\$ Capped Buffered Underlying Securities (BUyS) Linked to the iShares® MSCI EAFE ETF due November 17, 2016

General

• The Capped Buffered Underlying Securities (BUyS) Linked to the iShares® MSCI EAFE ETF due November 17, 2016 (the “BUyS”) are designed for investors who seek a return at maturity linked to the performance of the iShares® MSCI EAFE ETF (the “Underlying”), up to the Maximum Return of between 14.00% and 18.00% (to be determined on the Trade Date). If the Final Price is less than the Initial Price by an amount not greater than the Buffer Amount of 15.00%, investors will receive at maturity the Face Amount per \$1,000 Face Amount of BUyS. However, if the Final Price is less than the Initial Price by an amount greater than the Buffer Amount of 15.00%, for each \$1,000 Face Amount of BUyS, investors will lose 1.00% of the Face Amount for every 1.00% by which the Final Price is less than the Initial Price by an amount greater than the Buffer Amount. The BUyS do not pay any coupons or dividends and investors should be willing to lose some and possibly up to 85.00% of their initial investment if the Final Price is less than the Initial Price by an amount greater than the Buffer Amount. Any payment on the BUyS is subject to the credit of the Issuer.

- Senior unsecured obligations of Deutsche Bank AG due November 17, 2016

• Minimum purchase of \$1,000. Minimum denominations of \$1,000 (the “Face Amount”) and integral multiples thereof.
• The BUyS are expected to price on or about April 13, 2015 (the “Trade Date”) and are expected to settle on or about April 16, 2015 (the “Settlement Date”).

Key Terms

Issuer: Deutsche Bank AG, London Branch

Underlying: iShares® MSCI EAFE ETF (Ticker: EFA)

Issue Price: 100% of the Face Amount

Payment at Maturity: • If the Final Price is greater than or equal to the Initial Price, you will receive a cash payment at maturity per \$1,000 Face Amount of BUyS calculated as follows:

$$\$1,000 + (\$1,000 \times \text{the lesser of (i) Underlying Return and (ii) Maximum Return})$$

• If the Final Price is less than the Initial Price by an amount not greater than the Buffer Amount, you will receive a cash payment at maturity equal to the Face Amount per \$1,000 Face Amount of BUyS.

• If the Final Price is less than the Initial Price by an amount greater than the Buffer Amount, you will receive a cash payment at maturity per \$1,000 Face Amount of BUyS calculated as follows:

$$\$1,000 + [\$1,000 \times (\text{Underlying Return} + \text{Buffer Amount})]$$

If the Final Price is less than the Initial Price by an amount greater than the Buffer Amount, for each \$1,000 Face Amount of BUyS, you will lose 1.00% of the Face Amount for every

1.00% by which the Final Price is less than the Initial Price by an amount greater than the Buffer Amount. In this circumstance, you will lose some and possibly up to 85.00% of your initial investment. Any payment at maturity is subject to the credit of the Issuer.

(Key Terms continued on next page)

Investing in the BUyS involves a number of risks. See “Risk Factors” beginning on page 2 of the accompanying prospectus addendum, “Risk Factors” beginning on page 7 of the accompanying product supplement and “Selected Risk Considerations” beginning on page TS-8 of this term sheet.

The Issuer’s estimated value of the BUyS on the Trade Date is approximately \$963.70 to \$983.70 per \$1,000 Face Amount of BUyS, which is less than the Issue Price. Please see “Issuer’s Estimated Value of the BUyS” on page TS-3 of this term sheet for additional information.

By acquiring the BUyS, you will be bound by, and deemed to consent to, the imposition of any Resolution Measure (as defined below) by our competent resolution authority, which may include the write down of all, or a portion, of any payment on the BUyS. If any Resolution Measure becomes applicable to us, you may lose some or all of your investment in the BUyS. Please see “Resolution Measures” on page TS-4 of this term sheet for more information.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the BUyS or passed upon the accuracy or the adequacy of this term sheet or the accompanying underlying supplement, product supplement, prospectus supplement, prospectus or prospectus addendum. Any representation to the contrary is a criminal offense.

2 In the event that we make any change to the expected Trade Date or Settlement Date, the Final Valuation Date and Maturity Date may be changed so that the stated term of the BUyS remains the same.

