OBJECTIVES

JF China Region Fund, Inc. (the "Fund") seeks to achieve long-term capital appreciation through investments primarily in equity securities of companies with substantial assets in, or revenues derived from, the People's Republic of China ("PRC" or "China"), Hong Kong, Taiwan and Macau--collectively, the China Region.

The Fund provides investors with an opportunity to participate in the growing economies of the China Region, especially that of the PRC, although investments in the PRC are expected to be predominantly through securities listed on the Stock Exchange of Hong Kong. Hong Kong enterprises have made substantial investments in the PRC, in Guangdong Province in particular, where labor and land prices are lower than in Hong Kong. Hong Kong is also the largest trading partner of the PRC. Furthermore, many PRC companies and their Hong Kong-incorporated subsidiaries have listed their securities on the Stock Exchange of Hong Kong.

The economies of the PRC, Hong Kong, Taiwan and Macau have become increasingly linked over the past 10 years, especially since Hong Kong and Macau reverted to Chinese sovereignty in 1997 and 1999, respectively. Investments made by the Fund will seek to take advantage of opportunities resulting from this linkage among the China Region markets.

MANAGEMENT

JF International Management Inc. ("JFIMI") is the investment management company appointed to advise and manage the Fund's portfolio. JFIMI is part of J.P. Morgan Chase & Co. ("JPMC"), one of the world's premier financial services institutions. In asset management, JPMC operates globally under the name of JPMorgan Asset Management ("JPMAM"), although in Asia it uses the sub-brand JF Asset Management. Funds under management for the global asset management business of JPMAM were US\$846.9 billion as of December 31, 2005.

The day-to-day management of the Fund's portfolio is handled by JPMAM's Greater China investment team based in Hong Kong. The head of this team is Howard Wang who joined JPMAM in 2005. Previously, Mr. Wang spent eight years with Goldman Sachs, where in 2004, he was appointed Managing Director, Equities and General Manager of the Taipei branch office.

JF CHINA REGION FUND, INC.

CHAIRMAN'S STATEMENT

Dear Fellow Stockholder,

The second half of 2005 reinforced the strong gains enjoyed during the first six months that I reported to you in the Semi-Annual Report. Over the year as a whole, the total return on net assets was +14.5%, compared to an increase of +10.3% in the Fund's benchmark, the MSCI Golden Dragon Index (Total) -- outperforming the benchmark by +4.2%. The Fund's share price rose by +7.6%, reflecting a modest increase in the discount to net asset value.

The appreciation of the Renminbi against the US Dollar that took place in July 2005 was most welcome and put an end to the considerable speculation that had preceded it. It triggered significant inflows of funds to Hong Kong and the rest of the China region and our overweight position in China enabled the Fund to benefit from it.

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

As I reported at the half year, the day-to-day management of the Fund's portfolio is handled by JPMorgan Asset Management's Greater China investment team based in Hong Kong. During the course of 2005, Howard Wang succeeded Man Wing Chung as head of this team. Mr. Wang spent the previous eight years of his career with Goldman Sachs. Your Board believes an encouraging outcome of Mr. Wang's appointment has been the emergence of an improved investment process which it expects should be of benefit to the Fund.

The continuing growth in consumer spending, together with macroeconomic changes that are occurring, place China at the head of the list of favoured markets within the region. Hong Kong is currently enjoying a recovery in corporate results and consumer confidence. There are some structural weaknesses in the Taiwan economy, although the technology sector offers selective investment opportunities. Overall, we hope that, despite a number of risks in the short term for the China region, a higher level of economic growth will translate into continuing positive investment returns.

Respectfully submitted,

/s/ Cromer

The Rt. Hon. The Earl of Cromer
Chairman

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2005

1. ORGANIZATION AND CAPITAL

JF China Region Fund, Inc. (the "Fund") was incorporated in the State of Maryland on May 22, 1992, and is registered as a non-diversified, closed-end management investment company under the Investment Company Act of 1940. The Fund commenced operations on July 16, 1992.

2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are in conformity with accounting principles generally accepted in the United States of America ("GAAP") and are consistently followed by the Fund in the preparation of its financial statements.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reported period. Actual results could differ from these estimates.

I) SECURITY VALUATION

All securities for which market quotations are readily available are valued at the last sales price prior to the time of determination or, if no sales price is available at that time, at the mean between the last current bid and asked prices. Securities that are traded over-the-counter are valued, if bid and asked quotations are available, at the mean between the current bid and asked prices. All other securities and assets are valued at fair value as determined in good faith by the Board of Directors. In valuing the Fund's assets, quotations of foreign securities in a foreign currency are translated to United States ("U.S.") dollar equivalents at the exchange rate in effect on the valuation date.

II) FOREIGN CURRENCY TRANSLATION

The books and records of the Fund are maintained in U.S. dollars. Foreign currency amounts are translated into U.S. dollars at the mid-market price of such currencies against U.S. dollars as follows:

- o investments, other assets, and liabilities at the prevailing rates of exchange on the valuation date;
- o investment transactions and investment income at the prevailing rates of exchange on the dates of such transactions.

Although the net assets of the Fund are presented at the foreign

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

exchange rates and market values at the close of the period, the Fund does not isolate that portion of the results of operations arising as a result of changes in the foreign exchange rates from the fluctuations arising from changes in the market prices of the securities held at period-end. Similarly, the Fund does not isolate the effect of changes in foreign exchange rates from the fluctuations arising from changes in the market prices of securities sold during the period. Accordingly,

-- 16 --

JF CHINA REGION FUND, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

realized and unrealized foreign currency gains (losses) are included in the reported net realized and unrealized gains (losses) on investments.

