Item 2. Acquisition or Disposition of Assets

The acquisition of UtiliQuest was accounted for using the purchase method of accounting. Accordingly, the purchase price has been allocated to the tangible and intangible assets acquired and the liabilities assumed on the basis of their respective fair values on the acquisition date. The purchase price in excess of the fair value of the net tangible and identifiable assets acquired will be allocated to goodwill. The purchase price allocation is not final and is subject to changes upon completion of final valuations of certain assets.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Item 7. Financial Statements and Exhibits

This Amended Current Report on Form 8-K is filed to provide the financial information with respect to the Acquisition required by Item 7 of Form 8-K and to amend the language of sections (a) and (b) of Item 7 of the Form 8-K filed on December 11, 2003.

(a) Financial Statements of Business Acquired

Audited financial statements of UtiliQuest as of December 31, 2002 and for the year ended December 31, 2002.

Unaudited financial statements of UtiliQuest as of September 30, 2003 and for the nine months ended September 30, 2003 and September 30, 2002.

(b) Pro forma Financial Information

Unaudited pro forma condensed combined balance sheet of Dycom as of October 25, 2003, which gives effect to the acquisition of UtiliQuest and the acquisition of assets and assumption of certain liabilities from First South as if it had occurred on October 25, 2003.

Unaudited pro forma condensed combined statements of operations of Dycom for the year ended July 26, 2003 and for the three months ended October 25, 2003, which gives effect to the acquisition of UtiliQuest and the acquisition of assets and assumption of certain liabilities from First South as if it had occurred on July 28, 2002.

2

(c) Exhibits

Exhibit No. -----	Description -----
2.1	Agreement and Plan of Merger, dated as of November 17, 2003, among Dycom Industries, Inc., UtiliQuest Acquisition Corp., UtiliQuest Holdings Corp. and OCM/GFI Power Opportunities Fund, L.P. (incorporated herein by reference to Exhibit 10.3 of the Form 10-Q for the Quarter Ended October 25, 2003 filed by Dycom on December 5, 2003, File No. 001-10613).
23.1	Consent of PricewaterhouseCoopers.
99.1	Press Release, dated December 3, 2003 (incorporated herein by reference to Exhibit 99.1 of the Current Report on Form 8-K filed by Dycom on December 4, 2003, File No. 001-10613).

Report of Independent Accountants

To the Board of Directors and Stockholders of
UtiliQuest Holdings Corp.

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, stockholders' equity and of cash flows present fairly, in all material respects, the consolidated financial position of UtiliQuest Holdings Corp. and its subsidiaries at December 31, 2002, and the results of their operations and their cash flows for the year then ended in

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements
December 31, 2002

1. Business and Organization

Business

UtiliQuest Holdings Corp. and its wholly owned subsidiaries, UtiliQuest, LLC and Underground Technology, Inc. ("UGTI"), (collectively, "the Company") provide a location and meter reading service primarily to utility and telecommunication customers. A locating service places markings, above ground, that indicate the presence of underground electric, gas, fiber optic, cable, telephone, sewer and water facilities prior to excavation. The Company's headquarters are in Atlanta, Georgia and has approximately 65 office locations in 18 states within the United States.

Organization

In early 1998, Byers Engineering formed Byers Locate Services LLC as a separate operating unit. On July 30, 1998, Byers Engineering sold 74 percent of its operating unit to Enron. In conjunction with the sale, the name of the operating unit was changed to UtiliQuest and a minority interest was sold to Alan Robertson. Enron (74%), Byers Engineering (20%) and Alan Robertson (6%) formed the Members of UtiliQuest ("Members"). On November 3, 1998, UtiliQuest acquired the utility locating division of Denver based Kelly Cable Corporation, expanding the Company's national presence.

Effective August 31, 2001, the Company entered into a Member Unit Purchase Agreement with OCM/GFI Power Opportunities Fund, L.P. (the "Acquisition Agreement") to acquire 100 percent of the members' units of UtiliQuest, LLC. The cash purchase price for the Members' units was approximately \$59.8 million plus acquisition expenses of approximately \$1.1 million. The cash was obtained from an issuance of common stock of \$36 million and \$23.8 million in debt financing. The purchase price was allocated to the assets and liabilities acquired using the estimated fair values at the date of acquisition. The excess of purchase price over the estimated fair values resulted in assigning approximately \$36.8 million to goodwill and \$11.9 million to an intangible asset - customer relationships. Goodwill and intangible assets acquired in this transaction are tax deductible. The Company assumed approximately \$22 million of liabilities in the transaction.

The Company has claimed that significant liabilities associated with locate damages, workers' compensation and auto accruals (Note 7) were not properly

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

accrued on the closing balance sheet. On April 9, 2002, a settlement agreement was created to establish an escrow that would address claims in accordance with certain criteria. As of December 31, 2002, the Company has submitted claims in accordance with the escrow criteria. See Note 16 for further discussion on the settlement of these claims.

The amounts received as a result of the Company's successful claim against the previous Members of UtiliQuest, LLC will be applied as a reduction to goodwill recorded in connection with the acquisition.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated balance sheet includes the accounts of the Company and its wholly owned subsidiaries, UtiliQuest LLC and UGTI. All intercompany accounts and transactions are eliminated in consolidation.

In September 2002, the Company acquired Underground Technology, Inc. This acquisition was accounted for using the purchase method of accounting; hence, the Company's results include the results of this entity from its acquisition date.

10

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

Cash and Cash Equivalents

The Company considers all short-term investments with maturity of three months or less when purchased to be cash equivalents.

The Company routinely has deposits at financial institutions, which substantially exceed federal depository insurance coverage. Management believes maintaining the deposits at large, reputable banks mitigates any risks associated with these excess deposits.

Restricted Cash - Insurance Trust

Restricted cash represent deposits with certain financial institutions for collateral on auto and workers compensation claims. The Company expects that these amounts will never be depleted as other accounts with certain minimum funding requirements have been established to pay the Company's auto and workers compensation claims.

Revenue Recognition

Revenues are recorded as services are performed. Unbilled revenues represent services performed and recognized as revenue, but not yet billed to the customer due to the time lag in the processing of invoices.

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is provided over the estimated useful lives using the straight-line method. Useful lives range from: leasehold

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

improvements - the term of the respective lease or the estimated useful life of the improvements, whichever is shorter; new vehicles - 4-5 years; new equipment and machinery - 4-5 years; and furniture and fixtures - 3-10 years. Expenditures that extend the economic lives or improve the efficiency of equipment are capitalized. The cost of maintenance and repairs are expensed as incurred. Upon retirement or disposal, the related cost and accumulated depreciation are removed from the respective accounts and any resulting gain or loss is recognized in the consolidated statement of operations.

Leasehold improvements and capital leases are amortized over the lease term (which approximates the estimated useful lives of the underlying assets). For income tax purposes, accelerated depreciation methods are primarily used with the establishment of deferred income tax liabilities for the resulting temporary differences.

Effective January 1, 2002, the Company changed its accounting estimate relating to vehicle depreciation. The estimate service life for most vehicles was decreased to four years. The change was based upon historical actual usage of the vehicles. As a result of the change, 2002 net income was decreased by approximately \$315,000.

Long-Lived Assets

Long-lived assets other than goodwill and indefinite life intangibles are reviewed for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used in operations are measured by a comparison of the carrying amount of an asset to future undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds its fair value of the assets.

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

Goodwill and Other Intangible Assets

Customer contracts and related customer relationships are being amortized over the expected duration of those assets, generally 15 years. Deferred loan costs are amortized over the term of the credit facilities.