Issuer's Estimated Value of the BUyS

The Issuer's estimated value of the BUyS is equal to the sum of our valuations of the following two components of the BUyS: (i) a bond and (ii) an embedded derivative(s). The value of the bond component of the BUyS is calculated based on the present value of the stream of cash payments associated with a conventional bond with a principal amount equal to the Face Amount of BUyS, discounted at an internal funding rate, which is determined primarily based on our market-based yield curve, adjusted to account for our funding needs and objectives for the period matching the term of the BUyS. The internal funding rate is typically lower than the rate we would pay when we issue conventional debt securities on equivalent terms. This difference in funding rate, as well as the agent's commissions, if any, and the estimated cost of hedging our obligations under the BUyS, reduces the economic terms of the BUyS to you and is expected to adversely affect the price at which you may be able to sell the BUyS in any secondary market. The value of the embedded derivative(s) is calculated based on our internal pricing models using relevant parameter inputs such as expected interest and dividend rates and mid-market levels of price and volatility of the assets underlying the BUyS or any futures, options or swaps related to such underlying assets. Our internal pricing models are proprietary and rely in part on certain assumptions about future events, which may prove to be incorrect.

The Issuer's estimated value of the BUyS on the Trade Date (as disclosed on the cover of this term sheet) is less than the Issue Price of the BUyS. The difference between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date is due to the inclusion in the Issue Price of the agent's commissions, if any, and the cost of hedging our obligations under the BUyS through one or more of our affiliates. Such hedging cost includes our or our affiliates' expected cost of providing such hedge, as well as the profit we or our affiliates expect to realize in consideration for assuming the risks inherent in providing such hedge.

The Issuer's estimated value of the BUyS on the Trade Date does not represent the price at which we or any of our affiliates would be willing to purchase your BUyS in the secondary market at any time. Assuming no changes in market conditions or our creditworthiness and other relevant factors, the price, if any, at which we or our affiliates would be willing to purchase the BUyS from you in secondary market transactions, if at all, would generally be lower than both the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date. Our purchase price, if any, in secondary market transactions will be based on the estimated value of the BUyS determined by reference to (i) the then-prevailing internal funding rate (adjusted by a spread) or another appropriate measure of our cost of funds and (ii) our pricing models at that time, less a bid spread determined after taking into account the size of the repurchase, the nature of the assets underlying the BUyS and then-prevailing market conditions. The price we report to financial reporting services and to distributors of our BUyS for use on customer account statements would generally be determined on the same basis. However, during the period of approximately three months beginning from the Trade Date, we or our affiliates may, in our sole discretion, increase the purchase price determined as described above by an amount equal to the declining differential between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date, prorated over such period on a straight-line basis, for transactions that are individually and in the aggregate of the expected size for ordinary secondary market repurchases.

Resolution Measures

On May 15, 2014, the European Parliament and the Council of the European Union published a directive for establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the “Bank Recovery and Resolution Directive”). The Bank Recovery and Resolution Directive requires each member state of the European Union to adopt and publish by December 31, 2014 the laws, regulations and administrative provisions necessary to comply with the Bank Recovery and Resolution Directive. Germany has adopted the Recovery and Resolution Act (Sanierungs- und Abwicklungsgesetz, or “SAG”), which went into effect on January 1, 2015. SAG may result in the BUyS being subject to any Resolution Measure by our competent resolution authority if we become, or are deemed by our competent supervisory authority to have become, “non-viable” (as defined under the then applicable law) and are unable to continue our regulated banking activities without a Resolution Measure becoming applicable to us. By acquiring the BUyS, you will be bound by and deemed to consent to the provisions set forth in the accompanying prospectus addendum, which we have summarized below.

By acquiring the BUyS, you will be bound by and will be deemed to consent to the imposition of any Resolution Measure by our competent resolution authority. Under the relevant resolution laws and regulations as applicable to us from time to time, the BUyS may be subject to the powers exercised by our competent resolution authority to: (i) write down, including to zero, any payment (or delivery obligations) on the BUyS; (ii) convert the BUyS into ordinary shares or other instruments qualifying as core equity tier 1 capital; and/or (iii) apply any other resolution measure, including (but not limited to) any transfer of the BUyS to another entity, the amendment of the terms and conditions of the BUyS or the cancellation of the BUyS. We refer to each of these measures as a “Resolution Measure.”

