces Statement 141's cost-allocation process, which required the cost of an acquisition to be allocated to the individual assets acquired and liabilities assumed based on their estimated fair values.

Edgar Filing: R&R ACQUISITION VI, INC - Form 10QSB

This Statement applies to all transactions or other events in which an entity (the acquirer) obtains control of one or more businesses (the acquirer), including those sometimes referred to as "true mergers" or "mergers of equals" and combinations achieved without the transfer of consideration, for example, by contract alone or through the lapse of minority veto rights. This Statement applies to all business entities, including mutual entities that previously used the pooling-of-interests method of accounting for some business combinations. It does not apply to: (a) The formation of a joint venture, (b) The acquisition of an asset or a group of assets that does not constitute a business,

Edgar Filing: R&R ACQUISITION VI, INC - Form 10QSB

R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
December 31, 2007  
(unaudited)

**NOTE 5 - New Accounting Pronouncements (continued):**

(c) A combination between entities or businesses under common control, (d) A combination between not-for-profit organizations or the acquisition of a for-profit business by a not-for-profit organization.

This Statement applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. An entity may not apply it before that date. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

FASB 160 □ Noncontrolling Interests in Consolidated Financial Statements □ an amendment of ARB No. 51

In December 2007, the FASB issued FASB Statement No. 160 - Noncontrolling Interests in Consolidated Financial Statements □ an amendment of ARB No. 51. This Statement applies to all entities that prepare consolidated financial statements, except not-for-profit organizations, but will affect only those entities that have an outstanding noncontrolling interest in one or more subsidiaries or that deconsolidate a subsidiary. Not-for-profit organizations should continue to apply the guidance in Accounting Research Bulletin No. 51, Consolidated Financial Statements, before the amendments made by this Statement, and any other applicable standards, until the Board issues interpretative guidance.

This Statement amends ARB 51 to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. Before this Statement was issued, limited guidance existed for reporting noncontrolling interests. As a result, considerable diversity in practice existed. So-called minority interests were reported in the consolidated statement of financial position as liabilities or in the mezzanine section between liabilities and equity. This Statement improves comparability by eliminating that diversity.

A noncontrolling interest, sometimes called a minority interest, is the portion of equity in a subsidiary not attributable, directly or indirectly, to a parent. The objective of this Statement is to improve the relevance, comparability, and transparency of the financial information that a reporting entity provides in its consolidated financial statements by establishing accounting and reporting standards that require: (a) The ownership interests in subsidiaries held by parties other than the parent be clearly identified, labeled, and presented in the consolidated statement of financial position within equity, but separate from the parent's equity, (b) The amount of consolidated net income attributable to the parent and to the noncontrolling interest be clearly identified and presented on the face of the consolidated statement of income, (c) Changes in a parent's ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted for consistently. A parent's ownership interest in a subsidiary changes if the parent purchases additional ownership interests in its subsidiary or if the parent sells some of its ownership interests in its subsidiary. It also changes if the subsidiary reacquires some of its ownership interests or the subsidiary issues additional ownership interests. All of those transactions are economically similar, and this Statement requires that they be accounted for similarly, as equity transactions, (d) When a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary be initially measured at fair value. The gain or loss on the deconsolidation of the subsidiary is measured using the fair value of any noncontrolling equity investment rather than the carrying amount of that retained investment, (e) Entities provide sufficient disclosures that clearly identify and distinguish between the interests of the parent and the interests of the noncontrolling owners.

This Statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 (that is, January 1, 2009, for entities with calendar year-ends). Earlier adoption is prohibited. This Statement shall be applied prospectively as of the beginning of the fiscal year in which this Statement is initially applied, except for the presentation and disclosure requirements. The presentation and disclosure requirements shall be applied retrospectively for all periods presented. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
December 31, 2007  
(unaudited)

**NOTE 5 - New Accounting Pronouncements (continued):**

In September 2006, the FASB issued SFAS No. 157. SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 applies under other accounting pronouncements that require or permit fair value measurements, the board having previously concluded in those accounting pronouncements that fair value is a relevant measurement attribute. Accordingly, SFAS 157 does not require any new fair value measurements. However, for some entities, the application of SFAS 157 will change current practices. SFAS 157 is effective for financial statements for fiscal years beginning after November 15, 2007. Early adoption is permitted provided that the reporting entity has not yet issued financial statements for that fiscal year. Management believes SFAS 157 will not have a material impact on our financial statements once adopted.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

**NOTE 6 □ STOCKHOLDERS □ EQUITY**

During the quarter ended December 31, 2007, a stockholder contributed \$7,000 to the Company.

## Item 2. Management's Discussion and Analysis or Plan of Operation

Throughout this Quarterly Report on Form 10-QSB, the terms "we," "us," "our" and "our company" refers to R&R Acquisition VI, Inc.

### Introductory Comment - Forward-Looking Statements

Statements contained in this report include "forward-looking statements" within the meaning of such term in Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Forward-looking statements involve known and unknown risks, uncertainties and other factors, which could cause actual financial or operating results, performances or achievements expressed or implied by such forward-looking statements not to occur or be realized. Such forward-looking statements generally are based on our best estimates of future results, performances or achievements, predicated upon current conditions and the most recent results of the companies involved and their respective industries. Forward-looking statements may be identified by the use of forward-looking terminology such as "may," "can," "will," "could," "should," "project," "expect," "plan," "predict," "believe," "estimate," "aim," "anticipate," "intend," "continue," "potential," "opportunity" or similar terms, variations of those terms or the negative of those terms or other variations of those terms or comparable words or expressions.