In June 2001, FASB issued SFAS No. 142, Goodwill and Other Intangible Assets, which supersedes APB Opinion No. 17, Intangible Assets. SFAS No. 142 establishes new standards for goodwill acquired in a business combination, eliminates amortization of goodwill, and instead sets forth methods to periodically evaluate goodwill for impairment. The Company early adopted SFAS No. 142 on August 31, 2001. On an annual basis, at December 31, or when events and circumstances occur that may indicate impairment, management evaluates the recoverability of acquired goodwill and other intangible assets by comparing the carrying value of the assets to the associated current and projected cash flows; management also considers business prospects, market trends and other economic factors in performing

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

this evaluation. Impairment losses are measured as the amount by which the carrying amount of the assets exceeds its fair value.

In December 2002, the Company received notice from SBC of a decision to bring locating and other contracted services internally throughout its subsidiaries. Shortly thereafter, Pacific Bell and Southwestern Bell, subsidiaries of SBC, provided notice to the Company detailing plans to start internal performance of the contract locating work. Pacific Bell represented approximately 45 percent of Underground Technology Inc.'s revenue and Southwestern Bell represented approximately 1.8 percent of UtiliQuest LLC's revenue. The Company performed a review of its reporting units as of December 31, 2002, and identified an impairment loss on the Underground Technology, Inc. reporting unit. The valuation performed as part of the analysis employed a combination of present value techniques to measure fair value corroborated by comparisons to estimated market multiples. Third party specialists were engaged to assist in the valuations. As a result, the Company recorded a noncash impairment charge of \$4.9 million during fiscal 2002.

Deferred Financing Costs

Deferred financing costs are amortized over a period of five years, the term of the relating debt instruments. Amortization of deferred financing costs for the year ended December 31, 2002, was \$757,000.

Stock-Based Compensation

The Company uses the intrinsic value method to account for its stock based employee compensation in accordance with Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. The Black-Scholes option valuation model was developed for estimating the fair value of traded options that have no vesting restrictions and are fully transferable. Because option valuation models require the use of subjective assumptions and changes in these assumptions can materially impact the fair value of the options and the Company's options do not have the characteristics of traded options, the option valuation models do not necessarily provide a reliable measure of the fair value of its options. The pro forma disclosures required by SFAS No. 148 are reflected below. No stock-based compensation cost is reflected in net income as all options granted had an exercise price equal to the market value of the underlying common stock on the date of grant. Had the Company used the provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation ("SFAS 123"), the Company's pro forma net income would have been as follows for the year ended December 31, 2002:

Net loss		
As reported	\$	(5,244,000)
Stock-based compensation cost		
(fair value method), net of related tax effects	\$	7,000
Pro forma net loss	\$	(5,251,000)

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

In applying SFAS 123, the fair value of stock options granted by the Company was estimated using the Black-Scholes option pricing model assuming risk free rates of 3.61 percent for 2002, with no dividend yield, no expected volatility and an expected term of seven years. The resulting weighted average fair value of options granted during 2002 was \$0.30.

Advertising Expense

The Company expenses all advertising costs as incurred. Advertising expense for the year ended December 31, 2002, was \$132,000.

Income Taxes

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. Accordingly, deferred tax assets and liabilities are recognized at the applicable income tax rates based upon future tax consequences of temporary differences between the tax bases and financial reporting bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. Deferred tax assets are reduced, if necessary, by the amount of any tax benefits that, based on available evidence, are not expected to be realized.

Self-Insured Liabilities

The Company is self insured on locate damage claims, workers compensation, auto insurance and healthcare. The Company is self insured on each claim, up to certain limits. The Company accrues for specific claims and an estimate of claims incurred but not reported. The amounts are accrued based on historical experience and specific analysis of the claims. The self-insured claim liability includes incurred but not reported losses of \$2,099,000 at December 31, 2002. The determination of such claims and expenses and the appropriateness of the related liability is periodically reviewed and updated. Because the company retains these risks, up to certain limits, a change in experience could materially affect results of operation in a particular period.

Fair Value of Financial Instruments

The fair value of cash, accounts receivable and trade accounts payable and accrued expenses are not materially different than their carrying amounts as reported at December 31, 2002, due to the short-term nature of these accounts. The December 31, 2002, debt balances under the credit facility approximate the fair value on the basis of the variable interest related to such debt.

Use of Estimates

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements

In August 2001, the FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. SFAS No. 143 applies to legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development, and (or) normal use of the asset.

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

The Company is required and plans to adopt the provisions of SFAS No. 143 on January 1, 2003. Upon initial application, entities are required to recognize a liability for any existing asset retirement obligations adjusted for cumulative accretion to the date of adoption of this Statement. An asset retirement cost would be capitalized as an increase to the carrying amount of the associated long-lived asset, and would be subject to depreciation. The cumulative effect, if any, of initially applying this Statement will be recognized as a change in accounting principle. The Company does not believe there are any obligations meeting the criteria of the standard.

In December of 2002, the Company elected early adoption of SFAS No. 145 Rescission of FASB Statement No. 4, 44 and 64, Amendment to FASB Statement No. 13, and Technical Corrections of April 2002. Under the new accounting standard, gains and losses incurred upon the extinguishment of debt may no longer qualify for extraordinary treatment and are now included as a component of income or loss before taxes. The Company has adopted SFAS No. 145 in the financial statements and accordingly has recorded in interest expense \$570,000 for the year ended December 31, 2002, related to the extinguishment of debt.

In June 2002, SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities, was issued. This statement requires the recording of costs associated with exit or disposal activities at their fair values once a liability exists. Under previous guidance, certain exit costs were accrued when management committed to an exit plan, which may have been before an actual liability arose. The provisions of SFAS No. 146 are effective for exit or disposal activities initiated after December 31, 2002, with early adoption encouraged. The adoption of SFAS No. 146 did not have a material impact on the Company's financial statements.

In December 2002, SFAS No. 148, Accounting for Stock-Based Compensation - Transition and Disclosure was issued. SFAS No. 148 amends SFAS No. 123, Accounting for Stock-based Compensation, to provide alternative methods of transition to the fair value method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure provisions of SFAS No. 123 to require prominent disclosure about the effects of an entity's accounting policy with respect to stock-based employee compensation on reported net income and earnings per share in annual and interim financial statements. SFAS No. 148 does not amend SFAS No. 123 to require companies to account for their employee stock based awards using the fair value method. However, the disclosure provisions are required for all companies with stock based employee compensation, regardless of whether they utilize the fair value method of accounting described in SFAS No. 123 or the intrinsic value method described in APB Opinion No. 25, Accounting for Stock Issued to Employees. SFAS No. 148's transition provisions are effective for fiscal years ending after December 15, 2002. The Company has adopted the disclosure provisions of SFAS No. 148.

In November 2002, FASB Interpretation No. ("FIN") 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, was issued. This interpretation

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

requires elaborating on the disclosures that must be made by a guarantor in its interim and annual financial statements about obligations under certain guarantees or warranties that it has issued. FIN 45 also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The disclosure requirements of this FIN are effective for financial statements issued after December 15, 2002 and its recognition requirements are applicable for guarantees issued or modified after December 31, 2002. The Company has not entered into or modified any guarantees subsequent to December 15, 2002, and the Company does not have any material warranties.

In January 2003, FIN 46, Consolidation of Variable Interest Entities, was issued with the objective of improving financial reporting by companies involved with variable interest entities. A variable interest entity is a corporation, partnership, trust or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights, or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities. Historically, entities generally were not consolidated unless the entity was controlled through voting interests. FIN 46 requires that a variable

14

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

interest entity be consolidated by a company if that company is the primary beneficiary of the variable interest entity. Primary beneficiary means the company is subject to a majority of the risk of loss from the variable interest entity's activities or is entitled to receive a majority of the entity's residual returns or both. FIN 46 also sets forth disclosure requirements for those variable interest entities to which the company is not the primary beneficiary and therefore would not be consolidated. The disclosures are required in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was created. The Company does not have any interests in variable interest entities.