Furthermore, by acquiring the BUyS, you:

- are deemed irrevocably to have agreed, and you will agree: (i) to be bound by any Resolution Measure; (ii) that you will have no claim or other right against us arising out of any Resolution Measure; and (iii) that the imposition of any Resolution Measure will not constitute a default or an event of default under the BUyS, under the senior indenture dated November 22, 2006 among us, Law Debenture Trust Company of New York, as trustee, and Deutsche Bank Trust Company Americas, as issuing agent, paying agent, authenticating agent and registrar, as amended and supplemented from time to time (the “Indenture”), or for the purpose of the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”);

- waive, to the fullest extent permitted by the Trust Indenture Act and applicable law, any and all claims against the trustee and the paying agent for, agree not to initiate a suit against the trustee and the paying agent in respect of, and agree that neither the trustee nor the paying agent will be liable for, any action that the trustee or the paying agent takes, or abstains from taking, in either case in accordance with the imposition of a Resolution Measure by our competent resolution authority with respect to the BUyS; and

- will be deemed irrevocably to have (i) consented to the imposition of any Resolution Measure as it may be imposed without any prior notice by the competent resolution authority of its decision to exercise such power with respect to the BUyS and (ii) authorized, directed and requested The Depository Trust Company (“DTC”) and any participant in DTC or other intermediary through which you hold such BUyS to take any and all necessary action, if required, to implement the imposition of any Resolution Measure with respect to the BUyS as it may be imposed, without any further action or direction on your part or on the part of the trustee, paying agent, issuing agent, authenticating agent, registrar or calculation agent.

This is only a summary, for more information please see the accompanying prospectus addendum dated December 24, 2014, including the risk factor “The securities may be written down, be converted or become subject to other resolution

measures. You may lose part or all of your investment if any such measure becomes applicable to us” on page 2 of the prospectus addendum.

Our Central Index Key, or CIK, on the SEC website is 0001159508. As used in this term sheet, “we,” “us” or “our” refers to Deutsche Bank AG, including, as the context requires, acting through one of its branches.

The trustee has appointed Deutsche Bank Trust Company Americas as its authenticating agent with respect to our Series A global notes.

This term sheet, together with the documents listed above, contains the terms of the BUyS and supersedes all other prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in this term sheet and in “Risk Factors” in the accompanying product supplement and prospectus addendum, as the BUyS involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisers before deciding to invest in the BUyS.

Deutsche Bank AG has filed a registration statement (including a prospectus) with the Securities and Exchange Commission for the offering to which this term sheet relates. Before you invest, you should read the prospectus in that registration statement and the other documents relating to this offering that Deutsche Bank AG has filed with the SEC for more complete information about Deutsche Bank AG and this offering. You may obtain these documents without cost by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, Deutsche Bank AG, any agent or any dealer participating in this offering will arrange to send you the prospectus, prospectus addendum, prospectus supplement, product supplement, underlying supplement and this term sheet if you so request by calling toll-free 1-800-311-4409.

You may revoke your offer to purchase the BUyS at any time prior to the time at which we accept such offer by notifying the applicable agent. We reserve the right to change the terms of, or reject any offer to purchase, the BUyS prior to their issuance. We will notify you in the event of any changes to the terms of the BUyS, and you will be asked to accept such changes in connection with your purchase of any BUyS. You may also choose to reject such changes, in which case we may reject your offer to purchase the BUyS.

What Is the Payment at Maturity on the BUyS, Assuming a Range of Hypothetical Performances for the Underlying?

The table below illustrates the Payment at Maturity per \$1,000 Face Amount of BUyS for a hypothetical range of performances for the Underlying from -100.00% to +100.00%. The table below assumes a Maximum Return of 16.00% (the midpoint of the range of 14.00% and 18.00%) and reflects the Buffer Amount of 15.00%. The actual Maximum Return and Initial Price will be determined on the Trade Date. The following results are based solely on the hypothetical examples cited. You should consider carefully whether the BUyS are suitable to your investment goals. The numbers appearing in the table and examples below may have been rounded for ease of analysis.

Underlying Return (%)	Payment at Maturity (\$)	Return on BUyS (%)
100.00%	\$1,160.00	16.00%
75.00%	\$1,160.00	16.00%

-100.00%	\$150.00	-85.00%

Hypothetical Examples of Amounts Payable at Maturity

The following hypothetical examples illustrate how the Payments at Maturity set forth in the table above are calculated.