Unrealized currency gains (losses) resulting from valuing foreign currency denominated assets and liabilities at period-end exchange rates are reflected as a component of accumulated net unrealized gain (loss) on investments, foreign currency holdings, and other assets and liabilities denominated in foreign currencies.

III) DISTRIBUTION OF INCOME AND GAINS

The Fund intends to distribute to stockholders, at least annually, substantially all of its net investment income and expects to distribute annually any net long-term capital gains in excess of net short-term capital losses. An additional distribution may be made to the extent necessary to avoid the payment of a 4% federal excise tax.

Income and capital gain distributions are determined in accordance with federal income tax regulations and may differ from those determined in accordance with GAAP.

IV) OTHER

Security transactions are accounted for on trade date. Realized gains and losses on the sale of investment securities are determined on the identified cost basis. Interest income is recognized on the accrual basis. Dividend income and distributions to shareholders are recorded on the ex-dividend date.

3. INVESTMENT TRANSACTIONS

The investment objective, policies, program, and risk factors of the Fund are described fully in the Fund's Prospectus.

During the year ended December 31, 2005, the Fund made purchases of \$81,296,127 and sales of \$79,231,337 of investment securities other than short-term investments. There were no purchases or sales of U.S. government securities.

4. RELATED PARTY, OTHER SERVICE PROVIDER TRANSACTIONS AND DIRECTORS

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

- I) JF International Management Inc. (the "Adviser"), an indirect wholly-owned subsidiary of J. P. Morgan Chase & Co., provides investment advisory services to the Fund under the terms of an investment advisory agreement. The Adviser is paid a fee, computed weekly and payable monthly, at the annual rate of 1.00% of the Fund's weekly net assets.
- II) During the year ended December 31, 2005, the Fund paid \$14,331 in brokerage commissions to J. P. Morgan Chase Group companies and affiliated brokers/dealers.

JF CHINA REGION FUND, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

III) OTHER SERVICE PROVIDERS

PFPC Inc. (the "Administrator") provides administrative and accounting services to the Fund under an Administrative and Accounting Services Agreement. The Administrator receives a fee, payable monthly, at an annual rate of 0.135% of the first \$100 million, 0.095% of the next \$50 million, 0.08% of the next \$50 million and 0.065% of the excess over \$200 million of the Fund's average weekly net assets, subject to a minimum annual fee of \$138,000, plus reimbursement for certain out-of-pocket expenses.

IV) DIRECTORS

The Fund pays each of its Directors who is not a director, officer or employee of the Adviser, Administrator or any affiliate thereof an annual fee of \$16,000 and the Chairman \$19,000 plus \$1,400 attendance fee for each Board and committee meeting attended. In addition, the Fund reimburses all directors for travel and out-of-pocket expenses incurred in connection with Board of Directors meetings.

5. CAPITAL SHARE TRANSACTIONS

On September 8, 2005 the Board of Directors renewed an authority for the Fund to purchase shares of its common stock from Fund stockholders, as described below. When shares trade at a discount to net asset value, any purchase of shares by the Fund has the effect of increasing the net asset value per share of the Fund's remaining shares outstanding. All shares purchased by the Fund are thereafter considered authorized and unissued.

I) SHARE REPURCHASE PROGRAM

The Fund was authorized to repurchase up to 458,516 shares (10% of its issued and outstanding shares) in the open market through September 7, 2006. Repurchases can be made only when the Fund's shares are trading at less than net asset value and at such times and amounts as it is believed to be in the best interest of the Fund's stockholders.

During the years ended December 31, 2005 and December 31, 2004, the Fund did not repurchase any shares under the share repurchase

program.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. RISKS AND UNCERTAINTIES

I) FOREIGN TRANSACTIONS

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of U.S. dollar denominated transactions as a result of, among other factors, the level of governmental supervision and regulation of foreign securities markets and the possibility of political or economic instability.

II) OTHER

In the normal course of business, the Fund may enter into contracts that provide general indemnifications. The maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated; however, based on experience, the risk of any loss from such claims is considered remote.

7. TAX STATUS

I) U.S. FEDERAL INCOME TAXES

No provision for federal income taxes is required since the Fund intends to continue to qualify as a regulated investment company under subchapter M of the Internal Revenue Code and distribute substantially all of its taxable income.

At December 31, 2005, the components of net assets (excluding paid-in capital) on a tax basis were as follows:

Tax basis Ordinary Income		\$	
Tax basis capital loss carryforward	\$(19,066,798)		
Plus/Less: cumulative timing differences -- wash sales	(93,583)		
Accumulated capital loss			(1

[GRAPHIC]
JF CHINA REGION FUND, INC.

NOTES TO FINANCIAL STATEMENTS (CONCLUDED)

The difference between book and tax basis unrealized appreciation is primarily attributable to wash sales. The cumulative timing difference for the capital loss carryover is due to wash sales.

Net Asset Value	\$ 73,558,649
Paid-in Capital	(84,017,362)

Net assets (excluding paid-in capital)	\$(10,458,713)
	=====

As of December 31, 2005, the Fund had capital loss carryforwards for federal income tax purposes of \$19,066,798, of which \$11,676,567 expires in 2006, \$3,780,058 expires in 2008 and \$3,610,173 expires in 2009. The Fund intends to retain gains realized in future periods that may be offset by available capital loss carryforward.