3. Acquisition

On September 17, 2002, the Company acquired 100 percent of the common stock of UGTI for approximately \$24 million in cash and notes, plus acquisition expenses of approximately \$1 million. UGTI engages in performing underground locating services to major utility and telecommunication companies in California. This acquisition expands the Company's geographical presence within the western portion of the United States. The purchase price of \$24 million was paid as approximately \$17 million in cash and approximately \$7 million in notes payable to the seller. The purchase price was allocated to the assets and liabilities acquired using the estimated fair values at the date of acquisition. The excess of purchase price over the estimated fair value resulted in assigning approximately \$13 million to goodwill and \$6.1 million to an intangible asset - customer relationships. The Company engaged the assistance of an independent valuation company which employed the use of the capitalized free cash flow methodology to determine the basis of allocation. This methodology determines the fair value of a reporting unit's assets by analyzing the

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

free cash flows that the business can generate, and making a determination of what an investor would be willing to pay for this cash flow stream, given its overall risk and anticipated growth. Goodwill and intangible assets acquired in this transaction are not tax deductible.

The Company also acquired \$4.9 million of cash classified as current assets below. The operating results of UGTI are included in the accompanying consolidated financial statements from September 17, 2002.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at September 17, 2002:

Current assets	\$10,735,000
Property, plant and equipment	1,728,000
Intangible assets	6,100,000
Goodwill	13,042,000

Total assets acquired	31,605,000

Current liabilities	7,302,000
Long-term liabilities	478,000
Notes payable	6,600,000

Total liabilities assumed	14,380,000

Net assets acquired	\$17,225,000
	=====

The notes issued to the sellers in conjunction with the acquisition are deferred payments that mitigate the Company's exposures to potential liabilities related to unrecorded locate damage claims at the date of the sale and certain potential tax liabilities. To the extent the liabilities are discovered within the contracted time period, the face amount of the notes will be reduced by the amounts paid by the Company on the potential liabilities. The notes are comprised of Promissory Note A and Promissory Note B. Promissory Note A is a three year note with a principal of \$3,000,000 and bears interest at 6 percent, payable semi-annually on March 31 and September 30. Promissory Note B is a seven year note with a principal of \$3,600,000 and bears interest at 6 percent, payable semi-annually on March 31 and September 30.

See Note 16 for further discussion on the settlement of Promissory Note A.

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

The following unaudited pro forma summaries present the Company's consolidated results of operations as if the foregoing acquisition had occurred on January 1, 2002:

Total revenues	\$135,642,000
Net loss	\$ (6,351,000)

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

4. Property and Equipment

Property and equipment consisted of the following at December 31, 2002:

	Owned	Capital Leases	Total
Vehicles and automotive equipment	\$ 5,356,000	\$ 11,976,000	\$ 17,332,000
Locate and field equipment	4,809,000	19,000	4,828,000
Computer hardware and software	2,650,000	2,572,000	5,222,000
Furniture and fixtures	622,000	185,000	807,000
Leasehold improvements	153,000	-	153,000
	-----	-----	-----
	13,590,000	14,752,000	28,342,000
Less: accumulated depreciation and amortization			
	5,122,000	3,485,000	8,607,000
	-----	-----	-----
	\$ 8,468,000	\$ 11,267,000	\$ 19,735,000
	=====	=====	=====

Depreciation and amortization expense was approximately \$7,002,000 for the year ended December 31, 2002. Maintenance and repairs of property and equipment was approximately \$1,940,000 for the year ended December 31, 2002. The net book value of computer software at December 31, 2002, was \$547,000.

5. Intangible Assets

Intangible assets at December 31, 2002, consist of the following:

	Estimated Useful Lives	
Carrying amount		
Customer contracts and related customer relationships	15 years	\$ 18,000,000
Debt issuance costs	5 years	19,000,000

		19,000,000
Accumulated amortization		
Customer contracts and related customer relationships		(18,000,000)
Debt issuance costs		(19,000,000)

		\$ 18,000,000
		=====

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Amortization expense was \$1,627,000 for the year ended December 31, 2002. Debt issuance costs of \$712,000, were written off in conjunction with the Company's new credit agreement (Note 8).

16

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

Estimated amortization expense for 2003 and each of the five succeeding fiscal years is as follows:

2003	\$	1,440,000
2004		1,416,000
2005		1,416,000
2006		1,416,000
2007		1,400,000

	\$	7,088,000
		=====

6. Goodwill

A summary of changes in the Company's goodwill during the year ended December 31, 2002, is as follows:

	Goodwill
Balance, January 1, 2002	\$ 36,802,000
Additions (Note 3)	13,146,000
Post acquisition settlement	(4,400,000)
Impairment	(4,917,000)

Balance, December 31, 2002	\$ 40,631,000
	=====

Post Acquisition Settlement

Under the Acquisition Agreement, the Company had sixty days to adjust the preliminary balance sheet. The Company filed a working capital adjustment during 2001 and received approximately \$3.6 million in cash and approximately \$800,000 of management fees were discharged.

Goodwill Impairment

Under SFAS 142, goodwill and intangible assets with indefinite useful lives are not amortized but instead are reviewed for impairment at least annually and written down only in periods in which it is determined that the fair value is less than the recorded value. SFAS 142 also requires the transitional impairment review for goodwill, as well as an annual impairment review, to be performed on a reporting unit basis. In connection with the Company's annual review, recorded goodwill was determined to be impaired in the UGTI reporting unit due to changes within a major customer contract. In the fourth quarter of 2002, the Company completed its annual impairment review of UGTI and

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

recognized an impairment loss of \$4,917,000.

7. Accrued Expenses

Accrued expenses consisted of the following at December 31:

	2002
Locate damage claims	\$ 9,278,000
Accrued payroll and related	4,040,000
Workers' compensation claims	2,172,000
Auto insurance claims	935,000
Healthcare claims	544,000
Other accrued liabilities	1,770,000

	\$18,739,000
	=====

17

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

The Company is self insured for the first \$250,000 of claims on locate damages. The locate damages represent claims for harm to property, persons or job overruns (time and material overruns). The Company's customer or their representative reports damages, which are investigated and assessed by the Company. The potential claim is estimated and developed by the Company based on facts, circumstances and historical evidence.

Due to the significance of the self insured portions of the Company's insurance claims, the insurer has custody of \$2,780,000 in cash deposits at December 31, 2002. The amount is reported as restricted cash in the accompanying consolidated balance sheet.

8. Revolving Credit Line and Long-Term Debt

On December 6, 2002, the Company entered into a revolving credit facility and term loan agreement ("Credit Agreement"). The proceeds from the new agreement were used to repay the previous revolving credit line, term loan and security agreement. The Company recorded expense of \$712,000 for the remaining deferred financing costs associated with the previous debt agreement during 2002. Long-term debt consists of approximately \$7 million in notes payable (Note 3) and a term loan of \$19.5 million.

Revolving Credit Line

The Revolving Credit Line accrues interest at a rate equal to Prime plus 1.50 percent or 5.75 percent at December 31, 2002. The Revolving Credit Line matures on December 6, 2007. The maximum amount allowed for borrowing under the Revolving Credit Line is the lesser of (i) \$16,000,000 less any outstanding letter of credit arrangements or (ii) 90 percent of eligible accounts receivables plus the pre-set amortized advance amount, referred to as total availability. The Company had an available borrowing base of \$12,869,000 under the revolving credit facility at December 31, 2002 based on the lending formula, of which \$8,144,000 was used.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Term Loan

Principal payments are due quarterly, beginning in April 2003 and interest payments on the Term Loan are due monthly, beginning January 2003, until January 2008. The Term Loan accrues interest at a rate equal to Prime plus 4.25 percent, or 8.50 percent at December 31, 2002. The Company deferred approximately \$965,000 of fees related to the credit agreement, which are being amortized over its five-year term. The Company is required to pay an annual nonutilization fee equal to one percent of the unused portion of the credit capacity.