Example 1: The Final Price is greater than the Initial Price, resulting in an Underlying Return of 5.00%. Because the Final Price is greater than the Initial Price and the Underlying Return is less than the Maximum Return, the investor receives a Payment at Maturity of \$1,050.00 per \$1,000 Face Amount of BUyS, calculated as follows:

$$\begin{aligned} & \$1,000 + (\$1,000 \times \text{the lesser of (i) Underlying Return and (ii) Maximum Return}) \\ & \qquad \qquad \qquad \$1,000 + (\$1,000 \times 5.00\%) = \$1,050.00 \end{aligned}$$

Example 2: The Final Price is greater than the Initial Price, resulting in an Underlying Return of 20.00%. Because the

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form FWP

Final Price is greater than the Initial Price and the Underlying Return is greater than the Maximum Return, the investor receives a Payment at Maturity of \$1,160.00 per \$1,000 Face Amount of BUyS, the maximum payment on the BUyS, calculated as follows:

$$\begin{aligned} & \$1,000 + (\$1,000 \times \text{the lesser of (i) Underlying Return and (ii) Maximum Return}) \\ & \qquad \qquad \qquad \$1,000 + (\$1,000 \times 16.00\%) = \$1,160.00 \end{aligned}$$

Example 3: The Final Price is less than the Initial Price by an amount not greater than the Buffer Amount, resulting in an Underlying Return of -5.00%. Although the Final Price is less than the Initial Price, because the Final Price is less than the Initial Price by an amount not greater than the Buffer Amount, the investor receives a Payment at Maturity of \$1,000.00 per \$1,000 Face Amount of BUyS.

TS-6

Example 4: The Final Price is less than the Initial Price by an amount greater than the Buffer Amount, resulting in an Underlying Return of -50.00%. Because the Final Price is less than the Initial Price by an amount greater than the Buffer Amount, the investor receives a Payment at Maturity of \$650.00 per \$1,000 Face Amount of BUyS, calculated as follows:

$$\begin{aligned} & \$1,000 + [\$1,000 \times (\text{Underlying Return} + \text{Buffer Amount})] \\ & \$1,000 + [\$1,000 \times (-50.00\% + 15.00\%)] = \$650.00 \end{aligned}$$

Selected Purchase Considerations

- **CAPPED APPRECIATION POTENTIAL** — The BUyS provide upside exposure to any increase in the price of the Underlying up to the Maximum Return of between 14.00% and 18.00% (to be determined on the Trade Date). Consequently, the maximum Payment at Maturity will be between \$1,140.00 and \$1,180.00 for each \$1,000 Face Amount of BUyS you hold. Any payment on the BUyS is subject to our ability to satisfy our obligations as they become due.
- **LIMITED PROTECTION AGAINST LOSS** — Payment at maturity of the Face Amount per \$1,000 Face Amount of BUyS is protected against a percentage decline in the Final Price, as compared to the Initial Price, of up to the Buffer Amount. If such percentage decline is greater than the Buffer Amount of 15.00%, for each \$1,000 Face Amount of BUyS, you will lose 1.00% of the Face Amount for every 1.00% by which the Final Price is less than the Initial Price by an amount greater than the Buffer Amount. In this circumstance, you will lose some and possibly up to 85.00% of your investment in the BUyS.
- **RETURN LINKED TO THE PERFORMANCE OF THE ISHARES® MSCI EAFE ETF** — The return on the BUyS, which may be positive, zero or negative, is linked to the performance of the iShares® MSCI EAFE ETF. The iShares® MSCI EAFE ETF is an exchange-traded fund managed by iShares® Trust, a registered investment company. The iShares® Trust consists of numerous separate investment portfolios, including the iShares® MSCI EAFE ETF. The iShares® MSCI EAFE ETF seeks to provide investment results that correspond generally to the price and yield performance, before fees and expenses, of publicly traded securities in the European, Australasian and Far Eastern markets, as measured by the MSCI EAFE® Index (the “Tracked Index”). The iShares® MSCI EAFE ETF trades on NYSE Arca under the ticker symbol “EFA.” It is possible that the iShares® MSCI EAFE ETF may not fully replicate or may in certain circumstances diverge significantly from the performance of the Tracked Index due to the temporary unavailability of certain securities in the secondary markets, the performance of any derivative instruments contained in the iShares® MSCI EAFE ETF, the fees and expenses of the iShares® MSCI EAFE ETF or due to other circumstances. This section is only a summary of the iShares® MSCI EAFE ETF. For more information on the iShares® MSCI EAFE ETF, including information concerning calculation methodology and adjustment policy, please see the section entitled “Exchange Traded Funds – iShares® MSCI EAFE Index Fund” in the accompanying underlying supplement No. 1 dated October 1, 2012. For more information on the MSCI EAFE® Index, please see the section entitled “The MSCI Indices – The MSCI EAFE® Index” in the accompanying underlying supplement No. 1 dated October 1, 2012. On July 1, 2013, the iShares® MSCI EAFE Index Fund was renamed the iShares® MSCI EAFE ETF. All references to the iShares® MSCI EAFE Index Fund in the accompanying underlying supplement No. 1 dated October 1, 2012 are deemed to refer to the iShares® MSCI EAFE ETF.
- **TAX CONSEQUENCES** — In the opinion of our special tax counsel, Davis Polk & Wardwell LLP, which is based on prevailing market conditions, it is more likely than not that the BUyS will be treated for U.S. federal income tax purposes as prepaid financial contracts that are not debt. Generally, if this treatment is respected, (i) you should not recognize taxable income or loss prior to the taxable disposition of your BUyS (including at maturity) and (ii) subject to the potential application of the “constructive ownership” regime discussed below, the gain or loss on your