During the year ended December 31, 2005, the Fund reclassified \$179,850 and \$12,170,495 from undistributed net investment income and paid in capital, respectively, to accumulated realized loss on investments as a result of permanent book and tax differences relating to realized foreign currency losses and carryforward loss expirations. Net assets were not affected by the reclassifications.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
JF China Region Fund, Inc.:

In our opinion, the accompanying statement of assets and liabilities, including the investment portfolio, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of JF China Region Fund, Inc. (the "Fund") at December 31, 2005, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these

financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit, which included confirmation of securities at December 31, 2005 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

APPROVAL OF INVESTMENT ADVISORY CONTRACT

On November 30, 2005, the Fund's Board of Directors (the "Board") considered and approved the renewal of the Investment Advisory Contract (the "Agreement") between the Fund and JFIMI for an additional term of twelve months. At this meeting, the Board reviewed extensive materials prepared by JFIMI and discussed these materials with representatives of JPMAM. The Directors considered the recommendation of the Management Engagement Committee (the "Committee") that the Agreement be renewed, noting that the Committee had discussed, in executive session with independent counsel, the nature, extent and quality of the advisory services provided to the Fund by JFIMI, the level of advisory fees, the costs of the services provided and the profits realized by JFIMI, the Fund's expense ratio, its relative and absolute performance, any economies of scale with respect to the management of the Fund, any ancillary benefits received by JFIMI and its affiliates as a result of their relationship with the Fund, and various other matters included in the materials provided by JFIMI. In approving the renewal of the Agreement, the Committee, and the Board, concluded that:

- o The annual investment advisory fee rate paid by the Fund to JFIMI for investment advisory services was reasonable relative to the Fund's peer group and relative to other non-US funds managed by JFIMI.
- o The Committee and the Board were satisfied with the nature, quality and extent of services provided by JFIMI. In reaching this conclusion, the Committee and the Board reviewed, among other things, JFIMI's investment experience in the China region markets, the background and experience of JFIMI's senior management, including the firm's new head of the Greater China team. The Committee and the Board also received information regarding JFIMI's compliance with applicable laws and SEC and other regulatory inquiries or audits of the Fund and JFIMI.
- o The Fund's performance, particularly in the one-year period, was improving as compared to the Fund's peer group and the Fund's benchmark, the MSCI Golden Dragon Index. (The Board and the Committee reviewed the Fund's performance in comparison to the peer group and the benchmark for the 1 year, 3 year, 5 year and since inception periods.) The Board and Committee concluded that, during the most recent fiscal year, JFIMI had made

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

improvements with respect to the investment processes used in managing the Fund.

- o The Fund's expense ratio remained at an acceptable level, and that JFIMI had been successful in negotiating reductions of certain of the Fund's operating expenses.
- o Any potential economies of scale were being shared between the Fund and JFIMI in an appropriate manner.
- o In light of the costs of providing advisory services to the Fund, the profits and ancillary benefits that JFIMI received, with respect to providing investment advisory services to the Fund, were reasonable. The Board and the Committee noted that beginning in May 2005, the Fund discontinued using JFIMI's affiliates to affect Fund securities trades, unless in exceptional circumstances, effectively eliminating brokerage commissions as an ancillary benefit for JFIMI.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

THE FUND OPERATES AN OPTIONAL DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN (THE "PLAN") WHEREBY:

- a) shareholders may elect to receive dividend and capital gain distributions in the form of additional shares of the Fund (the Share Distribution Plan).

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

- b) shareholders may make optional payments (any amount between \$100 and \$3,000) which will be used to purchase additional shares in the open market (the Share Purchase Plan).

FOR A COPY OF THE PLAN BROCHURE, AS WELL AS A DIVIDEND REINVESTMENT AUTHORIZATION CARD, PLEASE CONTACT THE PLAN AGENT:

Computershare Trust Company, N.A.
P. O. Box 43010
Providence, RI 02940-3010
Telephone No: 800-426-5523 (toll-free)

The following should be noted with respect to the Plan:

If you participate in the Share Distribution Plan, whenever the Board of Directors of the Fund declares an income dividend or net capital gain distribution, you will automatically receive your distribution in newly issued shares (cash will be paid in lieu of fractional shares) if the market price of the shares on the date of the distribution is at or above the net asset value of the shares. The number of shares to be issued to you by the Fund will be determined by dividing the amount of the cash distribution to which you are entitled (net of any applicable withholding taxes) by the greater of the net asset value (NAV) per share on such date or 95% of the market price of a share on such date. If the market price of the shares on such a distribution date is below the NAV, the Plan Agent will, as agent for the participants, buy shares on the open market, on the New York Stock Exchange or elsewhere, for the participant's account on, or after, the payment date. There is no service charge for purchases under this Plan.

For U.S. federal income tax purposes, shareholders receiving newly issued shares pursuant to the Share Distribution Plan will be treated as receiving income or capital gains in an amount equal to the fair market value (determined as of the distribution date) of the shares received and will have a cost basis equal to such fair market value. Shareholders receiving a distribution in the form of shares purchased in the open market pursuant to the Plan will be treated as receiving a distribution of the cash distribution that such shareholder would have received had the shareholder not elected to have such distribution reinvested and will have a cost basis in such shares equal to the amount of the distribution.

There will be no brokerage charge to participants for shares issued directly by the Fund under the Plan. Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases of shares in connection with the Plan. The Fund will pay the fees of the Plan Agent for handling the Plan.