The credit agreement is collateralized by substantially all of the Company's assets. The credit agreement contains certain covenants, which are financial and nonfinancial in nature. The credit agreement imposes certain conditions including restricting the Company's ability to encumber assets or incur certain types of indebtedness and maintaining a leverage ratio of not greater than 3.25, as measured at the end of each fiscal quarter. Given the Company's recent acquisition, anticipated cash flow and EBITDA results fell outside the credit agreement's EBITDA covenant. Therefore, as of December 31, 2002, the Company failed to meet its EBITDA covenant. The Financial Cure Notice included in the debt agreement allows the Company to meet the financial covenants retroactively through an equity capital contribution. The Company received an equity capital contribution of \$1.5 million from its largest shareholder on April 18, 2003. The contribution was made in exchange for 1,200,000 of additional common shares. The provision for the contribution allowed the Company to meet compliance with all financial covenants and conditions under the credit agreement for the year ended December 31, 2002.

18

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

Future maturities of the term debt and promissory notes (Note 3) are as follows:

2003	\$ 2,000,000
2004	3,000,000
2005	7,000,000
2006	5,000,000
2007	5,500,000
Thereafter	3,600,000

	\$ 26,100,000
	=====

9. Income Taxes

Income tax benefit consisted of the following for the year ended December 31, 2002:

Federal	
Current	\$ -

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Deferred	(362,000)

	(362,000)

State	
Current	66,000
Deferred	(32,000)

	34,000

	\$ (328,000)
	=====

The tax benefit differs from the amount that would be calculated by applying the federal statutory rate of 34 percent to income before income taxes as follows:

Expected tax benefit	\$ (1,894,000)
State income taxes	279,000
Nondeductible goodwill impairment	1,672,000
Other	(385,000)

Benefit of income taxes	\$ (328,000)
	=====

The Company's deferred tax assets and liabilities consists of the following at December 31, 2002:

Current deferred tax assets	
Net operating loss carryforward	\$6,156,000
Allowance for doubtful accounts	209,000
Nondeductible accruals	1,110,000
AMT credit carryforward	34,000
Other	255,000

Current deferred tax assets	7,764,000

Long-term deferred tax liabilities	
Property and equipment	(2,578,000)
Goodwill amortization	(1,416,000)
Acquisition costs	(107,000)

Long-term deferred tax liabilities	(4,101,000)

	\$ 3,663,000
	=====

Realization of the Company's deferred tax asset is dependent on generating sufficient taxable income in the future. When determining when to record a valuation allowance, management considers whether it is more likely than not that the deferred tax assets will be realized.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

The Company generated a net operating loss carryforward during the year ended December 31, 2002, of \$16,033,000. This carryforward is available to offset future taxable income. The net operating loss carryforward will begin to expire December 31, 2021.

The utilization of a portion of the net operating losses is limited on an annual basis due to a change in ownership of UGTI. Management does not believe that these limitations will significantly impact the Company's ability to utilize the net operating losses before they expire.

10. Stock Option Plan

The 2001 Omnibus Stock Incentive Plan (the "Plan") for certain employees (including executive officers) reserved 3.6 million shares of common stock for future issuance upon exercise of options. The options vest over a five-year period and expire at the earliest of (1) the end of ten years from the date of grant, (2) sixty days following the termination of the holder's employment, (3) immediately if employment is terminated for cause, or (4) six months following the death or disability of the holder.

The options are granted with an exercise price equal to the fair market value of the stock on the grant date. The Company is accounting for its options under APB Opinion 25 and, accordingly, no compensation cost has been recognized for stock options in the consolidated financial statements.

A summary of the status and changes in shares of the Company's common stock subject to option under the option plan is as follows:

	Shares Subject to Option	Average Exercise Price
Balance, January 1, 2002	2,370,000	1.00
Granted	70,000	1.18
Exercised	-	-
Forfeited	-	-
	2,440,000	1.01
	2,440,000	1.01

	Outstanding			
	Options	Average Life	Average Exercise Price	
\$ 1.00	2,390,000	9	1.00	474,
\$ 1.25	50,000	10	1.25	-
\$1.00-1.25	2,440,000			474,
	2,440,000			474,

UtiliQuest Holdings Corp.
 Notes to Consolidated Financial Statements (continued)
 December 31, 2002

11. Employee Benefit Plans

Profit-Sharing Plans

The Company has defined contribution plans for their employees, which are qualified under Section 401(k) of the Internal Revenue Code. They typically provide benefits to a broad group of employees and may not discriminate in favor of highly compensated employees in coverage, benefits or contributions. Under the provisions of the Plans, eligible participants may elect to contribute up to the maximum amount of tax-deferred contributions allowed by the Internal Revenue Code. The Company's employees may voluntarily participate in the 401(k) Savings Plans upon meeting eligibility requirements. The Company provides matching employer contributions, which are vested over time. The Company's contribution to the UtiliQuest plan is a match of 30 percent of employee's contributions. This match is limited to employee contributions of up to 5 percent of the pre-tax compensation. The Company's contribution to the UGTI plan is a match of 10 percent of employee's contributions. This match is limited to employee contributions of up to 15 percent of the pre-tax compensation.

The investment election for the employee's contribution is employee-driven and the company's match follows this election. The Company contributed approximately \$129,000 in matching contributions for the year ended December 31, 2002.

Incentive Plans

To award employees for safety and to compensate employees for performance, the Company maintains various incentive plans. Under these plans, employees may receive additional incentive payments based either on a percentage of salary, revenue or profit, or at management's discretion. Under these plans, the Company expensed approximately \$1,665,000 for the year ended December 31, 2002.

12. Leases

The Company has entered into certain noncancelable operating and capital lease agreements with respect to certain office space, vehicles and computer equipment.

The approximate future minimum lease payments under noncancelable operating and capital leases as of December 31, 2002, are as follows:

	Operating Leases -----	Capital Leases -----
2003	\$ 1,570,000	\$ 4,630,000
2004	816,000	4,175,000

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

2005	344,000	3,189,000
2006	-	755,000
	-----	-----
	\$ 2,730,000	12,749,000
Less interest portion	=====	(2,108,000)

Present value of net minimum lease payments		10,641,000
Less capital lease obligation, current portion		(3,795,000)
Capital lease obligation, net of current portion		-----
		\$ 6,846,000
		=====

Rental expense under noncancelable operating leases was approximately \$1,986,000 for the year ended December 31, 2002.

21

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

13. Commitments and Contingencies

Litigation

The Company is involved in various claims and lawsuits, which arise in the normal course of its business. These claims and lawsuits have arisen as a result of equal employment opportunity ("EEOC") cases, locate damage, workers' compensation and auto claims (Note 7). The Company estimates an accrual for settlement of damages incurred in providing services to its customers and has accrued for any exposure in the accompanying consolidated financial statements. The Company has sought legal consultation and believes that the ultimate liability related to such claims and lawsuits will not have a material adverse effect on the Company's consolidated financial position or results of operations.

14. Concentration of Credit Risks

The Company's customer base includes large utility and telecommunications companies located throughout the United States. These companies result in a concentration of credit risk for the Company. Approximately 27 percent of the Company's revenues were derived from the largest three customers: BellSouth (11%), Qwest (8%) and Verizon (8%) for the year ended December 31, 2002. These customers also account for approximately 30 percent of the Company's gross outstanding accounts receivable at December 31, 2002. The total outstanding trade receivables from BellSouth, Qwest and Verizon were approximately \$1,858,000 or 14 percent, \$1,037,000 or 7.8 percent and \$1,135,000 or 8.5 percent, respectively, of the outstanding trade receivables.

15. Related-Party Transactions

The Company has paid \$53,000 during 2002, for out-of-pocket costs to

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

the Company's largest shareholder.

The Company has an agreement to pay its largest shareholder \$21,000 per month in management fees. The Company has accrued \$333,000 for the year ended December 31, 2002. These amounts were unpaid as of December 31, 2002.