BUyS should be capital gain or loss and should be long-term capital gain or loss if you have held the BUyS for more than one year. The Internal Revenue Service (the “IRS”) or a court might not agree with this treatment, however, in which case the timing and character of income or loss on your BUyS could be materially and adversely affected.

Even if the treatment of the BUyS as prepaid financial contracts is respected, purchasing a BUyS could be treated as entering into a “constructive ownership transaction” within the meaning of Section 1260 of the Internal Revenue Code (“Section 1260”). In that case, all or a portion of any long-term capital gain you would otherwise recognize upon the taxable disposition of the BUyS would be recharacterized as ordinary income to the extent such gain exceeded the “net underlying long-term capital gain” as defined in Section 1260. Any long-term capital gain recharacterized as ordinary income would be treated as accruing at a constant rate over the period you held the BUyS, and you would be subject to a notional interest charge in respect of the

TS-7

deemed tax liability on the income treated as accruing in prior tax years. Due to the lack of direct legal authority, our special tax counsel is unable to opine as to whether or how Section 1260 applies to the BUyS.

In 2007, the U.S. Treasury Department and the IRS released a notice requesting comments on various issues regarding the U.S. federal income tax treatment of “prepaid forward contracts” and similar instruments. The notice focuses in particular on whether beneficial owners of these instruments should be required to accrue income over the term of their investment. It also asks for comments on a number of related topics, including the character of income or loss with respect to these instruments; the relevance of factors such as the nature of the underlying property to which the instruments are linked; the degree, if any, to which income (including any mandated accruals) realized by non-U.S. persons should be subject to withholding tax; and whether these instruments are or should be subject to the “constructive ownership” regime discussed above. While the notice requests comments on appropriate transition rules and effective dates, any Treasury regulations or other guidance promulgated after consideration of these issues could materially and adversely affect the tax consequences of an investment in the BUyS, possibly with retroactive effect.

You should review carefully the section of the accompanying product supplement entitled “U.S. Federal Income Tax Consequences.” The preceding discussion, when read in combination with that section, constitutes the full opinion of our special tax counsel regarding the material U.S. federal income tax consequences of owning and disposing of the BUyS.

Under current law, the United Kingdom will not impose withholding tax on payments made with respect to the BUyS.

For a discussion of certain German tax considerations relating to the BUyS, you should refer to the section in the accompanying prospectus supplement entitled “Taxation by Germany of Non-Resident Holders.”

You should consult your tax adviser regarding the U.S. federal tax consequences of an investment in the BUyS (including possible alternative treatments, the potential application of the “constructive ownership” regime and the issues presented by the 2007 notice), as well as tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Selected Risk Considerations

An investment in the BUyS involves significant risks. Investing in the BUyS is not equivalent to investing directly in the shares of the Underlying or any of the component securities held by the Underlying. In addition to these selected risk considerations, you should review the “Risk Factors” sections of the accompanying product supplement and prospectus addendum.