You may terminate your account under the Share Distribution Plan by notifying the Plan Agent in writing. The Plan may be terminated by the Plan Agent or the Fund with notice to you at least 30 days prior to any record date for the payment of any distribution by the Fund. Upon any termination, the Plan Agent will deliver a certificate or certificates for the full shares held for you under the Plan and a cash adjustment for any fractional shares.

You also have the option of instructing the Plan Agent to make semiannual cash purchases of shares in the open market. There is a service charge of \$1.25 for each purchase under this Share Purchase Plan.

ITEM 2. CODE OF ETHICS.

- (a) The registrant, as of the end of the period covered by this report, has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party.
- (c) There have been no amendments, during the period covered by this report, to a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, and that relates to any element of the code of ethics description.
- (d) The registrant has not granted any waivers, including an implicit waiver, from a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, that relates to one or more of the items set forth in paragraph (b) of this item's instructions.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Registrant's Board of Directors has determined that it does not have an "audit committee financial expert" serving on its audit committee. While Registrant believes that each of the members of its audit committee has sufficient knowledge of accounting principles and financial statements to serve on the audit committee, none has the requisite experience to qualify as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

AUDIT FEES

- (a) The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years are \$37,244 for 2005 and \$36,750 for 2004.

AUDIT-RELATED FEES

- (b) The aggregate fees billed in each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of this Item are \$0 for 2005 and \$0 for 2004.

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

TAX FEES

- (c) The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning are \$5,250 for 2005 and \$0 for 2004. Fees were for tax return review services.

ALL OTHER FEES

- (d) The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant, other than the services reported in paragraphs (a) through (c) of this Item are \$0 for 2005 and \$0.
- (e) (1) Disclose the audit committee's pre-approval policies and procedures described in paragraph (c) (7) of Rule 2-01 of Regulation S-X.

The registrant's Audit Committee shall pre-approve, to the extent required by applicable law, all audit and non-audit services that the registrant's independent auditors provide to the registrant and (ii) all non-audit services that the registrant's independent auditors provide to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the registrant's investment adviser that provides ongoing services to the registrant, if the engagement relates directly to the operations and financial reporting of the registrant.

- (e) (2) The percentage of services described in each of paragraphs (b) through (d) of this Item that were approved by the audit committee pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of Regulation S-X are as follows:

- (b) Not applicable

- (c) 100%

- (d) Not applicable.

- (f) The percentage of hours expended on the principal accountant's engagement to audit the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees was less than fifty percent.
- (g) The aggregate non-audit fees billed by the registrant's accountant for services rendered to the registrant, and rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant for each of the last two fiscal years of the registrant was \$0 for 2005 and \$0 for 2004.
- (h) The registrant's audit committee of the board of directors has considered whether the provision of non-audit services that were rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c) (7) (ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal

accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately designated audit committee consisting of all the independent directors of the registrant. The members of the audit committee are: The Rt. Hon. The Earl of Cromer, Alexander Reid Hamilton and Julian M.I. Reid.

ITEM 6. SCHEDULE OF INVESTMENTS.

Schedule of Investments in securities of unaffiliated issuers as of the close of the reporting period is included as part of the report to shareholders filed under Item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Proxy Voting Policies are attached herewith.

I. PRINCIPLES

JF ASSET MANAGEMENT ("JFAM") is committed to delivering superior investment performance to its clients worldwide. We believe that one of the drivers of investment performance is an assessment of the corporate governance principles and practices of the companies in which we invest our clients' assets and we expect those companies to demonstrate high standards of governance in the management of their business.

We have set out below the principles which provide the framework for our corporate governance activity. Although the policies and guidelines set out in this document apply to Hong Kong and therefore principally concern accounts managed from the Hong Kong office, our colleagues in London, New York and Tokyo have similar standards, consistent with law and best practice in these different locations.

1. FIDUCIARY PRIORITY. Our clients appoint us to manage their assets in order to maximise the likelihood of meeting or exceeding their investment objectives at acceptable risk levels. Every decision to buy, hold or sell any security will be consistent with that overriding objective.
2. EVALUATION. Our clients expect us, as their delegates, to monitor the governance of companies in which we have invested their assets.
3. ENGAGEMENT. We encourage excellence in the management of companies through the considered application of our corporate governance policies and guidelines. We welcome consultation by companies with their leading shareholders on corporate governance issues.
4. PROXY VOTING. Company management is accountable to the shareholders, our clients. It is our responsibility to ensure this is recognised through the considered use of our clients' votes.
5. LITIGATION AND JOINT WORKING PARTIES. JFAM will align itself with other shareholders, for example, by joining class action suits or working parties as local practice dictates, where we are convinced that this is in the best interests of our clients.
6. DISCLOSURE. JFAM's corporate governance guidelines and policies are available to clients and companies alike. We believe that they conform to best practice and we are prepared to discuss them openly with other interested parties.
7. ONGOING COMMITMENT. JFAM is committed to reviewing its corporate governance principles, policies and guidelines to ensure that they fully reflect our interpretation of best market practice.

JF ASSET MANAGEMENT
HONG KONG PROXY COMMITTEE

II. POLICY AND PROCEDURES

JF Asset Management ("JFAM") manages the voting rights of the shares entrusted to it as it would manage any other asset. It is the policy of

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

JFAM to vote in a prudent and diligent manner, based exclusively on our reasonable judgement of what will best serve the financial interests of the beneficial owners of the security.