In conjunction with the UGTI acquisition, the OCM/GFI Power Opportunities Fund L.P. provided short term financing to UtiliQuest Holdings for the purchase of 100 percent of the UGTI stock. The financing was executed through a capital contribution of approximately \$5,462,000 and a short term loan for \$12,000,000. The short term loan was repaid upon the closing of the Company's new Credit Agreement on December 6, 2002.

16. Subsequent Event

On April 18, 2003, the Company received an equity capital contribution of \$1.5 million from its largest shareholder in exchange for 1,200,000 shares of common stock.

Pursuant to the April 9, 2002 settlement agreement as discussed in Note 1, on November 11, 2003, the Company reached an agreement with the previous Members of UtiliQuest to settle all pre-closing claims associated with the Acquisition Agreement. The settlement provides for payment by the members of \$1,250,000 plus release of a certain bankruptcy obligation. In exchange, the Company will provide a global release of all indemnity obligations associated with the acquisition. The Company expects the related documents to be executed during the first quarter of 2004.

On November 26, 2003, the Company entered into a settlement agreement with the seller that renegotiated Promissory Note A. In exchange for an immediate repayment of \$2,000,000 on Promissory Note A, the seller would be released from claims arising out of potential liabilities incurred prior to September 17,

22

UtiliQuest Holdings Corp.
Notes to Consolidated Financial Statements (continued)
December 31, 2002

2002, the acquisition date. The Company received a release from the remaining obligation of Promissory Note A and any accrued interest on Promissory Note A.

Effective December 3, 2003, the Company was acquired by Dycom Industries, Inc. for an aggregate payment of approximately \$120 million in cash, including the payout of all stock options for approximately \$2.5 million.

UtiliQuest Holdings Corp.
Notes To Consolidated Financial Statements
Nine Months Ended September 30, 2003 and September 30, 2002 (Unaudited)

1. Business and Organization

Business

UtiliQuest Holdings Corp. and its wholly owned subsidiaries, UtiliQuest, LLC and Underground Technology, Inc. ("UGTI"), (collectively, "the Company") provide a location and meter reading service primarily to utility and telecommunication customers. A locating service places markings, above ground, that indicate the presence of underground electric, gas, fiber optic, cable, telephone, sewer and water facilities prior to excavation. The Company's headquarters are in Atlanta, Georgia and has approximately 65 office locations in 18 states within the United States.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated balance sheet includes the accounts of the Company and its wholly owned subsidiaries, UtiliQuest LLC and UGTI. All intercompany accounts and transactions are eliminated in consolidation.

In September 2002, the Company acquired Underground Technology, Inc. This acquisition was accounted for using the purchase method of accounting; hence, the Company's results include the results of this entity from its acquisition date.

Cash and Cash Equivalents

The Company considers all short-term investments with maturity of three months or less when purchased to be cash equivalents.

The Company routinely has deposits at financial institutions, which substantially exceed federal depository insurance coverage. Management believes maintaining the deposits at large, reputable banks mitigates any risks associated with these excess deposits.

Restricted Cash - Insurance Trust

Restricted cash represent deposits with certain financial institutions for collateral on auto and workers compensation claims. The Company expects that these amounts will never be depleted as other accounts with certain minimum funding requirements have been established to pay the Company's auto and workers compensation claims.

Revenue Recognition

Revenues are recorded as services are performed. Unbilled revenues

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

represent services performed and recognized as revenue, but not yet billed to the customer due to the time lag in the processing of invoices.

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is provided over the estimated useful lives using the straight-line method. Useful lives range from: leasehold improvements - the term of the respective lease or the estimated useful life of the improvements, whichever is shorter; new vehicles - 4-5 years; new equipment and machinery - 4-5 years; and furniture and fixtures - 3-10 years. Expenditures that extend the economic lives or improve the efficiency of equipment are capitalized. The cost of maintenance and repairs are expensed as incurred. Upon retirement or disposal, the related cost and accumulated depreciation are removed from the respective accounts and any resulting gain or loss is recognized in the consolidated statement of operations.

Leasehold improvements and capital leases are amortized over the lease term (which approximates the estimated useful lives of the underlying assets). For income tax purposes, accelerated depreciation methods are primarily used with the establishment of deferred income tax liabilities for the resulting temporary differences.

27

UtiliQuest Holdings Corp.

Notes To Consolidated Financial Statements (continued)
Nine Months Ended September 30, 2003 and September 30, 2002 (Unaudited)

Effective January 1, 2002, the Company changed its accounting estimate relating to vehicle depreciation. The estimate service life for most vehicles was decreased to four years. The change was based upon historical actual usage of the vehicles. As a result of the change, 2002 net income was decreased by approximately \$315,000.

Long-Lived Assets

Long-lived assets other than goodwill and indefinite life intangibles are reviewed for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used in operations are measured by a comparison of the carrying amount of an asset to future undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds its fair value of the assets.

Goodwill and Other Intangible Assets

Customer contracts and related customer relationships are being amortized over the expected duration of those assets, generally 1 5 years. Deferred loan costs are amortized over the term of the credit facilities.

In June 2001, FASB issued SFAS No. 142, Goodwill and Other Intangible Assets, which supersedes APB Opinion No. 17, Intangible Assets. SFAS No. 142 establishes new standards for goodwill acquired in a business combination, eliminates amortization of goodwill, and instead sets forth methods to periodically evaluate goodwill for impairment. The

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Company early adopted SFAS No. 142 on August 31, 2001. On an annual basis, at December 31, or when events and circumstances occur that may indicate impairment, management evaluates the recoverability of acquired goodwill and other intangible assets by comparing the carrying value of the assets to the associated current and projected cash flows; management also considers business prospects, market trends and other economic factors in performing this evaluation. Impairment losses are measured as the amount by which the carrying amount of the assets exceeds its fair value.

Deferred Financing Costs

Deferred financing costs are amortized over a period of five years, the term of the relating debt instruments. Amortization of deferred financing costs for the nine months ended September 30, 2003 and 2002, respectively, was \$180,000 and \$104,000.

Advertising Expense

The Company expenses all advertising costs as incurred. Advertising expense for the nine months ended September 30, 2003 and 2002, respectively, was \$57,000 and \$87,000.

Income Taxes

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. Accordingly, deferred tax assets and liabilities are recognized at the applicable income tax rates based upon future tax consequences of temporary differences between the tax bases and financial reporting bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. Deferred tax assets are reduced, if necessary, by the amount of any tax benefits that, based on available evidence, are not expected to be realized.

Self-Insured Liabilities

The Company is self insured on locate damage claims, workers compensation, auto insurance and healthcare. The Company is self insured on each claim, up to certain limits. The Company accrues for specific claims and an estimate of claims incurred but not reported. The amounts are accrued based on historical experience and specific analysis of the claims. The self-insured claim liability includes incurred but not reported losses of \$1,405,000 at September 30, 2003. The determination of such claims and expenses and the appropriateness of the related liability is periodically reviewed and updated. Because the company retains these risks, up to certain limits, a change in experience could materially affect results of operation in a particular period.

UtiliQuest Holdings Corp.

Notes To Consolidated Financial Statements (continued)
Nine Months Ended September 30, 2003 and September 30, 2002 (Unaudited)

Fair Value of Financial Instruments

The fair value of cash, accounts receivable and trade accounts payable and accrued expenses are not materially different than their carrying amounts as reported at September 30, 2003, due to the short-term

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

nature of those accounts. The September 30, 2003 debt balances under the credit facility approximate the fair value on the basis of the variable interest related to such debt.

Use of Estimates

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements

In May 2003, FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. This statement requires certain financial instruments that could previously be accounted for by issuers as equity be classified as liabilities or, in some cases, assets. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The Company does not have any financial instruments that are impacted by SFAS No. 150.

