SECTION 4 - MATTERS RELATED TO ACCOUNTANTS AND FINANCIAL STATEMENTS

Item 4.02¹ Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

On May 19, 2015, the Audit Committee of the Board of Directors of American Power Group Corporation (the “Company”), after consultation with and upon the recommendation of management after review with our independent accountants, concluded that the Company’s previously issued audited financial statements as of and for the fiscal year ended September 30, 2014, as presented in the Company’s Annual Report on Form 10-K for that fiscal year, and the previously issued unaudited financial statements for the interim periods ended December 31, 2013, March 31, 2014, June 30, 2014 and December 31, 2014, as presented in the Company’s Current Reports on Form 10-Q for those fiscal periods, should no longer be relied upon. The Company will file restatements of these financial statements on Form 10-K/A and Form 10-Q/A as soon as practicable.

The following discussion describes the adjustments that will be made in the Company’s restated financial statements.

The warrants issued in connection with our 10% Convertible Preferred Stock contain anti-dilution adjustment provisions that protect the holders from the dilutive effects of subsequent issuances of our Common Stock at prices below the warrants’ exercise prices. These provisions, however unlikely to be triggered, could result in downward adjustments of the exercise prices of the warrants and, therefore, increases in the number of shares of our Common Stock issuable upon their exercise. In October 2012, the Financial Accounting Standards Board issued ASU 2012-04, Technical Corrections and Improvements (“ASU 2012-04”), which contained technical corrections to guidance on which we had previously relied in forming our initial conclusions regarding the accounting for warrants containing these anti-dilution protections. Based upon our extensive review of ASU 2012-04, we have now concluded that these warrants did not meet the criteria for classification as equity, as previously recorded, and must be recorded as a liability, with the value of the warrants recorded at fair value on the transition/effective date, and subsequent changes in fair value recorded in earnings on a quarterly basis. Based on transition guidance provided, we determined our effective/transition date for implementation of ASU 2012-04 to be October 1, 2013.

A summary of selected financial statement information in each reporting period that will be impacted by these restatements is attached as Exhibit 99.