1. PROXY COMMITTEE

The Hong Kong Proxy Committee has been established to oversee the proxy voting process in the Asia ex Japan region on an ongoing basis. It is composed of the Proxy Administrator and senior officers from the Investment, Compliance and Risk Management Departments. The main functions of the Proxy Committee are to review the Proxy Voting Guidelines ("Guidelines") to ensure they are aligned with best practice; to determine the independence of any third-party vendor which it has delegated proxy voting responsibilities and to conclude that there are no conflicts of interest that would prevent such vendor from providing such proxy voting services prior to delegating proxy responsibilities; and to provide advice and recommendations on general proxy voting matters as well as on specific voting issues as they occur. The Proxy Committee may delegate certain of its responsibilities to subgroups composed of Proxy Committee members. It meets quarterly, or more frequently as circumstances dictate and its minutes are circulated to senior management including the Asia Risk Committee to whom it reports.

2. VOTING

As these Guidelines represent what we consider to be in the best financial interests of our clients, we would normally expect clients to allow us to use them as a template for voting. However, we recognise that in certain circumstances further analysis may be required.

In view of our overriding fiduciary duty to act in the best interest of our clients, the Guidelines are an indication only of JFAM's voting policy. The portfolio manager has discretion to override the policy should individual circumstances dictate.

Our Guidelines are primarily targeted at companies listed on main stock exchanges. It is sometimes difficult for smaller companies to apply the same corporate governance standards and we would look at any issues for such companies on a case-by-case basis. We would, however, encourage them to apply the highest possible standards of governance.

For markets in Asia ex Japan, we will generally abstain from voting at AGMs on the grounds that the matters normally considered at such meetings are of a routine and non-contentious nature. To ensure we fulfil our fiduciary obligation to always act in our clients' best interests, we will review each AGM notice to check whether there are any non-routine matters such as company reorganisations/restructurings, takeover/merger and senior management compensation plans included therein. If any such matters are identified then we will consider each one individually so that our clients' best interests are served. The major routine matters in AGM are as follows:

1. Accept Financial Statement and Statutory Reports
2. Approve Dividend
3. Election and re-election of directors
4. Fix remuneration of directors
5. Appoint auditors and fix remunerations
6. Approve issuance of Equity or Equity-Linked Securities without pre-emptive rights
7. Approve repurchase of shares (up to 20% of issued capital)
8. Authorise reissuance of repurchased shares

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

Also, certain markets require that shares are blocked from trading in order to be tendered for voting purposes. In these instances, it may be in our clients' best interests to abstain from voting in order to preserve the ability to trade. For these countries, a decision will be taken on a case-by-case basis by the research analyst in conjunction with the portfolio manager in order to determine how our clients' best interests are served.

To assist JFAM investment professionals with public companies' proxy voting proposals, we have retained the services of an independent proxy voting service, Institutional Shareholder Services Inc. (ISS). ISS is assigned responsibility for various functions, which may include one or more of the following: coordinating with client custodians to ensure that all proxy materials are processed in a timely fashion; providing JFAM with a comprehensive analysis of each proxy proposal and providing JFAM with recommendations on how to vote each proxy proposal based on the Guidelines or, where no Guideline exists or where the Guidelines require a case-by-case analysis, on ISS' analysis; and executing the voting of the proxies in accordance with Guidelines and its recommendation, except when a recommendation is overridden by JFAM, as described below.

Situations can sometimes arise where more than one JFAM client invests in the same company or in which a single client may invest in the same company but in multiple accounts. In those situations, two or more clients, or one client with different accounts, may be invested in strategies having different investment objectives, investment styles, or portfolio managers. As a result, JFAM may cast different votes on behalf of different clients or on behalf of the same client with different accounts.

In the event a JFAM investment professional makes a recommendation in connection with an override, the investment professional must provide the appropriate Proxy Administrator with a written certification ("Certification") which shall contain an analysis supporting his or her recommendation and a certification that he or she (A) received no communication in regard to the proxy that would violate either the JPMorgan Chase ("JPMC") Safeguard Policy or written policy on information barriers, or received any communication in connection with the proxy solicitation or otherwise that would suggest the existence of an actual or potential conflict between JFAM's interests and that of its clients and (B) was not aware of any personal or other relationship that could present an actual or potential conflict of interest with the clients' interests.

3. ENGAGEMENT

We regard regular, systematic and direct contact with senior company management, both executive and non-executive, as crucially important. We consider that these dialogues have been useful and plan to expand this approach.

4. CONFLICTS OF INTEREST

In order to maintain the integrity and independence of JFAM's proxy-voting decisions, JPMorgan Chase (including JPMAM) has established formal barriers designed to restrict the flow of information between JPMC's securities, lending, investment banking and other divisions to JPMAM investment professionals.

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

Where a potential material conflict of interest has been identified, the Proxy Administrator, in consultation with the Proxy Committee, evaluates the potential conflict and determines whether an actual conflict exists. In the event that this is the case, they make a recommendation on how to vote the proxy. A record of such decisions is available to clients on request.

Finally, it should be pointed out that this document is intended as an overview only. Specific issues should always be directed to your account administrator or portfolio manager.

III. VOTING GUIDELINES

1. REPORTS & ACCOUNTS

1A. ANNUAL REPORT

Reports and accounts should be both detailed and transparent, and should be submitted to shareholders for approval. They should meet accepted reporting standards, and company accounts should employ Generally Accepted Accounting Practices (GAAP). Reports should meet with the spirit as well as the letter of reporting standards, including the most recent recommendations of the International Accounting Standards Board (IASB).

The annual report should include a statement of compliance with relevant codes of best practice, in markets where they exist.