3. Acquisition

On September 17, 2002, the Company acquired 100 percent of the common stock of UGTI for approximately \$24 million in cash and notes, plus acquisition expenses of approximately \$1 million.. UGTI engages in performing underground locating services to major utility and telecommunication companies in California. This acquisition expands the Company's geographical presence within the western portion of the United States. The purchase price of \$24 million was paid as approximately \$17 million in cash and approximately \$7 million in notes payable to the seller. The purchase price was allocated to the assets and liabilities acquired using the estimated fair values at the date of acquisition, The excess of purchase price over the estimated fair value resulted in assigning approximately \$13 million to goodwill and \$6.1 million to an intangible asset - customer relationships. The Company engaged the assistance of an independent valuation company which employed the use of the capitalized free cash flow methodology to determine the basis of allocation. This methodology determines the fair value of a reporting unit's assets by analyzing the free cash flows that the business can generate, and making a determination of what an investor would be willing to pay for this cash flow stream, given its overall risk and anticipated growth. Goodwill and intangible assets acquired in this transaction are not tax deductible.

The Company also acquired \$4.9 million of cash classified as current assets below. The operating results of UGTI are included in the accompanying consolidated financial statements from September 17, 2002.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at September 17, 2002:

Current assets	\$10,735,000
Property, plant and equipment	1,728,000
Intangible assets	6,100,000
Goodwill	13,042,000

Total assets acquired	31,605,000

Current liabilities	7,302,000
Long-term liabilities	478,000
Notes payable	6,600,000

Total liabilities assumed	14,380,000

Net assets acquired	\$17,225,000
	=====

The notes issued to the sellers in conjunction with the acquisition are deferred payments that mitigate the Company's exposures to potential liabilities related to unrecorded locate damage claims at the date of the sale and certain potential tax liabilities. To the extent the liabilities are discovered within the contracted time period, the face amount of the notes will be reduced by the amounts paid by the Company on the potential liabilities. The notes are comprised of Promissory Note A and Promissory Note B. Promissory Note A is a three year note with a principal of \$3,000,000 and bears interest at 6 percent, payable semi-annually on March 31 and September 30. Promissory Note B is a seven year note with a principal of \$3,600,000 and bears interest at 6 percent, payable semi-annually on March 31 and September 30.

See Note 11 for further discussion on the settlement of Promissory Note A.

4. Property and Equipment

Property and equipment consisted of the following at September 30, 2003:

	Owned	Capital Leases
	-----	-----
Vehicles and automotive equipment	\$ 3,306,000	\$ 14,433,000
Locate and field equipment	4,583,000	19,000
Computer hardware and software	2,487,000	3,363,000
Furniture and fixtures	546,000	185,000
Leasehold improvements	153,000	-
	-----	-----
	11,075,000	18,000,000
Less accumulated depreciation and amortization	5,767,000	6,720,000
	-----	-----
	\$ 5,308,000	\$ 11,280,000
	=====	=====

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Depreciation and amortization expense was approximately \$6,261,000 and \$4,731,000 for the nine months ended September 30, 2003 and 2002, respectively. Maintenance and repairs of property and equipment was approximately \$1,878,000 and \$1,314,000 for the nine months ended September 30, 2003 and 2002, respectively. The net book value of computer software at September 30, 2003 was \$756,000.

30

UtiliQuest Holdings Corp.
Notes To Consolidated Financial Statements (continued)
Nine Months Ended September 30, 2003 and September 30, 2002 (Unaudited)

5. Intangible Assets

Intangible assets at September 30, 2003 consist of the following:

Carrying Amount	Estimated Useful Lives
Customer contracts and related customer relationships	15 years
Debt issuance costs	5 years
Accumulated amortization	
Customer contracts and related customer relationships	
Debt issuance costs	

Amortization expense was \$989,000 and \$699,000 for the nine months ended September 30, 2003 and 2002, respectively.

Estimated amortization expense at September 30, 2003, for 2003 and each of the five succeeding fiscal years, is as follows:

2003	\$ 990,000
2004	1,440,000
2005	1,440,000
2006	1,440,000
2007	1,328,000
2008	1,200,000

	\$ 7,838,000
	=====

6. Goodwill

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

A summary of changes in the Company's goodwill during the nine months ended September 30, 2003 is as follows:

	Goodwill
Balance, January 1, 2003	\$ 40,631,000
Post acquisition settlement	11,000

Balance, September 30, 2003	\$ 40,642,000
	=====

Post Acquisition Settlement

In connection with the UGTI acquisition (Note 3), the Company recorded additional acquisition charges of \$11,000 during 2003.

Goodwill Impairment

Under SFAS 142, goodwill and intangible assets with indefinite useful lives are not amortized but instead are reviewed for impairment at least annually and written down only in periods in which it is determined that the fair value is less than the recorded value. SFAS 142 also requires the transitional impairment review for goodwill, as well as an annual impairment review, to be performed on a reporting unit basis.

31

UtiliQuest Holdings Corp.

Notes To Consolidated Financial Statements (continued)
 Nine Months Ended September 30, 2003 and September 30, 2002 (Unaudited)

7. Accrued Expenses

Accrued expenses consisted of the following at September 30, 2003:

	2003
Locate damage claims	\$ 8,956,000
Accrued payroll and related	4,408,000
Healthcare claims	675,000
Other accrued liabilities	2,517,000

	\$ 16,556,000
	=====

The Company is self insured for the first \$250,000 of claims on locate damages. The locate damages represent claims for harm to property, persons or job overruns (time and material overruns). The Company's customer or their representative reports damages, which are investigated and assessed by the Company. The potential claim is estimated and developed by the Company based on facts, circumstances and historical evidence.

Due to the significance of the self insured portions of the Company's insurance claims, the insurer has custody of \$4,295,000 in cash deposits at September 30, 2003. The amount is reported as restricted cash in the accompanying consolidated balance sheet.

8. Revolving Credit Line and Long-Term Debt

On December 6, 2002, the Company entered into a revolving credit

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

facility and term loan agreement ("Credit Agreement"). The proceeds from the new agreement were used to repay the previous revolving credit line, term loan and security agreement. The Company recorded expense of \$712,000 for the remaining deferred financing costs associated with the previous debt agreement during 2002. At September 30, 2003, long-term debt consists of approximately \$6.6 million in notes payable (Note 3) and a term loan of \$18.5 million.

Revolving Credit Line

The Revolving Credit Line accrues interest at a rate equal to Prime plus 1.50 percent, or 5.50 percent at September 30, 2003. The Revolving Credit Line matures on December 6, 2007. The maximum amount allowed for borrowing under the Revolving Credit Line is the lesser of (i) \$16,000,000 less any outstanding letter of credit arrangements or (ii) 90 percent of eligible accounts receivables plus the preset amortized advance amount, referred to as total availability. The Company had an available borrowing base of \$10,419,000 under the revolving credit facility, of which \$5,422,000 was used, at September 30, 2003, based on the lending formula.

Term Loan

Principal payments are due quarterly, beginning in April 2003 and interest payments on the Term Loan are due monthly, beginning January 2003, until January 2008. The Term Loan accrues interest at a rate equal to Prime plus 4.25 percent, or 8.25 percent at September 30, 2003. The Company deferred approximately \$965,000 of fees related to the credit agreement, which are being amortized over its five-year term. The Company is required to pay an annual nonutilization fee equal to one percent of the unused portion of the credit capacity.

The credit agreement is collateralized by substantially all of the Company's assets. The credit agreement contains certain covenants, which are financial and nonfinancial in nature. The credit agreement imposes certain conditions including restricting the Company's ability to encumber assets or incur certain types of indebtedness and maintaining a leverage ratio of not greater than 3.25, as measured at the end of each fiscal quarter. The Company was in compliance with all financial covenants and conditions under the credit agreement at September 30, 2003.