Readers are urged to carefully review and consider the various disclosures made by us in this Quarterly Report on Form 10-QSB and our Form 10-SB effective September 8, 2006, and our other filings with the U.S. Securities and Exchange Commission (the "SEC"). These reports and filings attempt to advise interested parties of the risks and factors that may affect our business, financial condition and results of operations and prospects. The forward-looking statements made in this Form 10-QSB speak only as of the date hereof and we disclaim any obligation to provide updates, revisions or amendments to any forward-looking statements to reflect changes in our expectations or future events.

### Plan of Operation

Since our inception on June 2, 2006 our purpose has been to effect a business combination with an operating business which we believe has significant growth potential. We are currently considered to be a "blank check" company in as much as we have no specific business plans, no operations, revenues or employees. We currently have no definitive agreements with any prospective business combination candidates nor are there any assurances that we will find a suitable business with which to combine. The implementation of our business objectives is wholly contingent upon a business combination and/or the successful sale of securities in the company. We intend to utilize the proceeds of any offering, any sales of equity securities or debt securities, bank and other borrowings or a combination of those sources to effect a business combination with a target business which we believe has significant growth potential. While we may, under certain circumstances, seek to effect business combinations with more than one target business, unless additional financing is obtained, we will not have sufficient proceeds remaining after an initial business combination to undertake additional business combinations.

A common reason for a target company to enter into a merger with a blank check company is the desire to establish a public trading market for its shares. Such a company would hope to avoid the perceived adverse consequences of undertaking a public offering itself, such as the time delays and significant expenses incurred to comply with the various Federal and state securities law that regulate initial public offerings.

As a result of our limited resources, we expect to have sufficient proceeds to effect only a single business combination. Accordingly, the prospects for our success will be entirely dependent upon the future performance of a single business. Unlike certain entities that have the resources to consummate several business combinations or entities operating in multiple industries or multiple segments of a single industry, we will not have the resources to diversify our operations or benefit from the possible spreading of risks or offsetting of losses. A target business may be dependent upon the development or market acceptance of a single or limited

number of products, processes or services, in which case there will be an even higher risk that the target business will not prove to be commercially viable.

Our officers are only required to devote a small portion of their time to our affairs on a part-time or as-needed basis. We expect to use outside consultants, advisors, attorneys and accountants as necessary, none of which will be hired on a retainer basis. We do not anticipate hiring any full-time employees so long as we are seeking and evaluating business opportunities.

We expect our present management to play no managerial role in the Company following a business combination. Although we intend to scrutinize closely the management of a prospective target business in connection with our evaluation of a business combination with a target business, our assessment of management may be incorrect. We cannot assure you that we will find a suitable business with which to combine.

Our principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with an operating business rather than immediate, short-term earnings. We will not restrict our potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business. The analysis of new business opportunities will be undertaken by or under the supervision of our officers and directors.

#### **Continuing Operating Expenses For The Three Months Ended December 31, 2007 Compared To The Three Months Ended December 31, 2006**

We currently do not have any business operations and have no revenues since our inception date. Total expenses for the three months ended December 31, 2007 and 2006 were \$5,922 and \$4,980, respectively. These expenses primarily constituted professional fees.

#### **Continuing Operating Expenses For The Six Months Ended December 31, 2007 Compared To The Six Months Ended December 31, 2006**

We currently do not have any business operations and have no revenues since our inception date. Total expenses for the six months ended December 31, 2007 and 2006 were \$11,222 and \$19,120, respectively. These expenses primarily constituted professional fees.

#### **Continuing Operational Expenses for the period from June 2, 2006 (Date of Inception) to December 31, 2007**

We currently do not have any business operations and have no revenues since our inception date. Total expenses for the period from June 2, 2006 to December 31, 2007 were \$59,457. These expenses primarily constituted professional fees.

#### **Liquidity and Capital Resources**

We do not have any revenues from any operations absent a merger or other combination with an operating company and no assurance can be given that such a merger or other combination will occur or that we can engage in any public or private sales of our equity or debt securities to raise working capital. We are dependent upon future loans from our present stockholders or management and there can be no assurances that our present stockholders or management will make any loans to us or on acceptable terms. At December 31, 2007, we had cash of \$8,787 and working capital of \$378.

Our present material commitments are professional and administrative fees and expenses associated with the preparation of its filings with the SEC and other regulatory requirements. In the event that we engage in any merger or other combination with an operating company, we will have additional material commitments. Although from time to time, we may be engaged in discussions with operating companies regarding a merger or

other combination, no assurances can be made that we will complete a business merger or other business combination with an operating company within the next twelve months.

### **Commitments**

We do not have any commitments which are required to be disclosed in tabular form as of December 31, 2007.

### **ITEM 3A(T). CONTROLS AND PROCEDURES**

#### **(a) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES**

Our management, with the participation of our president and chief financial officer, our sole officers, carried out an evaluation of the effectiveness of our "disclosure controls and procedures" (as defined in the Exchange Act) Rules 13a-15(e) and 15-d-15(e)) as of the end of the period covered by this report (the "Evaluation Date"). Based upon that evaluation, the president and chief financial officer concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act (i) is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) is accumulated and communicated to our management, including our president and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

#### **(b) CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING**

There were no changes in our internal controls over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