Legal disclosure varies from market to market. If, in our opinion, a company's standards of disclosure (whilst meeting minimum legal requirements) are insufficient in any particular area, we will inform company management of our concerns. Depending on the circumstances, we will either abstain or vote against the resolution concerned. Similar consideration would relate to the use of inappropriate accounting methods.

2. DIVIDENDS

Proposals for the payment of dividends should be presented to shareholders for approval, and should be fully disclosed in advance of the meeting. We will vote against dividend proposals if we feel that payment of the proposed dividend would prejudice the solvency or future prospects of the company.

3. AUDITORS

3A. AUDITOR INDEPENDENCE

Auditors must provide an independent and objective check on the way in which the financial statements have been prepared and presented. JFAM will vote against the appointment or re-appointment of auditors who are not perceived as being independent.

3B. AUDITOR REMUNERATION

Companies should be encouraged to distinguish clearly between audit and non-audit fees. Audit fees should never be excessive.

4. BOARDS

4A. CHAIRMAN & CEO

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

JFAM believes that it is best practice for the roles of Chairman and Chief Executive Officer to be separate.

4B. BOARD STRUCTURE

JFAM is in favour of unitary boards of the type found in Hong Kong, as opposed to tiered board structures.

4C. BOARD SIZE

Boards with more than 20 directors are considered to be excessively large.

4D. BOARD INDEPENDENCE

JFAM believes that a strong independent element to a board is essential to the effective running of a company. The calibre and number of non-executive directors on a board should be such that their views will carry significant weight in the board's decisions.

We believe that as a minimum, all boards should have at least three non-executive directors, unless the company is of such a size that sustaining such a number would be an excessive burden.

JFAM will use its voting powers to encourage appropriate levels of board independence, taking into account local market practice.

4E. BOARD COMMITTEES

Where appropriate, boards should delegate key oversight functions to independent committees. The Chairman and members of any Committee should be clearly identified in the annual report.

5. DIRECTORS

5A. EXECUTIVE DIRECTOR'S REMUNERATION

Executive remuneration is and will remain a contentious issue, particularly the overall quantum of remuneration.

JFAM will generally vote against shareholder proposals to restrict arbitrarily the compensation of executives or other employees.

5B. DIRECTOR'S LIABILITY

In certain markets, this proposal asks shareholders to give blanket discharge from responsibility for all decisions made during the previous financial year. Depending on the market, this resolution may or may not be legally binding, and may not release the board from its legal responsibility.

JFAM will usually vote against discharging the board from responsibility in cases of pending litigation, or if there is evidence of wrongdoing for which the board must be held accountable.

5C. DIRECTORS OVER 70

JFAM considers that a similar standard of care should be applied to the selection of a director over 70 as would be applied to that of any

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

other director, although we would expect to see such a director offer him or herself for re-election each year.

5D. DIRECTORS' CONTRACT

Generally, we encourage contracts of one year or less and vote accordingly.

6. NON-EXECUTIVE DIRECTORS

6A. ROLE OF NON-EXECUTIVE DIRECTORS

As stated earlier in these guidelines, JFAM believes that a strong independent element to a board is important to the effective running of a company.

In determining our vote, we will always consider independence issues on a case-by-case basis, taking into account any exceptional individual circumstances, together with local markets' differing attitudes to director independence.

In order to help assess their contribution to the company, the time spent by each non-executive director should be disclosed to shareholders, as well as their attendance at board and committee meetings.

Audit and Remuneration Committees should be composed exclusively of independent directors.

6B. DIRECTOR INDEPENDENCE

We consider that a director will generally be deemed to be independent if he or she has no significant financial, familial or other ties with the company which might pose a conflict, and has not been employed in an executive capacity by the company for at least the previous ten years.

6C. MULTIPLE DIRECTORSHIPS

In order to be able to devote sufficient time to his or her duties, we would not normally expect a non-executive to hold more than five significant directorships at any one time. For executives, only one additional non-executive post would normally be considered appropriate without further explanation.

6D. NON-EXECUTIVE DIRECTOR REMUNERATION

Non-executive directors should be paid but should not be awarded options.

6E. BONUSES FOR RETIRING DIRECTORS AND INTERNAL STATUTORY AUDITORS

JFAM will generally vote Against proposals for retirement bonuses which will be paid to retirees including one or more directors or statutory auditors designated by companies as an outsider.

7. ISSUE OF CAPITAL

7A. ISSUE OF EQUITY

In most countries, company law requires that shareholder approval be

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

obtained in order to increase the authorised share capital of the company. Proposals for equity issues will also specify whether pre-emptive rights are to be retained or suppressed or partially suppressed for the issue. As a general rule, JFAM believes that any new issue of equity should first be offered to existing shareholders on a pre-emptive basis.

JFAM will vote in favour of increases in capital which enhance a company's long-term prospects.

7B. ISSUE OF DEBT

Reasons for increased bank borrowing powers are many and varied, including allowing normal growth of the company, the financing of acquisitions, and allowing increased financial leverage. Management may also attempt to borrow as part of a takeover defence.

JFAM will vote in favour of proposals which will enhance a company's long-term prospects. We will vote against an increase in bank borrowing powers which would result in the company reaching an unacceptable level of financial leverage, where such borrowing is expressly intended as part of a takeover defence, or where there is a material reduction in shareholder value.

7C. SHARE REPURCHASE PROGRAMMES

Boards may instigate share repurchase or stock buy-back programs for a number of reasons. JFAM will vote in favour of such programmes where the repurchase would be in the best interests of shareholders, and where the company is not thought to be able to use the cash in a more useful way.