9. Commitments and Contingencies

Litigation

The Company is involved in various claims and lawsuits, which arise in the normal course of its business. These claims and lawsuits have arisen as a result of equal employment opportunity ("EEOC") cases, locate damage, workers' compensation and auto claims (Note 7). The Company estimates an accrual for settlement of damages incurred in providing services to its customers and has accrued for any exposure in the accompanying consolidated financial statements. The Company has sought legal consultation and believes that the ultimate liability related to such claims and lawsuits will not have a material adverse effect on the Company's consolidated financial position or results of operations.

10. Related-Party Transactions

The Company paid \$8,000 and \$49,000 for the nine months ended September 30, 2003 and 2002, respectively, for out-of-pocket cost to the Company's largest shareholder.

The Company has an agreement to pay its largest shareholder \$21,000 per month in management fees. The Company has accrued approximately \$189,000 for the nine months ended September 30, 2003. As of September 30, 2003, \$521,000 of these amounts remain unpaid.

In conjunction with the UGTI acquisition, the OCMIGFI Power Opportunities Fund L.P. provided short term financing to UtiliQuest Holdings for the purchase of 100 percent of the UGTI stock. The financing was executed through a capital contribution of approximately \$5,462,000 and a short term loan for \$12,000,000. The short term loan was repaid upon the closing of the Company's new Credit Agreement on December 6, 2002.

11. Subsequent Event

On November 26, 2003, the Company entered into a settlement agreement with the seller that renegotiated Promissory Note A. In exchange for an immediate payment of \$2,000,000 on Promissory Note A, the seller would be released from claims arising out of potential liabilities incurred prior to September 17, 2002, the acquisition date. The Company received a release from the remaining obligation of Promissory Note A and any accrued interest on Promissory Note A.

Effective December 3, 2003, the Company was acquired by Dycom Industries, Inc. for an aggregate payment of approximately \$120 million in cash, including the payout of all stock options for approximately \$2.5 million.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Merger, dated as of November 17, 2003, among Dycom, UtiliQuest Acquisition Corp., UtiliQuest and OCM/GFI Power Opportunities Fund, L.P., Dycom acquired UtiliQuest for approximately \$120 million in cash.

On November 25, 2003, pursuant to the term of the Asset Purchase Agreement, dated as of November 5, 2003, between Dycom and First South Utility Construction, Inc., a North Carolina corporation ("First South"), Dycom acquired substantially all of the assets of First South and assumed certain liabilities associated with these assets, for approximately \$50 million in cash and 175,840 shares of Dycom's common stock. In conjunction with the acquisition, Dycom also paid approximately \$9 million for excess working capital consisting primarily of accounts receivable and unbilled revenue. Dycom deposited approximately \$6.4 million of such amount in escrow, to be returned to Dycom to the extent such amounts remain outstanding on April 15, 2004. Dycom paid the purchase price from cash on hand. The acquisition of First South, previously filed on February 9, 2004 as an 8-K required disclosure, is also included herein to reflect the pro forma financial statements of both acquisitions.

The following unaudited pro forma condensed combined financial information present the effect of the acquisition of UtiliQuest and First South by Dycom, in each case accounted for as a purchase. The unaudited pro forma condensed combined balance sheet presents the combined financial position of Dycom, UtiliQuest and First South as of October 25, 2003 assuming that the acquisition had occurred as of that date. Such pro forma information is based upon the historical consolidated balance sheet data of Dycom as of October 25, 2003, UtiliQuest as of September 30, 2003 and First South as of September 26, 2003. The unaudited pro forma condensed combined statements of operations for the year ended July 26, 2003 and three-month period ended October 25, 2003 give effect to the acquisition of UtiliQuest and First South by Dycom as if such acquisitions had occurred on July 28, 2002, the first day of Dycom's fiscal year 2003. Pro forma operations for the year end and three month periods for Dycom consist of its results of operations for the year ended July 26, 2003 and three months ended October 25, 2003, respectively. Pro forma operations for the twelve-month and three-month periods for UtiliQuest consist of its results of operations for the twelve months ended June 30, 2003 and three months ended September 30, 2003, respectively. Pro forma operations for the twelve-month and three-month periods for First South consist of its results of operations for the twelve months ended June 28, 2003 and three months ended September 27, 2003, respectively. The use of different closing dates is based on each entity having different fiscal year ends.

The unaudited pro forma condensed combined financial statements are based on the estimates and assumptions set forth in the notes to such statements. The pro forma adjustments are preliminary and have been made solely for purposes of developing such pro forma statements. The unaudited pro forma condensed combined financial statements are not necessarily an indication of the result that would have been achieved had the transaction been consummated as of the dates indicated or that may be achieved in the future.

Dycom Industries, Inc.
Notes To Unaudited Pro Forma Condensed Combined Financial Statements

STATEMENTS

1. BASIS OF PRESENTATION

On November 17, 2003, Dycom entered into a definitive merger agreement with UtiliQuest Holdings Corp. pursuant to which Dycom would acquire UtiliQuest. The acquisition of UtiliQuest is to be accounted for under the purchase method of accounting. Accordingly, the purchase price will be allocated to the tangible and intangible assets acquired and the liabilities assumed on the basis of their respective fair values on the acquisition date. The purchase price of the UtiliQuest acquisition was approximately \$115.7 million in cash. Estimated direct transaction costs of Dycom consist primarily of fees for attorneys, accountants and SEC filing fees.

The purchase price is derived as follows:

		(in thousands)
Cash paid	\$	115,110
Transaction costs		587

	\$	115,697
		=====

The purchase price is derived as follows:

ASSETS		(in thousands)
Cash and equivalents	\$	1,540
Accounts receivable, net		16,115
Deferred tax asset, net		3,449
Other current assets		3,351
Property and equipment		16,689
Goodwill		77,293
Intangibles - Customer Relationships		28,000
Other intangibles, net		4,870
Other assets		4,986

Total assets		156,293

LIABILITIES		
Accounts payable		3,320
Capitalizable leases - short term		4,547
Accrued self-insured claims		3,508
Other accrued liabilities		16,507
Capitalizable leases - long term		6,114
Notes Payable - long term		6,600

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Total liabilities	40,596

Net assets acquired	\$ 115,697
	=====

39

Dycom Industries, Inc.

Notes to Unaudited Pro Forma Condensed Combined Financial Statements (continued)

The above purchase price allocations are based on Dycom management's best estimate of the fair values of the acquired assets and assumed liabilities. However, this allocation is preliminary. The final determination of the allocation of purchase price will be determined based on the fair value of assets acquired and the fair value of liabilities assumed as of the acquisition date. The purchase price allocations will remain preliminary until Dycom is able to (a) complete a valuation of property, plant and equipment acquired and (b) evaluate the fair value of other assets, including intangibles and liabilities acquired. The final determination of the purchase price is expected to be completed by the end of Dycom's fiscal year ending July 31, 2004. Although Dycom does not believe that the actual amounts allocated to assets and liabilities will differ materially from the preliminary allocation presented in the unaudited pro forma condensed combined financial statements there can be no assurances that such actual amounts will not be materially different.

2. PRO FORMA ADJUSTMENTS

UNAUDITED PRO FORMA CONDENSED COMBINED STATEMENTS OF OPERATIONS

The following adjustments are reflected in the pro forma condensed combined statements of operations to reflect the estimated impact of the merger on the historical combined results of Dycom, First South and UtiliQuest.