We will vote against such programmes when shareholders' interests could be better served by deployment of the cash for alternative uses, or where the repurchase is a defensive manoeuvre or an attempt to entrench management.

8. MERGERS / ACQUISITIONS

Mergers and acquisitions are always reviewed on a case-by-case basis by the investment analyst in conjunction with portfolio managers and, in exceptional circumstances, the Proxy Committee. Individual circumstances will always apply. However, as a general rule, JFAM will favour mergers and acquisitions where the proposed acquisition price represents fair value, where shareholders cannot realise greater value through other means, and where all shareholders receive fair and equal treatment under the merger/acquisition terms.

9. VOTING RIGHTS

JFAM believes in the fundamental principle of "one share, one vote". Accordingly, we will vote to phase out dual voting rights or classes of share with restricted voting rights, and will oppose attempts to introduce new ones. We are opposed to mechanisms that skew voting rights, such as cumulative voting; directors should represent all shareholders equally, and voting rights should accrue in accordance with the shareholder's equity capital commitment to the company.

10. SHARE OPTIONS / LONG-TERM INCENTIVE PLANS (L-TIPS)

10A. SHARE OPTIONS

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

Best practice requires that share options be fully expensed, so that shareholders can assess their true cost to the company. The assumptions and methodology behind the expensing calculation should also be explained to shareholders.

We will generally vote against the cancellation and re-issue, re-pricing, of underwater options.

10B. LONG-TERM INCENTIVE PLANS (L-TIPS)

A Long-Term Incentive Plan ("L-TIP") can be defined as any arrangement, other than deferred bonuses and retirement benefit plans, which require one or more conditions in respect of service and/or performance to be satisfied over more than one financial year.

JFAM normally will vote in favour of schemes with keen incentives and challenging performance criteria, which are fully disclosed to shareholders in advance, and vote against payments which are excessive or performance criteria which are undemanding.

11. OTHERS

11A. CHARITABLE ISSUES

Charitable donations are generally acceptable, provided they are within reasonable limits and fully disclosed to shareholders.

11B. POLITICAL ISSUES

JFAM does not normally support the use of shareholder funds for political donations, and would require the fullest explanation as to why this would be beneficial to shareholders.

11C. POISON PILLS

Poison pills, or shareholder rights plans, are designed to give shareholders of a target company the right to purchase shares of the acquiring company, the target company, or both at a substantial discount from market value. These rights are exercisable once a pre-defined "triggering event" occurs, generally a hostile takeover offer or an outsider's acquisition of a certain percentage of stock. Corporations may or may not be able to adopt poison pills without shareholder approval, depending on the market.

In reaching its voting position, the Committee has reviewed and continues to review current takeover events. However, it has concluded that there is no clear evidence that poison pills deter takeover offers or defeat takeover attempts and are, in fact, sometimes used as tools to entrench management.

JFAM will generally vote against anti-takeover devices and support proposals aimed at revoking existing plans. Where anti-takeover devices exist, they should be fully disclosed to shareholders and shareholders should be given the opportunity to review them periodically.

11D. COMPOSITE RESOLUTIONS

Agenda items at shareholder meetings should be presented in such a way that they can be voted upon clearly, distinctly and unambiguously. We normally oppose deliberately vague, composite or "bundled" resolutions, depending on the context.

11E. AMENDMENTS TO COMPANY ARTICLES

- i. Limitation on Directors' Liability - review on a case by case basis
- ii. Changes in business activities/ Expansion of business line - generally vote For
- iii. Relaxation of Quorum Requirement - generally vote Against
- iv. Shares Repurchase at discretion of the Board of Directors - review on a case by case basis
- v. Changes of shareholders record date at discretion of the Board of Directors - generally vote Against

IV. ACTIVISM

ACTIVISM POLICY

1. DISCHARGE OF RESPONSIBILITIES

- a) Our primary responsibility is to protect our clients' interests and, as active managers, we therefore absolutely reserve the right to dispose of an investment where a company fails to meet our expectations.
- b) Our investment managers and analysts have explicit responsibilities for monitoring the companies in the universe of stocks from which clients' portfolios are constructed. Whilst we attach considerable importance to meetings with management (and several hundred take place in Asia ex Japan each year), we also emphasise the benefits of fundamental research into companies in our investment processes. Industry research, balance sheet analysis and company news flow all have a role to varying degrees in our company monitoring.
- c) Our approach to dealing with conflicts of interest is described fully in our Corporate Governance Policies and Procedures. We seek to minimise conflicts by controlling information flows between different parts of JPMorgan Chase. Where a material conflict does arise we require investors who make the voting decision to certify that they have acted solely in the clients' best interests.

2. MONITOR PERFORMANCE

Monitoring of company performance is a key part of our investment processes. We maintain a record of all private meetings held with companies. We regard these meetings as confidential and will not comment on them outside JFAM.

3. EVALUATING AND REPORTING

We are convinced that a strong governance culture leads ultimately to a better business and a better stock market rating. As investors we scrutinise companies' governance policies as a part of our investment research and take comfort from good governance.

V. SUSTAINABILITY

Where JFAM engages with companies on broader social, environmental and sustainability issues, we have adopted a positive engagement approach.

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

Thus, specific assets or types of assets are not excluded on purely social, environmental or ethical criteria (unless specifically requested by clients). Rather, analysts take such issues into account as part of the mainstream analytical process. Where appropriate, JFAM will also engage with company management on specific issues at company one-to-one meetings. This engagement activity can then be reported to clients as required.

Where social or environmental issues are the subject of a proxy vote, JFAM will consider the issue on a case-by-case basis, keeping in mind at all times the best financial interests of our clients.

It is anticipated that our sustainability program will continue to expand both in terms of scope and market coverage as client demand and availability of suitable resources dictate.

(a)(2)(iv) Description of any Potential Material Conflicts of Interest that may arise in connection with the portfolio manager's management of the Fund and other accounts.

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

The chart above shows the number, type and market value as of 01/31/06 of the accounts other than the Fund that are managed by the Fund's portfolio manager. The potential for conflicts of interest exists when the portfolio manager manages other accounts with similar or different investment objectives and strategies as the Fund ("Other Accounts"). Potential conflicts may include, for example, conflicts between investment strategies and conflicts in the allocation of investment opportunities.

Responsibility for managing the client portfolios of the Adviser and the Adviser's participating affiliates is organized according to the mandates of each account. The Fund's portfolio manager manages other accounts with similar objectives, approach and philosophy to the Fund. The portfolio holdings, relative position sizes and industry and sector exposures tend to be similar across these similar portfolios, which minimizes the potential for conflicts of interest. These similar portfolios include one registered investment company and seven of the eight other pooled investment vehicles as described under (a)(2)(ii) above that invest in the Greater China/ China markets and only take long positions in securities. On the other hand, the other pooled investment vehicle described under (a)(2)(iii) also invests in the Greater China markets but may take long and short positions in securities as part of its investment strategy. When the portfolio manager engages for this other pooled investment vehicle in short sales of securities which the Fund has purchased, the portfolio manager could be seen as harming the performance of the Fund for the benefit of the accounts engaging in short sales if the short sales cause the market value of those securities to fall.

The Adviser and the Adviser's participating affiliates receive more compensation with respect to certain Other Accounts than that received with respect to the Fund and receive compensation based in part on the performance of one of the Other Accounts as described under (a)(2)(iii). This may create a potential conflict of interest for the Adviser or the Fund's portfolio manager by providing an incentive to favor these Other Accounts when, for example, placing securities transactions. The conflicts of interest may arise with both the aggregation and allocation of securities transactions and allocation of limited investment opportunities. Allocations of aggregated trades, particularly trade orders that were only partially completed due to limited availability, and allocation of investment opportunities generally, could raise a potential conflict of interest, as the Adviser or the portfolio manager may have an incentive to allocate securities that are expected to increase in value to favored

accounts. Initial public offerings, in particular, are frequently of very limited availability. The portfolio manager may be perceived as causing accounts he manages to participate in an offering to increase the Adviser's overall allocation of securities in that offering. A potential conflict of interest also may be perceived to arise if transactions in one account closely follow related transactions in a different account, such as when a purchase increases the value of securities previously purchased by another account, or when a sale in one account lowers the sale price received in a sale by a second account.

The Adviser has policies and procedures designed to manage these conflicts described above such as allocation of investment opportunities to achieve fair and equitable allocation of investment opportunities among its clients over time. For example:

Orders for the same equity security are aggregated on a continual basis throughout each trading day consistent with the Adviser's duty of best execution for its clients. If aggregated trades are fully executed, accounts participating in the trade will be allocated their pro rata share on an average price basis. Partially completed orders generally will be allocated among the participating

Edgar Filing: JF CHINA REGION FUND INC - Form N-CSR

accounts on a pro-rata average price basis, subject to certain limited exceptions. For example, accounts that would receive a DE MINIMIS allocation relative to their size may be excluded from the allocation. Another exception may occur when thin markets or price volatility require that an aggregated order be completed in multiple executions over several days. If partial completion of the order would result in an uneconomic allocation to an account due to fixed transaction or custody costs, the dealer may have the discretion to complete and exclude the small orders.

Purchases of money market instruments and fixed income securities cannot always be allocated pro-rata across the accounts with the same investment strategy and objective. However, the Adviser attempts to mitigate any potential unfairness by basing non-pro rata allocations upon an objective predetermined criteria for the selection of investments and a disciplined process for allocating securities with similar duration, credit quality and liquidity in the good faith judgment of the Adviser so that fair and equitable allocation will occur over time.

(a) (3) Portfolio Manager Compensation

The Fund's portfolio manager participates in a competitive compensation program that is designed to attract and retain outstanding people and closely link the performance of him to client investment objectives. The total compensation program includes a base salary fixed from year to year and a variable performance bonus consisting of cash incentives and restricted stock and, in some cases, mandatory deferred compensation. These elements reflect individual performance and the performance of the Adviser's business as a whole.

The portfolio manager's performance is formally evaluated annually based on a variety of factors including the aggregate size and blended performance of the portfolios that he manages. Individual contribution relative to client goals carries the highest impact. The compensation is primarily driven by meeting or exceeding clients' risk and return objectives, relative performance to competitors or competitive indices and compliance with firm policies and regulatory requirements. In evaluating the portfolio manager's performance with respect to the mutual funds (including the Fund) he manages, the funds' pre-tax performance is compared to the appropriate market peer group and to each fund's benchmark index listed in the fund's prospectus over one, three and five year periods (or such shorter time as the portfolio manager has managed the fund). Investment performance is generally more heavily weighted to the long-term.

Stock awards are granted as the annual performance bonus and comprise from 0% to 35% of the portfolio manager's total award. As the level of incentive compensation increases, the percentage of compensation awarded in restricted stock also increases.