FIRST SOUTH:

- (a) To remove historical depreciation and amortization.
- (b) To adjust for pro forma depreciation and amortization expense of acquired property, plant and equipment and the identifiable intangibles. The expected useful lives of these assets, valued at fair market value, depreciate/amortize on a straight-line basis as follows:

	Estimated Useful Life/years	Annual Expense	Quarterly Expense
Buildings	25	\$25,365	\$6,341
Equipment and machinery/vehicles	3-5	1,634,853	408,713

		1,660,218	415,054

Tradenname	5	130,000	32,500
Covenant not to complete	5	160,000	40,000

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Contracts	15	86,667	21,667
		-----	-----
		376,667	94,167
		-----	-----
Total pro forma depreciation and amortization		\$2,036,885	\$509,221
		=====	=====

- (c) To eliminate historical interest expense related to First South's debt as none of these liabilities were assumed by Dycom.
- (d) To reflect reduced interest income related to the cash used by Dycom to fund the acquisition. If interest rates were to increase or decrease by 1/8% pro forma income before taxes would change by approximately \$76,000 for the year ended July 26, 2003 and \$19,000 for the three months ended October 25, 2003.
- (e) To record income tax expense on First South. Prior to the acquisition by Dycom, First South elected under Subchapter S of the Internal Revenue Code to have the stockholders recognize their proportionate share of First South's taxable income on their personal tax returns in lieu of paying corporate income taxes.
- (f) To record tax expense on pro forma adjustments using Dycom's statutory rate of 40.0% for the twelve months ended July 26, 2003 and 39.4% for the three months ended October 25, 2003.

40

Dycom Industries, Inc.

Notes to Unaudited Pro Forma Condensed Combined Financial Statements (continued)

- (g) Reflects an additional 175,840 Dycom shares issued as part of the purchase of First South.

UTILIQUEST:

- (h) To decrease non-utilization bank fees in accordance with Dycom's credit agreement due to increased borrowings of \$85 million.
- (i) To remove historical depreciation and amortization.
- (j) To record depreciation and amortization expense for acquired property, plant and equipment and the identifiable intangibles based on the allocated purchase price. The expected useful lives of these assets, at fair market value, depreciate/amortize on a straight-line basis as follows:

	Estimated Useful Life/years	Annual Expense	Qua Ex
	-----	-----	-----
Leasehold equipment and improvements	1 - 4	\$ 76,488	\$

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

Equipment and machinery/vehicles	1 - 4	9,077,844	2,
		-----	-----
		9,154,332	2,
		-----	-----
Tradenname	not applicable	-	
Tradenname - Underground Technology	3	56,667	
Customer Relationships	15	1,866,667	
		-----	-----
		1,923,334	
		-----	-----
Total pro forma depreciation and amortization		\$11,077,666	\$2,
		=====	=====

- (k) To eliminate interest expense related to UtiliQuest's debt that was repaid by Dycom at acquisition. Also eliminated was \$569,567 of deferred financing costs related to UtiliQuest's debt agreement that was expense when that agreement was replaced in December 2002 with a new credit agreement. Interest expense remaining for UtiliQuest primarily relates to debt assumed upon acquisition for capitalized leases and a \$3.6 million promissory note.
- (l) To reflect reduced interest income from lower cash balances as a result of cash used by Dycom to fund the acquisition and increased interest expense as a result of Dycom borrowing \$85.0 million under its credit agreement to finance the acquisition. The acquisition debt carries an interest rate based on LIBOR and pro forma interest rates used were 2.43% on the first \$45 million tier and 2.53% on the remaining \$40 million tier. If interest rates were to increase or decrease by 1/8% pro forma income before taxes would change by approximately \$144,000 for the year ended July 26, 2003 and \$36,000 for the three months ended October 25, 2003, reflecting the related impact on interest income and interest expense.
- (m) To record tax expense related to pro forma adjustments using Dycom's statutory rate of 40.0% for the twelve months ended July 26, 2003 and 39.4% for the three months ended October 25, 2003.

41

Dycom Industries, Inc.
Unaudited Pro Forma Condensed Combined Balance Sheet

The following adjustments in the unaudited pro forma condensed combined balance sheet reflect the estimated impact of events that are directly attributable to Dycom's acquisition of certain assets and assumption of certain liabilities related to those net assets of First South and the acquisition of UtiliQuest.

FIRST SOUTH:

- (a) To record the estimated cash portion of the purchase price.

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

- (b) To eliminate assets not purchased and liabilities not assumed by Dycom.
- (c) To adjust for certain accounts receivable not purchased by Dycom.

Related party account receivables	\$7,689,208
Miscellaneous receivables	61,170
Selected customer receivables	1,570,148

	\$9,320,526
	=====

- (d) To record fair market value of property, plant and equipment acquired, as below:

Historical net book value of property	\$11,010,408
Eliminate net book value of property not purchased	(708,517)

Net book value of property acquired	10,301,891
Estimated fair market value of property acquired	7,511,206

	\$(2,790,685)
	=====

The expected useful lives of these assets valued at fair market value depreciated on a straight-line basis is as follows:

	Number of Years

Buildings	25
Vehicles	3-5
Equipment and machinery	3-5

- (e) To eliminate First South's historical goodwill and intangibles.
- (f) To record \$41.9 million as goodwill representing the excess of the amount paid over the fair market value of the assets acquired, including the identifiable intangible assets, and the liabilities assumed.
- (g) To record identifiable intangibles arising from the transactions. These assets are amortized on a straight-line basis over their useful lives and consist of the following:

		Estimated Useful Life

Tradenname	\$650,000	5 years
Covenant not to compete	800,000	5 years
Contracts	1,300,000	15 years

	\$2,750,000	
	=====	

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

- (h) To adjust for certain accounts payable not purchased by Dycom described as follows:

Related party account payable	\$1,559,000
Miscellaneous payables	1,200,000

	\$2,759,000
	=====

- (i) To eliminate First South's common stock, additional paid-in capital and retained earnings.

- (j) To record the issuance of Dycom's common stock as part of the purchase price.

UTILIQUEST:

- (k) To record net cash portion of the purchase price calculated as follows:

Total estimated purchase price	\$115,696,566
Borrowings (see note s)	(85,000,000)

Net cash outlay	\$ 30,696,566
	=====

- (l) To record fair market value of property, plant and equipment acquired, as below:

Estimated fair market value of property acquired	\$ 16,689,041
Net book value of property acquired	16,588,122

	\$ 100,919

The expected useful lives of these assets valued at fair market value depreciated on a straight-line basis is as follows:

	Number of Years

Leasehold equipment and improvements	1-4
Equipment and machinery	1-4

- (m) To eliminate UtiliQuest's goodwill and other intangible assets.
- (n) To record \$77.3 million as goodwill representing the excess of the amount paid for over fair market value of the assets acquired, including the identifiable intangible assets and the liabilities assumed.
- (o) To record identifiable intangibles arising from the transaction. These assets are amortized on a straight-line basis over their useful lives and consist of the following:

		Estimated Useful Life

Tradename	\$4,700,000	Not applicable
Tradename - Underground Technology	170,000	3 years
Customer Relationships	28,000,000	15 years

Edgar Filing: DYCOM INDUSTRIES INC - Form 8-K/A

\$32,870,000
 =====

43

- (p) To record deferred taxes attributable to the tax effect of pro forma adjustments.

Dycom Industries, Inc.
 Unaudited Pro Forma Condensed Combined Balance Sheet (continued)

- (q) To eliminate UtiliQuest debt paid off upon acquisition as follows:

	Historical September 30, 2003	Pro Forma payoff amount at acquisition
	-----	-----
Capital lease obligation - short term	\$4,547,113	\$ -
Revolver debt	5,422,430	5,422,430
Current portion of long-term debt	2,500,000	2,500,000
	-----	-----
	\$12,469,543	\$ 7,922,430
	=====	=====
Capital lease obligation - long term	\$6,114,310	\$ -
Revolver debt	16,000,000	16,000,000
Other long-term debt	6,600,000	-
	-----	-----
	\$28,714,310	\$16,000,000
	=====	=====

- (r) To eliminate interest paid off related to payoff of the UtiliQuest debt.
- (s) To record the issuance of \$85.0 million debt issued under Dycom's Credit Agreement used to finance the acquisition of UtiliQuest.
- (t) To eliminate UtiliQuest's common stock, additional paid-in capital and retained earnings.
